RISK FACTORS

Investing in shares of our common stock involves a number of risks. You should carefully consider the following factors in addition to the other information in this Prospectus.

We have substantial indebtedness

We have a substantial amount of indebtedness. As of June 30, 2001, our total long-term indebtedness was \$334,966,000. This indebtedness could:

- make us more vulnerable to unfavorable economic conditions
- make it more difficult to pursue the acquisition of other medical waste management businesses
- require us to dedicate or reserve a large portion of our cash flow from operations to making payments on our indebtedness, which would prevent us from using it for other purposes

Restrictions in our debt instruments may limit our ability to operate our business

Our debt instruments contain covenants that restrict our ability to make distributions or other payments unless we satisfy certain financial tests and comply with various financial ratios. If we do not do so, our creditors could declare a default under our debt instruments, and our indebtedness could be declared immediately due and payable. Our ability to comply with the provisions of our debt instruments may be affected by changes in economic or business conditions beyond our control.

Our debt instruments also contain covenants that limit our ability to incur additional indebtedness, acquire other businesses and make capital expenditures, and impose various other restrictions. These covenants could affect our ability to operate our business and may limit our ability to take advantage of potential business opportunities as they arise.

We require a significant amount of cash to service our indebtedness

Our ability to make payments on our indebtedness, as well as to fund our operations and future growth, depends upon our ability to generate cash. Our success in doing so depends upon the results of our operations and upon general economic, financial, competitive, regulatory and other factors beyond our control.

We face the risk of environmental liabilities which may not be covered

by insurance

The medical waste management industry involves risks of liability for environmental contamination. The federal Comprehensive Environmental Response, Compensation and Liability Act of 1980 and similar state laws impose strict liability on current or former owners and operators of facilities that release hazardous substances into the environment as well as on the businesses that generate those substances and the businesses that transport them to the facilities. Responsible parties may be liable for substantial investigation and clean-up costs even if they operated their businesses properly and

- 4 -

6

complied with applicable federal and state laws and regulations.

Liability under CERCLA may be joint and several, which means that if we were found to be a business with responsibility for a particular CERCLA site, we could be required to pay the entire cost of the investigation and clean-up even though we were not the party responsible for the release of the hazardous substances and even though other companies might also be liable.

Our pollution liability insurance excludes liabilities under CERCLA. Thus, if we were to incur liability under CERCLA and if we could not identify other parties responsible under the law whom we can compel to contribute to our expenses, it could have a material adverse effect on our business and financial condition.

We are subject to extensive governmental regulation with which it is frequently difficult, expensive and time-consuming to comply

The medical waste management industry is subject to extensive federal, state and local laws and regulations relating to the collection, transportation, packaging, labeling, handling, documentation, reporting, treatment and disposal of regulated medical waste. Our business requires us to obtain many permits, authorizations, approvals, certificates or other types of governmental permission from every jurisdiction where we operate.

We believe that we currently comply in all material respects with all applicable permitting requirements. State and local regulations change often, however, and new regulations are frequently adopted. Changes in the applicable regulations could require us to obtain new permits or to change the way in which we operate. We might be unable to obtain the new permits that we require, and the cost of compliance with new or changed regulations could have a material adverse effect on our business and financial condition.

The permits that we require, especially those to build and operate treatment and transfer facilities, are difficult and time-consuming to obtain. They may also contain conditions or restrictions that limit our ability to operate efficiently, and they may not be issued as quickly as we need (or at all). If we cannot obtain the permits that we need when we need them, or if they contain unfavorable conditions, it could have a material adverse effect on our business and financial condition.

We are registering the shares of common stock covered by this Prospectus for the Selling Shareholders in accordance with our agreement with them to register their shares. Under our agreement, we will pay the costs of registering the shares (except for the legal fees of the Selling Shareholders), and the Selling Shareholders will pay any sales commissions in connection with the sale of their shares.

The Selling Shareholders may sell their shares at any time and from time to time in the open market, at market prices prevailing at the time of sale, in ordinary brokerage transactions through a broker that we have approved of. The Selling Shareholders may not otherwise sell or dispose of their shares of common stock.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 145 of the Delaware General Corporation Law provides generally that a person sued as a director, officer, employee or agent of a corporation may be indemnified by the corporation in non-derivative suits for expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement if he or she acted in good faith and in a manner that he or she reasonably believed to be in or not opposed to the corporation's best interests. In the case of criminal actions and proceedings, the person also must not have had reasonable cause to believe that his or her conduct was unlawful. Indemnification of expenses is also authorized in stockholder derivative actions if the person acted in good faith and in a manner that he or she reasonably believed to be in or not opposed to the corporation's best interests and if he or she has not been found liable to the corporation. Even in this latter instance, the court may determine that, in view of all the circumstances, the person is entitled to indemnification for such expenses as the court deems proper. A person sued as a director, officer, employee or agent of a corporation who has been successful in defense of the action must be indemnified by the corporation against expenses.

Article Fifth of our bylaws requires us to indemnify our directors, officers, employees and agents to the maximum extent permitted by Delaware law. Article Fifth also requires us to advance the litigation expenses of a director or officer upon receipt of his or her written undertaking to repay all amounts advanced if it is ultimately determined that he or she is not entitled to indemnification.

Section 102(b)(7) of the Delaware General Corporation Law permits a corporation to include a provision in its certificate of incorporation eliminating or limiting the personal liability of a director to the corporation or its stockholders for monetary damages for a breach of the director's fiduciary duty of care. The provision may not eliminate or limit the liability of a director for breaching his or her duty of loyalty, failing to act in good faith, engaging in intentional misconduct or knowingly violating a law, declaring an illegal dividend or approving

- II-1 -

10
an illegal stock repurchase, or obtaining an improper personal benefit.

Article Ninth of our amended and restated certificate of incorporation eliminates the personal liability of our directors to the fullest extent permitted by Section 102(b)(7).

By reason of directors' and officers' liability insurance that we maintain, our directors and officers are insured against actual liabilities, including liabilities under the federal securities laws, for acts or omissions related to the conduct of their duties.

ITEM 17. UNDERTAKINGS

Rule 415 Offering

The Registrant undertakes:

(1) to file, during any period in which offers or sales are being
made, a post-effective amendment to this Registration Statement:

(i) to include any prospectus required by Section 10(a)(3)
of the Securities Act of 1933, as amended (the "Securities Act");

- II-2 -

11

(ii) to reflect in the prospectus any facts or events
arising after the effective date of this Registration Statement
(or the most recent post-effective amendment) which, individually
or in the aggregate, represent a fundamental change in the
information set forth in this Registration Statement; and

(iii) to include any material information with respect to
the plan of distribution not previously disclosed in this
Registration Statement or any material change to such information
in this Registration Statement;

provided, however, that undertakings (1)(i) and (1)(ii) shall not apply

amendment by those undertakings is contained in periodic reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") that are incorporated by reference in this Registration Statement;

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering; and

Filings Incorporating Subsequent Exchange Act Documents by Reference

The Registrant undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act which is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Request for Acceleration of Effective Date

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant as described in Item 15, or otherwise, the Registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
