ITEM 1.01 ENTRY INTO A DEFINITIVE MATERIAL AGREEMENT

On September 6, 2006, for retention purposes Regions Financial Corporation implemented enhancements to the separation benefits potentially payable to certain executive officers, affecting generally those who are party to a career award agreement, an employment agreement that includes change of control provisions, or a change of control agreement with Regions.

If a participant in Regions' Career Award Program is terminated without "cause"

Edgar Filing: REGIONS FINANCIAL CORP - Form 8-K

in connection with the Regions/AmSouth merger, he or she will be entitled to an increased separation payment such that it approximates the amount that would have been receivable upon a termination without "cause" or for "good reason" in connection with the Regions/Union Planters merger.

Executive officers affected by this enhancement include William E. Askew, David C. Gordon, Robert A. Goethe, D. Bryan Jordan, Peter D. Miller, Andrew W. Stein, Samuel E. Upchurch, Jr., and Steve R. Vinson.

A similar enhancement is being afforded to certain of the remaining executive officers who do not participate in the Regions Career Award Program and who have an existing change of control agreement (or change of control provision in an employment agreement). If an affected executive officer is terminated without "cause" in connection with the Regions/AmSouth merger, he or she will be entitled to receive upon termination the payments and benefits provided in the existing agreement for a termination following a change of control.

Executive officers affected by this enhancement include John M. Daniel, H. Lynn Harton, Steve J. Schenck, and John V. White, Jr.

In all instances, the increase is contingent upon the executive officer's agreeing to remain employed through a date to be specified by Regions, continuing to work regular business hours through termination, and agreeing to a waiver and release of claims in respect of his or her existing agreement. In addition, if increased benefits become payable, any remaining unvested restricted stock granted prior to the closing date of the Regions/AmSouth merger will become immediately vested upon termination of employment.

In Regions' discretion, voluntarily termination in connection with a material adverse change in pay, location or responsibilities may entitle the participant to the increased separation payment, subject to further conditions and limitations.

The forms of memorandum documenting this enhancement are included as exhibit 99.1 and exhibit 99.2, and are incorporated herein by reference.
