- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 2.02. Results of Operations and Financial Condition.

On July 26, 2006, the Company issued a press release announcing its results for the quarter ended June 30, 2006. The Company hereby incorporates by reference herein the information set forth in its Press Release dated July 26, 2006, a copy of which is attached hereto as Exhibit 99.1. Except as otherwise provided in the press release, the press release speaks only as of the date of such press release and such press release shall not create any implication that the affairs of the Company have continued unchanged since such date.

Except for the historical information contained in this report, the statements made by the Company are forward-looking statements that involve risks and uncertainties. All such statements are subject to the safe harbor created by the Private Securities Litigation Reform Act of 1995. The Company's future financial performance could differ significantly from the expectations of management and from results expressed or implied in the Press Release. See the risk factors contained in the Press Release for a discussion of certain risks and uncertainties that may impact such forward-looking statements. For further information on other risk factors, please refer to the Risk Factors contained in the Company's Form 10-K for the year ended December 31, 2005 filed with the Securities and Exchange Commission. The Company disclaims any obligation or duty to update or modify these forward-looking statements.

Included in Exhibit 99.1 are the following non-GAAP financial measures:

Growth in revenue for second quarter 2006, excluding revenue attributable to the Industrial Fumigant Company.

Increase in the Company's net income excluding the impact of the pension curtailment gain in 2005.

Growth in revenue, excluding that attributable to the Industrial Fumigant Company, is presented and deemed useful by management in order to present the Company's results for the quarter ended June 30, 2006 as more readily comparable to its results for the quarter ended June 30, 2005. The Company's 2005 results do not include revenue attributable to the Industrial Fumigant Company prior to October 1, 2005, the date it was acquired.

Increase in the Company's net income, excluding the impact of the pension curtailment gain in 2005, is presented and deemed useful by management in order to present the Company results for the quarter ended June 30, 2006 as more readily comparable to its results for the quarter ended June 30, 2005. The Company's results for the quarter ended June 30, 2005 include a \$2.5 million pension curtailment gain in connection with freezing the Company's defined benefit pension plan which was recorded in accordance with GAAP. There is no comparable gain for the quarter ended June 30, 2006.

Management of the Company believes that these non-GAAP measures provide both management and investors with a more complete understanding of the Company's underlying operating results and operating trends. Management uses these non-GAAP financial measures to analyze and forecast the Company's operating results and trends, especially when comparing such results to the Company's prior periods and forecasts. Because the excluded items do not exhibit the same growth pattern or variances as other factors affecting the Company's revenues and net income, management believes that the non-GAAP measures are useful for trend analysis. However, the usefulness of the non-GAAP measures is limited because the measures alone do not give a complete assessment of historical financial position, operating results or cash flows. These are reflected in the U.S. GAAP financial statements, including the Company's consolidated statement of income. The non-GAAP financial information that the Company provides may also differ from the financial information provided by other companies. Therefore, the Company only uses the

Edgar Filing: ROLLINS INC - Form 8-K

non-GAAP financial measures in the context of a complete disclosure of operating results. Investors should only consider the non-GAAP measures as part of the overall analysis of the Company's financial results and trends.

The reconciliation of the non-GAAP financial measures to their corresponding GAAP measure is included at Exhibit 99.1.

Item 9.01. Financial Statements and Exhibits

<u>Exhibit No.</u>	<u>Description</u>
99.1	Press Release Dated July 26, 2006.
