WESCO International, Inc. (412) 454-2271, Fax: (412) 454-2477
<http://www.wescodist.com>

Pittsburgh, PA, February 12, 2004 - WESCO International, Inc. [NYSE:WCC], a leading provider of electrical MRO products, construction materials, and advanced integrated supply procurement outsourcing services, today announced its 2003 fourth quarter financial results.

Stephen A. Van Oss, Vice President and Chief Financial Officer, stated, "Our fourth quarter results reflect the Company's continued attention to margin improvement, cost control and working capital productivity, and our results

Edgar Filing: WESCO INTERNATIONAL INC - Form 8-K

demonstrate the power of the leverage inherent in our business model. A 50 basis point improvement in gross margin percentage and a 30 basis point reduction in our SG&A expenses combined with the 4.2% increase in sales to double our net income. We are particularly pleased with the sales growth, which was generated in most of our end markets."

Net sales for the fourth quarter of 2003 were \$850.1 million versus \$815.5 million in 2002, an increase of 4.2%. Gross margins for the quarter improved to 18.8% versus 18.3% for the comparable quarter in 2002. Operating income for the current quarter totaled \$24.7 million versus \$18.3 million in last year's comparable quarter. Depreciation and amortization included in operating income was \$7.2 million in 2003's fourth quarter versus \$5.2 million in 2002. Net income in 2003's fourth quarter was \$9.4 million versus \$4.7 million in the comparable 2002 quarter. Earnings per share in the current quarter were \$0.21 per share versus \$0.10 per share in 2002.

Mr. Van Oss continued, "Cash flow for the quarter was strong. Total indebtedness (including our accounts receivable securitization program) net of cash, increased \$12 million. The modest increase was due to working capital needs associated with the sales growth and the funding of our previously announced repurchase of 4.3 million shares of common stock. For the year, total indebtedness, net of cash, has been reduced by \$69 million. Our available borrowing capacity continues to be ample and increased to approximately \$197 million at year-end."

The Company's Audit Committee, immediately following a review of a recent internal audit report, has engaged independent counsel to assess and make findings and recommendations with respect to one large branch operation and report back to the Committee promptly. The matters to be investigated relate primarily to cash management and undocumented expense reimbursement practices at this branch which did not follow corporate policies and procedures. Management and the Audit Committee do not believe the amounts involved were material. Based on the internal audit report, the amounts involved have been accounted for in the financial statements

4

for the periods involved. Management promptly implemented those remedial actions recommended by the internal auditors, and independent counsel will consider whether additional actions are necessary.

For fiscal 2003, net sales were \$3,286.8 million versus \$3,325.8 million in last year's comparable period, a 1.2% decline. Gross margins in 2003 were 18.6% versus 17.8% last year and operating income totaled \$86.1 million versus \$76.6 million last year. Depreciation and amortization included in operating income was \$22.5 million versus \$19.8 million last year. Net income for the 2003 was \$30.0 million versus \$23.1 million last year, while diluted earnings per share were \$0.65 per share in 2003 versus \$0.49 per share in 2002.

WESCO's Chairman and Chief Executive Officer, Roy W. Haley, commented, "WESCO entered 2003 with commitment and determination to work through a challenging economic downturn. During the past year, WESCO has benefited from the focus and attention we've placed on margin enhancement, cost control and productivity initiatives. Continued improvements in the Company's capital structure have strengthened our ability to generate profits in a no-growth environment and to achieve significant earnings growth with nominal top line improvement. Over the past year, WESCO has invested in targeted marketing programs that have positioned us to expand existing customer relationships and to develop new, profitable customers. Additionally, the continued rollout of LEAN initiatives

Edgar Filing: WESCO INTERNATIONAL INC - Form 8-K

across branch operations is having a positive impact on productivity and process improvements."

Mr. Haley continued, "The last three years have been difficult but constructive ones for WESCO. The Company has successfully weathered the economic downturn that has been unlike any seen by the electrical distribution industry in several decades. The Company's strategic platform combining National Accounts, Integrated Supply and a North American footprint of local branch operations has been very effective and continues to be sound. The Company will continue to be responsive to the needs of our customers, our shareholders, and our employees. We enter 2004 with confidence that WESCO will continue to be a growing and profitable player in the industry."

#

Teleconference

WESCO will conduct a teleconference to discuss the 2003 fourth quarter earnings as described in this News Release on February 12, 2004, at 11:00 a.m. E.S.T. The conference call will be broadcast live over the Internet and can be accessed at (<http://www.shareholder.com/wesco/medialist.cfm>) or from the Company's home page at (<http://www.wescodist.com>). The conference call will be archived on this Internet site for seven days.

#

WESCO International, Inc. [NYSE: WCC] is a publicly traded Fortune 500 holding company, headquartered in Pittsburgh, Pennsylvania, whose primary operating entity is WESCO Distribution, Inc. WESCO Distribution is a leading distributor of electrical construction products and electrical and industrial maintenance, repair and operating (MRO) supplies, and is the nation's largest provider of integrated supply services with 2003 annual product sales of approximately \$3.3 billion. The Company employs approximately 5,200 people, maintains relationships with 24,000 suppliers, and serves more than 100,000 customers worldwide. Major markets include commercial and industrial firms, contractors, government agencies, educational

5

institutions, telecommunications businesses and utilities. WESCO operates five fully automated distribution centers and approximately 350 full-service branches in North America and selected international markets, providing a local presence for area customers and a global network to serve multi-location businesses and multi-national corporations.

STOCKHOLDERS' EQUITY:		
Total stockholders' equity	167.7	

Total liabilities and stockholders' equity	\$1,156.8	
	=====	

Note: Trade accounts receivable and long-term debt have each been reduced by \$225 million and \$293 million as of December 31, 2003 and December 31, 2002, respectively, in accordance with WESCO's accounting for its accounts receivable securitization facility. In addition, the carrying value of long-term debt increased a net \$2.7 million during the twelve months ended December 31, 2003 as a result of the change in fair value of the Company's interest rate derivative instruments and as a result of non-cash amortization of discounts associated with the Company's Senior Notes.

WESCO INTERNATIONAL, INC.
 RECONCILIATION OF NON-GAAP FINANCIAL MEASURERS
 (dollar amounts in millions)
 (unaudited)

	DECEMBER 31, 2003	DECEMBER 31, 2002
	-----	-----
Total debt	\$422.2	\$418.0
Plus: A/R Securitization	225.0	293.0
Less: Cash and cash equivalents	(27.5)	(22.6)
	-----	-----
Total indebtedness (including A/R Securitization Program), net of cash (See Note)	\$619.7 =====	\$688.4 =====

Note: Total indebtedness (including A/R Securitization Program), net of cash is provided by the Company as additional measure of the Company's leverage. Generally accepted accounting principles require that this financing facility be presented off-balance sheet. As management internally evaluates the A/R Securitization Facility as an additional form of indebtedness, management believes it is helpful to provide the readers of its financial statements an evaluation of its total indebtedness from all sources of financing. Cash and cash equivalents are deducted from this total to determine total indebtedness (including A/R Securitization Program), net of cash. This amount represents the Company's net obligation due under all of its financing facilities.
