REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Administrator
of the Michael Baker Corporation
Employee Stock Ownership Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Michael Baker Corporation Employee Stock Ownership Plan (the Plan) at December 31, 2000 and 1999, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

Our audits were conducted for the purpose of forming an opinion on the basic

Edgar Filing: BAKER MICHAEL CORP - Form 11-K

financial statements taken as a whole. The supplemental schedules of Assets (Held at End of Year) and Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MICHAEL BAKER CORPORATION
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2000 AND 1999

1. DESCRIPTION OF PLAN

GENERAL

The following description of the Michael Baker Employee Stock Ownership Plan (the ESOP, or the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The ESOP is a defined contribution plan that provides all eligible employees of Michael Baker Corporation (the Company) with an opportunity to accumulate additional retirement benefits as well as invest in Company stock. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings or losses, and charged with an allocation of certain administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CONTRIBUTIONS

Participants contribute to the ESOP through a Section 401(k) Employee Salary Redirection Election, whereby the participants may choose to have a percentage of their salaries (including commissions and overtime) withheld and contributed to the ESOP up to the annual limitation established by the Internal Revenue Service or 18% and 15% of the participant's salary in 2000 and 1999, respectively. The maximum amount of a participant's salary which may be eligible for withholding for any Plan year cannot exceed \$170,000. The ESOP also allows participants to roll over funds from a previous employer's tax-qualified plan or tax-qualified individual retirement account.

Edgar Filing: BAKER MICHAEL CORP - Form 11-K

During 1998 and 1999, the Company acquired GeoResearch Inc. and Steen Production Service, Inc., respectively. During 1999, the eligible participants made rollover contributions to the Plan of approximately \$1.6 million.

COMPANY MATCHING CONTRIBUTIONS

Under the provisions of the Plan, the Company will make a matching contribution to the participants' accounts in an amount of 100% of the first 5% and 50% of the next 1% of eligible salary contributed by each participant. Salary amounts over the 6% limit are not required to be matched by the Company. The Company's matching contributions are invested in not less than 25% of Michael Baker Corporation Common Stock or Series B Common Stock with the remaining 75% invested in accordance with the participants' investment elections for participant contributions.

The Board of Directors of the Company is authorized to make additional discretionary contributions to the ESOP from time to time. However, no discretionary contributions were made in 2000 or 1999.

MICHAEL BAKER CORPORATION
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2000 AND 1999

VESTING

Participants are vested immediately in their contributions plus actual earnings thereon. All amounts in the participants' ESOP accounts that are attributable to the transfer of funds from a previously terminated retirement plan, the rollover from a previous employer's tax-qualified plan, and participant contributions are 100% vested and nonforfeitable at all times.

All Company matching contributions will become 100% vested upon attainment of 3 years of service with the Company or earlier, upon attainment of normal retirement date, disability or death. If a participant leaves employment with the Company before attaining a vested interest in his or her Company contribution, the contributions are forfeited and will reduce future Company matching contributions.

DISTRIBUTIONS

The Plan provides for distribution of benefits upon retirement, total and permanent disability, death, or termination of employment for any other reason. The amount of distribution the participant or his or her beneficiary is entitled to is based on the vesting requirements discussed above. All distributions will be made in the form of a single, lump-sum distribution or in substantially equal annual installments over a period not exceeding 5 years. Distributions may be made in cash and/or shares of common stock, at the discretion of the participant.

PARTICIPANT LOANS

A participant may borrow money from the portion of his or her account attributable to his or her own 401(k) plan contributions. Participant loans may be obtained in the sole event of immediate and heavy financial need, where the participant lacks other available resources. Loan amounts

Edgar Filing: BAKER MICHAEL CORP - Form 11-K

shall not exceed the lesser of: (a) 50% of the participant's vested interest in the participant's account, (b) \$50,000 adjusted for pre-existing loans, or (c) such amount as may be determined by the plan administrator. All loans will be drawn against the participant's account among the respective investment options as directed, and are secured by the assets within the participant's accounts. Interest rates on outstanding notes receivable ranged from 9.5% to 10.5% at December 31, 2000.

FORFEITED ACCOUNTS

At December 31, 2000 and 1999, forfeited nonvested accounts totaled \$89,621 and \$67,968, respectively. These accounts will be used to reduce future employer contributions. Also, in 2000 and 1999, employer contributions were reduced by \$296,245 and \$195,966, respectively, from forfeited nonvested accounts.

COMMON STOCK

The ESOP enables participating employees to acquire an equity interest in Michael Baker Corporation (the Company); as such, contributions to the ESOP can be invested in the Company's common stock (Common Stock and Series B Common Stock).

The ESOP's investment in the Company's Common Stock comprises 2,220,159 shares (cost of \$14,065,803) and 2,370,262 shares (cost of \$14,886,107) at December 31, 2000 and 1999, respectively.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2000 AND 1999

The ESOP's investment in the Company's Series B Common Stock comprises 1,223,477 shares (cost of \$7,436,107) at both December 31, 2000 and 1999.

INVESTMENT OPTIONS

Each participant may direct Putnam Investments, Inc. (Putnam) to invest certain portions of his or her account in investment funds. Investment funds available to participants are the Michael Baker Common Stock Fund (invests in common stock of the Company), the Putnam New Opportunities Fund (invests in long-term growth stocks within emerging industries), the Putnam International Growth Fund (invests in diversified corporate stocks outside of North America), the Putnam Voyager Fund (invests in diversified corporate stocks), the Putnam Money Market Fund (invests in short-term money market securities), the Putnam Investors Fund (invests in large capitalization stocks), the Putnam S&P 500 Index Fund (invests with the objective of achieving a return that approximates the return of the S&P 500 Composite Stock Price Index) and the Putnam Asset Allocation Funds (includes the Growth Portfolio, which invests with the goal of seeking maximum growth of an investment over time, the Balanced Portfolio, which invests with the goal of seeking a total return for investors in their peak accumulation years and the Conservative Portfolio, which invests primarily in domestic fixed-income securities). Contributions by participants cannot be further directed within the Michael Baker Common Stock Fund. Additionally, effective December 1, 2000, the following new funds were added as investment options to the Plan: the AIM Balance Fund

Edgar Filing: BAKER MICHAEL CORP - Form 11-K

(invests in equity and fixed-income securities), the MFS Massachusetts Investors Trust (invests primarily in common stock, seeking current income and long-term growth of capital and income), the PIMCO Total Return Fund (invests in debt securities, seeking a total return consistent with the preservation of capital) and the Franklin Small Cap Growth Fund (invests in equity securities, of small companies, seeking long-term capital growth). These new investment funds replaced The George Putnam Fund of Boston, the Putnam Fund for Growth & Income, the Putnam Income Fund and the Putnam Bond Index Fund, which were discontinued as investment options.

PLAN ADMINISTRATION AND FEES

The Company provides certain administrative and accounting services to the ESOP at no cost. In addition, the Company pays the cost of services provided to the ESOP by Putnam, legal counsel and independent accountants. Certain reasonable distribution and loan processing fees charged by Putnam are deducted from the respective participant account balances.

TRANSFERS OUT OF PLAN

In connection with the sale of Baker Heavy & Highway and Baker Support Services, Inc. during 2000, \$3.9 million was transferred out of the Plan to other qualifying plans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

Putnam Investments, Inc. (Putnam) performs the recordkeeping function for the ESOP and the records are maintained on a cash basis. The financial statements included herein include all adjustments to reflect the financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

-6-

10

MICHAEL BAKER CORPORATION
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2000 AND 1999

Certain plan investments are shares of mutual funds managed by Putnam. These transactions qualify as party-in-interest transactions.

INVESTMENTS

Investments are stated at fair value based upon quoted market values. The investment in common stock of the Company is stated at publicly-traded closing market values as of December 31, 2000 and 1999. As of December 31, 2000 and 1999, the ESOP owned approximately 40% and 42%, respectively, of the outstanding shares of the Company's common stock; therefore, such valuation might be subject to significant fluctuation in the event of a substantial liquidation of such holdings by the ESOP.

The difference between the cost and current market value of investments purchased since the beginning of the period and the increase or decrease in such stated market value of investments held at the beginning of the period reported is included in the net depreciation in fair market value of investments in the Statements of Changes in Net Assets Available for

Edgar Filing: BAKER MICHAEL CORP - Form 11-K

Benefits.

CONTRIBUTIONS

Employee and employer contributions are recorded in the period during which the Company makes payroll deductions from Plan participant's earnings.

DISTRIBUTIONS

Distributions to participants are recorded when paid.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that may affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

CONCENTRATION OF RISK

Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statements of changes in net assets available for benefits.

6. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 21, 2000, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter.

However, the plan administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.
