NEWS RELEASE

**ELDORADO No. 03-02
February 7, 2003**

YEAR END UPDATE

VANCOUVER, BC Paul N. Wright, President and Chief Executive Officer of Eldorado Gold Corporation (the Company or Eldorado or we) (TSX: ELD) (AMEX: EGO) is pleased to provide an update of the Company s activities to December 31, 2002.

YEAR END UPDATE

Edgar Filing: ELDORADO GOLD CORP /FI - Form 6-K

2002 was a year of accomplishment and progress for Eldorado in terms of profitability, operational performance, improvement to our balance sheet and substantive advancement of our Kisladag Project in Turkey.

At year-end the Company had completely eliminated its bank debt as well as its hedge position and is well positioned with US \$38M in cash to continue its strategy for value added growth.

Highlights

São Bento

In 2002 our São Bento mine in Brazil produced 103,533 ounces at a cash cost of US \$184/oz. The Company forecasts production in 2003 at similar levels, specifically 105,000 oz. at a cash cost of US \$190/oz.

In 2002 São Bento returned to steady production in the second quarter following the total elimination of temporary power restrictions and the completion of the #2 Autoclave repair.

In October the Company completed an agreement with AngloGold that provided São Bento the opportunity to explore and develop resources below the 30th Level. Throughout the year an extensive definition and exploration drilling program totaling in excess of 17,500 meters designed to both increase reserves and extend the resource base was successfully completed. The results of the drilling program will be incorporated in an updated reserve and resource estimate for 2003.

2

In light of drilling results the Company is actively considering a shaft deepening program at São Bento designed to facilitate mining both above and below the mine's 30th Level.

The decision regarding a shaft deepening will be made in March 2003.

Kisladag

The planned 2002 work plan for Kisladag was completed on schedule and within budget. At year end the estimated resource totals 7.9 M oz. Hatch & Associates, our engineers, remain on schedule to complete a full bankable Feasibility Study in March 2003. Permitting activities are proceeding in accordance with the development plan, accompanied by the completion of the Environmental Impact Assessment Study. The work plan for 2003 continues to be directed to complete engineering and permitting activities necessary for a construction decision by year-end.

Corporate

Mr. Earl W. Price was appointed Chief Financial Officer of the Company effective January 2, 2003. Mr. Price joined Eldorado in March 1997 as Senior Operations Controller and was appointed Vice President, Finance in October 2001.
