INVITATION TO ANNUAL GENERAL MEETING OF SHAREHOLDERS

To Be Held On April 30, 2010

To the Shareholders of Noble Corporation:

The annual general meeting of shareholders of Noble Corporation, a Swiss corporation (the "Company"), will be held on April 30, 2010, at 3:00 p.m., local time, at the Parkhotel Zug, Industriestrasse 14, Zug, Switzerland.

Agenda Items

(1) Election of directors.

Proposal of the Board of Directors

The Board of Directors proposes that the directors set forth below be reelected for a three-year term that will expire in 2013:

Michael A. Cawley;
Gordon T. Hall; and
Jack E. Little.

(2) Extension of Board authority to issue authorized share capital.

Proposal of the Board of Directors

The Board of Directors proposes that our shareholders extend the Board's authority to issue authorized share capital up to a maximum of 50% of our existing registered share capital until April 29, 2012 and approve the amendment to Article 6 paragraph 1 of our Articles of Association accordingly.

(3) Regular return of capital in the form of a par value reduction.

Proposal of the Board of Directors

The Board of Directors proposes to pay a regular return of capital through a reduction of the par value of our shares in an amount equal to Swiss francs 0.52 per share, which is equal to approximately USD \$0.48 using the currency exchange rate as published by the Swiss National Bank on February 23, 2010 (1.0748 CHF/1.0 USD), and to pay such amount in four installments of Swiss francs 0.13 per share in August 2010, November 2010, February 2011 and May 2011. Actual distribution payments will be subject to the satisfaction of applicable Swiss law requirements and may vary due to fluctuations in the Swiss franc/U.S. dollar exchange rate between now and each distribution payment date. This reduction in the par value of our shares will have the effect of reducing the share capital of the Company by an aggregate amount of Swiss francs 143,658,160.36 (such amount subject to any adjustment based on the Company's actual share capital as of the time of the application to the Commercial Registry of the Canton of Zug for the registration of each portion of the regular capital reduction).

Table of Contents

(4) Special return of capital in the form of a par value reduction.

Proposal of the Board of Directors

The Board of Directors proposes to pay a special return of capital through a reduction of the par value of our shares in an amount equal to Swiss francs 0.56 per share, which is equal to approximately USD \$0.52 using the currency exchange rate as published by the Swiss National Bank on February 23, 2010 (1.0748 CHF/1.0 USD), and to pay such amount in August 2010. The actual distribution payment will be subject to the satisfaction of applicable Swiss law requirements and may vary due to fluctuations in the Swiss franc/U.S. dollar exchange rate between now and the distribution payment date. This special reduction in the par value of our shares will have the effect of reducing the share capital of the Company by an aggregate amount of Swiss francs 154,708,788.08 (such amount subject to any adjustment based on the Company's actual share capital as of the time of the application to the Commercial Registry of the Canton of Zug for the registration of the special capital reduction). The special return of capital will be paid in August 2010 together with the first installment of the regular return of capital described in agenda item (3) above.

(5) Ratification of appointment of PricewaterhouseCoopers LLP as independent registered public accounting firm for fiscal year 2010 and election of PricewaterhouseCoopers AG as statutory auditor.

Proposal of the Board of Directors

The Board of Directors proposes that our shareholders ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year 2010 and that PricewaterhouseCoopers AG be elected as the Company's statutory auditor pursuant to the Swiss Code of Obligations for a one-year term commencing on the date of the 2010 annual general meeting of shareholders and terminating on the date of the 2011 annual general meeting of shareholders.

(6) Approval of the 2009 Annual Report, the Consolidated Financial Statements of the Company for fiscal year 2009 and the Statutory Financial Statements of the Company for Extended Fiscal Year 2009.

Proposal of the Board of Directors

The Board of Directors proposes that our shareholders approve the 2009 Annual Report, the consolidated financial statements for fiscal year 2009 and the statutory financial statements for Extended Fiscal Year 2009 (the period since the incorporation on December 10, 2008 until December 31, 2009, the Extended Fiscal Year 2009).

(7) Discharge of the members of the Board of Directors and the executive officers for Extended Fiscal Year 2009.

Proposal of the Board of Directors

The Board of Directors proposes that our shareholders discharge the members of the Board of Directors and the executive officers from personal liability for Extended Fiscal Year 2009.

Organizational Matters

A copy of the proxy materials, including a proxy card, will be sent to each shareholder registered in the Company's share register as of the close of business, Eastern time, on March 5, 2010. Any additional shareholders who are registered with voting rights in the Company's share register as of the close of business, Eastern time, on April 12, 2010 or who notify the Company's Corporate Secretary in writing of their acquisition of shares by such time will

receive a copy of the proxy materials after April 12, 2010. Shareholders

who are not registered in the Company's share register as of the close of business, Eastern time, on March 5, 2010 or who have not notified the Company's Corporate Secretary in writing (mail to Noble Corporation, Attention: Corporate Secretary, Dorfstrasse 19A, 6340 Baar, Zug, Switzerland) of their acquisition of shares by such time will not be entitled to attend, vote or grant proxies to vote at, the 2010 annual general meeting. No shareholder will be entered in or removed from the Company's share register as a shareholder with voting rights between the close of business, Eastern time, on April 12, 2010 and the opening of business, Eastern time, on the day following the annual general meeting. Computershare Trust Company, N.A., as agent, which maintains the Company's share register, will, however, continue to register transfers of Noble Corporation shares in the share register in its capacity as transfer agent during this period.

Shareholders who are registered with voting rights in the Company's share register as of the close of business, Eastern time, on April 12, 2010 or who have notified the Company's Corporate Secretary in writing of their acquisition of shares by such time (and who have had their notice properly accepted by the Corporate Secretary) have the right to attend the annual general meeting and vote their shares, or may grant a proxy to vote on each of the proposals in this invitation and any other matter properly presented at the meeting for consideration to either the Company or the independent representative, Mr. Joachim Kloter, Kloter & Kohli Attorneys, by marking the proxy card appropriately, executing it in the space provided, dating it and returning it prior to close of business, Eastern time, on April 29, 2010 either to:

Shares of holders who are registered with voting rights in the Company's register as of the close of business, Eastern time, on April 12, 2010 or who have notified the Company's Corporate Secretary in writing of their acquisition of shares by such time (and who have had their notice properly accepted by the Corporate Secretary) and who have timely submitted a properly executed proxy card and specifically indicated their votes will be voted as indicated. The Company or the independent representative, as applicable, will vote shares of holders with voting rights who have timely submitted a properly executed proxy card and have not specifically indicated their votes (irrespective of whether a proxy has been granted to the Company or the independent representative) in the manner recommended by the Board of Directors.

If any other matters are properly presented at the meeting for consideration, the Company and the independent representative, as applicable, will vote on these matters in the manner recommended by the Board of Directors.

Shareholders who hold their shares in the name of a bank, broker or other nominee should follow the instructions provided by their bank, broker or nominee when voting their shares. Shareholders who hold their shares in the name of a bank, broker or other nominee and wish to vote in person at the meeting must obtain a valid proxy from the organization that holds their shares.

We may accept a proxy by any form of communication permitted by Swiss law and our Articles of Association.

Please note that shareholders attending the annual general meeting in person or by proxy are required to show their proxy card and proper identification on the day of the annual general meeting. In order to determine attendance correctly, any shareholder leaving the annual general meeting early or temporarily is requested to present such shareholder's proxy card and proper identification upon exit.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL GENERAL MEETING TO BE HELD ON APRIL 30, 2010.

**Our proxy statement and 2009 Annual Report are available at
*www.noblecorp.com/2010proxymaterials***

The U.S. Securities and Exchange Commission has adopted a Notice and Access rule that allows companies to deliver a Notice of Internet Availability of Proxy Materials (the Notice) to shareholders in lieu of a paper copy of the proxy statement, the glossy annual report to shareholders, which includes this proxy statement, our Annual Report on Form 10-K for the year ended December 31, 2009, and the 2009 statutory financials, including the audit reports on the 2009 consolidated financial statements and on the 2009 statutory financials (the 2009 Annual Report), and related materials (collectively, the proxy materials). Accordingly, on March 15, 2010, we will start mailing the Notice to our shareholders and will post our proxy materials on the website referenced in the Notice (*www.noblecorp.com/2010proxymaterials*).

The Notice will instruct you as to how you may access and review the information in the proxy materials. Alternatively, you may order a paper copy of the proxy materials at no charge by following the instructions provided in the Notice.

In addition, we intend to mail a paper copy of the proxy materials to any other shareholder who is a shareholder of record on April 12, 2010 but was not a shareholder on March 5, 2010.

PROXY STATEMENT

**For Annual General Meeting of Shareholders
To Be Held on April 30, 2010**

GENERAL

This proxy statement is furnished to shareholders of Noble Corporation, a Swiss company (Noble Switzerland), in connection with the solicitation by our board of directors (Board) of proxies for use at the annual general meeting of shareholders to be held on April 30, 2010 at 3:00 p.m., local time, at the Parkhotel Zug, Industriestrasse 14, Zug, Switzerland, and for the purposes set forth in the accompanying notice. The approximate date of first mailing of this proxy statement and the accompanying proxy or, in the case of participants in the Noble Drilling Corporation 401(k) Savings Plan, voting instruction card is March 15, 2010.

Background of the Company

In March 2009, Noble Corporation, a Cayman Islands company (Noble Cayman), completed a transaction pursuant to which Noble Cayman, by way of schemes of arrangement under Cayman Islands law, became a wholly owned subsidiary of Noble Switzerland (the Transaction). In the Transaction, Noble Switzerland issued one of its shares in exchange for each ordinary share of Noble Cayman. In addition, Noble Switzerland issued 15 million of its shares to Noble Cayman for future use to satisfy its obligations to deliver shares in connection with awards granted under its employee benefit plans and other corporate purposes. The Transaction effectively changed the place of incorporation of the publicly traded parent of the Noble group of companies from the Cayman Islands to Switzerland.

References to the Company, we, us, or our for periods before March 27, 2009 include Noble Cayman together with subsidiaries, unless the context indicates otherwise. References to the Company, we, us or our for periods from and after March 27, 2009 include Noble Switzerland together with its subsidiaries, unless the context indicates otherwise.

Proxies and Voting Instructions

A proxy card is being sent with this proxy statement to each holder of shares registered in the Company s register as of the close of business, Eastern time, on March 5, 2010. In addition, a proxy card will be sent with this proxy statement to each additional holder of shares who is registered with voting rights in the Company s register as of the close of business, Eastern time, on April 12, 2010 (which is effectively the record date for the meeting) or who notifies the Company s Corporate Secretary in writing of their acquisition of shares by such time. If you are registered as a shareholder in the Company s register as of the close of business, Eastern time, on April 12, 2010 or you have notified the Company s Corporate Secretary in writing of your acquisition of shares by such time (and your notice has been properly accepted by the Corporate Secretary), you may grant a proxy to vote on each of the proposals described in this proxy statement and any other matter properly presented at the meeting for consideration to either the Company or the independent representative, Mr. Joachim Kloter, Kloter & Kohli Attorneys, by marking your proxy card appropriately, executing it in the

Table of Contents

space provided, dating it and returning it prior to the close of business, Eastern time, on April 29, 2010 either to:

Noble Corporation
c/o The Altman Group
PO Box 268
Lyndhurst, NJ 07071-9902

or, if granting a proxy to the independent representative:

Mr. Joachim Kloter
c/o Kloter & Kohli Attorneys
Streulistrasse 28
P.O. Box
CH 8032 Zurich, Switzerland

Please sign, date and mail your proxy card in the envelope provided.

If you hold your shares in the name of a bank, broker or other nominee, you should follow the instructions provided by your bank, broker or nominee when voting your shares. In particular, if you hold your shares in street name through The Depository Trust Company (DTC), you should follow the procedures typically applicable to voting of securities beneficially held through DTC because Cede & Co., as nominee of DTC, has been registered with voting rights in the Company s share register with respect to such shares.

Although the Company is organized under Swiss law, the Company is subject to the SEC proxy requirements and the applicable corporate governance rules of the New York Stock Exchange, where its shares are listed, and has not imposed any restrictions on trading of its shares as a condition of voting at the annual general meeting. In particular, the Company has not imposed any share blocking or similar transfer restrictions of a type that might be associated with voting by holders of bearer shares or American Depositary Receipts and has not issued any bearer shares or American Depositary Receipts.

Under New York Stock Exchange rules, brokers who hold shares in street name for customers have the authority to vote on routine proposals when they have not received instructions from beneficial owners, but are precluded from exercising their voting discretion for proposals for non-routine matters. Proxies submitted by brokers without instructions from customers for these non-routine matters are referred to as broker non-votes. The proposal to pay a return of capital in the form of a par value reduction is a non-routine matter under New York Stock Exchange rules.

If you were a holder with voting rights on April 12, 2010 and have timely submitted a properly executed proxy card and specifically indicated your votes, your shares will be voted as indicated. If you were a holder with voting rights on April 12, 2010 and you have timely submitted a properly executed proxy card and have not specifically indicated your votes (irrespective of whether a proxy has been granted to the Company or the independent representative), the Company or the independent representative, as applicable, will vote your shares in the manner recommended by our Board.

There are no other matters that our Board intends to present, or has received proper notice that others will present, at the annual general meeting. If any other matters are properly presented at the meeting for consideration, the Company and the independent representative, as applicable, will vote any proxies submitted to them on these matters in the manner recommended by our Board.

You may revoke your proxy at any time prior to its exercise by:

giving written notice of the revocation to our Corporate Secretary, with respect to proxies granted to the Company, or to the independent representative at the address set forth above, with respect to proxies granted to the independent representative, in each case before April 30, 2010;

notifying our Corporate Secretary at least two hours before the time the meeting is scheduled to begin, with respect to proxies granted to the Company, or notifying the independent representative at least two

Table of Contents

hours before the time the meeting is scheduled to begin, with respect to proxies granted to the independent representative, and appearing at the annual general meeting and voting in person; or

properly completing and executing a later-dated proxy and delivering it to our Corporate Secretary or the independent representative, as applicable, at or before the meeting.

If you attend the annual general meeting in person without voting, this will not automatically revoke your proxy. If you revoke your proxy during the meeting, this will not affect any vote previously taken. If you hold shares through someone else, such as a bank, broker or other nominee, and you desire to revoke your proxy, you should follow the instructions provided by your bank, broker or other nominee.

If you were a participant in the Noble Drilling Corporation 401(k) Savings Plan as of the close of business, Eastern time, on March 5, 2010 or April 12, 2010, you should receive a voting instruction card. You can provide instructions to the plan trustee as to how to vote shares held in the plan by completing, signing, dating and mailing the voting instruction card in the postage-paid envelope.

Quorum

The presence of shareholders, in person or by proxy, holding at least a majority of the total shares entitled to vote at the annual general meeting will constitute a quorum for purposes of all proposals. For all proposals, abstentions and broker non-votes will be counted as present for purposes of determining whether there is a quorum.

Votes Required

Each share is entitled to one vote.

Approval of the proposal to reelect the three nominees named in the proxy statement as directors (**Agenda Item (1)**) requires the affirmative vote of a plurality of the votes cast in person or by proxy. The plurality requirement means that the director nominee with the most votes for a board seat is elected to that board seat.

Approval of the proposal to extend our Board's authority to issue authorized share capital (**Agenda Item (2)**) requires the affirmative vote of at least two-thirds of the shares represented at the annual general meeting and the absolute majority of the par value of such shares in person or by proxy.

Approval of each of the following proposals requires the affirmative vote of a majority of the votes cast at the annual general meeting in person or by proxy:

the proposal to pay a regular return of capital in the form of a par value reduction (**Agenda Item (3)**);

the proposal to pay a special return of capital in the form of a par value reduction (**Agenda Item (4)**);

the proposal to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2010 and to elect PricewaterhouseCoopers AG as the Company's statutory auditor for a one-year term (**Agenda Item (5)**);

the proposal to approve the 2009 Annual Report, the consolidated financial statements of the Company for fiscal year 2009 and the statutory financial statements of the Company for Extended Fiscal Year 2009 (**Agenda Item (6)**); and

the proposal to discharge the members of our Board and our executive officers for Extended Fiscal Year 2009 (**Agenda Item (7)**).

Abstentions and broker non-votes will have no effect on any of the proposals for **Agenda Item (1)** (the election of directors), **Agenda Item (3)** (regular return of capital in the form of a par value reduction), **Agenda Item (4)** (special return of capital in the form of a par value reduction), **Agenda Item (5)** (the ratification of appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year 2010 and election of PricewaterhouseCoopers AG as the Company's statutory auditor), **Agenda Item (6)** (the 2009 Annual Report, the consolidated financial statements of the Company for

Table of Contents

fiscal year 2009 and the statutory financial statements of the Company for Extended Fiscal Year 2009), and **Agenda Item (7)** (discharge of the members of our Board and our executive officers). The votes of any member of our Board or any of our executive officers will not be counted towards the proposal to discharge the members of our Board and our executive officers.

Abstentions and broker non-votes will be the equivalent of a vote against the proposal in **Agenda Item (2)** (extension of our Board's authority to issue authorized share capital).

Record Date

Only shareholders of record as of the close of business, Eastern time, on April 12, 2010 are entitled to notice of, to attend, and to vote or to grant proxies to vote at, the annual general meeting. No shareholder will be entered in or removed from the Company's share register with voting rights between the close of business, Eastern time, on April 12, 2010 and the opening of business, Eastern time, on the day following the annual general meeting.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Articles of Association provide for three classes of directors, with approximately one-third of the directors constituting our Board being elected each year to serve a three-year term. Three directors compose the class whose term expires at the 2010 annual general meeting: Michael A. Cawley, Gordon T. Hall and Jack E. Little.

The nominating and corporate governance committee of our Board has approved, and our Board has unanimously nominated, Mr. Cawley, Mr. Hall and Mr. Little for re-election as directors of the Company to serve three-year terms expiring in 2013.

The directors nominated for re-election at the annual general meeting will be elected by a plurality of the votes cast by the shareholders present in person or by proxy at the meeting. All duly submitted and unrevoked proxies will be voted for the nominees nominated by our Board, except where authorization so to vote is withheld.

Recommendation

Our Board unanimously recommends that shareholders vote FOR the re-election of its nominees for director.

Information about the directors nominated for re-election at the annual general meeting, and the directors whose terms do not expire at the annual general meeting, is presented below. When assessing the qualifications of a particular person to serve as a director, our nominating and corporate governance committee and our Board consider an individual candidate's experience as well as the collective experiences of our Board members taken as a whole. The members of our Board, including the directors nominated for re-election, have a variety of experiences and attributes that qualify them to serve on our Board, including accounting, finance and legal experience, extensive senior management experience in the energy industry, including oil and gas and offshore drilling, and experience as directors of other public companies. Certain members also possess valuable historical knowledge of the Company and our industry by virtue of their previous service on our Board.

Table of Contents

NOMINEES FOR DIRECTORS

Michael A. Cawley,
age 62, director since 1985

Mr. Cawley has served as President and Chief Executive Officer of The Samuel Roberts Noble Foundation, Inc., a not-for-profit corporation (the Noble Foundation), since February 1992, after serving as Executive Vice President of the Noble Foundation since January 1991. Ms. Ricciardello's current principal occupation is as a certified public accountant, and she has not held a principal employment since leaving her positions with Reliant Energy, Inc. and Reliant Resources, Inc. in August 2002. Ms. Ricciardello is also a director of U.S. Concrete, Inc. and Devon Energy Corporation. Ms. Ricciardello brings to our Board extensive accounting experience and experience from service on the boards of multiple public companies.

Jon A. Marshall,
age 57, director since 2009

Mr. Marshall served as President and Chief Operating Officer of Transocean Inc. from November 2007 to May 2008, and immediately prior to that served as Chief Executive Officer of GlobalSantaFe Corporation from May 2003 until November 2007, when GlobalSantaFe merged with Transocean. Transocean is an offshore drilling contractor. Mr. Marshall has not held a principal employment since leaving his position with Transocean. Mr. Marshall also serves as a director of two non-profit organizations. Mr. Marshall brings to our Board experience in executive positions and experience as a director for public offshore drilling companies.

Class Whose Term Expires In 2012

Julie H. Edwards,
age 51, director since 2006

Ms. Edwards served as Senior Vice President of Corporate Development of Southern Union Company from November 2006 to January 2007, and immediately prior to that served as its Senior Vice President and Chief Financial Officer from July 2005 to November 2006. Southern Union is primarily engaged in the transportation and distribution of natural gas. Prior to joining Southern Union, Ms. Edwards served as Executive Vice President - Finance and Administration and Chief Financial Officer for Frontier Oil Corporation in Houston since 2000. She joined Frontier Oil in 1991 as Vice President - Secretary and Treasurer after serving as Vice President of Corporate Finance for Smith Barney, Harris, Upham & Co., Inc., New York and Houston, from 1988 to 1991, after joining the company as an associate in 1985. Ms. Edwards has not held a principal employment since retiring from Southern Union. Ms. Edwards is also a director of ONEOK, Inc. and ONEOK Partners GP, L.L.C. Ms. Edwards served as a director of the NATCO Group, Inc. from 2004 until its merger with Cameron International Corporation in 2009. Ms. Edwards brings to our Board experience in finance and senior management positions for multiple energy companies and experience as a director of several public companies.

Marc E. Leland,
age 71, director since 1994

Mr. Leland has served since 1984 as President of Marc E. Leland & Associates, Inc., a company engaged in the business of providing financial advisory services. During his career, Mr. Leland has served as Assistant Secretary of the Treasury for International Affairs, Senior Advisor at the Mutual Balanced Force Reduction Negotiations in Vienna, Austria, a partner in the law firms of Proskauer, Rose, Goetz & Mendelsohn and Cerf, Robinson & Leland, General Counsel to the Peace Corps, a faculty fellow at Harvard Law School and a Ford Foundation fellow at the Institute of Comparative Law in Paris, France. Mr. Leland has previously served as a director of numerous public companies, including Avon Products, Inc. and S.G. Warburg & Co. Mr. Leland also serves as a Co-Chairman of the German Marshall Fund and as a Chairman of the United States Institute of Peace Advisory Board. Mr. Leland brings to our Board a strong financial and legal background and knowledge of the drilling industry and the Company by virtue of his service as a director of the Company for over 15 years.

David W. Williams,
age 52, director since 2008

Mr. Williams has served as Chairman, President and Chief Executive Officer of the Company since January 2, 2008. Mr. Williams served as Senior Vice President Business Development of Noble Drilling Services Inc., an indirect, wholly-owned subsidiary of the Company, from September 2006 to January 2007, as Senior Vice President Operations of Noble Drilling Services Inc. from January to April 2007, and as Senior Vice President and Chief Operating Officer of the Company from April 2007 to January 2, 2008. Prior to September 2006, Mr. Williams served for more than five years as Executive Vice President of Diamond Offshore Drilling, Inc., an offshore oil and gas drilling contractor. Mr. Williams brings to our Board extensive experience in senior management positions in the offshore drilling sector and knowledge of the Company and the industry by virtue of his position as President and Chief Executive Officer of the Company.

None of the corporations or other organizations in which our non-management directors carried on their respective principal occupations and employments or for which our non-management directors served as directors during the past five years is a parent, subsidiary or other affiliate of the Company.

ADDITIONAL INFORMATION REGARDING THE BOARD OF DIRECTORS

Board Independence

Our Board has determined that (a) each of Mr. Cawley, Mr. Chazen, Ms. Edwards, Mr. Hall, Mr. Leland, Mr. Little, Mr. Marshall and Ms. Ricciardello qualifies as an independent director under the New York Stock Exchange (NYSE) corporate governance rules and (b) each of Mr. Chazen, Ms. Edwards, Mr. Hall and Ms. Ricciardello, constituting all the members of the audit committee, qualifies as independent under Rule 10A-3 of the United States Securities Exchange Act of 1934, as amended (the Exchange Act). Independent non-management directors comprise in full the membership of each committee described below under Board Committees and Meetings.

In order for a director to be considered independent under the NYSE rules, our Board must affirmatively determine that the director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). The Company s corporate governance guidelines provide that a director will not be independent if, within the preceding three years,

the director was employed by the Company;

an immediate family member of the director was an executive officer of the Company;

the director or an immediate family member of the director received more than \$120,000 per year in direct compensation from the Company, other than director and committee fees and pension or other

7

Table of Contents

forms of deferred compensation for prior service (provided such service is not contingent in any way on continued service);

the director was affiliated with or employed by, or an immediate family member of the director was affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company;

the director or an immediate family member of the director was employed as an executive officer of another company where any of the Company's present executives serve on that company's compensation committee; or

the director is an executive officer or an employee, or an immediate family member of the director is an executive officer, of a company that made payments to, or received payments from, the Company for property or services in an amount which, in any single fiscal year, exceeded the greater of \$1 million or two percent of such other company's consolidated gross revenues.

The following will not be considered by our Board to be a material relationship that would impair a director's independence. If a director is an executive officer of, or beneficially owns in excess of 10 percent equity interest in, another company

that does business with the Company, and the amount of the annual payments to the Company is less than five percent of the annual consolidated gross revenues of the Company;

that does business with the Company, and the amount of the annual payments by the Company to such other company is less than five percent of the annual consolidated gross revenues of the Company; or

to which the Company was indebted at the end of its last fiscal year in an aggregate amount that is less than five percent of the consolidated assets of the Company.

For relationships not covered by the guidelines in the immediately preceding paragraph, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, is made by our directors who satisfy the independence guidelines described above. These independence guidelines used by our Board are set forth in our corporate governance guidelines, which are published under the governance section of our website at www.noblecorp.com.

In accordance with the Company's corporate governance guidelines, the non-management directors have chosen a lead director to preside at regularly scheduled executive sessions of our Board held without management present. Mr. Cawley currently serves as lead director. For more information, please read Board's Leadership Structure and Role in Risk Oversight.

Board Committees and Meetings

The Company has standing audit, compensation and nominating and corporate governance committees of our Board. Each of these committees operates under a written charter that has been adopted by the respective committee and by our Board. The charters are published under the governance section of the Company's website at www.noblecorp.com and are available in print to any shareholders who request them.

The current members of the committees, number of meetings held by each committee during 2009, and a description of the functions performed by each committee are set forth below:

Audit Committee (nine meetings). The current members of the audit committee are Mary P. Ricciardello, Chair, Lawrence J. Chazen, Julie H. Edwards and Gordon T. Hall. The primary responsibilities of the audit committee are to select and retain the Company's auditors (including review and approval of the terms of engagement and fees), to review with the auditors the Company's financial reports (and other financial information) provided to the SEC and the investing public, to prepare and publish an annual report for inclusion in this proxy statement, and to assist our Board with oversight of the following: integrity of the Company's financial statements; compliance by the Company with standards of business ethics and legal and regulatory requirements; qualifications and independence of the Company's independent auditors (including both our independent registered public accounting firm and our statutory auditors); and performance of the Company's

independent auditors and internal auditors. Our Board has determined that Ms. Ricciardello is an audit committee financial expert as that term is defined under the applicable SEC rules and regulations. The audit committee's report relating to 2009 begins on page 45 of this proxy statement.

Compensation Committee (six meetings). The current members of the compensation committee are Marc E. Leland, Chair, Michael A. Cawley, Jack E. Little and Jon A. Marshall. The primary responsibilities of the compensation committee are to discharge our Board's responsibilities relating to compensation of directors and executive officers, to assist our Board in reviewing and administering compensation, benefits, incentive and equity-based compensation plans, and to prepare an annual disclosure under the caption "Compensation Committee Report" for inclusion in the Company's proxy statement for its annual general meeting of shareholders. The compensation committee's report relating to 2009 appears on page 28 of this proxy statement.

Nominating and Corporate Governance Committee (four meetings). The current members of the nominating and corporate governance committee are Michael A. Cawley, Chair, Julie H. Edwards and Marc E. Leland. The primary responsibilities of the nominating and corporate governance committee are to assist our Board in reviewing, evaluating, selecting and recommending director nominees when one or more directors are to be appointed, elected or re-elected to our Board; to monitor, develop and recommend to our Board a set of principles, policies and practices relating to corporate governance; and to oversee the process by which our Board, our Chief Executive Officer and executive management are evaluated.

The nominating and corporate governance committee believes that directors should possess the highest personal and professional ethics, character, integrity and values; an inquisitive and objective perspective; practical wisdom; and mature judgment. Directors must be willing to devote sufficient time to discharging their duties and responsibilities effectively, and they should be committed to serving on our Board for an extended period of time. The nominating and corporate governance committee considers diversity in identifying nominees for director and endeavors to have a Board representing diverse experience in areas that will contribute to our Board's ability to perform its roles relating to oversight of the Company's business, strategy and risk exposure worldwide. Without limiting the generality of the preceding sentence, the nominating and corporate governance committee takes into account, among other things, the diversity of business, leadership and personal experience of Board candidates and determines how that experience will serve the best interests of the Company.

The nominating and corporate governance committee's process for identifying candidates includes seeking recommendations from one or more of the following: current and retired directors and executive officers of the Company; a firm (or firms) that specializes in identifying director candidates (which firm may earn a fee for its services paid by the Company); persons known to directors of the Company in accounting, legal and other professional service organizations or educational institutions; and, subject to compliance with applicable procedures, shareholders of the Company. The nominating and corporate governance committee's process for evaluating candidates includes investigation of the person's specific experiences and skills, time availability in light of commitments, potential conflicts of interest, and independence from management and the Company. Candidates recommended by a shareholder are evaluated in the same manner as are other candidates. We did not receive any recommendations from shareholders of the Company for director nominees for the annual general meeting.

Under the Company's policy on director attendance at annual general meetings of shareholders, all directors are expected to attend each annual general meeting, and any director who should become unable to attend the annual general meeting is responsible for notifying the Chairman of the Board in advance of the meeting. At the date of this proxy statement, we know of no director who will not attend the annual general meeting. In 2009, all directors attended the general meeting of shareholders held on May 28, 2009 and the extraordinary general meeting of shareholders held on October 29, 2009.

In 2009, our Board held five meetings. In 2009, each director attended at least 75% of the aggregate of (1) the total number of meetings of our Board and (2) the total number of meetings of committees of our Board on which such director served (during the periods that such director served).

Table of Contents

Our By-laws provide that our Board will select from among its members one Chairman, and since January 2008 David W. Williams has held both the positions of Chairman and Chief Executive Officer of the Company. For much of our corporate history, our Chief Executive Officer has also served as Chairman. This Board leadership structure has served the Company and our shareholders well and is commonly used by other companies whose securities are publicly traded in the United States.

Our Articles of Association provide our Board the flexibility either to combine or to separate the positions of Chairman and Chief Executive Officer. Our Board believes it is in the best interests of the Company and our shareholders for our Board to have the flexibility to determine the best director to serve as Chairman, whether such director is an independent director or our Chief Executive Officer. At the current time, our Board believes that the Company and our shareholders are best served by having the Chief Executive Officer also serve as Chairman. The Chief Executive Officer bears the primary responsibility for managing our day-to-day business, and our Board believes that he is the person who is best suited to chair Board meetings and ensure that key business issues and shareholder interests are brought to the attention of our Board.

Our Board believes that the Company and our shareholders are best served when directors are free to exercise their respective independent judgment to determine what leadership structure works best for us based upon the then current facts and circumstances. Although our Board may determine to separate the positions of Chairman and Chief Executive Officer in the future should circumstances change, for the foreseeable future we believe that combining these positions in an individual with extensive experience in the drilling industry, together with a lead director and Board committees chaired by independent directors as described below, is the right leadership structure for our Board.

In addition to Mr. Williams, our Board has eight (8) board members, all of whom are independent under the NYSE corporate governance rules as described under [Additional Information Regarding the Board of Directors](#) [Board Independence](#). Pursuant to our corporate governance guidelines, our non-management directors meet in executive sessions without our Chief Executive Officer or any other management present in connection with each regularly scheduled meeting of our Board. In accordance with our corporate governance guidelines, our non-management directors have chosen Mr. Cawley to serve as lead director and to preside at regularly scheduled executive sessions of our Board and at any other Board meeting held without management present. The lead director is also responsible for approving information sent to our Board, including meeting agendas and meeting schedules for our Board, and for acting as the principal conduit for the communication of information from the non-management directors to our Chief Executive Officer.

In addition, each of our Board's three standing committees, the audit committee, the compensation committee and the nominating and corporate governance committee, is composed of independent directors and each has a non-management, independent Board member acting as chair

To provide ongoing reviews of the effectiveness of our Board, including the effectiveness of our Board leadership structure, our corporate governance guidelines provide for annual assessments by Board members of the effectiveness of our Board and of our Board committees on which such members serve.

Consistent with our Articles of Association, By-laws and corporate governance guidelines, our Board is responsible for determining the ultimate direction of our business, determining the principles of our business strategy and policies and promoting the long-term interests of the Company. Our Board possesses and exercises oversight authority over our business and, subject to our governing documents and applicable law, generally delegates day-to-day management of the Company to our Chief Executive Officer and our executive management. Viewed from this perspective, our Board generally oversees risk management, and the Chief Executive Officer and other members of executive management generally manage the material risks that we face.

Pursuant to the requirements of laws, rules and regulations that apply to companies whose securities are publicly traded in the United States, as described under **Additional Information Regarding the Board of Directors Board Committees and Meetings**, our audit committee assists our Board in oversight of the integrity of the Company's financial statements, our compliance with standards of business ethics and legal and regulatory requirements and various matters relating to our publicly available financial information and

our internal and independent auditors. Certain risks associated with the performance of our executive management fall within the authority of our nominating and corporate governance committee, which is responsible for evaluating potential conflicts of interest and independence of directors and Board candidates, monitoring and developing corporate governance principles and overseeing the process by which our Board, our Chief Executive Officer and our executive management are evaluated. Risks associated with retaining executive management fall within the scope of the authority of our compensation committee, which assists our Board in reviewing and administering compensation, benefits, incentive and equity-based compensation plans.

Responsibility for risk oversight that does not fall within the scope of authority of our three standing Board committees rests with our entire Board. Our Board also has the responsibility for monitoring and assessing any potential material risks identified by its committees, or otherwise ensuring management is monitoring and assessing, and, to the extent appropriate, mitigating such risks. Risks falling within this area include but are not limited to general business and industry risks, operating risks, financial risks and compliance risks that we face. We have not concentrated within our executive management responsibility for all risk management in a single risk management officer within our executive management, but rather we rely on a management steering committee to administer an enterprise risk management (ERM) system that is designed to ensure that the most significant risks to the Company, on a consolidated basis, are being managed and monitored appropriately. Through the ERM system, the steering committee:

clarifies the universe of risks that we face;

assesses processes and participants for identifying risk;

determines the Company's risk appetite and approves mitigation strategies and responsibilities;

attempts to ensure top risk areas are addressed and managed where possible;

works with any committee member or their designees to assist in evaluation of risks that may be of concern to the Board or a committee of the Board; and

makes regular reports to our Board on management's assessment of exposure to risk and steps management has taken to monitor and deal with such exposure.

Our Board monitors the ERM and other risk management information provided to it and provides feedback to management from time to time that may be used to better align risk management practices and systems with the risk philosophy and risk tolerances of our Board.

Shareholder Communications with Directors

Our Board has approved the following process for shareholders and other security holders of the Company and interested parties to send communications to our Board. To contact all directors on our Board, all directors on a Board committee, an individual director, or the non-management directors of our Board as a group, the shareholder, other security holder or interested party can:

mail Noble Corporation, Attention: Corporate Secretary, at Dorfstrasse 19A, 6430 Baar, Zug, Switzerland;

e-mail nobleboard@noblecorp.com; or

telephone the NobleLine (toll-free and anonymous, available 24 hours a day, seven days a week) at +1 877-285-4162.

All communications received in the mail are opened by the office of the Company's Secretary for the purpose of determining whether the contents represent a message to our Board. All communications received electronically are processed under the oversight of our Board by the Company's general counsel or chief compliance officer. Complaints or concerns relating to the Company's accounting, internal accounting controls, or auditing matters are referred to the audit committee of our Board. Complaints or concerns relating to other corporate matters, which are not addressed to a specific director, are referred to the appropriate functional manager within the Company for review and response. A summary of the incoming contact and the manager's

response is reported to our Board. Complaints or concerns relating to corporate matters other than the specific items referred to the audit committee as described above, which are addressed to a specific director, committee of our Board, or group of directors, are promptly relayed to such persons.

Director Education

We provide our directors with information and materials that are designed to assist them in performing their duties as directors. We provide director manuals, periodic presentations on new developments in relevant areas, such as legal and accounting matters, as well as opportunities to attend director education programs at the Company's expense. Our director manual contains important information about the Company and the responsibilities of our directors, including: our Articles of Association and By-laws; guidelines for assignments regarding standing committees of our Board; the charter for each of our Board committees; a summary of laws and regulations regarding compliance with insider reporting and trading; our code of business conduct and ethics; corporate directors' guidebooks published by such organizations as the American Bar Association Section of Business Law, National Association of Corporate Directors, and American Society of Corporate Secretaries; a statement of the Company paradigms that govern how we conduct our business; and our safety policy and quality policy and objectives.

POLICIES AND PROCEDURES RELATING TO TRANSACTIONS WITH RELATED PERSONS

Transactions with related persons are reviewed, approved or ratified in accordance with the policies and procedures set forth in our code of business conduct and ethics and our administrative policy manual, the procedures described below for director and officer questionnaires, and the other procedures described below.

Our code of business conduct and ethics provides that conflicts of interest are prohibited as a matter of Company policy. Under such code of business conduct and ethics, any employee, officer or director who becomes aware of a conflict, potential conflict or an uncertainty as to whether a conflict exists should bring the matter to the attention of a supervisor, manager or other appropriate personnel. Our Board and its senior management review all reported relationships and transactions in which the Company and any director, officer or family member of a director or officer are participants to determine whether an actual or potential conflict of interest exists. Our Board may approve or ratify any such relationship or transaction if our Board determines that such relationship or transaction is in our best interests (or not inconsistent with our best interests) and the best interests of our shareholders. A conflict of interest exists when an individual's personal interest is adverse to or otherwise in conflict with the interests of the Company. Our code of business conduct and ethics sets forth several examples of how conflicts of interest may arise, including when

an employee, officer or director or a member of his or her family receives improper personal benefits because of such employee's, officer's or director's position in the Company;

a loan by the Company to, or a guarantee by the Company of an obligation of, an employee or his or her family member is made;

an employee works for or has any direct or indirect business connection with any of our competitors, customers or suppliers; or

Company assets and properties are used for personal gain or Company business opportunities are usurped for personal gain.

In addition, our administrative policy manual, which applies to all our employees, defines some additional examples of what the Company considers to be a conflict of interest, including when

subject to certain limited exceptions, an employee or consultant or any member of his or her immediate family has an interest in any business entity that deals with the Company where there is an opportunity for preferential treatment to be given or received;

Table of Contents

an employee or consultant serves as an officer, a director, or in any management capacity of another business entity directly or indirectly related to the contract drilling or energy services industries without specific authority from our Board;

an employee or consultant or any member of his or her immediate family buys, sells or leases any kind of property, facilities or equipment from or to the Company or any of its subsidiaries or to any business entity or individual who is or is seeking to become a contractor, supplier or customer, without specific authority from our Board; or

subject to certain limited exceptions, an employee or consultant or any member of his or her immediate family accepts gifts, payments, extravagant entertainment, services or loans in any form from anyone soliciting business, or who may already have established business relations, with the Company.

Each year we require all our directors, nominees for director and executive officers to complete and sign a questionnaire in connection with the solicitation of proxies for use at our annual general meeting of shareholders. The purpose of the questionnaire is to obtain information, including information regarding transactions with related persons, for inclusion in our proxy statement or annual report.

In addition, we review SEC filings made by beneficial owners of more than five percent of any class of our voting securities to determine whether information relating to transactions with such persons needs to be included in our proxy statement or annual report.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Board Process and Independent Review of Compensation Program

The compensation committee of our Board is responsible for determining the compensation of our directors and executive officers and for establishing, implementing and monitoring adherence to our executive compensation philosophy. The compensation committee provides guidance to our Board in reviewing and administering the compensation programs, benefits, incentive and equity-based compensation plans. The compensation committee operates independently of management and receives compensation advice and data from outside independent advisors.

In addition, the compensation committee may delegate its authority to an officer of the Company to administer certain compensation or benefit plans subject to restrictions that may be placed upon the administration and operation of those plans. This includes oversight of any restrictions that may be placed upon participants in the plans by the committee, the plan terms or associated regulations. In addition, the compensation committee may form one or more subcommittees and delegate its authority to any such subcommittee, as it deems appropriate.

The compensation committee charter authorizes the committee to retain and terminate, as the committee deems necessary, independent advisors to provide advice and evaluation of the compensation of directors or executive officers, or other matters relating to compensation, benefits, incentive and equity-based compensation plans and corporate performance. The compensation committee is further authorized to approve the fees and retention terms of any independent advisor that it retains. For 2009, the compensation committee engaged Pearl Meyer & Partners, an independent consulting firm, to serve as the committee's compensation consultant.

The compensation consultant reports to and acts at the direction of the compensation committee and is independent of management. The compensation consultant provides comparative market data regarding executive and director compensation for comparative purposes to assist in establishing reference points for the principal components of compensation. The compensation consultant also provides information regarding compensation trends in the general marketplace, compensation practices of the direct peer and broad energy peer benchmarking groups described below, and regulatory and compliance developments. The compensation consultant is instructed to validate certain data that our Administration Department submits to our compensation committee regarding various aspects of compensation for our employees, executive officers and directors. The compensation consultant regularly participates in the meetings of the compensation committee and meets privately with the committee at the committee's request.

In determining compensation for our Chief Executive Officer, the compensation committee evaluates and assesses his performance related to leadership, financial and operating results, board relations, and other considerations. The compensation consultant provides market information and perspectives on market-based adjustments, which are included in the committee's decision making process. The compensation committee incorporates these considerations, as well as compensation market information, into its adjustment decisions.

In determining compensation for executive officers other than our Chief Executive Officer, our Chief Executive Officer works with the compensation consultant and our Executive Vice President to review compensation market information and prior compensation decisions and to recommend compensation adjustments to the compensation committee at its last meeting of each year (October) and first meeting of each year (late January or early February). Our Chief Executive Officer and Executive Vice President may attend compensation committee meetings at the request of the committee, except when the compensation of such individuals is being discussed. The compensation

committee reviews with, and recommends to our Board for approval, all compensation for the named executive officers.

Compensation Philosophy

The Company believes that its executive compensation program reflects the Company's philosophy that executive compensation should be structured so as to closely align each executive's interests with the interests

Table of Contents

of our shareholders. The program is designed to emphasize equity-based incentive and performance-based pay and, in order to promote an atmosphere of teamwork, fairness and motivation, these concepts extend beyond the named executive officers to other key employees throughout the Company. The primary objectives of the Company's total compensation package are to:

motivate our executives to assist the Company in achieving certain operating and financial performance goals that enhance long-term shareholder value,

reward outstanding performance in achieving these goals without subjecting the Company to excessive or unnecessary risk and

establish and maintain a competitive executive compensation program that enables the Company to attract, retain and motivate experienced and highly capable executives who will contribute to the long-term success of the Company.

When used in this Compensation Discussion and Analysis section, the term "named executive officers" means those persons listed in the Summary Compensation Table set forth on page 29.

Consistent with this philosophy, we seek to provide a total compensation package for the named executive officers that is competitive with those of the companies in the direct peer and broad energy peer benchmarking groups described below. This practice, which is consistent with our stated compensation philosophy, is structured such that a substantial portion of total compensation is subject to company, individual and share price performance. In designing these compensation packages, the compensation committee annually reviews each compensation component and compares its use and level to various internal and external performance standards and market reference points.

Executive Compensation Program Design

In order to accomplish the objectives of our compensation program, we include in the compensation of our executive officers a substantial amount of equity-based incentives and performance-based pay. The amount of total compensation attributable to equity-based incentives or performance-based pay is determined annually based on the analysis of competitive data. Equity-based incentives and performance-based pay constituted a substantial portion of the compensation package of our currently employed named executive officers during the year ended December 31, 2009. The compensation package is designed such that a majority of the compensation is at risk, as highlighted in the table below.

- (3) The percentages represent the sum of time-vested restricted stock awards divided by Total Compensation (as defined in this table).

We believe that our executive officers should be fairly compensated each year relative to market pay levels of our peer groups and internal equity within the Company. We generally do not take into account gains on previously awarded compensation from the Company, such as gains from previously awarded stock options, in setting other elements of compensation, such as base pay, short-term incentive award payments, long-term incentive awards or retirement and other benefits. For newly-hired executive officers, we take into account

Table of Contents

their prior base salary and performance and incentive based pay, as well as the contribution expected to be made by the new executive officer and the responsibilities and duties of the executive officer with us.

Compensation Program Peer Groups

We compete for talent with employers across many different sectors around the world, but our primary competitive market generally includes other companies in the energy industry, such as offshore drilling companies, oilfield service companies and oil and gas exploration and production companies. In making compensation decisions for our named executive officers, each element of their total direct compensation is compared against published compensation data and data provided by the compensation consultant. For 2009, the peer groups of companies approved by our compensation committee and used as external benchmarks for comparing each component of executive compensation were as follows:

Direct Peer Group

Rationale: Provides market data on companies that are very similar to us in terms of business activities, operations and revenue size

Companies included are:

- Diamond Offshore Drilling, Inc.
- EnSCO International plc.
- Helmerich & Payne, Inc.
- Nabors Industries Ltd.
- Pride International, Inc.
- Rowan Companies, Inc.
- Transocean Ltd.

Broad Energy Peer Group

Rationale: Provides market data on companies that are similar to us in terms of competition for executive talent, energy industry knowledge, operations and revenue size

Companies included are:

- Baker Hughes Inc.
- BJ Services Company
- Cabot Oil & Gas Corporation
- Cameron International Corporation
- Chicago Bridge & Iron Company
- Cimarex Energy Company
- El Paso Corporation
- Equitable Resources, Inc.
- FMC Technologies Inc.
- Forest Oil Corporation
- Noble Energy, Inc.
- Pioneer Natural Resources Company
- Plains Exploration & Production Company
- Schlumberger Ltd.
- Southwestern Energy Company
- St. Mary Land & Exploration Company

We also measure achievement of performance goals, which is required for determining vesting of our performance-based restricted shares, against the Dow Jones U.S. Oil Equipment & Services Index (the DJ Index). For more details, see *How Amounts for Compensation Components are Determined-2009 Long-Term Incentives*.

Data from peer groups play an important role in the process used by the compensation committee to determine the design, components and award levels in our executive pay programs. The compensation committee endeavors to conduct a review of the compensation program, including treatment of each named executive officer, on an annual

basis to ensure that our compensation program works as designed and intended and in light of current market conditions. In late 2009, the compensation committee engaged its compensation consultant to review the annual and long-term operation of the compensation program, the use of peer groups and the DJ Index, the accounting methodology and the overall process of establishing each year's equity awards. These reviews by the compensation committee also facilitate discussion among the members of the compensation committee regarding all our compensation and benefit programs.

Grants and awards of long-term incentives ensure a longer term focus and facilitate share ownership for named executive officers.

The compensation committee believes that the named executive officers' awards under the 1991 Plan for 2009 are consistent with our objectives.

Our long-term incentives consist of:

Performance-vested restricted share or restricted stock unit awards designed to recognize total shareholder return relative to industry peers,

Time-vested restricted share or restricted stock unit awards that facilitate retention of the named executive officer and a focus on longer term share price appreciation, and

Retirement and Other Benefits	Our retirement programs provide retirement income benefits to participants. These retirement programs and certain other benefits are discussed in further detail under the caption Retirement and Other Benefits.	The compensation committee believes that these retirement programs and other benefits assist in maintaining a competitive position in attracting and retaining officers and other employees.
Change of Control Employment Agreements	We enter into these agreements with our named executive officers and certain other key employees in an effort to attract and retain executive talent and to ensure their actions align with the interests of the Company and its shareholders in the event of a change of control. These agreements are discussed in further detail under the caption Potential Payments on Termination or Change of Control Change of Control Employment Agreements.	The compensation committee believes that these agreements assist in maintaining a competitive position in attracting and retaining officers and other key employees and aligning their interests with the interests of the Company and its shareholders in the event of a change of control.

When targeting a percentile of the Direct Peer Group, the compensation committee benchmarks compensation by (i) ranking our named executive officers in relation to total compensation paid and comparing the named executive officers to individuals in like positions in companies included in the Direct Peer Group and (ii) comparing compensation of the named executive officers to the compensation of individuals in like positions in the companies included in the Direct Peer Group, where sufficient data for such a comparison are available. When targeting a percentile of the Broad Energy Peer Group, the compensation committee benchmarks compensation of the named

executive officers to the compensation of individuals in like positions in the companies included in the Broad Energy Peer Group. Where sufficient data for individuals in like positions is unavailable, the compensation committee may supplement the data from our peer groups with other published compensation data.

We use regression analysis in evaluating compensation benchmarking data because of variances in size among companies comprising the Compensation Peer Group, which consists of a combination of the Direct Peer Group and the Broad Energy Peer Group. Thus, where applicable, adjusted values are used as the basis of comparison of compensation between our named executive officers and those of the Compensation Peer Group.

How Amounts for Compensation Components are Determined

2009 Base Salary. Base salary levels of the named executive officers were determined based on a combination of factors, including our compensation philosophy, market compensation data, competition for key executive talent, the named executive officer's experience, leadership, prior achievement of specified

Table of Contents

business objectives and prior contribution to the Company's success, the Company's overall annual budget for merit increases and the named executive officer's individual performance in the prior year. The compensation committee conducts an annual review of the base salaries of named executive officers by taking into account these factors.

Base salary was increased for Mr. Williams, Ms. Robertson and Mr. Mitchell in February 2009 in connection with the compensation committee's annual review of base salaries. Base salary was increased for Mr. Turcotte effective May 2009 in connection with the compensation committee's review of his salary since joining the Company in December 2008. As in 2008, the compensation committee continued to focus on the heightened competition for executives in the energy market in 2009.

For the named executive officers serving the Company at December 31, 2009, base salary at that date ranged from the 24th percentile to the 76th percentile of the market of like positions within the Compensation Peer Group.

Effective February 6, 2010, the Board approved 2010 base salaries for our named executive officers as follows: Mr. Williams \$1,000,000; Ms. Robertson \$495,000; Mr. Mitchell \$459,000; Mr. Turcotte \$385,000; and Mr. Marks \$327,000.

The compensation committee does not necessarily target base salary at any particular percentage of total compensation. Instead, base salary increases for each individual are generally determined by considering the factors set forth above. Base salary levels of named executive officers vary from one another primarily due to the benchmarking of compensation for each named executive officer based on a comparison to individuals in the benchmarking process described above.

2009 Short-Term Incentives and Other Bonus Awards. The STIP gives participants, including the named executive officers, the opportunity to earn annual cash bonuses in relation to specified target award levels defined as a percentage of their base salaries. To be eligible to receive a STIP award for the 2009 plan year, the participant must have been actively employed on December 31, 2009 and must have continued to be employed through the date on which the STIP award payments were made. The 2009 STIP does not require a minimum period of service to be eligible for consideration of an award.

Plan award sizes were developed considering market data and internal equity. For each of the named executive officers serving the Company at December 31, 2009, the combination of base salary plus target award ranged from the 29th percentile to the 76th percentile of the market of like positions within the Compensation Peer Group.

The purpose of the STIP is to tie compensation directly to specific annual business goals and management objectives and individual performance. The Company believes that the performance goals for the 2009 plan year, which were based on safety results, earnings per share, and cash operating margin, were appropriately chosen to focus our named executive officers on performance designed to lead to increased shareholder value.

The target awards for our named executive officers set forth in the plan range from 55 percent of base salary to 100 percent of base salary, with the latter target award set only for our Chief Executive Officer. The resulting total STIP awards for the 2009 plan year, which include both the Performance Bonus and Discretionary Bonus described below, could have ranged from zero to 200 percent of base salary for the named executive officer with the highest target award and from zero to 110 percent of base salary for the named executive officer with the lowest target award.

For each participant, a portion of the total STIP award is based on the achievement of performance goals (Performance Bonus) and the remaining portion of the STIP award is available at the discretion of the compensation committee based on merit, individual and team performance and additional selected criteria (Discretionary Bonus). The compensation committee sets the performance goals for the Performance Bonus annually.

Performance Bonus. The Performance Bonus portion of the STIP award is calculated by multiplying one-half of the total target STIP award by a multiplier, which is calculated by measuring actual performance against the performance goals. Corporate personnel, including the named executive officers, have different

Table of Contents

performance goals from division personnel, but the total applicable multiplier for corporate personnel (as explained below) takes into account division level performance. The performance goals for 2009 for corporate personnel were weighted with respect to three criteria: safety results (25 percent), earnings per share (35 percent) and cash operating margin (40 percent), defined as contract drilling revenues less contract drilling costs, including reimbursables.

For the 2009 plan year, a combined weighted percentage of goal achievement for corporate employees is calculated by weighting the achievement of the corporate goals described above. The applicable multiplier used to calculate the Performance Bonus is then determined within a range of zero for an achievement of a combined weighted percentage of goal achievement of less than 65 percent and 2.0 for an achievement of a combined weighted percentage of goal achievement of more than 160 percent. The Performance Bonus portion of the STIP award is then determined by taking the applicable multiplier, ranging from zero to 2.0, and multiplying it by one-half of the individual's total target STIP award.

For the 2009 plan year, the combined weighted percentage of goal achievement for corporate personnel was calculated by first determining a combined weighted percentage of corporate goal achievement as follows:

$(0.25 \text{ [Safety Results]} \times 1.25 \text{ [adjustment factor for performance relative to industry average} + 0.25 \text{ [an additional adjustment factor relative to direct peer group performance]}) +$

$(0.35 \text{ [Earnings Per Share]} \times 1.00 \text{ [adjustment factor for performance relative to budget]} + 0.25 \text{ [an additional adjustment factor relative to direct peer group performance]}) +$

$(0.40 \text{ [Cash Operating Margin]} \times (1.00 \text{ [adjustment factor for performance relative to budget]} +$

$0.50 \text{ [an additional adjustment factor relative to direct peer group performance]})$

equals

a combined weighted adjustment factor of 1.41 or a combined weighted percentage of corporate goal achievement of 141 percent.

The compensation committee measures safety results by comparing our total recordable incident rate (TRIR) against the International Association of Drilling Contractors (IADC) average. For 2009, our TRIR of 0.47 was approximately 48% better than the IADC average of 0.91, resulting in an adjustment factor of 1.25 for this performance metric. Under the STIP, an additional adjustment factor of 0.25 for safety results was included in recognition of the Company's positive performance relative to its peer group. For any given plan year, the 12-month measurement period for safety results begins on October 1 of the previous year and ends on September 30 of the plan year due to the availability of IADC data.

The compensation committee measures earnings per share (EPS) and cash operating margin (COM) (defined as contract drilling revenues less contract drilling costs, including reimbursables) performance relative to our annual budget. For 2009, our actual EPS of \$6.42 was approximately 98% of the budgeted EPS target of \$6.536. For 2009, our actual COM of approximately \$2.53 billion was approximately 97% of the budgeted COM target of approximately \$2.61 billion. Actual EPS and COM were within the range of 96-105% of the budgeted amounts for 2009, resulting in an adjustment factor of 1.00 for each of these performance metrics. Under the STIP, additional adjustment factors of 0.25 and 0.50 for EPS and COM, respectively, were included in recognition of the Company's positive performance relative to its peer group.

The combined weighted adjustment factor of 1.41, or 141 percent, relates solely to performance relative to corporate level goals. The total applicable multiplier for corporate personnel, including the named executive officers, also takes into account division level performance. For 2009, the weighted adjustment factor at the division level was 1.50, or 150 percent. Together, the corporate level performance and the division level performance resulted in a combined adjustment factor of 1.46, or 146 percent, for 2009. Under the STIP, this combined weighted percentage of goal achievement of 146 percent corresponds to an applicable multiplier of 1.75, which resulted in the named executive officers being awarded a Performance Bonus equal to 1.75 times their target Performance Bonus. The Performance Bonuses for the 2009 plan year paid to the named executive

Table of Contents

officers who were eligible to receive a STIP award are included in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

Discretionary Bonus. The Discretionary Bonus portion of the STIP award is available at the discretion of the compensation committee and can range from zero to 2.0 times one-half of the individual's total target STIP award.

Our Chief Executive Officer recommended, and the compensation committee approved, Discretionary Bonuses for the 2009 plan year for the named executive officers (other than our Chief Executive Officer) who were eligible to participate in the STIP for the 2009 plan year. The Discretionary Bonus for our Chief Executive Officer was determined by the compensation committee. The Discretionary Bonuses for the 2009 plan year paid to the named executive officers are included in the Bonus column of the Summary Compensation Table.

2009 Long-Term Incentives. We think it is important to reward executive officers and key employees with equity compensation, in keeping with our overall compensation philosophy to align executives' and employees' interests with the interests of our shareholders. We believe long-term incentives promote sustained shareholder value by encouraging named executive officers to accomplish goals that benefit the Company on both a short-term and long-term basis. The amount of long-term incentive compensation is determined annually based on the analysis of competitive data. Under the 1991 Plan, the compensation committee granted stock options and awarded performance-vested restricted shares and time-vested restricted shares in 2009 to individuals (including our named executive officers) who demonstrated superior performance in their current position, as well as the likelihood of high-level performance in the future.

In 2009, awards of long-term incentives to named executive officers were made so that approximately 20 percent, 40 percent and 40 percent of the total value of all long-term incentives were made in the form of nonqualified stock options, time-vested restricted shares and performance-vested restricted shares, respectively.

Stock Options. Each award of nonqualified stock options to our named executive officers in 2009 vests one-third per year over three years commencing one year from the grant date. All options granted have an exercise price equal to the fair market value (average of the high and low sales price) of our shares on the date of grant. Each option expires 10 years after the date of its grant.

Time-Vested Restricted Shares. Each award of time-vested restricted shares to our named executive officers in 2009 vests one-third per year over three years commencing one year from the award date. Prior to vesting, time-vested restricted shares may not be sold, transferred or pledged. Holders of time-vested restricted share awards are entitled to receive dividends, returns of capital and distributions on the restricted shares they hold at the same rate and in the same manner as the holders of unrestricted shares.

Performance-Vested Restricted Shares. Performance-vested restricted shares vest based on the achievement of specified corporate performance criteria over a three-year performance cycle. The number of performance-vested restricted shares awarded to a participant equals the number of shares that would vest if the maximum level of performance for a given performance cycle is achieved. The number of such shares that vests is determined after the end of the applicable performance period. Any performance-vested restricted shares that do not vest are forfeited. Prior to vesting, restricted shares may not be sold, transferred or pledged. Holders of restricted shares are entitled to receive dividends, returns of capital and distributions on the restricted shares they hold at the same rate and in the same manner as unrestricted shares.

In setting the target number of performance-vested restricted shares, the compensation committee takes into consideration market data, the award's impact on total compensation, the performance of the executive during the last completed year, and the potential for further contributions by the executive in the future.

The compensation committee selected the target award levels in the tables below, which significantly influence total compensation, because it believes that if the Company performs at or above the 75th percentile relative to the companies in the DJ Index and the Direct Peer Group, then our compensation levels should be commensurate with this performance. If the Company performs below this level, our compensation levels should be lower than the 75th percentile. The maximum number of performance-vested restricted shares that

Table of Contents

can be awarded is 150% of the target award level; therefore, target level performance at the 75th percentile equates to approximately two-thirds of the maximum number of performance-vested restricted shares awarded.

The terms of the performance-vested restricted shares awarded by the compensation committee in February 2009 for the 2009-2011 performance cycle provide that (a) one-half of the total number of restricted shares awarded will vest based on a performance measure of cumulative total shareholder return (TSR) for our shares relative to the companies in the DJ Index and (b) the remaining one-half of the total number of restricted shares awarded will vest based on TSR for our shares relative to the companies in the Direct Peer Group.

To determine the number of performance-vested restricted shares awarded for the 2009-2011 performance cycle that will vest,

first, the percentile ranking of the TSR for our shares is computed relative to the companies in the DJ Index at the end of the performance cycle;

second, the DJ Index percentile ranking is cross-referenced in the table below to determine the percentage of performance-vested restricted shares allotted to the DJ Index performance measure that will vest for the 2009-2011 performance cycle;

DJ Index Performance Table

TSR for Shares Relative to the DJ Index	Percentage of Performance-Vested Maximum Restricted Shares Vesting(1)
90%tile and greater (maximum)	100.0%
85%tile	88.7%
80%tile	78.0%
75%tile (target)	66.7%
70%tile	62.0%
65%tile	57.3%
60%tile	52.7%
55%tile	47.3%
50%tile	42.7%
45%tile	38.0%
40%tile (threshold)	33.3%
Below 40%tile	0%

(1) Values between those listed are interpolated on a straight line basis. Because the vesting of only one-half of the performance-vested restricted shares are keyed to the DJ Index, each percentage represents a percentage of one-half of the total number of restricted shares awarded for the maximum level of performance for the 2009-2011 performance cycle.

third, the percentile ranking of the TSR for our shares is computed relative to the companies in the Direct Peer Group at the end of the performance cycle;

Table of Contents

fourth, the Direct Peer Group percentile ranking is cross-referenced in the table below to determine the percentage of the performance-vested restricted shares allotted to the Direct Peer Group performance measure that will vest for the 2009-2011 performance cycle; and

Direct Peer Group Performance Table

TSR for Shares Relative to the Direct Peer Group	Percentage of Performance-Vested Maximum Restricted Shares Vesting(1)

- (1) Values between those listed are interpolated on a straight line basis. Because the vesting of only one-half of the performance-vested restricted shares are keyed to the DJ Index, each percentage represents a percentage of one-half of the total number of restricted shares awarded for the maximum level of performance for the 2009-2011 performance cycle.

finally, the total number of performance-vested restricted shares awarded that will vest at the end of the performance cycle is equal to the sum of (i) the number of shares calculated by evaluating performance relative to the DJ Index (in the second bullet point above) and (ii) the number of shares calculated by evaluating performance relative to the Direct Peer Group (in the fourth bullet point above). If less than five of the original companies comprise the Direct Peer Group at the end of the performance cycle, the total number of restricted shares awarded that will vest is calculated by only using the first and second bullet points above (using the DJ Index only).

The performance-vested restricted shares awarded by the compensation committee in February 2006 for the 2006-2008 performance cycle vested effective January 30, 2009. Performance-vested restricted shares for the 2006-2008 performance cycle vested based solely on the performance measure of TSR for our shares relative to the companies in the DJ Index. At the end of the performance period, the percentile ranking of the TSR for our shares relative to the companies in the DJ Index was in the 58.97 percentile, which corresponded to the vesting of 49.52 percent of the outstanding performance-vested restricted shares awarded for the 2006-2008 performance cycle. The total number of performance-vested restricted shares that vested for those named executive officers who received an award for the 2006-2008 performance cycle were as follows: Ms. Robertson 10,291 shares and Mr. Marks 1,813 shares.

The performance-vested restricted shares awarded by the compensation committee in February 2007 for the 2007-2009 performance cycle vested effective February 6, 2010. Performance-vested restricted shares for the 2007-2009 performance cycle vested based solely on the performance measure of TSR for our shares relative to the companies in the DJ Index. At the end of the performance period, the percentile ranking of the TSR for our shares

relative to the companies in the DJ Index was in the 61.11 percentile, which corresponded to the vesting of 44.01 percent of the outstanding performance-vested restricted shares awarded for the 2007-2009 performance cycle. The total number of performance-vested restricted shares that vested for those named executive officers who received an award for the 2007-2009 performance cycle were as follows: Mr. Williams 34,833 shares; Ms. Robertson 29,028 shares; and Mr. Mitchell 23,222 shares.

Our Chief Executive Officer recommends the total value of the long-term incentive awards to the compensation committee for all positions other than his own. The total value of the awards is developed considering our objectives for this component of total compensation relative to the pay of the companies in the Direct Peer and Broad Energy Peer Groups and is set to correspond with the Direct Peer and Broad Energy Peer Group's 75th percentile. The compensation committee determines the total award value of the long-term incentive awards for our Chief Executive Officer.

Table of Contents

In applying the methodology above, the compensation committee has the discretion to adjust option grants and restricted share awards based on considerations of internal equity and individual performance during the prior year.

In 2009, the Black-Scholes option pricing model was used at the time of the grant of nonqualified stock options to named executive officers to calculate the number of options whose value approximated 20 percent of the total value of the long-term incentive awards assigned to a named executive officer. For time-vested restricted shares awards awarded in 2009, the market price of our shares at the time of award was used to calculate the number of time-vested restricted shares whose value approximated 40 percent of the total value of the long-term incentive awards assigned to a named executive officer. For performance-vested restricted shares awards awarded in 2009, the market price of our shares at the time of award, the difficulty in achieving the performance targets and the accounting valuation of the award were used to calculate the number of performance-vested restricted shares whose value approximated 40 percent of the total value of the long-term incentive awards assigned to a named executive officer.

In connection with our transaction in March 2009 that resulted in Noble Corporation, a Swiss company, becoming the parent entity of the Noble group of companies, all stock options and restricted shares previously awarded by the Cayman Islands company were automatically converted into an equivalent number of stock options and restricted shares in the Swiss company.

Awards granted under the 1991 Plan that have not vested may be subject to accelerated vesting upon the occurrence of certain events. The vesting of awards are subject to acceleration upon the death, Disability or Retirement of the employee or a Change in Control of the Company (as set forth, and as such terms are defined, in the 1991 Plan, the grant agreements relating to such awards or the change of control employment agreements).

Retirement and Other Benefits

We offer retirement programs that are intended to supplement the personal savings and social security for covered officers and other employees. The programs include the Noble Drilling Corporation 401(k) Savings Plan, the Noble Drilling Corporation 401(k) Savings Restoration Plan, the Noble Drilling Corporation Salaried Employees Retirement Plan, the Noble Drilling Corporation Retirement Restoration Plan, and the Noble Drilling Corporation Profit Sharing Plan. The Company believes that these retirement programs assist the Company in maintaining a competitive position in attracting and retaining officers and other employees.

401(k) Savings Plan and 401(k) Savings Restoration Plan. We adopted the Noble Drilling Corporation 401(k) Savings Plan to enable U.S. employees, including the named executive officers, to save for retirement through a tax-advantaged combination of employee and Company contributions and to provide employees the opportunity to directly manage their retirement plan assets through a variety of investment options. The 401(k) Plan allows eligible employees to elect to contribute from one percent to 50 percent of their basic compensation, which is generally the employee's base pay, to the plan. Employee contributions are matched in cash or shares by us at the rate of \$0.70 per \$1.00 employee contribution for the first six percent of the employee's basic compensation. After the employee has completed five years of continuous service as determined under the 401(k) Plan, employee contributions are matched in cash or shares by us at the rate of \$1.00 per \$1.00 employee contribution for the first six percent of the employee's basic compensation. Vesting in an employee's employer matching contribution account is based on the employee's years of service with the Company and its affiliates. The amount credited to an employee's employer matching contribution account becomes fully vested upon completion of three years of service by the employee. However, regardless of the number of years of service, an employee is fully vested in his employer matching contribution account if the employee retires at age 65 or later or the employee's employment is terminated due to death or disability.

The Noble Drilling Corporation 401(k) Savings Restoration Plan and the Noble Drilling Corporation 2009 401(k) Savings Restoration Plan are unfunded, nonqualified employee benefit plans under which certain highly compensated

employees of the Company and its subsidiaries may elect to defer compensation in excess of amounts deferrable under the Noble Drilling Corporation 401(k) Savings Plan. These nonqualified plans are

Table of Contents

discussed in further detail below in this Executive Compensation section following the table captioned Nonqualified Deferred Compensation.

Profit Sharing Plan. The Noble Drilling Corporation Profit Sharing Plan is a qualified defined contribution plan. This plan excludes as participants any employee hired prior to August 1, 2004 or any employee who participates in the Noble Drilling Corporation Salaried Employees Retirement Plan (in which participation was discontinued effective July 31, 2004 for persons originally commencing employment after that date). Each year we may elect to make a discretionary contribution to the plan. Any such contribution would be an amount determined and authorized for the plan year by our Board and the board of directors of Noble Drilling Corporation, a Delaware corporation wholly-owned by direct and indirect subsidiaries of the Company. The total plan contribution, if any, is allocated to each participant in the plan based on such employee's basic compensation, which is generally the employee's base pay for the year, in proportion to the total basic compensation of all participants in the plan. For the 2009 plan year, each participant was allocated a contribution equal to 3.11 percent of his or her basic compensation. Vesting in an employee's profit sharing account is based on the employee's years of service with the Company and its affiliates. The amount credited to an employee's profit sharing account becomes fully vested upon completion of three years of service by the employee. However, regardless of the number of years of service, an employee is fully vested in his employer matching contribution account if the employee retires at age 65 or later or the employee's employment is terminated due to death or disability.

Salaried Employees Retirement Plan and Retirement Restoration Plan. Participation in the Noble Drilling Corporation Salaried Employees Retirement Plan (and the related unfunded, nonqualified Noble Drilling Corporation Retirement Restoration Plan) remains in effect for all participants originally hired on or before July 31, 2004. In general, our U.S. salaried employees, including the named executive officers who are participants, are provided with income for their retirement through the Noble Drilling Corporation Salaried Employees Retirement Plan, a qualified defined benefit pension plan, in which benefits are determined by years of service and average monthly compensation. Compensation in excess of the annual compensation limit as defined by the Internal Revenue Service for a given year is considered in the Noble Drilling Corporation Retirement Restoration Plan. Because the benefits under these plans increase with an employee's period of service, we believe these plans encourage participants to make long-term commitments to the Company. The Noble Drilling Corporation Salaried Employees Retirement Plan and Noble Drilling Corporation Retirement Restoration Plan are discussed in further detail below in this Executive Compensation section following the table captioned Pension Benefits.

Other Benefits. The Company provides named executive officers with perquisites and other personal benefits that the Company and the compensation committee believe are reasonable and consistent with its overall compensation program. Attributed costs of perquisites for the named executive officers for the year ended December 31, 2009 are included in the All Other Compensation column of the Summary Compensation Table.

The Company provides healthcare, life and disability insurance, and other employee benefit programs to its employees, including its named executive officers, which the Company believes assists in maintaining a competitive position in terms of attracting and retaining officers and other employees. These employee benefits plans are provided on a non-discriminatory basis to all employees.

Relocation Benefits for Employees Relocating to Switzerland

In 2009, we relocated certain of our employees, including the named executive officers, to Geneva, Switzerland. The relocation benefits to which the named executive officers are entitled include the following:

- a relocation package that includes (i) a lump sum relocation allowance equal to one month's base salary plus \$10,000 (up to a maximum of \$80,000); (ii) temporary housing in Geneva, Switzerland for up to six months;

and (iii) standard outbound services, including house hunting trips, tax preparation services, home sales assistance, shipment of personal effects and other relocation costs;

a housing allowance of between CHF16,150 and CHF19,475 per month, for five years;

Table of Contents

a car allowance of CHF1,500 per month, for five years;

a foreign service premium of 16 percent of base pay, for five years;

a resident area allowance of nine percent of base pay, for five years;

reimbursement or payment of school fees for eligible dependents to age 19, or through high school equivalency; and

an annual home leave allowance equivalent to an advance purchase business class round-trip ticket for the employee, spouse and eligible dependents back to their point of origin.

We will also provide tax equalization for the employees, including the named executive officers, so that their overall tax liability will be equal to their stay at home tax liability with respect to their base salary, annual bonus, foreign service premium, resident area allowance and incentive plan awards. The allowances and reimbursements outlined above will be increased to cover Swiss taxes and social security payments. The employees, including the named executive officers will, under our tax equalization plan, be fully reimbursed for any obligation they may have to pay Swiss wealth tax. We believe the relocation benefits are appropriate and necessary to maintain our management team, including the named executive officers.

Share Ownership Guidelines

We encourage all our directors and executives to align their interests with our shareholders by making a personal investment in our shares. The Company's minimum share ownership guidelines for our executives are set forth below. The named executive officers participate in pay grade levels 33 through 37. We expect that each of our executives will meet these minimum guidelines within five years of when the guidelines first apply to the executive.

Pay Grade Level	Ownership Guidelines (Multiple of Base Salary)
Pay Grade 37	5.0 times
Pay Grades 34 through 36	4.0 times
Pay Grades 31 through 33	3.5 times
Pay Grades 28 through 30	2.5 times
Pay Grade 27	2.0 times
Pay Grade 26	1.5 times

The Company's minimum share ownership guidelines for our outside directors are five times their annual retainer, or \$250,000. We expect that each director will meet these minimum guidelines within three years of when the guidelines first apply to the director.

Determination of Timing of Equity-Based Awards

The Company's practice historically has been to award restricted shares and grant options to new executives contemporaneously with their hire date and to current executives at regularly-scheduled quarterly meetings of the compensation committee following the public release of the immediately preceding quarter's financial results and any other material nonpublic information.

Change of Control Arrangements

The named executive officers serving at December 31, 2009 are parties to change of control employment agreements which we have offered to certain senior executives since 1998. These agreements become effective only upon a change of control (within the meaning set forth in the agreement). If a defined change of control occurs and the employment of the named executive officer is terminated either by us (for reasons other than death, disability or cause) or by the officer (for good reason or upon the officer's determination to leave without any reason during the 30-day period immediately following the first anniversary of the change of control), which requirements can be referred to as a "double trigger", the executive officer will receive payments and benefits set forth in the agreement. The terms of the agreements are summarized in this proxy statement under the caption "Potential Payments on Termination or Change of Control - Change of Control".

Table of Contents

Employment Agreements. We believe a double trigger requirement, rather than a single trigger requirement (which would be satisfied simply if a change of control occurs), maximizes shareholder value because it prevents an unintended windfall to the named executive officers in the event of a friendly (non-hostile) change of control.

In connection with the change of the place of incorporation of the parent holding company of the Noble group of companies from the Cayman Islands to Switzerland, we entered into new change of control employment agreements with each of our named executive officers effective March 27, 2009. These amended and restated agreements revise the definition of change of control such that a reincorporation transaction does not constitute a change of control.

On December 3, 2009, we entered into amended and restated change of control employment agreements with each of our named executive officers. The change of control employment agreements were amended in connection with the requirements of Section 457A of the Internal Revenue Code of 1986, as amended, to, among other things, (1) revise the definition of Good Reason, require the employee to give notice of the conditions giving rise to a right to terminate for Good Reason, and allow the company to remedy such condition after receiving notice and (2) eliminate the employee's right to elect to receive a cash settlement of stock options upon a separation from service. The amended and restated agreements with the above mentioned executives did not include any enhancement of benefits not already present in the existing agreements.

Impact of Accounting and Tax Treatments of Compensation

In recent years the compensation committee has increased the proportion of annual long-term incentive compensation to our named executive officers represented in the form of restricted shares or restricted stock units as compared to nonqualified stock options. This compensation committee action reflects, among other things, the changes in accounting standards modifying the accounting treatment of nonqualified stock options. The compensation committee intends to continually monitor these issues regarding tax and accounting regulations, overall effectiveness of the programs and best practices.

The compensation committee intends to retain flexibility to design compensation programs, even where compensation payable under such programs may not be fully deductible, if such programs effectively recognize a full range of criteria important to the Company's success and result in a gain to the Company that would outweigh the limited negative tax effect.

Conclusion

We believe our overall compensation package's components and levels are appropriate for our industry and provide a direct link to enhancing shareholder value and advancing the core principles of our compensation philosophy and objectives to ensure the long-term success of the Company. We will continue to monitor current trends and issues in our industry and will modify our programs where and when appropriate.

- (2) For purposes of calculating the amounts in this column, retirement age was assumed to be the normal retirement age of 65, as defined in the Noble Drilling Corporation Salaried Employees Retirement Plan. A description of the valuation method and all material assumptions applied in quantifying the present value of accumulated benefit is set forth in Note 7 to our audited consolidated financial statements in the 2009 Form 10-K.

Under the Noble Drilling Corporation Salaried Employees Retirement Plan, the normal retirement date is the date that the participant attains the age of 65. The plan covers salaried employees, but excludes certain categories of salaried employees including any employees hired after July 31, 2004. A participant's date of hire is the date such participant first performs an hour of service for the Company or its subsidiaries, regardless of any subsequent periods of employment or periods of separation from employment with the Company or its subsidiaries. David W. Williams was employed by a subsidiary of the Company from May to

Table of Contents

December 1994. Under the plan, Mr. Williams became a participant of the plan effective January 1, 2008, upon completion of a requisite period of employment.

A participant who is employed by the Company or any of its affiliated companies on or after his or her normal retirement date (the date that the participant attains the age of 65) is eligible for a normal retirement pension upon the earlier of his or her required beginning date or the date of termination of his or her employment for any reason other than death or transfer to the employment of another of the Company's affiliated companies. Required beginning date is defined in the plan generally to mean the April 1 of the calendar year following the later of the calendar year in which a participant attains the age of 70 $\frac{1}{2}$ years or the calendar year in which the participant commences a period of severance, which (with certain exceptions) commences with the date a participant ceases to be employed by the Company or any of its affiliated companies for reasons of retirement, death, being discharged, or voluntarily ceasing employment, or with the first anniversary of the date of his or her absence for any other reason.

The normal retirement pension accrued under the plan is in the form of an annuity which provides for a payment of a level monthly retirement income to the participant for life, and in the event the participant dies prior to receiving 120 monthly payments, the same monthly amount will continue to be paid to the participant's designated beneficiary until the total number of monthly payments equals 120. Participants may elect to receive, in lieu of one of the other optional forms of payment provided in the plan, each such option being the actuarial equivalent of the normal form. These optional forms of payment include a single lump-sum (if the present value of the participant's vested accrued benefit under the plan does not exceed \$10,000), a single life annuity, and several forms of joint and survivor elections.

The benefit under the plan is equal to:

one percent of the participant's average monthly compensation multiplied times the number of years of benefit service (maximum 30 years), plus

six-tenths of one percent of the participant's average monthly compensation in excess of one-twelfth of his or her average amount of earnings which may be considered wages under section 3121(a) of the Code, in effect for each calendar year during the 35-year period ending with the last day of the calendar year in which a participant attains (or will attain) social security retirement age, multiplied by the number of years of benefit service (maximum 30 years).

The average monthly compensation is defined in the plan generally to mean the participant's average monthly rate of compensation from the Company for the 60 successive calendar months that give the highest average monthly rate of compensation for the participant. In the plan, compensation is defined (with certain exceptions) to mean the total taxable income of a participant during a given calendar month, including basic compensation, bonuses, commissions and overtime pay, but excluding extraordinary payments and special payments (such as moving expenses, benefits provided under any employee benefit program, and stock options and stock appreciation rights). Compensation includes salary reduction contributions by the participant under any plan maintained by the Company or any of its affiliated companies. Compensation may not exceed the annual compensation limit as specified by the Internal Revenue Service for the given plan year. Any compensation in excess of this limit is taken into account in computing the benefits payable under the Noble Drilling Corporation Retirement Restoration Plan. The Company has not granted extra years of credited service under the restoration plan to any of the named executive officers.

Early retirement can be elected at the time after which the participant has attained the age of 55 and has completed at least five years of service (or for a participant on or before January 1, 1986, when he or she has completed 20 years of covered employment). A participant will be eligible to commence early retirement benefits upon the termination of his or her employment with the Company or its subsidiaries prior to the date that the participant attains the age of 65 for

any reason other than death or transfer to employment with another of the Company's subsidiaries. The formula used in determining an early retirement benefit reduces the accrued monthly retirement income by multiplying the amount of the accrued monthly retirement income by a percentage applicable to the participant's age as of the date such income commences being paid.

Table of Contents

If a participant's employment terminates for any reason other than retirement, death or transfer to the employment of another of the Company's subsidiaries and the participant has completed at least five years of service, the participant is eligible for a deferred vested pension. The deferred vested pension for the participant is the monthly retirement income commencing on the first day of the month coinciding with or next following his or her normal retirement date. If the participant has attained the age of 55 and has completed at least five years of service or if the actuarial present value of the participant's accrued benefit is more than \$1,000 but less than \$10,000, the participant may elect to receive a monthly retirement income that is computed in the same manner as the monthly retirement income for a participant eligible for an early retirement pension. If the participant dies before benefits are payable under the plan, the surviving spouse or, if the participant is not survived by a spouse, the beneficiary designated by the participant, is eligible to receive a monthly retirement income for life, commencing on the first day of the month next following the date of the participant's death. The monthly income payable to the surviving spouse or the designated beneficiary shall be the monthly income for life that is the actuarial equivalent of the participant's accrued benefit under the plan.

The Noble Drilling Corporation Retirement Restoration Plan is an unfunded, nonqualified plan that provides the benefits under the Noble Drilling Corporation Salaried Employees Retirement Plan's benefit formula that cannot be provided by the Noble Drilling Corporation Salaried Employees Retirement Plan because of the annual compensation and annual benefit limitations applicable to the Noble Drilling Corporation Salaried Employees Retirement Plan under the Code. A participant's benefit under the Noble Drilling Corporation Retirement Restoration Plan that was accrued and vested on December 31, 2004, will be paid to such participant (or, in the event of his or her death, to his or her designated beneficiary) at the time benefits commence being paid to or with respect to such participant under the Noble Drilling Corporation Salaried Employees Retirement Plan, and will be paid in a single lump sum payment, in installments over a period of up to five years, or in a form of payment provided for under the Noble Drilling Corporation Salaried Employees Retirement Plan (such form of distribution to be determined by the committee appointed to administer the plan). A participant's benefit under the Noble Drilling Corporation Retirement Restoration Plan that accrued or became vested after December 31, 2004, will be paid to such participant (or in the event of his or her death, to his or her designated beneficiary) in a single lump sum payment following such participant's separation from service with the Company and its subsidiaries. Mr. Williams and Ms. Robertson participate in the Noble Drilling Corporation Retirement Restoration Plan.

(3) Not a participant in the Noble Drilling Corporation 401(k) Savings Restoration Plan in 2009.

The Noble Drilling Corporation 401(k) Savings Restoration Plan (which applies to compensation deferred by a participant that was vested prior to January 1, 2005) and the Noble Drilling Corporation 2009 401(k) Savings Restoration Plan (which applies to employer matching contributions and to compensation that was either deferred by a participant or became vested on or after January 1, 2005) are nonqualified, unfunded employee benefit plans under which certain highly compensated employees of the Company and its

Table of Contents

subsidiaries may elect to defer compensation in excess of amounts deferrable under the Noble Drilling Corporation 401(k) Savings Plan and, subject to certain limitations specified in the plan, receive employer matching contributions. Effective April 1, 2007, such employer matching contributions were made in cash. Prior to such date, employer matching contributions were made in shares. The employer matching amount is determined in the same manner as are employer matching contributions under the Noble Drilling Corporation 401(k) Savings Plan.

Compensation considered for deferral under these nonqualified plans consists of cash remuneration payable by an employer, defined in the plan to mean certain subsidiaries of the Company, to a participant in the plan for personal services rendered to such employer prior to reduction for any pre-tax contributions made by such employer and prior to reduction for any compensation reduction amounts elected by the participant for benefits, but excluding bonuses, allowances, commissions, deferred compensation payments and any other extraordinary remuneration. For each plan year, participants are able to defer up to 19 percent of their basic compensation for the plan year, all or any portion of any bonus otherwise payable by an employer for the plan year, and for plan years commencing prior to January 1, 2009, the applicable 401(k) amount. The applicable 401(k) amount is defined to mean, for a participant for a plan year, an amount equal to the participant's basic compensation for such plan year, multiplied by the contribution percentage that is in effect for such participant under the Noble Drilling Corporation 401(k) Savings Plan for the plan year, reduced by the lesser of (i) the applicable dollar amount set forth in Section 402(g)(1)(B) of the Code for such year or (ii) the dollar amount of any Noble Drilling Corporation 401(k) Savings Plan contribution limitation for such year imposed by the committee.

At the discretion of the Company, eligible participants may be credited with amounts of cash or shares in their plan accounts as additional awards under these plans. The plans limit the total number of shares issuable under the plans to 200,000. No options are issuable under the plans, and there is no exercise price applicable to shares delivered under the plans.

A participant's benefit under these nonqualified plans normally will be distributed to such participant (or in the event of his or her death, to his or her designated beneficiary) in a single lump sum payment or in approximately equal annual installments over a period of five years following such participant's separation from service with the Company and its subsidiaries. Mr. Williams, Ms. Robertson and Mr. Mitchell are participants in the Noble Drilling Corporation 401(k) Savings Restoration Plan, and Mr. Williams and Ms. Robertson are participants in the Noble Drilling Corporation 2009 401(k) Savings Restoration Plan.

POTENTIAL PAYMENTS ON TERMINATION OR CHANGE OF CONTROL

Change of Control Employment Agreements

The Company has guaranteed the performance of a change of control employment agreement entered into by a subsidiary of the Company with each person serving as a named executive officer as of December 31, 2008. These change of control employment agreements were amended and restated as of December 3, 2009 and become effective upon a change of control of the Company (as described below) or a termination of employment in connection with or in anticipation of such a change of control, and remain effective for three years thereafter.

The agreement provides that if the officer's employment is terminated within three years after a change of control or prior to but in anticipation of a change of control, either (1) by us for reasons other than death, disability or cause (as defined in the agreement) or (2) by the officer for good reason (which term includes a material diminution of responsibilities or compensation and which allows us a cure period following notice of the good reason) or upon the officer's determination to leave without any reason during the 30-day period immediately following the first anniversary of the change of control, the officer will receive or be entitled to the following benefits:

a lump sum amount equal to the sum of (i) the prorated portion of the officer's highest bonus paid either in the last three years before the change of control or for the last completed fiscal year after the change of control (the Highest Bonus), (ii) an amount equal to 18 times the highest monthly COBRA

Table of Contents

premium (within the meaning of Code Section 4980B) during the 12-month period preceding the termination of the officer's employment, and (iii) any accrued vacation pay, in each case to the extent not theretofore paid (collectively, the Accrued Obligations);

a lump sum payment equal to three times (or with respect to Mr. Marks, two times) the sum of the officer's annual base salary (based on the highest monthly salary paid in the 12 months prior to the change of control) and the officer's Highest Bonus (the Severance Amount);

welfare benefits for an 18-month period to the officer and the officer's family at least equal to those that would have been provided had the officer's employment been continued. If, however, the executive becomes reemployed with another employer and is eligible to receive welfare benefits under another employer provided plan, the welfare benefits provided by the Company and its affiliates would be secondary to those provided by the new employer (Welfare Benefit Continuation);

a lump sum amount equal to the excess of (i) the actuarial equivalent of the benefit under the qualified defined benefit retirement plan of the Company and its affiliated companies in which the officer would have been eligible to participate had the officer's employment continued for three years after termination over (ii) the actuarial equivalent of the officer's actual benefit under such plans (the Supplemental Retirement Amount);

in certain circumstances, an additional payment in an amount such that after the payment of all income and excise taxes, the officer will be in the same after-tax position as if no excise tax under Section 4999 (the so-called Parachute Payment excise tax) of the Code, if any, had been imposed (the Excise Tax Payment);

outplacement services for six months (not to exceed \$50,000); and

the 100 percent vesting of all unvested awards under the 1991 Plan and any other similar plan.

A change of control is defined in the agreement to mean:

the acquisition by any individual, entity or group of 15 percent or more of the Company's outstanding shares, but excluding any acquisition directly from the Company or by the Company, or any acquisition by any corporation under a reorganization, merger, amalgamation or consolidation if the conditions described below in the third bullet point of this definition are satisfied;

individuals who constitute the incumbent board of directors (as defined the agreement) of the Company cease for any reason to constitute a majority of the board of directors;

consummation of a reorganization, merger, amalgamation or consolidation of the Company, unless following such a reorganization, merger, amalgamation or consolidation (i) more than 50 percent of the then outstanding shares of common stock (or equivalent security) of the company resulting from such transaction and the combined voting power of the then outstanding voting securities of such company entitled to vote generally in the election of directors are then beneficially owned by all or substantially all of the persons who were the beneficial owners of the outstanding shares immediately prior to such transaction, (ii) no person, other than the Company or any person beneficially owning immediately prior to such transaction 15 percent or more of the outstanding shares, beneficially owns 15 percent or more of the then outstanding shares of common stock (or equivalent security) of the company resulting from such transaction or the combined voting power of the then outstanding voting securities of such company entitled to vote generally in the election of directors, and (iii) a majority of the members of the board of directors of the company resulting from such transaction were members of the incumbent board of directors of the Company at the time of the execution of the initial

agreement providing for such transaction;

consummation of a sale or other disposition of all or substantially all of the assets of the Company, other than to a company, for which following such sale or other disposition, (i) more than 50 percent of the then outstanding shares of common stock (or equivalent security) of such company and the

Table of Contents

combined voting power of the then outstanding voting securities of such company entitled to vote generally in the election of directors are then beneficially owned by all or substantially all of the persons who were the beneficial owners of the outstanding shares immediately prior to such sale or other disposition of assets, (ii) no person, other than the Company or any person beneficially owning immediately prior to such transaction 15 percent or more of the outstanding shares, beneficially owns 15 percent or more of the then outstanding shares of common stock (or equivalent security) of such company or the combined voting power of the then outstanding voting securities of such company entitled to vote generally in the election of directors, and (iii) a majority of the members of the board of directors of such company were members of the incumbent board of directors of the Company at the time of the execution of the initial agreement providing for such sale or other disposition of assets; or

approval by the shareholders of the Company of a complete liquidation or dissolution of the Company.

However, a change of control will not occur as a result of a transaction if (i) the Company becomes a direct or indirect wholly owned subsidiary of a holding company and (ii) either (A) the shareholdings for such holding company immediately following such transaction are the same as the shareholdings immediately prior to such transaction or (B) the shares of the Company's voting securities outstanding immediately prior to such transaction constitute, or are converted into or exchanged for, a majority of the outstanding voting securities of such holding company immediately after giving effect to such transaction.

Under the agreement, cause means (i) the willful and continued failure by the officer to substantially perform his duties or (ii) the willful engaging by the officer in illegal conduct or gross misconduct that is materially detrimental to the Company or its affiliates.

Payments to specified employees under Code Section 409A may be delayed until six months after the termination of the officer's employment.

The agreement contains a confidentiality provision obligating the officer to hold in strict confidence and not to disclose or reveal, directly or indirectly, to any person, or use for the officer's own personal benefit or for the benefit of any one else, any trade secrets, confidential dealings or other confidential or proprietary information belonging to or concerning the Company or any of its affiliated companies, with certain exceptions set forth expressly in the provision. Any term or condition of the agreement may be waived at any time by the party entitled to have the benefit thereof (whether the subsidiary of the Company party to the agreement or the officer) if evidenced by a writing signed by such party.

The agreement provides that payments thereunder do not reduce any amounts otherwise payable to the officer, or in any way diminish the officer's rights as an employee, under any employee benefit plan, program or arrangement or other contract or agreement of the Company or any of its affiliated companies providing benefits to the officer.

Assuming a change of control had taken place on December 31, 2009 and the employment of the named executive officer was terminated either (1) by us for reasons other than death, disability or cause or (2) by the officer for good reason, the following table sets forth the estimated amounts of payments and benefits under the agreement for each of the indicated named executive officers.

The agreement provides that if the officer's employment is terminated within three years after a change of control by reason of disability or death, the agreement will terminate without further obligation to the officer or the officer's estate, other than for the payment of Accrued Obligations, the Severance Amount, the Supplemental Retirement Amount and the timely provision of the Welfare Benefit Continuation. If the officer's employment is terminated for cause within the three years after a change of control, the agreement will terminate without further obligation to the officer other than for payment of the officer's base salary through the date of termination plus the amount of any compensation previously deferred by the officer, in each case to the extent unpaid. If the officer voluntarily terminates the officer's employment within the three years after a change of control (other than during the 30-day period following the first anniversary of a change of control), excluding a termination for good reason, the agreement will terminate without further obligation to the officer other than for payment of the officer's base salary through the date of termination plus the amount of any compensation previously deferred by the officer, in each case to the extent unpaid the payment of the Accrued Obligations.

The 1991 Plan

We have granted to our named executive officers nonqualified stock options and awarded time-vested restricted shares and performance-vested restricted shares under the 1991 Plan.

Nonqualified Stock Options

Our nonqualified stock option agreements provide that if a termination of employment occurs after the date upon which the option first becomes exercisable and before the date that is 10 years from the date of the option grant by reason of the officer's death, disability or retirement, then the option, including any then unvested shares all of which shall be automatically accelerated, may be exercised at any time within five years after such termination of employment but not after the expiration of the 10-year period. If a named executive officer terminated employment on December 31, 2009 due to disability, death or retirement, all the named executive officer's then outstanding nonqualified stock options granted by us in 2008, 2007 and 2006 would have become fully exercisable. Under the plan, retirement means a termination of employment with the Company or an affiliate of the Company on a voluntary basis by a person if immediately prior to such termination of employment, the sum of the age of such person and the number of such person's years of continuous service with the Company or one or more of its affiliates is equal to or greater than 60.

Assuming that the named executive officer's employment terminated on December 31, 2009 due to disability, death or retirement, the following table sets forth certain information about unexercisable options subject to accelerated vesting

for the indicated named executive officers.

Table of Contents*Restricted Shares*

Our time-vested restricted share agreements provide for the full vesting of restricted share awards upon the occurrence of the death or disability of the officer or a change of control of the Company (whether with or without termination of employment of the officer by the Company or an affiliate). A change of control is defined in these agreements and the performance-vested restricted share agreements described below to mean:

the committee administrating the plan determines that any person or group has become the beneficial owner of more than 50 percent of the shares;

the Company is merged or amalgamated with or into or consolidated with another corporation and, immediately after giving effect to the merger, amalgamation or consolidation, less than 50 percent of the outstanding voting securities entitled to vote generally in the election of directors or persons who serve similar functions of the surviving or resulting entity are then beneficially owned in the aggregate by the shareholders of the Company immediately prior to such merger, amalgamation or consolidation, or if a record date has been set to determine the shareholders of the Company entitled to vote on such merger, amalgamation or consolidation, the shareholders of the Company as of such record date;

the Company either individually or in conjunction with one or more subsidiaries of the Company, sells, conveys, transfers or leases, or the subsidiaries of the Company sell, convey, transfer or lease, all or substantially all of the property of the Company and the subsidiaries of the Company, taken as a whole (either in one transaction or a series of related transactions);

the Company liquidates or dissolves; or

the first day on which a majority of the individuals who constitute the board of directors of the Company are not continuing directors (within the meaning of the plan).

Assuming that either a change of control took place on December 31, 2009 or the named executive officer's employment terminated on that date due to disability or death, the following table sets forth certain information about restricted shares subject to accelerated vesting for the indicated named executive officers.

Name	Number of Time-Vested Restricted Shares Subject to Acceleration of Vesting		Aggregate Value of Acceleration of Vesting

Table of Contents**DIRECTOR COMPENSATION**

The compensation committee of our Board sets the compensation of our directors. In determining the appropriate level of compensation for our directors, the compensation committee considers the commitment required from our directors in performing their duties on behalf of the Company, as well as comparative information the committee obtains from compensation consulting firms and from other sources. Set forth below is a description of the compensation of our directors.

Annual Retainers and Other Fees and Expenses.

We pay our non-employee directors an annual retainer of \$50,000 of which 20 percent is paid in shares under the Noble Corporation Equity Compensation Plan for Non-Employee Directors. Under this plan, non-employee directors may elect to receive up to all of the remaining 80% in shares or cash. Non-employee directors make elections on a quarterly basis. The number of shares to be issued under the plan in any particular quarter is generally determined using the average of the daily closing prices of the shares for the last 15 consecutive trading days of the previous quarter. No options are issuable under the plan, and there is no exercise price applicable to shares delivered under the plan.

In addition, we pay our non-employee directors a Board meeting fee of \$2,000. We pay each member of our audit committee a committee fee of \$2,500 per meeting and each member of our other committees a committee meeting fee of \$2,000 per meeting. The chair of the audit committee receives an annual retainer of \$15,000, the chair of the compensation committee receives an annual retainer of \$12,500 and the chair of each other standing Board committee receives an annual retainer of \$10,000. We also reimburse directors for travel, lodging and related expenses they may incur in attending Board and committee meetings.

Non-Employee Director Stock Options and Restricted Shares.

Under the 1992 Plan, each annually-determined award of a variable number of restricted shares or unrestricted shares is made on a date selected by the Board, or if no such date is selected by the Board, the date on which the Board action approving such award is taken. Any future award of restricted shares will be evidenced by a written agreement that will include such terms and conditions not inconsistent with the terms and conditions of the 1992 Plan as the Board considers appropriate in each case.

On July 31, 2009, an award of 8,961 unrestricted shares under the 1992 Plan was made to each non-employee director serving on that date.

The following table shows the compensation of our directors for the year ended December 31, 2009.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and officers, and persons who own more than 10 percent of the shares, to file with the SEC initial reports of ownership and reports of changes in ownership of such shares. Directors, officers and beneficial owners of more than 10 percent of the shares are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the year ended December 31, 2009, our directors, officers and beneficial owners of more than 10 percent of the shares complied with all applicable Section 16(a) filing requirements except as follows: two reports of change in ownership following the acquisition of shares were filed late by Scott W. Marks.

REPORT OF THE AUDIT COMMITTEE

To the Shareholders of
Noble Corporation:

The board of directors (the Board) of Noble Corporation (the Company) maintains an audit committee composed of four non-management directors. The Board has determined that the audit committee's current membership satisfies the rules of the U.S. Securities and Exchange Commission (SEC) and New York Stock Exchange (NYSE) that govern audit committees, including the requirements for audit committee member independence set out in Section 303A.02 of the NYSE's corporate governance standards and Rule 10A-3 under the United States Securities Exchange Act of 1934.

The audit committee oversees the Company's financial reporting process on behalf of the entire Board. Management has the primary responsibility for the Company's financial statements and the reporting process, including the systems of internal controls. The primary responsibilities of the audit committee are to select and retain the Company's auditors (including review and approval of the terms of engagement and fees), to review with the auditors the Company's financial reports (and other financial information) provided to the SEC and the investing public, to prepare and publish this report, and to assist the Board with oversight of the following:

- integrity of the Company's financial statements,
- compliance by the Company with standards of business ethics and legal and regulatory requirements,
- qualifications and independence of the Company's independent auditors and
- performance of the Company's independent auditors and internal auditors.

In fulfilling its oversight responsibilities, the audit committee reviewed and discussed the audited financial statements with management of the Company.

The audit committee reviewed and discussed with the independent auditors all communications required by generally accepted auditing standards, including those described in Public Company Accounting Oversight Board AU Section 380. In addition, the audit committee has discussed with the Company's independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures below and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regulating the independent auditor's communications with the audit committee concerning independence.

The audit committee discussed with the independent auditors the overall scope and plans for their audit. The audit committee meets with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls and the overall quality of the Company's financial reporting. The audit committee held nine meetings during 2009 and met again on January 27, 2010, February 6, 2010 and February 25, 2010.

Summary

In reliance on the reviews and discussions referred to above, the audit committee recommended to the Board (and the Board has approved) that the audited financial statements be included in the Company's annual report on Form 10-K

for the year ended December 31, 2009 for filing with the SEC. The audit committee also determined that the provision of services other than audit services rendered by PricewaterhouseCoopers LLP was compatible with maintaining PricewaterhouseCoopers LLP's independence.

Fees for 2009 also include approximately \$1 million for audit services rendered in connection with the migration of the parent company of the Noble group to Switzerland and our worldwide internal restructuring.
- (2) Represents fees for professional services rendered for benefit plan audits for 2009 and 2008.
- (3) Fees for 2009 and 2008 include approximately \$1.1 million and \$2 million, respectively, for professional services rendered in connection with the migration of the parent company of the Noble group to Switzerland.
- (4) The majority of the 2009 amount represents fees for advisory services rendered in connection with our preparation for future conversion to International Financial Reporting Standards. The 2008 amount represents fees for professional services rendered in connection with the Company's internal investigation.

Pre-Approval Policies and Procedures

On January 29, 2004, the audit committee adopted a pre-approval policy framework for audit and non-audit services, which established that the audit committee's policy is, each year, to adopt a pre-approval policy framework under which specified audit services, audit-related services, tax services and other services may be performed without further specific engagement pre-approval. On February 6, 2010 and January 30, 2009, the audit committee readopted such policy framework for 2010 and 2009, respectively. Under the policy framework, all tax services provided by the independent auditor must be separately pre-approved by the audit committee. Requests or applications to provide services that do require further, separate approval by the audit committee are required to be submitted to the audit committee by both the independent auditors and the chief accounting officer, chief financial officer or controller of the Company, and must include a joint statement that, in their view, the nature or type of service is not a prohibited non-audit service under the SEC's rules on auditor independence.

PROPOSAL 2

EXTENSION OF THE BOARD'S AUTHORITY TO ISSUE AUTHORIZED SHARE CAPITAL

Our Board proposes that our shareholders extend the Board's authority to issue authorized share capital until April 29, 2012 and approve the amendment to Article 6 paragraph 1 of our Articles of Association accordingly. Under Swiss law and our Articles of Association, our Board has the power to issue new registered shares at any time during a two-year period, provided our Board has been designated and authorized to do so by our shareholders at a meeting of shareholders, and thereby increase our share capital by a maximum amount of 50% of the share capital currently registered in the Commercial Registry, which is 663,037,660.80 Swiss francs (assuming a par value of 4.80 Swiss francs per share), or approximately 138,132,846 registered shares.

Our Board determines the time of the issuance, the issuance price, the manner in which the new registered shares have to be paid in, the date from which the new registered shares carry the right to dividends and, subject to the provisions of our Articles of Association, the conditions for the exercise of the preemptive rights with respect to the issuance and the allotment of preemptive rights that are not exercised. Our Board may allow preemptive rights that are not exercised to expire, or it may place such rights or registered shares, the preemptive rights of which have not been exercised, at market conditions or use them otherwise in our interest.

The authority to be granted to our Board will expire on the day prior to the second anniversary of the date on which the authority was granted by our shareholders. In connection with the migration of the parent company of the Noble group to Switzerland in March 2009, our Board received shareholder authorization to issue shares and/or rights with respect to our shares for a two-year period, which authorization is set to expire on March 26, 2011. After the expiration of the two-year period, authorized share capital is available to our Board for issuance of additional registered shares only if such authorization is approved by our shareholders at a meeting of shareholders. We currently do not have any specific plans, proposals or arrangements to issue any of the authorized registered shares for any purpose. However, in the ordinary course of our business, we may determine from time to time that the issuance of registered shares is in the best interest of the Company.

Our Board believes that extending our Board's authority to issue registered shares for an additional two-year period from the date of the annual meeting until April 29, 2012 will allow our Board to retain the flexibility to issue registered shares for acquisition, financing or other business purposes in a timely manner without first obtaining specific shareholder approval and is therefore an important part of our continued growth.

In order to extend our Board's authority to issue authorized share capital until April 29, 2012, Article 6 paragraph 1 of our Articles of Association will read as follows:

Artikel 6: Genehmigtes Aktienkapital

¹Der Verwaltungsrat ist ermächtigt, das Aktienkapital jederzeit bis spätestens zum 29. April 2012, im Maximalbetrag von Schweizer Franken 663 037 660.80* / 656 131 018.50** durch Ausgabe von höchstens 138 132 846 vollständig zu liberierenden Aktien mit einem Nennwert von je Schweizer Franken 4.80* / 4.75** zu erhöhen. Table of Contents

Approval of the proposal requires the affirmative vote of at least two-thirds of the shares represented at the annual general meeting and the absolute majority of the par value of such shares in person or by proxy.

Recommendation

Our Board unanimously recommends that shareholders vote FOR the proposal to extend our Board's authority to issue authorized share capital until April 29, 2012.

PROPOSAL 3**REGULAR RETURN OF CAPITAL IN THE FORM OF A PAR VALUE REDUCTION**

Our Board proposes to pay a regular return of capital through a reduction of the par value of our shares (the Regular Distribution) in an aggregate amount equal to Swiss francs 0.52 per share (the Regular Distribution Amount), which is equal to approximately USD \$0.48 using the currency exchange rate as published by the Swiss National Bank on February 23, 2010 (1.0748 CHF/1.0 USD), and to pay such amount in four installments of Swiss francs 0.13 per share beginning in August 2010. This amount will be payable for shares issued and outstanding on the effective record date of each quarterly capital reduction (and treasury shares). We intend to arrange for our transfer agent to convert the Regular Distribution payments so they will be distributed by our transfer agent in U.S. dollars converted at the exchange rate available approximately two business days prior to each Regular Distribution payment date. As a result, shareholders will be exposed to fluctuations in the Swiss franc/U.S. dollar exchange rate between now and each Regular Distribution payment date.

This reduction in the par value of our shares will have the effect of reducing the share capital of the Company by an aggregate amount of Swiss francs 143,658,160.36 (such amount subject to any adjustment based on the Company's actual share capital as of the time of the application to the Commercial Registry of the Canton of Zug for the registration of each portion of the regular capital reduction).

Our Board will set the Regular Distribution payment date within the specified month. Before our Board can effect each capital reduction, it must receive a report from PricewaterhouseCoopers AG, our statutory auditors, confirming that claims of Noble-Switzerland's creditors are fully covered after taking into account the capital reduction.

The following table illustrates how we intend to pay the Regular Distribution. The following table also illustrates how the payment amounts may vary between payment dates, even though the amount of reduction in par value in Swiss francs remains constant. The table is for illustrative purposes only, and the actual payments will vary and could be materially different than the approximate hypothetical per share Regular Distribution payments below. Actual payments will be made in U.S. dollars converted at the exchange rate available approximately two business days prior to each Regular Distribution payment date.

Month of Payment	Amount of Reduction in Par Value (Swiss francs)	Hypothetical Exchange Rate (Swiss francs/ 1.0 USD)	Approximate Hypothetical Distribution per Share (USD)
August 2010	0.13	1.0748	0.1210

November 2010	0.13	1.1553	0.1125
February 2011	0.13	1.0123	0.1284
May 2011	0.13	1.0826	0.1201

Our Board adopted a resolution declaring it advisable to pay a regular return of capital through a reduction of the par value of our shares in an amount equal to the Regular Distribution Amount and directed that approval of this regular return of capital in the form of a par value reduction be submitted for consideration by our shareholders at the annual general meeting. Approval of the proposal requires the affirmative vote of a majority of the votes cast at the annual general meeting in person or by proxy. All duly submitted and unrevoked proxies will be voted for the proposal, except where authorization to vote is withheld.

Table of Contents

We describe the details of the procedure of the series of four regular capital reductions and the proposed amendments to our Articles of Association (and the authoritative German translation) in Annex A. The information presented in Annex A sets forth the procedures and amendments to reflect only the regular capital reductions described in this Proposal 3 and does not include those needed to reflect the special capital reduction described in Proposal 4.

Recommendation

Our Board unanimously recommends that shareholders vote FOR the approval of a regular return of capital in the form of a par value reduction and to amend our Articles of Association accordingly.

PROPOSAL 4

SPECIAL RETURN OF CAPITAL IN THE FORM OF A PAR VALUE REDUCTION

Our Board proposes to pay a special return of capital through a reduction of the par value of our shares (the Special Distribution) in an aggregate amount equal to Swiss francs 0.56 per share (the Special Distribution Amount), which is equal to approximately USD \$0.52 using the currency exchange rate as published by the Swiss National Bank on February 23, 2010 (1.0748 CHF/1.0 USD), and to pay such amount in August 2010. This amount will be payable for shares issued and outstanding on the effective record date of the capital reduction (and treasury shares). We intend to arrange for our transfer agent to convert the Special Distribution payment so it will be distributed by our transfer agent in U.S. dollars converted at the exchange rate available approximately two business days prior to the Special Distribution payment date. As a result, shareholders will be exposed to fluctuations in the Swiss franc/U.S. dollar exchange rate between now and the Special Distribution payment date.

This reduction in the par value of our shares will have the effect of reducing the share capital of the Company by an aggregate amount of Swiss francs 154,708,788.08 (such amount subject to any adjustment based on the Company's actual share capital as of the time of the application to the Commercial Registry of the Canton of Zug for the registration of the special capital reduction). The special return of capital will be paid in August 2010 together with the first installment of the regular return of capital described in Proposal 3 above. Before our Board can effect the capital reduction, it must receive a report from PricewaterhouseCoopers AG, our statutory auditors, confirming that claims of Noble-Switzerland's creditors are fully covered after taking into account the capital reduction.

Our Board adopted a resolution declaring it advisable to pay a special return of capital through a reduction of the par value of our shares in an amount equal to the Special Distribution Amount and directed that approval of this special return of capital in the form of a par value reduction be submitted for consideration by our shareholders at the annual general meeting. Approval of the proposal requires the affirmative vote of a majority of the votes cast at the annual general meeting in person or by proxy. All duly submitted and unrevoked proxies will be voted for the proposal, except where authorization to vote is withheld.

We describe the details of the procedure of the special capital reduction, together with the regular capital reductions described in Proposal 3, and the proposed amendments to our Articles of Association (and the authoritative German translation) in Annex B and in Annex C. The information presented in Annex B sets forth the procedures and amendments to reflect both the regular capital reductions described in Proposal 3 and the special capital reduction described in this Proposal 4. The information in Annex C sets forth the procedures and amendments to reflect only the special capital reduction described in this Proposal 4 and does not include those needed to reflect the regular capital reductions described in Proposal 3.

Recommendation

Our Board unanimously recommends that shareholders vote FOR the approval of a special return of capital in the form of a par value reduction and to amend our Articles of Association accordingly.

PROPOSAL 5

**APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP
AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
AND ELECTION OF PRICEWATERHOUSECOOPERS AG AS STATUTORY AUDITOR**

The audit committee of our Board has voted unanimously to appoint, subject to the approval of shareholders, PricewaterhouseCoopers LLP as independent registered public accounting firm to audit our consolidated financial statements for the year ending December 31, 2010, and to elect PricewaterhouseCoopers AG as statutory auditor for a one-year term. PricewaterhouseCoopers LLP has audited our financial statements since 1994. PricewaterhouseCoopers AG served as our statutory auditor for the year ending December 31, 2009.

Representatives of PricewaterhouseCoopers LLP and PricewaterhouseCoopers AG, are expected to be present at the annual general meeting to respond to appropriate questions from shareholders, and they will be given the opportunity to make a statement should they desire to do so.

Approval of the proposal requires the affirmative vote of a majority of the votes cast at the annual general meeting in person or by proxy.

Recommendation

Our Board unanimously recommends that shareholders vote FOR the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year 2010 and the election of PricewaterhouseCoopers AG as the Company's statutory auditor for a one-year term.

PROPOSAL 6

APPROVAL OF THE 2009 ANNUAL REPORT, THE CONSOLIDATED FINANCIAL STATEMENTS OF THE COMPANY FOR FISCAL YEAR 2009 AND THE STATUTORY FINANCIAL STATEMENTS OF THE COMPANY FOR EXTENDED FISCAL YEAR 2009

Our Board proposes that the 2009 Annual Report, the consolidated financial statements of the Company for fiscal year 2009 and the statutory financial statements of the Company for Extended Fiscal Year 2009 be approved. The consolidated financial statements of the Company for fiscal year 2009 and the statutory financial statements of the Company for Extended Fiscal Year 2009 are contained in the 2009 Annual Report, which was made available to all registered shareholders with this invitation and proxy statement. In addition, these materials will be available for physical inspection at the Company's registered office at Dorfstrasse 19A, 6340 Baar, Zug, Switzerland. The 2009 Annual Report also contains the reports of PricewaterhouseCoopers AG, the Company's auditor pursuant to the Swiss Code of Obligations, and information on our business activities and our business and financial situation.

Under Swiss law, the 2009 Annual Report, the consolidated financial statements for fiscal year 2009 and the statutory financial statements for Extended Fiscal Year 2009 must be submitted to shareholders for approval at each annual general meeting.

Approval of the proposal requires the affirmative vote of holders of at least a majority of the votes cast at the annual general meeting in person or by proxy.

Recommendation

Our Board unanimously recommends that shareholders vote FOR the approval of the 2009 Annual Report, the consolidated financial statements of the Company for fiscal year 2009 and the statutory financial statements of the Company for Extended Fiscal Year 2009.

PROPOSAL 7

**DISCHARGE OF THE MEMBERS OF THE BOARD OF DIRECTORS AND THE EXECUTIVE OFFICERS
FOR EXTENDED FISCAL YEAR 2009**

Our Board proposes that our shareholders discharge the members of our Board and our executive officers from personal liability for activities during Extended Fiscal Year 2009. As is customary for Swiss corporations and in accordance with article 698 para. 2 item 5 of the Swiss Code of Obligations, shareholders are requested to discharge the members of our Board and our executive officers from personal liability for their activities during Extended Fiscal Year 2009. This discharge is only effective with respect to facts that have been disclosed to shareholders and binds shareholders who either voted in favor of the proposal or who subsequently acquired shares with knowledge of the resolution.

Approval of the proposal requires the affirmative vote of holders of at least a majority of the votes cast at the annual general meeting in person or by proxy. Any votes by members of our Board and our executive officers will be disregarded for purposes of this proposal.

Recommendation

Our Board unanimously recommends that shareholders vote FOR the discharge of the members of our Board and our executive officers for Extended Fiscal Year 2009.

Shareholder Proposals

Any proposal by a shareholder intended to be presented at the 2011 annual general meeting of shareholders must be received by the Company at our principal executive offices at Dorfstrasse 19A, 6340 Baar, Zug, Switzerland, Attention: Julie J. Robertson, Executive Vice President and Secretary, no later than January 1, 2011, for inclusion in our proxy materials relating to that meeting.

In order for a shareholder to bring business before an annual general meeting of shareholders, a written request must be sent to our corporate secretary not less than 60 nor more than 120 days in advance of the annual general meeting, or, in the case of nominations for the election of directors, not less than 90 days in advance of an annual general meeting. Requests regarding agenda items (other than nominations for the election of directors) must include the name and address of the shareholder, a clear and concise statement of the proposed agenda item, and evidence of the required shareholdings recorded in the share register. Requests for nominations for the election of directors must include the name and address of the shareholder, a representation that the shareholder is entitled to vote and intends to appear at the meeting, a description of all arrangements between the director nominee and the shareholder, other information about the director nominee required to be disclosed in the proxy statement by SEC rules, and the consent of the director nominee. These requirements are separate from and in addition to the requirements a shareholder must meet to have a proposal included in our proxy statement. These time limits also apply in determining whether notice is timely for purposes of rules adopted by the SEC relating to the exercise of discretionary voting authority.

Solicitation of Proxies

The cost of the solicitation of proxies, including the cost of preparing, printing and mailing the materials used in the solicitation, will be borne by the Company. The Company has retained The Altman Group to aid in the solicitation of proxies for a fee of \$8,500 and the reimbursement of out-of-pocket expenses. Proxies may also be solicited by personal interview, telephone and telegram and via the Internet by directors, officers and employees of the Company, who will not receive additional compensation for those services. Arrangements also may be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of shares held by those persons, and the Company will reimburse them for reasonable expenses incurred by them in connection with the forwarding of solicitation materials.

ANNEX A

DETAILS OF REGULAR RETURN OF CAPITAL IN THE FORM OF A PAR VALUE REDUCTION

The procedures and amendments described below assume our shareholders at the annual general meeting approve Proposal 3 (regular return of capital in the form of a par value reduction) but not Proposal 4 (special return of capital in the form of a par value reduction).

The aggregate share capital numbers in the excerpts from the Company's Articles of Association provided below are based on the Company's share capital after the last installment of the capital reduction that was approved by our shareholders at the general meeting of shareholders held on May 28, 2009, upon which the Company's share capital will be reduced to Swiss francs 1,312,262,041.75, is being entered into the daily ledger of the Commercial Registry. These numbers are subject to adjustment as described below.

1. The capital reduction will be accomplished as follows:

i. by reducing the par value per registered share from Swiss Francs 4.75 to Swiss Francs 4.23 in four steps, i.e. from Swiss Francs 4.75 to Swiss Francs 4.62 in the third calendar quarter of 2010; from Swiss Francs 4.62 to Swiss Francs 4.49 in the fourth calendar quarter of 2010; from Swiss Francs 4.49 to Swiss Francs 4.36 in the first calendar quarter of 2011; and from Swiss Francs 4.36 to Swiss Francs 4.23 in the second calendar quarter of 2011;

ii. by repayment on a date to be established by the Board of Directors of the respective partial per share reduction amounts of Swiss Francs 0.13 in August 2010, Swiss Francs 0.13 in November 2010, Swiss Francs 0.13 in February 2011, and Swiss Francs 0.13 in May 2011, and in each case to be paid in U.S. dollars converted at the exchange rate available as published by the Swiss National Bank approximately two business days prior to each such payment date; and

iii. an updated report in accordance with article 732 para. 2 CO by the statutory auditor shall be prepared in connection with each partial reduction.

2. The Company's statutory auditor will deliver a report to the annual general meeting of shareholders dated April 30, 2010 in accordance with article 732 para. 2 CO for the capital reduction.

3. Shares issued from authorized share capital and conditional share capital until registration of the fourth capital reduction in the Commercial Registry (New Shares) will be subject to the remaining subsequent capital reductions. The aggregate reduction amount pursuant to Section 1 above will be increased by an amount equal to such remaining par value reductions on the New Shares.

4. The Board of Directors is authorized to determine the application dates of the partial reductions in the Commercial Registry and the repayment procedure for the partial reduction amounts in accordance with article 734 CO.

5. The Board of Directors will only authorize to effect any of the series of the capital reductions in the event the respective report from the Company's statutory auditors confirms in accordance with article 732 para. 2 CO that claims of the Company's creditors are fully covered after taking into account the respective capital reduction.

6. At the registration of the capital reduction in the Commercial Registry, Article 4 of our Articles of Association will be amended as follows:

ANNEX B

DETAILS OF REGULAR AND SPECIAL RETURN OF CAPITAL IN THE FORM OF A PAR VALUE REDUCTION

The procedures and amendments described below assume our shareholders at the annual general meeting approve Proposal 3 (regular return of capital in the form of a par value reduction) and Proposal 4 (special return of capital in the form of a par value reduction).

The aggregate share capital numbers in the excerpts from the Company's Articles of Association provided below are based on the Company's share capital after the last installment of the capital reduction that was approved by our shareholders at the general meeting of shareholders held on May 28, 2009, upon which the Company's share capital will be reduced to Swiss francs 1,312,262,041.75, is being entered into the daily ledger of the Commercial Registry. These numbers are subject to adjustment as described below.

1. The capital reduction will be accomplished as follows:

i. by reducing the par value per registered share from Swiss Francs 4.75 to Swiss Francs 3.67 in four steps, i.e. from Swiss Francs 4.75 to Swiss Francs 4.06 in the third calendar quarter of 2010; from Swiss Francs 4.06 to Swiss Francs 3.93 in the fourth calendar quarter of 2010; from Swiss Francs 3.93 to Swiss Francs 3.80 in the first calendar quarter of 2011; and from Swiss Francs 3.80 to Swiss Francs 3.67 in the second calendar quarter of 2011;

ii. by repayment on a date to be established by the Board of Directors of the respective partial per share reduction amounts of Swiss Francs 0.69 in August 2010, Swiss Francs 0.13 in November 2010, Swiss Francs 0.13 in February 2011, and Swiss Francs 0.13 in May 2011, and in each case to be paid in U.S. dollars converted at the exchange rate available as published by the Swiss National Bank approximately two business days prior to each such payment date; and

iii. an updated report in accordance with article 732 para. 2 CO by the statutory auditor shall be prepared in connection with each partial reduction.

2. The Company's statutory auditor will deliver a report to the annual general meeting of shareholders dated April 30, 2010 in accordance with article 732 para. 2 CO for the capital reduction.

3. Shares issued from authorized share capital and conditional share capital until registration of the fourth capital reduction in the Commercial Registry (New Shares) will be subject to the remaining subsequent capital reductions. The aggregate reduction amount pursuant to Section 1 above will be increased by an amount equal to such remaining par value reductions on the New Shares.

4. The Board of Directors is authorized to determine the application dates of the partial reductions in the Commercial Registry and the repayment procedure for the partial reduction amounts in accordance with article 734 CO.

5. The Board of Directors will only authorize to effect any of the series of the capital reductions in the event the respective report from the Company's statutory auditors confirms in accordance with article 732 para. 2 CO that claims of the Company's creditors are fully covered after taking into account the respective capital reduction.

6. At the registration of the capital reduction in the Commercial Registry, Article 4 of our Articles of Association will be amended as follows:

ANNEX C

DETAILS OF SPECIAL RETURN OF CAPITAL IN THE FORM OF A PAR VALUE REDUCTION

The procedures and amendments described below assume our shareholders at the annual general meeting approve Proposal 4 (special return of capital in the form of a par value reduction) but not Proposal 3 (regular return of capital in the form of a par value reduction).

The aggregate share capital numbers in the excerpts from the Company's Articles of Association provided below are based on the Company's share capital after the last installment of the capital reduction that was approved by our shareholders at the general meeting of shareholders held on May 28, 2009, upon which the Company's share capital will be reduced to Swiss francs 1,312,262,041.75, is being entered into the daily ledger of the Commercial Registry. These numbers are subject to adjustment as described below.

1. The capital reduction will be accomplished as follows:

i. by reducing the par value per registered share from Swiss Francs 4.75 to Swiss Francs 4.19 in the third calendar quarter of 2010;

ii. by repayment on a date to be established by the Board of Directors of the per share reduction amount of Swiss Francs 0.56 in August 2010 to be paid in U.S. dollars converted at the exchange rate available as published by the Swiss National Bank approximately two business days prior to such payment date; and

2. The Company's statutory auditor will deliver a report to the annual general meeting of shareholders dated April 30, 2010 in accordance with article 732 para. 2 CO for the capital reduction.

3. Shares issued from authorized share capital and conditional share capital until registration of the capital reduction in the Commercial Registry (New Shares) will be subject to the capital reduction. The reduction amount pursuant to Section 1 above will be increased by an amount equal to such par value reduction on the New Shares.

4. The Board of Directors is authorized to determine the application dates of the reduction in the Commercial Registry and the repayment procedure for the reduction amount in accordance with article 734 CO.

5. At the registration of the capital reduction in the Commercial Registry, Article 4 of our Articles of Association will be amended as follows:
