-

**Item 8.01 Other Events.**

On October 2, 2007 Reliance Steel & Aluminum Co. (the Company) announced that it acquired the outstanding capital stock of Metalweb plc (Metalweb), a corporation formed and operating in the United Kingdom and headquartered in Birmingham, England. Metalweb was founded in 2001 and specializes primarily in the processing and distribution of aluminum products for non-structural aerospace components and general engineering parts used in high-end industrial applications. Metalweb has three additional metals service center locations in Manchester, London and Oxford, England. Metalweb's net sales for fiscal year ended May 31, 2007 were about \$53 million U.S. Metalweb will operate as a wholly-owned subsidiary of RSAC Management Corp., the Company's wholly-owned subsidiary. Current management will remain in place. Terms were not disclosed.

None of the Sellers is, and none of the officers and directors of Metalweb is, affiliated with or related to the Company in any way. The purchase price was determined by negotiations between the Company, on the one hand, and the Sellers, on the other. To fund the purchase price and the repayment of debt, the Company drew down on its syndicated bank revolving line of credit established November 9, 2006 with Bank of America, N.A. as administrative agent, and 15 banks as lenders and issued loan notes to certain of the Sellers. The Sellers and/or officers or directors of Metalweb, through various other entities, own certain of the real property on which facilities of Metalweb are located.

A copy of the press release related to the transaction is attached as an exhibit.

**Item 9.01 Financial Statements and Exhibits.**
