PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation of proxies by our Board of Directors for use at the Annual Meeting of Shareholders to be held on Tuesday, February 13, 2007 at 10:00 a.m., local time, and at any adjournments or postponements of the Annual Meeting. The meeting will take place at the Cross Creek Country Club, 1129 Greenhill Road, Mount Airy, North Carolina. This proxy statement, accompanying proxy card and the 2006 Annual Report, which includes our financial statements, are first being mailed to our shareholders on or about January 12, 2007.

This proxy statement summarizes certain information you should consider before you vote at the Annual Meeting. However, you do not need to attend the Annual Meeting to vote your shares. If you do not expect to attend or prefer to vote by proxy, you may follow the voting instructions on the enclosed proxy card. In this proxy statement, Insteel Industries, Inc. is generally referred to as we, our, Insteel Industries, Insteel or the Company.

The attached proxy card indicates the number of shares of Insteel Industries common stock that you own. In this proxy statement, outstanding Insteel Industries common stock (no par value) is sometimes referred to as the Shares.

**QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING
AND RELATED PROXY MATERIALS**

Why am I receiving this proxy statement and proxy card?

You are receiving a proxy statement and proxy card from us because you owned common stock of Insteel Industries at the close of business on the December 11, 2006 record date for the 2007 Annual Meeting. This proxy statement describes matters on which we would like you, as a shareholder, to vote. It also gives you information on these matters so that you can make an informed decision.

When you sign and return the proxy card, you appoint Howard O. Woltz, Jr. and H.O. Woltz III, and each of them individually, as your representatives at the meeting. Messrs. Woltz, Jr. and Woltz III will vote your Shares at the meeting as you have instructed them. This way, your Shares will be voted regardless of whether you attend the Annual Meeting. Even if you plan to attend the meeting, it is a good idea to complete, sign and return the enclosed proxy card in advance of the meeting just in case your plans change. Returning the proxy card will not affect your right to attend or vote at the Annual Meeting.

If a matter comes up for vote at the meeting that is not described in this proxy statement or listed on the proxy card, Messrs. Woltz, Jr. and Woltz III will vote your Shares, under your proxy, in their discretion.

Table of Contents

What is being voted on at the Annual Meeting?

At the Annual Meeting, shareholders entitled to vote will be asked to act upon the following matters as set forth in the accompanying notice of meeting:

§ the election of three directors, each for three-year terms as discussed herein; and

§ any other matters that may properly come before the meeting or any adjournments or postponement thereof.

Who is entitled to vote?

All holders of record of our Shares at the close of business on December 11, 2006 are entitled to receive notice of the Annual Meeting and to vote the Shares held by them on the record date. Each outstanding Share entitles its holder to cast one vote for each matter to be voted upon.

May I attend the meeting?

All holders of record of our Shares at the close of business on the record date, or their designated proxies, are entitled to attend the Annual Meeting.

What constitutes a quorum in order to hold and transact business at the meeting?

Consistent with state law and our bylaws, the presence, in person or by proxy, of holders of at least a majority of the total number of Shares entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. As of the record date, there were 18,215,407 Shares outstanding and entitled to vote at the Annual Meeting. Once a Share is represented for any purpose at a meeting, it is deemed present for quorum purposes for the remainder of the meeting and any adjournment thereof; unless a new record date is or must be set for the adjournment. Shares held of record by Shareholders or their nominees who do not vote by proxy or attend the Annual Meeting in person will not be considered present or represented at the Annual Meeting and will not be counted in determining the presence of a quorum. Proxies that withhold authority or reflect abstentions or broker non-votes will be counted for purposes of determining whether a quorum is present. Broker non-votes are proxies received from brokerage firms or other nominees holding Shares on behalf of their clients who have not been given specific voting instructions from their clients with respect to non-routine matters. See Will my Shares be voted if I do not sign and return my proxy card?

How do I vote?

Voting by Holders of Shares Registered in the Name of a Brokerage Firm, Bank or Other Nominee. If your Shares are held by a brokerage firm, bank or other nominee (i.e., in street name), you should receive directions from your nominee that you must follow in order to have your Shares voted. **Street name shareholders who wish to vote in person at the meeting will need to obtain a proxy form from the brokerage firm or other nominee that holds their common stock of record.**

Voting by Holders of Shares Registered Directly in the Name of the Shareholder. If you hold your Shares in your own name as a holder of record, you may vote in person at the Annual Meeting or instruct the proxy holders named in the enclosed proxy card how to vote your Shares by mailing your completed proxy card in the postage-paid envelope that we have provided to you. Please make certain that

Table of Contents

you mark, sign and date your proxy card prior to mailing. All valid proxies received and not revoked prior to the Annual Meeting will be voted in accordance with instructions.

What are the Board's recommendations?

If no instructions are indicated on your valid proxy, the representatives holding proxies will vote in accordance with the recommendations of the Board of Directors. The Board of Directors recommends a vote:

FOR the election of the three director nominees, each for three-year terms as set forth herein.

Will other matters be voted on at the Annual Meeting?

We are not aware of any matters to be presented at the Annual Meeting other than those described in this proxy statement. If any other matters not described in the proxy statement are properly presented at the meeting, proxies will be voted at their discretion in accordance with the best judgment of your proxy holders.

Can I revoke or change my proxy instructions?

You may revoke or change your proxy at any time before it has been exercised by:

§ notifying our Secretary at 1373 Boggs Drive, Mount Airy, North Carolina 27030 in writing before the Annual Meeting that you have revoked your proxy;

§ delivering a later dated proxy to our Secretary prior to or at the Annual Meeting; or

§ appearing in person and voting by ballot at the Annual Meeting.

Any shareholder of record as of the record date attending the Annual Meeting may vote in person whether or not a proxy has been previously given, but the presence of a shareholder at the Annual Meeting without further action will not constitute revocation of a previously given proxy.

What vote is required to approve the election of Directors?

The election of Directors will be determined by a plurality of the votes cast at the Annual meeting if a quorum is present. Shareholders do not have cumulative voting rights in connection with the election of Directors. This means that the three nominees receiving the highest number of **FOR** votes will be elected as Directors. Withheld votes and broker non-votes, if any, are not treated as votes cast, and therefore, will have no effect on the proposal to elect Directors.

Will my Shares be voted if I do not sign and/or return my proxy card?

If your Shares are held in street name and you fail to give instructions as to how you want your Shares voted (a non-vote), the brokerage firm, bank or other nominee who holds Shares on your behalf may, in certain circumstances, vote the Shares in their discretion. However, such brokerage firm, bank or other nominee is not required to vote the Shares and may choose to enter a broker non-vote.

Table of Contents

With respect to routine matters, such as the election of Directors, a brokerage firm or other nominee has authority (but is not required) under the rules governing self-regulatory organizations (the SRO rules), including the NASDAQ Global Market (Nasdaq), to vote its clients Shares if the clients do not provide instructions. When a brokerage firm or other nominee votes its clients Shares on routine matters without receiving voting instructions, these Shares are counted both for establishing a quorum to conduct business at the meeting and in determining the number of Shares voted FOR, WITHHELD FROM or AGAINST such routine matters.

With respect to non-routine matters, a brokerage firm or other nominee is not permitted under the SRO rules to vote its clients Shares if the clients do not provide instructions. The brokerage firm or other nominee will so note on the vote card, and this constitutes a broker non-vote. Broker non-votes will be counted for purposes of establishing a quorum to conduct business at the meeting but not for determining the number of Shares voted FOR, AGAINST or abstaining from such non-routine matters.

In summary, if you do not vote your proxy, your brokerage firm or other nominee may either:

§ vote your Shares on routine matters and cast a broker non-vote on non-routine matters; or

§ leave your Shares unvoted altogether.

We encourage you to provide instructions to your brokerage firm or other nominee by voting your proxy. This action ensures that your Shares will be voted at the meeting.

What other information should I review before voting?

Our 2006 Annual Report, including financial statements for the fiscal year ended September 30, 2006, is included in the mailing with this proxy statement. The Annual Report, however, is not part of the proxy solicitation material. A copy of our Annual Report filed with the Securities and Exchange Commission (the SEC) on Form 10-K, including the financial statements and financial statement schedules, may be obtained without charge by:

§ writing to our Secretary at: 1373 Boggs Drive, Mount Airy, North Carolina 27030;

§ accessing the EDGAR database at the SEC's website www.sec.gov;

§ accessing our website at www.investor.insteel.com; or

§ contacting the SEC by telephone at (800) SEC-0330.

The contents of our website are not and shall not be deemed to be a part of this proxy statement.

Where can I find the voting results of the meeting?

We will announce preliminary voting results at the Annual Meeting. We will publish the final results in our quarterly report on Form 10-Q for the second quarter of fiscal 2007. A copy of this quarterly report may be obtained without charge by any of the means outlined above for obtaining a copy of the Annual Report on Form 10-K.

Table of Contents

What is Householding?

The SEC rules allow for householding, which is the delivery of a single proxy statement and Annual Report to an address shared by two or more of our shareholders. A single copy of the Annual Report and the proxy statement will be sent to multiple shareholders who share the same address unless we have received contrary instructions from one or more of the shareholders.

If you prefer to receive a separate copy of the proxy statement or the Annual Report, please write to Investor Relations, Insteel Industries, Inc., 1373 Boggs Drive, Mount Airy, North Carolina 27030; or telephone our Investor Relations Department at (336) 786-2141, and we will promptly send you separate copies. If you are currently receiving multiple copies of the proxy statement and Annual Report at your address and would prefer to receive only a single copy of each, you may contact us at the address or telephone number provided above.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

The Board of Directors

The Board of Directors is currently comprised of eight members. Effective October 24, 2005, the Board of Directors approved an amendment to our bylaws reducing both the minimum and maximum size of the Board of Directors from not less than nine nor more than fifteen directors to not less than seven nor more than twelve directors.

The Board of Directors oversees our business and affairs and monitors the performance of management. In accordance with corporate governance principles, the Board does not involve itself in day-to-day operations. The Directors keep themselves informed through discussions with the Chairman, key executive officers and our principal external advisers (legal counsel, auditors, investment bankers and other consultants), by reading reports and other materials that are sent to them and by participating in Board and committee meetings.

The Board of Directors, at its meeting in November 2006, determined that the following members of the Board, which constitute a majority thereof, are independent, as that term is defined under the independence standards of Nasdaq: Louis E. Hannen, Charles B. Newsome, Gary L. Pechota, W. Allen Rogers II, William J. Shields and C. Richard Vaughn.

Directors are expected to attend all meetings of the Board of Directors and all meetings of Board committees on which they serve. The independent Directors meet in executive session with no members of management present prior to each regularly scheduled meeting (see Executive Sessions below). The Board of Directors met seven times in 2006. Each of the Directors attended at least 75% of the Board of Directors meetings and meetings held by committees of the Board of Directors of which they were members.

Table of Contents

Director Attendance at Annual Meetings

The Board has determined that it is in our best interest for all members of the Board of Directors to attend the Annual Meeting of Shareholders. All eight of our Directors attended the 2006 Annual Meeting of Shareholders.

Committees of the Board

The Audit Committee. The Board has an Audit Committee, which assists the Board in fulfilling its responsibilities to shareholders concerning our accounting, financial reporting and internal controls, and facilitates open communication between the Audit Committee, Board, outside auditors and management. The Audit Committee discusses the financial information developed by management, our internal controls and our audit process with management and with outside auditors. The Audit Committee is charged with the responsibility of selecting the independent auditors. The independent auditors meet with the Audit Committee (both with and without the presence of our management) to review and discuss various matters pertaining to the audit, including our financial statements, the report of the independent auditors on the results, scope and terms of their work, and their recommendations concerning the financial practices, controls, procedures and policies we employ. The Board has adopted a written charter for the Audit Committee as well as a Pre-Approval Policy regarding audit and non-audit fees.

The Audit Committee consists of Messrs. Pechota (Chairman), Hannen and Rogers. The Board, at its meeting in November 2006, determined that each of the members of the Audit Committee meets the definition of independent as specified under Nasdaq rules. At the same meeting, the Board also determined that Mr. Pechota qualified as the Audit Committee Financial Expert as defined under SEC rules. The Board of Directors has determined that each of the Audit Committee members is financially literate as such qualification is interpreted in the Board's business judgment. The functions of the Audit Committee are further described herein under Report of the Audit Committee. The Audit Committee met six times during fiscal 2006 and members of the Audit Committee consulted with the officers of the Company, the internal auditor and the independent auditors at various times throughout the year. The Charter for the Audit Committee, as revised August 11, 2003 may be found on our website at www.investor.insteel.com/documents.cfm.

The Executive Compensation Committee. The Executive Compensation Committee is responsible for (i) determining appropriate compensation levels for our executive officers; (ii) evaluating officer and Director compensation plans, policies and programs; (iii) reviewing benefit plans for officers and employees; and (iv) producing an annual report on executive compensation for inclusion in the proxy statement. The following Directors are the members of the Executive Compensation Committee: Messrs. Shields (Chairman), Newsome and Vaughn. The Board of Directors, at its meeting in November 2006, determined that each of the Executive Compensation Committee members is independent as that term is defined under Nasdaq rules. The Executive Compensation Committee's Report on Executive Compensation is included in this proxy statement. The Executive Compensation Committee also reviews, approves and administers our incentive compensation plans and equity-based compensation plans and has sole authority for awards under such plans, including their timing, valuation and amount. The Executive Compensation Committee also reviews and recommends the structure and level of outside Director Compensation to the full Board. The Compensation Committee met twice during fiscal 2006.

The Nominating and Corporate Governance Rules. Our Board does not have a standing nominating committee or related nominating committee charter. The Board believes that it is in our best interests to have all Directors discuss and evaluate potential nominees. Effective August 3, 2004, the Board adopted Nominating and Corporate Governance Rules, whereby the nomination process is

Table of Contents

performed by the full Board. Upon the close of discussions by the full Board with respect to possible Board of Director candidates, the independent Directors (as defined by Nasdaq rules), by majority vote, nominate qualified individuals for election to the Board of Directors. The independent Directors may further discuss candidate matters as they see fit (with or without the presence of employee-directors), but without further input from any employee-directors. In carrying out its director nomination functions, the Board's responsibilities include seeking, identifying, screening, evaluating and recommending director candidates for nomination by the Board of Directors. The Board evaluates all Director candidates, regardless of the recommending party, on an equitable basis using the same criteria. The Board evaluates any candidate's qualifications to serve as a member of the Board based on the skills and characteristics of individual Board members as well as the composition of the Board as a whole. In addition, the Board will evaluate a candidate's independence and diversity, age, skills and experience in the context of the needs of the Board. The Nominating and Corporate Governance Rules do not have a formal policy with respect to Director recommendations from shareholders or other sources, but will give such recommendations appropriate consideration. Our Board will consider qualified candidates for Director that are nominated by qualified Shareholders in accordance with our bylaws. The procedures for shareholder Director Nomination are discussed below under Shareholder Recommendations and Nominations and Shareholder Proposals For the 2008 Annual Meeting.

The Nominating and Corporate Governance Rules

In addition to the nominating requirements under the Nominating and Corporate Governance Rules, the Board of Directors shall have sole responsibility to:

- § Make recommendations regarding the size of the Board and the tenure and classifications of Directors.
- § Recommend the charters, structure, operations, composition and qualification for membership of the Committees of the Board of Directors.
- § Adopt Corporate Governance Guidelines and recommend to the Board of Directors governance issues that should be considered.
- § Review periodically our Code of Business Conduct.
- § Obtain confirmation from management that the policies included in the Code of Business Conduct are understood and implemented.
- § Evaluate periodically the adequacy of our conflict of interest policies.
- § Consider other corporate governance and related issues.
- § Consider with management public policy issues that may affect our Company.
- § Consider at least annually succession planning for the Chief Executive Officer. Any review of possible internal candidates should include: (i) readiness and potential; (ii) demonstrated skills and competencies; (iii) needed experience and training to fill gaps; and (iv) a plan for adequate exposure to the Board of Directors.
- § Review periodically our Committee structure and operations and the working relationship between each Committee.
- § Consider, discuss and recommend ways to improve the effectiveness of the Board of Directors.

In addition, the independent Directors have sole authority to retain and terminate outside advisors to assist in the performance of Board functions, with sole authority to agree to fees and other terms of engagement.

Table of Contents

The Board of Directors annually evaluates these rules. The Nominating and Corporate Governance Rules may be found on the Company's website at www.investor.insteel.com/documents.cfm.

Executive Sessions

Pursuant to the listing standards of Nasdaq, the independent Directors are required to meet in executive sessions not less than quarterly. Generally, those sessions are chaired by the lead independent Director. At the current time, the lead independent Director is Mr. Hannen. The independent Directors have determined that it is appropriate to rotate the role of lead independent Director. During these executive sessions, the lead independent Director has the power to lead the meeting, set the agenda and determine the information to be provided. During fiscal 2006, the Board held four executive sessions. The lead independent Director can be contacted by writing to Lead Independent Director, Insteel Industries, Inc., c/o James F. Petelle, Secretary, 1373 Boggs Drive, Mount Airy, North Carolina 27030. We screen mail addressed to the lead independent Director for security purposes and to ensure that it relates to discrete business matters that are relevant to our Company. Mail that satisfies these screening criteria will be forwarded to the lead independent Director.

Code of Business Conduct

In keeping with the Board's commitment to sound corporate governance, on August 11, 2003, the Board adopted a Code of Business Conduct (the "Code of Conduct"), which applies to our Company and all of its employees, officers and Directors. The Code of Conduct incorporates an effective reporting and enforcement mechanism. The Board has adopted this Code of Conduct as its own standard. The Code of Conduct was prepared to help employees, officers and Directors understand our standard of ethical business practices and to promote awareness of ethical issues that may be encountered in carrying out their responsibilities. The Code of Conduct is included in an employment manual, which is supplied to all of our employees and officers and in a Board of Directors' Manual for Directors, each of whom are expected to read and acknowledge in writing that they understand such policies.

Availability of Governance Rules, Code of Conduct and Audit Committee Charter

Our Nominating and Corporate Governance Rules, Code of Business Conduct, Audit Committee Charter and Audit Committee Pre-Approval Policy, are available on our website at www.investor.insteel.com/documents.cfm, and in print to any shareholder upon written request to our Secretary.

Shareholder Recommendations and Nominations

Neither the Board nor the Nominating and Corporate Governance Rules have a separate policy with respect to director candidates recommended by shareholders. The Board does not believe that a formal policy is necessary because the Board will give such shareholder recommendations appropriate consideration and because our bylaws provide a means through which shareholders can make Director nominations. Shareholders should submit any such recommendations in writing c/o Insteel Industries, Inc., 1373 Boggs Drive, Mount Airy, North Carolina 27030, Attention Secretary. In addition, in accordance with our bylaws, any shareholder entitled to vote for the election of directors at the applicable meeting of shareholders may nominate persons for election to the Board of Directors if such shareholder complies with the notice procedures set forth in the bylaws and summarized in "Shareholders Proposals for the 2008 Annual Meeting" below.

Table of Contents

Process for Identifying and Evaluating Director Candidates

The Nominating and Corporate Governance Rules require the full Board to evaluate all qualified Director candidates in accordance with our Director qualification standards. The full Board evaluates an appropriate candidate's qualifications to serve as a member of the Board based on the skills and characteristics of individual Board members as well as the composition of the Board as a whole. In addition, the full Board will assess issues with respect to the candidate's independence, judgment, diversity and age, understanding of the Company's industry in general and knowledge of our business, in particular, all in the context of the Board's perceived needs at that point in time. Upon completion of discussions by the full Board, the independent Directors nominate qualified individuals for election to the Board of Directors. The independent Directors may further discuss candidate matters as they see fit (with or without the presence of employee-directors), but without further input from any employee-directors.

Communications with the Board of Directors

The Board has approved a process for shareholders to send communications to the Board. Shareholders can send communications to the Board and, if applicable, to any of its committees or to specified individual Directors in writing c/o Insteel Industries, Inc., 1373 Boggs Drive, Mount Airy, North Carolina 27030, Attention Secretary.

We screen mail addressed to the Board, its Committees or any specified individual Director for security purposes and to ensure that the mail relates to discrete business matters that are relevant to our Company. Mail that satisfies these screening criteria is required to be forwarded to the appropriate Director or Directors.

ELECTION OF DIRECTORS

Introduction

Our bylaws, as last amended October 24, 2005, provide that the number of Directors, as determined from time to time by the Board, shall be not less than seven nor more than twelve. The Board has most recently fixed the number of Directors at eight, effective at the close of the 2006 Annual Meeting of Shareholders. The bylaws further provide that Directors shall be divided into three classes serving staggered three-year terms, with each class to be as nearly equal in number as possible.

The Board has nominated each of the persons named below to serve a three-year term expiring at the 2010 Annual Meeting of Shareholders or until their successors are elected and qualify. All of the nominees presently serve as our Directors. The remaining five Directors will continue in office as indicated. It is not contemplated that any of the nominees will be unable or unwilling for good cause to serve; but, if that should occur, it is the intention of the agents named in the proxy to vote for election of such other person or persons to the office of Director as the Board may recommend. If any Director resigns, dies or is otherwise unable to serve out his term, or the Board increases the number of Directors, the Board may fill the vacancy until the next Annual Meeting of Shareholders.

Vote Required

The Directors will be elected by plurality of the votes cast at the meeting at which a quorum representing a majority of all outstanding Shares is present and voting, either by proxy or in person. COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

Director Compensation

Annual Retainer Award. Each of our non-employee Directors receives an annual retainer award plus reimbursement of expenses incurred as a Director under a proposal adopted at the 1998 Annual Meeting of Shareholders. The amount of the annual retainer award for each year is determined by the Board before the start of the retainer year. The retainer year begins on the date of the Annual Meeting of Shareholders at which Directors are elected and ends on the date of the next Annual Meeting of Shareholders at which Directors are elected. The retainer award may be paid in cash or in Shares, or a combination of cash and Shares, as determined by the Board. The designated cash portion of the retainer will be paid in equal quarterly installments and the designated stock portion of the retainer will be paid at the Annual Meeting of the Board following the Annual Meeting of Shareholders at which Directors are elected.

The annual retainer award paid for 2006 to each non-employee Director was \$30,000 and \$33,000 for committee chairpersons, all of which was paid in cash. In addition, during 2006, non-employee Directors received restricted stock grants valued at \$30,000 as of the grant date under the 2005 Equity Incentive Plan (discussed below).

Equity Incentive Plan: Our 2005 Equity Incentive Plan permits the issuance of up to 1,770,000 shares in the form of nonqualified and incentive stock options, restricted stock, restricted stock units and performance awards to our key employees and non-employee Directors. Awards granted, vesting and all other terms of award grants to non-employee Directors are at the sole discretion of the Executive Compensation Committee of the Board of Directors. Awards to non-employee Directors will be made effective upon the close of business on the date of the Annual Meeting. The plan also authorizes the Board to grant options to non-employee Directors who are appointed or elected to the Board at a time other than at the Annual Meeting. These options are subject to the same general terms and conditions as options granted following the Annual Meeting. During fiscal 2006, restricted stock awards valued at \$30,000 (or 1,918 Shares each based on a closing price of \$15.64 at the close of business on the date of the 2006 Annual Meeting) were granted to each non-employee Director. The awards vest in one year and dividends on the restricted stock will be reinvested in more restricted stock which will vest at the same time as the base award. The shares issuable under the plan have been registered with the SEC. The share numbers and per-share prices set forth in this Proxy Statement have been adjusted to reflect the two-for-one stock split by the Company on June 16, 2006.

Director Stock Option Plans. The Company's 1994 Director Stock Option Plan expired in September 2004 and no further options will be granted under the plan. There are currently 149,600 options outstanding under the plan with a weighted average exercise price of \$3.18 per share.

Expense Reimbursement. We reimburse all Directors for travel and other related expenses incurred in attending shareholder, Board and committee meetings, or out-of-pocket expenses that are otherwise incidental to the performance of their duties as Directors.

Directors who are Insteel Industries Employees. We do not compensate our employees for service as a Director. We do, however, reimburse them for travel and other related expenses.

Supplemental Employee Retirement Plan

General. We entered into Retirement Security Agreements, each dated December 2, 2004 (each a "SERP"), with certain of our employees, including Messrs. Woltz III, Gazmarian and Kniskern (each a "Participant"). Subsequent to the end of fiscal year 2006, these agreements were amended and restated to comply with the requirements of Section 409A of the Internal Revenue Code. No material changes were made to the benefits provided under these

agreements. Also subsequent to the end of fiscal year 2006, we entered into a Retirement Security Agreement with Mr. Petelle. The SERPs provide nonqualified deferred compensation to Participants and were approved by our Board of Directors upon recommendation by the Executive Compensation Committee of the Board of Directors (the Compensation Committee). The SERPs generally provide Participants with certain supplemental retirement benefits, pre-retirement disability benefits and pre-retirement death benefits, unless the Participants are terminated for cause (as defined in each SERP), in which case no benefits will accrue and be payable under the SERPs. The SERPs are administered by the Compensation Committee and

Table of Contents

funds for payment of benefits thereunder are our responsibility. Benefits payable under the SERPs will be payable to Participants in equal pro-rata installments according to our regular payroll cycle in effect at the time the payment is due, unless determined otherwise by the Compensation Committee

Supplemental Retirement Benefit. Under each SERP, if the Participant remains in continuous service with us for a period of at least 30 years, we will pay to the Participant, for the 15 year period following the later of the Participant's retirement or 65th birthday, a supplemental retirement benefit equal to 50% of the Participant's highest average annual base salary for five consecutive years in the 10 year period preceding the Participant's retirement. If the Participant retires after reaching age 55 and prior to the later of age 65 or the completion of 30 years of continuous service with us, but has completed at least 10 years of continuous service with us, the amount of the supplemental retirement benefit will be reduced by 1/360th for each month short of 360 months that the participant was employed by us.

Pre-retirement Disability Benefit. In the event that the Participant's continuous service with us terminates prior to the later of the Participant's 65th birthday or completion of 30 years of continuous service with us because of disability (as determined by the Compensation Committee), we shall pay to the Participant, for the 10 year period following the date of disability, a supplemental retirement benefit that, when added to the benefits received (if any) by the Participant under our long-term disability insurance plan for executive officers, is equal to 100% of the Participant's highest average annual base salary for five consecutive years in the 10 year period preceding the date on which the Participant's disability occurred. If the long-term disability insurance payments end prior to the end of the 10 year benefits period, the Pre-retirement Disability Benefit will continue for the remainder of the 10-year benefits period in an amount equal to 50% of the Participant's highest average annual base salary for five consecutive years in the 10 year period preceding the date on which the Participant's disability occurred.

Pre-retirement Death Benefit. In the event that the Participant dies while in continuous service with us, under the SERP, we shall pay to the Participant's beneficiary, for a term of 10 years following the Participant's death, a supplemental death benefit in an amount equal to 50% of the Participant's highest average annual base salary for five consecutive years in the 10 year period preceding the date of the Participant's death.

Mr. Woltz, Jr., upon his retirement as an employee on April 1, 2005, and having over 50 years of continuous service, began receiving benefits as provided for under the SERP. During fiscal year 2006, Mr. Woltz, Jr. received payments under the SERP totaling \$80,000.

Severance Agreements

We entered into Severance Agreements, each dated December 2, 2004 (each a "Severance Agreement") with Messrs. Woltz III and Gazmarian (each an "Executive"). Subsequent to the end of fiscal year 2006, these agreements were amended and restated to comply with the requirements of Section 409A of the Internal Revenue Code. No material changes were made to the benefits provided under these agreements. The Severance Agreements provide certain termination benefits to Executives in the event that an Executive's employment with us is terminated without cause (as defined in each Severance Agreement) and were approved by our Board of Directors upon recommendation by the Executive Compensation Committee. Each Severance Agreement has a two year term, which is automatically extended for subsequent 12 month periods unless either we or the Executive provide notice to the other at least 90 days prior to the expiration of any term, that the term of the Severance Agreement shall not be extended. No Executive is entitled to termination benefits under a Severance Agreement (i) if that Executive's employment with us is terminated for cause or (ii) to the extent that the Executive is entitled to receive benefits under the Change in Control Severance Agreement between the Executive and us in connection with the Executive's termination.

Table of Contents

Under each Severance Agreement, upon termination of the Executive's employment with us without cause, the Executive is entitled to receive the following termination benefits:

- § a lump sum payment of accrued but unpaid salary through the date the Executive's employment terminates;
- § a lump sum payment of any earned but unpaid bonus as of the date the Executive's employment terminates;
- § a lump sum payment of one and one-half times the Executive's annual base salary in effect as of the date the Executive's employment terminates;
- § outplacement services provided by a firm selected by the Executive, the cost of which will be paid by us (subject to a \$15,000 cap);
- § reimbursement for any unreimbursed expenses incurred by the Executive on behalf of us prior to termination of the Executive's employment to the extent that such expenses are reimbursable under our standard reimbursement policies;
- § continued participation in certain of our employee benefit plans in which the Executive participated immediately prior to the date of termination on such terms as are then in effect for a period of eighteen months following the termination of the Executive's employment with us. If continued coverage of the Executive is barred by the terms of those employee benefit plans, we shall pay to the Executive the portion of the insurance premium charged to us for the Executive's participation in such employee benefit plans (plus an amount necessary to offset relevant income and employment taxes on such payment) prior to the Executive's termination;
- § payment by us of the cost or premium for continued coverage in our health plan for a period of eighteen months following the Executive's termination (or such lesser period for which the Executive is entitled to COBRA coverage);
- § all stock options and any other stock-based awards outstanding immediately prior to termination of the Executive's employment shall immediately vest and become exercisable for the remainder of the applicable term.

Termination benefits payable to the Executive under a Severance Agreement shall be paid by us within 10 days of the termination of the Executive's employment and shall be reduced by amounts required to be withheld for applicable income and employment taxes. In addition, termination benefits payable to an Executive under a Severance Agreement are subject to certain reductions because of the application of the "golden parachute" rules of Section 280G and the excise tax imposed under Section 4999 of the Internal Revenue Code of 1986, as amended, to such benefits.

Change of Control Agreements

During 2003, the Company, upon recommendation from the Executive Compensation Committee, entered into change of control agreements with key members of management including Messrs. Woltz III, Gazmarian and Kniskern. Subsequent to the end of fiscal year 2006, the agreements with Messrs. Woltz III and Gazmarian were amended and restated to comply with the requirements of Section 409A of the Internal Revenue Code. No material changes were made to the benefits provided

Table of Contents

under these agreements. Also subsequent to the end of fiscal year 2006, we entered into a change of control agreement with Mr. Petelle. These agreements specify the terms of separation in the event that termination of employment followed a change in control. The initial term of each agreement is two years and the agreements provide for an automatic renewal of one year unless we or the executives provide notice of termination as specified in the agreement. The agreements do not provide assurances of continued employment, nor do they specify the terms of an executive's termination should the termination occur in the absence of a change in control. Under the terms of these agreements in the event of termination within two years of a change of control, Messrs. Woltz and Gazmarian would receive severance benefits equal to two times base compensation, plus two times the average bonus for the prior three years and the continuation of health and welfare benefits for two years. Messrs. Kniskern and Petelle would receive severance benefits equal to one times base compensation, plus one times the average bonus for the prior three years and the continuation of health and welfare benefits for one year. In addition, all stock options and restricted stock would vest immediately. In the event of termination, outplacement services would be provided for Messrs. Woltz III, Gazmarian, Kniskern and Petelle.

**COMPENSATION COMMITTEE REPORT
ON EXECUTIVE COMPENSATION**

The Executive Compensation Committee (the Committee) of the Board of Directors administers Insteel Industries executive compensation program. The Committee has furnished the following report on executive compensation for 2006.

Overview

The Committee consists of three independent Directors, all of whom are non-employee Directors (within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934), outside Directors (within the meaning of Section 162(m) of the Internal Revenue Code of 1986 as Amended), and independent Directors (as defined under Nasdaq rules). The Committee regularly reviews and determines the base compensation of the Company's executive officers and administers the annual performance-based and long-term incentive compensation programs of the Company.

Strategy and Philosophy

The Company's executive compensation program consists of three principal components, each having a specific purpose within the total compensation program:

- § **Base Salaries** to provide an appropriate level of compensation given each position's role and responsibilities within the organization.
- § **Annual Performance-Based Compensation** to reward individuals for their contribution to the Company's operating and financial performance.
- § **Long-Term Incentive** to reward participants for building long-term shareholder value, align the interests of executive officers with those of shareholders and increase long-term executive share ownership. Success in attaining these objectives has a positive impact on executive retention.

The Committee believes that executive officer compensation should reflect prevailing market practices and be closely correlated with the Company's financial performance. The Committee further believes that the Company's policies, procedures and programs with respect to executive officer base salaries, annual incentives and long-term incentives fulfill this objective.

In 2004, upon expiration of the 1994 Employee Stock Option Plan of Insteel Industries, Inc., the Committee retained the services of an independent outside compensation consultant to:

- § assist the Company in developing a new long-term incentive plan,
- § review the structure and level of the Company's compensation plan for its senior management group, and
- § recommend changes to the executive compensation arrangements as deemed appropriate.

Based on the consultant's recommendations, the factors discussed below, and the Committee's business judgment, several changes to the executive compensation program were implemented during 2005 and remained in effect during 2006. These changes were made to improve the competitiveness and effectiveness of the Company's executive compensation program and to provide appropriate and cost

effective long-term incentives to the senior management group of the Company, including the executive officers.

Base Salaries

The Committee targets executive officer base salaries at the market median and considers Company and individual performance when approving salary adjustments. In 2004, with the assistance of the outside consultant, the Committee compared the Company's current salaries to salaries for comparable positions at companies of similar size operating in similar industries. The market study used a blend of published compensation survey data and compensation data from a custom peer group of companies identified as relevant competitors for business, capital and executive talent. The peer group used for compensation purposes is not composed of the same companies used for stock price performance comparisons in the Share Performance Graph included in this proxy. The Committee believes that the peer group for its compensation analysis is more representative of similar companies of a comparable size than the broader S&P Building Products Index used for the Share Performance Graph (which includes many of the companies used in the compensation peer group analysis.)

The Committee concluded that, following the termination of a salary freeze that commenced in 2000, base salaries for the Company's executive officers were significantly below the market median of the peer group and should be adjusted with a portion of the increases effective March 13, 2005 following the date of the Committee's approval and the remainder effective as of the end of the fiscal year ending October 1, 2005. Accordingly, salaries of the executive officers of the Company were adjusted as follows: effective March 13, 2005, H. O. Woltz III, President and Chief Executive Officer, \$365,000; Michael C. Gazmarian, Chief Financial Officer and Treasurer, \$215,000; and Gary D. Kniskern, Vice President-Administration and Secretary, \$143,000; and effective October 1, 2005 (and continuing in effect throughout fiscal year 2006): H. O. Woltz III, \$405,000; and Michael C. Gazmarian, \$235,000. The Committee believes that the new base salary levels properly position the Company with respect to compensation at peer companies.

Annual Performance-Based Incentive Compensation

The Committee targets annual incentive opportunities for executive officers at the market median and consistent with the financial performance of the Company. Outstanding Company financial performance will produce above median annual incentive payments to our executive officers.

In fiscal 2003, the Company adopted an incentive compensation plan covering certain salaried employees responsible for the selling, general management and administrative activities of the Company, including the executive officers (the 2003 Plan). Incentive compensation under the 2003 Plan is based upon the return realized on average capital employed for the fiscal year relative to the Company's weighted average cost of capital. Participants in the 2003 Plan were assigned a target bonus percentage of their base compensation. The target bonus percentage would be earned if the Company's operating income for the fiscal year covered the capital charge derived based on its approximate weighted average cost of capital and the capital employed. If the Company's operating income exceeded or fell short of its weighted average cost of capital, the incentive compensation percentage earned would increase or decrease proportionately. The zero bonus level was set at the approximate cost of the Company's debt capital. Incentive payments were capped at two times the target bonus. The target bonus percentage for the executive officers is 50% of base compensation, and is capped at 100% of base compensation. Incentive compensation earned for a fiscal year is reflected as compensation expense in the year it is earned and is paid to participants in the first quarter of the following fiscal year. No amounts are banked or deferred.

Table of Contents

In fiscal 2006, the Company's operating income exceeded the weighted average cost of capital by an amount which yielded a maximum bonus equal to two times the target bonus for each participant. For fiscal 2006, bonuses earned under the 2003 Plan for Executive Officers of the Company were: H.O. Woltz III, President and Chief Executive Officer, \$404,231; Michael C. Gazmarian, Chief Financial Officer and Treasurer, \$234,615; and Gary D. Kniskern, Vice President Administration and Secretary, \$143,000. Pursuant to the terms of the 2003 Plan, these amounts were paid during the first quarter of fiscal 2007.

Long-Term Incentive Compensation

The Committee targets long-term incentive opportunities for executive officers at the market median, and considers factors such as Company performance, individual performance and shareholder dilution in determining the size and frequency of equity compensation awards.

Historically, the Company relied exclusively on stock options as the form of long-term incentive compensation for executive officers. During 2004, in connection with the recommendations of the outside consultant and the Company, the Committee approved the 2005 Equity Incentive Plan of Insteel Industries, Inc. (the 2005 Plan). The 2005 Plan was approved by shareholders at the 2005 Annual Meeting. The 2005 Plan allows for the granting of various forms of long-term incentive compensation including stock options, restricted stock, and long-term cash awards. The Committee believes that the 2005 Plan is an improvement over the 1994 Employee Stock Option Plan of Insteel Industries, Inc., which expired in 2004, in that it provides the flexibility that the Committee believes is necessary to respond appropriately to changing market practices, accounting rules and tax laws.

On a split-adjusted basis, a total of 1,770,000 shares of common stock were initially reserved under the 2005 Plan. Based on information provided by the Committee's outside consultant and the Committee's investigation, the aggregate equity overhang resulting from the Plan was below the market median for the Company's peer group.

Pursuant to the recommendations of the outside consultant and using its business judgment, the Committee elected to establish a formal long-term incentive award structure that delivers annual awards using a 50/50 blend between options and restricted stock. Under the terms of the 2005 Plan, the Committee retains the flexibility to link the granting of long-term incentives to both individual and corporate performance. Options generally would vest ratably over three years and restricted stock generally would vest 100% three years from the date of the grant. Three target levels of long-term incentives were developed, each of which would consist of one-half stock options and one half restricted stock. The target levels established are: Level A, \$325,000, Level B, \$145,000 and Level C \$90,000 based on the scope of responsibilities associated with each position and comparable data for other companies provided by the outside consultant. Mr. Woltz III was granted long-term incentives at Level A, Mr. Gazmarian at Level B and Mr. Kniskern at Level C. Pursuant to these long-term incentive targets, during fiscal 2006 Mr. Woltz was granted an award of 9,206 shares of restricted stock and options to purchase 15,513 shares of common stock, Mr. Gazmarian was granted an award of 4,107 shares of restricted stock and options to purchase 6,921 shares of common stock, and Mr. Kniskern was granted an award of 2,548 shares of restricted stock and options to purchase 4,295 shares of common stock. The stock options have an exercise price equal to the fair market value of the Company's common stock on the date of grant.

The 2006 awards were granted on February 14, 2006, and August 14, 2006. Given the historical level of volatility in the Company's share price, going forward the Committee plans to grant one-half of the awards in February and one-half in August of each year.

Table of Contents

CEO Compensation

Base Salary. As noted above, Mr. Woltz's base salary was established at \$405,000 for fiscal year 2006, based on the market data obtained by the Company and the recommendations of the outside consultant.

Annual Performance Compensation. As stated above, annual performance compensation is based on a formula that measures the Company's return on average capital employed compared to the Company's weighted average cost of capital. The CEO's annual incentive is targeted at 50% of his annual salary, and is capped at twice the target. For fiscal 2006, Mr. Woltz earned the maximum annual incentive payment of \$404,231 which was paid in the first quarter of fiscal 2007. The Committee believes that this incentive payment appropriately reflects Mr. Woltz's contribution to the exceptionally strong financial performance of the Company in fiscal 2006.

Long-Term Incentives. Pursuant to the terms of the 2006 Equity Incentive Plan, during fiscal 2006 Mr. Woltz was granted options to purchase 15,513 shares of common stock and received an award of 8,913 shares of restricted stock. The stock options were granted at fair market value on date of grant and vest ratably over three years while the restricted stock vests 100% three years from date of grant.

Severance Agreements

During 2004, the Board, upon the recommendation of the Committee, approved severance agreements for Messrs. Woltz and Gazmarian. The Committee and the Board believe such agreements are customary for executives at the level of Messrs. Woltz and Gazmarian. Details regarding the severance agreements are set forth above under

Severance Agreements .

Supplemental Employee Retirement Plan

During 2004 the Board, upon the recommendation of the Committee, approved the entry into Supplemental Retirement Plan (SERP) agreements with Messrs. Woltz, Gazmarian and Kniskern. Details regarding the SERPs are set forth above under Supplemental Employee Retirement Plan .

Policy with Respect to the \$1 Million Deductible Limit

Section 162(m) of the Internal Revenue Code (the Code) generally limits amounts that can be deducted for compensation paid to the Chief Executive Officer and the next four most highly compensated officers to \$1,000,000 unless certain requirements are met. The Committee will continue to monitor the applicability of Section 162(m) to the Company's compensation program and make reasonable efforts, consistent with sound executive compensation principles and the Company's needs, to maximize the deductibility of compensation of executive personnel.

The Committee believes that the foregoing combination of base salaries, annual performance-based compensation and long-term incentive compensation have facilitated the development of a senior management group that is dedicated to achieving improvement in both the short-term and long-term financial performance of the Company.

SECURITY OWNERSHIP OF PRINCIPAL SHAREHOLDERS AND MANAGEMENT

The following table sets forth certain information, as of December 11, 2006, with respect to the beneficial ownership of shares of common stock by (i) each person known to us to beneficially own more than 5% of the outstanding shares of common stock; (ii) the Directors; (iii) the other named executive officers included in the

Summary Compensation Table and James F. Petelle; and (iv) all of our Directors and executive officers, as a group.

Beneficial ownership is a technical term broadly defined by the SEC to mean more than ownership in the usual sense. For example, an individual beneficially owns Insteel Industries common stock not only if the individual holds it directly, but also if the individual indirectly (through a relationship, a position as a Director or trustee, or a contract or understanding), has (or shares) the power to vote the stock, or to sell it, or has the right to acquire it within 60 days.
