Dear Schuler Homes Stockholder:

You are cordially invited to attend a special meeting of stockholders of Schuler Homes, Inc. to be held at 400 Continental Boulevard, Suite 100, El Segundo, California 90245, on Thursday, February 21, 2002, at 9:00 a.m. local time.

At the special meeting, you will be asked to vote on the merger of Schuler with and into D.R. Horton, Inc. At the effective time of the merger, the separate corporate existence of Schuler will cease, and D.R. Horton will be the surviving corporation.

Your board of directors believes that the merger offers significant potential by combining the strengths and attributes of two premier companies. It is expected to create the second largest homebuilder based on units closed. We believe the merger allows you to participate in a more diversified company. In addition, we expect the transaction to be beneficial to you since D.R. Horton enjoys significantly greater liquidity and superior access to the capital markets.

Subject to the adjustments, elections and limitations described in this Joint Proxy Statement/ Prospectus, if the merger is completed, each share of your Schuler Class A common stock and Class B common stock outstanding immediately prior to the effective time of the merger will be canceled and converted into the right to receive the merger consideration. The base merger consideration for each share of Schuler common stock will consist of a combination of \$4.09 in cash and a fraction of a share of D.R. Horton common stock. Alternatively, you may elect to receive merger consideration in the form of all cash or all D.R. Horton common stock in an amount equal to the base merger consideration. However, because both the total cash portion of the merger consideration and the total number of shares of D.R. Horton common stock to be issued as merger consideration will be fixed, elections to receive all cash or all D.R. Horton common stock will be subject to proration. You do not have to make an election to receive the base merger consideration. If you decide to make an election, however, you must make the election for all of your shares.

The exact number of shares of D.R. Horton common stock that will be included in the base merger consideration will be based on the average closing price of D.R. Horton common stock as reported for New York Stock Exchange composite transactions for the 15 trading days ending on, and including, the third trading day prior to the special meeting. Subject to the provisions of the merger agreement, and as more fully described in the enclosed Joint Proxy Statement/ Prospectus, the fraction of a share of D.R. Horton common stock per share of Schuler common stock included in the base merger consideration will range from .487, if the average closing price is \$27.51 or higher, to .635, if the average closing price is \$17.50 or lower. However, if the average closing price is less than \$16.00, Schuler may terminate the merger agreement unless D.R. Horton makes an election to increase the cash portion of the merger consideration or the stock portion of the merger consideration, or a combination thereof, so that the base merger consideration for each share of Schuler common stock equals at least \$14.25, valued at the average closing price.

Assuming the average closing price for the merger was the closing price of D.R. Horton common stock on January 11, 2002, which was \$30.54, the base merger consideration would consist of \$4.09 and .487 shares of D.R. Horton common stock for each outstanding share of Schuler common stock, for a total merger consideration of \$18.96 per share. Promptly after determination of the base merger consideration, Schuler and D.R. Horton will issue a press release advising their stockholders of the fraction of a share of D.R. Horton common stock included in the base merger consideration.

Table of Contents

An additional illustration of the different amounts of base merger consideration Schuler stockholders would receive for each share of Schuler common stock, based on various assumed average closing prices for D.R. Horton common stock, is set forth on page 3 of the enclosed Joint Proxy Statement/ Prospectus. Since the number of shares of D.R. Horton common stock you will receive will be calculated based on an average closing price, the market value of the shares of D.R. Horton common stock that you receive upon completion of the merger may be greater or less than the calculated value.

Your board of directors has unanimously determined that the merger agreement is advisable, fair to and in the best interests of Schuler and its stockholders and recommends that you vote **FOR** approval and adoption of the merger agreement and the transactions contemplated by the merger agreement. I strongly support the merger and join with the other members of the board in enthusiastically recommending the merger to you.

The accompanying Joint Proxy Statement/ Prospectus provides detailed information about the proposed merger. We encourage you to read carefully the entire document, including the annexes.

Whether or not you plan to attend the special meeting, please take the time to vote by completing and mailing your proxy card in the enclosed envelope as promptly as possible so that your shares will be voted at the special meeting. This will not limit your right to vote in person or to attend the special meeting.

Please refer to the election form and letter of transmittal which will be mailed separately for instructions regarding your stock certificates.

Very truly yours,

JAMES K. SCHULER

Co-Chairman, President and Chief Executive Officer

Dear D.R. Horton Stockholder:

You are cordially invited to attend the 2002 annual meeting of the stockholders of D.R. Horton, Inc. to be held at 1901 Ascension Blvd., Suite 100, Arlington, Texas 76006, on Thursday, February 21, 2002, at 11:00 a.m. local time.

D.R. Horton has entered into a merger agreement with Schuler Homes, Inc. providing for the merger of Schuler into D.R. Horton, with D.R. Horton as the surviving corporation. At the annual meeting, we will ask you to consider and vote on the approval and adoption of the merger agreement and the transactions contemplated by the merger agreement, including the issuance of D.R. Horton common stock in connection with the merger.

Your board of directors believes that the merger offers significant strategic benefits for D.R. Horton and its stockholders. We expect to create the nation's second largest homebuilder based on units closed. The merger strengthens D.R. Horton's current market position while expanding its geographic presence and product offerings in key Western markets. On a combined basis, D.R. Horton will become the largest homebuilder in Southern California and the second largest in the State of California. In addition, the combined companies will be ranked first in market share in nine markets, and will be ranked in the top five in an additional 20 markets, based on units closed. The merger also reflects our strategy of pursuing acquisitions of homebuilders that have strong management teams. We expect the merger to be accretive to earnings.

Your board of directors has determined that the merger is advisable and is in the best interests of D.R. Horton and its stockholders, has unanimously approved the merger and the issuance of D.R. Horton common stock in connection with the merger, and recommends that you vote **FOR** this proposal. I strongly support the merger and join with the other members of the board in enthusiastically recommending the merger to you.

In addition to voting on the merger agreement, at the annual meeting we will ask you to:

elect ten directors; and

consider and vote on an amendment to the D.R. Horton 1991 Stock Incentive Plan to increase the total number of shares authorized for issuance thereunder by 1,600,000 shares, with the amendment to be effective upon effectiveness of the merger.

Your board of directors recommends that you vote **FOR** these proposals.

The accompanying Joint Proxy Statement/ Prospectus provides detailed information about the proposed merger and the other matters to be voted on at the annual meeting. We encourage you to read carefully the entire document, including the annexes.

Whether or not you plan to attend the annual meeting, please take the time to vote by completing and mailing your proxy card in the enclosed envelope as promptly as possible so that your shares will be voted at the annual meeting. Doing so will not limit your right to vote in person or to attend the annual meeting.

Very truly yours,

DONALD R. HORTON
Chairman of the Board

Table of Contents**D.R. HORTON, INC. SCHULER HOMES, INC.****JOINT PROXY STATEMENT/ PROSPECTUS****Merger Proposed: Your Vote Is Important**

The boards of directors of D.R. Horton, Inc. and Schuler Homes, Inc. have each unanimously approved the merger of Schuler into D.R. Horton pursuant to the terms of a merger agreement entered into on October 22, 2001, as amended November 8, 2001. As a result, at the effective time of the merger, the separate corporate existence of Schuler will cease, and D.R. Horton will be the surviving corporation in the merger. In order to complete the merger, both companies must obtain the approval of their stockholders. Meetings of the stockholders of Schuler and D.R. Horton will be held on February 21, 2002 to vote on the merger.

Subject to the adjustments, elections and limitations described in this Joint Proxy Statement/ Prospectus, if the merger is completed, each share of Schuler Class A common stock and Class B common stock outstanding immediately prior to the effective time of the merger will be canceled and converted into the right to receive the merger consideration. The base merger consideration for each share of Schuler common stock will consist of a combination of \$4.09 in cash and a fraction of a share of D.R. Horton common stock determined as set forth in the table below, based on the average closing price of D.R. Horton common stock as reported for New York Stock Exchange composite transactions for the 15 trading days ending on, and including, the third trading day prior to the Schuler stockholder meeting:

Average Closing Price of D.R. Horton Common Stock	D.R. Horton Common Stock Issued for Each Schuler Share	Total Amount of Base Merger Consideration for Each Share of Schuler Common Stock Consisting of \$4.09 in Cash and Shares of D.R. Horton Common Stock at the Average Closing Price
\$27.51 or higher	0.487 shares	\$17.49 or higher
\$23.51 to \$27.50	Fraction of a share equal to the quotient obtained by dividing \$13.395 by the average closing price of D.R. Horton common stock	\$17.49
\$19.50 to \$23.50	0.570 shares	\$15.21 to \$17.49
\$17.51 to \$19.49	Fraction of a share equal to the quotient obtained by dividing \$11.115 by the average closing price of D.R. Horton common stock	\$15.21
\$16.00 to \$17.50	0.635 shares	\$14.25 to \$15.20

If the average closing price of D.R. Horton common stock determined as set forth above is less than \$16.00, the total amount of the base merger consideration would be less than \$14.25. However, in that event, Schuler can terminate the merger agreement, unless D.R. Horton makes an election to increase the cash portion of the merger consideration or the stock portion of the merger consideration, or both, so that the amount of the base merger consideration of cash and D.R. Horton common stock for each share of Schuler common stock equals at least \$14.25.

Alternatively, a Schuler stockholder may elect to receive the amount of the base merger consideration in the form of all cash or all D.R. Horton common stock. However, because both the total cash portion of the merger consideration and the total number of shares of D.R. Horton common stock to be issued as merger consideration will be fixed, that election will be subject to proration.

This Joint Proxy Statement/ Prospectus provides Schuler stockholders and D.R. Horton stockholders with detailed information about the proposed merger. It also constitutes the prospectus of D.R. Horton with respect to its common stock to be issued to the stockholders of Schuler in connection with the merger. In addition, this Joint Proxy Statement/ Prospectus constitutes the proxy statement for the 2002 annual meeting of D.R. Horton stockholders. We encourage you to read this entire document carefully.

On October 22, 2001, the day before the merger was announced, the closing price of D.R. Horton common stock, which is traded on the New York Stock Exchange under the symbol **DHI**, was \$21.10. On the same day, the last sale price of Schuler Class A common stock, which is traded on the Nasdaq National Market under the symbol **SHLR**, was \$12.00. On January 11, 2002, the closing price of D.R. Horton common stock reported on the New York Stock Exchange composite tape was \$30.54 per share, and the last sale price of Schuler Class A common stock

reported on the Nasdaq National Market was \$19.09 per share. Assuming the average closing price for the merger were the closing price of D.R. Horton common stock on January 11, 2002, the base merger consideration would consist of \$4.09 and .487 shares of D.R. Horton common stock for each outstanding share of Schuler common stock, for a total consideration of \$18.96 per share. Promptly after determination of the base merger consideration, Schuler and D.R. Horton will issue a press release advising their stockholders of the fraction of a share of D.R. Horton common stock included in the base merger consideration.

All information contained in this Joint Proxy Statement/ Prospectus with respect to D.R. Horton has been provided by D.R. Horton. All information contained in this Joint Proxy Statement/ Prospectus with respect to Schuler has been provided by Schuler.

For risk factors involved in the transaction that you may want to consider, including risks involved in an investment in D.R. Horton common stock, see the section of this Joint Proxy Statement/ Prospectus captioned Risk Factors beginning on page 26.

The D.R. Horton common stock to be issued pursuant to this Joint Proxy Statement/ Prospectus has not been approved or disapproved by the Securities and Exchange Commission or any state securities commission, nor has the Securities and Exchange Commission or any state securities commission passed upon the accuracy or adequacy of this Joint Proxy Statement/ Prospectus. Any representation to the contrary is a criminal offense.

This Joint Proxy Statement/ Prospectus is dated January , 2002, and is first being mailed to holders

of Schuler common stock and D.R. Horton common stock on or about January , 2002.

Q: *Why are Schuler and D.R. Horton merging? How will I benefit?*

A: D.R. Horton believes its stockholders will benefit as a result of the combined company's strengthened position in existing homebuilding markets, entry into new homebuilding markets, broader product offering and increased efficiencies and cost savings. Schuler believes that its stockholders will enjoy the same benefits as D.R. Horton stockholders from the merger and may also realize other benefits by virtue of the merger, as described in this Joint Proxy Statement/ Prospectus.

Q: *When do you expect to complete the merger?*

A: We are working to complete the merger as quickly as possible. Currently, we expect to complete the merger during the first calendar quarter of 2002.

Q: *Assuming a Schuler stockholder receives shares of D.R. Horton common stock in the merger, will the rights of the stockholder as a D.R. Horton stockholder be different from what they were as a Schuler stockholder?*

A: Yes. Schuler and D.R. Horton each have different charter documents and by-laws. For a summary of material differences between the rights of Schuler stockholders and the rights of D.R. Horton stockholders, please refer to "Comparative Rights of Stockholders" beginning on page 91.

Q: *What do I do to vote?*

A: After reading this Joint Proxy Statement/ Prospectus, you should fill out and sign your proxy card, and then mail it in the enclosed return envelope as soon as possible so that your shares will be represented at the meeting. You may also return your proxy card by facsimile. Schuler stockholders may fax their completed and signed proxy cards to (201) 296-4142. D.R. Horton stockholders may fax their completed and signed proxy cards to (718)259-1144. **To vote on the merger, Schuler stockholders do not need to complete an election form with respect to the merger consideration.**

Q: *What happens if I don't return a proxy card or vote at the meeting?*

A: Failure to return your proxy card or vote in person at the meeting will have the same effect as voting against approval of the merger. For each of Schuler and D.R. Horton the affirmative vote of a majority of its outstanding common stock is required to approve the merger, and in Schuler's case a majority of outstanding Class A common stock and Class B common stock voting as separate classes is also required. Therefore, it is important that you return your proxy card.

Q: *May I vote in person?*

A: Yes. You may attend the meeting and vote your shares in person, whether or not you have sent in a proxy card.

Table of Contents

Q: *Can I revoke my proxy after I have mailed or faxed my signed proxy card?*

A: Yes. You can revoke your proxy at any time before your proxy is voted at the applicable stockholder meeting. You can do that by:

attending the applicable stockholder meeting and voting in person;

completing, signing and mailing in or transmitting by facsimile a new proxy card (in time so that the new proxy card is received prior to the applicable stockholder meeting);

revoking your proxy by facsimile at (201) 296-4142 for Schuler stockholders and (718) 259-1144 for D.R. Horton stockholders; or

sending a written notice to the address specified below stating that you are revoking your proxy (in time so that the notice is received prior to the applicable stockholder meeting):

Q: *If my shares are held in street name, will my broker vote them for me?*

A: Your broker will vote your shares with respect to the merger only if you provide instructions on how to vote. For both Schuler stockholders and D.R. Horton stockholders, if you fail to provide your broker with instructions, your shares will not be voted with respect to the merger, and the failure to provide instructions will have the same effect as a vote against approval of the merger. You cannot vote your shares held in street name by returning a proxy card to us. However, if you are a D.R. Horton stockholder, your broker can vote your shares for the amendment to the D.R. Horton stock incentive plan and for the election of D.R. Horton directors without instructions.

You should follow the directions provided by your broker to vote your shares.

Q: *What does it mean if I get more than one proxy card?*

A: You may own both Schuler and D.R. Horton common stock, or your shares may be registered in different names or at different addresses or may be in more than one account. Sign and return all proxy cards to be sure that all of your shares of Schuler and D.R. Horton common stock are voted.

Q: *What will Schuler stockholders receive in the merger?*

A: Subject to the adjustments, elections and limitations described in this Joint Proxy Statement/ Prospectus, if the merger is completed, each share of Schuler Class A common stock and Class B common stock outstanding immediately prior to the effective time of the merger will be canceled and converted into the right to receive the merger consideration. The base merger consideration for each share of Schuler common stock will consist of a combination of \$4.09 in cash and a fraction of a share of D.R. Horton common stock, based on the average closing price of D.R. Horton common stock as reported for NYSE composite transactions for the 15 trading days ending on, and including, the third trading day prior to the Schuler stockholder meeting. Alternatively, a Schuler stockholder may elect to receive merger consideration in the form of all cash or all D.R. Horton common stock, but that election will be subject to proration. A Schuler stockholder cannot make an election for less than all of his or her shares.

Both the total cash portion of the merger consideration and the total number of shares of D.R. Horton common stock to be issued as merger consideration will be fixed. The total amount of cash that D.R. Horton will pay as part of the merger consideration is equal to the product of \$4.09 multiplied by the number of shares of Schuler common stock outstanding, other than dissenting shares, immediately prior to the effective time of the merger, unless D.R. Horton elects to increase the cash portion of the merger consideration if the average closing price

Edgar Filing: HORTON D R INC /DE/ - Form S-4/A

of D.R. Horton common stock were to fall below \$16.00. The total number of shares of D.R. Horton common stock issued as merger consideration will be determined in the manner set forth in the table below as if each stockholder had elected to receive the base merger consideration.

The following table shows, at various assumed average closing prices of D.R. Horton common stock, the fraction of a share of D.R. This table does not include cash to be received in lieu of fractional shares.

The range of average closing prices presented in the following table is for illustrative purposes only. No assurance can be given that any illustrative average closing price shown in the table will be equivalent to the market value of D.R. Horton common stock on the date such stock is received by a holder of Schuler common stock or at any other time. The market value of D.R. Horton common stock received by a holder of Schuler common stock may be greater or less than the recent market values of D.R. Horton common stock or the average closing price used to calculate the base merger consideration.

Table of Contents

If the average closing price of D.R. Horton common stock determined as set forth above is less than \$16.00, the total amount of the merger consideration would be less than \$14.25. However, in that event, Schuler can terminate the merger, unless D.R. Horton makes an election to increase either the cash portion of the merger consideration or the stock portion of the merger consideration, or both, so that the total amount of the base merger consideration for each share of Schuler common stock equals at least \$14.25, valued at the average closing price. Schuler is unable to determine currently whether it would exercise its right to terminate the merger agreement in that event. Schuler believes that any decision to terminate the merger agreement should be based on the facts and circumstances existing at the time the decision is required, including then current market conditions in the homebuilding industry in general, and with respect to D.R. Horton and Schuler in particular. If the total amount of the merger consideration falls below \$14.25, Schuler will announce whether it will exercise its right to terminate the merger agreement in the press release announcing the determination of the base merger consideration.

Subject to the adjustments, elections and limitations described in this Joint Proxy Statement/ Prospectus, if a Schuler stockholder makes an election to receive all cash, each share of Schuler common stock held by the stockholder will be converted into the right to receive cash in an amount equal to the base merger consideration. Subject to such adjustments, elections and limitations, if a Schuler stockholder makes an election to receive all D.R. Horton common stock, each share of the stockholder's Schuler common stock will be converted into the right to receive the number of shares of D.R. Horton common stock, valued using the average closing price described above, equal to the base merger consideration.

Elections to receive all cash or all D.R. Horton common stock will be subject to proration, since both the total amount of cash and the total number of shares of D.R. Horton common stock will be fixed, based on the number of shares of Schuler common stock outstanding immediately prior to the merger. For example, if a Schuler stockholder elects to receive the merger consideration as all cash, and either there have not been enough elections by other Schuler stockholders for all D.R. Horton common stock, or some of the Schuler stockholders have dissented from the merger, or both, the Schuler stockholder electing all cash would receive a prorated combination of cash and D.R. Horton common stock. The cash portion would consist of an amount of cash per share equal to the total cash portion of the merger consideration less the cash paid to Schuler stockholders receiving the base merger consideration and the cash allocated to dissenting stockholders, divided by the number of shares of Schuler common stock for which an all cash election has been made. In that example, the remaining portion of the merger consideration would be paid in shares of D.R. Horton common stock valued using the average closing price described above, so that the total prorated combination of cash and D.R. Horton common stock per share of Schuler common stock would equal the amount of the base merger consideration. Notwithstanding the prorations, the amount of cash that a stockholder electing all cash will receive will not be less than \$4.09 per share of Schuler common stock.

In another example, if a Schuler stockholder elects to receive all stock, and not enough Schuler stockholders have elected to receive all cash, the stockholder electing to receive all stock would receive for each share of Schuler common stock cash equal to the total cash portion of the merger consideration minus the aggregate amount of cash payable with respect to the shares for which an all cash election has been made and the shares receiving the base merger consideration and the cash allocated to dissenting stockholders, divided by the number of shares for which an all stock election has been made. The remaining portion of the merger consideration would be paid in shares of D.R. Horton common stock valued using the average closing price described above so that the total amount of cash and prorated stock would equal the amount of the base merger consideration.

Since calculation of the number of shares of D.R. Horton common stock that a Schuler stockholder will receive in the merger is based on an average closing price, the market value of the shares of D.R. Horton common stock that a Schuler stockholder receives upon completion of the merger may be greater or less than the calculated value.

Q: *Does a Schuler stockholder have to make an election to receive the base merger consideration?*

A: No. **If a Schuler stockholder wishes to receive the base merger consideration, no election is necessary.** A Schuler stockholder must make an election only to receive merger consideration in the form of all cash or all D.R. Horton common stock.

Q: *How long do Schuler stockholders have to elect to receive the merger consideration as all cash or all D.R. Horton common stock?*

A: Until the day before the Schuler special meeting of stockholders.

Q: *How does a Schuler stockholder make an election to receive the merger consideration as all cash or all D.R. Horton common stock?*

A: If a Schuler stockholder desires to elect the form of merger consideration he or she will receive for shares of Schuler common stock, the Schuler stockholder must complete, date and sign the election form and letter of transmittal and send it to the exchange agent, American Stock Transfer & Trust Company, at one of the addresses provided on the election form, including a letter of transmittal. The election form must be returned by 5:00 p.m., New York City Time, on Wednesday, February 20, 2002. Schuler stockholders who do not return the election form will receive the base merger consideration of cash and D.R. Horton common stock. For detailed information on the procedure for electing to receive cash or shares of D.R. Horton common stock in the merger, see Summary-Election Procedure beginning on page 10. To make a valid election, Schuler stockholders must send in their stock certificates with their election form. Stockholders that do not send in an election form will receive the base merger consideration, and will receive written instructions after the merger is completed for exchanging stock certificates for the base merger consideration.

Q: *What should Schuler stockholders do if their stock certificates are lost, stolen or destroyed?*

A: If an election is made with respect to shares represented by a lost, stolen or destroyed certificate, the Schuler stockholder should notify Schuler's transfer agent, Mellon Investor Services at (800) 356-2017 to obtain a replacement certificate. If an election is not made with respect to shares represented by a lost, stolen or destroyed certificate, the Schuler stockholder must notify American Stock Transfer & Trust Company and follow the procedures outlined in the letter of transmittal.

Q: *Should Schuler stockholders send in their stock certificates now?*

A: If they are to receive the base merger consideration, Schuler stockholders should submit a letter of transmittal after the merger. Otherwise, Schuler stockholders should submit their stock certificates to the exchange agent at the time they submit the election form. Instructions on how to exchange Schuler stock certificates are enclosed with the election form.

Q: *Will I have appraisal rights?*

A: Schuler stockholders who do not wish to accept the merger consideration and who comply with all of the requirements of Delaware law will have the right under the Delaware corporate statute to be paid the judicially determined appraised value of their shares. That appraised value will not include any value arising from the prospects of Schuler's merger with D.R. Horton under the merger agreement. The appraised value may be more than, less than or equal to the amount of cash and the market value of the D.R. Horton shares a Schuler stockholder would receive as a result of the merger if the stockholder did not exercise appraisal rights.

D.R. Horton stockholders will not be entitled to appraisal rights in connection with the merger.

Exercise of appraisal rights is subject to a number of technical and procedural requirements. Generally, in order to exercise appraisal rights, a Schuler stockholder must:

be a stockholder of record and hold the shares of Schuler common stock through the time of the merger;

before the vote on the merger, state in writing that the stockholder objects to the merger and intends to demand payment for the stockholder's shares; and

Table of Contents

not vote in favor of the merger.

Merely voting against the merger will not protect a Schuler stockholder's right of appraisal. Annex IV contains the text of the Delaware appraisal rights statute.

D.R. Horton has the right not to proceed with the merger if holders of more than 8% of the Schuler common stock exercise appraisal rights.

Q: As a Schuler stockholder, will I be taxed as a result of the merger?

A: Tax consequences to a particular Schuler stockholder will depend upon whether that Schuler stockholder receives a combination of D.R. Horton common stock and cash, all cash, or all D.R. Horton common stock in the merger, and may also depend upon the stockholder's basis in the Schuler stock. Legal counsel to D.R. Horton and Schuler have delivered opinions that the merger will qualify as a reorganization under the Internal Revenue Code, with the result that:

neither D.R. Horton nor Schuler will recognize gain as a result of the merger, and

Schuler stockholders will recognize any gain for U.S. federal income tax purposes, but only to the extent that they receive cash in the merger.

Specifically, if a Schuler stockholder receives both D.R. Horton common stock and cash in the merger, the stockholder will recognize gain equal to the lesser of the amount of gain realized and the amount of cash received. If a Schuler stockholder receives only cash the stockholder will recognize gain or, alternatively, depending upon its particular circumstances, the stockholder likely will be permitted to recognize loss, equal to the difference between the amount of cash received and its basis in its Schuler stock.

We describe the material U.S. federal income tax consequences of the merger in more detail beginning on page 96. The tax consequences of the merger to each Schuler stockholder will depend upon the facts of each stockholder's particular situation. Schuler stockholders should consult their own tax advisor for a full understanding of the tax consequences of the merger.

Q: What will happen to D.R. Horton stockholders as a result of the merger?

A: For D.R. Horton stockholders, each outstanding share of D.R. Horton common stock and each option to purchase D.R. Horton common stock will remain outstanding and unchanged. D.R. Horton stockholders will not need to do anything with their stock certificates.

Q: Will the D.R. Horton board of directors change as a result of the merger?

A: Yes. D.R. Horton has agreed to use its best efforts to appoint James K. Schuler to the D.R. Horton board upon completion of the merger. Otherwise, the D.R. Horton board of directors will not change as a result of the merger.

Q: Who can answer any other questions I may have?

A: If you have questions about the merger or the stockholders meetings you may contact any of the following:

SUMMARY

The following briefly summarizes the key aspects of the merger and other significant information contained in this Joint Proxy Statement/Prospectus. It may not contain all of the information that is important to you. To understand the transaction more fully, and for a more complete description of the terms of the transaction, you should read this entire document and the documents to which we refer you. See the section captioned "Where You Can Find More Information" (page 124) for sources of additional information and how to get copies of documents to which we refer you.

General

This Joint Proxy Statement/ Prospectus relates to the proposed acquisition of Schuler by D.R. Horton through a merger of Schuler into D.R. Horton. As a result, the separate corporate existence of Schuler will cease, and D.R. Horton will be the surviving corporation in the merger. The Schuler common stock will be converted into a combination of cash and D.R. Horton common stock as provided in the merger agreement. The base merger consideration for each share of Schuler common stock consists of a combination of \$4.09 in cash and a fraction of a share of D.R. Horton common stock. Alternatively, a Schuler stockholder may elect to receive merger consideration in the form of all cash or all D.R. Horton common stock, but that election will be subject to proration. There are no federal or state regulatory requirements that must be complied with or approvals that must be obtained in connection with the merger. The full text of the Agreement and Plan of Merger dated as of October 22, 2001, as amended November 8, 2001, between D.R. Horton and Schuler, is attached to this Joint Proxy Statement/ Prospectus as Annex I.

The Merger Consideration (see page 65)

Subject to the adjustments, elections and limitations described in this Joint Proxy Statement/ Prospectus, if the merger is completed, each share of Schuler Class A common stock and Class B common stock outstanding immediately prior to the effective time of the merger will be canceled and converted into the right to receive the merger consideration. The base merger consideration for each share of Schuler common stock will consist of a combination of \$4.09 in cash and a fraction of a share of D.R. Horton common stock as set forth in the table below, based on the average closing price of D.R. Horton common stock as reported for New York Stock Exchange composite transactions for the 15 trading days ending on, and including, the third trading day prior to the Schuler stockholder meeting:

Average Closing Price of D.R. Horton Common Stock	D.R. Horton Common Stock Issued for Each Schuler Share	Total Amount of Base Merger Consideration for Each Share of Schuler Common Stock Consisting of \$4.09 in Cash and Shares of D.R. Horton Common Stock at the Average Closing Price
\$27.51 or higher	0.487 shares	\$17.49 or higher
\$23.51 to \$27.50	Fraction of a share equal to the quotient obtained by dividing \$13.395 by the average closing price of D.R. Horton common stock	\$17.49
\$19.50 to \$23.50	0.570 shares	\$15.21 to \$17.49
\$17.51 to \$19.49	Fraction of a share equal to the quotient obtained by dividing \$11.115 by the average closing price of D.R. Horton common stock	\$15.21
\$16.00 to \$17.50	0.635 shares	\$14.25 to \$15.20

Table of Contents

If the average closing price of D.R. Horton common stock determined as set forth above is less than \$16.00, the total amount of the merger consideration would be less than \$14.25. However, in that event, Schuler can terminate the merger agreement, unless D.R. Horton makes an election to increase the cash portion of the merger consideration or the stock portion of the merger consideration, or both, so that the amount of the base merger consideration for each share of Schuler common stock equals at least \$14.25, consisting of cash and shares of D.R. Horton common stock valued at the average closing price. Schuler is unable to determine currently whether it would exercise its right to terminate the merger agreement in that event. Schuler believes that any decision to terminate the merger agreement should be based on the facts and circumstances existing at the time the decision is required, including then current market conditions in the homebuilding industry in general, and with respect to D.R. Horton and Schuler in particular. If the total amount of the merger consideration falls below \$14.25, Schuler will announce whether it will exercise its right to terminate the merger agreement in the press release announcing the determination of the merger consideration.

Alternatively, a Schuler stockholder may elect to receive merger consideration in the form of all cash or all D.R. Horton common stock, but that election will be subject to proration. A Schuler stockholder cannot make an election for less than all of his or her shares. Both the total cash portion of the merger consideration and the total number of shares of D.R. Horton common stock to be issued as merger consideration will be fixed. The total amount of cash that D.R. Horton will pay as part of the merger consideration is equal to the product of \$4.09 multiplied by the number of shares of Schuler common stock outstanding, other than dissenting shares, immediately prior to the effective time of the merger, unless D.R. Horton elects to increase the cash portion of the merger consideration if the average closing price of D.R. Horton common stock were to fall below \$16.00. The total number of shares of D.R. Horton common stock issued as merger consideration will be determined in the manner set forth above as if each stockholder had elected to receive the base merger consideration.

Subject to the adjustments, elections and limitations described in this Joint Proxy Statement/ Prospectus, if a Schuler stockholder makes an election to receive all cash, each share of Schuler common stock held by the stockholder will be converted into the right to receive cash in an amount equal to the base merger consideration. Subject to such adjustments, elections and limitations, if a Schuler stockholder makes an election to receive all D.R. Horton common stock, each share of the stockholder's Schuler common stock will be converted into the right to receive the number of shares of D.R. Horton common stock, valued using the average closing price described above, equal to the base merger consideration.

Elections to receive all cash or all D.R. Horton common stock will be subject to proration, since both the total amount of cash and the total number of shares of D.R. Horton common stock will be fixed, based on the number of shares of Schuler common stock outstanding immediately prior to the merger. For example, if a Schuler stockholder elects to receive the merger consideration as all cash, and either there have not been enough elections by other stockholders for all D.R. Horton common stock, or some of the Schuler stockholders have dissented from the merger, or both, the Schuler stockholder will receive a prorated combination of cash and D.R. Horton common stock. The cash portion will consist of an amount of cash per share equal to the total cash portion of the merger consideration less the cash paid to stockholders receiving the base merger consideration and the cash allocated to dissenting stockholders, divided by the number of shares of Schuler common stock for which an all cash election has been made. In that example, the remaining portion of the merger consideration would be paid in shares of D.R. Horton common stock valued using the average closing price described above, so that the total prorated combination of cash and D.R. Horton common stock equals the amount of the base merger consideration. Notwithstanding the proration procedure, the amount of cash that a Schuler stockholder electing all cash will receive will not be less than \$4.09 per share of Schuler common stock.

In another example, if a Schuler stockholder elects to receive all stock, and not enough Schuler stockholders have elected to receive all cash, the stockholder electing to receive all stock will receive for each share of Schuler common stock cash equal to the total cash portion of the merger consideration minus the aggregate amount of cash payable with respect to the shares for which an all cash election has been made and the shares receiving the base merger consideration and the cash allocated to dissenting stockholders, divided by the number of shares for which an all stock election has been made, and the remaining portion of the merger consideration would be paid in shares of D.R. Horton common stock.

valued using the average closing price described above so that the total amount of cash and prorated stock would equal the amount of the base merger consideration.

If a Schuler stockholder does not make an election, or does not make an election properly or otherwise loses the election, that stockholder will receive the base merger consideration of cash and D.R. Horton common stock. The base merger consideration is not subject to proration due to the number of all cash or all stock elections.

Election Procedure (see page 67)

Each Schuler stockholder may receive merger consideration as the base merger consideration of a combination of D.R. Horton common stock and cash, or may elect to receive the merger consideration as all cash or all D.R. Horton common stock, subject to proration. **If a Schuler stockholder wants to receive the base merger consideration, no election is necessary.** No Schuler stockholder may make an election for less than all of his or her shares. An election form, including a letter of transmittal, will be sent to each Schuler stockholder in a mailing separate from this Joint Proxy Statement/ Prospectus. If shares are held in street name through a broker, the broker will mail the election form to the beneficial owner under separate cover, together with a letter of instructions for making an election. Beneficial owners should read the election form together with this Joint Proxy Statement/ Prospectus.

Schuler stockholders who become stockholders following the record date of the Schuler special meeting may contact American Stock Transfer & Trust Company by calling toll-free at (800) 937-5449, to receive an election form.

For an election to be effective, the election form must be properly completed, and the electing Schuler stockholder must send the form, together with all of the stockholder's certificates, duly endorsed in blank or otherwise in a form which is acceptable for transfer on the books of Schuler or by appropriate guarantee of delivery as described in the form of election, to American Stock Transfer & Trust Company, the exchange agent, at one of the addresses provided in the election form. The exchange agent must receive the completed form of election and stock certificates by 5:00 p.m., New York City Time, on February 20, 2002.

Schuler stockholders can revoke their election prior to 5:00 p.m., New York City Time, on February 20, 2002, by sending written notice executed by the Schuler stockholder to the exchange agent, American Stock Transfer & Trust Company, in accordance with the instructions on the election form. If a Schuler stockholder properly revokes an election, the exchange agent will treat the subject shares as shares for which no election has been made, unless the Schuler stockholder thereafter submits another properly completed election form prior to the deadline for submission. Stock certificates submitted with an election form will be automatically returned if the merger agreement is terminated.

To facilitate the election process, Schuler stockholders will be able to revoke their elections by facsimile prior to the deadline set forth above at the following telephone number: (718) 259-1144.

D.R. Horton will determine, or delegate to the exchange agent to determine, whether election forms have been properly completed, signed and submitted or revoked and may disregard immaterial defects in election forms. If D.R. Horton or the exchange agent determines that an election was not properly made, the election will have no force and effect and the exchange agent will treat the subject shares as shares for which no election has been made. The decision of D.R. Horton or the exchange agent in all these matters will be conclusive and binding. Neither D.R. Horton nor the exchange agent will be under any obligation to notify any Schuler stockholder of any defect in his or her election form submitted to the exchange agent. D.R. Horton will also make, or will delegate to the exchange agent to make, all computations regarding merger consideration to be received by holders of shares of Schuler common stock and all of D.R. Horton's or the exchange agent's computations will be conclusive and binding on the holders of shares of Schuler common stock.

Table of Contents

Terms and Conditions of the Merger Agreement (see page 68)

The merger agreement contains representations, warranties, covenants and conditions that Schuler and D.R. Horton believe are customary for transactions of this type.

Comparative Rights of Stockholders (see page 91)

If the merger is completed, the stockholders of Schuler will become stockholders of D.R. Horton. The certificate of incorporation and bylaws of D.R. Horton will govern the rights of all of D.R. Horton's stockholders, including the former Schuler stockholders.

United States Federal Income Tax Consequences of the Merger to Schuler Stockholders (see page 96)

D.R. Horton and Schuler have received opinions from Gibson, Dunn & Crutcher LLP that the merger will constitute a reorganization within the meaning of the Internal Revenue Code, and it is a condition to the merger that these opinions be given again as of the closing date. However, as described in the opinions, the U.S. federal income tax consequences of the merger to Schuler stockholders will depend upon the form of consideration received in the merger.

If a Schuler stockholder receives a combination of D.R. Horton common stock and cash (other than cash in lieu of a fractional share) in exchange for Schuler common stock, the stockholder will generally recognize gain in an amount equal to the lesser of the total amount of cash received or the amount of gain realized on the exchange, but will not be permitted to recognize a loss. Any gain recognized will be treated either as a capital gain or as a dividend, depending on the stockholder's individual circumstances.

If a Schuler stockholder receives solely D.R. Horton common stock (and possibly cash in lieu of a fractional share) in exchange for the Schuler common stock, then the stockholder will not recognize gain or loss, except with respect to the fractional share. If a Schuler stockholder receives solely cash, then the stockholder will recognize gain (or, alternatively, will likely be permitted to recognize loss) equal to the difference between the amount of cash received and the stockholder's basis in the Schuler stock. The tax treatment of any gain recognized will depend upon each stockholder's individual circumstances.

The tax treatment described above may not apply to every Schuler stockholder. Determining the actual tax consequences of the merger to Schuler stockholders may be complicated and will depend on the specific situation of each stockholder and on variables not within our control. Schuler stockholders should consult their own tax advisors for a full understanding of the tax consequences of the merger.

Interests of Certain Persons in the Merger (see page 57)

Schuler. In considering the recommendation of the Schuler board of directors that Schuler stockholders vote in favor of the merger agreement and the transactions contemplated by the merger agreement, Schuler stockholders should be aware that some Schuler directors and executive officers may have interests in the merger that are in addition to the interests of Schuler stockholders generally. The Schuler board of directors was aware of, and considered, these interests in approving the merger agreement and the transactions contemplated by the merger agreement.

D.R. Horton. In considering the recommendation of the D.R. Horton board of directors that D.R. Horton stockholders vote in favor of the merger agreement and the transactions contemplated by the merger agreement, D.R. Horton stockholders should be aware that a D.R. Horton director may have an interest in the merger that is in addition to the interests of D.R. Horton stockholders generally. The D.R. Horton board of directors was aware of, and considered, the interest in approving the merger agreement and the transactions contemplated by the merger agreement.

- (7) Represents lenders' profit participation in connection with participating loans.
- (8) Minority interest in income of consolidated joint ventures represents the amount of income from consolidated joint ventures that is attributable to the ownership interests of the minority joint venture partners. Summary Selected Unaudited Pro Forma Combined Financial Data (see page 80)

Under accounting principles generally accepted in the United States, the merger of Schuler into D.R. Horton will be accounted for under the purchase method of accounting. Accordingly, the purchase price will be allocated to the Schuler assets acquired and liabilities assumed based on their respective fair values, with the excess to be allocated to goodwill. The results of operations of Schuler will be included in the D.R. Horton statements of income from the effective date of the merger. The valuations and other studies required to determine the fair value of the Schuler assets acquired and liabilities assumed have not been performed and, accordingly, the related adjustments reflected in the unaudited pro forma combined financial information are preliminary and subject to further revisions and adjustments. The total purchase price is estimated to be \$805.2 million as of September 30, 2001, which includes the value of the cash and estimated equity consideration to be paid by D.R. Horton, estimated merger costs, and costs associated with the issuance of D.R. Horton stock options in the merger. The estimated purchase price calculation assumes that the base merger consideration for each share of Schuler common stock will include \$4.09 in cash and .487 shares of D.R. Horton common stock. This calculation is detailed in Note C(1) of the Notes to the Unaudited Pro Forma Condensed Financial Statements, contained in this Joint Proxy Statement/ Prospectus. The goodwill and other intangibles acquired, based on the excess of the purchase price over the net assets to be acquired as of September 30, 2001, is currently estimated to be \$438.1 million.

The following unaudited selected consolidated financial data are presented on a pro forma combined basis to reflect the merger of D.R. Horton and Schuler, as if the two companies had been combined on October 1, 2000 for income statement, operating and other financial data, and on September 30, 2001 for balance sheet data. This pro forma combined information is derived from the historical financial statements of D.R. Horton and of Schuler and its predecessor. The companies may have performed differently if they had actually been combined during the period presented. You should not rely on the pro forma information as being indicative of the historical results that D.R. Horton would have experienced during the period presented or of the results that D.R. Horton will experience following the merger. You should also read the audited and unaudited financial statements and related notes for D.R. Horton and Schuler, as well as the section of the D.R. Horton and Schuler annual reports entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations."

RISK FACTORS

Schuler and D.R. Horton stockholders should consider the following risk factors, together with the other information included and incorporated by reference in this Joint Proxy Statement/ Prospectus, in deciding whether to vote to approve the merger.

Risk Factors Relating to the Merger

Changes in the market value of D.R. Horton common stock could reduce the value received for Schuler common stock.

Approximately three-quarters, in the aggregate, of what Schuler stockholders will receive in the merger will be D.R. Horton common stock, depending on the average closing price of D.R. Horton common stock used to calculate the merger consideration. Accordingly, the value of the merger consideration will fluctuate with the market price of D.R. Horton common stock. In addition, the actual closing price of D.R. Horton's common stock on the date of the merger may be less than the 15 day average closing price used to calculate the common stock portion of the merger consideration, thereby decreasing the value that Schuler stockholders receive. Further, regardless of what the price of D.R. Horton common stock may be at the time of the merger, the price of D.R. Horton common stock could fall after the merger, particularly if a substantial number of Schuler stockholders decide to sell their D.R. Horton common stock shortly after the merger.

A Schuler stockholder who elects to receive all cash or all D.R. Horton common stock may not receive the full amount he or she elects to receive.

Although Schuler stockholders will have the right to elect to receive merger consideration consisting of all D.R. Horton common stock or all cash, if they elect all stock or all cash, they may instead receive a prorated combination of D.R. Horton common stock and cash, because the aggregate amount of D.R. Horton common stock and cash that Schuler stockholders can receive in the merger will be fixed. Consequently, for excess cash to be available to pay Schuler stockholders who elect all cash, some of the other Schuler stockholders must elect to receive all stock. In addition, to the extent some Schuler stockholders elect to receive all stock, thus making excess cash available, that cash is subject to reduction if there are stockholders who elect appraisal rights. For Schuler stockholders that have elected to receive all stock, excess shares of D.R. Horton common stock will only be available to the extent that other Schuler stockholders have elected to receive all cash. Finally, to retain reorganization treatment of the merger for federal tax purposes, the merger agreement provides that, if more than 50% of the total value of the merger consideration would be cash, the cash portion of the merger consideration would be decreased so that at least 50% of the total value of the merger consideration would be in stock. D.R. Horton and Schuler cannot offer any assurance as to how much excess cash or excess shares of D.R. Horton common stock will be available to satisfy fully any all cash or all stock elections. See The Merger Agreement Merger Consideration for more information.

If D.R. Horton does not successfully integrate the Schuler operations after the merger, D.R. Horton may not realize the benefits it expects from the merger.

If D.R. Horton is not able to effectively integrate the operations and personnel of D.R. Horton and Schuler in a timely and efficient manner, it may not realize the benefits it expects from the merger. In particular, if the integration is not successful:

D.R. Horton's costs may be higher relative to its revenues than they were before the merger;

the combined company may lose key personnel;

D.R. Horton may not be able to retain or expand Schuler's market position; or

the market price of D.R. Horton common stock may decline as a result of the merger.

Table of Contents

Some of Schuler's directors have other interests that could have influenced their decision to recommend the merger to Schuler stockholders, which could reduce the value to Schuler stockholders.

Some directors of Schuler who voted on the merger could have been more likely to vote to approve the merger agreement as a result of their personal interests in the merger. On the record date, directors of Schuler and their affiliates beneficially owned approximately 47.0% of the voting power of outstanding Schuler Class A common stock and 100% of the voting power of outstanding Schuler Class B common stock. In considering the recommendation of the Schuler board of directors to approve the merger, Schuler stockholders should recognize that some of Schuler's directors participate in arrangements and all have continuing indemnification against liabilities that provide them with interests in the merger that are different from, or are in addition to, the interests of Schuler stockholders. For example, James K. Schuler, Co-chairman, President and Chief Executive Officer of Schuler, has entered into an employment agreement with D.R. Horton providing that Mr. Schuler will become a senior vice president of D.R. Horton and president of the Schuler Homes region of D.R. Horton following the merger, although his employment agreement with D.R. Horton does contain less favorable bonus and severance provisions than his current agreement with Schuler. In addition, Eugene Rosenfeld, a director of Schuler, is a limited partner of Highridge Pacific Housing Investors, LP, and Ricardo Koenigsberger and Lee Neibart, directors of Schuler, are each limited partners of Apollo Real Estate Advisors, L.P. Highridge Pacific Housing Investors, Apollo Real Estate Advisors and other entities affiliated with Apollo have direct and indirect beneficial ownership interests in the Western Pacific parties to the agreement by which Schuler acquired the business of Western Pacific Housing in April 2001. The indemnification obligations of the parties to the Western Pacific agreement will be terminated upon consummation of the merger as contemplated by the merger agreement. Also, stock options to purchase approximately 41,000 shares of Schuler's Class A common stock held by Schuler's non-employee directors will become fully vested and exercisable immediately prior to the effective time of the merger.

Risk Factors Relating to D.R. Horton

The following risk factors will apply to D.R. Horton and to the combined operations of D.R. Horton and Schuler after the merger.

Because of the cyclical nature of D.R. Horton's industry, future changes in general economic, real estate construction or other business conditions could adversely affect the business of the combined companies.

Cyclical Industry. The homebuilding industry is cyclical and is significantly affected by changes in general and local economic conditions, such as:

employment levels;

availability of financing for home buyers;

interest rates;

consumer confidence; and

housing demand.

An oversupply of alternatives to new homes, such as rental properties and used homes, could depress new home prices and reduce the margins on the sale of new homes.

The terrorist attacks at the World Trade Center and the Pentagon or similar acts of violence in the future, and any corresponding responses by the United States, may adversely affect general economic conditions or worsen the current slowdown of the national economy.

Inventory Risks. Inventory risk can be substantial for homebuilders. D.R. Horton must continuously seek and make acquisitions of land for expansion into new markets and for replacement and expansion of land inventory within its current markets. The risks inherent in purchasing and developing land increase as consumer demand for housing decreases. Thus, D.R. Horton may have bought and developed land on

Table of Contents

which it cannot build and sell homes. As a result of its growth and acquisitions, D.R. Horton is developing more land than it has in recent years. The market value of undeveloped land, building lots and housing inventories can fluctuate significantly as a result of changing market conditions. D.R. Horton cannot assure you that the measures employed to manage inventory risks will be successful.

In addition, inventory carrying costs can be significant and can result in losses in a poorly performing project or market. In the event of significant changes in economic or market conditions, D.R. Horton may have to sell homes at a loss.

Supply Risks. The homebuilding industry has from time to time experienced significant difficulties, including:

shortages of qualified trades people;

reliance on local subcontractors, who may be inadequately capitalized;

shortages of materials; and

volatile increases in the cost of materials, particularly increases in the price of lumber, framing and cement, which are significant components of home construction costs.

Risks from Nature. Weather conditions and natural disasters, such as hurricanes, tornadoes, earthquakes, floods and fires, can harm the homebuilding business. The climates and geology of many of the states in which D.R. Horton will operate after the merger, including California, Florida, Georgia, Hawaii, North Carolina, Oregon, South Carolina, Texas and Washington, present increased risks of natural disaster.

As a result of all of the foregoing, in the future, potential customers may be less willing or able to buy homes from D.R. Horton, or D.R. Horton may take longer or incur more costs to build them. D.R. Horton may not be able to recapture increased costs by raising prices in many cases because it fixed its prices up to six months in advance of delivery by signing home sales contracts. In addition, some home buyers may cancel or not honor their home sales contracts altogether.

Future increases in interest rates or reductions in mortgage availability could prevent potential customers from buying homes and adversely affect the business of D.R. Horton.

Virtually all customers finance their acquisitions through lenders providing mortgage financing. Increases in interest rates or decreases in availability of mortgage financing could depress the market for new homes because of the increased monthly mortgage costs to potential home buyers. Even if potential customers do not need financing, changes in interest rates and mortgage availability could make it harder for them to sell their homes to potential buyers who need financing. This could adversely affect the results of operations of D.R. Horton.

In addition, D.R. Horton believes that the availability of FHA and VA mortgage financing is an important factor in marketing many of its homes. Any limitations or restrictions on the availability of such financing could adversely affect its sales.

Governmental regulations could increase the cost and limit the availability of the combined companies' development and homebuilding projects and adversely affect their business.

D.R. Horton is subject to extensive and complex regulations that affect the development and homebuilding process, including zoning, density and building standards. These regulations often provide broad discretion to the governmental authorities administering the standards. This can delay or increase the costs of development or homebuilding.

D.R. Horton also is subject to a variety of local, state and federal laws and regulations concerning protection of the environment. These environmental laws may result in delays, may cause D.R. Horton to incur substantial compliance and other costs, and can prohibit or severely restrict development and homebuilding activity in environmentally sensitive regions or areas.

Table of Contents

The substantial debt of D.R. Horton may adversely affect its financial health and prevent it from fulfilling its obligations under its debt arrangements.

D.R. Horton and Schuler have a significant amount of debt. As of September 30, 2001, the pro forma consolidated debt of the two companies would have been \$2.5 billion.

Possible Consequences. The amount of D.R. Horton's debt after the merger could have important consequences to you. For example, it could:

limit D.R. Horton's ability to obtain future financing for working capital, capital expenditures, acquisitions, debt service requirements or other requirements;

require it to dedicate a substantial portion of its cash flow from operations to the payment on its debt and reduce its ability to use cash flow for other purposes;

limit its flexibility in planning for, or reacting to, the changes in its business;

place it at a competitive disadvantage because it has more debt than some of its competitors; and

make it more vulnerable in the event of a downturn in its business or in general economic conditions.

Dependence on Future Performance. The ability of D.R. Horton after the merger to meet its debt service and other obligations will depend upon its future performance. D.R. Horton is engaged in a business that is substantially affected by changes in economic cycles. Revenues and earnings vary with the level of general economic activity in the markets they serve. Its business is also affected by financial, political, business and other factors, many of which are beyond its control. The factors that affect its ability to generate cash can also affect its ability to raise additional funds for these purposes through the sale of equity securities, the refinancing of debt, or the sale of assets. Changes in prevailing interest rates may affect its ability to meet its debt service obligations after the merger, because borrowings under the D.R. Horton revolving credit facility bear interest at floating rates. D.R. Horton has entered into interest rate swap agreements for only a portion of its outstanding borrowings.

Required Refinancings. In connection with the merger, D.R. Horton will be required to refinance the indebtedness under Schuler's revolving credit facility, under which \$47.1 million principal amount was outstanding as of September 30, 2001. In addition, the holders of \$500 million principal amount of Schuler's outstanding senior and senior subordinated notes will have the right to cause D.R. Horton to repurchase their notes at 101% of the principal amount thereof. D.R. Horton believes that its existing cash and the availability under its current revolving credit facility will be sufficient to refinance the indebtedness it may be required to refinance or repurchase as a result of the merger.

The D.R. Horton revolving credit facility matures in April 2002, and D.R. Horton is negotiating with its banks concerning a new facility. Based on these negotiations, D.R. Horton believes that the amount of the new facility will be \$810 million, including \$125 million for letters of credit. D.R. Horton believes that the initial interest rate for outstanding borrowings under the new facility will be 1.625% over LIBOR. In addition, D.R. Horton believes that it can obtain access to bridge or other financing should it be required to finance the repurchase of any of the outstanding Schuler debt.

D.R. Horton's debt payment obligations for fiscal 2002 total \$234.6 million. Had the merger taken place on September 30, 2001, D.R. Horton's pro forma combined debt payment obligations for fiscal 2002 would have totaled \$309.9 million, exclusive of any required repurchase of the outstanding Schuler senior and senior subordinated notes, of which \$500 million is outstanding as of September 30, 2001. Based on the current level of operations of D.R. Horton and Schuler, D.R. Horton believes its cash flow from operations, available cash and existing or available borrowing capacity, including borrowings under its existing or new revolving credit facility, will be adequate to meet its future liquidity needs after the merger. D.R. Horton cannot assure you, however, that in the future its business will generate sufficient cash flow from operations or that borrowings will be available to it in an amount sufficient to enable it to pay its indebtedness or to fund other liquidity needs.

Table of Contents

Indenture and Credit Facility Restrictions. The indentures governing the outstanding public debt of D.R. Horton and Schuler and the D.R. Horton revolving credit facility impose restrictions on operations and activities. The most significant restrictions relate to debt incurrence, lien incurrence, sales of assets and cash distributions by D.R. Horton, and require it to comply with certain financial covenants. If D.R. Horton fails to comply with any of these restrictions or covenants, the trustees or the banks, as appropriate, could cause its debt to become due and payable prior to maturity. D.R. Horton anticipates that it will remain in compliance with the terms of its outstanding debt after the merger.

Homebuilding is very competitive, and competitive conditions could adversely affect the business of D.R. Horton.

The homebuilding industry is highly competitive. Homebuilders compete not only for home buyers, but also for desirable properties, financing, raw materials and skilled labor. D.R. Horton competes with other local, regional and national homebuilders, including those with a sales presence on the Internet, often within larger subdivisions designed, planned and developed by such homebuilders. The competitive conditions in the homebuilding industry could result in:

difficulty in acquiring suitable land at acceptable prices;

increased selling incentives;

lower sales or profit margins; or

delays in construction of homes.

Future growth requires additional capital, which may not be available.

The operations of D.R. Horton require significant amounts of cash. D.R. Horton will be required to seek additional capital, whether from sales of equity or debt or additional bank borrowings, for the future growth and development of its business. D.R. Horton can give no assurance as to the terms or availability of such additional capital. Moreover, the current D.R. Horton credit facility and the indentures for the outstanding debt of D.R. Horton and Schuler contain, and the new D.R. Horton credit facility will contain, provisions that may restrict the debt the combined companies may incur in the future. If D.R. Horton is not successful in obtaining sufficient capital, it could reduce sales and may adversely affect D.R. Horton's future growth and results of operations.

D.R. Horton cannot assure you that its growth strategies will be successful.

Since 1993, D.R. Horton has acquired many homebuilding companies. In addition to its internal growth, D.R. Horton is currently focusing on strategic acquisitions of homebuilding companies. Successful strategic acquisitions require the integration of operations and management and other efforts to realize the benefits that may be available. Although D.R. Horton believes that it has been successful in doing so in the past, it can give no assurance that it will continue to be able to identify and integrate future successful strategic acquisitions in the future. Moreover, D.R. Horton may not be able to implement successfully its operating and growth strategies within its existing markets.

Anti-takeover defenses in D.R. Horton's charter or bylaws could prevent an acquisition of D.R. Horton or limit the price that investors might be willing to pay for shares of D.R. Horton common stock.

D.R. Horton currently has the following provisions in its charter or bylaws which could be considered to be anti-takeover provisions:

an article in its charter prohibiting stockholder action by written consent;

an article in its charter requiring the affirmative vote of the holders of two-thirds of the outstanding shares of D.R. Horton common stock to remove a director;

Table of Contents

a bylaw limiting the persons who may call special meetings of stockholders to the board of directors or a committee thereof so empowered by the D.R. Horton board, the D.R. Horton bylaws or by law; and

a bylaw providing time limitations for nominations for election to the board of directors or for proposing matters which can be acted upon at stockholders' meetings.

These provisions may have the effect of delaying stockholder actions with respect to certain business combinations and the election of new members to the board of directors. As such, the provisions could have the effect of discouraging open market purchases of D.R. Horton common stock because they may be considered disadvantageous by a stockholder who desires to participate in a business combination or elect a new director. Additionally, the issuance of D.R. Horton preferred stock under certain circumstances could have the effect of delaying or preventing a change of control or other corporate action.

D.R. Horton is a Delaware corporation and is subject to Section 203 of the Delaware General Corporation Law. In general, Section 203 prevents an interested stockholder (defined generally as a person owning 15% or more of D.R. Horton's outstanding voting stock) from engaging in a business combination with D.R. Horton for three years following the date that person became an interested stockholder unless:

before that person became an interested stockholder, D.R. Horton's board approved the transaction in which the interested stockholder became an interested stockholder or approved the business combination;

upon completion of the transaction that resulted in the interested stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of D.R. Horton outstanding at the time the transaction commenced, excluding stock held by persons who are both directors and officers of D.R. Horton or by certain employee stock plans; or

on or following the date on which that person became an interested stockholder, the business combination is approved by D.R. Horton's board and authorized at a meeting of stockholders by the affirmative vote of the holders of at least 66 2/3% of the outstanding voting stock of D.R. Horton, excluding shares held by the interested stockholder.

A business combination includes mergers, asset sales and other transactions resulting in a financial benefit to the interested stockholder.

Horton common stock can vote on the proposals regarding the merger and the merger agreement and, in the case of D.R. Horton, its annual meeting proposals. The shares that a properly completed proxy card represents will be voted in accordance with the instructions on the proxy card. If a Schuler or D.R. Horton stockholder does not return a signed proxy card, that stockholder's shares will not be voted, and that will have the same effect as a vote against approval and adoption of the merger agreement and the transactions contemplated by the merger agreement. **Schuler stockholders do not have to make an election with respect to the merger consideration before they return their proxy card.**

You are urged to mark the box on the proxy card to indicate how your shares are to be voted.

If a Schuler stockholder returns a signed proxy card, but does not indicate how the shares are to be voted, the shares represented by the proxy card will be voted for approval and adoption of the merger agreement and the transactions contemplated by the merger agreement.

If a D.R. Horton stockholder returns a signed proxy card, but does not indicate how the shares are to be voted, the shares represented by the proxy card will be voted for:

election of ten directors; and

amendment of the 1991 D.R. Horton Stock Incentive Plan.

The proxy card also authorizes the persons named on the proxy card to vote in their discretion with regard to any other matter that is properly presented for action at the applicable stockholder meeting. However, neither company will use any proxies that vote against the merger to vote for such an adjournment.

Solicitation of Proxies

Directors, officers and employees of Schuler and D.R. Horton may solicit proxies from their respective stockholders personally or by letter, telephone or facsimile transmission. Each company will bear the expenses of any solicitation on its behalf. Directors, officers and other employees of Schuler and D.R. Horton will not be specifically compensated for soliciting proxies. Brokerage houses and other custodians, nominees and fiduciaries will be requested to forward soliciting materials to the beneficial owners of Schuler common stock and D.R. Horton common stock owned of record by those organizations. Schuler and D.R. Horton will pay the reasonable expenses of forwarding such materials.

THE MERGER

Background to the Merger

In March, April and May 1999, Donald R. Horton, Chairman of the Board of D.R. Horton, and Richard Beckwitt, a director and then President of D.R. Horton, discussed with James K. Schuler, Chairman of the Board, President and Chief Executive Officer of Schuler Homes, the feasibility and possible terms of a business combination between D.R. Horton and Schuler Homes. At the time Schuler Homes had not combined with Western Pacific Housing. In such connection, Schuler Homes and D.R. Horton executed a confidentiality and standstill agreement, and D.R. Horton conducted preliminary diligence. The parties terminated discussions in May 1999 due to several factors, including then current effects of the restrictive covenants in the Schuler senior notes, Hawaiian real estate market conditions, and changes in the capital markets for homebuilding stocks.

In June 1999, Mr. Beckwitt met with Eugene S. Rosenfeld, Chief Executive Officer of Western Pacific Housing, and Craig Manchester, President of Western Pacific Housing, in California to explore the

Table of Contents

potential acquisition by D.R. Horton of Western Pacific Housing. The parties discussed the potential benefits of combining the two companies. After several conversations, D.R. Horton and Western Pacific Housing decided not to pursue a combination at that time.

In April 2001, the operations of Schuler Homes and Western Pacific Housing were combined. At such time Mr. Schuler became Co-Chairman, President and Chief Executive Officer of Schuler, Mr. Rosenfeld became Co-Chairman and Mr. Manchester became Executive Vice President and Chief Operating Officer. During the months immediately following, the boards of directors and managements of Schuler Homes and Western Pacific Housing focused primarily on integrating the two companies, and there were no discussions of further business combinations.

During a May 2001 homebuilding industry conference in California, representatives of several companies, including Mr. Beckwitt, approached Mr. Schuler inquiring about whether the newly-combined company would be interested in initiating discussions about further merger arrangements. Mr. Schuler responded to all such inquiries that his efforts would be focused on integration of the operations of Western Pacific Housing, rather than on further combinations.

In August 2001, representatives of Banc of America Securities met with Messrs. Horton and Beckwitt in Arlington, Texas to discuss various strategic acquisition opportunities. Messrs. Horton and Beckwitt reviewed their previous discussions with Schuler Homes and determined that Schuler continued to be a leading candidate for a strategic business combination. They discussed the feasibility of such a transaction with Banc of America Securities.

On August 15, 2001, Mr. Beckwitt telephoned Mr. Schuler to reaffirm D.R. Horton's interest in pursuing a business combination with Schuler, and Mr. Schuler agreed to a meeting on August 20, 2001.

At the regularly scheduled annual organizational board of directors meeting following the Schuler annual meeting of stockholders on August 16, 2001, Messrs. Schuler and Rosenfeld informed the Schuler board that three large publicly-held homebuilders, including D.R. Horton, had expressed an interest in a business combination with Schuler through direct conversation with Messrs. Schuler and Rosenfeld and/or through conversations with representatives of UBS Warburg. The Schuler board authorized Messrs. Schuler and Rosenfeld to further explore these expressions of interest so long as the price being offered provided a substantial premium to Schuler's then-current stock price. Schuler engaged UBS Warburg to act as financial advisor to Schuler to analyze its business and strategic alternatives.

Beginning on August 17, 2001, UBS Warburg, in consultation with Messrs. Schuler and Rosenfeld, held a series of preliminary discussions with each of these potential strategic partners. Craig A. Manchester, Executive Vice President of Schuler Homes, participated in meetings with one of the potential strategic partners. Each of these companies was advised that the Schuler board was seeking non-binding indications of interest by a deadline of August 24, 2001. This deadline was later extended to August 28, 2001.

On August 20, 2001, Messrs. Horton, Beckwitt, Schuler and Rosenfeld met in Seattle. They discussed the operating results of D.R. Horton and Schuler and the potential benefits that could be realized by combining the two companies. Messrs. Schuler and Rosenfeld stated that the Schuler board would not consider any transaction that did not provide stockholders with a significant premium to Schuler's market price. Messrs. Horton and Beckwitt stated that D.R. Horton was interested in a transaction with a significant stock component. Messrs. Schuler and Rosenfeld suggested that any proposal should include a mechanism to protect the Schuler stockholders for movements in D.R. Horton's stock price. During the meeting, the participants also discussed possible board representation and employment and management issues. Mr. Schuler advised that Schuler was speaking with other potentially interested parties and that the Schuler board would like to receive a written non-binding indication of interest from D.R. Horton by August 24, 2001. D.R. Horton did not make a proposal for a combination at the meeting.

On August 21, 2001, D.R. Horton entered into a confidentiality and standstill agreement with Schuler, in which the parties agreed to keep confidential any information exchanged by them. The companies began exchanging financial and operational information. Between August 22 and August 24,

2001, Messrs. Horton, Beckwitt, Donald J. Tomnitz, Vice Chairman, President and Chief Executive Officer of D.R. Horton, and others at D.R. Horton worked to review potential deal structures, valuations, and the strategic benefits of the combination. They were assisted by representatives of Banc of America Securities. During this period, Messrs. Schuler and Rosenfeld, representatives of UBS Warburg and Mr. Beckwitt discussed various matters, including structure and diligence matters, that could affect the indication of interest being prepared by D.R. Horton.

On August 24, 2001, D.R. Horton submitted to UBS Warburg a non-binding indication of interest to acquire Schuler in a merger transaction in which Schuler stockholders would receive a combination of cash and Horton common stock valued at between \$18.04 and \$19.95 per share through a collar mechanism based on the average sales price of D.R. Horton common stock. The proposal included a cash component of \$7.50 per share and an exchange ratio that, at its midpoint, was .479 shares of D.R. Horton common stock for each outstanding Schuler share. As of August 24, 2001, the proposal reflected a valuation of \$19.19 per share, representing a 36% premium over the then last sales price of the Schuler Class A common stock. The indication of interest provided for a seat on the D.R. Horton board for Mr. Schuler. It also provided for a break-up fee and agreements from Schuler's principal stockholders to vote in favor of the merger. On that day, Mr. Beckwitt also reviewed the proposal with Mr. Schuler and representatives of UBS Warburg in separate conversations.

On August 25, 2001, Mr. Schuler and Mr. Beckwitt spoke by telephone concerning D.R. Horton's indication of interest. Mr. Schuler advised that Schuler and its financial advisors would have comments on it. Mr. Schuler informed Mr. Beckwitt that Schuler intended to hold a board meeting by August 28, 2001 to review the expected indications of interest.

On August 27, 2001, Mr. Beckwitt spoke by telephone with representatives of UBS Warburg to clarify the terms of the D.R. Horton indication of interest. The participants discussed the pricing collar for the stock portion of the proposed merger consideration, the treatment of outstanding options, the proposed break-up fee and the proposed voting agreements. The UBS Warburg representatives sought assurances of D.R. Horton's ability to finance the transaction, a break-up fee from D.R. Horton and increased board representation. The UBS Warburg representatives advised that Schuler was waiting for additional proposals and requested more time to receive and consider them. Later that day Messrs. Horton and Beckwitt discussed the UBS Warburg conversation with representatives of Banc of America Securities. Mr. Beckwitt then had separate telephone conversations with Mr. Schuler and representatives of UBS Warburg to inform them that D.R. Horton was prepared to pursue other opportunities and would withdraw its proposal if D.R. Horton did not have a response to its indication of interest by the extended deadline of August 28, 2001.

On August 27, 2001, the board of directors of Schuler met to review the status of discussions about a potential business combination with Schuler legal and financial advisors and to address other unrelated business. Prior to the meeting, UBS Warburg distributed materials to the board of directors regarding current valuations of homebuilding companies and premium values paid in acquisition situations. Representatives of UBS Warburg informed the board of directors that one potential suitor had withdrawn from further discussions, that D.R. Horton had submitted a written indication of interest and that discussions were still proceeding with another potentially interested party. The UBS Warburg representatives then reviewed for the board the basic terms of the D.R. Horton proposal, and the Schuler board authorized UBS Warburg to proceed with negotiating several aspects of the D.R. Horton proposal.

On August 28, 2001, representatives of UBS Warburg had a telephone conversation with Mr. Beckwitt. During the conversation, the UBS Warburg representatives advised that Schuler would be interested in moving forward with a combination if the price were increased and other adjustments made to the D.R. Horton proposal. They asked that the stock component of the merger consideration be increased. They requested an increase to .485 shares from .479 shares at the midpoint of the exchange ratio collar, for D.R. Horton stock prices of between \$22 and \$26 per share. They also requested a reduced break-up fee, voting agreements from the D.R. Horton insiders and a break-up fee from D.R. Horton.

Also on August 28, 2001, after reviewing the UBS Warburg requests with Mr. Horton, Mr. Beckwitt telephoned the UBS Warburg representatives. In response to the Schuler proposal, Mr. Beckwitt proposed an increase in the midpoint for the exchange ratio to .481 shares of D.R. Horton common stock. He requested, however, a 30-day exclusivity period and related break-up fee to allow D.R. Horton to complete its diligence of Schuler, to permit the negotiation of a definitive merger agreement and to obtain the required board approvals. D.R. Horton's revised proposal provided for merger consideration in the range of \$18.08 and \$20.01 per share, payable in cash and shares of D.R. Horton common stock depending upon the average closing price of D.R. Horton's common stock. The proposed merger consideration consisted of approximately 60% stock and 40% cash. If the requisite average stock price had been the closing price of D.R. Horton's common stock on August 28, 2001, the merger consideration would have reflected a valuation of \$19.01 for each share, representing a 38% premium over the last sales price of Schuler Class A common stock. Inasmuch as the final potential bidder had not submitted a written proposal by the extended August 28, 2001 deadline, the UBS Warburg representatives were authorized to advise D.R. Horton that the proposed increase and an exclusivity period were acceptable. On August 29, 2001, with many of the key terms of the D.R. Horton proposal having been negotiated to the satisfaction of Messrs. Schuler and Rosenfeld, Schuler executed an agreement to negotiate exclusively with D.R. Horton through September 24, 2001.

On August 31, 2001, a meeting of the board of directors of D.R. Horton was held. At the meeting, Messrs. Horton and Beckwitt reviewed the proposed Schuler transaction with the board. Mr. Beckwitt also reviewed the then current state of diligence regarding the Schuler operations and financial condition. It was the consensus of the board that diligence and discussion of the terms of the transaction should continue. D.R. Horton counsel subsequently prepared and sent to Schuler, its bankers and its counsel an initial draft of the merger agreement.

On September 4, 2001, Messrs. Beckwitt, Schuler and Rosenfeld, together with representatives of Banc of America Securities and UBS Warburg and counsel for D.R. Horton and Schuler, met in Los Angeles to discuss the initial draft of the merger agreement and other terms of D.R. Horton's proposal. The Schuler representatives asked that D.R. Horton consider adding a cash election feature as part of the merger consideration. The participants discussed Schuler's right to terminate in the event of a significant decline in D.R. Horton's stock price, other Schuler termination rights, the treatment of outstanding stock options, break-up fees, the proposed lock-up periods for insiders, the proposed voting agreements and a request for the termination of indemnification obligations under the Schuler/ Western Pacific Housing reorganization agreement. The participants agreed that Schuler should have a termination right if the D.R. Horton average stock price used to calculate the stock portion of the merger consideration declined to \$17.25 per share. The participants also discussed treatment of Schuler employees in the transaction.

During the remainder of the week of September 3, 2001, the parties conducted financial, operational and legal due diligence. On September 7 and 8, 2001, Messrs. Horton, Tomnitz and Beckwitt met in Arlington, Texas with Messrs. Schuler, Rosenfeld and Manchester and representatives of Banc of America Securities and UBS Warburg. The participants discussed operating results and plans, including projected results, corporate structure, employment arrangements and severance and other matters of diligence.

On September 10, 2001, the Schuler board of directors met to review the status of the ongoing merger discussions with D.R. Horton. Representatives of UBS Warburg and legal counsel to Schuler were present at the meeting to provide an update and to answer questions. Prior to the meeting, a descriptive analysis of the transaction and the draft merger agreement had been distributed to the directors. The board discussed with its advisors various elements of the proposed transaction, including the consideration, the proposed cash/ stock election mechanism, the size of the proposed break-up fee and the cultural fit of the two companies.

During the weeks of September 10, 17 and 24, 2001, the diligence of the parties continued. On September 12, 2001, legal counsel for Schuler submitted requested changes to the draft merger agreement. However, discussions ceased following the terrorist attacks in New York and Washington, D.C. on September 11, 2001 and the resulting turmoil and market volatility. On September 19, 2001, D.R. Horton

and Schuler agreed to the extension of the exclusivity period from September 24 to October 9, 2001, to allow each company to assess the effects of the September 11 events on their businesses and the proposed merger.

On September 19, 2001, following the telephonic conversation with Mr. Beckwitt, during which they agreed to extend D.R. Horton's exclusivity period, Messrs. Schuler and Rosenfeld convened a meeting with Schuler's legal counsel and representatives of UBS Warburg to discuss the impact of the terrorist attacks on the merger proposal as a result of the decline in the stock prices of homebuilders, including D.R. Horton and Schuler following the September 11 events.

During the weeks of September 24 and October 1, 2001, Messrs. Horton, Tomnitz and Beckwitt reviewed the proposed transaction in the light of the events of September 11 and their aftermath. They consulted with representatives of Banc of America Securities concerning a revised proposal.

On October 4, 2001, Mr. Beckwitt had telephone conversations with Mr. Schuler and representatives of UBS Warburg concerning restructuring the proposed transaction. He advised them that D.R. Horton would require the merger consideration to be adjusted in light of the September 11 events. During these conversations the participants discussed changes in business and market conditions after September 11. Mr. Beckwitt proposed a reduction in the aggregate merger consideration and an increase in the stock component of the merger consideration. He proposed a combination of 25% in cash and 75% in stock valued at between \$14.88 and \$17.11 per share through a collar mechanism based on the average price of D.R. Horton common stock. The cash component was \$4.00 per share, and the exchange ratio was .558 shares of D.R. Horton common stock at its midpoint, for D.R. Horton average stock prices of from \$19.50 to \$23.50. The proposal included a termination right for Schuler at a D.R. Horton stock price below \$15.00.

On October 5, 2001, representatives of UBS Warburg telephoned Mr. Beckwitt and made a counterproposal. They proposed an increase in the merger consideration from D.R. Horton's revised proposal by increasing the cash component to \$4.70 per share. They also proposed an adjustment to the upper range of the collar to provide more value to Schuler stockholders in the event of an increase in D.R. Horton's average stock price and a termination right if D.R. Horton's average stock price were below \$16.00.

On October 9, 2001, Messrs. Horton and Beckwitt spoke by telephone first with a representative of UBS Warburg, and then with Messrs. Schuler and Rosenfeld, about the Schuler counterproposal. Messrs. Horton and Beckwitt proposed a cash component of \$4.09 and an exchange ratio, with a midpoint at .570, and collar as described in THE MERGER AGREEMENT Merger Consideration. They also accepted the request for a Schuler termination right at a D.R. Horton stock price below \$16.00. As of that date, the proposal reflected a valuation of \$16.41 per share, representing a 33% premium over the then last sales price of the Schuler Class A common stock. After discussion, Messrs. Schuler and Rosenfeld advised that they would be willing to recommend the revised proposal to the Schuler board.

On October 9, 2001, the exclusivity agreement between D.R. Horton and Schuler expired. On October 10, 2001, D.R. Horton counsel distributed a revised draft of the merger agreement. The draft included a cash election feature for the merger consideration in response to a request from Schuler representatives.

Beginning on October 12 through October 22, 2001, representatives of D.R. Horton and Schuler and their counsel and financial advisors negotiated various provisions of the merger agreement and related documentation, including the size of the break-up fee, the circumstances under which Schuler would be permitted to discuss superior proposals from third parties and the terms of the proposed voting agreements. During this period the parties continued their diligence. On October 15, 2001, Messrs. Tomnitz, Beckwitt, Schuler and Rosenfeld met in Los Angeles to discuss management structure, Mr. Schuler's employment contract, Mr. Rosenfeld's consulting agreement, Mr. Manchester's employment contract, and severance arrangements. On October 16, 2001, Mr. Beckwitt, representatives of Banc of America Securities and UBS

Warburg and others met in Los Angeles to update diligence reviews. On October 17, 2001, Mr. Beckwitt spoke with Mr. Manchester to discuss his employment arrangements.

On October 18, 2001, the board of directors of D.R. Horton met. At the meeting, Messrs. Horton and Beckwitt reviewed the state of the due diligence investigation, the financing required for the transaction and the revised terms of the transaction. At the meeting, Mr. Tomnitz also reported on the recent operating results of D.R. Horton and its financial position. Mr. Horton advised that diligence was nearing completion and that final approval would require the report of Banc of America Securities, its fairness opinion and completion of a definitive merger agreement. The board decided to meet again on October 22, 2001 to consider the transaction further.

On October 19, 2001, in a telephone conversation, Mr. Beckwitt and representatives of UBS Warburg agreed on a break-up fee and limited expense reimbursements in connection with specified terminations of the merger agreement. From October 19 through 22, 2001, representatives of and counsel for D.R. Horton and Schuler negotiated the outstanding issues concerning the merger agreement and the related documents, including the terms of the voting agreements, the employment agreements, the non-competition covenants, and the termination of the Schuler/Western Pacific Housing reorganization agreement.

On October 22, 2001, the Schuler board of directors held a special meeting at which management of Schuler, together with Schuler's financial and legal advisors, reviewed the terms and conditions of the proposed merger. Representatives of UBS Warburg made a detailed financial presentation and rendered its oral opinion, subsequently confirmed in writing, to the effect that, based on and subject to the matters described in its written opinion, as of the date of the opinion the merger consideration to be received by the stockholders of Schuler in the merger transaction with D.R. Horton is fair from a financial point of view. Legal counsel to Schuler reviewed with the board the terms and conditions of the merger agreement and the legal duties and responsibilities of the Schuler board of directors in connection with the merger. The board was also advised of the interests of certain directors and executive officers in the transaction that were in addition to the interests of other stockholders. The board of directors, after extended discussion, unanimously determined that the merger agreement was fair to and in the best interests of Schuler and its stockholders and recommended that the stockholders of Schuler vote in favor of approval and adoption of the merger agreement and the transactions contemplated by the merger agreement.

On October 22, 2001, the D.R. Horton board of directors met to consider the proposed merger. Messrs. Horton and Beckwitt, together with other senior management, D.R. Horton's legal advisors and its financial advisors made presentations and reviewed the matters set forth under Recommendations of the D.R. Horton Board of Directors; D.R. Horton's Reasons for the Merger. Counsel reviewed the terms of the merger agreement with the directors. Representatives of Banc of America Securities made an oral presentation to the D.R. Horton board of its financial analyses described under Opinion of D.R. Horton's Financial Advisor and rendered its oral opinion, confirmed by subsequent written opinion dated October 22, 2001, that, as of such date, the consideration to be paid by D.R. Horton in the merger was fair from a financial point of view to D.R. Horton. D.R. Horton's advisors and management answered director questions with regard to the presentations and the terms of the transaction. After discussion and consideration, the D.R. Horton board voted unanimously to approve the merger and the merger agreement and to recommend adoption of the merger agreement to the D.R. Horton stockholders.

On the morning of October 23, 2001, prior to the opening of the markets, D.R. Horton and Schuler completed execution of the merger agreement, the voting agreements and related documents and publicly announced that they had entered into a definitive agreement to effect the merger.

Recommendation of the Schuler Board of Directors; Schuler's Reasons for the Merger

At its meeting on October 22, 2001, the Schuler board of directors unanimously determined that the terms of the merger agreement are advisable, fair to and in the best interests of Schuler and its stockholders and recommended that the stockholders of Schuler vote for approval and adoption of the merger agreement. During the course of its deliberations, the Schuler board of directors considered, with

the assistance of management and its financial and legal advisors, a number of factors. The following discussion of the factors considered by the Schuler board of directors in making its decision includes all material factors considered by the Schuler board of directors.

Among the factors the Schuler board of directors considered in deciding to approve the merger are the following:

historical information regarding the respective businesses, prospects, financial performances and conditions, operations, management and competitive positions of D.R. Horton and Schuler;

current information with respect to Schuler common stock and D.R. Horton common stock, including financial market conditions and historical market prices, volatility and trading;

Schuler's business, operations, financial condition and prospects if it were to remain independent, and the prospects of gaining additional flexibility to obtain capital to facilitate the growth of its business through a merger with D.R. Horton;

the board's analysis of the current state of the homebuilding industry generally, which has experienced increased consolidation and competition;

the merger consideration to be received by Schuler stockholders in the merger represented a significant premium over the market price of Schuler stock before the merger announcement;

the terms and conditions of the merger agreement, including the parties' representations, warranties and covenants, termination provisions and the conditions to their respective obligations;

the terms of the merger agreement regarding the right of Schuler to consider and negotiate an alternative transaction, as well as the possible effects of the provisions regarding termination fees;

the structure of the merger, which would permit Schuler stockholders to exchange their shares of Schuler common stock for D.R. Horton common stock in a transaction that is intended to be tax-free for United States federal income tax purposes, except to the extent of any cash received;

the fact that the market prices of some of Schuler's peer public homebuilders' stock have greater earnings per share multiples, due in part to greater market capitalization and trading volume;

the fact that Schuler stockholders will be able to participate in any future growth of Schuler through their ownership of D.R. Horton common stock, while those Schuler stockholders who do not wish to own D.R. Horton common stock will have the opportunity to elect to receive cash, subject to an aggregate limit on the amount of cash payable to Schuler stockholders, or to sell D.R. Horton common stock received in the merger in the ensuing months, subject to the volume and manner-of-sale restrictions applicable to some stockholders under the federal securities laws;

the presentation and oral opinion of UBS Warburg, which was later confirmed in writing;

the fact that Schuler can terminate the merger agreement without penalty (but subject to D.R. Horton's right to increase the merger consideration to not less than \$14.25 per share of Schuler common stock) if the average closing price of D.R. Horton common stock for the 15 trading days ending on, and including, the third trading day prior to the Schuler stockholder meeting is less than \$16.00;

the fact that James K. Schuler will be appointed to the D.R. Horton board of directors;

the directors' fiduciary duties under Delaware law to Schuler's stockholders;

the directors' assessment of Schuler's other strategic alternatives to enhance stockholder value and whether the merger was more attractive than such alternatives;

the percentage of the total outstanding shares of D.R. Horton common stock that former Schuler stockholders will own following the merger based on the stock component of the base merger consideration;

Table of Contents

whether the combination with D.R. Horton presents opportunities to create greater economies of scale, by combining management and human resources, market position and purchasing power; and

the significant product and geographic diversification of the combined companies.

The Schuler board of directors also considered a number of potentially negative factors relating to the merger, including:

the risk that the potential benefits sought in the merger might not be fully realized;

the fact that Schuler will no longer be an independent company;

the risks associated with the fluctuations in the price of Schuler common stock and D.R. Horton common stock prior to the closing of the merger and the effect that such fluctuations might have on the number of shares of D.R. Horton common stock that Schuler stockholders will receive in the merger;

the challenges of integrating the management teams, strategies, cultures and organizations of the two companies;

the fact that Eugene S. Rosenfeld and possibly other members of senior management would not continue with Schuler after consummation of the merger;

the impact of the merger on Schuler's employees, customers, communities and suppliers and how such impact might affect stockholder value of the combined company;

the possible distraction of management from day-to-day operations; and

other applicable risks described in the section captioned "Risk Factors."

The members of the Schuler board of directors believed that these risks were outweighed by the potential benefits of the merger.

The above discussion is not exhaustive of all factors considered by the Schuler board of directors. Each member of the Schuler board of directors may have considered different factors and may have assigned different relative weights to the factors considered. In addition, the Schuler board of directors did not quantify or reach any specific conclusion with respect to each of the factors considered, or any aspect of any particular factor. Instead, the Schuler board of directors conducted an overall analysis of the factors described above.

Based on the considerations described above, the Schuler board of directors has unanimously determined that the merger agreement is advisable, fair to and in the best interests of Schuler and its stockholders and recommends that Schuler stockholders vote FOR approval and adoption of the merger agreement and the transactions contemplated by the merger agreement.

Recommendations of the D.R. Horton Board of Directors; D.R. Horton's Reasons for the Merger

The D.R. Horton board of directors believes the merger of Schuler and D.R. Horton on the terms contained in the merger agreement is advisable and is in the best interests of D.R. Horton and its stockholders. Accordingly, at its meeting on October 22, 2001, D.R. Horton's board of directors unanimously approved the transaction and recommended that holders of D.R. Horton common stock vote to approve and adopt the merger agreement and the transactions contemplated by the merger agreement and the issuance of D.R. Horton common stock in connection with the merger.

D.R. Horton believes the merger will:

strengthen D.R. Horton's current market position while expanding its geographic presence and product offerings in key markets in the Western part of the United States;

reduce D.R. Horton's cost of goods sold as a result of increased volume and purchasing power;

eliminate redundant costs associated with maintaining two public companies;

Table of Contents

expand mortgage and title services in new and existing markets due to increased home sales volumes;

expand product offerings to maximize inventory turns in common markets; and

reduce borrowing costs associated with Schuler's business, due to D.R. Horton's lower cost of capital.

Based on a review of public filings made with the SEC, D.R. Horton believes a combined D.R. Horton and Schuler would have been the nation's second largest homebuilder for the latest 12 months ended September 30, 2001 based on the number of homes closed. On a combined pro forma basis, D.R. Horton and Schuler would have reported revenues of \$6.0 billion and delivered 26,625 homes for the year ended September 30, 2001, and would have the largest backlog of homes under contract in the industry.

In deciding to approve the acquisition of Schuler, the D.R. Horton directors considered the items described above and a number of other factors, including:

the size and market position of the combined company;

the resulting expansion of D.R. Horton's homebuilding business in current markets and into new growth markets, including achieving the leading market positions in Southern California, Denver and Portland;

the addition of an experienced management team with local market expertise;

the addition of strong land positions in several markets;

the conservative operating strategy of Schuler and its corporate culture that is similar to D.R. Horton's;

Schuler's proven record of profitability;

the structure of the transaction, including the balance of cash and equity consideration and the expected accretive effect on earnings;

the terms and conditions of the merger agreement; and

the presentations and advice of its senior management, advisors and legal counsel, as discussed below.

The D.R. Horton board also considered potentially negative factors relating to the merger, including:

the increased financial leverage of the combined company;

the challenges of integrating the management, operations and cultures of the companies;

the risk that operational savings from synergies may not be achieved; and

the uncertainty of current general economic conditions.

The above discussion is not intended to be exhaustive of the factors considered by the D.R. Horton board but includes all material factors considered. Each member of the D.R. Horton board of directors may have considered different factors, and the D.R. Horton board of directors evaluated these factors and did not quantify or otherwise assign relative weights to factors considered. In addition, the D.R. Horton board of directors did not reach any specific conclusion with respect to each of the factors considered or any aspect of any particular factor. Instead, the D.R. Horton board of directors conducted an overall analysis of the factors described above.

Based on the considerations described above, the D.R. Horton board of directors has determined that the merger is advisable and is in the best interests of D.R. Horton and its stockholders, has unanimously approved the merger and the issuance of D.R. Horton common stock in connection with the

Table of Contents

merger and recommends that D.R. Horton's stockholders vote FOR the approval and adoption of the merger agreement and the transactions contemplated by the merger agreement and the share issuance.

On October 22, 2001, at a meeting of Schuler's board of directors held to evaluate the terms of the proposed merger, UBS Warburg LLC delivered to the board an oral opinion, which was confirmed by delivery of a written opinion dated the same date, to the effect that, as of that date and based upon and subject to various assumptions, matters considered and limitations described in the opinion, the merger consideration calculated pursuant to the merger agreement, consisting as of that date of (x) \$4.09 in cash and (y) 0.570 shares of D.R. Horton common stock per share of Schuler common stock, to be received by holders of Schuler's common stock in the merger is fair, from a financial point of view. The stock component of the merger consideration is subject to adjustment pursuant to a formula in the merger agreement.

In addition, at Schuler's direction, UBS Warburg LLC has not made any independent evaluation or appraisal of any of the assets or liabilities, contingent or otherwise, of Schuler or D.R. Horton, nor has UBS Warburg LLC been furnished with any evaluation or appraisal.

With respect to the financial forecasts, estimates, and pro forma effects, UBS Warburg LLC has assumed, at Schuler's direction, that they have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of each company as to the future

performance of their respective companies. UBS Warburg LLC has also assumed, with Schuler's consent, that the transaction will qualify as a tax-free reorganization for U.S. federal income tax purposes. UBS Warburg LLC also has assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the merger will be obtained without any material adverse effect on Schuler, D.R. Horton or the merger. The UBS Warburg LLC opinion is necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to it as of, the date of its opinion.

The UBS Warburg LLC opinion did not address Schuler's underlying business decision to effect the merger and did not constitute a recommendation to any Schuler stockholder as to how such stockholder should vote with respect to the merger. UBS Warburg LLC was not asked to, and it did not, offer any opinion as to the material terms of the merger agreement or the form of the merger.

In rendering its opinion, UBS Warburg LLC assumed, with Schuler's consent, that the final executed form of the merger agreement does not differ in any material respect from the draft that UBS Warburg LLC examined, and that Schuler and D.R. Horton will comply with all the material terms of the merger agreement. UBS Warburg LLC expressed no opinion as to what the value of D.R. Horton common stock will be when issued pursuant to the merger or the price at which D.R. Horton common stock will trade or otherwise be transferable subsequent to the merger. Except as described above, Schuler imposed no other instructions or limitations on UBS Warburg LLC with respect to investigations made or procedures followed by UBS Warburg LLC in rendering its opinion.

In connection with rendering its opinion to the Schuler board of directors, UBS Warburg LLC performed a variety of financial and comparative analyses, which are summarized below. The following summary is not a complete description of all of the analyses performed and factors considered by UBS Warburg LLC in connection with its opinion. The preparation of a fairness opinion is a complex process involving subjective judgments and is not necessarily susceptible to partial analysis or summary description. With respect to the analyses of selected publicly traded companies and selected transactions summarized below, no company or transaction used as a comparison is either identical or directly comparable to Schuler, D.R. Horton or the merger. These analyses necessarily involve complex merger considerations and judgments concerning financial and operating characteristics and other factors that could affect the public trading or acquisition values of the companies concerned.

UBS Warburg LLC believes that its analyses and the summary below must be considered as a whole and that selecting portions of its analysis and factors or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying UBS Warburg LLC's analyses and opinion. None of the analyses performed by UBS Warburg LLC was assigned greater significance by UBS Warburg LLC than any other. UBS Warburg LLC arrived at its ultimate opinion based on the results of all analyses undertaken by it and assessed as a whole. UBS Warburg LLC did not draw, in isolation, conclusions from or with regard to any one factor or method of analysis.

The estimates of Schuler's and D.R. Horton's future performance provided by the managements of Schuler and D.R. Horton in or underlying UBS Warburg LLC's analyses are not necessarily indicative of future results or values, which may be significantly more or less favorable than those estimates. In performing its analyses, UBS Warburg LLC considered industry performance, general business and economic conditions and other matters, many of which are beyond the control of Schuler and D.R. Horton. Estimates of the financial value of companies do not necessarily purport to be appraisals or reflect the prices at which companies actually may be sold.

The merger consideration provided for in the merger was determined through negotiation between Schuler and D.R. Horton, and the decision by Schuler to enter into the merger was solely that of the Schuler board of directors. UBS Warburg LLC's opinion and financial analyses were only one of many factors considered by the Schuler board of directors in its evaluation of the merger and should not be viewed as determinative of the views of the Schuler board of directors or management with respect to the merger or the merger consideration.

Table of Contents

In order to fully understand UBS Warburg LLC's financial analyses, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. Considering the data below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of UBS Warburg LLC's financial analyses.**

Using publicly available information, UBS Warburg LLC compared selected financial data of Schuler with corresponding data of selected companies, the securities of which are publicly traded and which are engaged in businesses that UBS Warburg LLC believed to be generally comparable in some respects to those of Schuler. The comparable companies were as follows: Beazer Homes USA, Inc., Centex Corporation, Crossman Communities, Inc., D.R. Horton, Hovnanian Enterprises, Inc., KB Home, Lennar Corporation, M.D.C. UBS Warburg LLC calculated a range of market values of equity as a multiple of last twelve months ended June 30, 2001 net income, projected calendar year 2001 net income, projected calendar year 2002 net income and book value as of June 30, 2001. In addition, UBS Warburg LLC calculated a range of enterprise values as a multiple of last twelve months ended June 30, 2001 revenues, earnings before interest, taxes, depreciation and amortization and earnings before interest and taxes and as a multiple of net assets as of June 30, 2001. The table below sets forth the median results of the analysis and the results for Schuler based on the value of the merger consideration as of October 19, 2001.

comparable acquired companies, UBS Warburg LLC reviewed implied multiples for the total merger consideration offered for equity to the last twelve months net income of such companies and reviewed implied multiples for the total merger consideration offered for equity to the book value of such companies. UBS Warburg LLC also reviewed implied multiples for the enterprise value of the transactions, meaning the total merger consideration offered for equity plus the book value of debt, preferred stock and minority interests less cash and cash equivalents, to the last twelve months' revenues of such companies. UBS Warburg LLC reviewed implied multiples for the enterprise value of the transactions to the last twelve months' earnings before interest, taxes, depreciation and amortization of such companies. Further, UBS Warburg LLC reviewed implied multiples for the enterprise value of the transactions to the last twelve months' earnings before interest and taxes of such companies. The table below sets forth the median results for the comparable transactions and the results for Schuler based on the value of the merger consideration as of October 19, 2001.

Premiums Paid Analysis

UBS Warburg LLC, using as a sample 165 select all stock and cash and stock transactions announced since January 2000, analyzed the premiums paid to the price of the target one day, 30 days and 60 days prior to the announcement of the transactions. Using this information, UBS Warburg LLC determined the median premiums paid one day prior to announcement to be 28.5% for the all stock transactions and 29.2% for the cash and stock transactions. The median premiums paid 30 days prior to announcement were determined to be 40.7% for the all stock transactions and 36.1% for the cash and stock transactions. The median premiums paid 60 days prior to announcement were determined to be 40.6% for the all stock transactions and 36.9% for the cash and stock transactions. Further, UBS Warburg LLC reviewed six selected business combinations occurring in the past five years in the homebuilding industry. Using this information, UBS Warburg LLC determined the mean premiums paid one day prior to the announcement of such transactions to be 29.4%. The mean premiums paid 30 days and 60 days prior to the announcement of such transactions were determined to be 32.3% and 52.3%, respectively. Based on the value of the merger consideration as of October 19, 2001 (equal to \$16.10 using the closing price for D.R. Horton common stock on that date), the premiums to Schuler's common stock price one day, 30 days and 60 days prior to announcement were 46.8%, 29.8% and 16.7%, respectively. The 30-day and 60-day periods used in calculating the premiums to Schuler's common stock price coincided with the events of September 11, 2001. The decline in Schuler's common stock price following September 11, 2001 resulted in a downward trend in the Schuler premiums analysis that may not have otherwise occurred.

No company, transaction or business used in the analyses described under Precedent Transaction Analysis, Comparable Public Company Analysis and Premiums Paid Analysis is identical to Schuler or the transactions contemplated by the merger agreement. Accordingly, an evaluation of the results of the analyses necessarily involves complex considerations and judgments concerning the differences in financial and operating characteristics and other factors that could affect the transaction or the public trading price or other values of Schuler or companies or businesses to which it is being compared. Mathematical analysis, such as determining the average or median, is not in itself a meaningful method of using comparable acquisition or comparable company data.

Discounted Cash Flow Analysis

UBS Warburg LLC performed a discounted cash flow analysis of Schuler to estimate the present value of the unlevered, after-tax free cash flows that Schuler could generate for fiscal years September 30,

Table of Contents

2002 through 2006, based on internal estimates of Schuler's management. In performing its discounted cash flow analysis, UBS Warburg LLC considered various assumptions and applied valuation parameters that it deemed appropriate. UBS Warburg LLC calculated a range of estimated terminal values by applying selected multiples ranging from 4.00x to 5.00x to Schuler's projected fiscal year 2006 earnings before interest, taxes, depreciation and amortization. The present value of the cash flows and terminal values were then calculated using selected discount rates ranging from 13.0% to 16.0%. The various ranges for discount rates and terminal value multiples were chosen by UBS Warburg LLC based upon theoretical analyses of cost of capital ranges that could be applicable based on comparisons to the precedent transactions previously described and the consideration of the uncertainty and volatility of economic and stock market conditions existing at the time of the analyses. The use of alternative ranges for discount rates and terminal value multiples would alter the results of the discounted cash flow analysis. Based on the analysis above, UBS Warburg LLC arrived at an implied equity value per share valuation range of \$13.70 to \$22.46 per share, as compared to the value of the merger consideration as of October 19, 2001 (equal to \$16.10 using the closing price for D.R. Horton common stock on that date).

In addition to the analyses described above, UBS Warburg LLC performed such other valuation analyses as it deemed appropriate.

Instead, with the consent of D.R. Horton, Banc of America Securities relied on that information as being accurate and complete in all material respects. Banc of America Securities also made the following assumptions at the direction, or with the consent, of D.R. Horton or Schuler, as the case may be, without independent verification or investigation:

with respect to the financial forecasts, including information relating to certain strategic, financial and operational benefits anticipated from the merger, that they have been reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the future financial performance of D.R. Banc of America Securities did not make or receive any independent valuation or appraisal of the assets or liabilities, contingent or otherwise, of D.R. Horton or Schuler. Banc of America Securities did not express any opinion as to whether any alternative transaction might be more favorable to D.R. Horton.

The following description is merely a summary of the analyses and examinations that Banc of America Securities considered to be material to its opinion. It is not a comprehensive description of all analyses and examinations actually conducted by Banc of America Securities. The preparation of a fairness opinion is not readily susceptible to partial analysis or summary description. Banc of America Securities believes that its analyses and the summary below must be considered as a whole. Banc of America Securities further believes that selecting portions of its analyses and factors considered or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, would create an incomplete view of the process underlying its analyses and opinion presented to the D.R. Horton board of directors. Banc of America Securities did not assign any specific weight to any of the analyses described below. The fact that any specific analysis has been referred to in the summary below is not meant to indicate that such analysis was given greater weight than any other analysis. Accordingly, the ranges of valuations resulting from any particular analysis described below should not be interpreted as Banc of America Securities' view of the actual value of either D.R. Horton or Schuler.

In performing its analyses, Banc of America Securities considered and made assumptions about industry performance, general business and economic conditions and other matters, many of which are beyond the control of D.R. Horton and Schuler. No company or transaction used in the analyses as a comparison is identical to D.R. Horton, Schuler or the merger. Accordingly, an analysis of the following results is not mathematical. Rather, it involves complex consideration and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading value or purchase price of the companies to which D.R. Horton, Schuler and the merger are being compared. The analyses performed by Banc of America Securities are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than those

suggested by the analyses. The analyses were prepared solely as part of Banc of America Securities' analysis of the financial fairness to D.R. Horton of the consideration to be paid in the merger and were provided to the D.R. Horton board of directors in connection with the delivery of Banc of America Securities' opinion. The analyses do not purport to be appraisals or to reflect the prices at which a company might actually be sold or the prices at which any securities may trade at any time in the future.

Pursuant to the terms of an engagement letter dated August 30, 2001, D.R. Horton has paid to Banc of America Securities \$1 million for the fairness opinion described below. In addition, D.R. Horton has agreed to pay Banc of America Securities a fee for providing financial services to D.R. Horton that is customary in transactions of this nature, a substantial portion of which is contingent upon the consummation of the merger, against which will be credited the \$1 million fairness opinion fee already described and any out-of-pocket expenses previously reimbursed. In addition, D.R. Horton has agreed to indemnify Banc of America Securities and certain related parties against liabilities, including liabilities under the federal securities laws, arising out of its engagement.

Banc of America Securities then applied a range of selected multiples derived from the selected publicly traded companies to corresponding financial data, management estimates and an average of research analyst estimates, of Schuler in order to derive an implied per share equity reference range:

acquisitions as multiples of last twelve months EBITDA, and the equity market values as multiples of last twelve months net income and latest available book value. Banc of America Securities then applied a range of selected multiples derived from the selected acquisitions to corresponding financial data of Schuler in order to derive an implied per share equity reference range:

Analysis Of Selected Acquisition Premiums Paid

Banc of America Securities reviewed the purchase prices and implied premiums payable in 127 selected transactions from a wide range of industries that occurred since September 1, 1998 with disclosed aggregate values of between \$1.0-\$2.0 billion. Banc of America Securities also included in the analysis the following four homebuilding transactions with disclosed aggregate values over \$300 million occurring since January 1, 1997:

Announcement Date	Acquiror	Target
May 1, 2001	Pulte Corporation	Del Webb Corp.
October 12, 2000	Technical Olympic, S.A.	Engle Homes, Inc.
February 17, 2000	Lennar Corporation	U.S. Home Corp.
December 12, 1997	D.R. Horton	Continental Homes

For each of the selected acquisitions, Banc of America Securities reviewed, among other things, the premium implied in each acquisition based on the target company's average stock price for the one day, one-week and one-month periods prior to public announcement of the transaction. Banc of America Securities then applied a range of selected premiums derived from the selected acquisitions to the average stock prices of Schuler common stock for corresponding periods prior to October 22, 2001, which is the last trading day prior to Banc of America Securities' delivery of the opinion. This analysis indicated the following implied per share equity reference range for Schuler:

	One Day Prior		One Week Prior		One Month Prior	
	Average	Median	Average	Median	Average	Median
Analysis of selected acquisition premiums						
Selected homebuilding transactions since 1/1/97	27.1%	24.1%	28.8%	26.3%	31.4%	30.1%

Discounted Cash Flow Analysis

Banc of America Securities conducted two discounted cash flow analyses, one based on research and the other based on internal Schuler projections. The research case used Banc of America Securities

Table of Contents

research projections for the three months ending March 31, 2002 and fiscal year ending March 31, 2003 and estimated cash flows generated in fiscal year 2004 through fiscal year 2007 using revenue and expense growth assumptions for Schuler that are generally consistent with the assumptions used in the research projections. For the internal case, Banc of America Securities utilized internal cash flow projections prepared by Schuler through fiscal year 2006 and extrapolated fiscal year 2007. The extrapolation of fiscal year 2007 was calculated by applying the 2006 growth rates and margins to the 2006 internal projections. Banc of America Securities discounted the cash flows from the fourth quarter of fiscal year 2002 through fiscal year 2007 and assumed a sale of Schuler at the end of fiscal year 2007. To simulate a sale, Banc of America Securities calculated a terminal value range for Schuler by applying a range of multiples of 5.0x to 6.0x to estimated fiscal year 2007 EBITDA. The multiple range was based on trailing twelve month EBITDA multiples reviewed in the analysis of selected acquisitions previously described. Banc of America Securities then calculated the net present value of the terminal value range and the estimated cash flow for the company from 2002 through 2007, utilizing a discount rate range of 12.0% to 14.0%. The discount rate range was a determined rate based on Schuler's implied weighted average cost of capital of 10.8% (16.6% cost of equity). Banc of America Securities used a discount rate range that was higher than the weighted average cost of capital due to, among other factors, the uncertainty of current and future economic conditions and historically low interest rates. Banc of America Securities utilized the trading characteristics of the common stock of the selected publicly traded companies to derive weighted average cost of capital. To arrive at the range of implied equity values, net debt (short term debt and long term debt less cash and cash equivalents) was subtracted from the implied aggregate value ranges. Although Banc of America utilized assumptions and variables it deemed to be most appropriate in conducting its analysis, the utilization of other variables and assumptions could result in a different valuation and conclusion. This analysis yielded the following implied value per share ranges for the research and internal cases:

Based on Research Projections

Discount Rate	12.0%			13.0%			14.0%		
Terminal EBITDA multiple	5.0x	5.5x	6.0x	5.0x	5.5x	6.0x	5.0x	5.5x	6.0x

Implied Per Share Equity Reference Range for Schuler Based on Research Projections							\$ 18.00		\$ 22.00

Pro Forma Merger Analysis

Banc of America Securities analyzed the potential pro forma financial effect of the merger on D.R. Horton's estimated earnings per share for calendar years 2001 and 2002 based both on internal estimates of the managements of D.R. Horton and Schuler and on Banc of America Securities research, both before and after giving effect to potential cost savings and other synergies anticipated by the managements of D.R. Horton and Schuler to result from the merger. This analysis indicated that the proposed merger would be accretive to D.R. Horton earnings per share before giving full effect to potential cost savings and other synergies anticipated by the management of D.R. Horton and Schuler. The actual results achieved by D.R. Horton may vary from projected results and the variations may be material.

Accounting Treatment

The merger will be treated as a purchase for financial accounting purposes.

Interests of Certain Persons in the Merger**Schuler**

In considering the recommendation of the Schuler board of directors that Schuler stockholders vote in favor of the merger agreement and the transactions contemplated by the merger agreement, Schuler stockholders should be aware that some Schuler directors and executive officers may have interests in the merger that are in addition to the interests of Schuler stockholders generally. The Schuler board of directors was aware of, and considered, these interests in approving the merger agreement and the transactions contemplated by the merger agreement.

Indemnification of Officers and Directors. The merger agreement provides that the right of indemnification for acts and omissions occurring before the closing of the merger and existing in favor of the directors and officers of Schuler as provided in the Schuler Certificate of Incorporation and By-Laws will survive the closing of the merger.

Directors' and Officers' Insurance. The merger agreement requires D.R. Horton to keep in effect, for at least six years, directors' and officers' liability insurance policies (through the continuation or endorsement of Schuler's existing policy or the purchase of a tail-end rider permitted by such policy) having the same coverage and containing terms and conditions no less advantageous to the persons covered by the policies currently in effect. D.R. Horton will not, however, be required to pay more than 200% of the annual premium paid relating to the year in which the merger agreement was executed. If it is not able to maintain the required insurance for that amount, it is required to purchase as much coverage as it can obtain for that amount.

The D.R. Horton Board of Directors. D.R. Horton has agreed, effective as of the closing of the merger, to use its best efforts to appoint James K. Schuler to the D.R. Horton board.

Stock Options. Pursuant to Schuler's equity-based compensation plans and the merger agreement, all of Schuler's outstanding stock options held by Schuler employees will be replaced by comparable options to acquire shares of D.R. Horton common stock, as adjusted to reflect the merger consideration, with the exception of Craig Manchester, whose options will become fully vested and exercisable. The immediate vesting of the stock options was negotiated by Mr. Manchester in exchange for certain concessions agreed to by him in connection with the termination of his existing employment agreement at the effective time of the merger. Except to the extent otherwise agreed to by D.R. Horton and Schuler, all restrictions or

Table of Contents

limitations on transfer and vesting with respect to the stock options, to the extent that such restrictions or limitations shall not have already lapsed, shall remain in full force and effect with respect to the D.R. Horton stock options replacing the Schuler stock options. If a former Schuler employee is involuntarily terminated, other than for cause, death or disability, by D.R. Horton within six months after the merger, the replacement options held by the terminated employee will immediately vest and become fully exercisable.

Options held by non-employee directors of Schuler will accelerate and be fully vested and exercisable immediately prior to the merger. To the extent the options are not exercised, they will terminate upon effectiveness of the merger.

Employment Agreements. D.R. Horton has entered into employment agreements with James K. Schuler and Craig Manchester that will become effective upon consummation of the merger. In addition, upon consummation of the merger, the current employment agreements of Mr. Schuler and Mr. Manchester will terminate without any further obligation on the part of D.R. Horton or Messrs. Schuler or Manchester. Mr. Schuler's agreement will have a term ending on March 31, 2005. Mr. Schuler will become a Senior Vice President of D.R. Horton, and the President of D.R. Horton's Schuler Homes region. In addition, D.R. Horton has agreed to use its best efforts to appoint Mr. Schuler to the D.R. Horton board. Mr. Schuler's annual base salary will be \$300,000. For Schuler's fiscal year ending on March 31, 2002, Mr. Schuler will be entitled to a bonus of 1% of the earnings before taxes attributable to the operations of Schuler as historically conducted consistent with past practice immediately prior to the effectiveness of the merger. For the periods commencing on April 1, 2002 and ending on March 31, 2003, and for each 12-month period thereafter, provided Mr. Schuler is employed during those periods, Mr. Schuler would be entitled to a bonus of .75% of the pre-tax income for each 12-month period attributable to D.R. Horton's Schuler Homes region. Mr. Schuler is also eligible to participate in benefit plans and programs, other than incentive bonus plans, generally available to similarly situated officers of D.R. Horton. Either Mr. Schuler or D.R. Horton may terminate Mr. Schuler's employment for any reason after the first anniversary of the effective date of the merger. In connection with the merger, Mr. Schuler has agreed not to compete with D.R. Horton for one year after the effective date of the merger. Mr. Schuler has also agreed that, so long as he remains a director of D.R. Horton, he will continue to hold, individually or through a trust of his designation, at least 25% of the D.R. Horton common stock that he and his affiliates receive in connection with the merger.

Mr. Schuler's employment agreement with D.R. Horton will supersede and replace his current employment agreement with Schuler. Among other things, Mr. Schuler's current employment agreement with Schuler provides for a base minimum annual salary of \$650,000. If Mr. Schuler's current employment agreement with Schuler were terminated without cause or in connection with a change of control for which he does not vote to approve, under certain circumstances he may be entitled to a payment of \$5.0 million, the portion of his annual bonus he would have been paid but for the termination and immediate vesting of any long-term incentive rights, including stock options (in addition to accrued but unpaid salary). If Mr. Schuler's current employment agreement with Schuler were terminated at the request of the majority vote of Schuler's board of directors not in connection with a change of control, or without cause by Schuler not in connection with a change in control, under certain circumstances Mr. Schuler may be entitled to 1% of 90% of Schuler's consolidated annual earnings before taxes for the year in which he is terminated, 1% of 80% of Schuler's consolidated annual earnings before taxes for the following year, and immediate vesting of any long-term incentive rights, including stock options (in addition to accrued but unpaid salary). In addition, if Mr. Schuler's employment were terminated at the request of a majority of the board of directors not in connection with a change of control, under certain circumstances, he may also be entitled to his base salary for a period of three years following termination.

D.R. Horton has also entered into an employment agreement with Craig Manchester. Mr. Manchester's agreement with D.R. Horton will have a term ending on March 31, 2003. Mr. Manchester will become a Vice President of D.R. Horton, and the chief operating officer of D.R. Horton's Schuler Homes Region. Mr. Manchester's annual base salary will be \$350,000. For Schuler's fiscal year ending on March 31, 2002, Mr. Manchester shall receive a bonus of 1.25% of the

Table of Contents

earnings before taxes attributable to the operations of Schuler as historically conducted. For the period commencing on April 1, 2002 and ending on March 31, 2003, Mr. Manchester will receive a bonus of \$1,150,000, payable in four equal installments of \$287,500 following the completion of each calendar quarter. In addition, upon the effectiveness of the merger, all of Mr. Manchester's options to purchase D.R. Horton common stock granted in replacement of options to purchase Schuler common stock shall vest and become exercisable. The balance of the base annual salary and bonus that would have been payable through the end of the term of employment will be payable to Mr. Manchester within 15 days of termination of Mr. Manchester's employment for any reason other than cause. Mr. Manchester is also eligible to participate in benefit plans and programs, other than incentive bonus plans, generally available to similarly situated officers of D.R. Horton. In connection with the merger, Mr. Manchester has agreed not to compete with D.R. Horton for one year after the effective date of the merger.

Mr. Manchester's agreement with D.R. Horton will supersede and replace his current employment agreement with Schuler. Among other things, Mr. Manchester's current employment agreement with Schuler provides for a minimum annual salary of \$350,000 and an annual bonus equal to 1.25% of Schuler's consolidated annual earnings before taxes. If Mr. Manchester's current employment agreement with Schuler were terminated under certain circumstances, including a change in control, he would be entitled to monthly payment of his base salary for two years following the date of termination and a portion of his annual bonus earned in the year in which his employment terminated. In addition, if his employment agreement with Schuler were terminated without cause during the initial term or in connection with a change in control or other specified circumstances, he would be entitled to payment in a lump sum equal to 90% of his projected annual bonus for the year in which the termination occurs and 80% of his projected annual bonus for the following year, monthly payments of his base salary for a period of two years and immediate vesting of any long-term incentive rights including stock options.

Termination and Release of Residual Liabilities Under the Western Pacific Reorganization Agreement. In April 2001, Schuler acquired the businesses comprising Western Pacific Housing under the terms of a reorganization agreement dated as of September 12, 2000. Under the Western Pacific reorganization agreement, Schuler and the partners of the entities comprising Western Pacific agreed, for a period of time, to indemnify each other with respect to, among other things, liabilities arising out of or related to inaccuracies of the representations and warranties made by such parties in the reorganization agreement. The merger agreement provides that, prior to and to be effective upon the consummation of the merger, Schuler and the parties to the Western Pacific reorganization agreement will enter into an agreement terminating the Western Pacific reorganization agreement and releasing the parties and their affiliates from any claims arising out of or relating to the reorganization agreement or the related stockholders agreement. Several of the directors of Schuler are affiliates of the parties to the Western Pacific reorganization agreement that, upon consummation of the merger, will be released from any liabilities associated with the Western Pacific reorganization agreement. Further, in the merger agreement, D.R. Horton agreed, for a ten year period, to cause, among others, the directors of Schuler and its subsidiaries who are currently named as insureds or additional insureds under existing Schuler insurance policies covering construction defect litigation claims to be named as insureds or additional insureds under all D.R. Horton policies covering construction defect litigation claims. As of the date of this Joint Proxy Statement/ Prospectus, neither Schuler nor D.R. Horton have knowledge of any claims arising out of or relating to the Western Pacific reorganization agreement or the related stockholders agreement or of any construction defect litigation claims against any of the directors of Schuler.

D.R. Horton

In considering the recommendation of the D.R. Horton board of directors that D.R. Horton stockholders vote in favor of the merger agreement and the transactions contemplated by the merger agreement, D.R. Horton stockholders should be aware that Richard Beckwitt, a D.R. Horton director, may have an interest in the merger that is in addition to the interests of D.R. Horton stockholders generally. Mr. Beckwitt has advised D.R. Horton in connection with the merger and, under advisory arrangements with an affiliate, receives payments from D.R. Horton for advising and assisting D.R. Horton in its

Table of Contents

acquisitions. The arrangements and the amounts D.R. Horton has paid and is paying under these arrangements are described in more detail below on page 108 of this Joint Proxy Statement/ Prospectus in the section entitled Additional Information about D.R. Horton Transactions with Management. The D.R. Horton board of directors was aware of, and considered, Mr. Beckwitt's interest under such arrangements in approving the merger agreement and the transactions contemplated by the merger agreement.

Appraisal Rights

A holder of record of Schuler common stock may elect to exercise appraisal rights under Section 262 of the Delaware General Corporation Law. Under Section 262, where a proposed merger is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, must notify each of its stockholders entitled to appraisal rights that these appraisal rights are available and include in such notice a copy of Section 262. This Joint Proxy Statement/ Prospectus will constitute this notice to the holders of Schuler common stock, and the applicable statutory provisions of the Delaware General Corporation Law are attached to this Joint Proxy Statement/ Prospectus as Annex IV. Any stockholder who wishes to exercise such appraisal rights or who wishes to preserve the right to do so should review carefully the following discussion and Annex IV to this Joint Proxy Statement/ Prospectus. **Failure to comply with the procedures specified in Section 262 timely and properly will result in the loss of appraisal rights.**

The following discussion is not a complete statement of the law pertaining to appraisal rights under the Delaware General Corporation Law, and is qualified in its entirety by the full text of Section 262. All references in Section 262 and in this summary to a stockholder are to the record holder of the shares of common stock as to which appraisal rights are asserted. **A person having a beneficial interest in shares of common stock held of record in the name of another person, such as a broker or nominee, must act promptly to cause the record holder to follow properly the steps summarized below and in a timely manner to perfect appraisal rights.**

To exercise appraisal rights, the Schuler stockholder must deliver a written demand for appraisal of the stockholder's shares to Schuler prior to the vote on the merger. The written demand must identify the stockholder of record and state the stockholder's intention to demand appraisal of his shares. All demands should be delivered to Schuler Homes, Inc., Attention: Corporate Secretary.

Only a person who is the holder of record of shares of Schuler common stock on the date the person makes a written demand for appraisal and who continuously holds those shares through the effective time of the merger may seek appraisal. The demand for appraisal must be executed by the holder of record or by an agent acting on the holder's behalf. If Schuler common stock is owned of record in a fiduciary capacity, such as by a trustee, guardian or custodian, the demand should be made in that capacity, and if Schuler common stock is owned of record by more than one person, as in a joint tenancy or tenancy in common, the demand should be made by or for all owners of record. If a demand for appraisal is executed by an agent for the holder of record, the agent must identify the record owner and expressly disclose in the demand that the agent is acting as agent for the record owner.

A record holder such as a broker who holds shares of Schuler common stock as a nominee for beneficial owners, some of whom desire to demand appraisal, must exercise appraisal rights on behalf of those beneficial owners with respect to the shares held for them. In that case, the written demand for appraisal should set forth the number of shares of Schuler common stock to which it relates. Unless a demand for appraisal specifies a number of shares, the demand will be presumed to cover all shares of Schuler common stock held in the name of the record owner.

Beneficial owners who are not record owners and who want to exercise appraisal rights should instruct the record owner to comply with the statutory requirements for exercise of appraisal rights before the date of the Schuler special meeting of stockholders.

Table of Contents

Within 10 days after the effective time of the merger, the surviving corporation is required to send notice of the effectiveness of the merger to each stockholder who prior to the effective time of the merger complies with the requirements of Section 262.

Within 120 days after the effective time of the merger, but not after that date, the surviving corporation or any stockholder who has complied with the requirements of Section 262 may file a petition in the Delaware Court of Chancery demanding a determination of the fair value of the shares of D.R. Horton common stock held by all stockholders seeking appraisal. A dissenting stockholder must serve a copy of the petition on the surviving corporation. If no petition is filed by either the surviving corporation or a dissenting stockholder within the 120-day period, the dissenting stockholders' right to appraisal will cease. Stockholders seeking to exercise appraisal rights should not assume that the surviving corporation will file a petition with respect to the appraisal of the fair value of their shares, or that it will initiate any negotiations with respect to the fair value of those shares. The surviving corporation is under no obligation, and has no present intention, to do so. Accordingly, Schuler stockholders who wish to seek appraisal of their shares should initiate all necessary action with respect to the perfection of their appraisal rights within the time periods and in the manner prescribed in Section 262.

Within 120 days after the effective time of the merger, any stockholder who has complied with subsections (a) and (d) of Section 262 is entitled, upon written request, to receive from the surviving corporation a statement setting forth the aggregate number of shares of Schuler common stock not voted in favor of the merger with respect to which demands for appraisal have been received by Schuler and the aggregate number of holders of those shares. The statement must be mailed within 10 days after the written request has been received by the surviving corporation or within 10 days after expiration of the time for delivery of demands for appraisal under subsection (d) of Section 262, whichever is later.

A stockholder who timely files a petition for appraisal with the Delaware Court of Chancery must serve a copy upon the surviving corporation. The surviving corporation must then within 20 days file with the Delaware Register in Chancery a duly verified list containing the names and addresses of all stockholders who have demanded appraisal of their shares and who have not reached agreements as to the value of their shares. After notice to stockholders as may be ordered by the Delaware Court of Chancery, the Delaware Court of Chancery is empowered to conduct a hearing on the petition to determine which stockholders are entitled to appraisal rights. The Delaware Court of Chancery may require stockholders who have demanded an appraisal for their shares and who hold stock represented by the certificates to submit their certificates to the Register in Chancery for notation on the certificates of the pendency of the appraisal proceedings, and if any stockholder fails to comply with the requirement, the Delaware Court of Chancery may dismiss the proceedings as to that stockholder.

If a petition for an appraisal is filed in a timely manner, at the hearing on the petition, the Delaware Court of Chancery will determine which stockholders are entitled to appraisal rights and will appraise the shares of Schuler common stock owned by those stockholders, determining the fair value of those shares, exclusive of any element of value arising from the accomplishment or expectation of the merger, together with a fair rate of interest, if any, to be paid, upon the amount determined to be the fair value. In determining fair value, the court is to take into account all relevant factors. The Delaware Supreme Court has stated that "proof of value by any techniques or methods that are generally considered acceptable in the financial community and otherwise admissible in court" should be considered in the appraisal proceedings. The Delaware Supreme Court also held that "elements of future value, including the nature of the enterprise, which are known or susceptible of proof as of the date of the merger and not the product of speculation, may be considered." In addition, Delaware courts have decided that the statutory appraisal remedy, depending on factual circumstances, may or may not be a dissenter's exclusive remedy.

Schuler stockholders considering seeking appraisal should consider that the fair value of their shares determined under Section 262 could be more than, the same as, or less than, the value of the consideration provided for in the merger agreement without the exercise of appraisal rights, and that investment banking opinions as to fairness from a financial point of view are not necessarily opinions as to fair value as determined under Section 262. The cost of the appraisal proceeding may be determined by

Table of Contents

the Court of Chancery and assessed against the parties, as the Court deems equitable in the circumstances. Upon application of a dissenting stockholder, the court may order that all or a portion of the expenses incurred by any dissenting stockholder in connection with the appraisal proceeding (including, without limitation, reasonable attorneys' fees and the fees and expenses of experts) be charged proportionately against the value of all shares of Schuler common stock entitled to appraisal. In the absence of such a determination or assessment, each party bears its own expenses.

Any Schuler stockholder who has properly demanded appraisal in compliance with Section 262 will not, after the effective time of the merger, be entitled to receive payment of dividends or other distributions on the Schuler common stock, except for dividends or distributions payable to stockholders of record at a date prior to the effective time of the merger.

A stockholder may withdraw a demand for appraisal and accept the merger consideration at any time within 60 days after the effective time of the merger by delivery to the surviving corporation a written withdrawal of the stockholder's demand for appraisal, or thereafter may withdraw such a demand with the written approval of the surviving corporation. If an appraisal proceeding is properly instituted, the proceeding may not be dismissed as to any stockholder without the approval of the Delaware Court of Chancery, and any such approval may be conditioned on the Court of Chancery's deeming the terms to be just. If, after the effective time of the merger, a holder of Schuler common stock who had demanded appraisal for the holder's shares fails to perfect or loses his right to appraisal, those shares will be treated under the merger agreement as if they had been converted as of the effective time of the merger into the base merger consideration.

In view of the complexity of these provisions of Delaware law, any Schuler stockholder who is considering exercising appraisal rights should consult a lawyer.

New York Stock Exchange and Nasdaq National Market Listing

D.R. Horton common stock is listed on the New York Stock Exchange and Schuler Class A common stock is listed on the Nasdaq National Market. As a result of the merger, Schuler Class A common stock will be delisted from the Nasdaq National Market and will no longer have an active trading market. It is expected, and is a condition to the consummation of the merger, that the D.R. Horton common stock that will be issued to Schuler stockholders in the merger will be listed on the New York Stock Exchange.

Debt Financing

D.R. Horton believes that the cash portion of the merger consideration and the Schuler indebtedness that may need to be refinanced (as described below) can be funded through existing cash and its existing or available borrowing capacity. At September 30, 2001, D.R. Horton had cash of \$232 million and \$746.8 million of availability under its revolving line of credit.

In connection with the merger, D.R. Horton will be required to refinance the indebtedness under Schuler's revolving credit facility, under which \$47.1 million principal amount is outstanding as of September 30, 2001. In addition, the holders of \$500 million principal amount of Schuler's outstanding senior and senior subordinated notes will have the right to cause D.R. Horton to repurchase their notes at 101% of the principal amount thereof.

The indentures of the senior and senior subordinated notes of both D.R. Horton and Schuler contain covenants which limit cash dividends and other restricted payments. Pursuant to the most restrictive of the requirements applicable to it, D.R. Horton had approximately \$392.5 million available for the payment of dividends and other restricted payments at September 30, 2001. Had the merger taken place on September 30, 2001, D.R. Horton would have had \$53.0 million available for the payment of dividends and other restricted payments at September 30, 2001, pursuant to the most restrictive requirements in the indentures of the Schuler senior and senior subordinated notes to be assumed by D.R. Horton in the merger.

Table of Contents

The D.R. Horton revolving credit facility matures in April 2002, and D.R. Horton is negotiating with its banks concerning a new facility. D.R. Horton believes that the amount of the new facility will be \$810 million, including \$125 million for letters of credit. D.R. Horton believes that the initial interest rate for outstanding borrowings under the new facility will be 1.625% over LIBOR. D.R. THE MERGER AGREEMENT

This section is a summary of the material terms of the merger agreement, a copy of which is attached as Annex I to this Joint Proxy Statement/ Prospectus and is incorporated into this Joint Proxy Statement/ Prospectus by reference. The following description is qualified in its entirety by reference to the merger agreement.

General

The merger agreement provides the legal framework for D.R. Horton's acquisition of Schuler through the merger of Schuler into D.R. Horton. It covers, among other things:

the effective time and effects of the merger;

what Schuler stockholders will receive;

the treatment of outstanding Schuler options;

representations and warranties of the parties;

agreements as to what the parties must do and not do prior to the effective time of the merger;

conditions that must be fulfilled before each party is obligated to complete the merger; and

the circumstances under which the merger agreement may be terminated and the effect of termination.

The following sections briefly summarize each of the above categories.

Effective Time

The merger will become effective when a certificate of merger is filed with the Secretary of State of Delaware. This is expected to occur within two business days after satisfaction or waiver of the conditions to the obligations of the parties specified in the merger agreement, but that day may be changed by mutual agreement of the parties. It is likely the last substantive condition to be fulfilled will be obtaining the votes at the stockholder meetings that are the subject of this Joint Proxy Statement/ Prospectus. Therefore, it is likely that the latest time at which the merger will be effective will be within two business days after the day on which the D.R. Horton and Schuler stockholders meetings are held. At the effective time of the merger, Schuler will be merged into D.R. Horton, and the separate corporate existence of Schuler will cease. D.R. Horton will be the surviving corporation in the merger.

Corporation Organization and Governance

After the merger, the certificate of incorporation of D.R. Horton, as in effect immediately prior to the effective time of the merger, will become the certificate of incorporation of the surviving corporation, and the bylaws of D.R. Horton, as in effect immediately prior to the effective time of the merger, will become the bylaws of the surviving corporation.

The directors and officers of D.R. Horton will, upon completion of the merger, become the directors and officers of the surviving corporation, in each case until their respective successors are duly elected or appointed and qualified. In addition, James K. Schuler will become a Senior Vice President of D.R. Horton, and President of D.R. Horton's Schuler Homes region. Mr. Craig Manchester will become a Vice President of D.R. Horton and the Chief Operating Officer of D.R. Horton's Schuler Homes region.

The merger agreement requires D.R. Horton to use its best efforts to cause the appointment or nomination and election of Mr. Schuler as a director of D.R. Horton at the effective time.

Edgar Filing: HORTON D R INC /DE/ - Form S-4/A

After the merger, each share of Schuler common stock held in the treasury of Schuler and each share of Schuler common stock owned by D.R. Horton or any direct or indirect wholly-owned subsidiary of Schuler or D.R. Horton immediately prior to the effective time of the merger will cease to be outstanding,

Table of Contents

and those shares will not be converted to a right to receive the merger consideration. Each share of D.R. Horton common stock issued and outstanding immediately prior to the effective time will continue to be issued and outstanding common stock of the surviving corporation, and each certificate representing shares of D.R. Horton common stock will continue to represent the same number of shares of common stock of the surviving corporation.

Merger Consideration

Subject to the adjustments, elections and limitations described in this Joint Proxy Statement/ Prospectus, if the merger is completed, each share of Schuler Class A common stock and Class B common stock outstanding immediately prior to the effective time of the merger will be canceled and converted into the right to receive the merger consideration. The base merger consideration for each share of Schuler common stock will consist of a combination of \$4.09 in cash and a fraction of a share of D.R. Horton common stock, determined as set forth below. Alternatively, a Schuler stockholder may elect to receive the merger consideration in the form of all cash or all D.R. Horton common stock, but that election will be subject to proration. A Schuler stockholder cannot make an election for less than all of his or her shares.

Both the total cash portion of the merger consideration and the total number of shares of D.R. Horton common stock to be issued as merger consideration will be fixed. The total amount of cash that D.R. Horton will pay as part of the merger consideration is equal to the product of \$4.09 multiplied by the number of shares of Schuler common stock outstanding, other than dissenting shares, immediately prior to the effective time of the merger, unless D.R. Horton elects to increase the cash portion of the merger consideration if the average closing price for D.R. Horton common stock were to fall below \$16.00. If D.R. Horton elects to increase the cash portion of the merger consideration, the total amount of cash that D.R. Horton would pay as part of the merger consideration would equal the product of \$4.09 plus the increased per share cash amount multiplied by the number of shares of Schuler common stock outstanding, other than dissenting shares, immediately prior to the effective time of the merger. The total number of shares of D.R. Horton common stock issued as merger consideration will be determined in the manner set forth below as if each stockholder had elected to receive the base merger consideration.

The base merger consideration for each share of Schuler common stock will consist of \$4.09 in cash and the following number of shares of D.R. Horton common stock, based on the average closing price of D.R. Horton common stock as reported for NYSE composite transactions for the 15 trading days ending on, and including, the third trading day prior to the Schuler stockholder meeting:

Average Closing Price of D.R. Horton Common Stock	D.R. Horton Common Stock Issued for Each Schuler Share	Total Amount of Base Merger Consideration for Each Share of Schuler Common Stock Consisting of \$4.09 in Cash and Shares of D.R. Horton Common Stock at the Average Closing Price
\$27.51 or higher	0.487 shares	\$17.49 or higher
\$23.51 to \$27.50	Fraction of a share equal to the quotient obtained by dividing \$13.395 by the average closing price of D.R. Horton common stock	\$17.49
\$19.50 to \$23.50	0.570 shares	\$15.21 to \$17.49
\$17.51 to \$19.49	Fraction of a share equal to the quotient obtained by dividing \$11.115 by the average closing price of D.R. Horton common stock	\$15.21
\$16.00 to \$17.50	0.635 shares	\$14.25 to \$15.20

If the average closing price of D.R. Horton common stock determined as set forth above is less than \$16.00, the total amount of the merger consideration per share of Schuler common stock would be less

Table of Contents

than \$14.25. However, in that event, Schuler can terminate the merger agreement, unless D.R. Horton makes an election to increase the cash portion of the merger consideration or the stock portion of the merger consideration, or both, so that the amount of the base merger consideration for each share of Schuler common stock equals at least \$14.25, consisting of cash and shares of D.R. Horton common stock at the average closing price. Schuler is unable to determine currently whether it would exercise its right to terminate the merger agreement in that event. Schuler believes that any decision to terminate the merger agreement should be based on the facts and circumstances existing at the time the decision is required, including then current market conditions in the homebuilding industry in general, and with respect to D.R. Horton and Schuler in particular. If the total amount of the merger consideration falls below \$14.25, Schuler will announce whether it will exercise its right to terminate the merger agreement in the press release announcing the determination of the merger consideration.

Subject to the adjustments, elections and limitations described in this Joint Proxy Statement/ Prospectus, if a Schuler stockholder makes an election to receive all cash, each share of Schuler common stock held by the stockholder will be converted into the right to receive cash in an amount equal to the base merger consideration. Subject to such adjustments, elections and limitations, if a Schuler stockholder makes an election to receive all D.R. Horton common stock, each share of the stockholder's Schuler common stock will be converted into the right to receive the number of shares of D.R. Horton common stock, valued using the average closing price described above, equal to the base merger consideration.

Elections to receive all cash or all D.R. Horton common stock will be subject to proration, since both the total amount of cash and the total number of shares of D.R. Horton common stock will be fixed based on the number of shares of Schuler common stock outstanding immediately prior to the merger. For example, if a Schuler stockholder elects to receive the merger consideration as all cash, and either there have not been enough elections by other stockholders for all D.R. Horton common stock, or some of the Schuler stockholders have dissented from the merger, or both, the Schuler stockholder electing all cash would receive a prorated combination of cash and D.R. Horton common stock. The cash portion would consist of an amount of cash per share equal to the total cash portion of the merger consideration less the cash paid to stockholders receiving the base merger consideration and the cash allocated to dissenting stockholders, divided by the number of shares of Schuler common stock for which an all cash election has been made. In that example, the remaining portion of the merger consideration would be paid in shares of D.R. Horton common stock valued using the average closing price described above, so that the total prorated combination of cash and D.R. Horton common stock per share of Schuler common stock equals the amount of the base merger consideration. Notwithstanding the proration procedure, the amount of cash that a Schuler stockholder electing all cash will receive will not be less than \$4.09 per share of Schuler common stock.

In another example, if a Schuler stockholder elects to receive all stock, and not enough Schuler stockholders have elected to receive all cash, the stockholder electing to receive all stock would receive for each share of Schuler common stock cash equal to the total cash portion of the merger consideration minus the aggregate amount of cash payable with respect to the shares for which an all cash election has been made and the shares receiving the base merger consideration and the cash allocated to dissenting stockholders, divided by the number of shares for which an all stock election has been made. The remaining portion of the merger consideration would be paid in shares of D.R. Horton common stock valued using the average closing price described above so that the total amount of cash and prorated stock would equal the amount of the base merger consideration.

Notwithstanding the foregoing, except when D.R. Horton has made an election to adjust the base merger consideration up to \$14.25 to avoid termination of the merger agreement, if more than 50% of the total value of the merger consideration for all the outstanding shares of Schuler common stock would be cash, the cash which a holder of a share of Schuler common stock will receive will be reduced on a pro rata basis with all other such holders to the amount such that 50% of the total value of the merger consideration will be cash, treating all stockholders who give Schuler a timely and proper notice of intention to exercise appraisal rights as receiving cash merger consideration and treating for this purpose the D.R. Horton common stock received as having a value per share equal to the closing price of

Table of Contents

D.R. Horton common stock for NYSE composite transactions on the closing date. The holders of Schuler common stock will receive in exchange for such reduction in cash an amount of additional shares of D.R. Horton common stock obtained by dividing the amount of such reduction in cash by the closing price of D.R. Horton common stock on the closing date.

No fractional shares of D.R. Horton common stock will be issued as merger consideration. Instead, any fractional share that would be issued will be converted into cash (without interest) equal to the per share closing price of D.R. Horton common stock as reported for NYSE composite transactions on the date of the merger multiplied by the fraction of a share that would otherwise be issued.

Each share of Schuler common stock that is issued and outstanding immediately prior to the effective time of the merger and that is held by a holder who has properly perfected his or her rights to dissent from the merger and demanded to be paid the fair value of his or her shares in accordance with Delaware law will not be converted into or exchangeable for cash or shares of D.R. Horton common stock. Instead, the dissenting holder will be entitled to any rights granted by Delaware law, and the surviving corporation will make any payments to the dissenting holders in accordance with Delaware law. If a holder fails to perfect or otherwise effectively waives, withdraws or loses the right to dissent and receive payment under Delaware law, or a court of competent jurisdiction determines that the holder is not entitled to relief under Delaware law, then the right of the holder to be paid the fair value of the dissenting shares will cease to exist and each share of Schuler common stock held by that holder will be deemed to have been converted into the same combination of cash, without interest, and shares of D.R. Horton common stock as a holder of the same number of shares of Schuler common stock receiving the base merger consideration.

Election Procedure

The exchange agent, American Stock Transfer & Trust Company, will mail separately from this Joint Proxy Statement/ Prospectus an election form, including a letter of transmittal, to holders of record of Schuler's common stock as of the record date for the Schuler special meeting. **Schuler stockholders who want to receive the base merger consideration of cash and D.R. Horton common stock do not need to make an election.** A Schuler stockholder may not make an election for less than all of his or her shares. If shares of Schuler common stock are held in street name through a broker, the broker will mail the election form to the beneficial owner with this Joint Proxy Statement/ Prospectus, together with a letter of instructions for making an election. Beneficial owners should read the election form together with this Joint Proxy Statement/ Prospectus.

Schuler stockholders who become stockholders following the record date of the Schuler special meeting may contact American Stock Transfer & Trust Company by calling toll-free at (800) 937-5449, to receive an election form and letter of transmittal.

For an election to be effective, the election form must be properly completed, and the electing Schuler stockholder must send the form, together with all of the stockholder's certificates, duly endorsed in blank or otherwise in a form which is acceptable for transfer on the books of Schuler or by appropriate guarantee of delivery as described in the election form, to American Stock Transfer & Trust Company, the exchange agent, at one of the addresses provided in the election form. The exchange agent must receive the completed election form and stock certificates by 5:00 p.m., New York City Time, on February 20, 2002.

Schuler stockholders can revoke their election prior to 5:00 p.m., New York City Time, on February 20, 2002 by sending written notice executed by the Schuler stockholder to the exchange agent in accordance with the instructions on the election form, or by transmitting an executed notice of revocation by facsimile prior to the deadline for revocation to the following telephone number: (718) 259-1144. If an election is properly revoked, the exchange agent will treat the subject shares as shares for which no election has been made, unless the Schuler stockholder subsequently submits another properly completed election form prior to the deadline for submission. Stock certificates submitted with a form of election will be automatically returned if the merger agreement is terminated.

Table of Contents

D.R. Horton will determine, or delegate to the exchange agent to determine, whether election forms have been properly completed, signed and submitted or revoked and may disregard immaterial defects in election forms. If D.R. Horton or the exchange agent determines that an election was not properly made, the election will have no force and effect and will be deemed to be a non-election. The decision of D.R. Horton or the exchange agent in all these matters will be conclusive and binding. Neither D.R. Horton nor the exchange agent will be under any obligation to notify any Schuler stockholder of any defect in his or her election form submitted to the exchange agent. D.R. Horton will also make, or delegate to the exchange agent to make, all computations regarding proration of the kind of merger consideration to be received by holders of shares of Schuler common stock. D.R. Horton's or the exchange agent's computations of the prorations will be conclusive and binding on the Schuler stockholders.

Schuler Stock Options

D.R. Horton will replace each outstanding option to purchase Schuler common stock granted under Schuler's Amended and Restated 2000 Stock Incentive Plan or Amended and Restated 1992 Stock Option Plan, other than options granted to non-employee directors of Schuler, with a comparable option to purchase D.R. Horton common stock. The terms and conditions of the replacement options will be comparable to the Schuler options they are replacing, except that if the holder of a replacement D.R. Horton option is involuntarily terminated as an employee of D.R. Horton or any subsidiary, other than for cause, death or disability, within six months after the effective time of the merger, the D.R. Horton option will immediately vest and become exercisable in full. In addition, one Schuler executive's options will become fully vested and exercisable at the effective time of the merger. Each D.R. Horton replacement option will be exercisable for a number of shares of D.R. Horton common stock equal to the number of shares of Schuler common stock subject to the corresponding Schuler option, multiplied by an exchange ratio, with an exercise price per share equal to its exercise price per Schuler share, divided by the exchange ratio. The exchange ratio in both cases will equal the value of the base merger consideration per share of Schuler common stock divided by the average closing price of D.R. Horton common stock. Options granted to non-employee directors of Schuler will accelerate and become fully vested and exercisable, and subsequently terminate, upon consummation of the merger. If non-employee directors of Schuler exercise their options, they will receive the base merger consideration for the shares of Schuler common stock received upon exercise of the options.

Conduct of Business by D.R. Horton Pending the Merger. D.R. Horton has agreed that, between the date of the merger agreement and the closing of the merger, it will conduct its business in the ordinary course. In addition, the merger agreement limits D.R. Horton's ability, without Schuler's prior consent, to:

amend its certificate of incorporation or bylaws other than incident to a stock split or combination;

take any action which would make any of its representations and warranties incorrect in any material respect or prevent D.R. Horton from performing in any material respect its covenants.

No Solicitation. The merger agreement requires Schuler, its subsidiaries and its officers, directors, employees, representatives and agents to cease any discussions with any parties with respect to any third party acquisition. It also requires that Schuler, its subsidiaries and its officers, directors, employees, representatives and agents will not participate in any discussions or provide any non-public information to any person, other than to D.R. Horton or any designees of D.R. Horton, concerning any third party acquisition, except that Schuler may:

comply with Rules 14d-9 and 14e-2 of the Exchange Act with regard to any tender offer or exchange offer; or

make inquiry of and participate in discussions with any person or group who has submitted after the date of the merger agreement an unsolicited and unencouraged superior proposal if, and to the extent, the Schuler board determines in its good faith judgment, after consultation with and advice from outside legal counsel, that it is necessary to do so to comply with its fiduciary duties.

Table of Contents

Under the merger agreement, a third party acquisition is defined as the occurrence of any of the following events:

the acquisition of Schuler by merger or otherwise by any third party, which is any person other than D.R. Horton or its affiliates;

the acquisition by a third party of all or substantially all the assets of Schuler and its subsidiaries taken as a whole;

the acquisition by a third party of a significant equity interest in Schuler;

the adoption by Schuler of a plan of liquidation or the declaration or payment of an extraordinary dividend;

the repurchase by Schuler or any of its subsidiaries of a significant equity interest in Schuler or any of its subsidiaries; or

any other business combination, acquisition, recapitalization, restructuring or other similar transaction involving Schuler or its subsidiaries.

Under the merger agreement, a superior proposal is defined as any bona fide proposal to acquire directly or indirectly for consideration consisting of cash or securities more than 50% of the voting power of shares of Schuler common stock then outstanding or all or substantially all the assets of Schuler and otherwise on terms which the Schuler board determines in its good faith judgment, after consulting with a financial advisor of nationally recognized reputation,

to be from a third party that is financially capable of completing the transaction subject to the proposal and

to provide, if completed, greater value and to be more favorable to Schuler's stockholders than the merger.

Under the merger agreement, the Schuler board may not withdraw or, in any manner adverse to D.R. Horton, modify its recommendation of the transactions contemplated by the merger agreement or approve or recommend, or cause Schuler to enter into any agreement with respect to, any third party acquisition unless the Schuler board of directors determines in its good faith judgment, after consultation with and advice from outside legal counsel, that it is necessary to do so in order to comply with its fiduciary duties. In that event, the Schuler board may withdraw or modify its recommendation of the transactions contemplated by the merger agreement or approve or recommend a superior proposal, but in each case only after:

providing reasonable written notice to D.R. Horton advising D.R. Horton that it has received a superior proposal, specifying the material terms and conditions of the superior proposal and identifying the person making the superior proposal, and

D.R. Horton does not, within three business days of receipt of the notice, make an offer which the board determines in its good faith judgment, after consultation with a financial adviser of nationally recognized reputation, to provide as great a value and to be as favorable to Schuler stockholders as the superior proposal.

Meetings of Stockholders. Under the merger agreement, both Schuler and D.R. Horton have agreed to take all necessary action to call, give notice of, convene and hold meetings of stockholders as soon as practicable after the effectiveness of the registration statement of which this Joint Proxy Statement/ Prospectus is a part, for the purpose of approving and adopting the merger agreement, the merger and the other contemplated transactions. The Schuler board and the D.R. Horton board have voted to recommend such approval and adoption and use their respective reasonable good faith efforts to obtain such approval and to take all lawful action to solicit such approvals. However, the Schuler board may withdraw or, in a manner adverse to D.R. Horton, modify its recommendation upon its approval of a superior proposal in the

manner described in The Merger Agreement Actions of Schuler and D.R. Horton Prior to the Merger *No Solicitation.*

Tax-Free Reorganization Treatment. Under the merger agreement, both Schuler and D.R. Horton have agreed not to take or cause to be taken any action which would prevent the merger from qualifying as a reorganization under Section 368(a) of the Internal Revenue Code.

Registration Statement. The merger agreement provides that D.R. Horton shall:

prepare and file with the SEC and any other applicable regulatory bodies a registration statement on Form S-4 with respect to the shares of the D.R. Horton common stock to be issued in the merger, and give Schuler and its counsel a reasonable opportunity to review and comment on the registration statement prior to its filing with the SEC;

promptly amend or supplement the registration statement to the extent necessary in order to make the statements therein not misleading or to correct any statements which have become false or misleading;

use its reasonable best efforts to cause the registration statement to be declared effective and to maintain such effectiveness as long as is necessary to consummate the merger;

use its reasonable best efforts to cause the shares of D.R. Horton common stock to be registered or qualified under all applicable securities or blue sky laws of each of the states and territories of the United States, and to take any other actions which may be necessary to enable the D.R. Horton common stock to be distributed in each such jurisdiction; and

file a subsequent listing application with the New York Stock Exchange relating to the shares of D.R. Horton common stock to be issued in connection with the merger, and use reasonable best efforts to cause such shares of D.R. Horton common stock to be listed prior to the closing date.

In addition, Schuler must furnish all information that D.R. Horton reasonably requests for inclusion in the registration statement, the proxy statement and otherwise cooperate with D.R. Horton in the preparation and filing of such documents.

Other Covenants and Agreements. The merger agreement also provides that each of D.R. Horton and Schuler must:

give representatives of the other party access to its properties, books, contracts, commitments and records;

make available to the other the appropriate individuals, including attorneys, accountants and other professionals, for discussion of the other's business, properties and personnel;

give prompt notice to the other of any event which would be likely to cause any representation or warranty contained in the merger agreement to be untrue or inaccurate the result of which would be a material adverse effect to Schuler or D.R. Horton, as applicable, or any failure to materially comply with any covenant, condition or agreement under the merger agreement; and

consult with each other before issuing any press release with respect to the merger.

Conditions to the Completion of the Merger

Both Parties. The obligations of D.R. Horton and Schuler to complete the merger are subject to satisfaction or waiver of the following conditions:

the absence of any court or governmental order or other legal restraint that prohibits the merger and the absence of any statute, rule, regulation or order which makes consummation of the merger illegal;

the absence of any action, proceeding, judgment, decree or order seeking to prohibit or limit D.R. Horton from exercising all material rights and privileges pertaining to its ownership of the

assets of Schuler and its subsidiaries or the ownership or operation by D.R. Horton of the business or assets of the surviving corporation, or seeking to compel D.R. Horton to dispose of or hold separate any material portion of the business or assets of the surviving corporation as a result of the merger or the transactions contemplated by the merger agreement;

Termination of the Merger Agreement

The merger agreement may be terminated:

by mutual written consent of D.R. Horton and Schuler;

by either D.R. Horton or Schuler:

if, upon a vote at a duly held meeting of stockholders or any adjournment thereof, any required approval of the holders of the Schuler common stock shall not have been obtained;

if the merger is not consummated on or before April 30, 2002, unless the failure to consummate the merger is the result of a willful and material breach of the merger agreement by the party seeking to terminate the merger agreement, or all of the terminating party's conditions to closing have been satisfied and any condition to closing of the other party is not capable of being satisfied prior to April 30, 2002;

if a court of competent jurisdiction or governmental, regulatory or administrative agency or commission shall have issued a nonappealable final order, decree or ruling or taken any other action having the effect of permanently restraining, enjoining or otherwise prohibiting the merger, provided that the right to terminate the merger agreement under this provision is not available to any party who has not complied with its obligations to use all reasonable efforts to take all actions and other things necessary, proper or advisable to consummate as promptly as practicable the merger, to obtain in a timely manner all material waivers, consents and approvals and to effect all necessary registrations and filings, and otherwise to satisfy in all material respects all conditions precedent to its obligations under the merger agreement, and that noncompliance materially contributed to the issuance of any such order, decree or ruling or the taking of such action;

if the other party commits a terminating breach, which is defined in the merger agreement as when the party materially breaches any representation, warranty, covenant or other agreement contained in the merger agreement and the terminating party is not then in material breach of any representation, warranty, covenant or other agreement contained in the merger agreement. Notwithstanding the foregoing, in the case of a covenant or agreement, if such terminating breach is curable by Schuler or D.R. Horton, as the case may be, through the exercise of its reasonable efforts and for so long as Schuler or D.R. Horton, as the case may be, continues to exercise reasonable efforts, neither D.R. Horton nor Schuler, respectively, can terminate the merger agreement for the reason described in this paragraph; or

if, upon a vote at a duly held meeting of stockholders or any adjournment thereof, any required approval of the holders of the D.R. Horton common stock has not been obtained.

by Schuler:

if the Schuler board has received a superior proposal and, after the Schuler board determines in its good faith judgment, after consultation with and advice from outside legal counsel, that it is necessary to do so in order to comply with its fiduciary duties, withdraws or, in a manner adverse to D.R. Horton, modifies its recommendation of the transactions contemplated by the merger agreement or approves or recommends the superior proposal, and the Schuler board complies with the applicable provisions described in *The Merger Agreement - Actions of Schuler and D.R. Horton Prior to the Merger - No Solicitation*, and, prior to such termination, pays the termination fee and otherwise complies with the provisions described in *The Merger Agreement - Termination Fee and Expenses*.

if the average closing price of D.R. Horton common stock, as determined according to the merger agreement, is less than \$16.00, unless prior to the closing date D.R. Horton elects to increase the amount of cash or D.R. Horton common stock, or both, constituting the merger

consideration so that the amount of the base merger consideration for each share of Schuler common stock equals at least \$14.25.

by D.R. Horton:

if the Schuler board recommends to the Schuler stockholders a superior proposal, or the Schuler board withdraws or, in a manner adverse to D.R. Horton, modifies its recommendation of the transactions contemplated by the merger agreement. Notwithstanding the foregoing, any disclosure that the Schuler board is compelled to make of the receipt of a proposal for a third party acquisition in order to comply with Rule 14d-9 or 14e-2 of the Exchange Act will not in and of itself constitute the withdrawal or modification of the Schuler board's recommendation if such disclosure states that no action will be taken by the Schuler board with respect to the withdrawal or modification of its recommendation of the transactions contemplated by the merger agreement or the approval or recommendation of any third party acquisition except as described in the provisions described in The Merger Agreement. Actions of Schuler and D.R. Horton Prior to the Merger. *No Solicitation.*

Termination Fees and Expenses

Generally, D.R. Horton and Schuler will each pay their own expenses in connection with the merger. However, the merger agreement provides that Schuler is required to pay to D.R. Horton a termination fee in the amount of \$34 million immediately upon the occurrence of any of the following events:

D.R. Horton terminates the merger agreement because the Schuler board recommended to the Schuler stockholders a superior proposal, or the Schuler board has withdrawn or, in a manner adverse to D.R. Horton, has modified its recommendation of the merger agreement or the merger as described in The Merger Agreement-Termination of the Merger Agreement.

Schuler terminates the merger agreement because the Schuler board has received a superior proposal, which the Schuler board determines in its good faith judgment, after consultation with and advice from outside counsel, that it is necessary to do so in order to comply with its fiduciary duties, withdraws or, in a manner adverse to D.R. Horton, modifies its recommendation of the merger or approves or recommends such superior proposal as described in The Merger Agreement Termination of the Merger Agreement.

D.R. Horton terminates the merger agreement pursuant to a terminating breach by Schuler and within twelve months thereafter Schuler enters into an agreement with respect to a third party acquisition or a third party acquisition occurs.

Either party terminates the merger agreement pursuant to its right to do so because the required approval of the holders of Schuler common stock is not obtained, and within twelve months thereafter Schuler enters into an agreement with respect to a third party acquisition or a third party acquisition occurs.

In addition, promptly after any of the events described above, Schuler must reimburse D.R. Horton up to \$3 million of all documented out-of-pocket expenses and fees, including fees payable to all banks, investment banking firms and other financial institutions, and their respective agents and counsel, and all fees of counsel, accountants, financial printers, experts and consultants to D.R. Horton in connection with the merger and the consummation of all transactions contemplated by the merger agreement less any amounts paid as described in the following paragraph.

In the event the merger agreement is terminated by D.R. Horton or Schuler pursuant to its right to do so because the required approval of the holders of Schuler common stock has not been obtained, and at the time of termination D.R. Horton is not in breach of its material obligations, Schuler must, promptly after the termination of the merger agreement, reimburse D.R. Horton up to \$3 million of all documented out-of-pocket expenses and fees, including fees payable to all banks, investment banking firms and other financial institutions, and their respective agents and counsel, and all fees of counsel, accountants, financial

printers, experts and consultants to D.R. Horton in connection with the merger and the consummation of all transactions contemplated by the merger agreement.

In the event the merger agreement is terminated by Schuler pursuant to its right to do so because the required approval of the holders of D.R. Horton common stock has not been obtained, and at the time of termination Schuler is not in breach of its material obligations, D.R. Horton must, promptly after the termination of the merger agreement, reimburse Schuler up to \$3 million of all documented out-of-pocket expenses and fees, including fees payable to all banks, investment banking firms and other financial institutions, and their respective agents and counsel, and all fees of counsel, accountants, financial printers, experts and consultants to Schuler in connection with the merger and the consummation of all transactions contemplated by the merger agreement.

Effect of Termination

In the event the merger agreement is terminated as described above, the merger agreement will become void and have no effect, without any liability or obligation other than the provisions described in the section The Merger Agreement Termination Fees and Expenses, unless such termination results from the willful and material breach by a party of any of its representations, warranties, covenants or other agreements in the merger agreement, in which event the terminating party will keep its rights and remedies against such other party in respect of such other party's breach.

Amendments

The merger agreement may be amended by an agreement in writing signed by both D.R. Horton and Schuler at any time before or after the merger is approved by the D.R. Horton and Schuler stockholders. After the merger is approved, no amendment may be made which, by law or in accordance with the rules of any relevant stock exchange, would require further approval by the D.R. Horton and Schuler stockholders unless D.R. Horton and Schuler obtain that approval.

Compensation and Benefits

D.R. Horton will allow the persons who are employees of Schuler and any of its subsidiaries immediately prior to the effective time of the merger to participate, immediately after the effective time of the merger, in all of the benefit plans, programs and policies sponsored by D.R. Horton for the benefit of its employees generally, to the extent they would otherwise be eligible under such plans, at the same benefit levels as are generally applicable to other similarly situated employees of D.R. Horton.

D.R. Horton will give such employees day-for-day credit for all of their service prior to the effective time with Schuler and Schuler subsidiaries under all employee benefit plans, programs and policies sponsored by D.R. Horton for the benefit of employees generally, other than for benefit accrual purposes or early retirement subsidies. In addition, credit for past service will not apply for vesting under the D.R. Horton, Inc. Stock Tenure Plan. Except as provided above, prior service will be credited for both eligibility and vesting purposes, and for purposes of any non-pension benefit schedule based on service, e.g. for vacation pay, sick days and personal days.

D.R. Horton will not be required to continue the employment or position of any specific person, and D.R. Horton may amend, modify or terminate any employee benefit plans after the effective time of the merger consistent with the terms of such plans and applicable law.

Unless otherwise specified by D.R. Horton, Schuler and its subsidiaries will terminate all tax-qualified retirement plans immediately prior to the closing date. In addition, Schuler and its subsidiaries will freeze all employee benefit plans, other than employee welfare plans, as of the closing date, although account balances in the Schuler deferred compensation plan will continue to accrue earnings and D.R. Horton may continue Schuler's incentive bonus plan.

Table of Contents

Schuler Directors and Officers Insurance and Indemnification

The merger agreement requires D.R. Horton to keep in effect, for at least six years, directors and officers liability insurance policies (through the continuation or endorsement of Schuler's existing policy or the purchase of a tail-end rider permitted by such policy) having the same coverage and containing terms and conditions no less advantageous to the persons covered by the policies currently in effect. D.R. Horton will not, however, be required to pay more than 200% of the annual premium paid relating to the year in which the merger agreement was executed. If D.R. Horton is not able to maintain the required insurance for that amount, D.R. Horton is required to purchase as much coverage as it can obtain for that amount.

In addition to the requirement to keep directors and officers insurance in place as described above, D.R. Horton has agreed that after the effective time of the merger it will indemnify, to fullest extent permitted under applicable law and its certificate of incorporation and bylaws, each present and former director and officer of Schuler, determined as of the effective time of the merger, against claims, costs or expenses arising out of or pertaining to any acts or omissions or alleged acts or omissions by them in their capacities as officers or directors of Schuler, as the case may be. For claims against present or former officers and directors of Schuler, in their capacities as officers and directors that already exist as of the effective time of the merger, D.R. Horton's indemnity obligation may not exceed the extent of Schuler's indemnity obligation to the officers and directors on the date D.R. Horton and Schuler entered into the merger agreement.

Mutual Release of Obligations; Insurance

The merger agreement provides that, prior to and to be effective upon the consummation of the merger, Schuler and the parties to the Western Pacific reorganization agreement described in The Merger Interest of Certain Persons in the Merger will enter into an agreement terminating the Western Pacific reorganization agreement and releasing the parties and their affiliates from any claims arising out of or relating to the reorganization agreement or the related stockholders agreement. Following the consummation of the merger, D.R. Horton, as the surviving corporation, will be bound by such agreement. Further, to the extent that the Schuler operations and the Schuler subsidiaries and each of their respective current and former officers, directors, stockholders, partners, members and employees are currently named as insureds or additional insureds under existing Schuler insurance policies covering construction defect litigation claims, the merger agreement requires D.R. Horton, for a ten year period, to name such persons as insureds or additional insureds under all D.R. Horton policies covering construction defect litigation claims.

DIRECTORS AND MANAGEMENT OF D.R. HORTON FOLLOWING THE MERGER

In the merger agreement, D.R. Horton has agreed, effective as of the closing of the merger, to use its best efforts to appoint James K. Schuler to the D.R. Horton board. As with the other directors, once appointed, Mr. Schuler would serve until the next annual meeting of D.R. Horton stockholders.

Mr. Schuler, age 63, is currently the Co-Chairman of the board of directors of Schuler as well as its President and Chief Executive Officer. designation, at least 25% of the D.R. Horton common stock that he and his affiliates will receive in the merger.

The executive officers of D.R. Horton will not change as a result of the merger. For information regarding the ages and business backgrounds of the executive officers of D.R. Horton, please refer to the section entitled **Additional Information about D.R. Horton Directors and Executive Officers** on page 101.

VOTING AGREEMENTS

Horton, agreed, pursuant to a voting agreement, to vote all the shares of D.R. Horton common stock they hold in favor of approval and adoption of the merger agreement and the issuance of D.R. Horton common stock in connection with the merger and against any action or agreement that would result in a breach of any covenant, representation or warranty or any other obligation or agreement of D.R. Horton under the merger agreement, or any offer, proposal or transaction which would impede, delay or prevent the consummation of the merger or any of the other transactions contemplated by the merger agreement.

In addition, Donald R. Horton and the family trusts generally agreed, subject to specified exceptions, not to sell or otherwise transfer their D.R. Horton shares, or take any action that would interfere with their performance under the voting agreement, until the completion of the merger.

In addition, the foundation, the trusts and WPH-Schuler LLC generally agreed, subject to specified exceptions, not to sell or otherwise transfer the Schuler shares subject to the agreement, not to take any action that would interfere with their performance under the voting agreement, until the completion of the merger.

On the record date, the foundation and the trusts owned approximately 46.7% of the outstanding shares of Schuler Class A common stock, of which one-half is subject to the voting agreement, and WPH-Schuler LLC owned 100% of the outstanding shares of Schuler Class B common stock. The shares subject to the voting agreement constitute approximately 46.0% of the voting power of the outstanding shares of Schuler common stock, representing 23.4% of the Class A common stock and 100% of the Class B common stock.

NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED BALANCE SHEET

**AND UNAUDITED PRO FORMA CONDENSED COMBINED
STATEMENT OF INCOME**

Note A. Basis of Presentation

The unaudited pro forma condensed combined balance sheet reflects the combined financial position of D.R. Horton and Schuler as of September 30, 2001, on a pro forma basis assuming that the merger had taken place on September 30, 2001. The unaudited pro forma condensed combined statement of income reflects the combined results of operations of D.R. Horton and Schuler presented as described in Note B below for the year ended September 30, 2001, assuming that the merger had taken place on October 1, 2000.

Under accounting principles generally accepted in the United States, the merger of Schuler into D.R. Horton will be accounted for under the purchase method of accounting. Accordingly, the purchase price will be allocated to the Schuler assets acquired and liabilities assumed based on their respective fair values, with the excess to be allocated to goodwill. The valuations and other studies required to determine the fair value of the Schuler assets acquired and liabilities assumed have not been performed and accordingly, the related adjustments reflected in the unaudited pro forma combined financial statements are preliminary and subject to further revisions and adjustments. These adjustments are described in Note C.

The adjustment to reflect the preliminary purchase price allocation, described in Note C(1), uses the book value of the Schuler assets acquired and liabilities assumed. This is a preliminary assumption, which will be adjusted based on the valuation analysis to be performed after the completion of the merger. Changes to the purchase price allocation as a result of such analysis will be recorded as corresponding increases or decreases in goodwill.

On October 1, 2001, D.R. Horton adopted Statement of Financial Accounting Standards (SFAS) No. 142, Goodwill and Other Intangible Assets. In accordance with SFAS No. 142, goodwill will no longer be amortized but will be subject to periodic review for impairment, and as such, no pro forma adjustment for amortization of the goodwill resulting from the merger is presented in the unaudited pro forma condensed combined balance sheet and statement of income. Other identifiable intangibles are assumed to be insignificant.

Under the terms of Schuler's senior and senior subordinated notes, of which \$500 million principal amount is outstanding at September 30, 2001, the merger will represent a change of control that provides the holders of such notes the right to require D.R. Horton to repurchase the Schuler notes at a purchase price in cash equal to 101% of the principal amount of the notes. D.R. Horton does not anticipate it will be required to repurchase a significant amount of the Schuler notes. Accordingly, no adjustment is included in the unaudited pro forma condensed combined financial statements to reflect the repurchase of any of the Schuler notes.

(2) Represents the estimated effect of the issuance of options to purchase 0.9 million shares of D.R. Horton common stock to Schuler employees to replace outstanding Schuler stock options. The fair value of the D.R. Horton stock options to be issued (\$17,558,000) was estimated using the Black-Scholes option pricing model and is recorded as additional capital, the intrinsic value related to unvested options to be issued (\$6,214,000) is recorded as unearned compensation and the remainder (\$11,344,000) is recorded as a merger cost, which increases goodwill. The unearned compensation will be amortized over the remaining vesting period of the stock options. The estimated compensation expense related thereto for the first year following the merger is \$2,295,000.

The following assumptions were used in the Black-Scholes model to determine the fair value of the D.R. Horton stock options to be issued in the merger:

Risk-free interest rate:	5.8%
Expected volatility of D.R. Horton stock:	49.5%
Weighted average expected dividend yield:	1.6%
Weighted average expected life (in years):	3.8

(3) Represents the pro forma annual impact of additional interest costs assumed to be incurred to finance the cash portion of the merger consideration and other merger costs, at a 3% marginal interest rate, which approximates D.R. Horton's current floating rate on its revolving line of credit.

(4) Represents the estimated savings in compensation expense that would have occurred during the first year following the merger, related to D.R. Horton employment agreements with two members of Schuler management, as described in this Joint Proxy Statement/ Prospectus.

(5) Represents the elimination of the goodwill amortization expense included in the Combined Pro Forma Schuler statement of income for the year ended September 30, 2001, as all of Schuler's prior goodwill balances will be eliminated in the merger with D.R. Horton.

(6) Represents the net effect on income tax expense of the pro forma adjustments, calculated using the pro forma combined effective income tax rate of 37.9%.

Note D. Pro Forma Number of Shares Outstanding and Net Income Per Share

The number of D.R. Horton shares of common stock that will be issued in exchange for the outstanding Schuler shares is based on an assumed .487 shares of D.R. Horton common stock issued for each share of Schuler common stock outstanding immediately prior to the effective date of the merger, based on a price of \$32.255, which is the average closing price of D.R. Horton common stock for the 15 trading days prior to, and including, January 11, 2002. The following table provides the pro forma number

Number of shares of D.R. Horton common stock outstanding as of September 30, 2001	76,902
Number of shares of D.R. Horton common stock outstanding after the merger	96,706

The pro forma combined income per share before cumulative effect of change in accounting principle for the year ended September 30, 2001 is based on the weighted average number of shares of D.R. Horton common stock outstanding for the year ended September 30, 2001, assuming the issuance of 19,804,000 shares of D.R. Horton common stock on October 1, 2000. The actual number of shares of D.R. Horton common stock to be issued in the merger will be determined prior to the effective date of the merger.

The pro forma combined diluted income per share before cumulative effect of change in accounting principle for the year ended September 30, 2001 is based on the weighted average number of shares of D.R. Horton common stock outstanding during the year, adjusted for the effects of dilutive securities outstanding, plus the 19,804,000 assumed number of shares of D.R. Horton common stock to be issued in the merger and the assumed dilutive effect of D.R. Horton stock options to be issued in the merger. Options to purchase 0.9 million shares of D.R. Horton common stock are assumed to be issued in the merger, which results in an incremental dilutive effect of 230,000 shares.

The pro forma combined financial statements are based on the assumption that D.R. Horton will pay \$4.09 in cash and will issue .487 shares of D.R. Horton common stock for each Schuler share, based on a \$32.255 average closing price of D.R. Horton common stock. This results in a total of 19.8 million shares of D.R. Horton stock assumed to be issued in the merger, pro forma combined goodwill of \$574.3 million as of September 30, 2001 and pro forma combined diluted income per share of \$3.57 for the year ended September 30, 2001. The actual number of D.R. Horton shares to be issued and the value per share will be determined as discussed in the section captioned **Summary The Merger Consideration** of this Joint Proxy Statement/Prospectus. The following table reflects the number of D.R. Horton shares that would be issued in the merger, the pro forma combined goodwill as of September 30, 2001, and pro forma combined diluted income per share before cumulative effect of change in accounting principle for the year ended September 30, 2001, assuming other average D.R. Anti-Takeover Effects of Provisions of D.R. Horton's Charter and Bylaws

D.R. Horton currently has the following provisions in its charter or bylaws which could be considered to be anti-takeover provisions:

an article in its charter prohibiting stockholder action by written consent;

an article in its charter requiring the affirmative vote of the holders of two-thirds of the outstanding shares of D.R. Horton common stock to remove a director;

a bylaw limiting the persons who may call special meetings of stockholders to the board of directors or a committee thereof so empowered by the D.R. Horton board, the D.R. Horton bylaws or by law; and

a bylaw providing time limitations for nominations for election to the board of directors or for proposing matters which can be acted upon at stockholders' meetings.

These provisions may have the effect of delaying stockholder actions with respect to certain business combinations and the election of new members to the board of directors. As such, the provisions could have the effect of discouraging open market purchases of D.R. Horton common stock because they may be considered disadvantageous by a stockholder who desires to participate in a business combination or elect a new director. Additionally, the issuance of D.R. Horton preferred stock under certain circumstances could have the effect of delaying or preventing a change of control or other corporate action.

UNITED STATES FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER

Generally

The following discussion reflects the opinions of Gibson, Dunn & Crutcher LLP regarding the material U.S. federal income tax consequences of the merger generally applicable to Schuler stockholders who hold their shares of Schuler common stock as capital assets at the effective time of the merger. The discussion set forth below does not address all U.S. federal income tax considerations that may be relevant to Schuler stockholders in light of their particular circumstances, and does not apply to Schuler stockholders that are subject to special treatment under U.S. federal income tax laws, such as:

foreign persons;

banks, insurance companies, dealers in securities, tax-exempt organizations, and stockholders subject to the alternative minimum tax;

stockholders who hold Schuler common stock as part of a hedge, straddle, or other risk reduction arrangement;

stockholders who dissent from the merger;

stockholders who acquired their Schuler common stock through stock option or stock purchase programs or otherwise as compensation; and

stockholders whose functional currency is not the U.S. dollar.

In addition, this discussion does not address the tax consequences of the merger under foreign, state, or local tax laws.

Schuler stockholders are urged to consult their own tax advisors regarding the tax consequences to them of the merger based on their particular circumstances, including the application and effect of federal, state, local, and foreign tax laws.

The following discussion is based on the Internal Revenue Code, applicable Treasury Regulations, judicial decisions, and administrative rulings and practice, all as of the date of this Joint Proxy Statement/ Prospectus. All of these are subject to change. Any such change could be applied retroactively and could affect the accuracy of the statements and conclusions set forth in this discussion and the tax consequences of the merger to D.R. Horton, Schuler, and/or their respective stockholders.

Neither D.R. Horton nor Schuler has requested or will request a ruling from the Internal Revenue Service with regard to any of the tax consequences of the merger. D.R. Horton and Schuler have each received from Gibson, Dunn & Crutcher LLP an opinion that:

the merger will constitute a reorganization within the meaning of Section 368(a) of the Internal Revenue Code; and

D.R. Horton and Schuler will each be a party to the reorganization within the meaning of Section 368(b) of the Internal Revenue Code. It is a condition to the consummation of the merger that counsel render the same opinions as of the closing date. The opinions are and will be based upon the assumption that the merger will take place in the manner described in the merger agreement, and also assume and will assume the truth and accuracy of certain factual representations made by D.R. Horton and Schuler which are customarily given in transactions of this kind.

Opinions of counsel are not binding on the Internal Revenue Service or the courts. If the Internal Revenue Service were to assert successfully that the merger is not a reorganization within the meaning of Section 368(a) of the Internal Revenue Code, then each Schuler stockholder would be required to recognize gain or loss equal to the difference between (i) the fair market value of the D.R. Horton common stock and the amount of cash received in the exchange and (ii) the stockholder's tax basis in the

Table of Contents

Schuler stock surrendered therefor. In such event, a Schuler stockholder's total initial tax basis in the D.R. Horton common stock received would be equal to its fair market value at the effective time of the merger, and the stockholder's holding period for the D.R. Horton common stock would begin on the day after the merger. The gain or loss recognized would be long-term capital gain or loss if the Schuler stockholder's holding period for the Schuler common stock was more than one year.

The federal income tax consequences to a particular Schuler stockholder of the treatment of the merger as a reorganization will vary depending on whether the stockholder receives D.R. Horton common stock, cash, or a combination of D.R. Horton common stock and cash in the merger. At the time that a Schuler stockholder makes an election as to the form of consideration to be received in the merger and at the time that the stockholder votes on the merger, the stockholder will not know if or to what extent the proration procedures will be applicable. Therefore, at those times, the Schuler stockholder will not know the extent to which the stockholder's elected form of merger consideration will be given effect and thus will not know the tax consequences of the merger to the stockholder.

Consequences to D.R. Horton Stockholders

D.R. Horton stockholders will not recognize gain or loss as a result of the merger.

Consequences to Schuler Stockholders Recognition of Gain or Loss

As discussed below, the U.S. federal income tax consequences of the merger to a particular Schuler stockholder will depend upon the form of consideration actually received by that stockholder. Based on the assumption that the merger will constitute a reorganization, and subject to the limitations and qualifications set forth in this discussion, the following U.S. federal income tax consequences will result from the merger:

A Schuler stockholder who exchanges shares of Schuler common stock for a combination of D.R. Horton common stock and cash (other than cash in lieu of a fractional share) will generally recognize gain in an amount equal to the lesser of

the difference between (i) the fair market value of all property (D.R. Horton common stock and cash) received in the exchange and (ii) the stockholder's basis in the Schuler common stock; and

the amount of cash received in the exchange.

A Schuler stockholder who exchanges shares of Schuler common stock for a combination of D.R. Horton common stock and cash will not be permitted to recognize a loss in the exchange.

A Schuler stockholder who exchanges shares of Schuler common stock solely for D.R. Horton common stock (and possibly cash in lieu of a fractional share) will not recognize gain or loss, except with respect to the fractional share, as discussed below.

A Schuler stockholder who exchanges shares of Schuler common stock solely for cash will recognize gain (or, alternatively, as discussed below, likely will be permitted to recognize loss) equal to the difference between the amount of cash received and the stockholder's basis in the Schuler common stock.

The total initial tax basis of any D.R. Horton common stock received by a Schuler stockholder in the merger will be equal to the total tax basis of the Schuler common stock exchanged therefor, decreased by the amount of cash (other than cash in lieu of a fractional share) received in the exchange (if any), and increased by the amount of gain recognized in the exchange (if any).

A Schuler stockholder who receives cash in lieu of a fractional share of D.R. Horton common stock will generally recognize gain or loss in an amount equal to the difference between (i) the amount

Table of Contents

of cash received in lieu of the fractional share and (ii) the stockholder's basis allocated to the fractional share, determined in the manner described in the preceding point.

The holding period of the D.R. Horton common stock received by a Schuler stockholder in the merger will include the period for which the Schuler common stock was held.

Schuler Stockholder Receiving D.R. Horton Common Stock and Cash Character of Gain

The character of the gain recognized by a Schuler stockholder upon the receipt of cash depends on that stockholder's particular situation. Any gain recognized by a Schuler stockholder receiving a combination of D.R. Horton common stock and cash in the merger will be characterized as capital gain unless the receipt of cash is treated as having the effect of the distribution of a dividend, in which case the gain will be characterized as ordinary income to the extent of the stockholder's allocable share of Schuler's accumulated earnings and profits. Any capital gain will be treated as long-term capital gain if the Schuler stockholder's holding period for the Schuler common stock was more than one year at the effective time of the merger. In determining whether such gain is capital gain or ordinary income, the Internal Revenue Service will (i) treat each Schuler stockholder as having exchanged Schuler common stock solely for D.R. Horton common stock and then (ii) treat each recipient of D.R. Horton common stock as having sold back a portion of that stock to D.R. Horton in exchange for cash in a hypothetical redemption. The cash received in the hypothetical redemption will have the effect of the distribution of a dividend unless such redemption (i) is substantially disproportionate with respect to the stockholder or (ii) is not essentially equivalent to a dividend with respect to the stockholder.

The hypothetical redemption will be substantially disproportionate with respect to a Schuler stockholder if, immediately after the redemption

the stockholder owns less than 50% of the total voting power of the outstanding D.R. Horton stock;

the stockholder owns less than 80% of the percentage of voting power of the D.R. Horton common stock he or she owned or was treated as owning before the hypothetical redemption; and

the stockholder owns less than 80% of the percentage of D.R. Horton common stock (measured by fair market value) he or she owned or was treated as owning before the hypothetical redemption.

If a stockholder fails any part of this test, the hypothetical redemption may still qualify as not essentially equivalent to a dividend if it results in a meaningful reduction of the stockholder's proportionate interest in D.R. Horton. This is a highly subjective standard. Accordingly, neither D.R. Horton, Schuler, nor their counsel can provide any substantial assurance that a particular hypothetical redemption will qualify as a meaningful reduction. However, based on a published ruling of the Internal Revenue Service, a stockholder with a relatively minimal interest in D.R. Horton and no ability to exercise control over D.R. Horton's corporate affairs will be treated as having experienced a meaningful reduction of his or her proportionate interest in D.R. Horton as a result of the hypothetical redemption.

In applying these redemption tests, the constructive ownership rules of the Internal Revenue Code must be taken into account. Under these rules, each Schuler stockholder is treated as owning, in addition to the D.R. Horton common stock directly owned by the stockholder (including the D.R. Horton common stock received in the merger), any D.R. Horton common stock owned by certain family members, any D.R. Horton common stock owned by partnerships, trusts, certain corporations, and other entities in which the stockholder has an interest (in proportion to the stockholder's interest), and any D.R. Horton common stock that the stockholder has a right or option to acquire. In addition, each Schuler stockholder that is a corporation (other than an S corporation) is treated as owning any D.R. Horton common stock owned by its stockholders who own 50% or more of the value of the stock of the corporation; and each Schuler stockholder that is a partnership, trust, or other entity is treated as owning any D.R. Horton common stock owned by its partners, beneficiaries, or owners. The redemption tests described above and the application of the constructive ownership rules are complex and will depend upon each Schuler stockholder's particular facts and circumstances. Accordingly, each Schuler stockholder that receives a portion of the

Table of Contents

merger consideration in cash is urged to consult its tax advisor to determine the character of any gain that may be recognized as a result of the merger.

If the hypothetical redemption of D.R. Horton common stock in exchange for cash fails to satisfy both the substantially disproportionate test and the not essentially equivalent to a dividend test with respect to a particular Schuler stockholder, then the gain recognized by that stockholder will be characterized as a distribution with respect to the stock. Such a distribution will be treated as a dividend to the extent of the stockholder's allocable share of Schuler's accumulated earnings and profits. A dividend payment received by a stockholder is generally treated as ordinary income for federal income tax purposes. If the amount of the distribution exceeds the stockholder's allocable share of Schuler's accumulated earnings and profits, then the excess will be treated as capital gain. A Schuler stockholder that is a corporation and that receives a dividend may be eligible to claim a dividends-received deduction, and may be subject to the extraordinary dividend provisions of the Internal Revenue Code.

Schuler Stockholder Receiving Solely Cash Character of Gain and Recognition of Loss

The character of income, gain, or loss recognized by a Schuler stockholder receiving solely cash in exchange for Schuler common stock is determined under an analysis similar to that described above, except that the Internal Revenue Service may treat the stockholder's Schuler common stock as having been redeemed by Schuler immediately before the merger, rather than as having been exchanged for D.R. Horton common stock and then redeemed by D.R. Horton immediately after the merger. In either case, if the hypothetical redemption satisfies the substantially disproportionate test or the not essentially equivalent to a dividend test with respect to a particular Schuler stockholder, or if the hypothetical redemption results in a complete termination of the stockholder's interest in the relevant entity (after giving effect to the constructive ownership rules described above), then any gain recognized by the stockholder will be treated as capital gain and the stockholder will be permitted to recognize loss.

If the hypothetical redemption fails all three of these redemption tests with respect to a particular Schuler stockholder, then the stockholder will not be permitted to recognize loss, and the cash received by that stockholder could be characterized as a distribution with respect to stock, and thus be treated as a dividend to the extent of the stockholder's allocable share of Schuler's current and accumulated earnings and profits. In such an event, however, the stockholder might nonetheless assert successfully that the transaction constitutes a sale of the stockholder's Schuler stock, such that the three redemption tests are inapplicable, and that he or she is entitled to receive capital gain (or capital loss) treatment. Because of this complexity and uncertainty, Schuler stockholders receiving solely cash in the merger are especially urged to consult their own tax advisors with regard to their individual tax consequences.

Backup Withholding

Payments made to a Schuler stockholder in connection with the merger may be subject to backup withholding at a rate of 30% unless the stockholder (a) provides a correct taxpayer identification number (which, for an individual stockholder, generally is the stockholder's social security number) and any other required information to the exchange agent or (b) is a corporation or comes within certain exempt categories and, when required, demonstrates that fact and otherwise complies with applicable requirements of the backup withholding rules. Backup withholding will not apply to a payment made to a Schuler stockholder who completes and signs the substitute Form W-9 that is included as part of the transmittal letter, or who otherwise proves to D.R. Horton and its exchange agent that it is exempt from backup withholding. A Schuler stockholder who does not provide a correct taxpayer identification number may be subject to penalties imposed by the Internal Revenue Service. Backup withholding is not an additional tax and may be claimed as a credit against a Schuler stockholder's federal income tax liability, provided that the required information is furnished to the Internal Revenue Service.

Table of Contents

Reporting and Recordkeeping

A Schuler stockholder who exchanges Schuler common stock in the merger for D.R. Horton common stock, or for a combination of D.R. Horton common stock and cash, is required to retain records of the transaction, and to attach to the stockholder's federal income tax return for the year of the merger a statement setting forth all relevant facts with respect to the nonrecognition of gain or loss in the exchange. At a minimum, the statement must include (i) the stockholder's tax basis in the Schuler common stock surrendered and (ii) the amount of cash (if any) and the fair market value, as of the effective date of the merger, of the D.R. Horton common stock received in exchange therefor.

Consequences to D.R. Horton and Schuler

As a result of the treatment of the merger as a reorganization, neither D.R. Horton nor Schuler will recognize gain or loss solely as a result of the merger.

It is expected that Schuler and its subsidiaries will file a statement with the Internal Revenue Service to make the election provided by Section 341(f) of the Internal Revenue Code prior to the merger. This election provides that applicable gain from the sale or exchange of Schuler stock by stockholders covered by the election shall be treated as capital gain. However, this election will also restrict Schuler's ability to make certain otherwise nontaxable transfers of its assets without paying income tax on the gains realized upon such asset transfers. In particular, notwithstanding the treatment of the merger as a reorganization, if the election is made Schuler generally, in the absence of the consent by D.R. Horton described in the following paragraph, would be required to recognize gain on the transfer of its assets to D.R. Horton in the merger. Because Schuler will become a part of D.R. Horton in the merger, if Schuler were to recognize such gain and thus incur a tax liability, D.R. Horton would be responsible for that liability.

To avoid this recognition of gain, D.R. Horton will file a statement with the Internal Revenue Service in which it will consent to the same restrictions on making nontaxable asset transfers. Thus, following the merger, D.R. Horton's ability to defer income taxation on certain transfers of the assets it receives from Schuler will be restricted to the same extent as Schuler's ability to make such transfers was restricted before the merger. This circumstance may inhibit D.R. Horton from making transfers that it would otherwise make or may cause D.R. Horton to incur tax at the time of transfer. At the request of D.R. Horton, Schuler has taken or will take prior to the merger certain steps intended to minimize the potential effect on D.R. Horton of these restrictions. D.R. Horton does not believe that the consent will have a material adverse effect on its financial condition or its results of operations.

The preceding discussion does not purport to be a complete analysis of all potential tax consequences of the merger that may be relevant to a particular Schuler stockholder. Holders of Schuler common stock are urged to consult their own tax advisors regarding the specific tax consequences to them of the merger, including the applicability and effect of foreign, state, local, and other tax laws.

Director Compensation

During the first half of the past fiscal year, D.R. Horton paid directors' fees on the basis of \$25,000 per annum to any director who was not an employee, or former employee, of D.R. Horton. Beginning in the second half of the fiscal year, D.R. Horton changed the policy on directors' fees to a payment of \$6,250 per board meeting attended in person or by telephone, but not to exceed \$25,000 per year. Under the new policy, D.R. Horton paid fees to any director who was not receiving compensation from D.R. Horton for services other than as a director. As a result of the foregoing policies, Bradley S. Anderson, Richard I. Galland and Francine I. Neff each received a total of \$25,000 in directors' fees in the past fiscal year. Richard L. Horton, Terrill J. Horton and Scott J. Stone each received a total of \$12,500 in directors' fees in the past fiscal year, on the basis of the revised policy for payments to directors.

No additional fees were paid for participation on any committee of the board. Directors coming to meetings from outside the Dallas-Fort Worth area received reimbursement for expenses incurred to attend board and committee meetings.

No director of D.R. Horton who receives compensation from D.R. Horton for services other than as a director received any additional compensation for serving as a director of D.R. Horton. However, D.R. Horton paid the participant's portion of premiums pursuant to D.R. Horton's major medical plan for eight directors of D.R. Horton. The amount of such premiums paid by D.R. Horton during fiscal year 2001 was a total of \$9,600, consisting of \$100 per month for each of the directors receiving this benefit. In addition, Mr. Beckwitt holds options to purchase 356,068 shares of D.R. Horton common stock, which were issued from 1993 to 1998 and have exercise prices ranging from \$4.96 to \$18.23. Of these, options for 146,791 shares are currently exercisable.

Transactions with Management

D.R. Horton has agreed to indemnify each of its directors and executive officers to provide them with the maximum indemnification allowed under its certificate of incorporation and applicable law with respect to their positions as officers or directors of D.R. Horton and its subsidiaries.

On the effective date of the merger between D.R. Horton and Continental Homes Holding Corp., Bradley S. Anderson, a former director of Continental, was elected a director of D.R. Horton. In connection with the merger, D.R. Horton agreed to indemnify Mr. Anderson, along with the other former Continental directors, and continue directors' and officers' liability insurance in connection with their prior service as directors or executive officers of Continental.

In March 2000, Mr. Beckwitt, a director of the Company, resigned as President of the Company in connection with the Company's formation of Encore Venture Partners II (Texas), L.P. ("Encore"), a Company affiliate which, together with other Company affiliates, invested in technology start-up and emerging growth companies. Mr. Beckwitt beneficially owns EVP Capital, L.P. ("EVP"), which was a general partner of Encore; Mr. Beckwitt was also a limited partner of Encore. Under Encore's limited partnership agreement, partnership overhead expenses were borne by a partner beneficially owned by the Company, EVP was paid an annual management fee and EVP was entitled to 5% of the net profits of Encore after payment of a 10% preferred return on amounts invested by Company affiliates. During the term of his interest in Encore, Mr. Beckwitt also advised and assisted the Company in its homebuilder acquisitions. In connection with the termination of the Company's investment program through Encore, the Company and Mr. Beckwitt agreed to the termination of fee and expense payments to EVP and the interests of EVP and Mr. Beckwitt in Encore as of June 30, 2001. Since such termination, through advisory arrangements with the Company, Mr. Beckwitt has continued to monitor Encore and affiliate investments, which had a book value of \$10.2 million at the end of the Company's 2001 fiscal year, and to advise and assist the Company in its homebuilder acquisitions, which during the Company's 2001 fiscal year had an aggregate transaction value of approximately \$213 million. Under these advisory arrangements, Mr. Beckwitt is also active in the process of integrating the acquired homebuilding operations. For the 2001 fiscal year, the Company paid EVP approximately \$1,724,000, excluding reimbursement of expenses,

under the foregoing agreements and arrangements. For the first three quarters of the 2002 fiscal year, the Company has agreed to pay EVP at a quarterly rate of \$500,000, in addition to reimbursement of expenses, in connection with Mr. Beckwitt's continued advice and assistance. Mr. Beckwitt has provided advice and assistance in connection with the proposed merger with Schuler in both fiscal years.

Compensation Committee Interlocks and Insider Participation

During the 2001 fiscal year, D.R. Horton's Compensation Committee was composed of Mr. Richard I. Galland, Ms. Francine I. Neff, Mr. Bradley S. Anderson, and, for a portion of the year until he returned to D.R. Horton's employment, Scott J. Stone. At the beginning of the 2001 fiscal year, the Compensation Committee set the base salaries and performance-based bonus goals of Messrs. Donald Horton and Tomnitz. The Executive Committee, with Mr. Fuller abstaining, established bonuses and salary for Mr. Fuller and Ms. Dwyer.

Committee Report on Executive Compensation

General. D.R. Horton has undertaken to formulate a fair and competitive compensation policy for executive officers that will attract, motivate and retain highly experienced, qualified and productive personnel, reward superior performance and provide long-term incentives that are based on performance. D.R. Horton also has attempted to develop an executive compensation policy that will serve to align the interests of D.R. Horton, its executive officers and its stockholders. The primary components of executive compensation consist of:

Base salaries.

Cash bonus payments.

D.R. Horton, Inc. Supplemental Executive Retirement Plan No. 1, or SERP 1, and SERP 2.

Stock options.

Through its current executive compensation policy, a substantial portion of the compensation an executive officer has the opportunity to earn consists of bonus and stock option incentives.

Base Salaries. Base salaries for D.R. Horton's executive officers for the 2001 fiscal year were based on each executive officer's experience level, level of responsibility, contributions made and potential for significant contributions to D.R. Horton's success and stockholder value, and D.R. Horton's historical levels of base compensation for executive officers. No quantitative relative weights were assigned to any of these factors.

Bonus Payments. The 2001 compensation for executive officers provided each of D.R. Horton's executive officers the opportunity to earn substantial bonuses in addition to his or her 2001 annual base salary. See Summary Compensation Table above.

Pursuant to the D.R. Horton, Inc. 2000 Incentive Bonus Plan, Messrs. Donald Horton and Tomnitz each received incentive bonus payments based upon the performance goals with regard to quarterly consolidated pre-tax income of D.R. Horton. These goals were set by the Compensation Committee and approved by the board of directors at the beginning of the fiscal year. During the fiscal year, D.R. Horton's performance made Messrs. Donald Horton and Tomnitz each eligible to receive \$2,000,000 under the plan. These 2001 bonus payments were approved by the Compensation Committee and ratified by the board of directors.

The Executive Committee, with Mr. Fuller not participating, awarded discretionary bonuses to Mr. Fuller and Ms. Dwyer. See the Summary Compensation Table above. In determining the discretionary bonuses awarded to Mr. Fuller and Ms. Dwyer, the Executive Committee (with Mr. Fuller

Table of Contents

not participating) reviewed, and the Compensation Committee in approving the bonuses to the other executive officers also reviewed, the following factors:

The financial and operating performance of D.R. Horton as compared to fiscal 2000.

The financial and operating performance of D.R. Horton as compared to D.R. Horton's business plan.

Other actions and activities by each executive officer to maximize shareholder value.

No quantitative relative weights were assigned to any of the factors.

SERPs. The SERPs were adopted by D.R. Horton in 1994 to permit eligible participants, which include executive officers, regional vice presidents, division managers and other selected employees, to defer income and establish a source of funds payable upon retirement, death or disability. Executive officers' individual agreements under the SERPs were adopted and approved by the Compensation Committee and ratified by the board of directors. SERP 1 permits participants voluntarily to defer receipt of compensation from D.R. Horton. Amounts deferred are invested on behalf of the participant in investment vehicles selected from time to time by the administrators of SERP 1. Pursuant to SERP 2, D.R. Horton has established a liability to each participant equal to 10% of the participant's 2001 base salary. Earnings on this liability accrue at a rate established from time to time by the administrators of SERP 2.

Chief Executive Officer 2001 Compensation. Donald J. Tomnitz's compensation for D.R. Horton's 2001 fiscal year consisted of an annual base salary, bonuses and participation in the Stock Incentive Plan and the SERPs. This compensation was set on the basis of D.R. Horton's executive compensation policy and the factors described above.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly held companies for compensation over \$1 million paid for any fiscal year to the corporation's chief executive officer and the other executive officers as of the end of any fiscal year who are disclosed in the Summary Compensation Table in this Joint Proxy Statement/ Prospectus. However, the statute exempts qualifying performance-based compensation if certain requirements are met. Early in fiscal year 2000, the Compensation Committee adopted, and the stockholders approved the Incentive Bonus Plan. D.R. Horton intends for awards to its executive officers under the bonus plan to qualify for the performance-based compensation exemption under section 162(m).

While D.R. Horton generally structures its compensation plans to comply with the exemption requirements of section 162(m), corporate objectives may not always be consistent with the requirements for full deductibility. Accordingly, the board of directors and the Compensation Committee reserve the authority to award non-deductible compensation to D.R. Horton's executive officers in the future as they deem appropriate.

Stock Option Grants. Grants of stock options under the Stock Incentive Plan were administered by the Compensation Committee. D.R. Horton believes that stock options provide an important long-term incentive to executive officers and align the interests of D.R. Horton, its executive officers and its stockholders by creating a direct link between executive compensation and long-term performance of D.R. Horton. The stock options granted to executive officers in the 2001 fiscal year have an exercise price of not less than the fair market value of D.R. Horton common stock on the date of grant and a vesting schedule that generally extends over 9.75 years, except that the option grant to Mr. Tomnitz in fiscal year 2001 vests over five years. All other terms of stock option grants are established by the Compensation Committee, subject to the limitations of the Stock Incentive Plan.

A total of three stock option grants were made to executive officers in fiscal year 2001. See "Option/ SAR Grants in Last Fiscal Year" table above. In determining the number of shares of D.R. Horton

common stock covered by and the vesting schedule of each stock option grant to executive officers, the Compensation Committee made a subjective evaluation of:

Recommendations of the Chairman of the Board.

Contribution the executive officer made and is anticipated to make to the success of D.R. Horton.

Level of experience and responsibility of the executive officer.

Number of stock options that previously had been granted to the executive officer pursuant to the Stock Incentive Plan.

Number of stock options granted to other participants in the Stock Incentive Plan.

No quantitative relative weights were assigned to any of these factors.

The Audit Committee operates pursuant to an Audit Committee Charter, which was approved and adopted by the board of directors. According to the Audit Committee Charter, the Audit Committee's primary duties and responsibilities are to:

Table of Contents

Monitor the independence and performance of D.R. Horton's independent auditors.

Provide an avenue of communications among the independent auditors, management and the board of directors.

The Audit Committee has reviewed and discussed with management D.R. Horton's audited consolidated financial statements for the fiscal year ended September 30, 2001. Further, the Audit Committee has discussed, with D.R. Horton's independent auditor, the matters required to be discussed by Auditing Standards Board Statement on Auditing Standards No. 61, as amended. Finally, the Audit Committee has received and reviewed the written disclosures and the letter from the independent auditor required by the Independence Standards Board Independence Standard No. 1, as amended, and has discussed the auditor's independence with the auditor. The Audit Committee has considered whether the independent auditors' provision of non-audit services to D.R. Horton is compatible with the auditors' independence.

Based on its review and discussion described above, the Audit Committee has recommended to the board of directors that the audited financial statements for fiscal year 2001 be included in D.R. Horton's Annual Report on Form 10-K for the fiscal year ended September 30, 2001. Further, the Audit Committee recommended that the board of directors engage Ernst & Young LLP as D.R. Horton's independent auditor for the fiscal year ending September 30, 2002. The Audit Committee met twice during fiscal year 2001.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires D.R. Horton's directors, certain of its officers, and persons who own more than 10 percent of a registered class of D.R. Horton's equity securities to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10 percent stockholders are required by SEC regulations to furnish D.R. Horton with copies of all forms they file pursuant to Section 16(a). Based solely on its review of the copies of such forms received by it, D.R. Horton believes that all filing requirements applicable to its officers, directors and greater than 10 percent beneficial owners were complied with during the year ended September 30, 2001, except that Mr. Fuller was late in reporting three small acquisitions, and Mr. Terrill J. Horton reported one late transaction on his Form 5 for fiscal 2001.

ADDITIONAL MATTERS FOR CONSIDERATION OF D.R. HORTON STOCKHOLDERS

In addition to consideration of and voting on the merger, including the issuance of D.R. Horton common stock in connection with the merger, the D.R. Horton stockholders will be asked to vote on the following matters at the 2002 D.R. Horton annual meeting.

Election of Directors

Pursuant to D.R. Horton's bylaws, the board of directors of D.R. Horton has fixed the number of directors at ten. The board of directors has nominated Donald R. Horton, Bradley S. Anderson, Richard Beckwitt, Samuel R. Fuller, Richard I. Galland, Richard L. Horton, Terrill J. Horton, Francine I. Neff, Scott J. Stone and Donald J. Tomnitz for election as directors of D.R. Horton. All of the nominees are currently serving as directors of D.R. Horton. Information regarding these individuals is set out above under "Information About D.R. Horton - Directors and Executive Officers" on page 101.

If the merger with Schuler is consummated, D.R. Horton's board will adopt a resolution to increase the number of directors to eleven. D.R. Horton has agreed to use its best efforts to appoint James K. Schuler to the board.

According to the bylaws of D.R. Horton, any stockholder may make nominations for the election of directors if notice of such nominations is delivered to, or mailed and received at, the principal executive office of D.R. Horton not less than thirty calendar days prior to the date of the originally scheduled meeting. However, if D.R. Horton gives less than forty calendar days' notice or prior public disclosure of the date of the meeting, notice of such nomination must be received not later than the close of business on the tenth calendar day following the earlier of the day on which notice of the meeting was mailed or the day on which the public disclosure was made. If nominations are not made in that manner, only the nominations of the board of directors may be voted upon at the annual meeting.

Amendment of 1991 Stock Incentive Plan

On November 30, 2001, D.R. Horton's board of directors adopted and approved, subject to the approval of D.R. Horton's stockholders, an amendment to the D.R. Horton, Inc. 1991 Stock Incentive Plan that would increase the total number of shares of D.R. Horton common stock that may be issued or delivered pursuant to the Stock Incentive Plan by 1,600,000 shares from 8,040,373 shares to 9,640,373 shares. The amendment will become effective upon the effectiveness of the merger. This increase is to cover the options that will be issued in connection with the merger to replace currently outstanding options to purchase Schuler Class A common stock. The number of shares of D.R. Horton common stock that currently may be issued pursuant to future awards under the Stock Incentive Plan is 1,611,012 at September 30, 2001. Approval of the Amendment by D.R. Horton's stockholders would increase this number to 3,211,012. The numbers of shares subject to options, as stated in this description, are adjusted pursuant to the antidilution provisions of the Stock Incentive Plan to reflect the effects of various stock dividends.

Stock appreciation rights, which provide an alternative means of realizing the benefits arising from stock options or from increases in the value of the D.R. Horton common stock above the value at the time of grant of the stock appreciation rights.

Awards of restricted stock, which enable a grantee or purchaser of restricted stock to earn over a specified period of time shares of D.R. Horton common stock which he or she has acquired at a price below the value of the D.R. Horton common stock at the time of acquisition or without payment.

Performance units, which enable a grantee to earn cash awards by achievement of predetermined management objectives described below.

Performance shares, which enable a grantee to earn awards of the D.R. Horton common stock or other securities of D.R. Horton by achievement of predetermined management objectives.

These benefits are referred to collectively herein as awards. All officers, directors, key employees, agents and consultants of D.R. Horton are eligible to receive awards under the Stock Incentive Plan. No stock option, stock appreciation right, performance unit or performance share award is transferable by a participant other than by will or the laws of descent and distribution or pursuant to a qualified domestic relations order, as defined in the Internal Revenue Code, or the Employee Retirement Income Security Act of 1974. Stock options and stock appreciation rights are exercisable during the participant's lifetime only by the participant or his or her guardian or legal representative. The Stock Incentive Plan does not provide for any limit to the amount of any award or awards to any one participant or any period during which the awards must be granted.

Any shares of D.R. Horton common stock which are subject to stock options or stock appreciation rights or are awarded or sold as restricted stock that are terminated, unexercised, forfeited or surrendered or which expire for any reason will again be available for issuance under the Stock Incentive Plan. The Stock Incentive Plan also provides that D.R. Horton's board of directors may make adjustments in the number of shares, and outstanding awards under the Stock Incentive Plan, to prevent dilution or enlargement of rights of participants in the event of stock dividends, stock splits, combinations of shares, recapitalizations or other changes in the capital structure of D.R. Horton, mergers, consolidations, spin-offs, reorganizations, issuances of rights or warrants and other similar changes. On January 11, 2002, the closing price for the D.R. Horton common stock on the NYSE was \$30.54 per share.

Stock Options

D.R. Horton may grant incentive stock options, non-qualified stock options or both under the Stock Incentive Plan. The options entitle the optionee to purchase shares of D.R. Horton common stock at a price equal to not less than 50% of the market value per share on the date of grant, except to the extent options are granted in connection with acquisitions by D.R. Horton. D.R. Horton has granted substantially all if not all options granted under the Stock Incentive Plan at the closing market price on the date of grant. The option price is payable at the time of exercise in cash or by check, by the transfer to D.R. Horton of shares of D.R. Horton common stock having an aggregate market value per share at the time of exercise equal to the aggregate option price or by a combination of these methods. A grant of stock options may provide for deferred payment of the option price from the proceeds of sale through a broker on the exercise date of some or all of the shares to which such exercise relates. Successive grants may be made to the same optionee whether or not stock options previously granted remain unexercised.

Table of Contents

No stock option is exercisable more than ten years from the date of grant. Each grant of stock options must specify the required period or periods of continuous service by the optionee with D.R. Horton and/or the management objectives to be achieved before the stock options will become exercisable. Stock options may become exercisable at once or in installments.

Management objectives may be described either in terms of company-wide objectives, objectives that are related to performance of the division, department or function within D.R. Horton in which the participant is employed, or in other terms. The objectives must relate to a specified period of time established by the administrative committee that administers the Stock Incentive Plan. The administrative committee may adjust any management objective if, in its sole judgment, events or transactions have occurred that are unrelated to the participant's performance and result in a distortion of the management objectives.

Stock Appreciation Rights

Stock appreciation rights permit the holder to receive the difference between the market value of the shares of D.R. Horton common stock subject to the stock appreciation rights on the exercise date of the stock appreciation rights and the grant price of the stock appreciation rights. Stock appreciation rights may be granted in tandem with stock options or separate and apart from a grant of stock options.

The holder of a stock appreciation right is entitled to receive from D.R. Horton upon exercise of the stock appreciation right an amount equal to 100%, or a lesser percentage as the administrative committee determines, of the spread between the grant price of the stock appreciation right, which will be the same as the option price of any stock option granted in tandem with the stock appreciation right, and the market value of the shares of the D.R. Horton common stock subject to the stock appreciation right being exercised. A stock appreciation right granted in tandem with a stock option may be exercised only by surrender of the related stock option.

Each grant of stock appreciation rights under the Stock Incentive Plan must specify the required period or periods of continuous service by the holder thereof with D.R. Horton and/or the management objectives to be achieved before the stock appreciation rights will become exercisable. No stock appreciation right granted in tandem with a stock option may be exercisable except at a time at which that stock option is exercisable. The administrative committee may authorize the grant of stock appreciation rights under the Stock Incentive Plan in accordance with the following additional provisions:

Any grant may specify that the amount payable on exercise of a stock appreciation right may be paid by D.R. Horton in cash, in shares of D.R. Horton common stock, in other securities of D.R. Horton or in any combination of cash or securities, as determined by the administrative committee in its sole discretion at the time of payment.

Any grant may specify that the amount payable by D.R. Horton upon exercise of a stock appreciation right may not exceed a maximum specified by the administrative committee at the date of grant. Stock appreciation rights may include other terms and provisions, consistent with the Stock Incentive Plan, as approved by the administrative committee. As of September 30, 2001, D.R. Horton has not granted any stock appreciation rights.

Restricted Stock

A grant of restricted stock involves the immediate transfer by D.R. Horton to a participant of ownership of a specific number of shares of D.R. Horton common stock in consideration of the performance of services. The participant is entitled immediately to voting, dividend and other ownership rights in the shares. The transfer may be made without additional consideration or in consideration of a payment by the participant that is less than the market value per share of the D.R. Horton common stock at the date of grant, as approved by the administrative committee.

Table of Contents

Restricted stock may be subject, for a period of time to be determined by the administrative committee at the date of grant, to a substantial risk of forfeiture within the meaning of Section 83 of the Internal Revenue Code. For example, a provision that the restricted stock would be forfeited if the participant ceased to serve D.R. Horton as a director, officer, key employee, agent or consultant during a specified period would constitute a substantial risk of forfeiture. In order to enforce these forfeiture provisions, the transferability of restricted stock will be prohibited or restricted in a manner and to the extent prescribed by the administrative committee for the period during which the forfeiture provisions remain in effect. As of the date of this Joint Proxy Statement/ Prospectus, D.R. Horton has not granted any restricted stock.

Performance Units

Performance units represent the right of a participant to receive a payment per performance unit upon achievement of specified management objectives. A minimum acceptable level of achievement also will be established. If by the end of the specified performance period the participant has achieved the specified management objectives, the participant will have fully earned the performance units. If the participant has not achieved the management objectives but has attained or exceeded the minimum achievement level, the participant will have partly earned the performance units, determined in accordance with a formula for determining the amount of the payment if performance is between the minimum achievement level and the management objectives. To the extent earned, performance units will be paid to the participant at the time and in the manner determined by the administrative committee. Payment may be made in cash, in shares of D.R. Horton common stock, in other securities of D.R. Horton or in any combination of cash or D.R. Horton securities, as approved by the administrative committee in its sole discretion. As of the date of this Joint Proxy Statement/ Prospectus, D.R. Horton has not granted any performance units.

Performance Shares

A participant may be granted any number of performance shares that will be delivered to the participant upon achievement of specified management objectives. A minimum achievement level will also be specified. If by the end of the performance period the participant has achieved the specified management objectives, the participant will be deemed to have fully earned the performance shares. If the participant has not achieved the management objectives but has attained or exceeded the minimum achievement level, the participant will be deemed to have partly earned the performance shares, such part may be determined in accordance with a formula for determining the number of performance shares earned if performance is between the minimum achievement level and the management objectives. To the extent earned, performance shares will be delivered to the participant at the time and in the manner determined by the administrative committee. In lieu of shares of D.R. Horton common stock, a participant may receive cash, other securities of D.R. Horton or a combination of cash or D.R. Horton securities, as approved by the administrative committee in its sole discretion. As of the date of this Joint Proxy Statement/ Prospectus, D.R. Horton has not granted any performance shares.

Administration and Amendments

The Stock Incentive Plan is administered by the administrative committee, which at all times consists of not less than two directors appointed by D.R. Horton's board of directors, each of whom will be a Non-Employee Director within the meaning of Rule 16b-3 under the Exchange Act. The duties of the administrative committee are performed by the Compensation Committee of the board of directors, which currently consists of Mr. Galland, Ms. Neff and Mr. Anderson. The administrative committee is authorized to select eligible participants, grant awards, and interpret the Stock Incentive Plan and related agreements, notifications and other documents.

The Stock Incentive Plan also gives authority to the Chairman of the Board of D.R. Horton to administer the plan with respect to matters relating solely to participants who are not executive officers, but only to the extent that this authority would not disqualify the plan from reliance on the exemption provided by Rule 16b-3.

Table of Contents

The Stock Incentive Plan may be amended from time to time by the board of directors, but may not be amended by the Board without further approval by the stockholders of D.R. Horton if such amendment would result in the plan no longer satisfying the requirements of Rule 16b-3.

Accounting Treatment

D.R. Horton has elected to follow Accounting Principles Board Opinion No. 25 in accounting for its stock options. The exercise price of D.R. Horton's stock options has equaled the market price of the underlying stock on the date of grant, and therefore no compensation expense has been recognized. Stock appreciation rights and performance units will require a charge against income of D.R. Horton each year representing the appreciation in the value of such benefits which it is anticipated will be exercised or paid. In the case of stock appreciation rights, the charge is based on the excess of the current market price of the D.R. Horton common stock over the grant price of the stock appreciation rights. In the case of performance units, the charge is based on the dollar amount expected to be paid at the end of the performance period. Restricted stock awards will require a charge against income equal to the fair market value of the shares at the time of award less the amount, if any, paid by the grantee. The charge is spread over the earnout period for such restricted stock. Performance shares will require a charge against income that, depending on the terms of the award of performance shares, will be similar to the charge required with respect to restricted stock.

The merger agreement requires D.R. Horton to replace all outstanding options to purchase Schuler common stock under its stock plans with comparable options to purchase D.R. Horton common stock. In accordance with *FASB Interpretation No. 44 Accounting for Certain Transactions Involving Stock Compensation* and *An Interpretation of APB No. 25*, D.R. Horton will determine the fair value of the replacement options using the Black-Scholes option-pricing model and record the fair value of the replacement options as merger costs, which will likely result in an increase of goodwill and additional capital. In accordance with *FASB Interpretation No. 44*, the intrinsic value of the unvested options will be recorded as unearned compensation and a reduction to goodwill. The unearned compensation will be amortized over the remaining vesting period of the options.

United States Federal Income Tax Consequences

The following discussion is only a general summary of certain federal income tax laws as currently in effect. Federal income tax rules governing awards and related payments are complex, are subject to frequent change, and depend on individual circumstances. D.R. Horton suggests that potential award recipients obtain competent professional advice regarding the application of federal tax laws to their particular situation. Moreover, this summary relates only to U.S. federal income taxation. If an award recipient is subject to state or local income taxation, or to taxation in foreign jurisdictions, he or she may have different tax consequences from those described below. Therefore, potential award recipients should seek competent professional advice regarding the applicability of state, local, or foreign tax laws as well.

Non-Qualified Stock Options. D.R. Horton's grant of a non-qualified stock option is generally not a taxable event for the recipient. Recipients that exercise a non-qualified stock option will, upon exercise, generally recognize ordinary income equal to the excess of the fair market value of the shares acquired upon exercise, determined as of the date of exercise, over the exercise price of the non-qualified stock option. D.R. Horton will be entitled to a tax deduction for the same amount. The ordinary income recognized upon exercise may be subject to employment and income withholding taxes or self-employment taxes in addition to any other taxes that might apply. Subsequent sales of the shares generally will give rise to capital gain or loss equal to the difference between the sale price and the sum of the exercise price paid for the shares plus the ordinary income recognized with respect to the shares. These capital gains will be taxable as long-term capital gains if the shares were held for more than one year.

If the option price of a nonqualified stock option is paid by the surrender of shares of D.R. Horton common stock already owned, no gain or loss will be recognized on the surrender of the shares to the extent that their fair market value equals that of the shares received. To that extent, the shares received

Table of Contents

will have a tax basis equal to the basis of the shares surrendered, and the holding period of the shares received will include the holding period of the shares surrendered. To the extent that the value of the shares received exceeds the value of the shares surrendered, the excess will be ordinary income. Further, the shares received that represent the excess value will have a basis equal to their fair market value. The holding period for any excess shares will commence on the day after they are acquired.

Incentive Stock Options. Award recipients generally will not pay tax, and D.R. Horton will not receive a deduction, on the grant or the exercise of an incentive stock option, if the award recipient exercises the option while he or she is an employee of D.R. Horton or within three months following his or her termination of employment, or within one year, if employment is terminated due to a permanent disability.

If the shares acquired upon the exercise of an incentive stock option are sold at any time within one year after the date D.R. Horton transfers those shares or within two years after the date D.R. Horton grants the option, then:

if the sales price exceeds the exercise price of the incentive stock option, capital gain equal to the excess, if any, of the sales price over the fair market value of the shares on the date of exercise will be recognized, and ordinary income equal to the excess, if any, of (1) the actual sales price or the fair market value of the shares on the date of exercise, whichever is less, over (2) the exercise price of the incentive stock option will be recognized; or

if the sales price is less than the exercise price of the incentive stock option, a recipient will recognize a capital loss equal to the excess of the exercise price of the incentive stock option over the sales price of the shares.

In this event, D.R. Horton will generally be able to take a tax deduction equal to the ordinary income recognized. The ordinary income recognized generally will be subject to employment and income withholding taxes in addition to any other taxes that might apply.

If a recipient sells the shares the recipient acquired upon exercise of an incentive stock option at any time after the recipient has held the shares for at least one year after the date D.R. Horton transfers the shares pursuant to the recipient's exercise of the incentive stock option and at least two years after the date D.R. Horton grants the recipient the incentive stock option, then the recipient will recognize long-term capital gain or loss equal to the difference between the sales price and the exercise price of the option, and D.R. Horton will not be entitled to any deduction.

In the year a recipient exercises an incentive stock option, the recipient must include the amount by which the fair market value of shares acquired exceeds the exercise price on the date of exercise as a positive adjustment in the calculation of the recipient's alternative minimum taxable income. A recipient's alternative minimum tax will generally equal the amount by which 26% or 28%, depending upon the amount of the recipient's alternative minimum taxable income, of the recipient's alternative minimum taxable income, reduced by certain exemption amounts, exceeds the recipient's regular income tax liability for the year. Before exercising an incentive stock option, a recipient should determine whether and to what extent exercise of that option will result in alternative minimum tax in the year of exercise.

If a recipient pays the option price of an incentive stock option by the surrender of shares of D.R. Horton common stock, the recipient will not recognize gain or loss on the surrender of such shares to the extent that their fair market value equals that of the shares received. To that extent, the shares received will have a basis equal to the basis of the shares surrendered, and the recipient's holding period of the shares received will include the holding period of the shares surrendered (although for purposes of determining whether a disqualifying disposition has occurred, the holding period of the shares received will commence on the day after the shares are acquired). To the extent that the value of the shares received exceeds the value of the shares surrendered, those shares received that represent such excess value will have a basis equal to zero and a holding period that will commence on the day after they are acquired. If a recipient surrenders shares acquired through the previous exercise of an incentive stock option before the end of the requisite holding period applicable to the previous exercise, however, the recipient will recognize ordinary income on the surrender of such shares.

Table of Contents

Restricted Stock. A recipient of restricted stock will not recognize income upon the receipt of restricted stock. Rather, the recipient generally will recognize ordinary income equal to the fair market value of the restricted stock, less any consideration paid for the stock, at the time the stock becomes transferable or is no longer subject to forfeiture. D.R. Horton will be able to take a tax deduction at the same time and for the same amount. The ordinary income recognized in connection with restricted stock may be subject to employment and income withholding taxes or self-employment taxes in addition to any other taxes that might apply.

If the recipient has made a valid election under Section 83(b) of the Internal Revenue Code, the recipient will generally recognize ordinary income in an amount equal to the fair market value of the shares on the date the stock is received less the purchase price, if any, of the restricted stock. The fair market value will be determined as if the stock were unrestricted. D.R. Horton will be able to take a tax deduction for the same amount. Recipient s of restricted stock should consult your tax advisor to determine the tax consequences of making a Section 83(b) election. Note that if an award recipient makes a Section 83(b) election and pays income tax on the fair market value of the stock and subsequently forfeits the stock, the award recipient will not be entitled to any deduction in connection with that forfeiture.

A subsequent sale of the shares received in connection with restricted stock generally will give rise to capital gain or loss equal to the difference between the sale price and the sum of the purchase price, if any, of the shares plus the ordinary income recognized with respect to the shares. The capital gains will be taxable as long-term capital gains if the shares have been held for more than one year. The holding period to determine whether an award recipient has long-term or short-term capital gain or loss on a subsequent sale generally begins when the stock becomes transferable or is no longer subject to forfeiture, or on the date of grant if the recipient made a valid Section 83(b) election.

Performance shares and performance units. A recipient of performance shares or performance units will not recognize income upon the award of performance shares or performance units. In general, the recipient will recognize ordinary income at the time property is transferred in payment of such performance shares or performance units in an amount equal to the aggregate amount of cash and the fair market value of the D.R. Horton common stock and any other securities the recipient receives. Upon a subsequent sale of common stock or any other securities received in payment of performance shares or performance units, any excess of the net proceeds of sale over the fair market value of the common stock or securities on the date of receipt will generally be taxed as capital gain or loss (long- or short-term, depending on the holding period).

Estate Tax Considerations. If a recipient of stock options dies holding unexercised stock options, the value of the options at the time of death will be included in the recipient s estate and subject to estate tax. Following the recipient s death, the options may be exercised by the recipient s estate or the recipient s heirs to the extent permitted by the Stock Incentive Plan and/or the applicable stock award agreement. The income tax consequences upon exercise of the options after the recipient s death depend on whether the option is an incentive stock option or a non-qualified option.

The exercise of an incentive stock option will not generate taxable income and the shares purchased will have a tax basis equal to their fair market value at the time of death. A subsequent sale of the shares will generate either short-term or long-term capital gain or capital loss depending on the length of time the shares were owned.

The exercise of a non-qualified option will trigger ordinary income to the holder of the option in an amount equal to the difference between the fair market value of the shares at the time of exercise and the option exercise price, subject to a deduction for any estate tax paid with respect to the non-qualified option.

Other Tax Issues. Award recipients generally may not deduct investment-related interest to the extent that this interest exceeds their net investment income for any year. Investment-related interest generally includes interest a recipient pays on indebtedness the recipient incurs to purchase shares of D.R. Horton common stock. Award recipients may deduct any interest disallowed under this rule in later years, subject to the same limitation.

Table of Contents

D.R. Horton generally must withhold any required taxes with respect to income recognized in connection with an exercise or payment of an award, and D.R. Horton may require a recipient to pay these taxes as a condition to the recipient's exercise of an award.

In the event of a change in control of D.R. Horton and depending upon a recipient's individual circumstances, a portion of grants under the Stock Incentive Plan may constitute excess parachute payments under the golden parachute provisions of the Internal Revenue Code. Under these provisions, a recipient would be subject to a 20% excise tax on any excess parachute payments and D.R. Horton would not be able to take any tax deduction with respect to these payments. Award recipients should consult their tax advisors as to whether any accelerated vesting of an award in connection with a change of our ownership or control would give rise to an excess parachute payment.

Plan Benefits

To date, D.R. Horton has only awarded nonqualified stock options under the Stock Incentive Plan. The following table lists the nonqualified stock options granted, from adoption of the Stock Incentive Plan in 1991 through January 11, 2002, to the executive officers named in the Summary Compensation Table, all current executive officers as a group (4 persons), all current directors who are not executive officers as a group (7 persons), each nominee for election as a director, each associate of any such director, executive officer or nominee, and all employees, including current officers who are not executive officers, as a group (249 persons). No other person has received more than five percent of the options issued under the plan. The number of shares set forth in the table has been adjusted to reflect the additional shares received in various stock dividends as to options which were outstanding and not previously exercised at the time of the dividends.

Company Shares for which a Stock Election has been made are hereinafter sometimes referred to as the *Stock Election Shares*.

(c) Subject to *Section 2.1.3(d)*, for each such Company Share with respect to which an election to receive cash has been effectively made and not revoked or lost pursuant to *Section 2.1.4* (a *Cash Election*), the right to receive in cash an amount equal to the Base Consideration Value. (e) If the Requested Cash Amount is less than the Cash Consideration, the Merger Consideration for each Stock Election Share shall be cash and DHI Common Stock as set forth below:

(i) Cash equal to the quotient of (y) the Cash Consideration minus the Requested Cash Amount, divided by (z) the number of Stock Election Shares.

(ii) A fraction of a share of DHI Common Stock equal to the quotient of (y) the Base Consideration Value minus the cash payable pursuant to *Section 2.1.3(e)(i)*, divided by (z) the Stock Value.

(f) Notwithstanding the foregoing, except where DHI has made an election in accordance with *Section 7.1(f)*, if more than 50% of the total value of the Merger Consideration for all the outstanding Company Shares other than shares to be canceled in accordance with *Section 2.1.2* would be cash (treating all stockholders who give the Company a timely and proper notice of intention to exercise appraisal rights as receiving Merger Consideration consisting of cash equal to the value of the Merger Consideration to be received in the Merger prior to any adjustment under this *Section 2.1.3(f)* (or such other amount as the Board of Directors of DHI determines to be appropriate at the time, based on the advice from DHI tax counsel) for each share as to which the notice relates, and treating for this purpose the DHI Common Stock receivable in the Merger as having a value per share equal to the closing price of DHI Common Stock as reported for NYSE Composite Transactions on the Closing Date), the cash which a holder of a share of Company

Common Stock will receive will be reduced on a pro rata basis with all other such holders to the amount such that 50% of the total value of the Merger Consideration will be cash (treating all stockholders who give the Company a timely and proper notice of intention to exercise appraisal rights as receiving Merger Consideration consisting of cash equal to the value of the Merger Consideration to be received in the Merger prior to any adjustment under this provision (or such other amount as DHI determines to be appropriate at the time, based on the advice from its tax counsel) for each share as to which the notice relates, and treating for this purpose the DHI Common Stock received as having a value per share equal to the closing price of DHI Common Stock for NYSE Composite Transactions on the Closing Date) and the holders of Company Common Stock will receive in exchange for such reduction in cash an amount of additional shares of DHI Common Stock obtained by dividing the amount of such reduction in cash by the closing price of DHI Common Stock for NYSE Composite Transactions on the Closing Date.

2.1.4 *Share Election.*

(a) Each person who, on or prior to the Election Date, is a record holder of shares of Company Shares shall have the right to submit a Form of Election specifying one of the following: (i) that such stockholder desires that all of his or her Company Shares be converted into the Base Consideration (such election being hereinafter sometimes referred to as a *Base Election*), (ii) that such stockholder desires that all of his or her Company Shares be converted into cash pursuant to the Cash Election, or (iii) that such stockholder desires that all of his or her Company Shares be converted into Stock Election Shares pursuant to the Stock Election. A stockholder may not make an election for less than all of his or her Company Shares.

(b) DHI shall prepare, subject to the reasonable approval of the Company, a form of election (the *Form of Election*) for mailing with the Proxy Statement. The Form of Election shall be (i) mailed to the record holders of Company Shares as of the record date for the Company Stockholder Meeting, and (ii) used by each record holder of Company Shares to make the Base Election, the Cash Election or the Stock Election. The Company shall also use its reasonable best efforts to make the Form of Election and the Proxy Statement available to all persons who become holders of Company Shares during the period between such record date and the Election Date. Any such holder's Base Election, Cash Election or Stock Election shall have been properly made only if the Exchange Agent shall have received at its designated office, by 5:00 p.m., New York City time on the business day next preceding the date of the Company Stockholder Meeting (the *Election Date*), a Form of Election properly completed and signed and accompanied by certificate(s) for the Company Shares (*Certificate(s)*) to which such Form of Election relates, duly endorsed in blank or otherwise in form acceptable for transfer on the books of the Company (or by an appropriate guarantee for delivery of such Certificate(s) as set forth in such Form of Election from a firm which is a member of a registered national securities exchange or a commercial bank or trust company having an office or correspondent in the United States, provided that such Certificate(s) are in fact delivered to the Exchange Agent within three trading days after the date of execution of such guarantee of delivery).

(c) Any Form of Election may be revoked by a record holder of Company Common Stock submitting such Form of Election to the Exchange Agent only by written notice received by the Exchange Agent prior to 5:00 p.m., New York City time on the Election Date. In addition, all Forms of Election shall automatically be revoked if the Exchange Agent is notified in writing by DHI and the Company that the Merger has been abandoned or if either the Company's or DHI's stockholders fail to approve the Merger. If a Form of Election is revoked because the Merger has been abandoned or if either the Company's or DHI's stockholders fail to approve the Merger, the Certificate(s) (or guarantee(s) of delivery, if applicable) for the share(s) of Company Common Stock, if any, to which such Form of Election relates shall promptly be returned to the stockholder submitting the same to the Exchange Agent.

(d) For purposes of this Agreement, a holder of Common Stock who does not submit a Form of Election which is received by the Exchange Agent prior to the Election Date or who submits a Form of Election that is not properly made or who acquires Company Shares after the date hereof pursuant to the

Table of Contents

Company Stock Purchase Plan shall be deemed to have made a Non-Election. If DHI or the Exchange Agent shall determine that any purported Base Election, Cash Election or Stock Election was not properly made, such purported Base Election, Cash Election or Stock Election shall be deemed to be of no force and effect and the holder making such purported Base Election, Cash Election or Stock Election shall, for purposes of this Agreement, be deemed to have made a Non-Election.

(e) DHI shall have the sole discretion, which it may delegate in whole or in part to the Exchange Agent, to determine whether Forms of Election have been properly completed, signed and submitted or revoked and to disregard immaterial defects in Forms of Election. The decision of DHI (or the Exchange Agent, if applicable) in such matters shall be conclusive and binding. Neither DHI nor the Exchange Agent shall be under any obligation to notify any stockholder of any defect in a Form of Election submitted to the Exchange Agent. The Exchange Agent shall make all computations contemplated by *Section 2.1.3(d)* and *Section 2.1.3(e)* and all such computations shall be conclusive and binding on the holders of Company Common Stock.

2.1.5 *Company Shares Cancelled.* Upon conversion pursuant to *Section 2.1.3*, all Company Shares shall be cancelled and cease to exist, and each holder thereof shall cease to have any rights with respect thereto other than the right to receive the Merger Consideration and any other amounts in accordance with the terms provided herein. All shares of DHI Common Stock issued as Merger Consideration shall be fully paid and nonassessable.

2.1.6 *Stock Options.* At the Effective Time, each outstanding option to purchase Company Common Stock (a *Company Stock Option*) granted under the Company's Amended and Restated 2000 Stock Incentive Plan or Amended and Restated 1992 Stock Option Plan (collectively, the *Company Stock Plans*) other than options granted under Article III of either Company Stock Plan (*Director Options*), whether or not then vested or exercisable, shall be replaced by the Surviving Corporation with a comparable option to purchase DHI Common Stock (a *DHI Stock Option*), in accordance with the terms of the Company Stock Plan pursuant to which it was granted and any stock option agreement by which it is evidenced, except that if the holder of such DHI Stock Option is involuntarily terminated as an employee of the Surviving Corporation or any subsidiary without Cause for Termination (and not on account of death or disability) within six months after the Effective Time such Company Stock Option shall become exercisable and shall vest to the extent not theretofore exercisable or vested as of the date of termination of employment. It is intended that the foregoing provisions shall be undertaken in a manner that will not constitute a modification as defined in Section 424 of the Code as to any stock option which is an incentive stock option. Each DHI Stock Option shall be exercisable for that number of shares of DHI Common Stock equal to the number of the Company Shares subject to the corresponding Company Stock Option multiplied by the Stock Exchange Ratio, and shall have an exercise price per share equal to its exercise price per Company Share divided by the Stock Exchange Ratio. DHI and the Company shall take all such steps as may be required to cause the transactions contemplated by this *Section 2.1.6* and any other dispositions of equity securities of the Company or acquisitions of DHI equity securities in connection with this Agreement by each individual who (i) is a director or officer of the Company, or (ii) at the Effective Time, will become a director or officer of DHI, to be exempt under Rule 16b-3 of the Exchange Act. Director Options shall accelerate and become exercisable, and subsequently terminate, upon consummation of the Merger, each as provided in Article III.A of the Company Stock Plans. Holders of shares of Company Common Stock received upon exercise of Director Options shall not have the option to elect any form of Merger Consideration other than the Base Consideration, and such Company Common Stock shall be deemed to be a Non-Election Share and shall be converted into a right to receive the Base Consideration.

2.1.7 *Stock Purchase Plan.* The Company shall take all actions necessary so that (i) no person may participate in the Company's 1998 Stock Purchase Plan (the *Company Stock Purchase Plan*) except for such participants participating in the Company Stock Purchase Plan on September 1, 2001; (ii) no participant in the Company Stock Purchase Plan may change any election or withholding amount made on or before September 1, 2001, except to exercise otherwise available rights to reduce such participant's rate of payroll deduction or terminate such employee's outstanding purchase rights under the

Table of Contents

Company Stock Purchase Plan; (iii) at least ten days prior to the Closing Date, all participants in the Company Stock Purchase Plan shall have received notice of the Merger and the right to terminate their outstanding purchase rights at any time prior to the Closing Date; (iv) all outstanding rights to purchase Company Common Stock pursuant to the Company Stock Purchase Plan shall have been exercised as of the close of business on the date immediately prior to the Closing Date in accordance with the provisions of the Company Stock Purchase Plan (the *Final Exercise*); and (v) the Company Stock Purchase Plan shall terminate immediately prior to the Effective Time. No participant in the Company Stock Purchase Plan shall have the option to elect any form of Merger Consideration with respect to shares of Company Common Stock purchased in the Final Exercise other than the Base Consideration and, at the Effective Time, each Company Share issued upon the Final Exercise shall be deemed to be a Non-Election Share and shall be converted into the right to receive the Base Consideration. DHI shall be entitled to deduct from the cash component of the Merger Consideration to be delivered to the participants of the Company Stock Purchase Plan all applicable withholding taxes attributable to the exercise of such purchase rights.

2.1.8 Adjustment of Base Exchange Ratio. If after the date hereof and prior to the Effective Time there shall have been a change in the DHI Common Stock, by reason of a stock split (including a reverse split) of the DHI Common Stock or a dividend payable in the DHI Common Stock, or any other distribution of securities to holders of the DHI Common Stock with respect to their DHI Common Stock (including without limitation such a distribution made in connection with a recapitalization, reclassification, merger, consolidation, reorganization or similar transaction) or otherwise, then the Base Exchange Ratio, the Stock Value and the dollar amounts set forth in clauses (i) through (v), (ix) and (x) of *Section 2.1.3(a)* shall be appropriately adjusted; provided, however, that the aggregate amount of Merger Consideration shall not be adjusted below the amount provided for in this Article 2.

2.1.9 Dissenting Shares. Notwithstanding *Section 2.1*, shares of Company Common Stock issued and outstanding immediately prior to the Effective Time and held by a holder who is entitled to demand and has properly exercised his or her demand for appraisal rights under, and complies in all respects with, Section 262 of the Delaware Law (the *Dissenting Shares*) shall not be converted into the right to receive Merger Consideration, but the holders of Dissenting Shares shall be entitled to payment of the fair value of such shares in accordance with the provisions of Section 262 of the Delaware Law; provided, however, that if any such holder shall have failed to perfect or otherwise shall effectively waive, withdraw or lose the right to appraisal and payment under the Delaware Law or a court of competent jurisdiction shall determine that such holder is not entitled to the relief provided by Section 262 of the Delaware Law, then the right of such holder to be paid the fair value of such holder's Dissenting Shares under Section 262 of the Delaware Law shall cease to exist and such holder's shares of Company Common Stock shall thereupon be deemed to have been converted as of the Effective Time into the right to receive, without interest, the Merger Consideration receivable by Non-Election Shares, and such shares shall be deemed not to be Dissenting Shares. The Company shall give DHI (i) prompt notice of any notices or demands for appraisal or payment for shares of Company Common Stock received by the Company and (ii) the opportunity to participate and direct all negotiations and proceedings with respect to such notices or demands. The Company shall not, without the prior written consent of DHI, make any payment with respect to, or settle, offer to settle or otherwise negotiate any demands for appraisal or payment for shares of Company Common Stock. The parties acknowledge that the amounts referred to in *Sections 2.1.3(d)* and *(f)* in respect of Dissenting Shares are included for tax planning purposes only and are not intended as a statement as to the value of the Dissenting Shares for the purposes of Section 262 of the Delaware Law.

2.2 Exchange of Certificates.

2.2.1 Exchange Agent. Prior to the mailing of the Proxy Statement, DHI shall enter into an agreement with a bank or trust company designated by DHI (the *Exchange Agent*), providing that DHI shall deposit with the Exchange Agent as of the Effective Time, for the benefit of the holders of the Company Shares, for exchange in accordance with *Sections 2.1.3* and *2.1.4* and this *Section 2.2* through the Exchange Agent, (i) cash in an amount equal to the aggregate amount payable pursuant to *Section 2.1*, (ii) certificates representing the shares of DHI Common Stock issuable pursuant to *Section 2.1* and (iii) cash in an amount equal to the aggregate amount required to be paid in lieu of

fractional interests of DHI Common Stock pursuant to *Section 2.2.5* (such cash and shares of DHI Common Stock, together with any dividends or distributions with respect thereto with a record date after the Effective Time and the cash referred to in clause (iii) of this *Section 2.2.1* being hereinafter referred to as the *Exchange Fund*) in exchange for outstanding Company Shares. Until they are distributed, the shares of DHI Common Stock held by the Exchange Agent shall be deemed to be outstanding, but the Exchange Agent shall not vote such shares or exercise any rights of a stockholder with regard to them.

2.2.2 Exchange Procedures. (a) After the Effective Time, Certificate(s) which immediately prior to the Effective Time represented outstanding Company Shares delivered by each holder of record whose shares were converted into the right to receive the Merger Consideration and who effectively made, or who did not revoke or lose, a Base Election, Cash Election or Stock Election, shall be deemed surrendered, and the holder of record thereof shall be entitled to receive, in exchange for the Certificate(s) delivered with such election, a certificate representing that number of whole shares of DHI Common Stock, if any, and cash, if any, which such Holder has the right to receive pursuant to the provisions of *Sections 2.1* and *2.2*. The Certificate(s) so surrendered shall forthwith be canceled.

(b) As soon as practicable after the Effective Time, the Exchange Agent shall mail to each holder of record of Certificate(s) whose shares were converted into the right to receive the Merger Consideration but who did not effectively make, or who revoked or lost, a Base Election, Cash Election or Stock Election, (i) a letter of transmittal and (ii) instructions for use in effecting the surrender of the Certificate(s) in exchange for the Base Consideration. Upon surrender of such Certificate(s) for cancellation to the Exchange Agent, together with such letter of transmittal, duly executed, and such other documents as may reasonably be required by the Exchange Agent, the holder of such Certificate(s) shall be entitled to receive in exchange therefor a certificate representing that number of whole shares of DHI Common Stock and cash which such holder has the right to receive pursuant to the provisions of *Sections 2.1* and *2.2*, and the Certificate(s) so surrendered shall forthwith be canceled.

(c) If any cash or any certificate representing DHI Shares is to be paid to or issued in a name other than that in which a Certificate surrendered in exchange therefor is registered, a certificate representing the proper number of shares of DHI Common Stock may be issued to a person other than the person in whose name the Certificate so surrendered is registered, if such Certificate shall be properly endorsed or otherwise be in proper form for transfer and the person requesting such payment shall pay to the Exchange Agent any transfer or other Taxes required by reason of the payment of cash or the issuance of shares of DHI Common Stock to a person other than the registered holder of such Certificate or establish to the satisfaction of the Exchange Agent that such Tax has been paid or is not applicable. Until surrendered as contemplated by this *Section 2.2*, each Certificate shall be deemed at any time after the Effective Time to represent only the right to receive upon such surrender the cash, the certificate representing shares of DHI Common Stock or cash in lieu of any fractional shares of DHI Common Stock, as applicable, as contemplated by this *Section 2.2*. No interest will be paid or will accrue on any cash so payable.

2.2.3 Distributions with Respect to Unexchanged Shares. No dividends or other distributions declared or made with respect to DHI Common Stock with a record date after the Effective Time shall be paid to the holder of any unsurrendered Certificate with respect to the DHI Common Stock represented thereby by reason of the conversion of shares of Company Common Stock pursuant to *Section 2.1.3* and no cash shall be paid to any such holder until such Certificate is surrendered or deemed surrendered in accordance with this ARTICLE 2. Subject to the effect of applicable laws, following surrender of any such Certificate, there shall be paid, without interest, to the person in whose name the shares of DHI Common Stock representing such securities are registered (i) at the time of such surrender, the amount of any cash payable to which such holder is entitled pursuant to this *Section 2.2* and (ii) at the appropriate payment date or as promptly as practicable thereafter, the proportionate amount of dividends or other distributions, with (x) a record date with respect thereto after the Effective Time, but prior to such surrender, and (y) a payment date subsequent to such surrender, payable with respect to such shares of DHI Common Stock. If any holder of converted Company Shares shall be unable to surrender such holder's Certificates because such Certificates shall have been lost or destroyed, such holder may deliver in lieu thereof an affidavit and indemnity bond in form and substance and with surety reasonably satisfactory to DHI.

2.2.4 *No Further Ownership Rights in Company Shares.* All shares of DHI Common Stock issued upon the surrender for exchange of Certificates in accordance with the terms of this ARTICLE 2 (including any cash paid pursuant to *Sections 2.2.3*) shall be deemed to have been issued and paid in full satisfaction of all rights pertaining to the Company Shares theretofore represented by such Certificates. If, after the Effective Time, Certificates are presented to the Surviving Corporation or the Exchange Agent for any reason, they shall be canceled and exchanged as provided in this ARTICLE 2, except as otherwise provided by law.

2.2.5 *No Fractional Shares.* No certificates or scrip representing fractional shares of DHI Common Stock shall be issued upon the surrender for exchange of Certificates, and such fractional share interests will not entitle the owner thereof to vote or to any rights of a stockholder of DHI. Notwithstanding any other provision of this Agreement, each holder of Company Shares exchanged pursuant to the Merger who would otherwise have been entitled to receive a fraction of a share of DHI Common Stock (after taking into account all Certificates delivered by such holder) shall receive, in lieu thereof, cash (without interest) in an amount equal to such fractional part of a share of DHI Common Stock multiplied by the per share closing price of DHI Common Stock as reported for NYSE Composite Transactions on the Closing Date. The parties acknowledge that payment of the cash consideration in lieu of issuing fractional shares was not separately bargained for consideration but merely represents a mechanical rounding off for purposes of simplifying the corporate and accounting complexities which would otherwise be caused by the issuance of fractional shares.

2.2.6 *Termination of Exchange Fund.* Any portion of the Exchange Fund which remains undistributed to the holders of the Certificates for six months after the Effective Time shall be delivered to DHI, upon demand, and any holders of the Certificates who have not theretofore complied with this ARTICLE 2 shall thereafter look only to DHI for payment of cash and DHI Common Stock, any cash in lieu of fractional shares of DHI Common Stock and any dividends or distributions with respect to DHI Common Stock, all without interest.

2.2.7 *No Liability.* To the fullest extent permitted by applicable law, none of DHI, the Company or the Exchange Agent shall be liable to any person in respect of any shares of DHI Common Stock (or dividends or distributions with respect thereto) or cash from the Exchange Fund delivered to a public official pursuant to any applicable abandoned property, escheat or similar law. If any Certificates shall not have been surrendered prior to the end of the applicable period after the Effective Time under escheat laws (or immediately prior to such earlier date on which any Merger Consideration or any dividends or distributions with respect to DHI Common Stock in respect of such Certificates would otherwise escheat to or become the property of any governmental entity), any such shares, cash, dividends or distributions in respect of such Certificates shall, to the extent permitted by applicable law, become the property of the Surviving Corporation, free and clear of all claims or interest of any person previously entitled thereto.

2.2.8 *Investment of Exchange Fund.* The Exchange Agent shall invest any cash included in the Exchange Fund on a daily basis as directed by DHI. Any interest and other income resulting from such investments shall be paid to DHI.

2.2.9 *Transfer Taxes.* DHI and the Company shall cooperate in the preparation, execution and filing of all returns, applications or other documents regarding any real property transfer, stamp, recording, documentary or other taxes and any other fees and similar taxes which become payable in connection with the Merger other than transfer or stamp taxes payable in respect of transfers pursuant to *Section 2.2.2(c)* (collectively, *Transfer Taxes*). From and after the Effective Time, DHI shall pay or cause to be paid, without deduction or withholding from any amounts payable to the holders of Company Shares, all Transfer Taxes.

2.2.10 *Return of Merger Consideration.* Any portion of the Merger Consideration made available to the Exchange Agent to pay for Dissenting Shares for which appraisal rights have been perfected shall be returned to DHI promptly on demand.

The Company has delivered to DHI a complete and correct copy of its Certificate of Incorporation and Bylaws as amended to the date hereof. As used in this ARTICLE 3, the term *Company* includes Schuler Residential, Inc. (formerly known as Schuler Homes, Inc.) as to any period prior to the merger of such person into the Company on June 21, 2001, including without limitation the period from April 3, 2001 to June 21, 2001 during which such person was a subsidiary of the Company, but does not include Schuler Residential, Inc. as a separate entity from and after the effective time of such merger, including without limitation the date hereof and the Closing Date.

Except for the Company Subsidiaries, the Company does not, directly or indirectly, own any equity interest in any other corporation, association, partnership, joint venture, business organization or limited liability company or other entity, with respect to which interest the Company or any Company Subsidiary has invested or is required to invest \$100,000 or more, excluding securities in any publicly traded company held for investment and comprising less than five percent of the outstanding voting securities of such company.

Section 3.3.2 of the Company Disclosure Schedule sets forth a true and complete list of all outstanding rights to purchase Company Common Stock, the name of each holder thereof, the number of shares purchasable thereunder and the per share exercise or purchase price of each right. There are no securities of the Company or any Company Subsidiary convertible or exchangeable for shares of capital stock or voting securities of the Company or any Company Subsidiary; and, except as set forth in Section 3.3.2 of the Company Disclosure Schedule, there are no options, warrants or other similar rights, agreements, arrangements or commitments of any character obligating the Company or any Company Subsidiary to issue or sell any shares of capital stock of, or other equity interests in, the Company or any Company Subsidiary, other than pursuant to Section 9.6 of the Reorganization Agreement, which rights will be terminated prior to the Effective Time. There are no obligations, contingent or otherwise, of the Company or any Company Subsidiary to repurchase, redeem or otherwise acquire any shares of Company Common Stock or the capital stock or other equity interest of any Company Subsidiary or to make any investment (in the form of a loan, capital contribution or otherwise) in any Company Subsidiary.

3.4 *Authority Relative to this Agreement; Recommendation.* The Company has all necessary corporate power and authority to execute and deliver this Agreement and to perform its obligations hereunder and to consummate the transactions contemplated hereby. The execution and delivery of this Agreement by the Company and the consummation by the Company of the transactions contemplated hereby have been duly and validly authorized by all necessary corporate action, and no other corporate proceedings on the part of the Company are necessary to authorize this Agreement or to consummate the transactions so contemplated (other than the adoption and approval of this Agreement by the holders of a majority of the outstanding shares of the Class A Common Stock voting as a class, by the holders of a majority of the outstanding shares of the Class B Common Stock voting as a class, and by the holders of a majority of the outstanding shares of the Company Common Stock entitled to vote in accordance with the Delaware Law and the Company's Certificate of Incorporation and Bylaws). This Agreement has been duly and validly executed and delivered by the Company and, assuming the due authorization, execution and delivery by DHI, constitutes a legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms. 3.5 *Company Material Contracts.* The Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2001 and Quarterly Report on Form 10-Q for the period ended June 30, 2001 set forth a list of all agreements to which the Company or any Company Subsidiary is a party or by which any of them is bound which, as of the date hereof: (i) are required to be filed as material contracts with the

3.6 *No Conflict*. The execution and delivery of this Agreement by the Company does not, and the performance of this Agreement by the Company will not, (i) conflict with or violate the Certificate of Incorporation or Bylaws of the Company, (ii) conflict with or violate any law, rule, regulation, order, judgment or decree applicable to the Company or any Company Subsidiary or by which its or any of their respective properties is bound or affected, or (iii) result in any breach of or constitute a default (or an event that with notice or lapse of time or both would become a default) under, or impair the rights of the Company or any Company Subsidiary or alter the rights or obligations of any third party under, or give to others any rights of termination, amendment, acceleration, purchase or cancellation, or result in the creation of a lien or encumbrance on any of the properties or assets of the Company or any Company Subsidiary pursuant to, any note, bond, mortgage, indenture, contract, agreement, lease, license, permit, franchise or other instrument or obligation to which the Company or any Company Subsidiary is a party or by which the Company or any Company Subsidiary or any of their respective properties is bound or affected, except in any such case for any such conflicts, violations, breaches, defaults or other occurrences that would not have a Company Material Adverse Effect.

3.7 *Required Filings and Consents*. The execution and delivery of this Agreement by the Company do not, and the performance of this Agreement by the Company will not, require any consent, approval, authorization or permit of, or filing with or notification to, any governmental or regulatory authority, domestic or foreign, federal, state or local (*Governmental Entity*), except (i) for applicable requirements, if any, of the Securities Act of 1933, as amended (the *Securities Act*), the Exchange Act, state securities laws (*Blue Sky Laws*), any pre-merger notification requirements of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (*HSR Act*), and the filing and recordation of appropriate merger or other documents as required by the Delaware Law, and (ii) where the failure to obtain such consents, approvals, authorizations or permits, or to make such filings or notifications, would not prevent or delay consummation of the Merger, or otherwise prevent or delay the Company from performing its obligations under this Agreement, or would not otherwise have a Company Material Adverse Effect.

3.8 *Compliance*. Neither the Company nor any Company Subsidiary is in conflict with, or in default or violation of, (i) any law, rule, regulation, order, judgment or decree applicable to the Company or any Company Subsidiary or by which its or any of their respective properties is bound or affected or (ii) any note, bond, mortgage, indenture, contract, agreement, lease, license, permit, franchise or other instrument or obligation, except for any such conflicts, defaults or violations which would not individually or in the aggregate have a Company Material Adverse Effect.

3.9 *Permits*. The Company and each Company Subsidiary hold all permits, licenses, easements, variances, exemptions, consents, certificates, orders and approvals from Governmental Entities necessary for the operation of the business of the Company and the Company Subsidiaries as it is now being conducted (collectively, the *Company Permits*), except where the failure to hold such Company Permits would not have a Company Material Adverse Effect. The Company and the Company Subsidiaries are in compliance with the terms of the Company Permits, except where the failure to so comply would not have a Company Material Adverse Effect.

3.10 *SEC Filings*. The Company has filed all forms, reports and documents required to be filed by it with the SEC. The Company SEC Reports (i) were prepared in all material respects in accordance with the requirements of the Securities Act or the Exchange Act, as the case may be, and (ii) did not at the time they were filed (or if amended or superseded by a filing prior to the date of this Agreement, then on the date of such filing) contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. None of the Company Subsidiaries is required to file any forms, reports or other documents with the SEC.

3.11 *Financial Statements.* Each of the consolidated financial statements (including, in each case, any related notes thereto) contained in the Company SEC Reports was prepared in accordance with generally accepted accounting principles applied on a consistent basis throughout the periods involved (except as may be indicated in the notes thereto), and each fairly presents in all material respects the consolidated financial position of the Company and its consolidated subsidiaries as at the respective dates thereof and the consolidated statements of income and cash flows for the periods indicated, except that the unaudited interim financial statements were or are subject to normal and recurring year-end adjustments. The Board of Directors of DHI has, at a meeting duly called and held at which all directors of the Company were present, duly and unanimously adopted resolutions (i) approving and declaring the advisability of this Agreement and the Merger in accordance with the Delaware Law and the Company's certificate of incorporation and by-laws, (ii) determining that this Agreement and the Merger are in the best interests of the stockholders of the Company, and (iii) recommending that the stockholders of DHI adopt and approve this Agreement; which resolutions have not been subsequently rescinded, modified or withdrawn in any way.

4.5 *No Conflict.* The execution and delivery of this Agreement by DHI does not, and the performance of this Agreement by DHI will not, (i) conflict with or violate the Amended and Restated Certificate of Incorporation or Bylaws of DHI, (ii) conflict with or violate any law, rule, regulation, order, judgment or decree applicable to DHI or any DHI Subsidiary or by which its or any of their respective properties is bound or affected, or (iii) result in any breach of or constitute a default (or an event that with notice or lapse of time or both would become a default) under, or impair the rights of DHI or any DHI Subsidiary or alter the rights or obligations of any third party under, or give to others any rights of termination, amendment, acceleration, purchase or cancellation of, or result in the creation of a lien or encumbrance on any of the properties or assets of DHI or any DHI Subsidiary pursuant to, any note, bond, mortgage, indenture, contract, agreement, lease, license, permit, franchise or other instrument required to be filed as a material contract with the SEC pursuant to the requirements of the Exchange Act to which DHI or any DHI Subsidiary is a party or by which DHI or any DHI Subsidiary or any of their respective properties is bound or affected, except in any such case for any such conflicts, violations, breaches, defaults or other occurrences that would not have a DHI Material Adverse Effect.

4.6 *Required Filings and Consents.* The execution and delivery of this Agreement by DHI do not, and the performance of this Agreement by DHI will not, require any consent, approval, authorization or permit of, or filing with or notification to, any governmental or regulatory authority, domestic or foreign, except (i) for applicable requirements, if any, of the Securities Act, the Exchange Act, Blue Sky Laws, any pre-merger notification requirements of the HSR Act, and the filing and recordation of appropriate merger or other documents as required by the Delaware Law, and (ii) where the failure to obtain such consents, approvals, authorizations or permits, or to make such filings or notifications, would not prevent or delay consummation of the Merger, or otherwise prevent or delay DHI from performing its obligations under this Agreement, or would not otherwise have a DHI Material Adverse Effect.

4.7 *Compliance.* Neither DHI nor any DHI Subsidiary is in conflict with, or in default or violation of, (i) any law, rule, regulation, order, judgment or decree applicable to DHI or any DHI Subsidiary or by which its or any of their respective properties is bound or affected or (ii) any note, bond, mortgage, indenture, contract, agreement, lease, license, permit, franchise or other instrument or obligation, except in each case for any such conflicts, defaults or violations which would not individually or in the aggregate have a DHI Material Adverse Effect.

4.8 *Permits.* DHI and each DHI Subsidiary hold all permits, licenses, easements, variances, exemptions, consents, certificates, orders and approvals from Governmental Entities necessary for the operation of the business of DHI and the DHI Subsidiaries as it is now being conducted (collectively, the *DHI Permits*), except where the failure to hold such DHI Permits would not have a DHI Material Adverse Effect. The DHI SEC Reports (i) were prepared in all material respects in accordance with the requirements of the Securities Act or the Exchange Act, as the case may be, and (ii) did not at the time they were filed (or if amended or superseded by a filing prior to the date of this Agreement, then on the date of such filing) contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. None of the DHI Subsidiaries is required to file any forms, reports or other documents with the SEC.

4.10 *Financial Statements.* Each of the consolidated financial statements (including, in each case, any related notes thereto) contained in the DHI SEC Reports was prepared in accordance with generally accepted accounting principles applied on a consistent basis throughout the periods involved (except as may be indicated in the notes thereto), and each fairly presents in all material respects the consolidated financial position of DHI and its consolidated subsidiaries as at the respective dates thereof and the consolidated statements of income and cash flows for the periods indicated, except that the unaudited interim financial statements were or are subject to normal and recurring year-end adjustments. 4.12 *No Undisclosed Liabilities.* Neither DHI nor any DHI Subsidiary has any liabilities (absolute, accrued, contingent or otherwise), except liabilities (a) in the aggregate adequately provided for in DHI's unaudited balance sheet (including any related notes thereto) as of June 30, 2001 (the *2001 DHI Balance Sheet*), (b) incurred in the ordinary course of business before the date of the 2001 DHI Balance Sheet and not required under generally accepted accounting principles to be reflected on the 2001 DHI Balance Sheet, (c) disclosed in the DHI SEC Reports, or (d) incurred since June 30, 2001, that would not, individually or in the aggregate, have a DHI Material Adverse Effect.

ANNEX II

October 22, 2001

The Board of Directors

Schuler Homes, Inc.
400 Continental Boulevard
Suite 100
El Segundo, CA 90245

Dear Members of the Board:

We understand that Schuler Homes, Inc., a Delaware corporation (the "Company"), is considering a transaction whereby the Company will merge with and into D.R. Horton, Inc., a Delaware corporation ("DHI") (the "Transaction") pursuant to the terms of the Agreement and Plan of Merger, dated as of October 22, 2001 (the "Merger Agreement"). Pursuant to the terms of the Merger Agreement, all of the issued and outstanding Class A shares of the common stock of the Company, par value of \$0.001 per share and all of the issued and outstanding Class B shares of the common stock of the Company, par value of \$0.001 per share (collectively, the "Company Common Stock"), will be converted into the right to receive for each share of Company Common Stock the sum of (x) \$4.09 in cash (the "Cash Consideration") and (y) .570 of a share of DHI common stock, par value \$0.01 per share (the "DHI Common Stock"), calculated as of the date hereof pursuant to the Merger Agreement (the "Stock Consideration" and, together with the Cash Consideration, the "Consideration"). Notwithstanding the foregoing, each holder of Company Common Stock may elect to receive, subject to the limitations of the Merger Agreement, the Consideration paid 100% in cash or 100% in shares of DHI Common Stock. The terms and conditions of the Transaction are more fully set forth in the Merger Agreement. The Stock Consideration is subject to adjustment pursuant to a formula set forth in the Merger Agreement.

You have requested our opinion as to the fairness, from a financial point of view, of the Consideration to be received by the holders of the Company Common Stock pursuant to the Transaction.

UBS Warburg LLC ("UBS Warburg") has acted as financial advisor to the Board of Directors of the Company in connection with the Transaction and will receive a fee upon the consummation thereof. UBS Warburg will also receive a fee upon delivery of this opinion. In the past, UBS Warburg and its predecessors have provided investment banking services to the Company and DHI and received customary compensation for the rendering of such services. In the ordinary course of business, UBS Warburg, its successors and affiliates may trade securities of the Company or DHI for their own accounts and, accordingly, may at any time hold a long or short position in such securities.

Our opinion does not address the Company's underlying business decision to effect the Transaction or constitute a recommendation to any stockholder of the Company as to how such stockholder should vote with respect to the Transaction. At your request, we have contacted third parties to solicit indications of interest in a possible transaction with the Company and held discussions with certain of these parties prior to the date hereof. At your direction, we have not been asked to, nor do we, offer any opinion as to the material terms of the Merger Agreement or the form of the Transaction. In rendering this opinion, we have assumed, with your consent, that the final executed form of the Merger Agreement does not differ in any material respect from the draft that we have examined, and that DHI and the Company will comply with all the material terms of the Merger Agreement. We express no opinion as to what the value of DHI Common Stock will be when issued pursuant to the Transaction or the price at which DHI Common Stock will trade or otherwise be transferable at or subsequent to the Transaction.

In arriving at our opinion, we have, among other things: (i) reviewed certain publicly available business and historical financial information relating to the Company and DHI, (ii) reviewed certain

internal financial information and other data relating to the business and financial prospects of the Company, including estimates and financial forecasts prepared by management of the Company, that were provided to us by the Company and not publicly available, (iii) reviewed certain internal financial information and other data relating to the business and financial prospects of DHI, including estimates and financial forecasts prepared by the management of the Company and DHI and not publicly available, (iv) conducted discussions with members of the senior management of the Company and DHI; (v) reviewed publicly available financial and stock market data with respect to certain other companies in lines of business we believe to be generally comparable to those of DHI and the Company, (vi) compared the financial terms of the Transaction with the publicly available financial terms of certain other transactions which we believe to be generally relevant, (vii) considered certain pro forma effects of the Transaction on DHI's financial statements prepared by the Company and DHI managements, (viii) reviewed drafts of the Merger Agreement, and (ix) conducted such other financial studies, analyses, and investigations, and considered such other information as we deemed necessary or appropriate.

In connection with our review, at your direction, we have not assumed any responsibility for independent verification for any of the information reviewed by us for the purpose of this opinion and have, with your consent, relied on its being complete and accurate in all material respects. In addition, at your direction, we have not made any independent evaluation or appraisal of any of the assets or liabilities (contingent or otherwise) of the Company or DHI, nor have we been furnished with any such evaluation or appraisal. With respect to the financial forecasts and estimates, we have assumed, at your direction, that they have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of each company as to the future performance of their respective companies. We have also assumed, with your consent, that the Transaction will qualify as a tax-free reorganization for U.S. federal income tax purposes. We have also assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transaction will be obtained without any material adverse effect on the Company and/or DHI and the Transaction. Our opinion is necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to us as of, the date hereof.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Consideration to be received by the holders of the Company Common Stock in the Transaction is fair, from a financial point of view.

Very truly yours,

UBS WARBURG LLC

You have requested our opinion as to the fairness from a financial point of view to D.R. Horton, Inc. (the Purchaser) of the consideration proposed to be paid by the Purchaser provided for in connection with the proposed merger (the Merger) of Schuler Homes, Inc. (the Company) with the Purchaser. Pursuant to the terms of the Agreement and Plan of Merger, dated as of October 22, 2001, (the Agreement), between the Company and the Purchaser, the Company will be merged into Purchaser, and stockholders of the Company will receive for each share of Class A common stock of the Company and Class B common stock of the Company (together, the Company Common Stock), held by them, other than shares held in treasury of the Company and any share of the Company held by the Purchaser or any direct or indirect subsidiary of the Company or the Purchaser or any share of the Company held by a holder who has properly exercised his or her rights under Section 262 of the Delaware General Corporation Law, consideration equal to an amount calculated pursuant to a formula contained in the Agreement. (xi) reviewed the Agreement and certain related documents; and

(xii) performed such other analyses and considered such other factors as we have deemed appropriate.

We have assumed and relied upon, without independent verification, the accuracy and completeness of the financial and other information reviewed by us for the purposes of this opinion. With respect to the financial forecasts, including information relating to certain strategic, financial and operational benefits anticipated from the Merger, we have assumed that they have been reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the future financial performance of the Company and the Purchaser. We have not made any independent valuation or appraisal of the assets or liabilities of the Company, nor have we been furnished with any such appraisals.

You have informed us, and we have assumed, that the Merger will be treated as a tax-free reorganization and/or exchange, each pursuant to the Internal Revenue Code of 1986, as amended. We express no opinion as to whether any alternative transaction might be more favorable to the Purchaser.

We have acted as financial advisor to the Board of Directors of the Purchaser in connection with the Merger and will receive a fee for our services, including fees, which are contingent upon the consummation of the Merger and rendering this opinion. In the past, Banc of America Securities LLC or its affiliates have provided financial advisory and financing services for the Purchaser and the Company and have received fees for the rendering of these services. We have advised you that BAS and its affiliates are engaged in a broad range of securities activities and financial services. Bank of America, N.A. is lead agent on the Company's unsecured revolving credit facility. Bank of America, N.A. is lead agent on the Purchaser's unsecured revolving credit facility. Bank of America, N.A. may provide additional credit to the Purchaser to consummate the Merger. In the ordinary course of our businesses, we and our affiliates may actively trade the debt and equity securities of the Company and the Purchaser for our own account or for the accounts of customers, and, accordingly, we or our affiliates may at any time hold long or short positions in such securities.

It is understood that this letter is for the benefit and use of the Board of Directors of the Purchaser in connection with and for the purposes of its evaluation of the Merger. This opinion may not be disclosed, referred to, or communicated (in whole or in part) to any third party for any purpose whatsoever except with our prior written consent in each instance. However, this opinion may be included in its entirety in any filing made by the Purchaser in respect of the Merger with the Securities and Exchange Commission, so long as this opinion is reproduced in such filing in full and any description of or reference to us or summary of this opinion and the related analysis in such filing is in a form acceptable to us and our counsel. In furnishing this opinion, we do not admit that we are experts within the meaning of the term "experts" as used in the Securities Act of 1933, as amended (the "Securities Act") and the rules and regulations promulgated thereunder, nor do we admit that this opinion constitutes a report or valuation within the meaning of Section 11 of the Securities Act. Our opinion is necessarily based on economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. It should be understood that subsequent developments may affect this opinion and we do not have any obligation to update, revise or reaffirm this opinion. This opinion does not in any manner address the prices at which the Purchaser Common Stock will trade following consummation of the Merger. In addition, BAS expresses no opinion or recommendation as to how the stockholders of the Purchaser and the Company should vote at the stockholders' meetings held in connection with the Merger.

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in subsection (f) of §251 of this title.

(2) Notwithstanding paragraph (1) of this subsection, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§251, 252, 254, 257, 258, 263 and 264 of this title to accept for such stock anything except:

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a. and b. of this paragraph; or

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a., b. and c. of this paragraph.

Table of Contents

If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for such meeting with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) hereof that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to §228 or §253 of this title, then, either a constituent corporation before the effective date of the merger or consolidation, or the surviving or resulting corporation within ten days thereafter, shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) hereof and who is

otherwise entitled to appraisal rights, may file a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) hereof, whichever is later.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After determining the stockholders entitled to an appraisal, the Court shall appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. In determining the fair rate of interest, the Court may consider all relevant factors, including the rate of interest which the surviving or resulting corporation would have had to pay to borrow money during the pendency of the proceeding. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, permit discovery or other pretrial proceedings and may proceed to trial upon the appraisal prior to the final determination of the stockholder entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Interest may be simple or compound, as the Court may direct. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be

enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. *Indemnification of Directors and Officers*

The registrant's certificate of incorporation provides that the registrant shall, to the full extent permitted by the Delaware General Corporation Law or other applicable laws presently or hereafter in effect, indemnify each person who is or was or had agreed to become a director or officer of the registrant, or each such person who is or was serving or who had agreed to serve at the written request of the board of directors or an officer of the registrant as an employee or agent of the registrant or as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, in any such case owned or controlled by the registrant, including the heirs, executors, administrators or estate of such person, and eliminates the personal liability of its directors to the full extent permitted by the Delaware General Corporation Law or other applicable laws presently or hereafter in effect. The registrant has entered into an indemnification agreement with each of its directors and executive officers.

Section 145 of the Delaware General Corporation Law permits a corporation to indemnify its directors and officers against expenses (including attorney's fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by them in connection with any action, suit or proceeding brought by third parties, if such directors or officers acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. In a derivative action, i.e., one by or in the right of the corporation, indemnification may be made only for expenses actually and reasonably incurred by directors and officers in connection with the defense or settlement of an action or suit, and only with respect to a matter as to which they shall have acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made if such person shall have been adjudged liable for negligence or misconduct in the performance of his respective duties to the corporation, although the court in which the action or suit was brought may determine upon application that the defendant officers or directors are fairly and reasonably entitled to indemnity for such expenses despite such adjudication of liability.

Section 102(b)(7) of the Delaware General Corporation Law provides that a corporation may eliminate or limit the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provisions shall not eliminate or limit the liability of a director (1) for any breach of the director's duty of loyalty to the corporation or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) under section 174 of the Delaware General Corporation Law, or (4) for any transaction from which the director derived an improper personal benefit. No such provision shall eliminate or limit the liability of a director for any act or omission occurring before the date when such provision becomes effective.

The registrant also has obtained directors and officers liability insurance that provides insurance coverage for certain liabilities which may be incurred by the registrant's directors and officers in their capacity as such.

Item 22. *Undertakings*

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective Registration Statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes:

(1) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(2) That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering

Table of Contents

prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.

(3) That every prospectus (i) that is filed pursuant to paragraph (2) immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail to other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(d) The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

(e) Insofar as indemnification for liabilities under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions discussed in Item 20 above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
