## **Richardson Reports Record Fiscal Third Quarter Sales of \$127 Million, up 7.9% from the Prior Year**

**LaFox, IL, Tuesday March 23, 2004:** Richardson Electronics, Ltd. (NASDAQ: RELL) today reported results for the third quarter of fiscal 2004, which ended February 28, 2004. Sales in the third quarter of fiscal 2004 were \$127.3 million, an increase of 7.9% from the third quarter of fiscal 2003, which marked a record fiscal third quarter sales level for the Company. Net income was \$1.0 million, or \$0.07 per share, in the quarter compared to a net loss \$0.1 million, or \$0.01 per share, in the same quarter last year.

The Company recorded its seventh consecutive quarter of year over year sales growth. Sales in the Industrial Power Group increased 17.7% over the prior year period as strong demand continued for both power components and tube products. RF/Wireless Communications sales grew 8.7% primarily due to increased demand for network access, passive and interconnect products, particularly in Asia/Pacific. Sales in the Security Systems Division were up 8.9% over the prior year period led by strong growth in the United States and continued increases in Canada. Display Systems Group sales declined 6.8% mostly due to the timing of project-based business for custom displays.

For the quarter, the Company increased sales in all four geographic areas over the third quarter of fiscal 2003. Sales in Asia/Pacific and Europe grew 26% and 10%, respectively, as strong demand continued for wireless and industrial

power products in both areas. The Company's sales in Latin America and North America were up 8.6% and 2.3%, respectively, primarily due to increased demand for security system products in both of these geographic areas.

For the nine-month period ended February 28, 2004, sales increased 8.4% from the prior year period to \$374.7 million. Net income was \$3.6 million, or \$0.25 per share, in the nine months compared to \$1.1 million, or \$0.08 per share in the comparable period a year ago, before the cumulative effect of accounting change which affected the prior year period as noted in the financial tables at the end of this release.

"Through the first nine months of fiscal 2004, sales from all of our business units and geographic areas have increased over the prior year, providing solid sales and earnings growth momentum," said Edward J. Richardson, Chairman of the Board and Chief Executive Officer. "Bookings and backlog have continued to strengthen throughout this fiscal year and we believe will continue to provide opportunities for global growth driven by our engineered solutions strategy."
