### Item 1.01. Entry into a Material Definitive Agreement

On January 11, 2008, Golden Cycle Gold Corporation, a Colorado corporation ( *Golden Cycle* or the *Company* ) entered into an Agreement and Plan of Merger dated January 11, 2008 ( *Agreement* ) with AngloGold Ashanti Limited, a corporation organized under the laws of the Republic of South Africa (the *Parent* ), AngloGold Ashanti USA Incorporated, a Delaware corporation, and GCGC LLC, a Colorado limited liability company and a direct wholly owned subsidiary of AngloGold Ashanti USA Incorporated (collectively, *AngloGold Ashanti* ).

Under the terms of the Agreement, Golden Cycle agreed to be acquired by AngloGold Ashanti through a transaction in which Golden Cycle's shareholders will receive consideration consisting of American Depositary Shares (each, an *ADS* ) of Parent under the terms and subject to the conditions set forth in the Agreement (the *Transaction* ).

The Board of Directors of Golden Cycle, upon determination of the fairness from a financial point of view of the Transaction by PI Financial (US) Corp., has determined that the Transaction is in the best interests of Golden Cycle and its shareholders and has agreed to recommend that Golden Cycle shareholders approve the Transaction.

#### *Agreement and Plan of Merger*

Under the terms of the Agreement, it is proposed that the Transaction will be implemented as a statutory merger under Colorado law, pursuant to which Golden Cycle will merge with and into GCGC LLC.

Under the terms and subject to the conditions set forth in the Agreement (a) each issued and outstanding share of Golden Cycle common stock shall be automatically converted into the right to receive 0.29 (the *Exchange Ratio* ) ADSs rounded up to the next whole ADS, with each whole ADS representing one ordinary share, par value 25 South African cents per share, of Parent; and (b) each unexpired and unexercised option to purchase Golden Cycle common stock granted under Golden Cycle stock option plans, whether vested or unvested, to be automatically converted into an option to purchase a number of ADSs equal to the number of Golden Cycle shares that could have been purchased (assuming full vesting) under such option multiplied by the Exchange Ratio (rounded down to the nearest whole number of ADSs) at a price per ADS equal to the per-share option exercise price specified in the Golden Cycle option divided by the Exchange Ratio (rounded up to the nearest whole cent). Such substituted option shall otherwise be subject to the same terms and conditions as the option to purchase Golden Cycle shares that it was issued in respect of.

Each of Golden Cycle and AngloGold Ashanti has made customary representations, warranties and covenants in the Agreement.

The Transaction is subject to mutual customary conditions to closing, including: (i) Golden Cycle obtaining approval by two-thirds of its shareholders entitled to vote; (ii) no governmental action, suit or proceeding that would prohibit, restrain, enjoin or restrict the consummation of the Transaction; (iii) a Form F-4 registration statement shall have become effective in accordance with the provisions of the Securities Act of 1933, as amended; (iv) ADSs to be issued in the Transaction shall have been approved for listing on the New York Stock Exchange; and (v) governmental approvals shall have been obtained or applicable waiting periods shall have expired (including the approval of the South African Reserve Bank).

AngloGold Ashanti's obligation to close the Transaction is subject to the additional customary conditions to closing, including: (i) no breach of a representation or warranty by Golden Cycle that would give rise, in aggregate to a Material Adverse Effect (as defined in the Agreement); (ii) no Material Adverse Effect shall have occurred to Golden Cycle (not caused by or within the control of AngloGold Ashanti); (iii) Golden Cycle shall have performed or complied in all material respects with each of its obligations under the Agreement; (iv) delivery of tax representations and opinions, auditor comfort letters and officers' certificates; and (v) evidence reasonably satisfactory to AngloGold Ashanti that the aggregate amount of all unpaid costs and expenses incurred by Golden Cycle in connection with the Agreement and the Transactions at closing is not in excess of \$200,000. Golden Cycle's obligation to close the Transaction is subject to the additional customary conditions to closing, including: (i) no breach of a representation or warrant by AngloGold Ashanti that would give rise in the aggregate to a Material Adverse Effect; (ii) AngloGold Ashanti shall have performed or complied in all material respects with each of its obligations under the Agreement; and (iii) delivery of tax representations and opinions, auditor comfort letters and officers' certificates.

The Agreement contains a no shop restriction on Golden Cycle's ability to solicit third party proposals, provide information to and engage in discussions and negotiations with third parties. The no shop provision is subject to a fiduciary out provision that allows Golden Cycle, under certain circumstances and in compliance with certain obligations, to provide information and participate in discussions and negotiations with respect to written third party acquisition proposals submitted after the date of the Agreement that the Board of Directors believes in good faith to be bona fide and determines in good faith, after consultation with its financial advisors and outside counsel, constitutes a Superior Proposal, as defined in the Agreement. Under limited circumstances and subject to certain conditions, Golden Cycle may make an Adverse Recommendation Change (as defined in the Agreement) if: (i) Golden Cycle receives a bona fide written acquisition proposal from a third party (and such acquisition proposal was not initiated, solicited or knowingly encouraged or facilitated in violation of the Agreement), (ii) the Board of Directors of Golden Cycle determines in good faith, after consultation with its financial advisors and outside counsel, that such acquisition proposal constitutes a Superior Proposal and (iii) Golden Cycle provides written notice to AngloGold Ashanti advising that it is contemplating making such an Adverse Recommendation Change and specifying the material facts and information constituting the basis for such contemplated determination; *provided that* prior to making an Adverse Recommendation Change, at the request of AngloGold Ashanti, during a four business day period, Golden Cycle shall negotiate in good faith with respect to any changes or modifications to the Agreement which would allow the Board of Directors of Golden Cycle not to make such Adverse Recommendation Change consistent with its fiduciary duties. Notwithstanding an Adverse Recommendation Change, Golden Cycle shall submit the Agreement to its shareholders at the shareholder meeting for the purpose of adopting the Agreement, with such disclosures as shall be required by applicable law.

Either party may terminate the Agreement (i) by mutual agreement, (ii) if the Transaction has not closed on or before June 30, 2008, provided that such party has fulfilled its obligations under the Agreement; (iii) any governmental action, suit or proceeding would prohibit, restrain, enjoin or restrict the consummation of the Transaction; or (iv) Golden Cycle shareholders fail to approve the Transaction. AngloGold Ashanti may terminate the Agreement under certain circumstances, including if: (i) Golden Cycle's Board of Directors makes an Adverse Recommendation Change; (ii) Golden Cycle breaches its no shop obligations; (iii) Golden Cycle breaches a representation or warranty giving rise to a Material Adverse Effect; (iv) a Material Adverse Effect occurs with respect to Golden Cycle (not caused by or within the control of AngloGold Ashanti); and (v) Golden Cycle fails to satisfy its conditions to closing. Golden

---

Cycle may terminate the Agreement under certain circumstances, including if: (i) AngloGold Ashanti breaches a representation or warranty giving rise to a Material Adverse Effect; or (ii) Golden Cycle accepts a Superior Proposal and pays the break fee described below.

In connection with a termination of the Agreement, (a) Golden Cycle may be required to pay a fee of \$5,760,000 to AngloGold Ashanti if: (i) the Transaction has not closed on or before June 30, 2008, provided that AngloGold Ashanti has fulfilled its obligations under the Agreement and is prepared to close; (ii) Golden Cycle has breached its no-shop covenants or obligation to hold a shareholder meeting; (iii) Golden Cycle terminates to accept a Superior Proposal; (iv) Golden Cycle's Board of Directors make an Adverse Recommendation Change, Golden Cycle shareholders fail to approve the Transaction or the Transaction has not closed before June 30, 2008 and, in each case, an acquisition transaction with respect to Golden Cycle is closed within 18 months of the termination of the Agreement; or (v) Golden Cycle breaches a representation or warranty giving rise to a Material Adverse Effect or fails to comply in all material respects with its covenants and agreements in the Agreement, or (b) AngloGold Ashanti may be required to pay a fee of \$1,440,000 to Golden Cycle if: (i) the Transaction has not closed on or before June 30, 2008, provided that Golden Cycle has fulfilled its obligations under the Agreement and is prepared to close or (ii) AngloGold Ashanti breaches a representation or warranty giving rise to a Material Adverse Effect or fails to comply in all material respects with its covenants and agreements in the Agreement. In addition, Golden Cycle shall pay AngloGold Ashanti the reasonable, documented costs and expenses incurred by AngloGold Ashanti in connection with the Agreement and the Transaction up to an amount equal to \$500,000 in the event that AngloGold Ashanti terminates the Agreement as the result of an Adverse Recommendation Change, which amount shall be credited towards any termination fee payable to AngloGold Ashanti in connection with such termination.

The foregoing description of the Agreement does not purport to be complete and is qualified in its entirety by reference to the Agreement. The Agreement is filed herewith as Exhibit 2.1 and is incorporated herein by reference. The Agreement has been included to provide investors and stockholders with information regarding its terms. It is not intended to provide any other factual information about Golden Cycle. The Agreement contains representations and warranties that the parties to the Agreement made to and solely for the benefit of each other, and the assertions embodied in such representations and warranties are qualified by information contained in confidential disclosure schedules that the parties exchanged in connection with execution of the Agreement. Accordingly, investors and stockholders should not rely on such representations and warranties as characterizations of the actual state of facts or circumstances, since they were only made as of the date of the Agreement and are modified in important part by the underlying disclosure schedules.
