Myers Industries, Inc. and Subsidiaries

Notes to Unaudited Condensed Consolidated Financial Statements

(Dollar amounts in thousands, except where otherwise indicated)

1. Statement of Accounting Policies

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements include the accounts of Myers Industries, Inc. and all wholly owned subsidiaries (collectively, the "Company"), and have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles have been condensed or omitted pursuant to those rules and regulations, although the Company believes that the disclosures are adequate to make the information not misleading. It is suggested that these financial statements be read in conjunction with the financial statements and notes thereto included in the Company's latest annual report on Form 10-K.

In the opinion of the Company, the accompanying financial statements contain all adjustments (consisting of only normal recurring accruals) necessary to present fairly the financial position as of June 30, 2013, and the results of operations and cash flows for the periods presented. The results of operations for the three and six months ended June 30, 2013 are not necessarily indicative of the results of operations that will occur for the year ending December 31, 2013.

Recent Accounting Pronouncements

In February 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2013-02, Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income requiring new disclosures regarding reclassification adjustments from accumulated other comprehensive income ("AOCI"). ASU No. 2013-02 requires disclosure of amounts reclassified out of AOCI in its entirety, by component, which the Company has elected to disclose in the notes (see below). We adopted this guidance effective January 1, 2013.

Translation of Foreign Currencies

All asset and liability accounts of consolidated foreign subsidiaries are translated at the current exchange rate as of the end of the accounting period and income statement items are translated monthly at an average currency exchange rate for the period. The resulting translation adjustment is recorded in other comprehensive income (loss) as a separate component of shareholders' equity.

Fair Value Measurement

The Company follows guidance included in ASC 820, Fair Value Measurements and Disclosures, for its financial assets and liabilities, as required. The guidance established a common definition for fair value to be applied to U.S. GAAP requiring the use of fair value, established a framework for measuring fair value, and expanded disclosure requirements about such fair value measurements. The guidance did not require any new fair value measurements, but rather applied to all other accounting pronouncements that require or permit fair value measurements. Under ASC 820, the hierarchy that prioritizes the inputs to valuation techniques used to measure fair value is divided into three levels:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Unadjusted quoted prices in active markets for similar assets or liabilities, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs that are observable either directly or indirectly.

Level 3: Unobservable inputs for which there is little or no market data or which reflect the entity's own assumptions. The fair value of the Company's cash, accounts receivable, accounts payable and accrued expenses are considered to have a fair value which approximates carrying value due to the nature and relative short maturity of these assets and

liabilities.

The fair value of debt under the Company's Credit Agreement approximates carrying value due to the floating rates and relative short maturity (less than 90 days) of the revolving borrowings under this agreement. The fair value of the Company's \$35.0 million fixed rate senior notes was estimated at \$35.9 million and \$36.5 million at June 30, 2013 and December 31, 2012, respectively, using market observable inputs for the Company's comparable peers with public debt, including quoted prices in active markets and interest rate measurements which are considered level 2 inputs.

Myers Industries, Inc. and Subsidiaries

Notes to Unaudited Condensed Consolidated Financial Statements - (Continued)

(Dollar amounts in thousands, except where otherwise indicated)

Revenue Recognition

The Company recognizes revenues from the sale of products, net of actual and estimated returns, at the point of passage of title and risk of loss, which is generally at time of shipment, and collectability of the fixed or determinable sales price is reasonably assured.

Accumulated Other Comprehensive Income

The balances in the Company's accumulated other comprehensive income ("AOCI") as of June 30, 2013 and June 30, 2012 are as follows:

	Foreign currency	Defined benefit pension plans	Total
Balance at January 1, 2012	\$9,994	\$(2,700)) \$7,294
Other comprehensive income before reclassifications	1,385	—	1,385
Amounts reclassified from AOCI to income tax expense (benefit) in the Condensed Consolidated Statements of Income	—	632	632
Net current-period other comprehensive income	\$1,385	\$632	\$2,017
Balance at March 31, 2012	\$11,379	\$(2,068)) \$9,311
Other comprehensive income before reclassifications	(612)) —	(612)
Balance at June 30, 2012	\$10,767	\$(2,068)) \$8,699
Balance at January 1, 2013	\$12,784	\$(2,141)) \$10,643
Other comprehensive income before reclassifications	(851)) —	(851)
Amounts reclassified from AOCI to income tax expense (benefit) in the Condensed Consolidated Statements of Income	—	(75)) (75)
Net current-period other comprehensive income	\$(851)) \$(75)) \$(926)
Balance at March 31, 2013	\$11,933	\$(2,216)) \$9,717
Other comprehensive income before reclassifications	(4,994)) —	(4,994)
Balance at June 30, 2013	\$6,939	\$(2,216)) \$4,723
Cash and Cash Equivalents			

The Company considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents. Cash equivalents are stated at cost, which approximates market value. The Company maintains operating cash and reserves for replacement balances in financial institutions which, from time to time, may exceed federally insured limits. The Company periodically assesses the financial condition of these institutions and believes that the risk of loss is minimal.

2. Inventories

Approximately twenty percent of the Company's inventories use the last-in, first-out (LIFO) method of determining cost. An actual valuation of inventory under the LIFO method can be made only at the end of each year based on the inventory levels and costs at that time. Accordingly, interim LIFO calculations must necessarily be based on

management's estimates of expected year-end inventory levels and costs. Because these are subject to many factors beyond management's control, estimated interim results, which were immaterial, are subject to change in the final year-end LIFO inventory valuation and therefore, no adjustment was recorded as of June 30, 2013.

Myers Industries, Inc. and Subsidiaries

Notes to Unaudited Condensed Consolidated Financial Statements - (Continued)

(Dollar amounts in thousands, except where otherwise indicated)

3. Acquisitions

In October 2012, the Company acquired 100% of the stock of Jamco Products Inc. ("Jamco"), an Illinois corporation that is a leading designer and manufacturer of heavy-duty industrial steel carts and safety cabinets used across many markets. The total purchase price was approximately \$15.1 million in cash, net of \$0.1 million of cash acquired.

Jamco's assets and liabilities are recorded at fair value as of the date of acquisition using primarily level 2 and level 3 fair value inputs. Intangible assets included in the acquisition of Jamco are trade name of \$1.2 million, technology of \$2.0 million, non-compete agreement of \$0.1 million and customer relationships of \$2.4 million. The technology, non-compete agreement and customer relationships are subject to amortization and have estimated useful lives of ten, two and six years, respectively. The Jamco trade name has an indefinite life and will be subject to periodic (at least annual) evaluation for impairment.

In July 2012, the Company acquired 100% of the stock of Plasticos Novel do Nordeste S.A. ("Novel"), a Brazil-based designer and manufacturer of reusable plastic crates and containers used for closed-loop shipping and storage. Novel also produces a diverse range of plastic industrial safety products. The total purchase price was \$30.9 million, which includes a cash payment of \$3.4 million, net of \$0.6 million of cash acquired, assumed debt of approximately \$26.0 million and contingent consideration of \$0.9 million based on an earnout. The contingent consideration is contingent upon the annual results of Novel exceeding predefined earnings before interest, taxes, depreciation and amortization over the following four years.

Novel's assets and liabilities are recorded at fair value as of the date of acquisition using primarily level 3 fair value inputs. Intangible assets included in the acquisition of Novel include trade name of \$1.6 million, know-how of \$1.8 million and customer relationships of \$2.4 million. The know-how and customer relationships are subject to amortization and have estimated useful lives of ten and six years, respectively. The Novel trade name has an indefinite life and will be subject to periodic (at least annual) evaluation for impairment.

The following unaudited pro forma information presents a summary of consolidated results of operations for the Company including Novel and Jamco as if the acquisitions had occurred on January 1, 2012.

	For the Three Months Ended June 30, 2012	For the Six Months Ended June 30, 2012
Net sales	\$194,365	\$406,949
Cost of sales	143,257	293,734
Gross profit	51,108	113,215
Selling, general & administrative expenses	39,912	83,231
Operating income	11,196	29,984
Interest expense, net	2,866	5,081
Income before taxes	8,330	24,903
Income taxes	3,049	9,304
Net income	\$5,281	\$15,599
Income per basic share	\$0.16	\$0.47
Income per diluted share	\$0.15	\$0.46

These unaudited pro forma results have been prepared for comparative purposes only and may not be indicative of results of operations which actually would have occurred had the acquisitions taken place on January 1, 2012 or indicative of future results.

Myers Industries, Inc. and Subsidiaries

Notes to Unaudited Condensed Consolidated Financial Statements - (Continued)

(Dollar amounts in thousands, except where otherwise indicated)

The operating results of both businesses acquired have been included in our Material Handling Segment since the date of acquisition. The allocation of the purchase price and the estimated goodwill, which is not deductible for income tax purposes, and other intangibles are as follows:

Assets acquired:	Novel	Jamco
Cash	\$630	\$88
Accounts receivable	5,467	1,690
Inventory	5,993	3,282
Property, plant and equipment	13,636	2,559
Intangibles	5,790	5,680
Deferred tax assets	435	28
Prepaid assets	1,451	48
Other	719	2
Assets acquired, less cash	\$33,491	\$13,289
Liabilities assumed:		
Accounts payable and accruals	\$3,134	\$1,436
Other taxes	3,608	676
Other long-term liabilities	2,293	454
Debt	26,028	—
Deferred income taxes	3,804	3,044
Liabilities assumed	38,867	5,610
Goodwill	8,805	7,435
Total cash consideration, less cash acquired	\$3,429	\$15,114

4. Goodwill

The Company is required to test for impairment on at least an annual basis. In addition, the Company tests for impairment whenever events or circumstances indicate that it is more likely than not that the fair value of a reporting unit is below its carrying amount. Such events may include, but are not limited to, significant changes in economic and competitive conditions, the impact of the economic environment on the Company's customer base or its businesses, or a material negative change in its relationships with significant customers. The Company conducts its annual impairment assessment as of October 1.

The change in goodwill for the six months ended June 30, 2013 was as follows:

Segment	Balance at January 1, 2013	Acquisitions	Foreign Currency Translation	Impairment	Balance at June 30, 2013
Material Handling	\$50,521	\$—	\$(566)) \$—	\$49,955
Lawn and Garden	9,614	—	(205)) —	9,409
Distribution	214	—	—	—	214
Engineered Products	707	—	—	—	707
Total	\$61,056	\$—	\$(771)) \$—	\$60,285

Myers Industries, Inc. and Subsidiaries

Notes to Unaudited Condensed Consolidated Financial Statements - (Continued)

(Dollar amounts in thousands, except where otherwise indicated)

5. Net Income Per Common Share

Net income per common share, as shown on the Condensed Consolidated Statements of Income (unaudited), is determined on the basis of the weighted average number of common shares outstanding during the period as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2013	2012	2013	2012
Weighted average common shares outstanding				
Basic	33,559,398	33,595,637	33,529,004	33,525,444
Dilutive effect of stock options and restricted stock	318,554	677,056	368,958	596,042
Weighted average common shares outstanding diluted	33,877,952	34,272,693	33,897,962	34,121,486

Options to purchase 470,000 and 227,000 shares of common stock that were outstanding at June 30, 2013 and 2012, respectively, were not included in the computation of diluted earnings per share as the exercise prices of these options were greater than the average market price of common shares, and their effect on diluted earnings per share would be anti-dilutive.

6. Supplemental Disclosure of Cash Flow Information

	Three Months Ended June 30,		Six Months Ended June 30,	
	2013	2012	2013	2012
Interest paid	\$445	\$1,612	\$971	\$1,908
Income taxes paid	\$6,987	\$10,827	\$7,422	\$13,282

7. Restructuring

The charges related to various restructuring programs implemented by the Company are included in selling, general and administrative ("SG&A") expenses and cost of sales depending on the type of cost incurred. In our Distribution Segment, as well as Corporate, costs were recorded in SG&A, while in our Engineered Products Segment expenses were recorded in cost of sales. Our Material Handling Segment and Lawn and Garden Segment restructuring costs were recorded in both SG&A and cost of sales. The restructuring charges by segment are presented in the following table.

	Three Months Ended June 30,		Six Months Ended June 30,	
Segment	2013	2012	2013	2012
Material Handling	\$15	\$—	\$225	\$—
Lawn and Garden	736	419	1,139	442
Distribution	18	(20) 92	410
Engineered Products	—	99	3	201
Corporate	—	—	17	—
Total	\$769	\$498	\$1,476	\$1,053

Myers Industries, Inc. and Subsidiaries

Notes to Unaudited Condensed Consolidated Financial Statements - (Continued)

(Dollar amounts in thousands, except where otherwise indicated)

The Company recorded restructuring expenses of \$0.5 million in SG&A and \$0.3 million in cost of sales for the three months ended June 30, 2013. The Company recorded total restructuring expenses of \$0.4 million in SG&A and \$0.1 million in cost of sales for the three months ended June 30, 2012. A gain of \$0.3 million on the sale of two facilities was also recorded in Distribution Segments SG&A for the three months ended June 30, 2012.

The Company recorded total restructuring expenses of \$1.1 million in SG&A and \$0.4 million in cost of sales for the six months ended June 30, 2013. The Company recorded total restructuring expenses of \$0.9 million in SG&A and \$0.2 million in cost of sales for the six months ended June 30, 2012. A gain of \$0.3 million on the sale of two facilities was also recorded in Distribution Segments SG&A for the six months ended June 30, 2012. Estimated lease obligations associated with closed facilities were based on level 2 inputs.

The amounts for severance and personnel costs associated with restructuring have been included in other accrued expenses on the accompanying Condensed Consolidated Statements of Financial Position.

	Severance and Personnel	Other Exit Costs	Total
Balance at January 1, 2012	\$—	\$605	\$605
Provision	651	402	1,053
Less: Payments	(651)) (532) (1,183
Balance at June 30, 2012	\$—	\$475	\$475
Balance at January 1, 2013	\$318	\$—	\$318
Provision	522	954	1,476
Less: Payments	(840)) (954) (1,794
Balance at June 30, 2013	\$—	\$—	\$—

Approximately \$5.7 million of property, plant, and equipment has been classified as held for sale due to restructuring actions and are included in other assets in the Condensed Consolidated Statement of Financial Position at both June 30, 2013 and December 31, 2012. In July, 2013, the Company announced as part of a Lawn and Garden Segment restructuring that it will be re-opening a plant in Sparks Nevada, which at June 30, 2013 is classified as held for sale. This facility will no longer be actively marketed for sale and subsequently be reported as property, plant, and equipment in the Condensed Consolidated Statements of Financial Position. The Company is actively pursuing the sale of the remaining facilities classified as held for sale.

On July 18, 2013, the Company announced that its Board approved a restructuring plan in its Lawn and Garden Segment. The planned actions announced comprise the closure of two manufacturing plants; one in Brantford, Ontario and the second in Waco, Texas. A plant in Sparks, Nevada will be re-opened in order to lower our costs to serve the West Coast market and position the segment for future growth. The restructuring actions include closure, relocation and employee related costs. The aggregate charge is expected to approximate \$15.0 million, of which \$3.0 million will be noncash costs. These actions are expected to improve annual operating profit by approximately \$8.0 million. A portion of the benefits from these actions will begin in the fourth quarter of 2013. The majority of the benefits are planned to be realized throughout 2014 in decreased labor, overhead, plant and freight costs.

Myers Industries, Inc. and Subsidiaries

(Dollar amounts in thousands, except where otherwise indicated)

8. Stock Compensation

The Company's 2008 Incentive Stock Plan (the "2008 Plan") authorizes the Compensation Committee of the Board of Directors to issue up to 3,000,000 shares of various types of stock based awards including stock options, restricted stock, stock units and stock appreciation rights to key employees and directors. In general, options granted and outstanding vest over a three year period and expire ten years from the date of grant.

Stock compensation expense reduced income before taxes approximately \$1.1 million and \$0.9 million for the three months ended June 30, 2013 and 2012, respectively. Stock compensation expense reduced income before taxes approximately \$1.5 million and \$1.6 million for the six months ended June 30, 2013 and 2012, respectively. These expenses are included in SG&A expenses in the accompanying Condensed Consolidated Statements of Income (Unaudited). Total unrecognized compensation cost related to non-vested share based compensation arrangements at June 30, 2013 was approximately \$4.8 million which will be recognized over the next three years, as such compensation is earned.

On March 1, 2013, stock options for 323,400 shares were granted with a three year vesting period. The fair value of options granted is estimated using a binomial lattice option pricing model based on assumptions set forth in the following table. The Company uses historical data to estimate employee exercise and departure behavior. The risk free interest rate is based on the U.S. Treasury yield curve in effect at the time of grant and through the expected term. The dividend yield rate is based on the Company's historical dividend yield. The expected volatility is derived from historical volatility of the Company's shares and those of similar companies measured against the market as a whole.

Model

Risk free interest rate	1.86	%
Expected dividend yield	2.40	%
Expected life of award (years)	7.00	
Expected volatility	50.00	%
Fair value per option share	\$5.39	

The following table provides a summary of stock option activity for the period ended June 30, 2013:

	Shares	Average Exercise Price	Weighted Average Life
Outstanding at January 1, 2013	1,919,021	\$11.63	
Options granted	323,400	14.77	
Options exercised	(306,892)) 10.44	
Cancelled or forfeited	(140,020)) 13.75	
Outstanding at June 30, 2013	1,795,509	\$12.24	6.35 years
Exercisable at June 30, 2013	1,270,189	\$11.74	5.23 years

The intrinsic value of a stock option is the amount by which the market value of the underlying stock exceeds the exercise price of the option. The total intrinsic value of all stock options exercised during the three months ended June 30, 2013 and 2012 was approximately \$0.8 million and \$1.3 million, respectively. The total intrinsic value of all stock options exercised during both the six months ended June 30, 2013 and 2012 was approximately \$1.4 million.

On March 1, 2013, 169,100 Restricted Stock Unit ("RSU") Awards were granted with a two or three year vesting period. The RSUs had a grant date fair value of \$14.77 per share, which was the closing price of the common stock on the date of grant.

Myers Industries, Inc. and Subsidiaries

Notes to Unaudited Condensed Consolidated Financial Statements - (Continued)

(Dollar amounts in thousands, except where otherwise indicated)

The following table provides a summary of RSU and restricted stock activity for the six months ended June 30, 2013:

	Awards	Average Grant-Date Fair Value
Unvested at January 1, 2013	363,125	
Granted	169,100	\$ 14.77
Released	(112,000)) 10.02
Cancelled or forfeited	(124,200)) 13.68
Unvested at June 30, 2013	296,025	\$ 13.11

Restricted stock are rights to receive shares of common stock, subject to forfeiture and other restrictions, which vest over a two or three year period. Restricted shares are considered to be non-vested shares under the accounting guidance for share-based payment and are not reflected as issued and outstanding shares until the restrictions lapse. At that time, the shares are released to the grantee and the Company records the issuance of the shares. Restricted stock awards are valued based on the market price of the underlying shares on the grant date. Compensation expense is recognized on a straight-line basis over the requisite service period. At June 30, 2013, restricted stock awards had vesting periods up through March 2016.

9. Contingencies

The Company is a defendant in various lawsuits and a party to various other legal proceedings, in the ordinary course of business, some of which are covered in whole or in part by insurance.

New Idria Mercury Mine

Effective October 2011, the U.S. Environmental Protection Agency ("EPA") added the New Idria Mercury Mine site located near Hollister, California to the Superfund National Priorities List because of alleged contaminants discharged to California waterways. The New Idria Quicksilver Mining Company, founded in 1936, and later renamed the New Idria Mining & Chemical Company ("NIMCC") owned and/or operated the New Idria Mine through 1976. In 1981 NIMCC was merged into Buckhorn Metal Products Inc. and subsequently acquired by Myers Industries in 1987. The EPA contends that past mining operations have resulted in mercury contamination and acid mine drainage in the San Carlos Creek, Silver Creek and a portion of Panoche Creek and that other downstream locations may also be impacted.

Since Buckhorn Inc. may be a potentially responsible party ("PRP") of the New Idria Mercury Mine, the Company recognized an expense of \$1.9 million in 2011 related to performing a remedial investigation and feasibility study to determine the extent of remediation and the screening of alternatives. Payments of approximately \$0.5 million have been charged against the reserve classified in Other Liabilities on the Condensed Consolidated Statements of Financial Position as of June 30, 2013. As the Site Remedial Investigation and Feasibility Study ("RI/FS") proceeds, it is likely that adjustments to the recognized expense will be necessary to reflect new information regarding the nature and extent of site contamination, the range of remediation alternatives available, and evolving remediation standards. The final remedial action will be selected after completion of the RI/FS. At that time the Company is likely to have additional information regarding remedial action costs, the number and financial condition of other PRPs, the extent of their responsibility for the remediation, and the availability of insurance coverage for these expenses. At this time,

further remediation cost estimates are not known and have not been prepared.

In November 2011 the EPA completed an interim removal project at the New Idria Mercury Mine site. It is expected this removal action will be part of the final remediation strategy for the site. According to informal reports, EPA's interim removal project costs were approximately \$500,000. It is possible that at some future date the EPA will seek recovery of the costs of this work from PRPs.

Myers Industries, Inc. and Subsidiaries

(Dollar amounts in thousands, except where otherwise indicated)

Other

When management believes that a loss arising from these matters is probable and can reasonably be estimated, we record the amount of the estimated loss, or the minimum estimated liability when the loss is estimated using a range, and no point within the range is more probable of occurrence than another. As additional information becomes available, any potential liability related to these matters will be assessed and the estimates will be revised, if necessary.

Based on current available information, management believes that the ultimate outcome of these matters will not have a material adverse effect on our financial position or overall trends in our results of operations. However, these matters are subject to inherent uncertainties, and unfavorable rulings could occur. If an unfavorable ruling were to occur, there exists the possibility of a material adverse impact on the financial position and results of operations of the period in which the ruling occurs, or in future periods.

10. Long-Term Debt

Long-term debt consisted of the following:

	June 30, 2013	December 31, 2012
Credit agreement	\$60,988	\$57,814
Senior notes	35,000	35,000
	\$95,988	\$92,814

Under terms of the Credit Agreement with a group of banks, the Company may borrow up to \$180 million, reduced for letters of credit issued. As of June 30, 2013, the Company had \$114.1 million available under the Credit Agreement.

In December 2003, the Company issued \$100 million in Senior Unsecured Notes (the "Notes") consisting of \$65 million of notes with an interest rate of 6.08 percent and a 7 year maturity and \$35 million of notes with an interest rate of 6.81 percent and a 10 year maturity. Proceeds from the issuance of the Notes were used to pay down the term loan and revolving credit facility borrowing outstanding at that time. As of June 30, 2013, the Company has classified the \$35 million of Senior Notes due in December 2013 as a long-term liability since it has the intent to refinance the debt on a long-term basis and has demonstrated the ability via capacity available under the non-cancelable revolver feature of the current Credit Agreement.

11. Retirement Plans

The Company and certain of its subsidiaries have pension and profit sharing plans covering substantially all of their employees. The Company's frozen defined benefit pension plan ("The Pension Agreement between Akro-Mils and United Steelworkers of America Local No. 1761-02") provides benefits primarily based upon a fixed amount for each year of service as of the date the plan was frozen.

Net periodic pension cost are as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2013	2012	2013	2012
Service cost	\$8	\$18	\$16	\$35
Interest cost	65	72	130	144

Edgar Filing: MYERS INDUSTRIES INC - Form 10-Q

Expected return on assets	(91) (77) (182) (153)
Amortization of actuarial net loss	28	25	56	50	
Net periodic pension cost	\$10	\$38	\$20	\$76	
Company contributions	\$80	\$123	\$203	\$199	

15

Myers Industries, Inc. and Subsidiaries

Notes to Unaudited Condensed Consolidated Financial Statements - (Continued)

(Dollar amounts in thousands, except where otherwise indicated)

The Company anticipates contributions totaling \$0.4 million to its pension plan for the full year of 2013.

12. Income Taxes

The total amount of gross unrecognized tax benefit that would reduce the Company's effective tax rates at June 30, 2013 and June 30, 2012, was \$1.2 million and \$0.5 million, respectively. The \$0.7 million increase in the gross unrecognized tax benefits from June 30, 2012 to June 30, 2013 resulted from an increase in ASC 740-10-25-6, Accounting for Uncertainty in Income Taxes, reserves related to acquired businesses and previous year tax positions. Accrued interest expense included with accrued income taxes in the Company's Condensed Consolidated Statements of Financial Position was less than \$0.1 million at both June 30, 2013 and December 31, 2012.

As of June 30, 2013, the Company and its significant subsidiaries are subject to examination for the years after 2006 in Brazil, after 2007 in Canada, and after 2010 in the United States. The Company and its subsidiaries are subject to examination in certain states within the United States either after 2007 or after 2008.

13. Segment Information

Using the criteria of ASC 280 Segment Reporting, the Company has four operating segments: Material Handling, Lawn and Garden, Distribution, and Engineered Products. Each of these operating segments is also a reportable segment under the ASC 280 criteria.

None of the reportable segments include operating segments that have been aggregated. Some of these segments contain individual business components that have been aggregated on the basis of common management, customers, products, production processes and economic characteristics. The Company accounts for intersegment sales and transfers at cost plus a specified mark-up.

Income before income taxes for each business segment is based on net sales less cost of products sold, and the related selling, administrative and general expenses. In computing business segment operating income, general corporate overhead expenses and interest expenses are not included.

	Three Months Ended June 30,		Six Months Ended June 30,	
	2013	2012	2013	2012
Net Sales				
Material Handling	\$83,814	\$60,260	\$163,803	\$125,481
Lawn and Garden	40,889	42,482	101,252	101,666

Table of contents

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Results of Operations

Comparison of the Second Quarter of 2013 to the Second Quarter of 2012

Net Sales:

(dollars in millions)	Quarter Ended June 30,				
Segment	2013	2012	Change	% Change	%
Material Handling	\$83.8	\$60.3	\$23.5	39	%
Lawn and Garden	40.9	42.5	(1.6) (4)%
Distribution	45.9	44.2	1.7	4	%
Engineered Products	37.6	38.6	(1.0) (3)%
Inter-company Sales	(4.2) (4.5) 0.3	7	%
TOTAL	\$204.0	\$181.1	\$22.9	13	%

Net sales for the quarter ended June 30, 2013 were \$204.0 million, an increase of \$22.9 million or 13% compared to the prior year's second quarter. The increase was driven by higher sales in our Material Handling Segment. Sales in the quarter ended June 30, 2013 included approximately \$15.5 million from our acquisitions of Plasticos Novel do Nordeste S.A. ("Novel") in July 2012 and Jamco Products Inc. ("Jamco") in October 2012. In addition, higher volume of \$7.4 million driven by our growth and innovation initiative and higher pricing of \$0.5 million, more than offset the effect of unfavorable foreign currency translation of \$0.5 million in the second quarter of 2013 compared to the same period in 2012.

Net sales in the Material Handling Segment increased \$23.5 million or 39% in the second quarter of 2013 compared to the same quarter in 2012. Sales from acquisitions contributed approximately \$15.5 million quarter-over-quarter and through an increase of \$9.1 million in higher sales volume, particularly in the agricultural and food processing markets. These increases were negatively impacted by lower pricing of \$0.9 million and unfavorable foreign currency translation of \$0.2 million.

Net sales in the Lawn and Garden Segment in the second quarter of 2013 decreased \$1.6 million or 4% compared to the same quarter in 2012. Improved pricing of \$1.2 million was more than offset by lower volume of \$2.6 million compared to the second quarter of 2012 primarily as a result of a lower demand at the "big-box" retailers. Sales were also negatively impacted from unfavorable foreign currency translation of \$0.2 million in the second quarter of 2013 compared to the same quarter in 2012.

Net sales in the Distribution Segment increased \$1.7 million in the second quarter of 2013 compared to the same quarter in 2012 due to improved volume from new products and market share gains in equipment sales.

Net Sales in the Engineered Products Segment decreased \$1.0 million or 3% in the second quarter of 2013 compared to the same quarter in 2012. Volume decreased \$1.2 million resulting from a reduction in lower margin custom sales that more than offset stronger sales in the recreational vehicle and marine markets. Sales for the second quarter of 2013 were favorably impacted by improved pricing of \$0.2 million.

Cost of Sales & Gross Profit:

(dollars in millions)	Quarter Ended June 30,	
	2013	2012
Cost of sales	\$148.3	\$133.7

Edgar Filing: MYERS INDUSTRIES INC - Form 10-Q

Gross profit	\$55.8	\$47.4	
Gross profit as a percentage of sales	27.3	% 26.2	%

Gross profit in the second quarter of 2013 was \$55.8 million compared to \$47.4 million in the same quarter in 2012. Gross profit as a percentage of sales increased as a result of productivity improvements through the execution of our operation excellence initiative, as well as from material cost savings as compared to the same period in 2012.

Selling, General and Administrative Expenses:

(dollars in millions)	Quarter Ended June 30,		Change	% Change	
	2013	2012			
SG&A expenses	\$42.7	\$37.4	\$5.3	14.2	%
SG&A expenses as a percentage of sales	20.9	% 20.7	%		

Selling, general and administrative (“SG&A”) expenses for the quarter ended June 30, 2013 were \$42.7 million, an increase of \$5.3 million or 14.2% compared to same quarter in 2012. The increase in SG&A was due to the incremental impact of our 2012 acquisitions of Novel and Jamco of approximately \$3.0 million, investments in information technology of \$1.3 million and an increase in other outside consulting costs of \$0.4 million. SG&A in the second quarter of 2012 was favorably impacted by the recovery of \$0.3 million from bad debt expense associated with a specific customer. Restructuring and unusual charges of approximately \$0.5 million were recorded in SG&A in both the second quarter of 2013 and 2012. In addition, a \$0.3 million gain from the sale of assets was recorded in the second quarter of 2012. Shipping and handling costs, including freight, are primarily classified as SG&A expenses.

Interest Expense:

(dollars in millions)	Quarter Ended June 30,		Change	% Change	
	2013	2012			
Net interest expense	\$1.1	\$1.1	\$—	—	%
Outstanding borrowings	\$96.0	\$102.1	\$(6.1))	
Average borrowing rate	4.17	% 5.61	%		

Net interest expense in both the second quarter of 2013 and 2012 was \$1.1 million. Although the outstanding borrowings were lower at the second quarter 2013 compared to the second quarter 2012, higher average debt balances in the second quarter of 2013 compared to 2012 offset lower average borrowing rates resulting from a mix of debt outstanding.

Income Taxes:

(dollars in millions)	Quarter Ended June 30,				
	2013	2012			
Income before taxes	\$12.0	\$8.9			
Income taxes	\$3.7	\$3.3			
Effective tax rate	30.8	% 36.7			%

The effective tax rate was 30.8% for the quarter ended June 30, 2013 compared to 36.7% in the prior year. The lower effective tax rate is attributable to the benefits from the Company's reversal of prior year's state valuation allowances of \$0.6 million and its foreign rate differential including foreign incentive tax credits for the quarter ended June 30, 2013.

Comparison of the Six Months Ended June 30, 2013 to the Six Months Ended June 30, 2012

Net Sales:

(dollars in millions)	Six Months Ended June 30,		Change	% Change	
	2013	2012			
Segment					
Material Handling	\$163.8	\$125.5	\$38.3	31	%
Lawn and Garden	101.3	101.7	(0.4) —	%
Distribution	88.5	86.9	1.6	2	%
Engineered Products	74.6	75.9	(1.3) (2)%
Intra-segment elimination	(9.2) (10.1) 0.9	(9	%)
TOTAL	\$419.0	\$379.9	\$39.1	10	%

Net sales for the six months ended June 30, 2013 were \$419.0 million, an increase of \$39.1 million or 10% compared to the same period in the prior year. Sales increased \$13.5 million from higher volumes driven by our growth and innovation initiatives and \$27.6 million in sales from our 2012 acquisitions of Novel and Jamco. The increase was partially offset by lower pricing of \$0.9 million and unfavorable foreign currency translation of \$1.1 million.

Net sales in the Material Handling Segment increased \$38.3 million or 31% for the six months ended June 30, 2013 compared to the same period in the prior year. The inclusion of sales in the first six months of 2013 from our Novel and Jamco acquisitions consummated in the second half of 2012 were \$27.6 million. Also contributing to an increase in sales is higher volume of \$14.7 million. These sales increases were partially offset by lower pricing of \$3.3 million and unfavorable foreign currency translation of \$0.7 million.

Net sales in the Lawn and Garden Segment decreased \$0.4 million for the six months ended June 30, 2013 compared to the same period in the prior year. Decrease in volume of \$2.2 million due to a delay in stock builds with distributors and \$0.3 million from the effect of unfavorable foreign currency translation more than offset improved pricing of \$2.1 million.

Net sales in the Distribution Segment increased \$1.6 million or 2% for the six months ended June 30, 2013 compared to the same period in the prior year. Increased sales reflect higher volume, primarily due to new product introductions and market gains in equipment sales. The increased sales came despite slightly lower replacement tire shipments for the six months ended June 30, 2013.

Net sales in the Engineered Products Segment decreased \$1.3 million or 2% for the six months ended June 30, 2013 compared to the same period in the prior year. Despite strong demand in our recreational and marine markets, decreases in our transplant automotive and custom markets resulted in lower volume of \$1.6 million partially offset by higher selling prices of \$0.3 million.

Cost of Sales & Gross Profit:

(dollars in millions)	Six Months Ended June 30,			
	2013	2012		
Cost of sales	\$304.9	\$274.5		
Gross profit	\$114.1	\$105.4		
Gross profit as a percentage of sales	27.2	% 27.7		%

Gross profit margin decreased to 27.2% for the six months ended June 30, 2013 compared with 27.7% in the prior year. Productivity improvements were more than offset by an unfavorable mix of products sold.

Selling, General and Administrative Expenses:

(dollars in millions)	Six Months Ended June 30,		Change	% Change	
	2013	2012			
SG&A expenses	\$87.7	\$78.3	\$9.4	12.0	%
SG&A expenses as a percentage of sales	20.9	% 20.6			%

SG&A expenses for the six months ended June 30, 2013 were \$87.7 million, an increase of \$9.4 million or 12.0% compared to the same period in the prior year. The inclusion of the Novel and Jamco acquisitions in the second half of 2012 resulted in \$5.9 million of incremental SG&A costs. SG&A expenses for 2013 included higher consulting costs of approximately \$1.7 million primarily attributable to our information technology initiatives. SG&A expenses for the six months ended June 30, 2012 included the reversal of bad debt expense of \$1.4 million primarily attributable to the recovery in 2012 of a bad debt recorded in 2011. SG&A expenses for the six months ended June 30, 2013 included restructuring of \$1.1 million compared to approximately \$1.0 million for the same period in the prior year. Gains on the sale of property sold in the six months ended June 30, 2012 was \$0.3 million. Shipping and handling costs, including freight, are primarily classified as SG&A expenses.

Interest Expense:

(dollars in millions)	Six Months Ended June 30,		Change	% Change	
	2013	2012			
Net interest expense	\$2.2	\$2.1	\$0.1	5	%
Outstanding borrowings	\$96.0	\$102.1	\$(6.1))	
Average borrowing rate	4.35	% 4.98			%

Net interest expense was \$2.2 million for the six months ended June 30, 2013 compared to \$2.1 million in the prior year. The increase in 2013 interest expense was the result of lower average borrowing rates more than offset by higher average debt balances as compared to the first six months of 2012.

Income Taxes:

(dollars in millions)	Six Months Ended June 30,				
	2013	2012			
Income before taxes	\$24.2	\$25.0			
Income taxes	\$8.0	\$9.3			
Effective tax rate	33.0	% 37.4			%

The effective tax rate for the six months ended June 30, 2013 was 33.0% compared to 37.4% in the prior year. The current year effective rate of 33.0% includes the tax benefit of approximately \$0.6 million in net tax from the reversal in prior year's state valuation allowances as well as the tax benefits from the differences in the international versus domestic statutory tax rates and recognized foreign tax incentives. The effective tax rate of 37.4% for the six months ended June 30, 2012 reflects the negative impact from differences in foreign earnings and respective statutory tax rates.

Table of contents

Acquisitions

In October 2012, the Company acquired 100% of the stock of Jamco Products Inc. ("Jamco"), an Illinois corporation that is a leading designer and manufacturer of heavy-duty industrial steel carts and safety cabinets used across many markets. The total purchase price was approximately \$15.1 million in cash, net of \$0.1 million of cash acquired. Jamco's assets and liabilities are recorded at fair value as of the date of acquisition using primarily level 2 and level 3 fair value inputs. Intangible assets included in the acquisition of Jamco are trade name of \$1.2 million, technology of \$2.0 million, non-compete agreement of \$0.1 million and customer relationships of \$2.4 million. The technology, non-compete agreement and customer relationships are subject to amortization and have estimated useful lives of ten, two and six years, respectively. The Jamco trade name has an indefinite life and will be subject to periodic (at least annual) evaluation for impairment.

In July 2012, the Company acquired 100% of the stock of Plasticos Novel do Nordeste S.A. ("Novel"), a Brazil-based designer and manufacturer of reusable plastic crates and containers used for closed-loop shipping and storage. Novel also produces a diverse range of plastic industrial safety products. The total purchase price was \$30.9 million, which includes a cash payment of \$3.4 million, net of \$0.6 million of cash acquired, assumed debt of approximately \$26.0 million and contingent consideration of \$0.9 million based on an earnout. A majority of the debt was repaid shortly after acquisition. The contingent consideration is contingent upon the results of Novel exceeding predefined earnings before interest, taxes, depreciation and amortization over the next four years.

Subsequent Event

On July 18, 2013, the Company announced that its Board approved a restructuring plan in its Lawn and Garden Segment. The planned actions announced comprise the closure of two manufacturing plants; one in Brantford, Ontario and the second in Waco, Texas. A plant in Sparks, Nevada will be re-opened in order to lower our costs to serve the West Coast market and position the segment for future growth. The restructuring actions include closure, relocation and employee related costs. The aggregate charge is expected to approximate \$15.0 million, of which \$3.0 million will be noncash costs. These actions are expected to improve annual operating profit by approximately \$8.0 million. A portion of the benefits from these actions will begin in the fourth quarter of 2013. The majority of the benefits are planned to be realized throughout 2014 in decreased labor, overhead, plant and freight costs.

Liquidity and Capital Resources

Cash provided by operating activities was \$30.1 million for the six months ended June 30, 2013 compared to \$7.9 million for the six months ended June 30, 2012. For the six months ended June 30, 2013 and June 30, 2012, cash of \$9.4 million and 24.6 million million was used for working capital, respectively.

Capital expenditures for the six months ended June 30, 2013 were \$10.2 million and for the full year are expected to be approximately \$30 to \$35 million.

For the six months ended June 30, 2013, the Company used cash of 4.0 million to repurchase shares of its own stock. The Company accelerated its fourth quarter 2012 dividend payment to reduce the tax impact for its shareholders which resulted in the payment in December 2012 rather than in the first quarter of 2013. The Company paid its fourth quarter 2011 and first quarter 2012 dividends of \$2.3 million and \$2.7 million, respectively, during the six months ended June 30, 2012.

Debt, net of cash at June 30, 2013 was \$73.7 million compared to \$88.9 million at December 31, 2012. As of June 30, 2013, the Company was in compliance with all its debt covenants. The most restrictive financial covenants for all of the Company's debt are an interest coverage ratio, (defined as earnings before interest and taxes divided by interest expense), and a leverage ratio, (defined as earnings before interest, taxes, depreciation and amortization, as adjusted,

compared to total debt). The ratios as of and for the period ended June 30, 2013 are shown in the following table:

	Required Level	Actual Level
Interest Coverage Ratio	2.25 to 1 (minimum)	11.08
Leverage Ratio	3.25 to 1 (maximum)	1.14

Table of contents

The Company believes that cash flows from operations and available borrowing under its Credit Agreement will be sufficient to meet expected business requirements including strategic initiatives, capital expenditures, dividends, working capital, debt service and to fund the stock repurchase program into the foreseeable future.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

The Company has certain financing arrangements that require interest payments based on floating interest rates. The Company's financial results are subject to changes in the market rate of interest. At present, the Company has not entered into any interest rate swaps or other derivative instruments to fix the interest rate on any portion of its financing arrangements with floating rates. Accordingly, based on current debt levels at June 30, 2013, if market interest rates increase one percent, the Company's interest expense would increase approximately \$1.0 million annually.

Some of the Company's subsidiaries operate in foreign countries and their financial results are subject to exchange rate movements. The Company has operations in Canada with foreign currency exposure, primarily due to sales made from businesses in Canada to customers in the United States. These sales are denominated in U.S. dollars. In addition, one of the Company's subsidiaries in Brazil has loans denominated in U.S. dollars. The Company has a systematic program to limit its exposure to fluctuations in exchange rates related to certain assets and liabilities of its operations in Canada and Brazil that are denominated in U.S. dollars. The net exposure generally ranges from \$5 to \$10 million. The foreign currency contracts and arrangements created under this program are not designated as hedged items under FASB ASC 815 Derivatives and Hedging, and accordingly, the changes in the fair value of the foreign currency arrangements, which have been immaterial, are recorded in the income statement. The Company's foreign currency arrangements are generally three months or less and, as of June 30, 2013, the Company had no foreign currency arrangements or contracts in place.

The Company uses certain commodities, primarily plastic resins, in its manufacturing processes. The cost of operations can be affected as the market and price for these commodities changes. The Company currently has no derivative contracts to hedge this risk and has no significant purchase obligations to purchase fixed quantities of such commodities in future periods. Significant future increases in the cost of plastic resin or other adverse changes in the general economic environment could have a material adverse impact on the Company's financial position, results of operations or cash flows.

Item 4. Controls and Procedures

The Company maintains disclosure controls and procedures, as defined under Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended, that are designed to ensure that information required to be disclosed in the Company's reports under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the Commission's rules and forms and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. The Company carries out a variety of on-going procedures, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, to evaluate the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on the foregoing, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective at a reasonable assurance level as of the end of the period covered

by this report.

Changes in Internal Control Over Financial Reporting

We are undertaking a phased approach to implementation of enterprise resource planning systems in our Distribution Segment, Material Handling Segment and at Corporate, a significant portion of which will be completed in 2013, with the balance to be completed in 2014. We believe we are maintaining and monitoring appropriate internal controls during the implementation period. There have been no other changes in our internal control over financial reporting during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of contents

Part II — Other Information

Item 1. Legal Proceedings

Certain legal proceedings in which the Company is involved are discussed in the Contingencies Note of the Unaudited Condensed Consolidated Financial Statements in Part I of this report and Part I, Item 3 of the Company's Annual Report on Form 10-K for the year ended December 31, 2012. The Company is a defendant in various lawsuits and a party to various other legal proceedings, in the ordinary course of business, some of which are covered in whole or in part by insurance. We believe that the outcome of these lawsuits and other proceedings will not individually or in the aggregate have a future material adverse effect on our consolidated financial position, results of operations or cash flows.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table presents information regarding the Company's stock repurchase plan during the three months ended June 30, 2013.

	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of the Publicly Announced Program	Maximum number of Shares that may yet be Purchased Under the Plan (1)
4/1/13 to 4/30/13	101,657	\$ 13.21	535,472	2,464,528
5/1/13 to 5/31/13	—	\$—	—	2,464,528
6/1/13 to 6/30/13	—	\$—	—	2,464,528

On May 20, 2013, the Company adopted a Rule 10b5-1 plan (the "Plan") for the purpose of repurchasing up to two million shares of its common stock in accordance with the guidelines specified in Rule 10b5-1 of the Securities Exchange Act of 1934. The Plan was established in connection with the Board authorized repurchase of up to five million shares that was announced on May 2, 2011. The Company previously completed a repurchase of approximately five hundred thirty five thousand shares in April 2013, and two million shares in 2011 pursuant to previous Rule 10b5-1 plans, which were also in connection with the authorized five million share repurchase.
