FIRST MERCHANTS CORPORATION ANNOUNCES 1st QUARTER 2004 RESULTS

First Merchants Corporation (NASDAQ - FRME) has reported first quarter 2004 diluted earnings per share of \$.37, a 15.6 percent increase from \$.32 recorded in 2003. Net income during the period totaled \$6.9 million compared to \$5.6 million in 2003.

Total assets of the Corporation were \$3 billion as of March 31, 2004, a modest increase of \$26 million from the prior year. Loans, investments and bank owned life insurance, the Corporation's three primary earning assets totaled \$2.8 billion, an increase of \$97 million or 3.6 percent, as fed funds sold declined by \$55 million resulting in increased earning assets of \$42 million. The improvement in earning assets was funded by increases in deposits and capital totaling \$46 million.

Net interest margin equaled 3.87 percent, a fifty-one basis point decline from the first quarter of 2003 margin of 4.38 percent. Declining margins were

mitigated by a reduction in the provision for loan losses of \$1.4\$ million versus the \$4.6\$ million provided in the prior year.

The addition of CNBC Bancorporation on March 1, 2003, resulted in an additional two months of 2004 net income totaling \$472,000. The additional two months also accounted for \$2.0 million of additional net interest income, \$133,000 of non-interest income and \$1.4 million of additional non-interest expense.

Non-performing loans as a percentage of total loans equaled 1.12 percent, down from 1.19 percent in 2003. The Corporation's allowance for loan losses equaled 1.14 percent of average loans for the quarter and net charge-off's equaled .07 percent.

Michael L. Cox, President and Chief Executive Officer, stated that, "First Merchants Corporation's first quarter 2004 results reflect positive trends in a number of areas when compared to the fourth quarter of 2003. Earnings per share improved by \$.06, net interest margin improved by 9 basis points, return on assets and return on equity improved by 15 and 136 basis points respectively. Most encouraging is the decline in non-performing loans to the lowest level in five quarters." Cox also stated that, "First Merchants Corporation's management team is encouraged by recent progress and remains cautiously optimistic about the economy and the yield curve for the remainder of 2004."
