## **Item 7.01**

### **Regulation FD Disclosure.**

As a result of the accelerated share repurchase described in Item 8.01 below, the Company now expects earnings for its fiscal fourth quarter of 2010 of \$1.56 to \$1.64 per diluted share versus its previous guidance of \$1.51 to \$1.59 per diluted share.

## **Item 8.01.**

### **Other Events.**

On November 17, 2010, Kohl's Corporation (Kohl's) entered into an accelerated share repurchase transaction with Morgan Stanley & Co. Incorporated (Morgan Stanley) to repurchase \$1.0 billion of Kohl's common stock on an accelerated basis. This accelerated share repurchase is part of the \$2.5 billion share repurchase program authorized by the Kohl's board of directors in September 2007.

Under the terms of the accelerated share repurchase agreement (ASR Contract), on November 18, 2010, Kohl's will pay \$1.0 billion to Morgan Stanley from cash on hand and will receive an initial delivery of 12,563,942 shares of Kohl's common stock. Additional shares are expected to be delivered to Kohl's in December 2010 and at the end of the term of the ASR Contract. The exact number of shares to be repurchased generally will be determined by the discounted average of the daily volume weighted average price of shares traded during the relevant pricing periods.

This number of shares will be recalculated in December 2010 and again at the end of the term of the ASR Contract. If the number of shares to be repurchased exceeds the number of shares previously delivered under the ASR Contract, Kohl's will receive from Morgan Stanley a number of additional shares equal to such excess at that time. If the actual number of shares to be repurchased is less than the number of shares previously delivered, Kohl's will be required, at its election, to either (1) deliver to Morgan Stanley a number of shares approximately equal to the difference or (2) make a cash payment to Morgan Stanley equal to the value of such shares. The ASR Contract is scheduled to end in February 2011, but it may conclude earlier at Morgan Stanley's option.

The ASR Contract is subject to terms customary for similar agreements, including adjustments upon the occurrence of certain events and setting forth certain circumstances under which the ASR Contract may be extended, terminated or unwound.
