PROXY STATEMENT ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON MAY 14, 2002

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of AER Energy Resources, Inc., a Georgia corporation (the "Company"), to be used at the Annual Meeting of Shareholders (the "Annual Meeting") of the Company to be held at the Cobb Galleria Center, Two Galleria Parkway, Atlanta, Georgia 30339, at 11:00 a.m., local time, on May 14, 2002, and any adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. A copy of the Company's Annual Report to Shareholders for the fiscal year ended December 31, 2001 is enclosed. This Proxy Statement and accompanying form of proxy and the Company's 2001 Annual Report to Shareholders are intended to be sent or given to holders of the Company's outstanding Common Stock, no par value (the "AER Common Stock") on or about April 19, 2002.

SOLICITATION OF PROXIES

This proxy solicitation will be conducted principally by mail, and the cost will be paid by the Company. Proxies may also be solicited by officers and regular employees of the Company personally or by telephone, but such persons will not be specifically compensated for such services. Banks, brokers, nominees, and other custodians and fiduciaries will be requested to forward proxy solicitation material to their principals and customers where appropriate, and the Company will reimburse such banks, brokers, nominees, custodians and fiduciaries for their reasonable out-of-pocket expenses in sending the proxy material to beneficial owners of the shares.

ACTIONS TO BE TAKEN UNDER THE PROXY

In voting on the election of directors (Proposal 1), shareholders may vote in favor of all nominees or withhold their votes as to some or all nominees. Unless other instructions are indicated on the proxy card, all properly executed proxies received by the Company will be voted FOR Proposal 1, the election of all the nominees for director set forth below under "Election of Directors." Shareholders of the Company do not have any right to cumulate their votes for the election of directors.

In voting on the approval of the amendment to the Company's Articles of Incorporation and the adoption of the AER Energy Resources, Inc. 2002 Employee Incentive Plan (the "2002 Incentive Plan") (Proposals 2 and 3, respectively), shareholders may vote FOR, AGAINST or ABSTAIN with respect to each such proposal. Unless other instructions are indicated on the proxy card, all properly executed proxies received by the Company will be voted FOR Proposal 2, the amendment to the Company's Articles of Incorporation to increase the number of authorized shares of AER Common Stock and preferred stock, no par value (the "AER Preferred Stock"), and FOR Proposal 3, the approval and adoption of the 2002 Incentive Plan. Some proxies may be marked to indicate that the shares are not being voted ("broker non-votes").

The presence, in person or by proxy, of at least a majority of the

Edgar Filing: AER ENERGY RESOURCES INC /GA - Form DEF 14A

total number of outstanding shares is necessary to constitute a quorum at the Annual Meeting. Any proxy authorized to be voted at the Annual Meeting on any matter (including on routine matters pursuant to the discretionary authority granted in management's proxy), whether or not the proxy is marked to withhold authority or abstain or to effect a broker non-vote on any proposal, will be counted in establishing a quorum.

The election of directors will require the affirmative vote of a plurality of the shares voted at the Annual Meeting in person or by proxy. Votes withheld and broker non-votes will not be included in vote totals for director nominees and will have no effect on the outcome of the vote.

The Amendment to the Articles of Incorporation (Proposal 2) will require the affirmative vote of a majority of the issued and outstanding shares of AER Common Stock. For purposes of the proposal, abstentions and broker

1

non-votes will count as a vote against such proposal.

The approval and adoption of the 2002 Incentive Plan will be approved if the number of votes cast FOR such approval and adoption exceeds the number of votes cast AGAINST such approval and adoption. Abstentions and broker non-votes will not be included in vote totals for Proposal 3 and will have no effect on the outcome of the vote.

None of the actions to be voted upon at the Annual Meeting shall create dissenters' rights under the Georgia Business Corporation Code.

Any shareholder giving a proxy may revoke it at any time before it is exercised by giving written notice of revocation, or a duly executed proxy bearing a later date, to the Secretary of the Company. In order to be effective, such notice or later dated proxy must be received by the Company prior to the exercise of the earlier proxy. A shareholder may attend the Annual Meeting, revoke his proxy, and vote in person.

Only holders of record as of the close of business on March 11, 2002 of AER Common Stock are entitled to vote at the Annual Meeting. On that date, there were 25,522,121 shares of AER Common Stock outstanding, each entitled to one vote.

The election of the six nominees named above will require the affirmative vote of the holders of a plurality of the shares of AER Common Stock voted at the Annual Meeting, assuming a quorum is present. THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF THE SIX NOMINEES NAMED ABOVE.

PROPOSAL 2

AMENDMENT TO INCREASE THE AUTHORIZED SHARES OF
THE COMPANY'S CAPITAL STOCK

The Board of Directors has proposed and approved an amendment to Article II of the Company's Articles of Incorporation to increase the number of authorized shares of AER Common Stock and AER Preferred Stock. The full text of this proposed amendment is set forth in the proposed Articles of Amendment which is attached as Appendix A to this Proxy Statement. The following summary of the material provisions of the proposed amendment is qualified, in its entirety, by reference to the Articles of Amendment as set forth in Appendix A.

6

AER COMMON STOCK

The Board of Directors recommends that Article II of the Company's Articles of Incorporation be amended to increase the amount of AER Common Stock authorized from 100,000,000 shares to 150,000,000 shares. The AER Common Stock authorized under this proposed amendment would be identical to the AER Common Stock already authorized pursuant to the Company's Articles of Incorporation, and this proposed amendment would not alter, terminate or modify the preferences, limitations or relative rights of any existing series of AER Preferred Stock. Under the GBCC, such shares may only be authorized by an amendment to the Articles of Incorporation. Although the shareholders must approve increases to the number of shares of capital stock authorized, shares may be issued by the Board of Directors in exchange for adequate consideration therefore without the approval of the shareholders of the Company.

The primary reason for this proposed amendment is to ensure that there will be sufficient authorized but unissued shares available for the corporate purposes described below. As of February 28, 2002, 25,522,121 shares of AER Common Stock, or approximately 25.5% of the currently authorized amount, were issued and outstanding, 33,652,139 shares of AER Common Stock, or approximately 33.7% of the currently authorized amount, were reserved for issuance pursuant to the conversion or exercise of outstanding shares of AER Preferred Stock and outstanding options and warrants, and an additional 1,982,250 shares, or approximately 2.0% of the total authorized amount, were reserved for issuance pursuant to awards outstanding awards or awards that may be granted in the future under the Company's benefit plans, excluding the 2002 Incentive Plan which is to be submitted for shareholder approval at the Annual Meeting.

It is the present intention of the Board of Directors that the adoption of this proposed amendment to increase the amount of authorized Common Stock will not result in the immediate issuance of any additional AER Common Stock. Approval of this proposal will permit the Board of Directors to issue such additional shares without further approval of the shareholders unless otherwise required by law or the Company's Articles of Incorporation.

AER PREFERRED STOCK

The Board of Directors also recommends that Article II of the Articles of Incorporation be amended to increase the total amount of AER Preferred Stock authorized from 10,000,000 to 20,000,000 shares. The preferences, limitations and relative rights of the AER Preferred Stock shall continue to be determined by the Board of Directors as it deems appropriate from time to time without further shareholder approval. The Company is permitted by the Articles of

Edgar Filing: AER ENERGY RESOURCES INC /GA - Form DEF 14A

Incorporation to issue AER Preferred Stock in series and with preferences, limitations and relative rights as established from time to time by the Board of Directors. At present, the Company's Articles of Incorporation permit the company to issue one or more series of AER Preferred Stock, and at present, the Company has authorized 425,000 shares of Series A Preferred Stock, 250,000 shares of Series B Preferred Stock, 500,000 shares of Series C Preferred Stock and 400,000 shares of Series D Preferred Stock, or in the aggregate approximately 15.7% of the currently authorized amount.

It is the present intention of the Board of Directors that the adoption of this proposed amendment to increase the authorized amount of AER Preferred Stock will not result in the immediate issuance of any AER Preferred Stock shares. The approval of these increases in authorized capital, however, is intended to ensure that there will be sufficient authorized but unissued shares available for the corporate purposes described below. Approval of this proposal will permit the Board of Directors to issue such additional shares without further approval of the shareholders unless otherwise required by law or the Company's Articles of Incorporation.

REASONS FOR AND EFFECTS OF THE PROPOSED AMENDMENT

The Board of Directors believes that additional shares of AER Common Stock and AER Preferred Stock should be available for issuance by the Board of Directors from time to time for stock splits, stock dividends, acquisitions, future financings, employee benefit plans and for other proper corporate purposes. The increase in the authorized shares could also be used to impede an attempt to acquire control of the Company without the consent of the Board of Directors since new shares could be issued to dilute the stock ownership of a person engaging in such an attempt.

7

Under the Company's present Articles of Incorporation, shareholders have no preemptive rights with respect to the authorization or issuance of the Company's capital stock, although the conversion price of each outstanding series of AER Preferred Stock is subject to adjustment under certain circumstances, including the subsequent issuance of certain shares, warrants, options or other securities with a conversion price less than the current conversion price of such series of AER Preferred Stock. No holder of the Company's capital stock has or will have the right of cumulative voting at any election of directors or upon any other matter. Once authorized, shares of AER Common Stock and AER Preferred Stock generally may be issued solely upon the action of the Board of Directors in exchange for adequate consideration therefor. The additional shares of AER Common Stock, when issued, will have the same rights as the presently authorized shares of AER Common Stock. This proposed amendment will not modify the Articles of Incorporation to provide preemptive rights or cumulative voting.

Under Article II of the current Articles of Incorporation, the AER Preferred Stock may be issued by the Board of Directors, from time to time, without the necessity of further action or authorization by the Company's shareholders (unless required by applicable law), in one or more series and with such preferences, limitations and relative rights as the Board of Directors may, in its discretion, determine, including: (a) the distinctive designation of such series and the number of shares to constitute such series; (b) the rate of dividends, the times of payment and the date from which, and the basis on which, dividends shall be accumulated, if dividends are to be cumulative; (c) whether or not such shares have voting rights, and the extent of such voting rights, if any; (d) whether such shares can be redeemed and, if so, the redemption price and terms and conditions of redemption; (e) the terms and conditions, if any, on

Edgar Filing: AER ENERGY RESOURCES INC /GA - Form DEF 14A

which such shares may be converted into Common Stock or any other securities; (f) the amount payable upon such shares in the event of voluntary and involuntary dissolution, liquidation or winding up of the affairs of the Company; (g) purchase, retirement or sinking fund provisions, if any, for the redemption of such shares; and (h) any other preferences, limitations and relative rights of such shares.

The additional flexibility afforded by the ability to issue additional shares of AER Common Stock and AER Preferred Stock could enhance the arm's-length bargaining capability of the Board of Directors on behalf of the Company's shareholders in a situation involving a solicitation to obtain control of the Company without the approval of the Board of Directors. In such an event, it might be possible for the Board of Directors to authorize the issuance of a series of AER Preferred Stock with relative rights and preferences that could impede the completion of such a transaction. The Board of Directors would be able to authorize holders of such AER Preferred Stock to vote, either separately as a class or with the holders of AER Common Stock, on any merger, sale or exchange of assets by the Company or other extraordinary corporate transactions. Since the issuance of the AER Preferred Stock could be used to dilute the stock ownership of a person or entity seeking to obtain control of the Company, shares of the AER Preferred Stock could be privately placed with purchasers who might ally themselves with the Board of Directors to oppose such a bid. The additional shares of AER Common Stock proposed to be authorized might also be issued to a holder who would vote against a proposed merger or sale of assets or other corporate transaction and therefore might be available to impede or discourage an acquisition of the Company without the consent of the Board of Directors. However, such an issuance would also affect shareholder value by diluting the stock ownership of all shareholders, who, at the time of such issuance, own stock of the same class whether such shareholders were in favor of or against such transaction. The Board of Directors has no present plans or understandings for the issuance of AER Common Stock or AER Preferred Stock except for stock issued to raise additional capital for operations and pursuant to any of the Company's existing or proposed employee benefit plans, and the Company does not intend to issue any AER Common Stock or AER Preferred Stock except on terms which the Board of Directors deems to be in the best interests of the Company and its shareholders. The AER Preferred Stock, together with any authorized but unissued shares of AER Common Stock, also could represent additional capital required to be purchased by an acquiror.

SHAREHOLDER VOTE

The approval of the proposed amendments to the Articles of Incorporation will require the affirmative vote of the holders of a majority of the issued and outstanding shares of AER Common Stock. THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" APPROVAL OF PROPOSAL 2.

PROPOSAL 3

APPROVAL OF THE AER ENERGY RESOURCES, INC. 2002 EMPLOYEE INCENTIVE PLAN

On March 22, 2002, the Board of Directors adopted the AER Energy Resources, Inc. 2002 Employee Incentive Plan (the "2002 Incentive Plan"), subject to shareholder approval at the Annual Meeting. The full text of the 2002 Incentive Plan is attached as Appendix B to this Proxy Statement. The following summary of the material provisions of the 2002 Incentive Plan is qualified, in its entirety, by reference to the 2002 Incentive Plan as set forth in Appendix B. Capitalized terms not otherwise defined herein shall have the meaning set

Edgar Filing: AER ENERGY RESOURCES INC /GA - Form DEF 14A

forth in the 2002 Incentive Plan.

PURPOSE AND ADMINISTRATION

Under the 2002 Incentive Plan, the Company may grant to eligible persons, including employees, directors, consultants and advisors of the Company, incentive stock options, non-qualified stock options, restricted stock awards, stock appreciation rights, other stock-based awards and performance awards. The Committee believes that the 2002 Incentive Plan is an important part of the Company's overall compensation program. The 2002 Incentive Plan supports the Company's ongoing efforts to attract and retain talented employees and directors and gives the Company the ability to provide employees and others with incentives that are directly linked to the Company's financial results and increases in shareholder value. In addition, the Company may grant options outside the 2002 Incentive Plan.

Eligibility. The Committee determines the persons eligible to receive awards under the 2002 Incentive Plan. These persons may include, without limitation, employees, directors, key consultants or advisors of the Company.

Administration. The Committee administers the 2002 Incentive Plan, except that with respect to options or awards granted to the Company's executive officers or directors, the Board of Directors or a committee comprised solely of two or more non-employee directors (if the Company's Compensation Committee is not so comprised) is responsible for granting awards. The Committee will determine the terms of any awards granted under the 2002 Incentive Plan, within limitations specified therein, which will be set forth in an award agreement that can be amended by the Committee.

Shares Reserved. The maximum number of shares of AER Common Stock that currently may be subject to outstanding awards, determined immediately after the grant of any award, is 4,000,000 shares, subject to adjustments for stock splits, dividends and other dilution events. Once issued, shares underlying options, SARs or other stock-based awards that are cancelled or forfeited prior to exercise will be available for reissuance under the 2002 Incentive Plan.

Stock-Based Awards. The 2002 Incentive Plan permits the Company to grant incentive stock options, which qualify for special tax treatment, and non-qualified stock options, as well as restricted stock awards, stock appreciation rights and other stock-based awards. The exercise price for incentive stock options cannot be less than the fair market value of a share of AER Common Stock on the date of grant, as determined under the 2002 Incentive Plan. Further, an incentive stock option must comply with all of the other requirements of Code with respect to incentive stock options. The total number of shares of restricted stock and shares subject to options granted to a single person under the 2002 Incentive Plan may not exceed 500,000, or 25% of the number of shares of AER Common Stock originally reserved for issuance under the 2002 Incentive Plan. This limitation is to ensure that performance-based awards issued under the 2002 Incentive Plan are exempt from the limitations of Section 162(m) under the Code and to provide the Company with flexibility over the life of the 2002 Incentive Plan. However, the Company does not intend in the foreseeable future to issue awards that might approach or reach these limits. Incentive stock options may not be granted under the 2002 Incentive Plan after January 31, 2012.

Restricted Stock. Under the 2002 Incentive Plan, the Company may also award shares of restricted AER Common Stock. Each award agreement will set forth conditions that must be satisfied before the restricted stock vests and becomes transferable. For example, restricted stock awards may be forfeited to the extent that the award

did not vest before the recipient's employment terminated. Except as specified at the time of grant, holders of restricted stock will have voting rights and the right to receive dividends on such stock.

Performance-Based Awards. The 2002 Incentive Plan permits the Company to grant performance-based awards. These performance-based awards are based upon the achievement of specified objectives of the Company or any subsidiary, affiliates or units thereof, or any individual, as established by the Committee. Performance goals may be based upon any criteria determined by the Committee; however, for awards that are intended to constitute "performance-based" compensation within the meaning of Section 162(m) of the Code, such goals shall be based on one or more of the following criteria: earnings per share, total shareholder return, operating income, net income, cash flow, return on equity, return on capital, and earnings before interest, taxes, depreciation and amortization. These goals are established with respect to a performance cycle selected by the Committee during which the applicable performance criteria are measured to determine the extent to which an award subject to performance goals has been earned. Performance-based awards are payable only in cash. Performance-based awards with a performance cycle of one year or less may not exceed \$1,000,000. Performance-based awards with a performance cycle of greater than one year shall not exceed \$1,000,000 times the number of years in the performance cycle. These limitations are to ensure that performance-based awards issued under the 2002 Incentive Plan are exempt from the limitations of Section 162(m) under the Code and to provide the Company with flexibility over the life of the 2002 Incentive Plan. However, the Company does not intend in the foreseeable future to issue awards that might approach or reach this dollar limit.

Effect of Change in Control. The 2002 Incentive Plan provides that in the event of a "change in control" (as defined therein), all stock options and SARs will become immediately exercisable, the restrictions applicable to outstanding restricted stock and other stock-based awards will lapse, and, unless otherwise determined by the Committee, the value of outstanding stock options, SARs, restricted stock and other stock-based awards will be cashed out on the basis of the highest price paid (or offered) during the preceding 60-day period. In addition, outstanding performance-based awards will be vested and paid out on a prorated basis, based on the maximum award opportunity of such awards and the number of months elapsed compared with the total number of months in the performance cycle.

Amendment and Termination. The 2002 Incentive Plan may be amended or terminated by the Board of Directors and without shareholder approval, unless shareholder approval is required under applicable law to effect such amendment. Except as set forth in an award agreement, no termination or amendment of the 2002 Incentive Plan may materially and adversely affect any outstanding awards without the recipient's consent.

FEDERAL INCOME TAX CONSEQUENCES

The following is a brief summary of the U.S. Federal income tax consequences generally associated with awards under the 2002 Incentive Plan. The following summary is for general information only, and interested parties should consult their own advisors as to specific tax consequences applicable to them, including the application and effect of foreign, state and local tax laws.

Nonqualified Stock Options. Nonqualified stock options granted under the 2002 Incentive Plan will not be taxable to an employee on the date of grant but generally will result in taxation when exercised. At that time, the employee will recognize ordinary income in an amount equal to the excess of the fair

Edgar Filing: AER ENERGY RESOURCES INC /GA - Form DEF 14A

market value of the stock acquired upon exercise over the option price paid for the stock. The Company will be entitled to a corresponding deduction when the employee must recognize the income and in the amount of the income recognized.

Incentive Stock Options. An employee will not recognize income upon the grant of an incentive stock option. An employee also generally will not recognize income upon exercise of an incentive stock option provided that he had been an employee of the Company or its subsidiaries at all times from the date of grant of the incentive stock option until three months before exercise of the incentive stock option (or one year, in the case of an exercise after becoming disabled). The amount by which the fair market value of the stock at exercise exceeds the exercise price, however, is an adjustment in computing the employee's alternative minimum tax in the year of exercise. If the employee holds the shares of AER Common Stock acquired upon exercise of an incentive stock option at least until the first anniversary of the date of exercise or, if later, the second anniversary of the date of grant of the incentive stock option, upon disposition of the shares the employee will have capital gain equal to the excess of the amount

10

realized upon the disposition over the amount paid for the shares. If the employee holds the shares for this period, the Company will not be entitled to a deduction with respect to the incentive stock option.

If an employee disposes of shares acquired upon exercise of an incentive stock option before the expiration of the holding period described above, the employee is considered to have engaged in a "disqualifying disposition," as a consequence of which the employee will generally recognize ordinary income in the year of the disqualifying disposition equal to the excess, if any, of the lesser of the amount realized upon disposition of the shares and the fair market value of the shares on the date of exercise over the exercise price paid for the shares. If the amount realized upon disposition is greater than the fair market value of the shares on the date of exercise, the difference will be taxable to the employee as capital gain. The Company will be entitled to a deduction in the year of the disqualifying disposition in an amount equal to the amount of ordinary income recognized as a result of the disqualifying disposition.

Stock Appreciation Rights. The grant of an SAR does not create tax consequences to an employee. Instead, upon exercise, the employee recognizes ordinary income equal to the amount of cash or the fair market value of any shares of Common Stock the employee receives. The Company will be entitled to a corresponding deduction.

Restricted Stock. The recognition of income for federal tax purposes relating to an award of restricted stock depends on the restrictions imposed on the shares. Generally, taxation occurs in the first taxable year in which the shares cease to be subject to a substantial risk of forfeiture. When the restrictions lapse, the employee will recognize taxable income equal to the excess of the fair market value of the stock at that time over the amount, if any, paid for the stock. The employee may, however, make an election to include in income when the shares are first transferred to him an amount equal to the excess of the fair market value of the stock at that time over the amount, if any, paid for the stock. The Company is generally entitled to a deduction corresponding to the employee's income inclusion.

Other Stock-Based Awards/Performance-Based Awards. Any cash payments or the fair market value of any Common Stock or other property an employee receives in connection with other stock-based awards or performance-based awards will be

Edgar Filing: AER ENERGY RESOURCES INC /GA - Form DEF 14A

taxable as ordinary income to the employee in the year received. The Company will generally be entitled to a corresponding deduction.

Other Federal Income Tax Considerations. As noted above, Section 162(m) of the Code places a \$1,000,000 annual limit on the compensation deductible by the Company paid to certain of its executives. The limit, however, does not apply to "qualified performance-based compensation." The Company believes that its awards of stock options, SARs and certain other performance-based compensation awards under the 2002 Incentive Plan will qualify for this exception to the deductibility limit.

Also, awards that are granted, accelerated or enhanced upon the occurrence of a change in control may give rise, in whole or in part, to "excess parachute payments" within the meaning of Section 280G of the Code and, to such extent, will be non-deductible by the Company and subject to a 20% excise tax by the participant.

State tax consequences may in some cases differ from the federal tax consequences. In addition, awards under the 2002 Incentive Plan may in some instances be made to employees who are subject to tax in jurisdictions other than the United States and may result in consequences different from those described above.

As of April 10, 2002, the Company has not granted any options under the 2002 Incentive Plan and the number of awards that may be granted to the Company's executive officers, directors and employees is not presently determinable.

SHAREHOLDER VOTE

The 2002 Incentive Plan will be approved and adopted if the number of votes cast FOR such approval and adoption exceeds the number of votes cast AGAINST such approval and adoption. THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE ADOPTION AND APPROVAL OF THE AER ENERGY RESOURCES, INC. 2002 EMPLOYEE INCENTIVE PLAN AS SET FORTH IN APPENDIX B ATTACHED HERETO.

EXECUTIVE COMPENSATION

REPORT ON EXECUTIVE COMPENSATION BY THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee of the Board of Directors of the Company is composed of directors who are not employees of the Company. The Board of Directors has delegated to the Compensation Committee the authority:

1. To determine the compensation of David W. Dorheim, President and Chief Executive Officer of the Company.
2. To approve, upon recommendation by Mr. Dorheim, the compensation arrangements of executive officers of the Company, other than Mr. Dorheim, including the executive officers named in the Summary Compensation Table below.
3. To grant options to employees of the Company under the 1992 Option Plan and to carry out the duties and responsibilities of the Board of Directors with respect to the Company's incentive plans.

Compensation Policies

The Company's compensation policies for executive officers are designed to provide competitive levels of compensation allowing the Company to attract and retain highly qualified executive officers whose contributions are essential to the success of the Company. The Compensation Committee approves salary increases of executive officers. The Company's compensation policies for executive officers have two principal components: (1) a significant portion of an individual executive officer's compensation depends on the performance of the individual, and (2) compensation in the form of stock options is contingent upon continued employment of the executive officer over a specified period of time because options typically do not fully vest for five years. The Compensation Committee believes that ownership of the Company's stock by its executive officers is important, and the Company's compensation policies and plans are designed to encourage such stock ownership. Specific information concerning the implementation of these policies in connection with the compensation of Mr. Dorheim and the other executive officers is provided below.

Annual Salaries

The annual salaries of executive officers are fixed initially at amounts that are deemed sufficient to induce them to accept employment with the Company. Salaries of executive officers are reviewed annually, and increases, if any, are made based on the individual's and the Company's performance. To the extent any salary increases have been granted, they have been based on a subjective evaluation of the performance of the recipient.

The Company currently intends that all compensation paid to executive officers shall qualify for deductibility under Section 162(m) of the Internal Revenue Code (the "Code"), which provides that compensation paid to certain executive officers of public corporations in excess of \$1,000,000 per year is not deductible for federal income tax purposes.

Payment of Bonuses

No bonuses were paid in 2001 to the executive officers, except to Mr. Dorheim as described below.

Compensation of Chief Executive Officer

Using the criteria discussed above and in recognition of his continued efforts in implementing a new corporate strategy, Mr. Dorheim's salary was \$228,898 for 2001, an increase of \$12,336 (5.7%) over the prior year. Pursuant to an understanding between the Company and Mr. Dorheim when he was hired in 1989, Mr. Dorheim receives a \$6,000 per year automobile allowance. In addition, Mr. Dorheim received a \$33,000 bonus payment in 2001.

Stock Options

At present, a maximum of 2,000,000 shares of AER Common Stock may be subject to outstanding awards under the 1992 AER Energy Resources, Inc. 1992 Stock Option Plan, as amended (the "1992 Option Plan"). Under the 1992 Option Plan, in 1993, 1994 and 1995, the Compensation Committee awarded to executive officers options to purchase AER Common Stock. These options became exercisable at 20% per year following the date of grant, expire in ten years, and were originally priced at 100% of the fair market value of the AER Common Stock at the date of each grant. These options were repriced effective March 22, 1996 to

Edgar Filing: AER ENERGY RESOURCES INC /GA - Form DEF 14A

the closing market price on that date. In connection with the repricing, each option holder agreed that each of the repriced options could not be exercised for a period of one year. In 1999, under the 1992 Option Plan, the Compensation Committee awarded to executive officers and all other employees, options to purchase AER Common Stock. These options were to become exercisable in 2001 if certain performance goals were met by the Company. Because the goals were not met, the options will fully vest five years from the date of grant. In 2001, under the 1992 Option Plan, the Compensation Committee awarded to executive officers and all other employees 323,500 options to purchase AER Common Stock, although as of April 17, 2002, 17,500 of these options granted in 2001 were forfeited in connection with the termination of certain of the Company's employees in February 2002. These options will fully vest when the Company meets certain performance goals, or if these goals are not achieved in five years, then the options will fully vest in 2006 as of date of grant.

All of the options granted by the Company encourage executive officers and employees to remain employed by the Company, and the value of the options depends on increases in the market value of AER Common Stock. As of December 31, 2001, 1,472,000 options were outstanding under the 1992 Option Plan.

DIRECTOR COMPENSATION

The Company historically has paid no cash compensation to its directors, except reimbursement for reasonable expenses. In 1993, the Board of Directors adopted the Company's 1993 Non-Employee Directors' Restricted Stock Award Plan (the "Restricted Stock Plan"), pursuant to which non-employee directors are granted restricted stock awards. The Restricted Stock Plan was approved by the Company's shareholders at the Company's 1994 Annual Meeting of Shareholders. Under the Restricted Stock Plan, every five years each non-employee director receives a restricted stock award of 15,000 shares of AER Common Stock. Restrictions on such shares lapse 20% per year for each year the non-employee director serves on the Board of Directors. Awards are pro-rated for non-employee directors selected between annual meetings of the shareholders. As of March 11, 2002, 170,750 shares of restricted stock had been awarded pursuant to the Restricted Stock Plan.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Effective May 7, 1993, the Board of Directors established a Compensation Committee of which no executive officers or former executive officers are or have been members. Prior to May 1993, the Board of Directors as a whole, including Mr. Dorheim, participated in determining executive officer compensation. Presently, the Compensation Committee is comprised of Messrs. Dixon, Jackson and Wilkes. During the last fiscal year, the Compensation Committee was comprised of Messrs. Brown, Lindseth and Jackson.

In February 2001, Elmwood Partners II, an entity controlled by Mr. Lindseth, purchased from the Company 102,250 shares of Series B Preferred Stock and a warrant to purchase 776,699 shares of AER Common Stock, for an aggregate purchase price of \$1,000,000 in cash.

In June 2001, FW AER II purchased from the Company 102,250 shares of Series C Preferred Stock and a warrant to purchase 982,891 shares of AER Common Stock, for an aggregate purchase price of \$1,000,000 in cash. Mr. Brown is an executive officer of the general partner of FW AER II.

In August and November 2001, the Company issued a revolving credit loan note (collectively, the "Convertible Notes") to Elmwood Partners II, each in the aggregate principal amount of \$1,000,000. Such notes were mandatorily convertible into shares of Series D Preferred Stock and warrants to purchase AER Common Stock on the same terms and for the same number of shares as the stock and warrants to be delivered in any future offering by the Company of Series D Preferred Stock, so long as the closing of such offering occurred prior to January 31, 2002. Each note bore interest at prime plus 1% per year and matured on the earlier of January 31, 2002 or the closing of the Company's sale of Series D Preferred Stock.

In January 2002, Elmwood Partners II purchased from the Company 270,000 shares of Series D Preferred Stock and a warrant to purchase 3,408,522 shares of AER Common Stock, for an aggregate purchase price of \$2,720,000, of which \$2,027,944 was funded through the mandatory conversion in full of principal and interest outstanding under the Convertible Notes and \$692,056 was paid in cash.

CERTAIN TRANSACTIONS

The Company is party to a 1989 License Agreement (the "DEMI License") with Dreisbach Electromotive, Inc. ("DEMI") and Mike Cheiky, a founder of DEMI, its former principal inventor and a former director of DEMI. During 1999, all minimum royalty payments under this agreement were completed and paid in full. DEMI has also agreed to the terms of a proposed original equipment manufacturer ("OEM") air manager license agreement to be entered into by the Company and any OEMs licensing the air manager system. The DEMI License basically provides for royalties of 4% payable to DEMI on net sales of zinc-air batteries incorporating

Edgar Filing: AER ENERGY RESOURCES INC /GA - Form DEF 14A

DEMI's technology made by the Company or its sublicensees. The OEM air manager license basically provides that 4% of the royalties the Company receives from sublicensing the air manager system will be payable to DEMI. In 2001, the Company did not pay any royalties to DEMI pursuant to the DEMI License.

Mr. Dorheim is a director of DEMI. At the time the DEMI License was executed, all of the shareholders of DEMI were shareholders in the Company. The Company is unable to determine how many DEMI shareholders (other than entities controlled by Mr. Lindseth (collectively, the "Lindseth Entities")) currently own AER Common Stock. As of December 31, 2001, the Lindseth Entities beneficially owned approximately 13% of the stock of DEMI.

In February 2001, the Company sold in a private placement a total of 102,250 shares of Series B Preferred Stock and a warrant to purchase 776,699 shares of AER Common Stock to Elmwood Partners II, an entity controlled by Mr. Lindseth, the Chairman of the Board of Directors and a beneficial owner (prior to such purchase) of more than 5% of the outstanding AER Common Stock. Elmwood Partners II paid \$1,000,000 in cash for such securities. The Series B Preferred Stock is convertible into AER Common Stock and the warrant may be exercised at a price of \$0.5376 per share, subject to adjustment as provided in the warrant.

16

In June 2001, the Company sold in a private placement a total of 102,250 shares of Series C Preferred Stock and a warrant to purchase 982,981 shares of AER Common Stock to FW AER II, an entity controlled by J. Taylor Crandall, a beneficial owner (prior to such purchase) of more than 5% of the outstanding AER Common Stock. Mr. Brown is an executive officer of the general partner of FW AER II. FW AER II paid \$1,000,000 in cash for such securities. The Series C Preferred Stock is convertible into AER Common Stock and the warrant may be exercised at a price of \$0.4248 per share, subject to adjustment as provided in the warrant.

In August and November 2001, the Company issued a Convertible Note to Elmwood Partners II in the principal amount of \$1,000,000. Each Convertible Note bore interest at a rate of prime plus 1% per year and matured on the earlier of January 31, 2002 or the closing of any future offering by the Company of Series D Preferred Stock. These notes were unsecured obligations of the Company and all amounts of principal and interest thereunder were required to convert in full into shares of Series D Preferred Stock and warrants to purchase AER Common Stock on the same terms and for the same number of shares as the stock and warrants to be delivered in any future offering by the Company of Series D Preferred Stock, so long as the closing of such offering occurred prior to January 31, 2002.

In January 2002, the Company sold in a private placement a total of 272,000 shares of Series D Preferred Stock and a warrant to purchase 3,408,522 shares of AER Common Stock to Elmwood Partners II. Elmwood Partners II paid \$2,720,000 for such securities, of which \$2,027,944 was funded through the conversion in full of principal and interest outstanding under the Convertible Notes, and \$692,056 was paid in cash. The Series D Preferred Stock is convertible into AER Common Stock and the warrant may be exercised at a price of \$0.3192 per share, subject to adjustment as provided in the warrant.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers and directors, and persons who own more than ten percent of the outstanding AER Common Stock, to file reports of ownership and changes of ownership with the SEC. Officers, directors and greater than 10%

Edgar Filing: AER ENERGY RESOURCES INC /GA - Form DEF 14A

shareholders are also required to furnish the Company with copies of all Section 16(a) forms they file. Based solely on the Company's review of copies of such forms furnished to the Company during 2001, or written representations that no Form 5s were required, the Company believes that its officers, directors and greater than 10% shareholders complied with all applicable Section 16(a) filing requirements during 2001 and in prior years.

RELATIONSHIP WITH INDEPENDENT PUBLIC AUDITORS

In order to reduce the Company's auditing fees, the Board of Directors has approved the termination of the engagement of Ernst & Young as its independent public auditors and has approved the selection of Grant Thornton LLP as independent public auditors of the Company for 2002. At present, however, the engagement of Ernst & Young has not been terminated, and Grant Thornton LLP has not been engaged as the Company's new independent public auditors. Ernst & Young will continue to serve as the Company's independent public auditors until such time.

Ernst & Young has been the independent public auditors for the Company since 1989. Representatives of Ernst & Young are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so and will be able to respond to appropriate questions.

AUDIT FEES

The aggregate fees billed by Ernst & Young for professional services rendered for the audit of the Company's annual financial statements for the fiscal year ended December 31, 2001 and the reviews of the financial statements included in the Company's Forms 10-Q for such fiscal year were approximately \$56,000. Audit related services totaled \$8,000.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

No fees were billed in fiscal year 2001 by Ernst & Young for professional services related to financial information systems design and implementation, as such services are defined in the accounting rules of the SEC.

17

ALL OTHER FEES

Other fees to Ernst & Young for the fiscal year ended December 31, 2001 were \$8,713. The Audit Committee has considered whether the provision of the services described above (other than the audit and review services described in "Audit Fees" above) is compatible with maintaining the independence of Ernst & Young as the Company's independent auditors.

5. AWARDS.

(a) General. The types of Awards that may be granted under the Plan are set forth below. Awards may be granted singly, in combination or in tandem with other Awards.

(i) Stock Options. A Stock Option represents the right to purchase a share of Stock at a predetermined grant price. Stock Options granted under this Plan may be in the form of Incentive Stock

B-3

Options or Nonqualified Stock Options, as specified in the Award agreement. The term of each Stock Option shall be set forth in the Award agreement, but no Incentive Stock Option shall be exercisable more than ten years after the grant date. The grant price per share of Common Stock purchasable under an Incentive Stock Option shall not be less than 100% of the Fair Market Value on the date of grant, and any Incentive Stock Option granted to a participant owning (as defined in Section 422 of the Code or any successor provision) stock possessing

more than 10% of the total combined voting power of all classes of stock of the Company or one of its parent (if any) or subsidiary corporations shall comply with any applicable provisions of Section 422 of the Code or any successor provision. Subject to the applicable Award agreement, Stock Options may be exercised, in whole or in part, by giving written notice of exercise to the Company specifying the number of shares to be purchased. Such notice shall be accompanied by payment in full of the purchase price by certified or bank check or such other instrument as the Company may accept (including a copy of instructions to a broker or bank acceptable to the Company to deliver promptly to the Company an amount of sale or loan proceeds sufficient to pay the purchase price). As determined by the Committee, payment in full or in part may also be made in the form of Common Stock already owned by the optionee valued at the Fair Market Value on the date the Stock Option is exercised. On receipt of written notice of exercise, the Committee may elect to cash out all or a portion of the shares of Common Stock for which a Stock Option is being exercised by paying the optionee an amount, in cash or Common Stock, equal to the Spread Value of such shares on the date such notice of exercise is received.

(ii) Stock Appreciation Rights. An SAR represents the right to receive a payment, in cash, shares of Common Stock or both (as determined by the Committee), equal to the Spread Value on the date the SAR is exercised. The grant price of an SAR shall be set forth in the applicable Award agreement. Subject to the terms of the applicable Award agreement, an SAR shall be exercisable, in whole or in part, by giving written notice of exercise to the Company.

(iii) Restricted Stock. Shares of Restricted Stock are shares of Common Stock that are awarded to a participant and that during the Restricted Period may be forfeitable to the Company upon such conditions as may be set forth in the applicable Award agreement. Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered during the Restricted Period. Except as provided in this subsection (iii) and in the applicable Award agreement, a participant shall have all the rights of a holder of Common Stock, including the rights to receive dividends and to vote during the Restricted Period. Dividends with respect to Restricted Stock that are payable in Common Stock shall be paid in the form of Restricted Stock.

(iv) Other Stock-Based Awards. Other Stock-Based Awards are Awards, other than Stock Options, SARs or Restricted Stock, that are denominated in, valued in whole or in part by reference to, or otherwise based on or related to, Common Stock. The purchase, exercise, exchange or conversion of Other Stock-Based Awards granted under this subsection (iv) shall be on such terms and conditions and by such methods as shall be specified by the Committee.

(v) Incentive Awards. Incentive Awards are performance-based Awards that are expressed in U.S. currency. Incentive Awards shall either be Annual Incentive Awards or Long-Term Incentive Awards.

(b) Maximum Awards. The total number of shares of Restricted Stock and other shares of Common Stock subject to or underlying Stock Options, SARs and Other Stock-Based Awards awarded to any participant during the term of this Plan shall not exceed 25% of the shares of Common Stock originally reserved for distribution pursuant to the Plan. An Annual Incentive Award paid to a participant with respect to any Performance Cycle shall not exceed \$1,000,000. A Long-Term Incentive Award paid to a participant with respect to any Performance Cycle shall not exceed \$1,000,000 times the number of years in the Performance Cycle. An amount not in excess of 25% of the shares of Common Stock originally reserved for distribution pursuant to the Plan may be issued pursuant to Restricted Stock Awards and Other

Stock-Based Awards, except that Other Stock-Based Awards with values based on Spread Values shall not be included in this limitation.

(c) Performance-Based Awards. Any Awards granted pursuant to the Plan may be in the form of performance-based Awards through the application of Performance Goals and Performance Cycles.

6. CHANGE IN CONTROL PROVISIONS.

(a) Impact of Event. Notwithstanding any other provision of the Plan to the contrary, in the event of a Change in Control:

(i) All Stock Options and Stock Appreciation Rights outstanding as of the date such Change in Control occurs shall become fully vested and exercisable.

(ii) The restrictions and other conditions applicable to any Restricted Stock or Other Stock-Based Awards, including vesting requirements, shall lapse, and such Awards shall become free of all restrictions and fully vested.

(iii) The value of all outstanding Stock Options, Stock Appreciation Rights, Restricted Stock and Other Stock-Based Awards shall, unless otherwise determined by the Committee at or after grant, be cashed out on the basis of the "Change in Control Price," as defined in Section 6(c), as of the date such Change in Control occurs or such other date as the Committee may determine prior to the Change in Control.

(iv) Any Incentive Awards relating to Performance Cycles prior to the Performance Cycle in which the Change in Control occurs that have been earned but not paid shall become immediately payable in cash. In addition, each participant who has been awarded an Incentive Award shall be deemed to have earned a pro rata Incentive Award equal to the product of (y) such participant's maximum award opportunity for such Performance Cycle, and (z) a fraction, the numerator of which is the number of full or partial months that have elapsed since the beginning of such Performance Cycle to the date on which the Change in Control occurs, and the denominator of which is the total number of months in such Performance Cycle.

(b) Definition of Change in Control. A "Change in Control" means the happening of any of the following events:

(i) The acquisition, other than in a transaction approved by the Incumbent Board, by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act) (a "Person") of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 20% or more of either (A) the then outstanding shares of Common Stock (the "Outstanding Company Common Stock") or (B) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (the "Outstanding Company Voting Securities"); provided, however, that the following acquisitions shall not constitute a Change in Control: (1) any acquisition directly from the Company, (2) any acquisition by the Company, (3) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company or (4) any acquisition by any corporation pursuant to a transaction described in clauses (A), (B) and (C) of paragraph (iii) of this Section 6(b); or

(ii) Individuals who, as of the effective date of the Plan, constitute the Board (the "Incumbent Board") cease for any reason to

Edgar Filing: AER ENERGY RESOURCES INC /GA - Form DEF 14A

constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent to such effective date whose election, or nomination for election by the shareholders of the Company, was approved by a vote of at least a majority of the directors

B-5

then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board; or

(iii) Approval by the shareholders of the Company of a reorganization, merger, share exchange or consolidation (a "Business Combination"), unless, in each case following such Business Combination, (A) all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of, respectively, the then outstanding shares of common stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the corporation resulting from such Business Combination (including, without limitation, a corporation that as a result of such transaction owns the Company through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to such Business Combination of the Outstanding Company Common Stock and Outstanding Company Voting Securities, as the case may be, (B) no Person (excluding any employee benefit plan (or related trust) of the Company or such corporation resulting from such Business Combination) beneficially owns, directly or indirectly, 25% or more of, respectively, the then outstanding shares of common stock of the corporation resulting from such Business Combination or the combined voting power of the then outstanding voting securities of such corporation except to the extent that such Person owned 25% or more of the Outstanding Company Common Stock or Outstanding Company Voting Securities prior to the Business Combination and (C) at least a majority of the members of the board of directors of the corporation resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement, or of the action of the Board, providing for such Business Combination; or

(iv) Approval by the shareholders of the Company of (A) a complete liquidation or dissolution of the Company or (B) the sale or other disposition of all or substantially all of the assets of the Company, other than to a corporation with respect to which, following such sale or other disposition, (1) more than 50% of, respectively, the then outstanding shares of common stock of such corporation and the combined voting power of the then outstanding voting securities of such corporation entitled to vote generally in the election of directors is then beneficially owned, directly or indirectly, by all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such sale or other disposition in substantially the same proportion as their ownership, immediately prior to such sale or other disposition, of the Outstanding Company Common Stock and Outstanding Company Voting Securities, as the case may be, (2) less than 25% of, respectively, the then outstanding shares of common stock of such corporation and the combined voting power of the then outstanding voting securities of such corporation entitled to vote generally in the election of directors is then beneficially owned, directly or indirectly, by any Person (excluding any

Edgar Filing: AER ENERGY RESOURCES INC /GA - Form DEF 14A

employee benefit plan (or related trust) of the Company or such corporation), except to the extent that such Person owned 25% or more of the Outstanding Company Common Stock or Outstanding Company Voting Securities prior to the sale or disposition and (3) at least a majority of the members of the board of directors of such corporation were members of the Incumbent Board at the time of the execution of the initial agreement, or of the action of the Board, providing for such sale or other disposition of assets of the Company or were elected, appointed or nominated by the Board.

(c) Change in Control Price. "Change in Control Price" means the highest price per share of the Common Stock paid in any transaction reported on the OTC-BB (or any other exchange, market or system that at that time reports current trades in the Common Stock) or paid or offered in any bona fide transaction related to a potential or actual change in control of the Company at any time during the preceding 60-day period as determined by the Committee, except that, in the case of Incentive Stock

B-6

Options, unless the Committee otherwise provides, such price shall be based only on transactions reported for the date on which such Incentive Stock Options are cashed out.

(d) Notwithstanding any other provision of this Plan, upon a Change in Control, unless the Committee shall determine otherwise at grant, or after grant but before the Change in Control, an Award recipient shall have the right, by giving notice to the Company within the Exercise Period, to elect to surrender all or part of the Stock Option, SAR or Other Stock-Based Award to the Company and to receive in cash, within 30 days of such notice, an amount equal to the amount by which the "Change in Control Price" on the date of such notice shall exceed the exercise or grant price under such Award, multiplied by the number of shares of Stock as to which the right granted under this Section 6 shall have been exercised.

7. PLAN AMENDMENT AND TERMINATION.

The Board may amend or terminate the Plan at any time, provided that no such amendment shall be made without stockholder approval if such approval is required under applicable law, or if such amendment would increase the total number of shares of Common Stock that may be distributed under the Plan.

Except as set forth in any Award agreement, no amendment or termination of the Plan may materially and adversely affect any outstanding Award under the Plan without the Award recipient's consent.

8. PAYMENTS AND PAYMENT DEFERRALS.

Payment of Awards may be in the form of cash, Stock, other Awards or combinations thereof as the Committee shall determine, and with such restrictions as it may impose. The Committee, either at the time of grant or by subsequent amendment, may require or permit deferral of the payment of Awards under such rules and procedures as it may establish. It also may provide that deferred settlements include the payment or crediting of interest or other earnings on the deferred amounts, or the payment or crediting of dividend equivalents where the deferred amounts are denominated in Common Stock equivalents.

9. DIVIDENDS AND DIVIDEND EQUIVALENTS.

The Committee may provide that any Awards under the Plan earn dividends

Edgar Filing: AER ENERGY RESOURCES INC /GA - Form DEF 14A

or dividend equivalents. Such dividends or dividend equivalents may be paid currently or may be credited to a participant's Plan account. Any crediting of dividends or dividend equivalents may be subject to such restrictions and conditions as the Committee may establish, including reinvestment in additional shares of Common Stock or Common Stock equivalents.

10. TRANSFERABILITY.

Except to the extent permitted by the Award agreement, either initially or by subsequent amendment, Awards shall not be transferable or assignable other than by will or the laws of descent and distribution, and shall be exercisable during the lifetime of the recipient only by such recipient.

11. AWARD AGREEMENTS.

Each Award under the Plan shall be evidenced by a written agreement (which need not be signed by the recipient unless otherwise specified by the Committee) that sets forth the terms, conditions and limitations for each Award. Such terms may include, but are not limited to, the term of the Award, vesting and forfeiture provisions, and the provisions applicable in the event the recipient's employment terminates. The Committee may amend an Award agreement, provided that no such amendment may materially and adversely affect an Award without the Award recipient's consent.

B-7

12. UNFUNDED STATUS OF PLAN.

It is presently intended that the Plan constitute an "unfunded" plan for incentive and deferred compensation. The Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Common Stock or make payments; provided, however, that, unless the Committee otherwise determines, the existence of such trusts or other arrangements is consistent with the "unfunded" status of the Plan.

13. GENERAL PROVISIONS.

(a) Securities Law and Regulatory Compliance. The Committee may require each person acquiring shares of Common Stock pursuant to an Award to represent to and agree with the Company in writing that such person is acquiring the shares without a view to the distribution thereof. The certificates for such shares may include any legend that the Committee deems appropriate to reflect any restrictions on transfer.

(b) Certificates. All certificates for shares of Common Stock or other securities delivered under the Plan shall be subject to such stock transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Commission, any stock exchange upon which the Common Stock is then listed and any applicable Federal, state or foreign securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(c) No Limitations on Other Compensation. Nothing contained in this Plan shall prevent the Company, a subsidiary or an affiliate from adopting other or additional compensation arrangements for its employees or directors.

(d) No Employment Rights. The adoption of the Plan shall not confer upon any employee any right to continued employment nor shall it interfere in any way with the right of the Company, a subsidiary or an affiliate

to terminate the employment of any employee at any time.

(e) Withholding and Taxes. No later than the date as of which an amount first becomes includible in the gross income of the participant for Federal income tax purposes with respect to any Award under the Plan, the participant shall pay to the Company, or make arrangements satisfactory to the Company regarding the payment of, any Federal, state, local or foreign taxes of any kind required by law to be withheld with respect to such amount. Unless otherwise determined by the Committee, withholding obligations arising from an Award may be settled with Common Stock, including Common Stock that is part of, or is received upon exercise or conversion of, the Award that gives rise to the withholding requirement. The obligations of the Company under the Plan shall be conditional on such payment or arrangements, and the Company, its subsidiaries and its affiliates shall, to the extent permitted by law, have the right to deduct any such taxes from any payment otherwise due to the participant. The Committee may establish such procedures as it deems appropriate, including the making of irrevocable elections, for the settling of withholding obligations with Common Stock.

(f) Governing Law. The Plan and all Awards made and actions taken thereunder shall be governed by and construed in accordance with the laws of the State of Georgia.

(g) Severability. If any provision of the Plan is held invalid or unenforceable, the invalidity or unenforceability shall not affect the remaining parts of the Plan, and the Plan shall be enforced and construed as if such provision had not been included.
