Exhibit 99.1

**FiberMark Reports Court Rules in Favor of Unsealing Examiner's Report,
but Allows Opposing Parties to Seek Stay Pending Appeal**

BRATTLEBORO, VERMONT, August 17, 2005—FiberMark, Inc. (OTCBB: FMKIQ) today announced that the U.S. Bankruptcy Court for the District of Vermont has determined that the report of the independent examiner appointed in the company's chapter 11 case should be unsealed, subject to certain minimal redactions. The report details the examiner's findings with respect to certain issues involving the official creditors committee, which has since been disbanded by the United States Trustee. The Court, however, concurrently established a schedule by which certain parties who oppose the unsealing may seek a stay of the unsealing order pending appeal. Under that schedule, the redacted report will be unsealed on August 19, 2005 if no motion for a stay is filed. Alternatively, if a motion for a stay is filed, the Court will rule on the motion by August 24, 2005, and if the Court denies the motion, the redacted report will be immediately unsealed. If, on the other hand, the Court grants the motion, a temporary stay will be in place until August 29, 2005, to allow the opposing parties to seek relief on appeal. If no such relief is obtained, the redacted report will be unsealed on August 29, 2005.

FiberMark, headquartered in Brattleboro, Vt., is a leading producer of specialty fiber-based materials meeting industrial and consumer needs worldwide, operating 11 facilities in the eastern United States and Europe. Products include filter media for transportation and vacuum cleaner bags; base materials for specialty tapes, electrical and graphic arts applications; wallpaper, building materials and sandpaper; and cover/decorative materials for office and school supplies, publishing, printing and premium packaging.

This document contains forward-looking statements. Actual results may differ depending on risk factors discussed in the company's Form 10-K/A as filed with the SEC on May 4, 2005, which is accessible on the company's Web site at www.fibermark.com.
