Item 5. Other Events.

On January 21, 2003, Geron Corporation, a Delaware corporation (the "Company"), announced that it is changing its organization in order to concentrate its resources on the continued development of its lead anti-cancer product, GRN163, and its regenerative medicine products based on human embryonic stem cells (hESCs). In the process, Geron is reducing its research staff by 29 employees and its support staff by 11 employees.

The Company's press release announcing the organizational change is filed as an exhibit to this Current Report on Form 8-K. The summary description of the event is qualified in its entirety by reference to the document filed as an exhibit hereto.
