METRIS COMPANIES INC. PROXY STATEMENT

ATTENDANCE AND VOTING MATTERS

Why Did You Send Me This Proxy Statement?

We sent you this Proxy Statement and the enclosed Proxy card because the Board of Directors (Board) of Metris Companies Inc. (we, us, our, Metris or Company) is soliciting your proxy to vote at the Company s 2004 Annual Meeting of Stockholders (Annual Meeting). This Proxy Statement summarizes information concerning the director nominees and certain other proposals, and provides you with information concerning the Company s performance and the compensation of our executive officers and directors. This information will help you to make an informed vote at the Annual Meeting.

We began mailing this Proxy Statement, the attached Notice of Annual Meeting and the enclosed Proxy card on or about July 30, 2004.

Who is Entitled to Vote?

Holders of our Common Stock. Stockholders of record of the Company s common stock, par value \$.01 (Common Stock), at the close of business on July 19, 2004 (Record Date), are entitled to vote at the Annual Meeting. A holder of Common Stock is entitled to one vote for each share of Common Stock held on the Record Date for each of the proposals set forth herein, except for electing to the Board nominees to represent the holders of our Series C Perpetual Convertible Preferred Stock, as discussed below, in which case the holders of Common Stock have no right to vote. There is no cumulative voting.

Holders of our Series C Perpetual Convertible Preferred Stock. The holders of our Series C Perpetual Convertible Preferred Stock (Series C Preferred Stock) are entitled to vote on all matters voted on by holders of our Common Stock, voting as a single class with the common stockholders, except for the election of directors. With respect to a vote on any matter other than the election of directors, each share of Series C Preferred Stock entitles its holder to cast the same number of votes he or she would have been able to cast if the share of Series C Preferred Stock was converted into Common Stock on the Record Date. One share of Series C Preferred Stock is convertible into 30 shares of Common Stock, plus a premium amount designed to guarantee a portion of seven years worth of dividends at a 9% annual rate. For conversions in 2004, the premium amount would be equal to 100% of those dividends.

Affiliates of Thomas H. Lee Partners, L.P. and its predecessor, Thomas H. Lee Company, hold most of the outstanding shares of our Series C Preferred Stock. So long as they or their affiliates own at least 25% of the originally issued Series C Preferred Stock (or any shares of Common Stock issued upon conversion thereof), the holders of a majority of the shares of Series C Preferred Stock are entitled to elect four out of eleven directors of the Board. So long as the holders of our Series C Preferred Stock are entitled to elect four directors and the Thomas H. Lee Equity Fund IV, L.P. owns any shares of the Series C Preferred Stock (or any shares of Common Stock issued upon conversion thereof), it will have the right to appoint one of the four directors. So long as Thomas H. Lee Equity Fund IV, L.P. and its affiliates own at least 10% but less than 25% of the originally issued Series C Preferred Stock (or any shares of Common Stock issued upon conversion thereof), the holders of a majority of the shares of Series C Preferred Stock are entitled to elect one director.

On the Record Date the total shares outstanding were:

57,957,291 shares of Common Stock, and

1,321,204 shares of Series C Preferred Stock.

The Series C Preferred Stock is fully convertible into Common Stock. This means that, as of the Record Date, our stockholders holding Series C Preferred Stock would receive 45,053,541 shares, or approximately

Table of Contents

43.7%, of our Common Stock on a diluted basis upon conversion of their Series C Preferred Stock. Previously, a portion of the Series C Preferred Stock would have been converted into non-voting Series D Preferred Stock in order to limit the percentage ownership of our outstanding voting stock by a single stockholder or group of stockholders to less than 35%. However, this provision was in effect only for so long as any of our 10% Senior Notes due 2004 were outstanding. The 10% Senior Notes were repaid in June 2004.

A list of stockholders entitled to vote at the Annual Meeting will be available at the Annual Meeting, and for 10 days prior to the Annual Meeting, at our corporate headquarters during normal business hours.

How Do I Vote?

Stockholders of record. If you are a stockholder of record, you can vote on matters to come before the Annual Meeting in one of three ways:

by personally attending the Annual Meeting and casting your vote there;

by marking, signing, dating and promptly returning the enclosed Proxy card by mail; or

on the Internet at www.proxyvote.com.

The Board has selected David D. Wesselink and Richard G. Evans, the persons named on the Proxy card accompanying this Proxy Statement, to serve as proxies for the Annual Meeting. Messrs. Wesselink and Evans are officers of the Company.

Employees in the Metris Companies Inc. Employee Stock Purchase Plan. If you hold shares of Common Stock under the *Metris Companies Inc. Employee Stock Purchase Plan*, you can vote those shares in any of the ways described above.

Employees in the Metris Retirement Plan 401(k). If you hold shares of Common Stock in the *Metris Retirement Plan 401(k)* (401(k) Plan), an employee benefit plan of the Company, you may direct Scudder Trust Company, the trustee for the 401(k) Plan, to vote those shares in the ways described above except in person at the Annual Meeting. You should vote by September 8, 2004. ADP Investor Communication Services will calculate the votes returned by all holders in the 401(k) Plan and notify the trustee. The trustee will act in accordance with your instructions for voting your shares of Common Stock held in your 401(k) account. If your voting instructions for your 401(k) account are not received by September 8, 2004, the trustee will vote your shares in its absolute discretion.

Beneficial stockholders. If your shares are held in the name of a bank, broker or other holder of record, follow the voting instructions you receive from the holder of record to vote your shares. Telephone and Internet voting are available to stockholders owning stock through most major banks and brokers.

**If you vote by telephone or the Internet, you do not
need to return your Proxy card.**

May I Revoke My Proxy?

If you give a proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in any one of three ways:

you may send in another Proxy card with a later date;

you may notify the Company's Secretary in writing at 10900 Wayzata Boulevard, Minnetonka, Minnesota 55305-1534; or

you may vote in person at the Annual Meeting.

If you choose to revoke your proxy by attending the Annual Meeting, you must vote at the meeting in accordance with the rules for voting at the Annual Meeting. Attending the Annual Meeting will not, by itself, constitute revocation of a proxy.

Table of Contents

Must a Minimum Number of Stockholders Vote or be Present at the Annual Meeting?

A quorum of stockholders is necessary to hold a valid meeting. Our Amended and Restated Bylaws (Bylaws) state that the presence, in person or by proxy, of holders of one-third of the shares entitled to vote shall constitute a quorum. Under Delaware law, if a stockholder abstains from voting as to any particular matter, then the shares held by that stockholder shall be deemed present at the Annual Meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to the matter.

The Inspectors of Election also will treat broker non-votes as shares that are present and entitled to vote for purposes of determining a quorum. Broker non-votes occur when a broker holding stock in street name votes shares on some matters but not others. As to matters for which the broker lacks discretionary authority, the shares will be treated as not present and not entitled to vote, even if included for purposes of determining a quorum.

If the number of shares present at the Annual Meeting is insufficient to constitute a quorum, the Annual Meeting may be adjourned to a later date by the vote of a majority of shares present. No notice, other than as given at the Annual Meeting itself, is required with respect to the time and place for reconvening the Annual Meeting.

What Vote is Required to Approve Each Proposal?

The affirmative vote of a majority of the shares of our Common Stock represented at the meeting is required to elect Leo R. Breitman, John A. Cleary, Jerome J. Jenko, Donald J. Sanders, Edward B. Speno, Frank D. Trestman and David D. Wesselink as directors, and the affirmative vote of a majority of the shares of our Series C Preferred Stock is required to elect C. Hunter Boll, Thomas M. Hagerty, David V. Harkins and Thomas H. Lee as directors (*see* Proposal One at page 31 of this Proxy Statement).

Approval of Proposals Two and Three require the affirmative vote of a majority of all shares of our Common Stock and our Series C Preferred Stock represented at the meeting. The Series C Preferred Stock votes on an as-converted basis and in a single class with the Common Stock.

What Are the Costs of Soliciting Proxies?

We will pay all costs of soliciting proxies. In addition to mailing proxy solicitation materials, we also may solicit proxies by telephone, facsimile, e-mail or otherwise. We also ask banks, brokers and other institutions, nominees and fiduciaries to forward proxy solicitation materials to the beneficial owners or principals and to obtain authority to execute Proxy cards. We will reimburse them for their expenses. Officers and other regular employees of the Company, who will receive no extra compensation for their services, may solicit proxies in person or by telephone, facsimile or e-mail.

What Matters May be Raised at the Annual Meeting?

The Board is aware of three items for action at the Annual Meeting:

1. the election of eleven directors, including seven directors to be elected by the Company's common stockholders and four directors to be elected by the Company's preferred stockholders;
2. the approval of the *Metris Companies Inc. Annual Incentive Bonus Plan for Designated Corporate Officers*; and
3. the ratification of KPMG LLP (KPMG) as independent auditor for the Company for the fiscal year ending December 31, 2004.

For the Annual Meeting, our Bylaws required that stockholders submit in writing any nomination for director or any other item of business not less than 45 days prior to the date one year after the date on which we first mailed last year's Proxy Statement, or March 15, 2004. No stockholder has made a nomination or submitted an item of business.

Table of Contents

Under the proxy rules promulgated by the Securities and Exchange Commission (SEC), a proxy may confer discretionary authority to vote on any matter for which we did not provide specific notice in accordance with the notice provisions in our Bylaws. Therefore, if any other matter is presented at the Annual Meeting and you have signed and returned a Proxy card, the holder of your proxy will vote upon that matter in his discretion.

In addition, under the rules of the SEC, the holders of your proxy may also vote in their discretion with respect to matters incident to the conduct of the Annual Meeting or, in the case of a nominee for election as director who is unable to serve, for a substitute nominee.

What if I Want to Obtain Further Information on Matters Reported in the Company's Form 10-K/A?

We sent copies of our Annual Report on Form 10-K/A for the year ended December 31, 2003 (2003 Form 10-K/A), to stockholders on June 9, 2004. If two or more stockholders share an address, we only delivered one copy of this Proxy Statement and the Form 10-K/A unless we received contrary instructions from one or more of the stockholders. Other stockholders who have actively consented received copies of both documents electronically. If you need a copy of our Proxy Statement or 2003 Form 10-K/A, we will send one to you without charge. Please submit your request to:

CORPORATE GOVERNANCE

How Do We Manage Our Company?

Under Delaware law, the ultimate decision-making body of the Company is the Board of Directors. The Board decides all of our major questions and selects management to manage our day-to-day operations. To meet its obligations, the Board meets at least quarterly. When circumstances arise requiring the decision of the Board prior to the next regularly scheduled meeting, the Board may hold a special meeting to discuss such matters. In addition, during 2003, Board members met periodically on an *ad hoc* basis to discuss current issues facing the Company. The Board may also render decisions through Unanimous Written Consents.

Each member of the Company's Board serves for a term that expires at the annual meeting held in the year following their election. Four of the current directors of the Company will stand for election by the common stockholders at this year's Annual Meeting (*see* Proposal One at page 31 of this Proxy Statement). Lee R. Anderson, Sr. and Walter M. Hoff have decided not to stand for re-election due to personal and business time constraints.

As part of the Board's duties, it oversees the corporate governance of the Company for the purpose of creating long-term value for our stockholders and safeguarding its commitment to our other stakeholders (*e.g.*, employees, customers, suppliers and creditors). To accomplish this purpose, the Board considers the interests of the Company's stockholders and stakeholders when, together with management, it sets the strategies and objectives of the Company.

The Company encourages, but does not require, attendance by directors at annual meetings of stockholders. At last year's annual meeting, nine out of eleven directors were present.

Table of Contents

Does the Board have a Lead Director?

In February 2003, the Board elected Frank D. Trestman to serve as its Lead Director. The Lead Director is authorized to convene an executive session of non-management directors at any meeting of the Board and to preside over that portion of the meeting. The Lead Director is also authorized to appoint an alternative Lead Director for any meeting of the Board which he is unable to attend, or to preside over any portion of an executive session of non-management directors which requires the expertise of another director. In order to promote open discussion among non-management directors, the Company will schedule regular executive sessions in which those directors meet without management participation.

How Often Did Our Directors Meet?

During 2003, the Board held four regular quarterly meetings and seventeen special meetings. In addition to meetings of the Board, the directors attended meetings of the various standing committees of the Board. From time to time, management also informally sought counsel and advice from members of the Board on an *ad hoc* basis. Overall director attendance at Board and standing committee meetings during 2003 was 89%.

In 2003, C. Hunter Boll, one of four Board members elected by the holders of our Series C Preferred Stock, had overall Board attendance of less than 75%. Mr. Boll had a 43% attendance rate as he was unable to attend twelve out of twenty-one Board meetings due to schedule conflicts.

How Can I Communicate with the Board?

Stockholders and interested parties desiring to communicate with the Board, an individual director, including the Lead Director, or with the non-management directors as a group, may do so by sending written communications to the Board or director in care of the Secretary of the Company at 10900 Wayzata Boulevard, Minnetonka, Minnesota 55305-1534. The Secretary will submit all such communications to the Board or individual director, as the case may be, in a timely manner.

What Committees has the Board Established?

Our Bylaws authorize the full Board to create committees to assist in the management of the Company. The Board has four standing committees.

The Audit Committee, comprised of three independent members of the Board, oversees and reviews the Company's financial and accounting practices. The Audit Committee also reviews and discusses financial information with management before the public release of quarterly earnings information, meets with KPMG and PricewaterhouseCoopers LLP (our internal auditor) and selects the independent auditor. In addition, the Audit Committee reviews and pre-approves all audit and non-audit services performed by the Company's independent auditor, other than as may be allowed by applicable law. The Committee delegated to Frank D. Trestman, Chairman of the Audit Committee, the authority to grant any pre-approvals required to be made by the Committee pursuant to Section 10A(i) of the Securities Exchange Act of 1934, as amended, and directed Mr. Trestman to report any such pre-approvals to the Audit Committee at each of its scheduled meetings. The Audit Committee also has established internal complaint procedures for the receipt, retention and treatment of complaints or concerns relating to accounting, internal control and auditing matters and the confidential, anonymous submission by Company employees of concerns regarding questionable accounting or auditing matters.

The Audit Committee met at four regular meetings and eight special meetings during 2003. At each regular meeting, it received reports from management and our independent auditor concerning the Company's accounting and reporting practices and fiscal soundness. The Committee also reviewed reports regarding complaints received through the Company's employee hotline. All members of the Audit Committee are independent for purposes of the New York Stock Exchange (NYSE) listing standards. As a result of new rules promulgated by the NYSE, the Audit Committee adopted the Amended and

Table of Contents

Restated Audit Committee Charter, which is attached to this Proxy Statement as Appendix A; that Charter also is available on the Company's website at www.metriscpanies.com.

The Compensation Committee, which during 2003 was comprised of three members of the Board, determines the compensation awarded to directors and officers, subject to ratification by the full Board for compensation and benefits granted to our Chairman and Chief Executive Officer (CEO). The Compensation Committee approves, adopts and administers our compensation plans and administers and grants stock options and performance-based restricted stock units under the Company's stock option plan for employees. During 2003, the Compensation Committee met at four regular and three special meetings. All members of the Compensation Committee are independent for purposes of the NYSE listing standards. As a result of new rules promulgated by the NYSE, the Compensation Committee adopted the Amended and Restated Compensation Committee Charter, which is attached to this Proxy Statement as Appendix B; that Charter also is available on the Company's website at www.metriscpanies.com.

On December 31, 2003, Thomas M. Hagerty resigned as a member of the Compensation Committee due to his level of ownership in Thomas H. Lee Equity Fund IV, L.P., an entity to which the Company paid a commitment fee in 2003 (see **Do Any Directors Have Relationships With Entities Doing Business With the Company?** at page 9 of this Proxy Statement for additional information). Had he not resigned, effective January 1, 2004, Mr. Hagerty would not have been considered an outside director pursuant to Internal Revenue Code §162(m) for purposes of voting on compensation plans of the Company.

The Executive Committee, comprised of three members of the Board, is authorized to exercise the full power of the Board in the management and conduct of business affairs during interim periods between meetings of the Board. The Executive Committee met eleven times during 2003.

The Nominating/ Corporate Governance Committee is comprised of three members of the Board. Among other things, the Nominating/ Corporate Governance Committee is authorized to identify, select and recommend for consideration by the Board candidates for election as directors of the Company, and assist the Board in fulfilling its corporate governance and oversight responsibilities. This Committee also will review and respond to director nominations or recommendations submitted by stockholders of the Company. A stockholder of the Company that desires or elects to make such a nomination or recommendation must submit a notice to the Secretary of the Company within the time frame described (see **What Matters May be Raised at the Annual Meeting?** at page 3 of this Proxy Statement for additional information). The notice must set forth: (i) the name, age, business and residence addresses of the nominee; (ii) the principal occupation or employment of the nominee; (iii) the class and number of shares of stock of the Company beneficially owned by the nominee; (iv) any other information relating to the nominee that would be required to be disclosed in solicitations or proxies for the election of such nominee; (v) the name and address of the stockholder submitting the nomination or recommendation; and (vi) the class and number of shares of stock of the Company beneficially owned by the stockholder submitting the nomination or recommendation. The Company did not receive any director nominations or recommendations from stockholders for consideration at this Annual Meeting. The Nominating/ Corporate Governance Committee will evaluate all potential candidates consistent with the Board's criteria for selecting new directors, which is described below.

The Nominating/ Corporate Governance Committee will select nominees for director on the basis of outstanding achievement in their personal careers and their leadership in the companies or institutions with which they are or were affiliated. In addition, nominees for director also should have broad business experience; exhibit practical wisdom; possess the highest personal and professional ethics, integrity and values; have the ability to make independent, analytical inquiries and constructively challenge management through their active participation; possess a willingness to devote adequate time to Board duties; and be committed to promoting the long-term interests of the Company's stockholders. The Board believes that each director should have a basic understanding of (i) the principal operational and financial objectives, plans and strategies of the Company; (ii) the results of operations and financial condition of the Company and any of its significant subsidiaries or business segments; and (iii) the relative standing of the Company

Table of Contents

and its business segments in relation to its competitors. The Board is committed to diversified membership and will not discriminate on the basis of race, color, religion, gender, age, national origin, disability, marital status, pregnancy, sexual orientation, or any other status or condition protected by local, state or federal law in selecting nominees.

The Nominating/ Corporate Governance Committee identifies potential nominees through solicitation of nominations from members of the Board, senior officers of the Company, and other parties. In addition, as noted above, the Committee will review and respond to director nominations submitted by stockholders of the Company. Once potential nominees are identified, an intensive interview process is conducted, which the Chair of this Committee organizes. In addition, the Company's Human Resources Department conducts a background check and validation of a nominee's resume and *vitae*. Upon compilation of all documentation, the Nominating/ Corporate Governance Committee meets to discuss and vote on recommending director nominees to the full Board. The full Board is responsible for selecting nominees as directors and recommending them for election by the Company's stockholders. The Committee does not currently use any third-party services to assist in the identification or evaluation of candidates for the Board. However, it may consider engaging a third party to provide such services in the future, if appropriate.

The Nominating/ Corporate Governance Committee recommended, and the Board approved, a revised *Code of Conduct and Business Ethics* that is applicable to all employees and directors of the Company, and a separate *Code of Conduct and Business Ethics for Senior Financial Management*. Both Codes are available on the Company's website at www.metriscpanies.com. Any amendments to or waivers of our *Code of Conduct and Business Ethics* will be promptly disclosed on the Company's website.

The Nominating/ Corporate Governance Committee met four times during 2003. Currently, only one member of the Committee is independent for purposes of the NYSE listing standards. However, the Board intends to appoint new members to the Nominating/ Corporate Governance Committee immediately after the Annual Meeting, all of whom will be independent for purposes of the NYSE listing standards. As a result of new rules promulgated by the NYSE, the Nominating/ Corporate Governance Committee adopted the Amended and Restated Nominating/ Corporate Governance Committee Charter, which is attached to this Proxy Statement as Appendix C; that Charter also is available on the Company's website at www.metriscpanies.com.

The table below shows the committee membership of each director as of the Record Date. Only Mr. Wesselink was an employee of the Company on the Record Date.

Table of Contents***How does the Board Determine Director Independence?***

The Nominating/ Corporate Governance Committee recommended and the Board has approved *Corporate Governance Guidelines* for the Company. Among other things, the Guidelines set forth the criteria to be used by the Board to determine if a director of the Company is independent. For a director to be considered independent, the Board must determine that the director has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company. A director will not be independent if, within the preceding three years, (i) the director was employed by the Company; (ii) an immediate family member of the director was employed as an officer of the Company; (iii) the director receives, or an immediate family member receives, more than \$100,000 in direct compensation from the Company; (iv) the director or an immediate family member is affiliated with or employed in a professional capacity by the Company's independent auditor or internal auditor; (v) the director or an immediate family member is employed as an executive officer of another company where any of the Company's present executive officers serve on that company's compensation committee; (vi) the director or an immediate family member is an executive officer or is employed by a company that makes payments to, or receives payments from, the Company for property or services in an annual amount exceeding the greater of \$1 million, or 2% of such other company's consolidated gross revenues; or (vii) the director served as an executive officer of a charitable organization when the Company made charitable contributions in any single fiscal year exceeding the greater of \$1 million, or 2% of such charitable organization's consolidated gross revenues. The *Corporate Governance Guidelines* are available on the Company's website at www.metriscpanies.com.

All nominees for director to be elected by the holders of our common stock, except for Mr. Wesselink, are independent for purposes of the NYSE listing standards. The nominees for director to be elected by the holders of the preferred stock are not independent for purposes of the NYSE listing standards. If all nominees for director are elected at this Annual Meeting, the Board will have a majority of independent directors for purposes of the NYSE listing standards.

How Are Directors Compensated?

Only non-employee directors receive compensation for serving as directors of the Company. We pay the following to non-employee directors.

Annual Retainer	\$35,000 to each Board member
Attendance Fees	\$30,000 to each Executive Committee member \$3,500 for each Board and committee meeting attended in person \$1,750 for each Board and committee meeting attended via teleconference
Committee Chair Annual Stipend	\$10,000 for Audit Committee \$5,000 for Compensation Committee and Nominating/Corporate Governance Committee

In 2003, non-employee directors, as a group, received compensation totaling \$1,101,507.

We believe that payment of compensation to non-employee directors should not be solely in the form of cash but should be tied to the Company's performance. In October 1996, the Board adopted a *Non-Employee Director Stock Option Plan*. The first grants under the plan went to non-employee directors serving at the time of our initial public offering. Those grants were in the amount of 15,000 shares to each non-employee director with an exercise price of \$5.33, which was the price of the Common Stock at the time of the initial public offering, and were subsequently adjusted for a two-for-one stock split in June 1999, and a three-for-two stock split in June 2000.

The Board adopted a resolution in May 2001 updating a policy originally approved in April 1997, whereby non-employee directors receive options to purchase Common Stock at the fair market value on certain dates. That policy awards 7,500 options to each non-employee director upon commencement of

Table of Contents

service on the Board. Each non-employee director also receives options to purchase 7,500 shares annually. The exercise price for those options is based on the closing price of the Common Stock the day before the grant. The options are immediately exercisable. In 2003, our non-employee directors (Lee R. Anderson, Sr., C. Hunter Boll, John A. Cleary, Thomas M. Hagerty, David V. Harkins, Walter M. Hoff, Thomas H. Lee, Edward B. Speno and Frank D. Trestman) were each awarded options to purchase 7,500 shares of Common Stock of the Company under the *Metris Companies Inc. Amended and Restated Non-Employee Director Stock Option Plan*.

The Board may change the amounts and timing of such awards in the future. To date, the Board has granted options to purchase up to 669,000 shares of Common Stock to its non-employee directors.

Directors that are employees of the Company do not receive compensation for service as a director. However, all directors, including employee directors, are reimbursed for reasonable travel, lodging and other incidental expenses incurred in attending meetings of the Board and its committees.

Have we been Engaged in a Proceeding where a Former Member of our Management Team is an Adverse Party?

On January 23, 2004, a complaint was filed in Hennepin County District Court (Minneapolis, Minnesota) against Metris, certain members of our Board of Directors and a number of other entities, by Ronald N. Zebeck, our former Chairman and CEO. The complaint alleges breach of contract, intentional interference with contract, breach of covenant of good faith, defamation, and violation of Minnesota's whistleblower act. On February 1, 2004, defendants filed an answer in which they denied the allegations in the complaint, and Metris filed counterclaims against Mr. Zebeck alleging breach of fiduciary duty and duty of loyalty, unjust enrichment and breach of covenant not to compete, requesting an accounting, and seeking declaratory judgment against Mr. Zebeck for the principal amount (\$5 million) of a loan made by the Company in 1999, plus interest. We believe Mr. Zebeck's claims are without factual and legal support, and we have numerous substantive legal defenses to his claims. We intend to vigorously defend against Mr. Zebeck's claims and aggressively prosecute our case against him.

Do Any Directors or Director Nominees Have Relationships With Entities Doing Business With the Company?

Lee R. Anderson, Sr. owns 51% of A&L Partnership, LLP (A&L), the landlord with which our subsidiary, Metris Direct, Inc. (MDI), entered into a lease in June 2001 of a building in Duluth, Minnesota. The facility, which MDI leased for an initial term of five years, houses an operations center where we currently employ approximately 190 collectors and support staff. During 2003, MDI paid A&L \$321,277 under the lease, which includes base rent and operating expenses. Under the terms of the lease, base rent (excluding operating expenses) was \$21,083 per month from January through August 2003, currently is \$22,333 per month, and will increase by approximately \$1,250 per month effective September of each lease year for the remainder of the lease term. Mr. Anderson was not involved in negotiations regarding the lease. Neither Metris nor A&L considers the lease to be material to its business. We believe that the rental rates and other terms of the lease are comparable to those that MDI would negotiate on an arm's-length basis with other entities with which our directors do not have relationships. Mr. Anderson has decided not to stand for re-election as a director in 2004.

Table of Contents

The following table shows information concerning stock options granted during the fiscal year ended December 31, 2003, for the named executive officers. The percentage of total options set forth below is based on an aggregate of 1,622,794 options granted to employees during 2003. All options were granted with an exercise price equal to the closing price of the Company's Common Stock on the New York Stock Exchange on the day prior to the date of grant.

Joseph A. Hoffman(c)	68,189	4.3%	\$ 1.30	03/18/13	\$ 67,275

- (a) These options were granted under the *Metris Companies Inc. Amended and Restated Long-Term Incentive and Stock Option Plan* and expire 10 years after their grant date. Mr. Wesselink was granted options on February 10, 2003; 50% of the grant vested immediately and 50% will vest on February 10, 2005. All other options were granted on March 18, 2003 and will vest in equal increments over three years. These options have an option reload provision which allows the executive to cover the tax and cost of the option exercise by surrendering mature shares. The executive is then granted an option to purchase the number of shares of Common Stock equal to the number of shares surrendered.
- (b) The dollar amounts reflected in this column are the result of calculations of the present value of the grant on the date of grant using the *Black-Scholes* option pricing method and the following assumptions: 0% dividend yield, 111.4% expected volatility, 1.5% risk-free interest rate and 3.7 year expected life. The actual gains, if any, on stock option exercises will depend on the future performance of the Common Stock.
- (c) Mr. Hoffman's employment with the Company terminated October 3, 2003. All options previously granted to him continued to vest for 90 days from his last date of employment. He had seven months from the last day employed to exercise any vested options. Mr. Hoffman did not exercise any of those vested options and, therefore, such options expired.

Deferred Compensation Plans

Deferred Restorative Retirement Plan. In November 1999, the Compensation Committee of the Board adopted a *Deferred Restorative Retirement Plan* (DRRP) that was limited to a select group of management and highly compensated employees of the Company as a means of sheltering a portion of their income from current taxation while accumulating resources for future investments or retirement. The DRRP was designed to make whole an employee whose benefits under the Company's 401(k) Plan are limited by the application of Section 415 of the Internal Revenue Code, which limits the amount of contributions that can be made to a defined contribution plan on behalf of an employee. Under the DRRP, participants were allowed to defer up to 15% of their salary and bonus with a maximum compensation level of \$300,000. The DRRP allowed for a 50% match on the first 6% of eligible compensation deferred by the employee. The DRRP also restored the discretionary profit sharing contribution if made under the 401(k) Plan for compensation recognized above the Section 415 limit up to \$300,000. On February 10, 2003, the Compensation Committee terminated the DRRP and directed the distribution of vested balances to plan participants.

Supplemental Executive Retirement Plan. In October 1999, the Compensation Committee of the Board adopted a *Supplemental Executive Retirement Plan* (SERP) that covers the Company's officers or other senior management employees who are selected for participation by the Compensation Committee.

Table of Contents

and the CEO. The SERP is an account balance plan to which the Company makes annual contributions targeted to provide a specified benefit at retirement. Under the SERP, the Company will pay a benefit to a participant whose employment relationship with the Company is completely severed either (a) at age 65, or (b) if the participant has completed five years of plan participation and has attained age of 55 or greater while employed with the Company. The annual retirement benefit payable under the SERP is targeted to equal either 60% (for the CEO and Executive Vice Presidents) or 40% (for Senior Vice Presidents) of the average of the participant's final three years of salary and bonus with the Company. Benefits under the SERP will be paid in 15 annual installments, commencing no later than 60 days after the last day of the year in which the participant retires. Upon a change in control of the Company, a termination of the participant's employment will be deemed to have occurred and, for purposes of determining eligibility for benefits, a participant will be deemed to have reached the age of retirement and completed five years of plan participation.

The SERP was amended in 2001 to include the following clarification of change in control and the additional triggers that would result in the payout of the age 55 benefit:

a material diminution or other material adverse change in the participant's job title, offices, duties, responsibilities, level of administrative support or status from that held, assigned or received within the 90-day period preceding the change in control event;

a material reduction in the participant's compensation (including base salary and bonuses), qualified and non-qualified pension and profit sharing benefits, welfare and fringe benefits, or executive expense allowances in comparison to that which the participant was entitled to during the 90-day period immediately before the change in control event;

the participant is forced to relocate to a business location more than 40 miles from the location at which the participant was assigned immediately before the initial change in control event; or

the participant's employer, or the surviving company in a merger to which the employer is a party, terminates its sponsorship of the SERP or suspends or discontinues annual Company contributions to the SERP.

The SERP was further amended in January 2004 to provide the Compensation Committee with the authority, under certain circumstances, to accelerate the vesting of any unvested participant balances if it deems early vesting to be in the best interest of the Company.

If a participant dies before his/ her employment terminates, his/ her death will be treated as a termination of employment and the participant will be deemed to have reached the age of retirement and completed five years of plan participation. During 2003, the Company contributed the following amounts under the SERP for our CEO and each of the other named executive officers who are participants: Mr. Wesselink, \$1,264,613; Mr. Evans, \$280,374; Mr. Witham, \$215,933; Mr. Piteleski, \$197,938; Mr. Melius, \$73,748; and Mr. Hoffman, \$0. The Company calculated those contributions based on actuarial assumptions regarding years of participation and future investment return on participants account balances. The Company assumed that these officers will remain participants in the SERP until age 65. The total amount that has been deferred under the SERP for the named executive officers is \$5,403,135. The estimated annual benefit payable to each of the named executive officers upon retirement is: \$989,770 for Mr. Wesselink; \$605,018 for Mr. Evans; \$624,958 for Mr. Witham; \$564,410 for Mr. Piteleski; \$1,386,712 for Mr. Melius; and \$0 for Mr. Hoffman. Due to Mr. Hoffman's termination of employment prior to vesting, he is not entitled to receive benefits under the SERP.

Management Stock Purchase Plan. In May 1999, the Company's stockholders approved a *Management Stock Purchase Plan* (MSPP) which allows a participant to defer up to 50% of his/her annual bonus. Any employee whose job title is Senior Vice President or higher and who participates in the *Management Incentive Bonus Plan* is eligible to participate in the MSPP.

Amounts deferred under the MSPP are credited to a stock purchase account as restricted stock units (RSUs) representing unissued shares of Common Stock. The price of the RSU is the closing price of

the Company's Common Stock on the date the deferral was made. The Company will also match the deferred amount at a rate equal to \$1 for every \$3 contributed by the participant. The participant's contribution is immediately vested and the match vests on the last day of the calendar year of the third anniversary of the performance year for which the bonus was paid. Unless a participant's employment is terminated, amounts contributed to the stock purchase account must remain in the account for a minimum of three years.

Change of Control Severance Agreements. The Company has entered into *Change of Control Severance Agreements* (*Severance Agreements*) with key employees, including each of the named executive officers in this Proxy Statement. The Severance Agreements are intended to provide continuity of management in the event of a change of control. Each Severance Agreement provides that the covered employee be assured of certain salary and compensation while employed during the two-year period after a change of control (*Post-Change Period*), and also provides severance payments if the Company terminates employment of the covered employee, other than for death, disability or cause, or if such employee terminates his or her employment for good reason, as defined in the Severance Agreement.

While employed during the Post-Change Period, each covered employee will be paid an annual salary at least equal to 12 times that employee's highest monthly base salary paid during the 12-month period prior to the change of control event (*Guaranteed Base Salary*). In addition, the covered employee will be entitled to participate in all incentive compensation, retirement and welfare plans applicable to peer executives at the Company during the Post-Change Period, but in no event shall those incentive compensation, retirement and welfare plans be on terms less favorable to the employee than the most favorable terms provided to the employee under plans in effect 90 days prior to the change of control. All outstanding stock options granted to the covered employee will become fully vested upon the occurrence of a change of control event. To the extent those options are forfeited, the covered employee will be entitled to receive a cash payment equal to the aggregate difference between the fair market value of Common Stock underlying such forfeited options and the exercise price to purchase such stock.

The severance payments to be made if the employee is terminated without cause, or if he/ she resigns with good reason during the Post-Change Period, include the following:

- (a) an amount equal to the Guaranteed Base Salary and accrued vacation through the applicable termination date;
- (b) a lump sum payment in cash equal to two times the covered employee's Guaranteed Base Salary, plus the highest annual bonus paid to that employee during the preceding two years (*Guaranteed Bonus*);
- (c) a cash payment equal to a pro rata share of the Guaranteed Bonus for the year of termination;
- (d) all deferred amounts under any Company non-qualified deferred compensation or pension plan, together with accrued but unpaid earnings thereon;
- (e) an amount equal to the unvested portion of the employee's accounts, accrued benefits or payable amounts under any qualified plan, and certain pension, profit sharing and retirement plans maintained by the Company; and
- (f) an amount equal to fees and costs charged by an outplacement firm.

In addition, the Company has agreed, for the period following the employee's termination date until the first anniversary of his/her termination date, to continue to provide to such employee certain welfare benefits, including, but not limited to, medical, dental, disability, and individual life and travel accident insurance on terms at least as favorable as provided to other employees at the same level during the 90-day period preceding the change of control event.

Mr. Hoffman's employment with the Company terminated effective October 3, 2003. Accordingly, his change of control coverage ended on his last day of employment.

Table of Contents

A change of control under the Severance Agreements occurs if any of the following events occur:

- (a) any person as defined in the Securities Exchange Act of 1934 acquires beneficial ownership, as defined in the Exchange Act, of more than 50% of the Common Stock of the Company, except for Mr. Melius where the trigger is more than 25% of the Common Stock;
- (b) individuals who constitute the Board prior to a change of control cease to constitute a majority of the Board; or
- (c) certain corporate reorganizations, including certain mergers, sale of substantially all of the assets, liquidation or dissolution of the Company.

The issuance of the Series C Preferred Stock to affiliates of Thomas H. Lee Partners, L.P. and its predecessor, Thomas H. Lee Company, on June 1, 1999, constituted a change of control under Mr. Melius' Severance Agreement. As a result of the change of control, all of Mr. Melius' options vested. Mr. Melius received no other benefits under his Severance Agreement as a result of the change of control.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Policies

The Board has delegated to the Compensation Committee (Committee) the authority to review, set and administer the Company's compensation plans, subject to ratification by the full Board as to the compensation paid to the Chairman and CEO. The Committee is comprised entirely of independent directors for purposes of the NYSE listing standards.

The Committee has established compensation guidelines to achieve four basic goals:

To promote stock ownership for key executives so as to align their compensation with stockholder interests;

To allow the Company to attract, retain and motivate executives of the highest caliber;

To align compensation directly with stockholder market value through financial performance goals and accomplishment of team or individual objectives; and

To establish annual incentives based on aggressive performance goals.

For 2003, these policies were achieved through a compensation program consisting of base salary, short-term incentive compensation in the form of bonuses, and long-term stock options.

Base Salaries of Executive Officers other than the CEO

Each year the Committee reviews base salaries of the executive officers, including the executive officers named in this Proxy Statement in the section entitled Compensation Tables and Compensation Matters. In determining base salaries, the Committee considers the range of salaries paid to similar officers at comparable companies. In addition, the Committee makes subjective judgments concerning individual performance of each executive officer.

In 2003, the Committee used published reports from three independent human resources consulting firms to perform external market comparisons regarding executive compensation. That comparison demonstrates that the base salaries paid to Company executives generally are competitive with that of peer executives at comparable companies. This is consistent with the Company's goal to reward employees based on Company performance and market competitive practices.

Bonus Payments to Executive Officers other than the CEO

In 2003, other than our Chairman and CEO, who participated in the *Amended and Restated Annual Incentive Bonus Plan for Designated Corporate Officers* (Designated Corporate Officers Plan), the other officers and certain employees participated in the 2003 *Metris Companies Inc. Management Incentive Bonus Plan* (Management Incentive Plan).

Payouts under the Management Incentive Plan are based on two components: (i) Company performance as measured by targets selected by the Committee; and (ii) individual management objectives set for each employee and approved by the CEO. The weight accorded each component is based on the position level of the employee. More-senior employees' bonuses are weighted heavily on Company performance, whereas, less-senior employees' bonuses depend heavily upon reaching individual goals.

In 2003, due to concerns regarding the Company's financial health and the retention of certain employees, the Board approved the development of the following one-time programs which we anticipate will cost approximately \$6 million for payments made between October 2003 and January 2005:

A program intended to assist in the retention of management employees below the level of Senior Vice President. The *Retention Bonus Program* consists of three cash payments made to eligible employees in 2003, with three additional payments to be made in 2004. In addition, original

Table of Contents

participants in the program were awarded a grant of restricted stock with a vesting date of February 10, 2004. In order to be eligible for the cash payments, participants must be employed by the Company on the date the payment is made.

A program intended to assist in the retention of key employees identified as being business critical. The *Key Employee Retention Bonus Program* is a discretionary bonus program with four scheduled payments in 2004, and one scheduled payment in January 2005. The initial payment made in January 2004 targeted both non-management and management level employees below the level of Senior Vice President. Only non-management employees are eligible to be considered for the remaining 2004 and 2005 payments.

A program intended to assist in the retention of key senior management personnel. The *Senior Key Employee Retention Program* is a discretionary bonus program with four scheduled payments in 2004 and one scheduled payment in January 2005. Certain payments made under the foregoing programs will be offset against any performance-based bonuses paid in 2005.

Stock Options for Executive Officers other than the CEO

In 2003, all executive officers and other key employees were granted non-qualified stock options under the Company's *Amended and Restated Long-Term Incentive and Stock Option Plan*. During the year, options played an important role in retaining superior employees. In addition, options were granted to executives and employees whose individual performances demonstrated continued excellence. The non-qualified stock options awarded expire in 10 years. The March 18, 2003, option grants vest in equal increments over three years from March 18, 2004, to March 18, 2006. A total aggregate of 787,194 options were granted under this award.

All stock options granted in 2003 have an exercise price equal to the fair market value of the Company's Common Stock on the date of the grant. Fair market value on the date of the grant is determined to be the closing price of the Common Stock as reflected on the New York Stock Exchange on the day immediately prior to the grant date.

Employees who were participants in the *Retention Bonus Program* were awarded a grant of restricted stock with a one-year vesting period. The vesting date for that award was February 10, 2004. A total of approximately 178,100 shares vested under this award.

Compensation of the CEO

Although the full Board must ratify any Committee decision concerning compensation paid to David D. Wesselink, Chairman and CEO, only the Committee may actually set such compensation. The Board has not modified, in any material way, any recommendation of the Committee in 2003.

On December 30, 2003, the Committee recommended and the Board approved a salary adjustment for Mr. Wesselink from \$625,000 to \$665,000 effective January 1, 2004. This increase reflects Mr. Wesselink's attainment of the goals and objectives established for him by the Board for calendar year 2003.

On February 10, 2003, the Committee authorized a grant of options to Mr. Wesselink to purchase 400,000 shares of the Company's Common Stock under the *Amended and Restated Long-Term Incentive and Stock Option Plan*. Fifty percent of those options vested immediately and 50% vest on the second anniversary of the grant.

Mr. Wesselink participates in the *Senior Key Employee Retention Program* discussed above. The first payment of \$207,813, equal to 25% of Mr. Wesselink's 2003 annual bonus target, was paid in January 2004; the second payment of \$207,813, equal to 25% of his 2003 annual bonus target, was paid in April 2004; and the third payment of \$103,906, equal to 12.5% of his 2004 annual bonus target, was paid in July 2004. There are two remaining payments for Mr. Wesselink under this program. Each payment will be

Table of Contents

equal to 12.5% of his 2004 annual bonus target. These payments are scheduled to be made in October 2004 and January 2005. The foregoing payments will be deducted from any performance-based bonus paid to Mr. Wesselink in 2004 and 2005.

Policy on Deductibility of Compensation

Under Section 162(m) of the Internal Revenue Code, the Company generally is precluded from deducting compensation in excess of \$1 million per year for its CEO and the next four highest paid executive officers, unless payments are made under qualifying performance-based plans.

The Committee generally intends to pursue a strategy to ensure the deductibility of compensation paid to executives. However, the Committee reserves the right to take actions it considers to be in the Company's best interest, including the authorization of compensation without regard to deductibility.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

During 2003, the following members of the Board of Directors served on the Compensation Committee: John A. Cleary, Thomas M. Hagerty and Edward B. Speno. On December 31, 2003, Thomas M. Hagerty resigned as a member of the Compensation Committee due to his level of ownership in Thomas H. Lee Equity Fund IV, L.P., an entity to which the Company paid a commitment fee in 2003. Pursuant to Internal Revenue Code § 162(m), Mr. Hagerty would not be considered an outside director subsequent to December 31, 2003, for purposes of voting on compensation plans of the Company. The members of the Compensation Committee had no relationships requiring disclosure pursuant to Item 402(j) of Regulation S-K.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board is composed of three independent directors and operates under a charter adopted by the Committee and approved by the Board. The Audit Committee's charter recently was updated and is attached to this Proxy Statement as Appendix A. The members of the Audit Committee are Frank D. Trestman (Chair), Walter M. Hoff and Edward B. Speno.

Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent auditor, KPMG LLP (KPMG), is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee is responsible for considering and reviewing with management and the independent auditor the adequacy of the Company's internal controls and accounting functions. As part of fulfilling this responsibility, the Audit Committee meets and discusses these matters with the Company's internal auditor, PricewaterhouseCoopers LLP (PwC). PwC is responsible to the Audit Committee for testing the integrity of the financial accounting and reporting control systems, and such other matters as the Audit Committee directs.

In connection with these duties, the Audit Committee met with management and KPMG to review and discuss the December 31, 2003 audited financial statements, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of the significant judgments, and the clarity of disclosures in the financial statements. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61 (*Codification of Statements on Auditing Standards, AV §380*). The Audit Committee also received the written disclosures and the letter from KPMG required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), and the Audit Committee discussed with KPMG that firm's independence from

Table of Contents

management and the Company. The Audit Committee also considered whether non-audit services provided by KPMG during the last fiscal year were compatible with maintaining KPMG's independence.

Based upon the Audit Committee's discussions with management and KPMG, and the Audit Committee's review of the representations of management and KPMG, the Audit Committee recommended that the Board include the audited consolidated financial statements in the Company's Annual Report on Form 10-K/A for the year ended December 31, 2003, for filing with the Securities and Exchange Commission.

FRANK D. TRESTMAN*Chair***WALTER M. HOFF***Member***EDWARD B. SPENO***Member***INFORMATION REGARDING INDEPENDENT AUDITOR**

The Audit Committee has engaged KPMG to serve as the Company's independent auditor for fiscal year 2004. KPMG has been our independent auditor since 1996.

The following table sets forth the amount of audit fees, audit related fees, tax fees, and all other fees billed for services by KPMG for the years ended December 31, 2002 and 2003, respectively.

Fees	2002	2003
Audit Fees(1)	\$ 1,038,704	\$ 3,124,582
Audit-Related Fees(2)	196,500	379,500
Tax Fees(3)	98,025	36,677
All Other Fees(4)	0	80,000
Total Fees	\$ 1,333,229	\$ 3,624,587

- (1) Audit fees principally related to the audit of the Company's annual financial statements and the review of the Company's quarterly financial statements included in the Quarterly Reports on Form 10-Q. They also relate to services such as comfort letters, statutory audits, restatements of financial statements and consent filings.
- (2) Audit-related fees principally related to audits of employee benefit plans, performance of agreed-upon procedures associated with certain securitization activities, consultation with management as to the accounting treatment of specific transactions, and consultations in connection with regulatory inquiries and investigations.
- (3) Tax fees principally related to IRS exam assistance. They also relate to transaction planning and compliance services.
- (4) All other fees in 2003 related to Sarbanes-Oxley Section 404 advisory services.

The Audit Committee has considered and determined that the provision of the non-audit services described in the table above is compatible with maintaining KPMG's independence.

The Audit Committee reviews and pre-approves all audit and non-audit services performed by the Company's independent auditor, other than as may be allowed by applicable law. The Committee delegated to Mr. Trestman, Chairman of the Audit Committee, the authority to grant any pre-approvals required to be made by the Committee pursuant to Section 10A(i) of the Securities Exchange Act of 1934, as amended, including as amended by Section 202 of the Sarbanes-Oxley Act of 2002, and directed Mr. Trestman to report any such pre-approvals to the Committee at each of its scheduled meetings. Beginning in May 2003, all audit services and non-audit services have been pre-approved in accordance with this pre-approval policy and such policy has not been waived in any instance.

PROPOSAL TWO:

APPROVAL OF THE METRIS COMPANIES INC.

ANNUAL INCENTIVE BONUS PLAN FOR DESIGNATED CORPORATE OFFICERS

Proposal Two is a recommendation to approve an Annual Incentive Bonus Plan for Designated Corporate Officers (Annual Bonus Plan). The Company originally adopted an Annual Incentive Bonus Plan for Designated Corporate Officers (Original Annual Bonus Plan) in 1996, and received stockholder approval for such plan at the 1997 Annual Meeting of Stockholders. In 1998, the Company decided to amend certain provisions of the Original Annual Bonus Plan, which amendments were approved by stockholders at the 1998 Annual Meeting of Stockholders. The stockholders of the Company then approved an Amended and Restated Annual Incentive Bonus Plan for Designated Corporate Officers (Amended Bonus Plan) at the 1999 Annual Meeting of Stockholders. The Amended Bonus Plan expired on December 31, 2003, and the Company therefore is seeking approval of the Annual Bonus Plan, the terms of which are substantially the same as the Amended Bonus Plan.

As with the Amended Bonus Plan, the Annual Bonus Plan will permit officers receiving bonuses under this plan instead of the Management Stock Purchase Plan (see **Compensation Tables and Compensation Matters** on page 19 of this Proxy Statement for additional information) to defer a portion of their bonuses and to have such deferred amounts credited to a stock purchase account. The Annual Bonus Plan is designed to meet the Compensation Committee's goal of aligning compensation with stockholders interests.

The text of the Annual Bonus Plan is set forth in Appendix D to this Proxy Statement. The following is intended to be a summary of the Annual Bonus Plan's principal terms and does not purport to be a complete statement of its provisions. It is subject to, and qualified in its entirety by reference, to the Annual Bonus Plan in the Appendix.

The Annual Bonus Plan contains the following principal terms:

The Compensation Committee of the Company selects during the first 90 days of a performance period (the 12 calendar months for which a bonus will be paid, hereafter, Performance Period) participants from officers holding the position of Senior or Executive Vice Presidents. The Annual Bonus Plan provides that the Chairman and CEO is automatically a participant under the plan. An officer selected to participate in the Annual Bonus Plan will no longer participate in the Management Bonus Plan. As of a Performance Period that would have started January 1, 2004, approximately 13 officers would have been eligible to participate in the Annual Bonus Plan.

During the first 90 days of the Performance Period, the Compensation Committee sets the participant's base pay, targeted bonus percentages, the Company's performance factor, and the target or targets to be used in determining if performance requirements have been met.

Bonuses are paid in amounts not greater than the base pay multiplied by the targeted bonus percentage multiplied by the performance factor.

The Company's performance factor is a percentage tied to one or more of the following targets: consolidated pre-tax earnings, net revenues, net earnings, operating income, earnings before interest and taxes, cash flow, return on equity, return on net assets employed, or earnings per share.

No participant may receive a bonus for any Performance Period in which the applicable minimum performance factor is not met.

The Compensation Committee has the authority to reduce or eliminate any bonus otherwise payable, but it may not increase an amount of an award as determined under the formula.

Table of Contents

Compensation payable under the Annual Bonus Plan may not exceed \$4,000,000 to any one participant.

Following the close of each Performance Period and prior to the payment of any bonus, the Compensation Committee must certify in writing that the Company performance factor has been met for the bonus authorized. The participant will only receive 50% of his or her bonus in cash with the remaining 50% to be deferred automatically and credited to a Deferred Stock Account. A participant must affirmatively elect not to participate in a Deferred Stock Account if he or she wishes to receive his or her full bonus in cash. Amounts deferred under the Annual Bonus Plan are credited to a stock purchase account as restricted stock units (RSUs) representing unissued shares of Common Stock. The price of the RSU is the closing price of the Company's Common Stock on the date the deferral was made. The Company will also match the deferred amount at a rate equal to \$1 for every \$3 contributed by the participant. The participant's contribution is immediately vested and the match vests on the last day of the calendar year of the third anniversary of the performance year for which the bonus was paid. Unless a participant's employment is terminated, amounts contributed to the Deferred Stock Account must remain in the account for a minimum of three years.

Subject to adjustments for Recapitalization Events, 600,000 shares of common stock will be available for allocation under the Annual Bonus Plan. The Company will deliver shares from (1) authorized and unissued shares of Common Stock, or (2) issued shares of Common Stock reacquired by the Company and held as treasury shares.

The Compensation Committee may amend the Annual Bonus Plan at any time and may terminate or curtail benefits with regard to persons already receiving benefits at the time of the action and for those to receive benefits in the future. Nonetheless, the Company may seek stockholder approval of any change if the Company determines such approval is necessary to maintain the Annual Bonus Plan as a performance-based compensation plan under Section 162(m) of the Internal Revenue Code.

The Annual Bonus Plan will terminate on December 31, 2008, unless terminated earlier by action of the Compensation Committee. Payments may be made after termination with respect to a Performance Period that began before termination.

The Board recommends a Vote FOR the Approval of the Metris Companies Inc. Annual Incentive Bonus Plan for Designated Corporate Officers.

**PROPOSAL THREE:
RATIFICATION OF KPMG LLP AS INDEPENDENT AUDITOR
FOR THE COMPANY FOR THE FISCAL YEAR ENDING DECEMBER 31, 2004**

Subject to stockholder approval, the Audit Committee has selected KPMG LLP (KPMG) as the Company's independent auditor for the fiscal year ending December 31, 2004. KPMG has served as our independent auditor since 1996. Representatives of KPMG are expected to be present at the Annual Meeting and will be given an opportunity to make a statement and answer appropriate stockholder questions.

The Board recommends a Vote FOR the Ratification of KPMG LLP as Independent Auditor for the Company for the Fiscal Year Ending December 31, 2004.

5. Deferred Stock Accounts and Company Match Awards.

5.1 Deferred Stock Accounts. An amount equivalent to 50% of the gross bonus payment payable to a Participant under the Plan for a Performance Period will be credited to the Participant's Deferred Stock Account as of the date on which the first cash bonus payment for the Compensation Performance Period is paid to the Participant pursuant to subsection 4.1, *provided, however*, that a Participant may elect, in accordance with rules and regulations established by the Compensation Committee, to have all or a portion of such amount paid to the Participant in cash under subsection 4.1 above rather than credited to the Participant's Deferred Stock Account. 5.2 Company Match Awards. As of each date on which an amount is credited to a Participant's Deferred Stock Account pursuant to subsection 5.1, there shall also be credited to the Deferred Stock Account a Company Match amount equal to 33 1/3% of the amount credited to the Deferred Stock Account as of such date pursuant to subsection 5.1. 7.2 **Term of the Plan.** Unless the Plan shall have been discontinued or terminated, the Plan shall terminate on December 31, 2008.
