We have audited the accompanying statements of net assets available for benefits

## Edgar Filing: FIRST MERCHANTS CORP - Form 11-K

of First Merchants Corporation Retirement Savings Plan as of December 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of First Merchants Corporation Retirement Savings Plan at December 31, 2001 and 2000, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying supplemental schedules of (1) assets held for investment purposes at end of year, and (2) reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

## First Merchants Corporation Retirement Savings Plan Notes to Financial Statements December 31, 2001 and 2000

### Note 1: Description of Plan

The following description of First Merchants Corporation Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan is a defined-contribution plan sponsored by First Merchants Corporation (Corporation) for the benefit of all employees who have completed one year of service, worked at least 1000 hours, and are age twenty-one or older. As of January 1, 2001, the eligibility age was lowered to age 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). First Merchants Bank, N.A. (Bank) is the trustee of the Plan.

#### Contributions

The Plan permits eligible employees through a salary deferral election to have the Corporation make annual contributions of up to 15% of eligible compensation. Employee rollover contributions are also permitted. The Corporation makes matching contributions of its employees' salary deferral amounts of 25% of the first 5% of employees' eligible compensation. Forfeitures are used to reduce the Corporation's contributions.

#### Participant Investment Account Options

Investment account options available include a managed, fixed value, bond, stock, international equity and small cap fund, and as of January 1, 2001, a Corporation stock fund. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation quarterly.

#### Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Corporation contribution and Plan earnings. Allocations of Plan earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

#### Vesting

Participants are immediately vested in their salary deferral and rollover contribution accounts plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

## First Merchants Corporation Retirement Savings Plan Notes to Financial Statements December 31, 2001 and 2000

### Payment of Benefits

Upon termination of service, participants may elect to receive a lump-sum amount or installments equal to the value of their accounts. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

### Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### Note 2: Summary of Significant Accounting Policies

#### Method of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

#### Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits. Actual results could differ from those estimates.

#### Investments

Investments are valued at estimated fair value. Temporary deposit funds are valued at cost, which approximates market. Purchases and sales of securities are recorded on a trade-date basis.

#### Payment of Benefits

Benefits are recorded when paid.

#### Administrative Expenses

## Edgar Filing: FIRST MERCHANTS CORP - Form 11-K

Administrative expenses may be paid by the Corporation or the Plan, at the Corporation's discretion.

## Reclassifications

Certain reclassifications have been made to the 2000 financial statements to conform to the 2001 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Investments

The Plan's investments are held by a bank-administered trust fund. The Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in fair value as follows:

The Corporation provided certain administrative services at no cost to the Plan in 2000. Effective January 1, 2001, fees for certain trust and administrative services provided by the trustee are now paid by the Plan and were \$41,155 for 2001.

## First Merchants Corporation Retirement Savings Plan Notes to Financial Statements December 31, 2001 and 2000

### Note 5: Tax Status

The Internal Revenue Service has advised that the Plan constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the trust established under the Plan is therefore exempt from federal income taxes. The Plan has been restated since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

### Note 6: Plan Changes and Restatement

Effective January 1, 2001, employees of Decatur Bank and Trust Company (Decatur Bank and Trust Company 401(k) Profit Sharing Plan) were added to the Plan, and assets of approximately \$2,390,000 were transferred into the Plan.

The Plan was restated effective January 1, 1998. As of January 1, 2001, a Corporation stock fund was added as an investment account option, and the Plan eligibility age was lowered to age 18.
