Approximate date of commencement of proposed sale to the public: As soon as
practicable after the effective date of this registration statement.

If any of the securities being registered on this Form are to be
offered on a delayed or continuous basis pursuant to Rule 415 under the
Securities Act of 1933, check the following box. []

Edgar Filing: AGERE SYSTEMS INC - Form S-1

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, please check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. []

If this Form is a post-effective amendment filed pursuant to Rule 462(c) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. []

If this Form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier registration statement for the same offering. []

If delivery of the prospectus is expected to be made pursuant to Rule 434, please check the following box. []

CALCULATION OF REGISTRATION FEE

Title of Each Class of Securities to be Registered	Proposed Maximum Aggregate Offering Price(1)	Amount of Registration F
Investment Units Consisting of % Senior Subordinated Notes due 2007 and Put Rights	\$200,000,000	\$18,400

(1) Estimated solely for the purpose of calculating the registration fee pursuant to Rule 45

The registrant hereby amends this registration statement on such date or dates as may be date until the registrant shall file a further amendment which specifically states that this registration become effective in accordance with Section 8(a) of the Securities Act of 1933 or until the registration effective on such date as the Securities and Exchange Commission, acting pursuant to said Section

The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

SUBJECT TO COMPLETION, DATED JANUARY 30, 2002

PROSPECTUS

[logo]

400,000 Investment Units

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Consisting of
\$200,000,000 Principal Amount of
% Senior Subordinated Notes due 2007
and
Put Rights

Agere Systems Inc. is offering 400,000 investment units at a price of \$ per investment unit. Each investment unit consists of a % senior subordinated note in the principal amount of \$500 and put rights.

The notes will bear interest at the rate of % per year. Interest on the notes is payable on January 15 and July 15 of each year, beginning on July 15, 2002. The notes will mature on July 15, 2007. We may redeem the notes in whole but not in part at any time pursuant to a make-whole provision described under "Description of Notes--Optional Redemption."

The notes and the put rights will be unsecured senior subordinated obligations and will be subordinated in right of payment to all our existing and future senior debt, including our bank debt.

On July 15, 2007, or on an earlier date if accelerated, Agere Systems Inc. will pay the holder of a put right the amount, if any, by which \$ exceeds the average closing or sale price of a share of Agere common stock during the 20-trading day period preceding such date.

Investing in the investment units involves risks. See "Risk Factors" beginning on page 13.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

	Per Investment Unit	Total
Public Offering Price	\$	\$
Purchaser Discount	\$	\$
Proceeds to Agere Systems Inc.	\$	\$

Interest on the notes will accrue from , 2002 to date of delivery.

We expect to deliver the investment units to the purchaser on or about , 2002.

You should rely only on the information contained in this prospectus. We have not authorized anyone to provide you with different information. We are not making an offer of these securities in any state where the offer is not permitted. You should not assume that the information contained in this prospectus is accurate as of any date other than the date on the front of this

INDUSTRY DATA

In this document, we rely on and refer to information regarding the semiconductor market and its segments and competitors from Gartner Dataquest Alert: Communications Semiconductor and Optical Component Market Share in 2000, issued on June 11, 2001, analyst reports and other publicly available sources. Gartner Dataquest is not aware of and has not consented to being named in this document. Although we believe that this information is reliable, we have not independently verified the accuracy and completeness of this information.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

FORWARD-LOOKING STATEMENTS

This prospectus contains forward-looking statements that are based on current expectations, estimates, forecasts and projections about the industry in which we operate, management's beliefs and assumptions made by management. Such statements include, in particular, statements about our plans, strategies and prospects under the headings "Summary," "Risk Factors," "Management's Discussion and Analysis of Financial Condition and Results of Operations", "Business" and "Recent Developments." Words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "estimates," variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions which are difficult to predict. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in such forward-looking statements. We do not have any intention or obligation to update publicly any forward-looking statements after we distribute this prospectus, whether as a result of new information, future events or otherwise.

The assumptions underlying the information on our market segments and product areas have been derived from information currently available to us. If any one or more of these assumptions are incorrect, actual market results may differ from those we expect. While we do not know what impact any such differences may have on our businesses, our future results of operations and financial condition may be materially adversely affected. In addition, we generally cannot assure you that the forward-looking information regarding our market segments and product areas will be achieved, whether or not the assumptions are correct. Conditions in our industry change rapidly and such information must be continually evaluated in light of then current conditions. For a description of recent changes in conditions in our industry, please see "Risk Factors--Risks Related to Our Business--The demand for products in our industry has recently declined, and we cannot predict the duration or extent of this trend."

1

SUMMARY

The following is a summary of some of the information contained in this prospectus. In addition to this summary, we urge you to read the entire prospectus carefully, especially the risks of investing in our notes discussed under "Risk Factors" and our combined and consolidated financial statements and notes to our combined and consolidated financial statements included elsewhere in this prospectus.

We describe in this prospectus the businesses contributed to us by Lucent Technologies Inc. as part of our separation from Lucent as if they were our businesses for all historical periods prior to Lucent's contribution to us of the assets and liabilities related to those businesses, which began on February 1, 2001. Please see "Arrangements Between Lucent and Our Company" for a description of this separation. Our historical financial results as part of Lucent contained in this prospectus may not reflect our financial results in the future as a stand-alone company or what our financial results would have been had we been a stand-alone company during the periods presented. Our fiscal year ends on September 30.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

AGERE SYSTEMS

Our Company

Agere Systems designs, develops and manufactures integrated circuits for use in a broad range of communications and computer systems and optoelectronic components for communications networks. We are the world leader in sales of communications components, which include both integrated circuits and optoelectronic components. Communications components are basic building blocks of electronic and photonic products and systems for terrestrial and submarine, or undersea, communications networks and for communications equipment. We had revenue of \$4,080 million and EBITDA, on an adjusted basis, of \$(96) million in fiscal 2001. EBITDA equals operating income (loss) plus depreciation and amortization expense. Adjusted EBITDA equals EBITDA plus purchased in-process research and development, restructuring and separation charges and impairment of goodwill and other acquired intangibles. EBITDA is not intended to represent cash flow or any other measure of performance or liquidity in accordance with generally accepted accounting principles. EBITDA is included here because we believe that you may find it to be a useful analytical tool. Other companies may calculate EBITDA differently, and we cannot assure you that our figures are comparable with similarly-titled figures for other companies. As of September 30, 2001, we employed approximately 14,400 people worldwide. We have major research and development and manufacturing sites in the United States, Mexico, Singapore and Thailand.

We sell integrated circuits for use in a broad range of communications networks and computer equipment. Integrated circuits, or chips, are made using semiconductor wafers imprinted with a network of electronic components. They are designed to perform various functions such as processing electronic signals, controlling electronic system functions and processing and storing data. In fiscal 2001, we derived \$2,869 million, or 70% of our revenue, from sales of our integrated circuits segment.

We also sell active optoelectronic components to manufacturers of communications equipment. Optoelectronic components transmit, process, change, amplify and receive light that carries data and voice traffic over optical networks. Optical networks transmit information as pulses of light, or optical signals, through optical fibers, which are hair-thin glass strands. An optical network utilizes a number of interdependent active optoelectronic and passive optical components. An active component is a device that has both optical and electronic properties. A passive component is a device that functions only in the optical domain. In addition to our broad portfolio of active optoelectronic components, we have started to sell some passive components. In fiscal 2001, we derived \$1,211 million, or 30% of our revenue, from sales of our optoelectronic components.

Competitive Strengths

Integrated Circuits

Our integrated circuits combine a number of functions into a single unit or chip. Because of this integration, we have the ability to deliver products that interact more effectively and enhance performance. This allows our customers to meet the requirements of their end customers faster and more cost effectively than if they purchase a number of separate integrated circuits.

We have dedicated engineering groups that develop core manufacturing technology, common design methodology and commonly used integrated circuit design elements for use across our Integrated Circuits segment. By using common core technologies, we simplify our design methods, create reusable intellectual

Edgar Filing: AGERE SYSTEMS INC - Form S-1

property and achieve manufacturing efficiencies.

We believe the primary considerations for customers selecting integrated circuit products are:

- o design capabilities, including the ability to deliver integrated solutions;

2

- o performance, as measured by speed, power requirements and reliability;
- o feature set;
- o price;
- o flexibility, which refers to the ability to design products using the manufacturer's own intellectual property, the manufacturer's customers' intellectual property or a combination of both; and
- o compatibility with other products and communications standards used in communications networks.

We focus our product development and sales efforts to address the customer considerations listed above. The relative importance of these factors may vary depending on the product group or the particular customer's requirements. For example, price may be one of the most important considerations for a customer selecting many of our client access and network connectivity integrated circuits because these integrated circuits are used in price sensitive products sold to consumers. On the other hand, a customer selecting our network communications integrated circuits typically will be more focused on design and performance rather than price because these customers often have specialized demands that require customized solutions.

Optoelectronic Components

Our optoelectronic components are engineered to work together in an optical network. We sell integrated solutions that combine multiple components into a single product. We believe our integrated solutions allow our customers to reduce the size and costs of their optical network equipment and reduce their time to develop new products. We also believe these solutions allow our customers to rely on a smaller number of suppliers and improve the performance of their products.

We believe the primary considerations for customers selecting optoelectronic components are:

- o performance, as measured by speed, power requirements and reliability;
- o price;
- o breadth of product line and ability to offer integrated solutions;
- o quality and automation of manufacturing processes;

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- o manufacturing capacity, as measured by ability to satisfy orders; and
- o compatibility of products with other products and communications standards used in communications networks.

We focus our product development and sales efforts to address the customer considerations listed above. The relative importance of these factors may vary depending on the product group or the particular customer's requirements.

Our Strategy

We intend to maintain and enhance our position as the leading global provider of communications components. To accomplish this goal, we are pursuing the major strategies described below.

- o Focus on Future Growth and Profit Opportunities within the Communications Components Industry. We are focusing resources on segments of the market for integrated circuits and optoelectronics where we can leverage our existing technical skills, manufacturing capabilities and customer relationships, and where we believe there is long-term market growth and profit potential. We will particularly focus on the markets for network communications equipment and wireless local area networking products.
- o Expand and Develop New Customer Relationships. We seek to capitalize on our status as a stand-alone company to increase our sales by being selected to develop and supply components for our customers' new products. We seek to expand our engagements with existing and potential customers who have been reluctant to buy from us because they are competitors of Lucent.
- o Execute on Management Realignment and Restructuring. We have realigned our management structure to focus on the communications infrastructure and client systems markets. We will continue to implement a series of announced restructuring initiatives focused on improving gross profit, reducing expenses and streamlining operations within these segments.

3

- o Extend Product and Technical Leadership. We are building on our product and technical leadership by continuing to work closely with our customers and making appropriate investments in research and development. Specific initiatives include:
 1. Integrated Solutions. We will continue to leverage our extensive communications systems experience and extensive product portfolio to provide integrated solutions for our customers. Our integrated solutions will provide customers with components and software for entire functions and subsystems so that customers can design and market higher performance products more quickly. We also support customers with technical product and systems understanding to help them use our products effectively.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

2. Combined Integrated Circuit and Optoelectronic Solutions. We believe that customers will increasingly demand combined integrated circuit and optoelectronic solutions in order to reduce the time and expense necessary to develop communications equipment. We will take advantage of our extensive experience, systems understanding and broad product portfolio in both integrated circuits and optoelectronics to capitalize on this market opportunity.

Our Relationship with Lucent

Agere was formed as part of Lucent Technologies' plan to spin-off to its stockholders its microelectronics business, including its integrated circuits and optoelectronics divisions. Our Class A common stock began trading on the New York Stock Exchange following our initial public offering in April 2001. The separation of our business from Lucent's other businesses was substantially completed, including the transfer of all assets and liabilities related to these divisions (other than pension and postretirement plan assets and liabilities, which have yet to be transferred) when we completed our initial public offering. As of December 1, 2001, Lucent owned 100% of our outstanding Class B common stock and 37 million shares of our Class A common stock, which together represented approximately 84.2% of the combined voting power of both classes of our voting stock with respect to the election and removal of directors and approximately 57.8% of the voting power of our outstanding common stock with respect to all other matters. Lucent has announced that it continues to move forward with its intention to distribute all shares of our common stock that it owns to its stockholders in a tax-free distribution. However, Lucent's credit facilities include conditions that must be satisfied before Lucent can distribute its Agere stock to its stockholders, and, even if the conditions were met, we cannot assure you that Lucent will complete the spin-off by a particular date or at all. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Overview--Separation from Lucent" and "Arrangements Between Lucent and Our Company" for further information about our spin-off as a fully independent company.

RECENT DEVELOPMENTS

Earnings

On January 23, 2002, we reported that revenues for the first quarter of fiscal 2002, ending December 31, 2001, were \$537 million, down approximately 10% from the September quarter. Reported net loss for the December quarter was \$375 million, or \$0.23 per share. Reported net loss for the September quarter was \$3,354 million, or \$2.05 per share, which included \$2,735 million in impairment of goodwill and other acquired intangibles.

Facility Consolidation

On January 23, 2002, we announced a number of initiatives to accelerate the implementation of our operating model. First, we announced our intention to sell our Orlando, Florida wafer fabrication facility. Second, we announced plans to consolidate nine existing manufacturing, research and development, business management and administrative facilities in Pennsylvania

Edgar Filing: AGERE SYSTEMS INC - Form S-1

and New Jersey into our Allentown, Pennsylvania campus and one new R&D facility in central New Jersey. The Pennsylvania and New Jersey plans include the consolidation of:

- o all integrated circuit and optoelectronic wafer fabrication activities (currently located in Allentown, Breinigsville and Reading, Pennsylvania and Murray Hill, New Jersey) into our Allentown campus;
- o the majority of integrated circuit and optoelectronic assembly and test operations (currently located in Allentown, Breinigsville and Reading) to our facilities in Bangkok, Thailand; Matamoros, Mexico; and Singapore; all remaining assembly and test operations, primarily development operations, will be consolidated into our Allentown campus;
- o all research and development functions currently located in Pennsylvania into our Allentown campus; approximately one quarter of all research and development functions currently located in New Jersey will also be consolidated into our Allentown campus with the remaining New Jersey functions being consolidated into a new research and development facility in central New Jersey; and
- o all sales, administrative and other functions currently located in Pennsylvania and New Jersey into our Allentown campus.

The consolidation is expected to be completed in 12 to 18 months. When completed, the Pennsylvania and New Jersey consolidation actions will reduce floor space in the region by 50%, or approximately 2.0 million square feet, saving approximately \$100 million annually in cash. Total cash required for the consolidation actions is estimated to be between \$250 million and \$350 million. Non-cash charges associated with these activities have not yet been determined. Operations at our owned facilities in Breinigsville and Reading will be terminated and those facilities closed, and we will seek buyers for those properties. Five leased facilities will be vacated.

FPGA Sale

On January 18, 2002, we completed the sale of our Field-Programmable Gate Array, or FPGA, business to Lattice Semiconductor Corporation for \$250 million in cash. The transaction included our general-purpose ORCA(R) FPGA product portfolio, our field programmable system chip, or FPSC, product portfolio and all related software design tools. As part of the transaction, approximately 100 of our product development, marketing and technical sales employees joined Lattice.

Accounts Receivable Securitization

On January 24, 2002, we and certain of our subsidiaries entered into a securitization transaction relating to certain of our and their accounts receivable. As part of the transaction, we and certain of our subsidiaries transfer accounts receivable on a daily basis to a wholly-owned, bankruptcy-remote special purpose subsidiary which will be consolidated in our results. The special purpose subsidiary has entered into a loan agreement with certain financial institutions, pursuant to which the financial institutions agreed to make loans to the special purpose subsidiary secured by the accounts receivable. The financial institutions have commitments under the loan agreement of up to \$200 million; however the amount that we can actually borrow at any time depends on the amount and nature of the accounts receivable that we have transferred to the special purpose subsidiary. The loan agreement expires on January 21, 2003.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Realignment

Effective October 1, 2001, we realigned our business operations into two market-focused groups, Infrastructure Systems and Client Systems, that target the network equipment and consumer communications markets, respectively. Each of these two groups is a reportable operating segment.

5

The Infrastructure Systems segment is comprised of our former optoelectronics segment and portions of our former integrated circuits segment and facilitates the convergence of products from these businesses as we address markets in high-speed communications systems. We have consolidated research and development, as well as marketing, for optoelectronic and integrated circuit devices sold for use in communications systems. This more effectively allows us to design, develop and deliver complete, interoperable solutions to equipment manufacturers for advanced enterprise, access, metropolitan, long-haul and undersea applications.

The Client Systems segment consists of the remainder of our former integrated circuits segment and includes our wireless data, computer communications, storage and wireless terminal solutions products. This segment delivers semiconductor solutions for a variety of end-user applications such as modems, Internet-enabled cellular terminals and hard-disk drives for computers as well as software, systems and wireless local area network solutions through the ORiNOCO(TM) product family.

6

THE OFFERING

We are offering 400,000 investment units at a price of \$ _____ per investment unit. Each investment unit consists of a % senior subordinated note in the principal amount of \$500 and put rights.

Issuer.....	Agere Systems Inc.
Purchaser.....	SHARCS Trust I, a newly created Delaware trust that: <ul style="list-style-type: none">o it will also purchase shares of our common stock in private transactions or in the open market;o it will issue "SHARCS(sm) (Shared Appreciation Convertible Securities)," which are securities of the Company.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

represent all of the beneficial interest

o holders of SHARCS will have the right
 certain events to exchange their SHARCS
 of the notes for the underlying notes and

This prospectus is not an offer to sell
 filed a registration statement with the
 Commission relating to the SHARCS.

Notes:

Notes offered..... \$200 million aggregate principal amount
 Subordinated Notes due 2007.

Maturity..... July 15, 2007.

Interest payment dates..... January 15 and July 15 of each year, commencing

Optional Redemption..... The notes will be redeemable in cash, at
 whole, but not in part, at a price equal to

o 100% of their principal amount plus accrued
 of redemption; and

o the sum of the present values of the remaining
 payments of principal and interest thereon on an
 annual basis, at the treasury rate plus accrued
 accrued interest to the date of redemption.

Ranking..... The notes will be our unsecured senior subordinated debt.
 The notes will rank:

o subordinate in right of payment to all existing and
 indebtedness, including our credit facilities;

o equal with any future senior subordinated debt;

o senior to any future junior subordinated debt.

Assuming we had completed this offering and the net proceeds
 applied the net proceeds as described in the prospectus, the
 the notes would have been subordinated to all existing and
 approximately \$ million of senior indebtedness.

The notes will also be effectively subordinated to all existing and
 indebtedness and other liabilities of our company and our
 subsidiaries. The total balance sheet liabilities of our company and our
 subsidiaries were \$ million at December 31, 2002.

Change of Control..... If a change of control occurs, we will be required to

Edgar Filing: AGERE SYSTEMS INC - Form S-1

repurchase the notes at a repurchase price equal to the principal amount of the notes, plus accrued interest, if any, to the date of repurchase. A holder who exercises the right to require us to repurchase the notes after a change of control must first exchange its notes and common stock for SHARCS. The holder will surrender all rights under the notes corresponding to such exchanged SHARCS, including any rights previously accelerated. See "Description of Securities."

Material covenants.....

We will issue the notes under an indenture for the benefit of the holder or holders. Among other things, limit our ability to incur debt of restricted subsidiaries to:

- o incur additional debt;
- o pay dividends on stock, repurchase stock, or pay debt;
- o make investments;
- o create liens on the collateral;
- o sell assets;
- o sell capital stock of subsidiaries;
- o guarantee other indebtedness;
- o enter into agreements that restrict dividends of subsidiaries;
- o merge or consolidate or sell all or substantially all of our assets and liabilities and those of our subsidiaries;
- o enter into transactions with affiliates.

These covenants are subject to a number of exceptions and qualifications. See "Description of Securities - Covenants."

U.S. federal income tax considerations.....

The notes will be issued with original issue discount for federal income tax purposes. See "Certain Tax Consequences."

Absence of an established market for the notes.....

The notes are new securities and there is no established market for them. Initially, they will be owned by the issuer. We intend to apply for a listing of the notes on a national securities exchange and an automated dealer quotation system. According to our expectations, you that a liquid market will develop for the notes if you who exchange their SHARCS early.

Trustee for the notes.....

Put Rights:

Put Rights.....

On July 15, 2007, we will pay to the trustee the amount, if any, by which the market price or sale price of a share of our common stock exceeds the closing price of such share for the 30-day period preceding such date.

The trust may not transfer the put right
event that any SHARCS are exchanged earl

8

of our common stock covered by the put o
us and the trust will be reduced by the
upon such exchange (without payment by e
occurrence of certain events, the put ri

9

RISK FACTORS

See "Risk Factors," which begins on page 13, for a discussion of
certain factors that you should consider in evaluating an investment in the
investment units.

Our principal executive offices are located at 555 Union Boulevard,
Allentown, Pennsylvania 18109. Our telephone number is (610) 712-4323. Our
World Wide Web site address is www.agere.com. Information contained in our
website is not incorporated by reference in this prospectus and, therefore, is
not part of this prospectus.

10

SUMMARY HISTORICAL FINANCIAL INFORMATION

The following table sets forth our summary historical financial
information derived from our audited consolidated and combined financial
statements for the fiscal years ended September 30, 2001, 2000 and 1999
included elsewhere in this prospectus. This summary financial information may
not be indicative of our future performance as a stand-alone company. You
should read the summary financial information in conjunction with
"Management's Discussion and Analysis of Financial Condition and Results of
Operations," our consolidated and combined financial statements and the notes

Edgar Filing: AGERE SYSTEMS INC - Form S-1

to our consolidated and combined financial statements included elsewhere in this prospectus.

	----- 2001 ----- (dollars in millions)

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- (1) For purposes of determining the ratio of earnings to fixed charges, "earnings" are defined as income (loss) from continuing operations before income taxes less undistributed earnings of equity investments plus fixed charges less interest capitalized during the period. "Fixed charges" consist of interest expense on all indebtedness and that portion of operating lease rental expense that is representative of the interest factor. "Deficiency" is the amount by which fixed charges exceeded earnings in fiscal 2001.

11

- (2) EBITDA equals operating income (loss) plus depreciation and amortization expense. EBITDA is not intended to represent cash flow or any other measure of performance or liquidity in accordance with generally accepted accounting principles. EBITDA is included here because we believe that you may find it to be a useful analytical tool. Other companies may calculate EBITDA differently, and we cannot assure you that our figures are comparable with similarly- titled figures for other companies.
- (3) The calculation of adjusted EBITDA is shown below:

	Historical Year Ended September 30,		
	2001	2000	1999
	(dollars in millions)		
EBITDA.....	\$(3,520)	\$ 822	\$ 877

Restructuring and separation.....	662	--	--
Impairment of goodwill and other acquired intangibles.	2,762	--	--
Adjusted EBITDA.....	\$ (96)	\$1,268	\$ 894

12

RISK FACTORS

An investment in the investment units is subject to a number of risks. You should carefully consider the following risk factors and all the other information contained in this prospectus before investing in our investment units.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

RISKS RELATED TO OUR SEPARATION FROM LUCENT

WE WILL BE CONTROLLED BY LUCENT AS LONG AS IT OWNS A MAJORITY OF OUR COMMON STOCK, AND OUR OTHER STOCKHOLDERS WILL BE UNABLE TO AFFECT THE OUTCOME OF STOCKHOLDER VOTING DURING THAT TIME.

Lucent is our controlling stockholder because it owns a majority of our common stock. Because Lucent's interests may differ from ours, actions Lucent takes with respect to us, as our controlling stockholder, may not be favorable to us.

Lucent's interests may not be the same as, or may conflict with, the interests of our other stockholders. Our other stockholders will not be able to affect the outcome of any stockholder vote so long as Lucent owns a majority of our common stock.

Lucent is generally not prohibited from selling a controlling interest in us to a third party. Because we have elected not to be subject to Section 203 of the General Corporation Law of the State of Delaware, Lucent, as a controlling stockholder, may find it easier to sell its controlling interest to a third party than if we were subject to Section 203.

THE TIMING AND MANNER OF OUR SEPARATION FROM LUCENT ARE UNCLEAR AND MAY NOT OCCUR, AND WE MAY NOT ACHIEVE MANY OF THE EXPECTED BENEFITS OF OUR SEPARATION, SO WE MAY LOSE MANY OF OUR EMPLOYEES AND OUR BUSINESS MAY SUFFER.

We believe that the announcement of our separation from Lucent led to an increased interest in doing business with us from some of our existing and potential customers. If the distribution of all shares of our common stock that Lucent owns to its stockholders does not occur, then these customers may not increase or commence purchases of our products. Many of our existing employees are anticipating our spin-off from Lucent and may be more susceptible to competitive job offers if the distribution does not occur or is delayed. We also may not obtain some of the other benefits we expect as a result of this distribution, including greater strategic focus and increased agility and speed. Further, even if the distribution occurs, we may not achieve the benefits of our separation. In addition, until the distribution occurs, the risks relating to Lucent's control of us and the potential business conflicts of interest between Lucent and us will continue to be relevant to our stockholders.

WE MAY HAVE POTENTIAL BUSINESS CONFLICTS OF INTEREST WITH LUCENT WITH RESPECT TO OUR PAST AND ONGOING RELATIONSHIPS AND, BECAUSE OF LUCENT'S CONTROLLING OWNERSHIP, THE RESOLUTION OF THESE CONFLICTS MAY NOT BE ON THE MOST FAVORABLE TERMS TO US.

Prior to the distribution, a resolution of any potential conflicts of interest between Lucent and us may be less favorable to us than if we were dealing with an unaffiliated party. Conflicts of interest may arise between Lucent and us in a number of areas relating to our past and ongoing relationships, including:

- o the nature, quantity, quality, time of delivery and pricing of products we supply to each other under, and other issues arising under, our product purchase agreements with Lucent;
- o labor, tax, employee benefit, indemnification and other matters arising from our separation from Lucent;
- o intellectual property matters;
- o employee recruiting and retention;

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- o sales or distributions by Lucent of all or any portion of its ownership interest in us, which could be to one of our competitors; and
- o business opportunities that may be attractive to both Lucent and us.

We and Lucent have entered into several agreements in connection with our separation, as described in "Arrangements Between Lucent and Our Company." While we are controlled by Lucent, it is possible for Lucent to cause us to amend these agreements on terms that may be less favorable to us than the current terms of the agreements.

13

OUR HISTORICAL FINANCIAL INFORMATION PRIOR TO THE FEBRUARY 1, 2001 CONTRIBUTION TO US OF OUR BUSINESS FROM LUCENT MAY NOT BE REPRESENTATIVE OF OUR RESULTS AS A STAND-ALONE COMPANY AND, THEREFORE, MAY NOT BE RELIABLE AS AN INDICATOR OF OUR HISTORICAL OR FUTURE RESULTS.

Our historical consolidated and combined financial statements may not be indicative of our future performance as a stand-alone company. This is primarily a result of the three factors described below.

- o First, our historical consolidated and combined financial statements reflect allocations, primarily with respect to general corporate expenses, research expense and interest expense, which may be less than the expenses we will incur in the future as a stand-alone company.
- o Second, the information does not reflect significant changes that we expect to occur in the future as a result of our separation from Lucent, including changes in how we fund our operations, conduct research and handle tax and employee matters.
- o Third, our historical consolidated and combined financial statements include substantial revenue from sales to Lucent. This revenue may not reflect the pricing, volume or percentage of our sales we would have derived from Lucent if we were a stand-alone company.

BECAUSE LUCENT'S BELL LABORATORIES' CENTRAL RESEARCH ORGANIZATION HISTORICALLY PERFORMED IMPORTANT RESEARCH FOR US, WE MUST CONTINUE TO DEVELOP OUR OWN CORE RESEARCH CAPABILITY. WE MAY NOT BE SUCCESSFUL, WHICH COULD MATERIALLY HARM OUR PROSPECTS AND ADVERSELY AFFECT OUR RESULTS OF OPERATIONS.

If our separate research efforts are not as successful as when we were part of Lucent, we may not be able to keep pace with the rapid technological change in our industry and our prospects may be harmed. Many of our products use technology and manufacturing processes derived from innovations developed by Lucent's Bell Laboratories central research organization. After the contribution to us of our business in February 2001, Lucent has no obligation to provide research and development for us except as agreed to in the development project agreement and joint design center operating agreement described under "Arrangements Between Lucent and Our Company." We cannot assure you that our independent research efforts will be as successful as the efforts of Bell Laboratories have been historically or that our efforts will not require us to increase our expenditures for the same services over the amounts in our

Edgar Filing: AGERE SYSTEMS INC - Form S-1

historical combined and consolidated financial statements. A significant increase in our expenditures for the same services may adversely affect our results of operations. We may not be able to recruit engineers and other research and development employees as effectively as Bell Laboratories was able to because of its history, name recognition and size.

MANY OF OUR EXECUTIVE OFFICERS AND SOME OF OUR DIRECTORS MAY HAVE CONFLICTS OF INTEREST BECAUSE OF THEIR OWNERSHIP OF LUCENT COMMON STOCK AND OTHER TIES TO LUCENT.

Many of our executive officers and some of our directors, including the Lucent-representative directors who we expect will resign at the time of the distribution, have a substantial amount of their personal financial portfolios in Lucent common stock and options to purchase Lucent common stock. Ownership of Lucent common stock or options to purchase Lucent common stock by our directors and officers could create, or appear to create, potential conflicts of interest when directors and officers are faced with decisions that could have different implications for Lucent and us.

WE COULD INCUR SIGNIFICANT TAX LIABILITY IF LUCENT FAILS TO PAY THE TAX LIABILITIES ATTRIBUTABLE TO LUCENT UNDER OUR TAX SHARING AGREEMENT, WHICH COULD REQUIRE US TO PAY A SUBSTANTIAL AMOUNT OF MONEY.

We and Lucent have entered into a tax sharing agreement that allocates responsibility for tax liabilities between us and them. For a discussion of this agreement, please see "Arrangements Between Lucent and Our Company--Tax Sharing Agreement." Under U.S. federal income tax laws, we and Lucent are jointly and severally liable for Lucent's federal income taxes attributable to periods prior to and including the most recent taxable year of Lucent, which ended on September 30, 2001. This means that if Lucent fails to pay the taxes attributable to it under the tax sharing agreement for those periods, we may be liable for any part of, including the whole amount of, these liabilities.

BECAUSE THE DIVISION OF ENFORCEMENT OF THE SECURITIES AND EXCHANGE COMMISSION IS INVESTIGATING MATTERS BROUGHT TO ITS ATTENTION BY LUCENT, OUR BUSINESS MAY BE AFFECTED IN A MANNER WE CANNOT FORESEE AT THIS TIME.

On November 21, 2000, and again on December 21, 2000, Lucent brought to the attention of the staff of the Securities and Exchange Commission matters relating to its recognition of revenue. Lucent also publicly disclosed these matters in press releases on those dates. Although Lucent has informed us that it has no reason to believe that this investigation by the Division of Enforcement of the Securities and Exchange Commission into these matters concerns our business and we are not aware of any reason why the investigation would affect us, it is possible that the results of the investigation may have an impact on us. Although the investigation could result in no action being taken by the Securities and Exchange Commission, if an action is taken and the investigation is found to concern our business, the action could result in monetary fines or changes in some of our financial and other practices and procedures that we are unable to foresee

at this time.

RISKS RELATED TO OUR BUSINESS

Edgar Filing: AGERE SYSTEMS INC - Form S-1

THE DEMAND FOR PRODUCTS IN OUR INDUSTRY HAS RECENTLY DECLINED, AND WE CANNOT PREDICT THE DURATION OR EXTENT OF THIS TREND. SALES OF OUR INTEGRATED CIRCUITS AND OPTOELECTRONIC COMPONENTS ARE DEPENDENT ON THE GROWTH OF COMMUNICATIONS NETWORKS.

We derive, and expect to continue to derive, a significant amount of revenue from the sale of integrated circuits and optoelectronic components used in optical, wired and wireless communications networks. The current economic downturn has resulted in reduced purchasing in many of the markets we serve worldwide. In particular, the communications equipment industry is currently in a cycle characterized by diminished product demand, excess manufacturing capacity and the erosion of average selling prices. If the long-term growth in demand for communications networks does not occur as we expect, the demand for many of our integrated circuits and optoelectronic components may decline or grow more slowly than we expect. As a result, we may not be able to grow our business and our revenue may decline from current levels.

BECAUSE WE EXPECT TO CONTINUE TO DERIVE A MAJORITY OF OUR REVENUE FROM INTEGRATED CIRCUITS AND THE INTEGRATED CIRCUITS INDUSTRY IS HIGHLY CYCLICAL, OUR REVENUE MAY FLUCTUATE.

We expect to continue to derive a majority of our revenue from integrated circuits products. Because the integrated circuits market segment is highly cyclical, we may have declines in our revenue that are primarily related to industry conditions and not our products. This market segment has experienced significant downturns, often in connection with, or in anticipation of, excess manufacturing capacity worldwide, maturing product cycles and declines in general economic conditions, and we are currently experiencing such a downturn.

IF WE DO NOT COMPLETE OUR ANNOUNCED WORKFORCE REDUCTIONS AND OTHER RESTRUCTURING AND CONSOLIDATION ACTIVITIES AS EXPECTED OR EVEN IF WE DO SO, WE MAY NOT ACHIEVE ALL OF THE EXPENSE REDUCTIONS WE ANTICIPATE.

Our business has been experiencing lower revenues due to decreased and canceled customer orders. Revenue has declined over the past five quarters. During calendar 2001 and the first quarter of fiscal 2002, we announced a series of restructuring initiatives to align Agere with current market conditions. These initiatives are focused on improving gross profit, reducing expenses and streamlining operations. These restructuring initiatives include a worldwide workforce reduction, rationalization of manufacturing capacity and other restructuring initiatives. In addition, we recently announced our intention to consolidate our operations at a number of facilities. If we do not complete these workforce reductions and other restructuring and consolidation activities as expected or even if we do so, we may not achieve all of the expense reductions we anticipate.

OUR QUARTERLY REVENUE AND OPERATING RESULTS MAY VARY SIGNIFICANTLY IN FUTURE PERIODS DUE TO THE NATURE OF OUR BUSINESS.

Our quarterly revenue and income (loss) from operations may vary significantly from quarter to quarter because of the nature of our revenue and planned product introductions. For example, because of our lengthy sales and design processes, the effects of failing to be selected by a customer to provide a product may result in significantly lower revenue later, as compared to prior periods with more revenue from earlier design wins. In addition, sales of our products for specific customer projects often begin and end abruptly, so revenue may increase rapidly and later decrease just as quickly. The relative timing of the beginning and end of our sales and design processes can make our revenues less predictable.

IF WE FAIL TO KEEP PACE WITH TECHNOLOGICAL ADVANCES IN OUR INDUSTRY OR IF WE PURSUE TECHNOLOGIES THAT DO NOT BECOME COMMERCIALY ACCEPTED, CUSTOMERS MAY NOT

Edgar Filing: AGERE SYSTEMS INC - Form S-1

BUY OUR PRODUCTS AND OUR REVENUE MAY DECLINE.

The demand for our products can change quickly and in ways we may not anticipate because our industry is generally characterized by:

- o rapid, and sometimes disruptive, technological developments;
- o evolving industry standards;
- o changes in customer requirements;
- o limited ability to accurately forecast future customer orders;
- o frequent new product introductions and enhancements; and
- o short product life cycles with declining prices over the life cycle of the product.

15

If we fail to make sufficient investments in research and development programs in order to develop new and enhanced products and solutions, or if we focus on technologies that do not become widely adopted, new technologies could render our current and planned products obsolete, resulting in the need to change the focus of our research and development and product strategies and disrupting our business significantly.

BECAUSE MANY OF OUR CURRENT AND PLANNED PRODUCTS ARE HIGHLY COMPLEX, THEY MAY CONTAIN DEFECTS OR ERRORS THAT ARE DETECTED ONLY AFTER DEPLOYMENT IN COMMERCIAL COMMUNICATIONS NETWORKS AND IF THIS OCCURS, IT COULD HARM OUR REPUTATION AND RESULT IN INCREASED EXPENSE.

Our products are highly complex and may contain undetected defects, errors or failures. These products can only be fully tested when deployed in commercial communications networks and other equipment. Consequently, our customers may discover errors after the products have been deployed. The occurrence of any defects, errors or failures could result in:

- o cancelation of orders;
- o product returns, repairs or replacements;
- o diversion of our resources;
- o legal actions by our customers or our customers' end-users;
- o increased insurance costs; and
- o other losses to us or to our customers or end users.

Any of these occurrences could also result in the loss of or delay in market acceptance of our products and loss of sales, which would harm our business and adversely affect our revenue and results of operations. We have from time to time experienced defects and expect to experience defects in the future. Because the trend in our industry is moving toward even more complex products in the future, this risk will intensify over time.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

OUR PRODUCTS AND TECHNOLOGIES TYPICALLY HAVE LENGTHY DESIGN AND DEVELOPMENT CYCLES. A CUSTOMER MAY DECIDE TO CANCEL OR CHANGE ITS PRODUCT PLANS, WHICH COULD CAUSE US TO GENERATE NO REVENUE FROM A PRODUCT AND ADVERSELY AFFECT OUR RESULTS OF OPERATIONS.

We may never generate any revenue from our products after incurring significant design and development expenditures. A delay or cancelation of a customer's plans could significantly adversely affect our financial results. Unlike some of our competitors, we primarily focus on winning competitive selection processes to develop products for use in our customers' equipment. These selection processes can be lengthy. After winning and beginning a product design for a customer, that customer may not begin volume production of their equipment for a period of up to two years, if at all. Due to this lengthy design and development cycle, we may experience delays from the time we begin incurring expenses until the time we generate revenue from our products. We have no assurances that our customers will ultimately market and sell their equipment or that such efforts by our customers will be successful.

BECAUSE OUR SALES ARE CONCENTRATED ON LUCENT AND A FEW OTHER CUSTOMERS, OUR REVENUE MAY MATERIALLY DECLINE IF ONE OR MORE OF OUR KEY CUSTOMERS DO NOT CONTINUE TO PURCHASE OUR EXISTING AND NEW PRODUCTS IN SIGNIFICANT QUANTITIES.

Our customer base is highly concentrated. Our top ten end customers accounted for approximately 53% of our revenue in fiscal 2001. If any one of our key customers decides to purchase significantly less from us or to terminate its relationship with us, our revenue may materially decline. Because our strategy has generally been to develop long-term relationships with a few key customers in the product areas in which we focus and we have a long product design and development cycle for most of our products, we may be unable to replace these customers quickly or at all. We could lose our key customers or significant sales to our key customers because of factors beyond our control, such as a significant disruption in our customers' businesses generally or in a specific product line.

In particular, we depend on Lucent as a key customer. We derived 14.9% of our revenue from sales to Lucent in fiscal 2001. We expect to continue to be dependent on Lucent for a significant percentage of our revenue.

IF WE FAIL TO ATTRACT, HIRE AND RETAIN QUALIFIED PERSONNEL, WE MAY NOT BE ABLE TO DEVELOP, MARKET OR SELL OUR PRODUCTS OR SUCCESSFULLY MANAGE OUR BUSINESS.

In some fields, there are only a limited number of people in the job market with the requisite skills, particularly people with optoelectronic technology expertise. We have in the past experienced difficulty in identifying and hiring qualified engineers in many areas of our business as well as in retaining our current employees. The loss of the services of any key personnel or our inability to hire new personnel with the requisite skills could restrict our ability to develop new products or enhance existing products in a timely manner, sell products to our customers or manage our business effectively.

BECAUSE WE ARE SUBJECT TO ORDER AND SHIPMENT UNCERTAINTIES, ANY SIGNIFICANT CANCELLATIONS OR DEFERRALS COULD CAUSE OUR REVENUE TO DECLINE OR FLUCTUATE.

We generally sell products pursuant to purchase orders that customers

Edgar Filing: AGERE SYSTEMS INC - Form S-1

may cancel or defer on short notice without incurring a significant penalty. Cancellations or deferrals could cause us to hold excess inventory, which could adversely affect our results of operations and restrict our ability to fund our operations. If a customer cancels or defers product shipments, we may incur unanticipated reductions or delays in our revenue. If a customer refuses to accept shipped products or does not timely pay for these products, we could incur significant charges against our income, which could materially and adversely affect our operating results.

WE DEPEND ON SOME SINGLE SOURCES OF SUPPLY, PARTICULARLY FOR OUR OPTOELECTRONIC COMPONENTS, AND INTERRUPTIONS AFFECTING THESE AND OTHER SUPPLIERS COULD DISRUPT OUR PRODUCTION, COMPROMISE OUR PRODUCT QUALITY AND CAUSE OUR REVENUE TO DECLINE.

We depend on a single source supplier for several different parts used to make some of our optoelectronic components. Some of these single source suppliers also are competitors of ours. In some of these cases, there is no qualified alternative supplier for these parts or processes and qualifying new suppliers could require a substantial lead time. The loss of any of these or other significant suppliers or the inability of a supplier to meet performance and quality specifications or delivery schedules could cause our revenue to significantly decline.

IF WE DO NOT ACHIEVE ADEQUATE MANUFACTURING UTILIZATION, YIELDS, VOLUMES OR SUFFICIENT PRODUCT RELIABILITY, OUR GROSS MARGINS WILL BE REDUCED.

Because the majority of our manufacturing costs are relatively fixed, efficient utilization of manufacturing facilities and manufacturing yields are critical to our results of operations. Some of our manufacturing facilities have been underutilized, which has reduced our gross margins. Lower than expected manufacturing yields could impair our gross margins and delay product shipments.

In the event of an increase in demand, failure to increase our manufacturing volumes to meet our customers' increasing needs and satisfy customer demand will have a significant effect on our gross margins. In some cases, existing manufacturing capacity may be insufficient to achieve the volume or cost targets of our customers.

The manufacture of our products involves highly complex and precise processes, requiring production in highly controlled and clean environments. Changes in our manufacturing processes or those of our suppliers or contractors, or their inadvertent use of defective or contaminated materials, could significantly reduce our manufacturing yields and product reliability.

WE HAVE RELATIVELY HIGH GROSS MARGIN ON THE REVENUE WE DERIVE FROM THE LICENSING OF OUR INTELLECTUAL PROPERTY, AND A DECLINE IN THIS REVENUE WOULD HAVE A GREATER IMPACT ON OUR NET INCOME THAN A DECLINE IN REVENUE FROM OUR INTEGRATED CIRCUITS AND OPTOELECTRONIC PRODUCTS.

The revenue we generate from the licensing of our intellectual property has a high gross margin compared to the revenue we generate from our integrated circuits and optoelectronic products. A decline in this licensing revenue would have a greater impact on our profitability than a similar decline in revenues from our integrated circuits and optoelectronic products.

WE DEPEND ON JOINT VENTURES OR OTHER THIRD-PARTY STRATEGIC RELATIONSHIPS FOR THE MANUFACTURE OF SOME OF OUR PRODUCTS, ESPECIALLY INTEGRATED CIRCUITS. IF THESE MANUFACTURERS ARE UNABLE TO FILL OUR ORDERS ON A TIMELY AND RELIABLE BASIS, OUR REVENUE MAY DECLINE.

We currently manufacture our integrated circuits and optoelectronic components through a combination of internal capability, joint ventures and external sourcing with contract manufacturers. To the extent we rely on joint

Edgar Filing: AGERE SYSTEMS INC - Form S-1

ventures and third-party manufacturing relationships, especially with respect to integrated circuits, we face the following risks:

- o their inability to develop manufacturing methods appropriate for our products;
- o that the manufacturing costs will be higher than planned;
- o that the reliability of our products will decline;
- o their unwillingness to devote adequate capacity to produce our products;
- o their inability to maintain continuing relationships with our suppliers; and
- o the reduction of our control over delivery schedules and costs of our products.

17

If any of these risks is realized, we could experience an interruption in supply or an increase in costs, which could delay or decrease our revenue or adversely affect our results of operations.

IF OUR CUSTOMERS DO NOT QUALIFY OUR MANUFACTURING LINES FOR VOLUME SHIPMENTS, OUR REVENUE MAY BE DELAYED OR REDUCED.

Customers will not purchase any of our products, other than limited numbers of evaluation units, prior to qualification of the manufacturing line for the product. We may not always be able to satisfy the qualifications. Delays in qualification can cause a customer to discontinue use of the product and result in a significant loss of revenue.

BECAUSE INTEGRATED CIRCUIT AND OPTOELECTRONIC COMPONENT AVERAGE SELLING PRICES IN PARTICULAR PRODUCT AREAS ARE DECLINING AND SOME OF OUR OLDER PRODUCTS ARE BECOMING OBSOLETE, OUR RESULTS OF OPERATIONS MAY BE ADVERSELY AFFECTED.

We have in the past, and will in the future, experience declines in the average selling prices for some of our integrated circuits and optoelectronic components. For our products, the declines are due to, among other things, downturns in the semiconductor and communications industries, increased competition, lower costs of producing products and greater unit volumes. In addition, because our industry is characterized by rapid technological change and short product life cycles, in any given year we may have a substantial amount of revenue from products that are becoming obsolete. We may experience substantial decreases in sales of these products in subsequent years.

If we do not offset these decreases by increases in our sales of other products, including new products, that can be sold at higher prices, our revenue will decline, which will have a material adverse effect on our results of operations.

WE CONDUCT A SIGNIFICANT AMOUNT OF OUR SALES ACTIVITY AND MANUFACTURING EFFORTS OUTSIDE THE UNITED STATES, WHICH SUBJECTS US TO ADDITIONAL BUSINESS RISKS AND MAY ADVERSELY AFFECT OUR RESULTS OF OPERATIONS DUE TO INCREASED COSTS.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

In fiscal 2001, we derived 55% of our revenue from sales of our products shipped to locations outside the United States. We also manufacture a significant portion of our products outside the United States and are dependent on international suppliers for many of our parts. We intend to continue to pursue growth opportunities in both sales and manufacturing internationally. International operations are subject to a number of risks and potential costs, which could adversely affect our revenue and results of operations, including:

- o our new brand will not be locally recognized, which will cause us to spend significant amounts of time and money to build a brand identity;
- o unexpected changes in regulatory requirements;
- o inadequate protection of intellectual property in some countries outside of the United States;
- o currency exchange rate fluctuations; and
- o political and economic instability.

WE ARE SUBJECT TO ENVIRONMENTAL, HEALTH AND SAFETY LAWS, WHICH COULD INCREASE OUR COSTS AND RESTRICT OUR OPERATIONS IN THE FUTURE.

We are subject to a variety of laws relating to the use, disposal, clean-up of, and human exposure to, hazardous chemicals. Any failure by us to comply with present and future environmental, health and safety requirements could subject us to future liabilities or the suspension of production. In addition, compliance with these or future laws could restrict our ability to expand our facilities or require us to acquire costly pollution control equipment, incur other significant expenses or modify our manufacturing processes. In the event of the discovery of additional contaminants or the imposition of additional cleanup obligations at these or other sites, we could be adversely affected.

THE COMMUNICATIONS COMPONENT INDUSTRY IS INTENSELY COMPETITIVE, AND OUR FAILURE TO COMPETE EFFECTIVELY COULD HURT OUR REVENUE.

The market segments for optoelectronic components and integrated circuits are intensely competitive and subject to rapid and disruptive technological change. We expect the intensity of competition to continue to increase in the future as existing competitors enhance and expand their product offerings and as new participants enter the market. Increased competition may result in price reductions, reduced gross margins and loss of market share. We cannot assure you that we will be able to compete successfully against existing or future competitors, which may hurt our revenue.

WE MAY BE SUBJECT TO INTELLECTUAL PROPERTY LITIGATION AND INFRINGEMENT CLAIMS, WHICH COULD CAUSE US TO INCUR SIGNIFICANT EXPENSES OR PREVENT US FROM SELLING OUR PRODUCTS. IF WE ARE UNABLE TO PROTECT OUR INTELLECTUAL PROPERTY RIGHTS, OUR BUSINESSES AND PROSPECTS MAY BE HARMED.

Like other companies in the semiconductor industry, we experience

Edgar Filing: AGERE SYSTEMS INC - Form S-1

frequent litigation regarding patent and other intellectual property rights. From time to time, we receive notices from third parties of potential infringement and receive claims of potential infringement when we attempt to license our intellectual property to others. Defending these claims could be costly and time consuming and would divert the attention of management and key personnel from other business issues. The complexity of the technology involved and the uncertainty of intellectual property litigation increase these risks. Claims of intellectual property infringement also might require us to enter into costly royalty or license agreements. However, we may be unable to obtain royalty or license agreements on terms acceptable to us or at all. In addition, third parties may attempt to appropriate the confidential information and proprietary technologies and processes used in our business, which we may be unable to prevent and would harm our businesses and prospects.

IF WE CANNOT MAINTAIN OUR STRATEGIC RELATIONSHIPS OR IF OUR STRATEGIC RELATIONSHIPS FAIL TO MEET THEIR GOALS OF DEVELOPING TECHNOLOGIES OR PROCESSES, WE WILL LOSE OUR INVESTMENT AND MAY FAIL TO KEEP PACE WITH THE RAPID TECHNOLOGICAL DEVELOPMENTS IN OUR INDUSTRY.

In the past, we have entered into strategic relationships to develop technologies and manufacturing processes. If any of our strategic relationships do not accomplish our intended goals or do not develop the technology or processes sought, we will not realize a return on our investment.

WE MAY NOT HAVE FINANCING FOR FUTURE STRATEGIC INITIATIVES, WHICH MAY PREVENT US FROM ADDRESSING GAPS IN OUR PRODUCT OFFERINGS, IMPROVING OUR TECHNOLOGY OR INCREASING OUR MANUFACTURING CAPACITY.

If we are unable to incur additional debt or issue equity for future strategic initiatives, we may fail to address gaps in our product offerings, improve our technology or increase our manufacturing capacity. We cannot assure you that such financing will be available to us on acceptable terms or at all. Also, in connection with our spin-off from Lucent, we are significantly restricted in our ability to issue stock in order to raise capital.

IF WE ARE UNABLE TO EXTEND OR REFINANCE OUR CREDIT FACILITY WHEN IT MATURES ON SEPTEMBER 30, 2002, WE MAY NOT HAVE SUFFICIENT CASH AVAILABLE TO REPAY THAT FACILITY, TO FUND OUR OPERATIONS OR TO SERVICE OUR DEBT.

We cannot assure you that we will be able to extend or refinance our credit facility before it matures on September 30, 2002. While we currently have sufficient cash on hand to repay amounts outstanding under the credit facility when it matures, we cannot assure you that we will have sufficient cash to repay those amounts when due. In recent periods, we have incurred substantial losses and used cash on hand to fund our operations and other cash needs, and we expect these conditions to continue in the near future. If we are required to repay our credit facility, and we are unable to obtain alternate sources of financing, we may not be able to fund our operations, make capital expenditures or service our debt. Under these circumstances, we would consider actions such as eliminating employee bonuses, accelerating already planned expense reductions, limiting capital spending and selling assets to enable us to meet our cash requirements. However, we cannot assure you that these actions will be feasible at the time or prove adequate. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Liquidity and Capital Resources."

RISKS RELATED TO THE OFFERING

WE HAVE A SIGNIFICANT AMOUNT OF DEBT, WHICH SUBJECTS US TO VARIOUS RESTRICTIONS AND INTEREST COSTS, AND WE MAY SUBSTANTIALLY INCREASE OUR DEBT IN THE FUTURE.

Because Lucent historically provided financing to us and incurred debt at the parent level, our historical combined balance sheets prior to

Edgar Filing: AGERE SYSTEMS INC - Form S-1

completion of our initial public offering do not include debt. On April 2, 2001, upon completion of our initial public offering, we assumed \$2,500 million of short-term debt that Lucent had borrowed under a credit facility. We did not receive any of the proceeds from the credit facility. Lucent was relieved of all obligations related to this short-term debt. As of January 24, 2002, \$1,103 million was outstanding under our credit facility. See "Certain Indebtedness" for a description of the credit facility. We will use approximately 50% of the net proceeds from the investment units to further repay this short-term debt. After giving pro forma effect to the issuance and sale of the investment units and the application of the net proceeds therefrom as described under "Use of Proceeds," as of , 2002, our total outstanding debt would have been \$ million. Please see "Management's Discussion and Analysis of Financial Condition and Results of Operations--Liquidity and Capital Resources" for additional details about our credit facility, including certain repayments of the facility.

The credit facility is secured by our principal domestic assets other than the proceeds of our initial public offering and, while Lucent remains a majority stockholder, real estate. The maturity date of the facility has been extended from February 22, 2002 to September 30, 2002. In addition, if we raise at least \$500 million in equity or debt capital markets transactions before September 30, 2002, or \$ million after giving effect to this offering, the maturity date of the facility will be extended to September 30, 2004, with the facility required to be reduced to \$750 million on September 30, 2002 and \$500 million on September 30, 2003. The credit facility imposes, and future indebtedness may impose, various restrictions and covenants on us which could limit our ability to respond to market conditions, to provide for unanticipated capital investments or to take advantage of business opportunities. Our interest expense may be materially different as a

19

stand-alone company than the interest expense reflected in our historical combined statement of operations for periods prior to completion of our initial public offering. Please see "Management's Discussion and Analysis of Financial Condition and Results of Operations--Overview" for details about our historical interest expense and interest expense under, and the other terms of, the debt we assumed from Lucent.

We may substantially increase our debt in the future. If our cash flow from operations is less than we expect, we will require more financing. We will from time to time issue additional debt, borrow funds under revolving credit facilities or issue other long- or short-term debt.

RESTRICTIONS IN THE NOTES INDENTURE AND OUR CREDIT FACILITY MAY LIMIT OUR ACTIVITIES.

The notes indenture and our credit facility contain restrictions on our activities, including covenants limiting our ability to:

- o incur indebtedness at the subsidiary or parent level;
- o incur or permit to exist liens or security interests on our assets;
- o merge or consolidate with another entity or sell all or substantially all of our assets;

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- o make investments in non-affiliates and certain of our subsidiaries;
- o make or declare dividends on our capital stock;
- o consummate certain transactions with our affiliates; and
- o consummate certain sale and leaseback or collateralized mortgage obligation transactions.

We also are required to satisfy specified financial covenants under the terms of our credit facility. These restrictions may make it difficult for us to successfully execute our business strategy or to compete in the worldwide integrated circuits and optoelectronic components industries with companies not similarly restricted.

IN THE EVENT OF OUR BANKRUPTCY OR LIQUIDATION, OUR ASSETS WILL NOT BE AVAILABLE TO MAKE ANY PAYMENTS TO THE HOLDERS OF THE NOTES UNTIL WE HAVE MADE ALL PAYMENTS TO HOLDERS OF SENIOR INDEBTEDNESS.

The notes will be general unsecured obligations, subordinate in right of payment to all of our existing and future senior indebtedness, including all indebtedness under our credit facility. In the event of insolvency, liquidation, reorganization or a similar proceeding, our senior indebtedness must be paid in full before the principal of, and premium, if any, and interest on the notes may be paid. In the event of a bankruptcy, liquidation or reorganization, holders of the notes will participate ratably (based upon respective amounts owed to each holder or creditor) with all holders of subordinated indebtedness that is deemed to be of the same class as the notes in the remaining assets. If any of these events occur, we cannot assure you that there would be sufficient assets to pay amounts due on the notes. After giving pro forma effect to the issuance and sale of the investment units and the application of the net proceeds therefrom as described under "Use of Proceeds," as of , 2002, we would have had approximately \$ million of senior indebtedness outstanding.

In addition, the indenture provides that, except under certain circumstances, no payment with respect to the notes may be made during the occurrence of a payment default with respect to senior indebtedness. Moreover, the indenture provides that, under certain circumstances, no payment with respect to the notes may be made if certain non-payment defaults occur with respect to certain designated senior indebtedness, including indebtedness under our credit facility.

YOUR RIGHT TO RECEIVE PAYMENTS ON THE NOTES IS UNSECURED AND WILL BE EFFECTIVELY SUBORDINATED TO OUR AND OUR SUBSIDIARIES' EXISTING AND FUTURE SECURED INDEBTEDNESS.

The notes will be general unsecured senior subordinated obligations, effectively junior to any secured debt that we and our subsidiaries have and may have in the future to the extent of the value of the assets securing that debt. Our borrowings under our credit facility are secured. After giving pro forma effect to the issuance and sale of the investment units and the application of the net proceeds therefrom as described under "Use of Proceeds," as of , 2002, we would have had \$ million of secured indebtedness outstanding.

In the event of liquidation, dissolution, reorganization, bankruptcy or any similar proceeding, whether voluntarily or involuntarily instituted, the holders of our secured debt will be entitled to be paid from our or our subsidiaries' assets, as applicable, before any payment may be made with respect to the notes. If any of the foregoing events occurs, we cannot assure you that we will have sufficient assets to pay amounts due on our secured debt and the

Edgar Filing: AGERE SYSTEMS INC - Form S-1

notes. As a result, the holders of the notes may receive less, ratably, than the holders of secured debt in the event of our liquidation, dissolution, reorganization, bankruptcy or other similar occurrence.

20

SOME SIGNIFICANT RESTRUCTURING TRANSACTIONS MAY NOT CONSTITUTE A CHANGE OF CONTROL, IN WHICH CASE WE WOULD NOT BE OBLIGATED TO OFFER TO REPURCHASE THE NOTES. EVEN IF A TRANSACTION DOES TRIGGER THAT OBLIGATION, WE MAY NOT BE ABLE TO REPURCHASE THE NOTES.

Upon the occurrence of certain specific kinds of change of control events, we will be required to offer to repurchase all outstanding notes. However, certain important corporate events, such as leveraged recapitalizations that would increase the level of our indebtedness, would not constitute a change of control under the indenture. Moreover, even if a transaction triggers a repurchase obligation, it is possible that we will not have sufficient funds at the time of the change of control to make the required repurchase of notes. In addition, restrictions in our credit facility will not allow such repurchases. See "Description of Notes--Change of Control."

HOLDERS OF NOTES WILL BE TAXED ON ORIGINAL ISSUE DISCOUNT.

The notes will be deemed to be issued at a discount from their principal amount. Consequently, holders of the notes generally will be required to include amounts in gross income for U.S. federal income tax purposes in advance of receipt of the cash payments to which this income is attributable. For a more detailed discussion of the U.S. federal income tax consequences from the purchase, ownership and disposition of the notes, see "Certain Federal Income Tax Consequences."

THERE IS NO ESTABLISHED TRADING MARKET FOR THE NOTES, AND ANY MARKET FOR THE NOTES MAY BE ILLIQUID.

We do not intend to apply for a listing of the notes on a securities exchange. There is currently no established market for the notes, and we cannot assure you of any of the following:

- o the liquidity of any market that may develop for the notes;
- o your ability to sell the notes; or
- o the price at which you will be able to sell the notes.

Although the underwriters of the SHARCS have advised us that they currently intend to make a market for the notes, the underwriters are not obligated to do so and any such market making would not commence until the notes have been distributed by the trust. Any underwriters that make a market in the notes may discontinue their market making at any time at their discretion without notice to the holders of the notes. In addition, market-making activity by the underwriters will be subject to the limits imposed by the Securities Act of 1933 and the Securities Exchange Act of 1934. As a result, we cannot assure you that any market in the notes will develop or, if one does develop, that it will be maintained. If a market for the notes does develop, prevailing interest rates, the markets for similar securities and other factors could cause the notes to trade at prices lower than their purchase price or reduce the liquidity

Edgar Filing: AGERE SYSTEMS INC - Form S-1

of the notes.

WE MIGHT NOT HAVE SUFFICIENT FUNDS TO SATISFY OUR OBLIGATIONS UNDER THE PUT RIGHTS.

If the average closing price or average sale price, as applicable, of a share of our Class A common stock for the 20 trading days prior to maturity is less than the strike price of the put rights, we will be obligated under the put rights to pay to the trust an amount of cash equal to the product of (x) the number of shares subject to outstanding put rights and (y) the difference between the strike price of the put rights and such average closing price or sale price, as applicable. For example, assuming all the put rights will be outstanding at maturity, a 10% decline in the price of our common stock would result in an obligation to pay \$ million. We cannot assure you that we will have sufficient funds to satisfy this obligation.

IN A BANKRUPTCY OR SIMILAR PROCEEDING INVOLVING US, YOUR RIGHT TO RECEIVE PAYMENT UNDER THE PUT RIGHT WOULD LIKELY BE TREATED AS AN EQUITY CLAIM SUBORDINATED TO ALL OF OUR EXISTING AND FUTURE DEBT OBLIGATIONS AND COULD BE FOUND TO BE UNENFORCEABLE.

The put rights will by their terms be general unsecured senior subordinated obligations, subordinate in right of payment to all of our existing and future senior indebtedness, including all indebtedness under our credit facility. If we become the subject of a liquidation, dissolution, reorganization, bankruptcy or similar proceeding, whether voluntarily or involuntarily instituted, our obligations under the put rights will likely be treated as an equity claim. As a result, a claim under the put right would be subordinated to all of our existing and future debt obligations. If any of the foregoing events occur, we cannot assure you that the amounts that you receive with respect to your claim, if any, will have a value equal to the amounts due on the put rights. Moreover, in such a proceeding, a court may treat the put option agreement as an agreement to acquire our own securities that is impermissible under Delaware law and may disallow the put rights in their entirety. In that case, you will not receive anything under your put rights.

21

USE OF PROCEEDS

We estimate that the net proceeds of the offering will be approximately \$ million after deduction of expenses and commissions. We intend to use approximately 50% of the net proceeds to repay short-term debt under our credit facility and the balance for general corporate purposes. The \$2,500 million credit facility that we assumed from Lucent at the time of our initial public offering was a 364-day facility that was to mature on February 21, 2002. On October 4, 2001, this credit facility was amended. The maturity date of the facility was extended from February 22, 2002 to September 30, 2002. In addition, if we raise at least \$500 million in equity or debt capital markets transactions before September 30, 2002, or approximately \$ million after giving effect to this offering, the maturity date of the facility will be extended to September 30, 2004, with the facility required to be reduced to \$750 million on September 30, 2002 and \$500 million on September 30, 2003. The interest rates applicable to borrowings under the facility are based on a scale indexed to our credit rating. Based upon our current credit ratings of BB-- from Standard & Poor's and Ba3 from Moody's, the interest rate under the facility is currently the applicable LIBOR rate plus 475 basis points. In addition, until we

Edgar Filing: AGERE SYSTEMS INC - Form S-1

permanently reduce the size of the facility to \$1,000 million, the applicable interest rate will increase by an additional 25 basis points every ninety days, with the next increase taking effect on February 17, 2002. The weighted average interest rate at September 30, 2001 was 7.11%. If we permanently reduce the size of the facility to \$1,000 million the interest rate for borrowings under the facility, assuming our credit ratings remain the same, would drop to the applicable LIBOR rate plus 400 basis points. The only periodic debt service obligation under the amended credit facility is to make quarterly interest payments.

22

CAPITALIZATION

The following table sets forth our consolidated capitalization as of September 30, 2001, on an actual basis and on an as adjusted basis to give effect to the amendment of the credit facility and the related repayment of \$1,000 million of short-term debt under the credit facility, this offering and the use of approximately 50% of the net proceeds to repay additional short-term debt outstanding under the credit facility.

The table below should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations," our combined and consolidated financial statements and the notes to our combined and consolidated financial statements included elsewhere in this prospectus.

Our ability to issue additional equity is constrained because our issuance of additional common stock may cause the distribution of our shares by Lucent to its stockholders to be taxable to Lucent under Section 355(e) or be taxable to both Lucent and its stockholders because of a failure of Lucent to distribute "control" of us as defined in Section 368(c) of the Internal Revenue Code, and under the tax sharing agreement we would be required to indemnify Lucent against that tax. In particular, due to Section 355(e), we are significantly limited in our ability to issue shares of our common stock. For a discussion of Section 355(e) and Section 368(c), please see "Arrangements Between Lucent and Our Company--Tax Limitations on Additional Issuance of Our Stock."

SELECTED FINANCIAL INFORMATION
(dollars in millions)

The following table sets forth our selected financial information. The financial information for the years ended September 30, 2001, 2000 and 1999 and as of September 30, 2001 and 2000 has been derived from our audited consolidated and combined financial statements included elsewhere in this prospectus. The financial information for the year ended September 30, 1998 and as of September 30, 1999 has been derived from our audited combined financial statements not included in this prospectus. The financial information for the year ended September 30, 1997 and as of September 30, 1998 and 1997 has been derived from the company's unaudited combined financial statements not included in this prospectus. The historical selected financial information may not be indicative of our future performance as a stand-alone company and should be read in conjunction with the information contained in "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the consolidated and combined financial statements and the related notes included elsewhere in this prospectus.

MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of our financial condition and results of operations should be read in conjunction with our consolidated and combined financial statements and the notes thereto. This discussion contains forward-looking statements. Please see "Forward-Looking Statements" and "Risk

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Factors" for a discussion of the uncertainties, risks and assumptions associated with these statements.

OVERVIEW

We are the world leader in sales of communication components, which include integrated circuits and optical components. Communication components are the basic building blocks of electronic and photonic products and systems for terrestrial and submarine, or undersea, communications networks and for communications equipment. We sell our integrated circuits and optoelectronic components globally to manufacturers of communications and computer equipment.

We report our operations in two segments: Integrated Circuits and Optoelectronics. Integrated circuits, or chips, are made using semiconductor wafers imprinted with a network of electronic components. They are designed to perform various functions such as processing electronic signals, controlling electronic system functions and processing and storing data. The Integrated Circuits segment includes our wireless local area networking products, which facilitate the transmission of data and voice signals within a localized area without cables or wires. The Optoelectronics segment represents our optoelectronic components operations, including both our active optoelectronic and our passive optical components. Optoelectronic components transmit, process, change, amplify and receive light that carries data and voice traffic over optical networks. The Integrated Circuits and Optoelectronics segments each include revenue from the licensing of intellectual property related to that segment.

REORGANIZATION

Effective October 1, 2001, we have aligned our products under two new market-focused groups, Infrastructure Systems and Client Systems, that target the network equipment and consumer communications markets respectively. The Infrastructure Systems group includes our optoelectronics components business and portions of our integrated circuits business and will facilitate the convergence of products from both businesses as we address markets in high-speed communications systems. The Client Systems group includes our wireless data, computer communications, storage and wireless terminal solutions products that address end-user applications markets.

SEPARATION FROM LUCENT

We were incorporated under the laws of the State of Delaware on August 1, 2000, as a wholly owned subsidiary of Lucent. We had no material assets or activities as a separate corporate entity until the contribution to us by Lucent of its integrated circuits and optoelectronic components businesses. Lucent conducted these businesses through various divisions and subsidiaries. On February 1, 2001, Lucent began the separation of our company by transferring to us the assets and liabilities related to these businesses. The separation was substantially completed, including the transfer of all assets and liabilities other than prepaid pension costs and postretirement liabilities, which have yet to be transferred, when we completed our initial public offering in April 2001. As of December 1, 2001, Lucent owned 100% of our outstanding Class B common stock and 37 million shares of our outstanding Class A common stock, which represented approximately 57.8% of the total outstanding common stock and approximately 84.2% of the combined voting power of both classes of our common stock with respect to the election and removal of directors.

Lucent originally announced its intention to distribute all shares of our common stock it then owned to its stockholders in a tax-free distribution by September 30, 2001. On August 16, 2001, Lucent amended its credit facilities. The amended credit facilities modified the conditions that must be met before Lucent can distribute its Agere stock to its stockholders. Lucent has announced

Edgar Filing: AGERE SYSTEMS INC - Form S-1

that the distribution of Agere stock can occur at Lucent's request if all the following terms and conditions as defined under its credit facilities are met:

- o no event of default exists under the credit facilities;
- o Lucent has generated positive EBITDA for the fiscal quarter immediately preceding the distribution;
- o Lucent meets a minimum current asset ratio;
- o Lucent has received \$5,000 million in cash from certain non-operating sources; and
- o Lucent's 364-day \$2,000 million credit facility has been terminated and its \$2,000 million credit facility, expiring in February 2003, has been reduced to \$1,750 million or less.

26

Lucent has announced that it remains committed to completing the process of separating Agere from Lucent, and that it intends to move forward with the distribution of the Agere stock it held in a tax-free spin-off to its stockholders. Because Lucent must meet a number of conditions before it can complete the spin-off and because Lucent alone will make the decision about whether to complete the spin-off, even if the conditions were met, we cannot assure you that Lucent will complete the spin-off by a particular date or at all.

In connection with our separation from Lucent, we entered into several agreements with Lucent regarding, among other things, interim services, intellectual property and product supply. The interim services agreement sets forth charges generally intended to allow the providing company to fully recover the allocated direct costs of providing the services, plus all out-of-pocket costs and expenses. For more information, see note 19 to our financial statements included elsewhere in this prospectus.

Lucent is our largest customer with purchases in fiscal 2001, 2000 and 1999 representing 14.9%, 21.3% and 25.7%, respectively, of our revenue. We expect Lucent will continue to represent a significant percentage of our revenue in the foreseeable future.

Our financial statements include amounts prior to February 1, 2001 that have been derived from the financial statements and accounting records of Lucent using the historical results of operations and historical basis of the assets and liabilities of our businesses. We believe the assumptions underlying our financial statements are reasonable. However, our financial statements for periods prior to February 1, 2001 may not necessarily reflect our results of operations, financial position and cash flows in the future or what our results of operations, financial position and cash flows would have been had we been a stand-alone company during the periods presented. Because a direct ownership relationship did not exist among all the various units comprising Agere, Lucent's net investment in us is shown in lieu of stockholders' equity in our financial statements for periods prior to February 1, 2001. For periods prior to February 1, 2001, our financial statements include allocations of Lucent's expenses, assets and liabilities, including allocations for general corporate expenses, basic research, interest expense,

Edgar Filing: AGERE SYSTEMS INC - Form S-1

pension and postretirement costs, income taxes and cash and receivables, which are discussed in note 1 to our financial statements included elsewhere in this prospectus.

ACQUISITIONS

During fiscal 1999 and 2000 we completed the acquisitions described below as part of our efforts to broaden our portfolio of product offerings. We did not have any significant acquisitions during fiscal 2001.

In June 2000, we acquired Herrmann, a developer and manufacturer of passive optical filters that can be used in conjunction with active optoelectronic components in products such as amplifiers. The purchase price was \$432 million in Lucent common stock and options. In connection with this acquisition, certain former stockholders of Herrmann are entitled to receive up to a total of 677,019 additional shares of Lucent common stock based on retention and the achievement of specified milestones, which require the production of two products at improved manufacturing yields within the three-year period following the acquisition. As of September 30, 2001, 200,000 shares of Lucent common stock had been released based on the achievement of milestones, resulting in additional goodwill related to the acquisition. The achievement of additional milestones may also result in additional goodwill.

In April 2000, we acquired Ortel, a developer and manufacturer of semiconductor optoelectronic components used in fiber optic systems for cable television and data communications networks. The purchase price was \$2,998 million in Lucent common stock and options.

In April 2000, we acquired Agere, Inc., a developer and supplier of network processor integrated circuits. Network processors control how data is sent over a network. The purchase price was \$377 million in Lucent common stock and options.

In March 2000, we acquired substantially all the assets of VTC, a supplier of integrated circuits to computer hard disk drive manufacturers. The purchase price was \$104 million in cash. In connection with this acquisition, stockholders of VTC are entitled to receive additional cash consideration of up to \$50 million contingent on the delivery of product at specified manufacturing yields and the transfer and qualification of process technology to our manufacturing facilities. As of September 30, 2001, \$30 million of the additional cash consideration had been paid, resulting in additional goodwill related to the acquisition. Any future contingent cash consideration paid will also be recorded as additional goodwill.

In March 1999, we acquired Enable, a developer of integrated circuits for local area network equipment. The purchase price was \$51 million in cash.

In February 1999, we acquired Sybarus Technologies ULC, a developer of integrated circuits for communications networks. The purchase price was \$41 million in cash.

During fiscal 2001, we performed impairment evaluations of the goodwill and other acquired intangibles from

recent acquisitions. The assessments were performed in accordance with Statement

Edgar Filing: AGERE SYSTEMS INC - Form S-1

of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of," as a result of weakening economic conditions and decreased current and expected future demand for products in the markets in which we operate. We determined the fair value of the acquired entities using a discounted cash flow model based on growth rates and margins reflective of the current decrease in demand for our products, as well as anticipated future demand. Discount rates used were based upon our weighted average cost of capital adjusted for business risks. These assumptions were based on management's best estimate of future results. As a result of the assessments, we determined that an other than temporary impairment of goodwill and other acquired intangibles existed. We recorded a charge to reduce goodwill and other acquired intangibles of \$2,762 million during fiscal 2001, consisting of \$2,220 million, \$275 million, \$240 million and \$27 million related to Ortel, Herrmann, Agere, Inc. and Enable, respectively.

OPERATING TRENDS

Order levels and revenues declined significantly in the latter half of fiscal 2001 and are expected to remain at lower levels in the near-term. We believe the decreases are due to weakness in our customers' markets and excess inventory held by our customers. We experienced a higher than normal level of order cancellations and reschedules during the second half of fiscal 2001. Although the level of customer order changes has decreased in recent months, our order backlog is lower than we have experienced in the past. Because of this reduced backlog and the potential for additional order changes by customers, our ability to forecast future results is limited.

Our costs consist primarily of manufacturing overhead, materials and labor. Similar to many semiconductor manufacturers, we have relatively high fixed costs associated with our wafer manufacturing. As a result, our ability to reduce costs quickly in times of decreased demand is limited, which has an adverse effect on margins. Because we anticipated higher revenues as we entered fiscal 2001, our cost structure reflected manufacturing capacity and resources greater than those actually required. In light of the lower revenues we have experienced in recent quarters, we have taken a number of steps to reduce our cost structure, including restructuring activities and reductions in capital spending.

RESTRUCTURING AND SEPARATION EXPENSES AND INVENTORY PROVISION

In fiscal 2001, we announced a series of restructuring initiatives to reduce our cost structure in light of declining revenues. We recorded a restructuring charge of \$563 million in fiscal 2001 classified within restructuring and separation expenses. These restructuring initiatives include a worldwide workforce reduction, rationalization of manufacturing capacity and other activities.

The restructuring initiatives announced in fiscal 2001 will result in a workforce reduction of approximately 6,000 employees across various business functions, operating units and geographic regions, and includes both management and occupational employees. We recorded a restructuring charge of \$177 million in fiscal 2001 related to approximately 5,500 employees, of which approximately 4,300 employees had been taken off-roll as of September 30, 2001, and expect to record a restructuring charge of approximately \$20 million related to the additional 500 employees by the end of the first quarter of fiscal 2002. Of the \$177 million charge, \$28 million represents termination benefits to U.S. management employees that will be funded through Lucent's pension assets. Severance costs and other exit costs noted above were determined in accordance with Emerging Issues Task Force No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity." In addition, on December 5, 2001, we announced our intention to further reduce our workforce by approximately 950 positions. See note 22 to our financial statements included

Edgar Filing: AGERE SYSTEMS INC - Form S-1

elsewhere in this prospectus for further information about this reduction.

We recorded a restructuring charge of \$386 million in fiscal 2001 relating to the rationalization of under-utilized manufacturing facilities and other restructuring-related activities. We have discontinued manufacturing operations at our chip fabrication plant in Madrid, Spain and have agreed to sell the facility. We are also rationalizing under-utilized manufacturing capacity at our facilities in Orlando, Florida, and in Allentown, Breinigsville and Reading, Pennsylvania. In addition, we are consolidating several satellite-manufacturing sites, as well as leased corporate offices. The restructuring charge for fiscal 2001 includes \$37 million related to facility closings, primarily for lease terminations, non-cancelable leases and related costs. It also includes an asset impairment charge of \$287 million related to property, plant and equipment associated with the consolidation of manufacturing and other corporate facilities. This charge was recognized in accordance with the guidance on impairment of assets in Statement 121. The remaining restructuring charge of \$62 million relates primarily to contract terminations.

28

A summary of restructuring charges is outlined as follows:

	Year Ended September 30, 2001		
	Total Charges	Non Cash Charges	Cash Payments
	(Dollars in millions)		
Workforce reduction.....	\$ 177	\$ (28)	\$ (57)
Rationalization of manufacturing capacity and other charges.....	386	(293)	(14)
Total.....	\$ 563	\$ (321)	\$ (71)

The majority of the remaining cash expenditures relating to workforce reductions were paid by the end of the first quarter of fiscal 2002 and we anticipate that the majority of the contract termination payments will be paid by the end of the second quarter of fiscal 2002. Amounts related to non-cancelable lease obligations due to the consolidation of facilities will be paid over the respective lease terms through fiscal 2005. We substantially completed implementation of the restructuring program announced in fiscal 2001 as of December 31, 2001 and estimate the related future annualized pre-tax savings to be approximately \$550 million, of which \$440 million are cash savings. The full benefit of these savings will begin to be recognized in the second quarter of fiscal 2002.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

We incurred costs, fees and expenses relating to our separation from Lucent. These costs, fees and expenses were primarily related to legal separation matters; the establishment of a separate computer and information technology infrastructure and associated information processing and network support; marketing relating to building a company brand identity; and implementing treasury, real estate, pension and records retention management services. For fiscal 2001 we incurred \$99 million of separation expenses classified within restructuring and separation expenses. Additional separation costs that we may incur in future periods are contingent on the form and timing in which we achieve our full independence from Lucent.

We recorded inventory provisions, classified within cost of sales, of \$409 million in fiscal 2001 compared to inventory provisions of \$29 million in fiscal 2000. The fiscal 2001 amount, which includes purchase order cancellation charges, reflects a significant decrease in forecasted revenue and was calculated in accordance with our inventory valuation policy, which is based on a review of forecasted demand compared with existing inventory levels.

ACCOUNTING POLICIES INVOLVING SIGNIFICANT ESTIMATES

The preparation of financial statements and related disclosures in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and revenue and expenses during the period reported. The following accounting policies require management to make estimates and assumptions. These estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the period that they are determined to be necessary. If actual results differ significantly from management's estimates, our financial statements could be materially impacted.

INVENTORIES

Inventories are stated at the lower of cost, determined on a first-in, first-out basis, or market. Our inventory valuation policy is based on a review of forecasted demand compared with existing inventory levels. If our estimate of forecasted demand is significantly different than our actual demand, our inventory may be over- or under-valued.

PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at cost less accumulated depreciation. Depreciation and amortization are determined using a combination of either accelerated or straight-line methods over the estimated useful lives of the various asset classes. Estimated useful lives range from three to five years for machinery, electronic and other equipment, and up to forty years for buildings. Major renewals and improvements are capitalized and minor replacements, maintenance and repairs are charged to current operations as incurred.

GOODWILL AND OTHER ACQUIRED INTANGIBLES

Goodwill and other acquired intangibles are amortized on a straight-line basis over the periods benefitted, principally in the range of four to nine years. Goodwill is the excess of the purchase price over the fair value of identifiable net assets acquired in business combinations accounted for as purchases.

IMPAIRMENT OF LONG-LIVED ASSETS

Long-lived assets, including goodwill and other acquired intangibles,

Edgar Filing: AGERE SYSTEMS INC - Form S-1

are reviewed for impairment whenever events such as a significant industry downturn, product discontinuance, plant closures, product dispositions, technological obsolescence or other changes in circumstances indicate that the carrying amount may not be recoverable. When such

29

events occur, we compare the carrying amount of the assets to undiscounted expected future cash flows. If this comparison indicates that there is an impairment, the amount of the impairment is typically calculated using discounted expected future cash flows. If our estimate of an asset's future cash flows is significantly different from the asset's actual cash flows, we may prematurely impair the value of a long lived asset or we may underestimate the value of an asset's impairment.

INCOME TAXES

Historically, certain of our operations have been included in Lucent's consolidated income tax returns. Income tax expense in our consolidated and combined statements of operations has been calculated on a separate tax return basis prior to our initial public offering. The asset and liability approach is used to recognize deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax bases of assets and liabilities. A valuation allowance is established, as needed, to reduce net deferred tax assets to the amount for which recovery is probable. If estimates of our future profitability are different than that actually attained, our deferred tax assets could be under- or over-valued.

See footnote 2 to our consolidated and combined financial statements for a summary of our significant accounting policies.

RESULTS OF OPERATIONS

FISCAL YEAR ENDED SEPTEMBER 30, 2001 COMPARED TO FISCAL YEAR ENDED SEPTEMBER 30, 2000

The following table shows the change in revenue by operating segment:

	Year Ended September 30,		Change	
	2001	2000	\$	%

(Dollars in millions)				
Operating Segment:				
Integrated Circuits.....	\$2,869	\$3,507	\$(638)	(18)%
Optoelectronics.....	1,211	1,201	10	1
	-----	-----	-----	-----
Total.....	\$4,080	\$4,708	\$(628)	(13)%
	=====	=====	=====	=====

REVENUE. Revenue decreased 13% or \$628 million, to \$4,080 million in fiscal 2001 from \$4,708 million in fiscal 2000, primarily due to volume decreases in the Integrated Circuits segment. The decrease of \$638 million within the Integrated Circuits segment was driven by volume decreases across the segment, which were partially offset by increased revenues from our wireless

Edgar Filing: AGERE SYSTEMS INC - Form S-1

local area networking product offerings. The increase of \$10 million within the Optoelectronics segment was due to increased sales of components used in submarine network, transponder and access applications, offset by a decrease in sales of components used in high-speed long haul applications.

During fiscal 2001 revenues decreased sequentially each quarter due to declining market conditions compared to sequential revenue growth each quarter in fiscal 2000. Integrated Circuits revenues declined \$627 million or 57% to \$469 million in the fourth quarter of fiscal 2001 from the peak quarterly revenue level of \$1,096 million experienced in the fourth quarter of fiscal 2000. Optoelectronic revenues declined \$293 million or 69% to \$131 million in the fourth quarter of fiscal 2001 from the peak quarterly revenue level of \$424 million experienced in the first quarter of fiscal 2001.

COSTS AND GROSS MARGIN. Costs increased 21% or \$529 million, to \$3,084 million in the current fiscal year from \$2,555 million in the prior fiscal year. Gross margin decreased 21.3 percentage points to 24.4% in fiscal 2001 from 45.7% in fiscal 2000, primarily due to lower manufacturing capacity utilization and increased inventory provisions. Gross margin for the Integrated Circuits segment declined to 30.0% in fiscal 2001 from 44.7% in fiscal 2000 primarily due to lower manufacturing capacity utilization and increased inventory provisions. Gross margin for the Optoelectronics segment decreased to 11.1% in fiscal 2001 from 48.7% in fiscal 2000 due to increased inventory provisions, lower manufacturing capacity utilization and a change in product mix, particularly from higher margin components of high-speed long haul applications to lower margin components.

SELLING, GENERAL AND ADMINISTRATIVE. Selling, general and administrative expenses increased 12% or \$62 million, to \$597 million in fiscal 2001 from \$535 million in fiscal 2000. This was primarily due to increases in general and administrative expenses associated with being a stand-alone company, which were partially offset by lower bonus accruals.

RESEARCH AND DEVELOPMENT. Research and development expenses increased 15% or \$124 million, to \$951 million in fiscal 2001 from \$827 million in fiscal 2000. The increase was due to new and ongoing product development expenses, including a full year of expenses associated with acquisitions during fiscal 2000, partially offset by lower bonus accruals.

PURCHASED IN-PROCESS RESEARCH AND DEVELOPMENT. Purchased in-process research and development decreased to zero in fiscal 2001 from \$446 million in fiscal 2000. This is the result of no significant acquisitions being made in fiscal 2001, while a number of acquisitions were completed in fiscal 2000.

AMORTIZATION OF GOODWILL AND OTHER ACQUIRED INTANGIBLES. Amortization expense increased \$226 million to \$415 million in fiscal 2001 from \$189 million in fiscal 2000 due to the recognition in fiscal 2001 of amortization associated with

30

acquisitions completed during fiscal 2000.

RESTRUCTURING AND SEPARATION EXPENSES. Restructuring and separation expenses of \$662 million were incurred in fiscal 2001. We recorded \$563 million of restructuring charges. We also incurred expenses of \$99 million in connection with our separation from Lucent.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

IMPAIRMENT OF GOODWILL AND OTHER ACQUIRED INTANGIBLES. During fiscal 2001, we determined that an other than temporary impairment of goodwill and other acquired intangibles existed and recorded a charge of \$2,762 million to reduce goodwill and other acquired intangibles.

OPERATING INCOME (LOSS). Operating loss was \$4,391 million in fiscal 2001 compared to \$156 million of operating income in fiscal 2000. This was driven primarily by the impairment of goodwill and other acquired intangibles, a decline in gross profit, restructuring and separation expenses and an increase in the amortization of goodwill and other acquired intangibles, partially offset by the absence of purchased in-process research and development costs in fiscal 2001. Although performance measurement and resource allocation for the reportable segments are based on many factors, the primary financial measure used is operating income (loss) by segment, exclusive of purchased in-process research and development costs, amortization of goodwill and other acquired intangibles, restructuring and separation expenses, and impairment of goodwill and other acquired intangibles. The following table shows the change in operating income by segment:

	Year Ended September 30,		Change	
	2001	2000	\$	%
	(Dollars in millions)			
Operating Segment:				
Integrated Circuits.....	\$(282)	\$434	\$ (716)	(165)%
Optoelectronics.....	(270)	357	(627)	(176)
	Total.....	\$791	\$(1,343)	(170)%
	=====	=====	=====	

OTHER INCOME-NET. Other income-net increased 6% or \$2 million, to income of \$35 million in fiscal 2001 from income of \$33 million in fiscal 2000. The \$35 million in fiscal 2001 was comprised of interest income from our investment of the proceeds from our initial public offering, income from our equity investment in Silicon Manufacturing Partners Pte Ltd., the impairment of several non-consolidated investments and foreign exchange losses. The \$33 million in fiscal 2000 was comprised primarily of gains on sale of investments and foreign exchange gains.

INTEREST EXPENSE. Interest expense increased \$93 million to \$151 million in fiscal 2001 from \$58 million in fiscal 2000. This increase is due to interest on the \$2,500 million of short-term debt we assumed from Lucent in April 2001.

PROVISION FOR INCOME TAXES. The effective tax rates were (2.3%) and 158.0% for fiscal 2001 and 2000, respectively. The fiscal 2001 effective tax rate includes the impact of recording a valuation allowance of approximately \$553 million for deferred tax assets, and the effects of non-tax deductible goodwill amortization and separation costs. The fiscal 2000 effective tax rate includes the impact of non-tax deductible goodwill amortization and non-tax deductible purchased in-process research and development.

FISCAL YEAR ENDED SEPTEMBER 30, 2000 COMPARED TO FISCAL YEAR ENDED SEPTEMBER 30, 1999

The following table shows the change in revenue by operating segment:

Edgar Filing: AGERE SYSTEMS INC - Form S-1

	Year Ended September 30,		Change	
	2001	2000	\$	%
(Dollars in millions)				
Operating Segment				
Integrated Circuits.....	\$ 3,507	\$3,055	\$452	15%
Optoelectronics.....	1,201	659	542	82
Total.....	\$ 4,708	\$3,714	\$994	27%
	=====	=====	=====	

REVENUE. Revenue increased 27%, or \$994 million, to \$4,708 million in fiscal 2000 from \$3,714 million in fiscal 1999, primarily due to volume increases in both the Integrated Circuits and Optoelectronics segments. The increase of \$452 million in the Integrated Circuits segment was driven by increases across our integrated circuits product offerings except for a decrease in fiscal 2000 sales of our integrated circuits for wireless terminal devices due to a missed design win with a large customer in 1999, which resulted in our not generating sales from a generation of that customer's mobile telephones. The increase of \$542 million in the Optoelectronics segment was driven by increased sales primarily to existing customers of many of our key optoelectronic components for high-speed transport and submarine network applications.

COSTS AND GROSS MARGIN. Costs increased 31%, or \$606 million, to \$2,555 million in fiscal 2000 from \$1,949 million in fiscal 1999, primarily due to increased sales volume. Gross margin decreased 1.8 percentage points to 45.7% in fiscal 2000 from 47.5% in fiscal 1999. Gross margin for the Integrated Circuits segment was 44.7% in fiscal 2000 and 48.6% in fiscal 1999. The decrease in Integrated Circuits gross margin was primarily due to lower average revenues per unit. Gross margin for the Optoelectronics segment increased to 48.7% in fiscal 2000 from 42.5% in fiscal 1999. The

31

increase in Optoelectronics gross margin was due primarily to the volume growth in the business, which resulted in a more efficient utilization of manufacturing capacity.

SELLING, GENERAL AND ADMINISTRATIVE. Selling, general and administrative expenses decreased 7%, or \$38 million, to \$535 million in fiscal 2000 from \$573 million in fiscal 1999. This decrease was primarily due to lower costs associated with the implementation of our advanced logistics and planning systems. These systems were primarily implemented and paid for in fiscal 1999.

RESEARCH AND DEVELOPMENT. Research and development expenses increased 21%, or \$144 million, to \$827 million in fiscal 2000 from \$683 million in fiscal 1999. This increase was primarily due to new and ongoing product development expenses within the Integrated Circuits and Optoelectronics segments, including \$50 million added during the year as a result of our acquisitions.

PURCHASED IN-PROCESS RESEARCH AND DEVELOPMENT. Purchased in-process research and development increased \$429 million, to \$446 million in fiscal 2000 from \$17 million in fiscal 1999. This increase was due to the acquisitions of Ortel, Agere, Inc., Herrmann and substantially all the assets of VTC during fiscal 2000.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

AMORTIZATION OF GOODWILL AND OTHER ACQUIRED INTANGIBLES. Amortization expense increased \$176 million, to \$189 million in fiscal 2000 from \$13 million in fiscal 1999. This increase reflects amortization of goodwill associated with the acquisitions of Ortel, Herrmann and Agere, Inc. during fiscal 2000.

OPERATING INCOME (LOSS). Operating income decreased 67%, or \$323 million, to \$156 million in fiscal 2000 from \$479 million in fiscal 1999. This was driven primarily by purchased in-process research and development costs, an increase in the amortization of goodwill and other acquired intangibles and an increase in research and development cost, partially offset by an increase in gross profit. Performance measurement and resource allocation for the reportable segments are based on many factors. The primary financial measure used is operating income by segment, exclusive of purchased in-process research and development costs and amortization of goodwill and other acquired intangibles. The following table shows the change in operating income by segment:

	Year Ended September 30,		Change	
	2000	1999	\$	%

	(Dollars in millions)			
Operating Segment				
Integrated Circuits.....	\$434	\$383	\$ 51	13%
Optoelectronics.....	357	126	231	183
	-----	-----	-----	-----
Total.....	\$791	\$509	\$282	55%
	=====	=====	=====	=====

OTHER INCOME-NET. Other income-net decreased 8%, or \$3 million, to \$33 million in fiscal 2000 from \$36 million in fiscal 1999. The \$33 million in fiscal 2000 was comprised primarily of gains on sales of investments of \$18 million, \$4 million of equity income and a \$6 million gain on foreign currency transactions. The \$36 million in fiscal 1999 was comprised primarily of gains on sales of investments of \$32 million, a \$20 million equity loss and a \$9 million gain on foreign currency transactions.

PROVISION FOR INCOME TAXES. The effective tax rates were 158.0% and 33.1% for fiscal 2000 and 1999, respectively. The increase in effective tax rates was due to the fiscal 2000 write-offs of purchased in-process research and development costs that are not deductible for tax purposes. Excluding the impact of non-tax deductible purchased in-process research and development expenses and amortization of goodwill and other acquired intangibles expenses, the effective tax rates were 27.8% and 32.2% for fiscal 2000 and 1999, respectively. The decrease was primarily due to the tax impact of non-U.S. activity and increased research tax credits.

LIQUIDITY AND CAPITAL RESOURCES

As of September 30, 2001, our net cash position was \$636 million, which reflects \$3,152 million in cash and cash equivalents less \$2,516 million of short-term debt, including a \$16 million current portion of capitalized lease obligations. The \$636 million of net cash is primarily the result of our receipt of \$3,448 million of net cash proceeds from our initial public offering, offset by \$2,500 million of short-term debt we assumed from Lucent at that time. We did not receive any of the proceeds of this debt and Lucent was relieved of all obligations related to this debt.

Net cash provided by operating activities was \$269 million in fiscal

Edgar Filing: AGERE SYSTEMS INC - Form S-1

2001 compared to \$762 million for fiscal 2000. The decrease in fiscal 2001, compared with fiscal 2000, reflects a reduction in revenues during a period in which we increased our manufacturing capacity and infrastructure in anticipation of higher revenues. The adverse impact on cash caused by our fiscal 2001 net loss was offset by a \$413 million reduction in accounts receivable and a \$243 million increase in accounts payable.

Net cash provided by operating activities was \$762 million in fiscal 2000 compared to \$690 million for fiscal 1999.

32

The improvement was primarily the result of increases in net income, excluding the non-cash impact associated with depreciation and amortization and purchased in-process research and development. In fiscal 2000 our cash provided by operating activities reflects an increase in receivables of \$237 million as a result of increased revenue. In fiscal 1999 our cash provided by operating activities reflects a pre-payment of certain costs in connection with the expansion of our non- U.S. integrated circuits operations.

Net cash used in investing activities was \$723 million in fiscal 2001 compared to \$829 million and \$753 million in fiscal 2000 and 1999, respectively. Capital expenditures and acquisitions of businesses have historically been the primary components of our investing activities. Capital expenditures were \$723 million, \$672 million and \$656 million in fiscal 2001, 2000 and 1999, respectively. Our capital spending has been used primarily in support of our manufacturing facilities. Capital spending also includes expenditures for information technology, including computer servers and networking capability.

In fiscal 2001 we invested \$96 million on the construction of a new office facility adjacent to our current headquarters and invested \$24 million in capital expenditures related to our separation from Lucent. The remainder of our capital expenditures supported on-going business requirements. In light of current business conditions, we are limiting our capital expenditures principally to projects critical to winning new business or keeping customer commitments. Our capital investment needs are expected to be significantly lower in fiscal 2002 than in fiscal 2001, resulting from the current downturn in our markets.

Net cash provided by financing activities was \$3,607 million in fiscal 2001 compared to \$67 million and \$63 million in fiscal 2000 and 1999, respectively. The increase in fiscal 2001 was primarily the result of the receipt of the net cash proceeds from the sale of our common stock in our initial public offering. Prior to our initial public offering, we relied on Lucent to provide financing for our operations.

The \$2,500 million credit facility that we assumed from Lucent at the time of our initial public offering was a 364- day facility that was to mature on February 21, 2002. On October 4, 2001, this credit facility was amended. In connection with the amendment, we repaid \$1,000 million of the \$2,500 million debt, thereby reducing the facility to \$1,500 million. The facility is comprised of term loans and revolving credit loans and is secured by our principal domestic assets other than the proceeds of our initial public offering and, while Lucent remains a majority stockholder, real estate. The maturity date of the facility has been extended from February 22, 2002 to September 30, 2002. In addition, if we raise at least \$500 million in equity or debt capital markets transactions before September 30, 2002, or \$ million after giving effect to this

Edgar Filing: AGERE SYSTEMS INC - Form S-1

offering, the maturity date of the facility will be extended to September 30, 2004, with the facility required to be reduced to \$750 million on September 30, 2002 and \$500 million on September 30, 2003. The debt is not convertible into any other securities of the company.

The interest rates applicable to borrowings under the facility are based on a scale indexed to our credit rating. Based upon our current credit ratings of BB-- from Standard & Poor's and Ba3 from Moody's, the interest rate under the facility is currently the applicable LIBOR rate plus 475 basis points. In addition, until we permanently reduce the size of the facility to \$1,000 million the applicable interest rate will increase by an additional 25 basis points every ninety days, with the next increase taking effect on February 17, 2002. If we permanently reduce the size of the facility to \$1,000 million the interest rate for borrowings under the facility, assuming our credit ratings remain the same, would drop to the applicable LIBOR rate plus 400 basis points. The only periodic debt service obligation under the amended credit facility is to make quarterly interest payments.

Under the agreement, we must use proceeds of certain liquidity raising transactions, asset sales outside the ordinary course of business and capital markets transactions to reduce the size of the facility. If we complete the liquidity raising transactions or sell assets outside the ordinary course of business, we must apply 100% (50% if the size of the facility is \$500 million or less) of the net cash proceeds we receive from the transactions to reduce the size of the facility. The agreement also provides that 50% of the net cash proceeds of the first \$500 million and 75% (50% if the size of the facility is \$500 million or less) of the net cash proceeds greater than \$500 million from equity and debt capital markets transactions be applied to reduce the credit facility. Notwithstanding the foregoing, we must apply 100% of net cash proceeds over \$1,000 million from the issuance of debt securities that are secured equally with the credit facility to reduce the size of the credit facility.

In addition to the repayment made in connection with the October 4, 2001 amendment and restatement of our credit facility, during the three months ended December 31, 2001, we completed transactions as a result of which we permanently reduced our credit facility by \$123 million. The proceeds for the repayments were generated as follows: \$50 million from the sale of an available-for-sale investment, \$67 million from the sale of our manufacturing facility and related equipment located in Spain and \$6 million from various sale and leaseback transactions. These payments reduced the balance outstanding under the credit facility on December 31, 2001 to \$1,377 million. As of December 31, 2001, our net cash position, or the amount by which our cash and cash equivalents exceeded our short term debt, was \$388 million.

On January 18, 2002, we completed the sale of certain assets and liabilities related to our FPGA business to Lattice Semiconductor Corporation for \$250 million in cash, as described in "Recent Developments--FPGA Sale." The net cash

proceeds from the sale were used to permanently reduce our credit facility in accordance with the terms of the credit facility agreement. As of January 24, 2002, following this repayment and the repayment of \$24 million from additional sale and leaseback transactions, \$1,103 million was outstanding under our credit facility.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

On January 23, 2002, we announced plans to consolidate nine existing manufacturing, research and development, business management and administrative facilities in Pennsylvania and New Jersey into our Allentown, Pennsylvania campus and one new research and development facility in central New Jersey. The consolidation is expected to be completed in 12 to 18 months. We anticipate the cash required for this consolidation to be between \$250 and \$350 million. We plan to discontinue operations and seek buyers for our Reading and Breinigsville facilities.

On January 24, 2002, we and certain of our subsidiaries entered into a securitization transaction relating to certain of our and their accounts receivable. As part of the transaction, we and certain of our subsidiaries transfer accounts receivable on a daily basis to a wholly owned, bankruptcy-remote special purpose subsidiary which will be consolidated in our results. The special purpose subsidiary has entered into a loan agreement with certain financial institutions, pursuant to which the financial institutions agreed to make loans to the special purpose subsidiary secured by the accounts receivable. The financial institutions have commitments under the loan agreement of up to \$200 million; however the amount that we can actually borrow at any time depends on the amount and nature of the accounts receivable that we have transferred to the special purpose subsidiary. The loan agreements expire on January 21, 2003. When we borrow under the loan agreement, we will use the proceeds to repay our credit facility in accordance with its terms.

The credit facility contains financial covenants that require us to: (i) maintain a minimum level of liquidity, (ii) achieve a minimum level of earnings before interest, taxes, depreciation and amortization computed in accordance with the agreement each quarter, (iii) maintain a minimum level of net worth, and (iv) limit capital expenditures. Other covenants restrict our ability to pay cash dividends, incur indebtedness and invest cash in our subsidiaries and other businesses. The receivables securitization has the same four financial covenants and covenant levels as the credit facility, however, a violation of these covenants will not accelerate payment or require an immediate cash outlay to cover amounts previously loaned under the facility, but will end our ability to obtain further loans under the agreement.

Our primary source of liquidity is our cash and cash equivalents. We believe our cash and cash equivalents, together with the net proceeds from this offering and amounts that may be borrowed under the receivables securitization facility, are sufficient to meet our cash requirements at least through the end of calendar year 2002, including repayment of borrowings under the credit facility if its maturity is not extended, the cash requirements of the facilities consolidation described above and the other restructuring activities announced by us through December 31, 2001. If our revenues are materially lower than what our plans contemplate and as a result we use more cash, and if we no longer have access to the receivables securitization facility, we would consider further cash conserving actions to enable us to meet our cash requirements through the end of calendar year 2002, including repayment of our credit facility if it is not extended. These actions would include the elimination of employee bonuses, the acceleration of already planned expense reductions and further limits on capital spending. We also intend to pursue additional financing transactions and will consider asset sales, although we have no committed transactions at this time. We cannot assure you that these actions will be feasible at the time or prove adequate. Also, in connection with our spin-off from Lucent, we are significantly restricted in our ability to issue stock in order to raise capital. Our planning does not take into account any funds that we may receive as a result of selling our Orlando, Florida or Reading and Breinigsville, Pennsylvania facilities.

CONTRACTUAL OBLIGATIONS AND COMMITMENTS

Edgar Filing: AGERE SYSTEMS INC - Form S-1

The following table aggregates our contractual obligations and commitments with definitive payment terms which will require significant cash outlays in the future. The commitment amounts are as of September 30, 2001, with the exception of the credit facility, which has been adjusted for actual payments related to its refinancing on October 4, 2001 and other transactions completed in the three months ended December 31, 2001, as discussed above.

	Year Ending September 30,				
	(dollars in millions)				
	Total	2002	2003	2004	2005
Contractual obligations and commitments					
Credit facility	\$1,356	\$ 1,356	-	-	-
Capital leases	55	17	\$ 22	\$ 16	-
Operating leases	331	142	106	50	\$ 29
Total	\$1,742	\$ 1,515	\$ 128	\$ 66	\$ 29

We also have potential contractual obligations which are contingent upon certain events terms. Such obligations may require cash outlays by us in the future. The obligations are discuss

In December 1997, we entered into a joint venture, called Silicon Manufacturing Partners Pte Ltd, or SMP, with Chartered Semiconductor, a leading manufacturing foundry for integrated circuits, to operate a 54,000 square foot integrated circuit manufacturing facility in Singapore. We own a 51% equity interest in this joint venture, and Chartered Semiconductor owns the remaining 49% equity interest. We have an agreement with SMP under which we have agreed to purchase 51% of the production output from this facility and Chartered Semiconductor has agreed to purchase the remaining 49% of the production output. If we fail to purchase the required commitments, we will be required to pay SMP for the fixed costs associated with the unpurchased wafers. Chartered Semiconductor is similarly obligated with respect to the wafers allotted to it. The agreement may be terminated by either party upon two years' written notice, but may not be terminated prior to February 2008. The agreement may also be terminated for material breach, bankruptcy or insolvency. Based on forecasted demand, we believe it is unlikely that we would have to pay any significant amounts for underutilization in the near future. However, if our purchases under this agreement are less than anticipated, our cash obligation to SMP may be significant.

In July 2000, we and Chartered Semiconductor entered into an agreement committing both parties to jointly develop manufacturing technologies for future generations of integrated circuits targeted at high-growth communications markets. We have agreed to invest up to \$350 million over a five-year period. As part of the joint development activities, the two companies will staff a new research and development team at Chartered Semiconductor's Woodlands campus in Singapore. The agreement may be terminated

Edgar Filing: AGERE SYSTEMS INC - Form S-1

for breach of material terms upon 30 days' notice or for convenience upon six months' notice prior to the planned successful completion of a development project, in which case the agreement will terminate upon the actual successful completion of that project.

We have also entered into an agreement with Chartered Semiconductor whereby Chartered Semiconductor will provide integrated circuit wafer manufacturing services to us. Under the agreement, we provide a demand forecast to Chartered Semiconductor for future periods and Chartered commits to have manufacturing capacity available for our use. If we use less than a certain percent of the forecasted manufacturing capacity, we may be obligated to pay penalties to Chartered Semiconductor. We do not expect any penalties under this agreement to have a material impact on our results of operations or financial condition.

Purchased In-process Research and Development

In connection with the acquisitions of Agere, Inc., Herrmann, Ortel and substantially all the assets of VTC in fiscal 2000, and the acquisitions of Enable and Sybarus in fiscal 1999, a portion of each purchase price was allocated to purchased in-process research and development. In analyzing these acquisitions, we made decisions to buy technology that had not yet been commercialized rather than develop the technology internally. We relied on factors such as the amount of time it would take to bring the technology to market in making these decisions. We also considered Lucent's Bell Laboratories' resource allocation and its progress on comparable technology, if any. Our management expects to use a similar decision process in the future.

We estimated the fair value of in-process research and development for the above acquisitions using an income approach. This involved estimating the fair value of the in-process research and development using the present value of the estimated after-tax cash flows expected to be generated by the purchased in-process research and development, using risk-adjusted discount rates and revenue forecasts as appropriate. The selection of the discount rate was based on consideration of Lucent's weighted average cost of capital, as well as other factors known at the time, including the projected useful life of each technology, profitability levels of each technology, the uncertainty of technology advances and the stage of completion of each technology. We believe that the estimated in-process research and development amounts so determined represented fair value and did not exceed the amount a third party would have paid for the projects.

Core technology is a product, service or process that exists at the date of the acquisition and may contribute to the value of any product resulting from in-process research and development. We deducted an amount representing the estimated value of any core technology's contribution from the estimated cash flows used to value in-process research and development. At the date of acquisition, the in-process research and development projects had not yet reached technological feasibility and had no alternative future uses. Accordingly, the value allocated to these projects was capitalized and immediately expensed at acquisition. If the projects are not successful or completed in a timely manner, management's product pricing and growth rates may not be achieved and we may not realize the financial benefits expected from the projects.

Set forth below are descriptions of the major acquired in-process research and development projects and our original assumptions in connection with our significant acquisitions, followed by a current status of the projects. Due to significant changes in economic, industry and market conditions, particularly in the latter half of fiscal 2001, the original assumptions at the time of acquisition, for some of our acquisitions, vary

Edgar Filing: AGERE SYSTEMS INC - Form S-1

materially from our current estimates as noted below.

Agere, Inc.

On April 20, 2000, we completed the acquisition of Agere, Inc., which was a developer and supplier of integrated

35

circuits solutions used in network processors, which control how data is sent over networks. At the acquisition date, Agere, Inc. was conducting development and qualification activities related to the development of a programmable network processor for various protocols for 2.5 gigabits per second transmission speeds. A protocol is a set of procedures for the formatting and timing of data transmission between two pieces of equipment. A gigabit is a unit of measurement of data and is equal to roughly one billion bits. The allocation to purchased in-process research and development of \$94 million represented its estimated fair value using the methodology described above.

Agere, Inc.'s in-process research and development projects were approximately 65% complete at the time of acquisition. The projects were expected to be completed in November 2000 after approximately two years of research and development effort. Following completion, the projects were expected to begin generating economic benefits. Revenue attributable to the resulting products was estimated to be \$21 million in fiscal 2001 and \$65 million in fiscal 2002. Revenue was expected to peak in fiscal 2007 and decline thereafter through the end of the product's life, which was expected to be in fiscal 2009, as new product technologies were expected to be introduced by us. Revenue growth was expected to decrease from 205% in fiscal 2002 to 5% in fiscal 2007 and be negative for the remainder of the projection period. At the acquisition date, costs to complete Agere's in-process research and development were expected to total approximately \$3.4 million. Projected future net cash flows attributable to Agere's in-process research and development, assuming successful development, were discounted to net present value using a discount rate of 30%.

Most of Agere, Inc.'s in-process research and development projects were completed in fiscal 2001. Due to significant changes in economic, industry and market conditions, demand for these products has decreased and revenues generated from these products are expected to be significantly lower than originally anticipated.

Ortel Corporation

On April 27, 2000, we completed the acquisition of Ortel, which was a developer and manufacturer of semiconductor-based optoelectronic components used in fiber optic systems for data communications and cable television networks. At the acquisition date, Ortel was conducting development, engineering and testing activities associated with high-speed optical transmitters, receivers and transceivers.

Ortel's in-process research and development projects ranged from 50% to 75% complete at the time of acquisition. Ortel's in-process research and development projects were expected to be completed during the period from June 2000 to April 2001 after approximately two to three and a half years of research and development effort. Following completion, the projects were expected to begin generating economic benefits. The allocation to purchased

Edgar Filing: AGERE SYSTEMS INC - Form S-1

in-process research and development of \$307 million represented its estimated fair value using the methodology described above. The \$307 million was allocated to the following projects, which are explained below.

- o 10G New Products-- \$61 million;
- o 10G OC-192 Receiver/Daytona Products-- \$105 million;
- o 980 Products-- \$95 million;
- o 1550 Products -- \$27 million; and
- o CATV Products -- \$19 million.

Projected net cash flows attributable to Ortel's in-process research and development, assuming successful development, were discounted to net present value using a discount rate of 25%.

Revenue attributable to the 10G New Products was estimated to be \$5 million in fiscal 2001 and \$30 million in fiscal 2002. 10G New Products are receivers that incorporate new packaging technologies for high-speed transport and metropolitan network applications at speeds of 10 gigabits per second. Revenue was expected to peak in 2009 and decline thereafter through the end of the products' life as new product technologies were expected to be introduced by us. Revenue growth was expected to decrease from 447% in fiscal 2002 to 8% in fiscal 2009, and be negative for the remainder of the projection period. At the acquisition date, costs to complete the research and development efforts related to the products were expected to be \$3 million.

Revenue attributable to the 10G OC-192 Receiver/Daytona Products was estimated to be \$16 million in fiscal 2001 and \$33 million in fiscal 2002. 10G OC-192 Receiver/Daytona Products are directly modulated lasers and receivers used for high-speed transport and metropolitan network applications at speeds of 10 gigabits per second. Revenue was expected to peak in fiscal 2009 and decline thereafter through the end of the products' life as new product technologies were expected to be introduced by us. Revenue growth was expected to decrease from 166% in fiscal 2003 to 8% in fiscal 2009, and be negative for the remainder of the projection period. At the acquisition date, costs to complete the research and development efforts related to the product were expected to be \$1 million.

36

Revenue attributable to the 980 Products was estimated to be \$44 million in fiscal 2001 and \$108 million in fiscal 2002. 980 Products are pump lasers operating at 980 nanometers wavelength. A nanometer is a unit of measurement of distance and equals one billionth of a meter. Revenue was expected to peak in 2008 and decline thereafter through the end of the products' life as new product technologies were expected to be introduced by us. Revenue growth was expected to decrease from 143% in 2002 to 17% in 2008, and be negative for the remainder of the projection period. At the acquisition date, costs to complete the research and development efforts related to the 980 Products were expected to be \$1 million.

Revenue attributable to the 1550 Products was estimated to be \$2 million in fiscal 2001 and \$63 million in fiscal 2002. 1550 Products are transmitters and lasers operating at 1550 nanometers wavelength. Revenue was

Edgar Filing: AGERE SYSTEMS INC - Form S-1

expected to peak in 2008 and decline thereafter through the end of the products' life as new product technologies were expected to be introduced by us. Revenue growth was expected to decrease from 33% in 2003 to 17% in fiscal 2008, and be negative for the remainder of the projection period. At the acquisition date, costs to complete the research and development efforts related to the 1550 Products were expected to be \$2 million.

Revenue attributable to the CATV Products was estimated to be \$28 million in fiscal 2001 and \$58 million in fiscal 2002. CATV Products are receivers and return path products for cable television network applications. The return path allows cable system operators to offer Internet and telephone services, in direct competition with network services providers. Revenue was expected to peak in fiscal 2004 and decline thereafter through the end of the products' life as new product technologies were expected to be introduced by us. Revenue growth was expected to decrease from 107% in fiscal 2002 to 4% in fiscal 2004 and be negative for the remainder of the projection period. At the acquisition date, costs to complete the research and development efforts related to the CATV Products were expected to be \$1 million.

Development of Ortel's most significant products was completed in fiscal 2001. Certain other Ortel products remain under development, with completion anticipated during fiscal 2002. Due to significant changes in economic, industry and market conditions, demand for Ortel's products has decreased and revenues generated from these products are expected to be significantly lower than originally anticipated.

Herrmann Technology, Inc.

On June 16, 2000, we completed the acquisition of Herrmann, which was a developer and supplier of passive optical filters that can be used in conjunction with active optoelectronic components in products such as amplifiers. The allocation to in-process research and development of \$34 million represented its estimated fair value using the methodology described above. The \$34 million was allocated primarily to the development of manufacturing processes.

Revenue attributable to the products using these manufacturing processes was estimated to be \$59 million in fiscal 2001 and \$91 million in fiscal 2002. Revenue was expected to peak in fiscal 2005 and decline thereafter through the end of the products' life as new technologies were expected to be introduced by us. Revenue growth was expected to decrease from 54.7% in 2002 to 0.7% in fiscal 2005, and be negative for the remainder of the projection period. At the acquisition date, costs to complete the research and development efforts related to the processes were expected to be \$0.5 million.

Herrmann's in-process research and development projects ranged from 20% to 60% complete at the time of acquisition. Herrmann's in-process research and development projects were expected to be completed during the period from August 2000 to June 2001 after approximately two to six years of research and development effort. Following completion, the projects were expected to begin generating economic benefits. In total, costs to complete Herrmann's in-process research and development were expected to equal approximately \$1.8 million. Projected future net cash flows attributable to Herrmann's in-process research and development, assuming successful development, were discounted to net present value using a discount rate of 27.5%.

Herrmann's in process research and development processes were either completed or discontinued due to market conditions during fiscal 2001. Due to significant changes in economic, industry and market conditions, demand for products which use these processes has decreased and revenues generated from these products are expected to be significantly lower than originally anticipated.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Environmental, Health and Safety Matters

We are subject to a wide range of laws and regulations relating to protection of the environment and employee safety and health. We are currently involved in investigations and/or cleanup of known contamination at eight sites either voluntarily or pursuant to government directives. There are established reserves for environmental liabilities where they are probable and reasonably estimable. Reserves for estimated losses from environmental remediation are, depending on the site, based primarily upon internal or third party environmental studies, estimates as to the number, participation level and financial viability of all potential responsible parties, the extent of contamination and the nature of required remedial actions. Although we believe that the reserves are adequate to cover known environmental liabilities, it is often difficult to estimate with certainty the future cost of such matters. Therefore, there is no assurance that expenditures that will be required relating to remedial actions and compliance with applicable environmental laws will not exceed the amount

37

reflected in the reserves for such matters or will not have a material adverse effect on our consolidated financial condition, results of operations or cash flows.

Legal Proceedings

From time to time we are involved in legal proceedings arising in the ordinary course of business, including unfair labor charges filed by our unions with the National Labor Relations Board, claims before the U.S. Equal Employment Opportunity Commission and other employee grievances. We also may be subject to intellectual property litigation and infringement claims, which could cause us to incur significant expenses or prevent us from selling our products.

On October 3, 2000, a patent infringement lawsuit was filed against Lucent, among other optoelectronic components manufacturers, by Litton Systems, Inc. and The Board of Trustees of the Leland Stanford Junior University in the United States District Court for the Central District of California (Western Division). We anticipate we may be named a defendant in the suit. The complaint alleges that each of the defendants is infringing a patent related to the manufacture of erbium-doped optical amplifiers. The patent is owned by Stanford University and is exclusively licensed to Litton. The complaint seeks, among other remedies, unspecified monetary damages, counsel fees and injunctive relief. This matter is in its early stages.

An investigation was commenced on April 4, 2001, by the U.S. International Trade Commission based on a request of Proxim, Inc. alleging patent infringement by 14 companies, including some of our customers for wireless local area networking products. Proxim alleges infringement of three patents related to spread-spectrum coding techniques. Spread-spectrum coding techniques refers to a way of transmitting a signal for wireless communications by spreading the signal over a wide frequency band. We believe we have valid defenses to Proxim's claims and have intervened in the investigation in order to defend our customers. Proxim seeks relief in the form of an exclusion order preventing the importation of specified wireless local area networking products, including some of our products, into the

Edgar Filing: AGERE SYSTEMS INC - Form S-1

United States. One of our subsidiaries, Agere Systems Guardian Corp., filed a lawsuit on May 23, 2001, in the U.S. District Court in Delaware against Proxim alleging infringement of three patents used in Proxim's wireless local area networking products.

If we are unsuccessful in resolving these proceedings, as they relate to us, our operations may be disrupted or we may incur additional costs. Other than as described above, we do not believe there is any litigation pending that should have, individually or in the aggregate, a material adverse effect on our consolidated financial position, results of operations or cash flows.

Recent Accounting Pronouncements

In July 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets." Statement 142 provides guidance on the financial accounting and reporting for acquired goodwill and other intangible assets. Under Statement 142, goodwill and indefinite lived intangible assets will no longer be amortized but will be reviewed for impairment at least annually and subject to new impairment tests. Intangible assets with finite lives will continue to be amortized over their useful lives but will no longer be limited to a maximum life of forty years. Statement 142 is effective for Agere in fiscal year 2003, although earlier application is permitted. We plan to adopt Statement 142 effective October 1, 2002 and are currently evaluating the potential effects of implementing this standard on our financial condition and results of operations.

Also in July 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 143, "Accounting for Asset Retirement Obligations." Statement 143 addresses financial accounting and reporting for legal obligations associated with the retirement of tangible long-lived assets and their associated retirement costs. In accordance with Statement 143, retirement obligations will be recognized at fair value in the period they are incurred. When the liability is initially recorded, the cost will be capitalized by increasing the asset's carrying value, which is subsequently depreciated over its useful life. Statement 143 is effective for Agere in fiscal year 2003, with earlier application encouraged. We are currently evaluating the potential effects, if any, on our financial condition and results of operations of adopting Statement 143, as well as the timing of its adoption.

In October 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." This Statement primarily addresses financial accounting and reporting for the impairment or disposal of long-lived assets and also affects certain aspects of accounting for discontinued operations. Statement 144 is effective for Agere in fiscal year 2003, with earlier application encouraged. We are currently evaluating the potential effects, if any, on our financial condition and results of operations of adopting Statement 144, as well as the timing of its adoption.

European Monetary Union -- EURO

Several member countries of the European Union have established fixed conversion rates between their existing sovereign currencies and the Euro, and have adopted the Euro as their new single legal currency. The legacy currencies remained legal tender in the participating countries for a transition period between January 1, 1999 and January 1, 2002.

During the transition period, cash-less payments were permitted to be made in the Euro. Beginning on January 1, 2002, the participating countries introduced Euro notes and coins. The participating countries must withdraw all legacy currencies by February 28, 2002 so that they will no longer be available. The Euro conversion may affect cross-border competition by creating cross-border price transparency. We will continue to evaluate issues involving introduction of the Euro as further accounting, tax and governmental legal and regulatory guidance is available. Based on current information and our current assessment, it is not expected that the Euro conversion will have a material adverse effect on our business or financial condition.

Risk Management

We are exposed to market risk from changes in foreign currency exchange rates, interest rates and equity prices that could impact our results of operations and financial position. We manage our exposure to these market risks through our regular operating and financing activities and, when deemed appropriate, through the use of derivative financial instruments. We use derivative financial instruments as risk management tools and not for speculative purposes. In addition, derivative financial instruments are entered into with a diversified group of major financial institutions in order to manage our exposure to nonperformance on such instruments. Our risk management objective is to minimize the effects of volatility on our cash flows by identifying the recognized assets and liabilities or forecasted transactions exposed to these risks and appropriately hedging the risks.

We use foreign currency forward contracts, and may from time to time use foreign currency options, to manage the volatility of non-functional currency cash flows resulting from changes in exchange rates. Foreign currency exchange contracts are designated for recorded, firmly committed or anticipated purchases and sales. The use of these derivative financial instruments allows us to reduce our overall exposure to exchange rate movements, since the gains and losses on these contracts substantially offset losses and gains on the assets, liabilities and transactions being hedged. As of September 30, 2001, our primary net foreign currency market exposures included Singapore dollars and British Pounds Sterling.

The fair value of foreign currency exchange contracts is subject to changes in foreign currency exchange rates. For the purpose of assessing specific risks, we use a sensitivity analysis to determine the effects that market risk exposures may have on the fair value of our financial instruments and results of operations. The financial instruments included in our sensitivity analysis are foreign currency forward contracts. These contracts generally have a duration of three to six months and are primarily used to hedge firmly committed and anticipated transactions. The sensitivity analysis excludes the values of foreign currency denominated receivables and payables because of their short maturities. To perform the sensitivity analysis, we assess the risk of loss in fair values from the effect of a hypothetical 10% change in foreign currency exchange spot rates assuming no change in interest rates. For contracts outstanding as of September 30, 2001 and 2000, a 10% appreciation in foreign currency exchange rates against the U.S. dollar from the prevailing market rates would have increased our pre-tax earnings by approximately \$2 million and \$12 million, respectively. Conversely, a 10% depreciation in these exchange rates from the prevailing market rates would have decreased our pre-tax earnings by approximately \$2 million and \$12 million, respectively. Consistent with the nature of the economic hedge of foreign currency exchange contracts, these gains or losses would be offset by

Edgar Filing: AGERE SYSTEMS INC - Form S-1

corresponding decreases or increases, respectively, of the underlying instrument or transaction being hedged.

The model assumes a parallel shift in all foreign currency exchange spot rates. Exchange rates, however, rarely move in the same direction. The assumption that all exchange rates change in a parallel manner does not necessarily represent the actual changes in fair value we would incur under normal market conditions because all variables other than the specific market risk are held constant.

Effective October 1, 2000, we adopted Statement 133 and its corresponding amendments under Statement 138. The adoption of Statement 133 resulted in a cumulative effect of an increase in our net loss of \$4 million, net of a tax benefit of \$2 million in fiscal 2001. The increase in our net loss is primarily due to derivatives not designated as hedging instruments. For the fiscal year ended September 30, 2001, the change in fair market value of derivative instruments was recorded in other income-net and was not material.

While we hedge certain foreign currency transactions, a decline in value of non-U.S. dollar currencies may adversely affect our ability to contract for product sales in U.S. dollars because our products may become more expensive to purchase in U.S. dollars for local customers doing business in the countries of the affected currencies.

As of September 30, 2001, we had \$2,500 million of short-term variable rate debt outstanding. To manage the cash flow risk associated with this debt, we may, from time to time, enter into interest rate swap agreements. There were no interest rate swap agreements in effect during fiscal 2001 or fiscal 2000. As of September 30, 2001, a variation of 1% in the interest rate charged on the short-term debt would result in a change of approximately \$25 million in annual interest expense. Following the repayment of \$1,000 million of loans under the credit facility on October 4, 2001, a variation of 1% in the interest rate charged would result in a change of approximately \$15 million in annual interest expense.

Our investment portfolio consists of equity investments accounted for under the cost and equity methods as well as an investment in a publicly held company that is classified as available-for-sale. At September 30, 2001, the fair value of

this available for sale security totaled \$41 million. We do not hedge equity price risk. As of September 30, 2001, a 20% adverse change in equity prices would result in an approximate \$8 million decrease in the fair value of our available-for-sale security.

In connection with this offering, we will be issuing put rights on our Class A common stock. In accordance with statement of Financial Accounting Standards No. 133, "Accounting for Derivative and Hedging Instruments," we will record the value of the put rights as a liability, and any changes in the value of the put rights liability will be reflected in our results of operations. The fair value of the put rights will be determined using an option pricing model which takes into account our credit risk, the volatility of our stock price and the time to maturity. If the average closing price or average sale price, as applicable, of a share of our Class A common stock for

Edgar Filing: AGERE SYSTEMS INC - Form S-1

the 20 trading days prior to the maturity date of the notes is less than the exercise price of the put rights, we will be obligated under the put rights to pay to the trust an amount of cash equal to the product of (x) the number of shares subject to outstanding put rights and (y) the difference between the exercise price of the put rights and such average closing price or sale price, as applicable. A 10% decline in the price of our Class A common stock would result in a \$ million decrease in our pre-tax earnings and an increase in the value of the put obligation.

40

BUSINESS

General

Agere Systems designs, develops and manufactures integrated circuits for use in a broad range of communications and computer systems and optoelectronic components for communications networks. We are the world leader in sales of communications components, which include both integrated circuits and optoelectronic components. Communications components are basic building blocks of electronic and photonic products and systems for terrestrial and submarine, or undersea, communications networks and for communications equipment.

In fiscal 2001, we had two principal businesses: Integrated Circuits and Optoelectronics. Integrated circuits, or chips, are made using semiconductor wafers imprinted with a network of electronic components. They are designed to perform various functions such as processing electronic signals, controlling electronic system functions and processing and storing data. Our Integrated Circuits business also includes our wireless local area networking products, which facilitate the transmission of data and voice signals within a localized area without cables or wires. Our Optoelectronics business includes our optoelectronic components operations, including both our active optoelectronic and our passive optical components. Optoelectronic components transmit, process, change, amplify and receive light that carries data and voice traffic over optical networks. The Integrated Circuits and Optoelectronics businesses each include revenue from the licensing of intellectual property related to that business.

Agere was formed as part of Lucent Technologies' plan to spin-off to its stockholders its microelectronics business, including its integrated circuits and optoelectronics divisions. Our Class A common stock began trading on the New York Stock Exchange following our initial public offering in April 2001. The separation of our business from Lucent's other businesses was substantially completed, including the transfer of all assets and liabilities related to these divisions (other than pension and postretirement plan assets and liabilities, which have yet to be transferred) when we completed our initial public offering. As of December 1, 2001, Lucent owned 100% of our outstanding Class B common stock and 37 million shares of our Class A common stock, which together represented approximately 84.2% of the combined voting power of both classes of our voting stock with respect to the election and removal of directors and approximately 57.8% of the voting power of our outstanding common stock with respect to all other matters. Lucent has announced that it continues to move forward with its intention to distribute all shares of our common stock that it owns to its stockholders in a tax-free distribution. However, Lucent's credit facilities include conditions that must be satisfied before Lucent can distribute its Agere stock to its stockholders,

Edgar Filing: AGERE SYSTEMS INC - Form S-1

and, even if the conditions were met, we cannot assure you that Lucent will complete the spin-off by a particular date or at all. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Overview--Separation from Lucent" and "Arrangements Between Lucent and Our Company" for further information about our spin-off as a fully independent company.

We sell our products primarily through our direct sales force, but we also utilize distributors, resellers and electronic commerce. Of our total net revenue of \$4,080 million in the fiscal year ended September 30, 2001, \$2,869 million or 70% was generated by our Integrated Circuits segment and \$1,211 million or 30% was generated by our Optoelectronics segment. Approximately 45% of our revenue was generated in the United States and 55% internationally. See note 17 to our financial statements included elsewhere in this prospectus for further information about our Integrated Circuits and Optoelectronics segments.

As of September 30, 2001 we employed approximately 14,400 people worldwide. We have major research and development and manufacturing sites in the United States, Mexico, Singapore and Thailand.

Our Strategy

We intend to maintain and enhance our position as the leading global provider of communications components. To accomplish this goal, we are pursuing the major strategies described below.

- o Focus on Future Growth and Profit Opportunities within the Communications Components Industry. We are focusing resources on segments of the market for integrated circuits and optoelectronics where we can leverage our existing technical skills, manufacturing capabilities and customer relationships, and where we believe there is long-term market growth and profit potential. We will particularly focus on the markets for network communications equipment and wireless local area networking products.
- o Expand and Develop New Customer Relationships. We seek to capitalize on our status as a stand-alone company to increase our sales by being selected to develop and supply components for our customers' new products. We seek to expand our engagements with existing and potential customers who have been reluctant to buy from us because they are competitors of Lucent.
- o Execute on Management Realignment and Restructuring. We have realigned our management structure to focus on the communications infrastructure and client systems markets. We will continue to implement

41

a series of announced restructuring initiatives focused on improving gross profit, reducing expenses and streamlining operations within these segments.

- o Extend Product and Technical Leadership. We are building on our product and technical leadership by continuing to work closely with our customers and making appropriate investments in research and development. Specific initiatives include:

Edgar Filing: AGERE SYSTEMS INC - Form S-1

1. Integrated Solutions. We will continue to leverage our extensive communications systems experience and extensive product portfolio to provide integrated solutions for our customers. Our integrated solutions will provide customers with components and software for entire functions and subsystems so that customers can design and market higher performance products more quickly. We also support customers with technical product and systems understanding to help them use our products.
2. Combined Integrated Circuit and Optoelectronic Solutions. We believe that customers will increasingly demand combined integrated circuit and optoelectronic solutions in order to reduce the time and expense necessary to develop communications equipment. We will take advantage of our extensive experience, systems understanding and broad product portfolio in both integrated circuits and optoelectronics to capitalize on this market opportunity.

Integrated Circuits

We offer integrated circuits for use in a broad range of communications networks and computer systems. Our integrated circuits are used primarily in the following types of equipment:

- o network communications equipment, which facilitates the transmission, switching and management of data and voice traffic within communications networks;
- o client access and network connectivity devices, such as modems and analog line cards, which allow computers, servers and other equipment to connect to communications networks;
- o wireless terminals and infrastructure, such as mobile telephones and cellular base stations, which transmit and receive data and voice communications through radio waves; and
- o hard disk drives, which store data and are found in products such as personal computers, servers and new consumer devices.

We also sell wireless local area networking products, which facilitate the transmission of data and voice signals within a localized area without cables or wires.

Competitive Strengths

Our integrated solutions combine a number of functions into a single unit. Because of this integration, we have the ability to deliver products that interact more effectively and enhance performance. This allows our customers to meet the requirements of their end customers faster and more cost effectively than if they purchase a number of separate integrated circuits.

We have dedicated engineering groups that develop core manufacturing technology, common design methodology and commonly used integrated circuit design elements for use across our Integrated Circuits business. By using common core technologies, we simplify our design methods, create reusable intellectual property and achieve manufacturing efficiencies.

We believe the primary considerations for customers selecting integrated circuit products are:

- o design capabilities, including the ability to deliver integrated

- solutions;
- o performance, as measured by speed, power requirements and reliability;
- o feature set;
- o price;
- o flexibility, which refers to the ability to design products using the manufacturer's own intellectual property, the manufacturer's customers' intellectual property or a combination of both; and

42

- o compatibility with other products and communications standards used in communications networks.

We focus our product development and sales efforts to address the customer considerations listed above. The relative importance of these factors may vary depending on the product group or the particular customer's requirements. For example, price may be one of the most important considerations for a customer selecting many of our client access and network connectivity integrated circuits because these integrated circuits are used in price sensitive products sold to consumers. On the other hand, a customer selecting our network communications integrated circuits typically will be more focused on design and performance rather than price because these customers often have specialized demands that require customized solutions.

Products and Applications

Our integrated circuits support five primary applications: network communications equipment, client access and network connectivity devices, wireless products, wireless local area networking products, and storage and analog products.

Network Communications Equipment

We offer integrated circuits that facilitate the transmission and switching of data and voice signals within communications networks. Our integrated circuits process signals and transmit the signals to deliver information throughout the network. Our integrated circuits are key building blocks in both optical and wireline communications networks.

We sell a complete integrated circuit solution that supports speeds up to 2.5 gigabits per second. This solution consists of physical layer devices, integrated circuits supporting SONET/SDH communication standards, multi-service switching fabrics and network processing devices and broadband access devices, each of which is described below. We have, in various stages of development, 10 gigabits per second products that have either recently been introduced in commercial quantities or are currently being sampled by one or more customers.

Physical Layer Devices. High-speed physical layer devices are key elements in the conversion between optical signals and electronic signals, as required by communications networks. High-speed physical layer devices accept the output from an optical receiver and convert it into a digital data signal that can be used in communications switching and processing functions. Our

Edgar Filing: AGERE SYSTEMS INC - Form S-1

products include a set of six integrated circuit components for physical layer devices that provide a complete product offering for 10 gigabits per second transmission. We offer our customers physical layer device components either separately or together with optoelectronic components. In particular, we sell a transponder which combines our physical layer device components together with our optoelectronic components in a single product.

SONET/SDH Network Devices. Synchronous optical networks, which are typically referred to as SONET, and synchronous digital hierarchy standard, or SDH, carry data, voice and video traffic through a network by combining lines carrying traffic at slower speeds with lines carrying traffic at higher speeds. This process is known as multiplexing, and involves directing traffic from the individual lines into designated time slots in the higher speed lines, and those lines into still higher speed lines. The SONET/SDH equipment that handles the directing of traffic into slower speed and faster speed lines is the add-drop multiplexor, or ADM. Add-drop multiplexors handle the addition and removal of traffic from a SONET/SDH communication transmission. We offer single-chip integrated circuit solutions, or framers, for add-drop multiplexing of data and voice traffic. In addition, our framers are used in high-speed routers within an optical network. A router is an interface, or link, between two networks.

Multi-Service Switching Fabrics and Network Processing Devices. Switching devices guide data to different local area networks and wide area networks based on the intended destination. Multi-service switching devices support the transmission of voice and video signals as well as data. We sell switch fabrics and network processors to communications equipment manufacturers. A switch fabric directs the data within a switching device. A network processor is a component that controls how data is sent over a network or over a switch fabric such that the data retains its quality of service without interfering with other data traffic. We also offer supporting software with our switching products. In addition, our customers sometimes add their own supporting software to switch fabrics and network processors that they purchase from us to produce complete switching equipment.

We currently offer switching products for asynchronous transfer mode, or ATM. We are developing switching products for the Internet protocol standard. These products are being sampled by some customers but further design work is required before they will be available for sale in commercial quantities. Asynchronous transfer mode and Internet protocol refer to different procedures for the formatting and timing of data transmission between two pieces of equipment. Our switching integrated solutions reduce the number of required integrated circuits needed in a switching device.

Broadband Access Devices. Broadband is a general term which refers to high-speed data transmission. Our broadband access integrated circuits, or mappers, support data transport between central offices and enterprise sites by aggregation and termination. Aggregation refers to the combining of many low-speed, or tributary, data signals from

enterprises into higher speed, or trunk, data signals for transmission to a central office. Termination refers to the separation of trunk data signals into lower-speed, tributary data signals.

Our products support data transport for T-carrier data transport in

Edgar Filing: AGERE SYSTEMS INC - Form S-1

North America. T-carrier is a digital transmission service from a common carrier. We support similar services worldwide which are referred to as J-carrier in Japan and E-carrier in Europe. T-carrier services such as T1 and T3 lines are widely used to create point-to-point networks for use by enterprises. T1 and T3 lines refer to different levels of T-carrier service which transmit data at 1.5 megabits per second and 44.7 megabits per second, respectively. A megabit is a unit of measurement for data and is equal to approximately one million bits.

Customized Solutions. The majority of our revenue from our network communications products is derived from the manufacture of customized integrated circuits for our customers. These integrated circuits incorporate our intellectual property or combine our intellectual property with our customers' intellectual property to create a customized solution for these customers. For some customers, we design and manufacture the integrated circuit while the key intellectual property belongs solely to our customers. We draw our intellectual property from the various product areas described above in order to meet our customers' specific requirements.

Our systems-level knowledge allows us to turn our customers' design concepts into a systems solution quickly and effectively. Our intellectual property gives our customers the flexibility to customize their products to meet their individual cost and performance objectives.

Client Access and Network Connectivity Devices

We sell integrated circuits for use in products that allow users to access communications networks through a variety of different methods. We offer our customers solutions that include integrated circuits and software.

Many of our products convert analog signals into digital signals and digital signals into analog ones. Analog refers to a transmission technique employing a continuous signal that varies in amplitude, frequency or phase of the transmission. Digital, on the other hand, refers to a method of storing, processing and transmitting data that uses distinct electronic or optical pulses to represent the binary digits 0 and 1.

We sell integrated circuits as part of the following client access and network connectivity products:

Modem Products. We primarily sell our integrated circuits for modem products directly to leading manufacturers of personal computers and other electronic equipment as well as to manufacturers who sell modem solutions directly to consumers and to manufacturers of personal computers.

Input/Output Products. Input/output refers to the transfer of data within and between computers, peripheral equipment, such as printers, scanners and digital cameras, and data networks. We sell input/output products primarily to manufacturers of computers, peripheral equipment and communications equipment. A majority of our sales are customized solutions that combine our intellectual property with that of our customers in the design of our integrated circuits. Our products support Universal Serial Bus, or USB, and IEEE-1394 industry standards, which are both established connectivity and transmission standards.

Analog Line Card and Analog Telephone Products. Traditional voice telephone equipment uses technology in which voice communications are transmitted as analog signals until they reach a network services provider's central office, where analog line cards are located. Analog line cards convert analog voice signals into digital signals to be transmitted through the communications network and convert the digital signal coming from the network back to analog in order to complete the telephone call. Our customers also use

Edgar Filing: AGERE SYSTEMS INC - Form S-1

our products in telephone interfaces, or lines, located closer to an end user in devices such as television set-top boxes, broadband gateways and integrated access devices. Broadband gateways and integrated access devices combine a variety of communications technologies such as analog and digital subscriber line in the end user's premises onto a single telephone line for transmission to the network. We sell our analog line card and telephone solutions to manufacturers of communications equipment for use worldwide.

Traditional Voice Systems. We provide integrated circuits to telecommunications equipment manufacturers for use in traditional voice telephone networks and integrated services digital network, or ISDN, systems. These networks are not as advanced as newer voice and data networks that manufacturers of communications equipment currently offer. We expect sales for these systems to decline rapidly over the next several years.

Newly Introduced Products. We have started to sell products in areas for which, if sufficient demand emerges, we expect to expand our offerings. We have started to offer integrated circuits and software for use in digital telephony products. Digital telephony products are solutions that access and interface with merged voice and data networks. We also have introduced a series of asynchronous transfer mode interconnect products for use in infrastructure equipment for digital telephony services. Asynchronous transfer mode, or ATM, refers to a specific set of procedures for the formatting and timing of data transmission between two pieces of equipment. We sell our digital telephony solutions to manufacturers of

44

business telephone equipment.

Wireless Products

We sell integrated circuits for use in digital mobile telephones, cellular base stations and other wireless data and voice communications products. We also offer supporting software as part of our comprehensive integrated circuit wireless product solutions. These solutions include:

- o digital signal processors for speech compression and encoding and transmission of voice and data;
- o radio frequency integrated circuits to transmit and receive signals;
- o conversion signal processors to convert signals between frequencies used in digital signal processors and frequencies used for radio transmission; and
- o software that controls the communication process.

We also license hardware and software designs for mobile telephones that use our integrated circuits.

Most of our wireless products operate on the Global Systems for Mobile Communications, or GSM, standard. We also sell products that support General Packet Radio Service, or GPRS, that provide enhanced data transmission capabilities for GSM mobile phones.

Wireless Infrastructure Products. We sell integrated circuit

Edgar Filing: AGERE SYSTEMS INC - Form S-1

solutions used in wireless infrastructure products, which are primarily cellular base stations and cellular base transceiver stations. These products are primarily digital signal processors that process data and voice signals that are transmitted and received through wireless networks.

Wireless Local Area Networking Products

We sell integrated circuits, software and equipment for wireless networks. We offer our ORiNOCO(TM) products for wireless local area networking and Bluetooth(TM) products for personal area networking.

ORiNOCO Products. Our ORiNOCO products comprise a complete wireless local area network system that provides broadband network access through mobile and fixed data devices. We offer the software and equipment necessary to create and support wireless local area networks, which are typically referred to as wireless LANs. Our wireless local area network solution currently supports data transmission speeds of over 10 megabits per second. We sell a complete solution for wireless networking that facilitates mobile Internet connectivity to the end user in an enterprise, home or public space, such as an airport lounge or hotel lobby.

We sell wireless local area network solutions to network services providers and to customers that sell to enterprises and home users under the ORiNOCO brand. We also sell our ORiNOCO products to personal computer manufacturers that integrate them into their products. Our primary indirect channel into the enterprise market is Avaya Inc., formerly the enterprise networks group of Lucent.

Bluetooth Products. We sell integrated circuit solutions and supporting software for the new market of Bluetooth technology applications. Bluetooth is an open standard for short-range radio transmission of digital data and voice that facilitates a wireless personal area network. The Bluetooth technology also makes it easier for data synchronization of mobile computers, mobile telephones and handheld devices. Bluetooth uses radio waves that can pass through walls and other non-metal barriers to create a personal area network.

We have started to sell a two-component Bluetooth solution and supporting software. Our solution facilitates a wireless personal area network which supports data transmission speeds of up to 1 megabit per second for devices within an approximately 30-foot radius. We sell our Bluetooth products to manufacturers of communications and computer equipment.

Storage and Analog Products

We sell integrated circuits for use in storage devices, commonly referred to as hard disk drives. As applications used on computers and communications equipment become more complex, we expect an increased demand for greater storage capability. We also sell integrated circuits for use in analog signal processing and control functions within various products. Analog integrated circuits shape or condition electronic signals and amplify electronic signal strength. They also regulate voltage levels and provide interfaces between products within an analog environment. We currently focus on development opportunities in the hard disk drive product area, the analog communications product area and in the product area for analog power products, which regulate power.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Optoelectronic Components

Our optoelectronic components are utilized in optical networks. Optical networks transmit information as pulses of light, or optical signals, through optical fibers, which are hair-thin glass strands. An optical network utilizes a number of interdependent active optoelectronic and passive optical components. An active component is a device that has both optical and electronic properties. A passive component is a device that functions only in the optical domain. We primarily offer active optoelectronic components, including:

- o lasers, which are devices that produce light suitable for optical networks;
- o modulators, which are devices that turn optical signals on and off to encode information that travels through a network;
- o amplifiers, which are devices that regenerate optical signals after they suffer loss as a result of traveling long distances within the network;
- o transmitters, which are devices that convert electronic signals into optical signals for transmission;
- o receivers, which are devices that convert optical signals back into electronic form on the receiving end of a communications network;
- o transponders, which are devices that combine both integrated circuits and optoelectronic components in one unit that transmits and receives optical signals; and
- o micro electro-mechanical systems, or MEMS, which are small mechanical products that perform a variety of optical functions without converting an optical signal into electronic form. Our MEMS products are being sampled by some customers but further design and manufacturing process development will be required before these products will be available for sale in commercial quantities.

In addition to our broad portfolio of active optoelectronic components, we have started to sell passive optical filters and silicon waveguides. Passive optical filters are devices used in conjunction with active optoelectronic components in products such as amplifiers. Silicon waveguides are passive optical components that manipulate optical signals to perform a variety of functions.

We sell our optoelectronic components for use in submarine and terrestrial optical networks. Submarine networks transmit optical signals undersea, usually at high speeds and over long distances. Terrestrial networks include high-speed transport networks, which transmit optical signals at high speeds over long distances, and metropolitan networks, which transmit optical signals between central offices of network services providers or between enterprises and central offices. Terrestrial networks also include cable television networks, which transmit optical signals between cable system operators and homes, and data communication networks, which transmit optical signals within a local area network. A local area network links data devices such as servers, computers and printers in the same localized area to facilitate Internet access and to share files and programs.

Competitive Strengths

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Our optoelectronic components are engineered to work together in an optical network. We sell integrated solutions that combine multiple components into a single product. We believe our integrated solutions allow our customers to reduce the size and costs of their optical network equipment and reduce their time to develop new products. We also believe these solutions allow our customers to rely on a smaller number of suppliers and improve the performance of their products.

We believe the primary considerations for customers selecting optoelectronic components are:

- o performance, as measured by speed, power requirements and reliability;
- o price;
- o breadth of product line and ability to offer integrated solutions;
- o quality and automation of manufacturing processes;
- o manufacturing capacity, as measured by ability to satisfy orders; and
- o compatibility of products with other products and communications standards used in communications networks.

46

We focus our product development and sales efforts to address the customer considerations listed above. The relative importance of these factors may vary depending on the product group or the particular customer's requirements.

Products and Applications

We have described below our key optoelectronic components and the network applications for these products.

Key Optoelectronic Components

Lasers. We offer a variety of types of lasers for use in high-speed transport, metropolitan, cable television and submarine network applications. Higher power lasers can transmit light greater distances than lower power lasers. A single laser is required for each channel in a dense wavelength division multiplexing, or DWDM, system, which is a system that transmits two or more signals over a single optical fiber. Communications equipment manufacturers use different types of lasers depending on the needs of the specific network application.

Modulators. Modulation can be achieved directly by turning a laser on and off or by external modulators that transmit or interrupt a continuous optical signal to achieve the same on and off effect. Long-distance and submarine networks typically use high power lasers and external modulators, while short-distance networks use direct modulation. Our lithium niobate modulators are used in high-speed transport and metropolitan network applications, and our lithium niobate polarization controllers are used in high-speed transport network applications.

Amplifiers. During transmission, an optical signal must be

Edgar Filing: AGERE SYSTEMS INC - Form S-1

periodically renewed because it loses its strength as it travels within the network. Optical amplifiers increase the strength of an optical signal without converting it back into an electronic signal. Optical amplifiers represent a major cost efficiency, as network services providers can reduce the number of costly optical-to-electronic-to-optical conversions. We offer erbium doped fiber amplifiers and raman amplifiers in high-speed transport and metropolitan network applications.

Transmitters, Receivers and Transceivers. We offer cooled laser transmitters for high-speed transport, metropolitan and cable television network applications, uncooled laser transmitters for metropolitan network applications, and tunable laser transmitters for high-speed transport network applications. Our positive intrinsic negative, or PIN, receivers are used for high-speed transport, metropolitan and cable television network applications, and our avalanche photo detector, or APD, receivers are used for high-speed transport and metropolitan network applications. Transmitters and receivers are also sometimes combined into one module, which is called a transceiver.

Transponders. Our transponders offer both integrated circuits and optoelectronic components in one combined unit, or module. This module combines a transceiver with a multiplexor/demultiplexor into a unified product. A multiplexor is an electronic device that allows two or more signals to be combined for transmission over one communications circuit. A demultiplexor separates two or more signals previously combined by compatible multiplexing equipment. Our transponders are capable of multiplexing 16 electronic signals into one optical signal. Our transponders are also capable of demultiplexing one optical signal into 16 electronic signals. We have recently begun shipping our 2.5 gigabits per second transponders in commercial quantities to our customers and we are sampling 10 gigabits per second transponders.

MEMS Devices. We recently introduced optical cross connects and dynamic gain equalizers, which are our first optical micro electro-mechanical systems, or MEMS, devices. MEMS are small mechanical products that perform a variety of optical functions which include optical switching, dynamic gain equalization and add-drop multiplexing. An optical cross connect is an optical switching device that maintains the optical signal as light from input to output, without converting it into electronic form. A dynamic gain equalizer is an optical device that optimizes transmissions in an optical network by equalizing the amplitude of specific wavelengths of light within the optical fiber. These products are being sampled by some customers but further design and manufacturing process development is required before they will be available for sale in commercial quantities.

Thin Film Optical Filters. Thin film optical filters are designed to allow only selected wavelengths of light to pass through them. Our filters are manufactured by depositing many thin layers on a base of specially made glass. Thin film optical filters are used in dense wavelength division multiplexing, or DWDM, systems, which are systems that transmit two or more signals over a single fiber. They can also be used to correct the amplitude of the signal coming from an optical amplifier. Our thin film optical filters are generally sold to optical component manufacturers which package and combine them with active optoelectronic components.

Silicon Waveguides. We have started to sample optical dynamic gain equalizers, which are our first silicon waveguide products. We believe our experience in silicon-based integrated circuit manufacturing processes is an important factor in our ability to manufacture these products. These silicon-based processes will permit production of these products in high volumes. In addition, silicon-based technology allows active components such as transmitters and receivers to be integrated with silicon waveguides, permitting reductions in size and cost of integrated modules.

Network Applications

47

Submarine. We offer a variety of highly reliable, ultrastable components designed to withstand the rigors of long- distance undersea transmission. Customers for our submarine products are manufacturers of undersea communications equipment.

High-Speed Transport. Our products support transmission of optical signals at speeds of 2.5 or 10 gigabits per second. We also have 40 gigabits per second modulators and receivers that are currently being sampled by customers. Our high-speed transport products can send multiple optical signals for distances up to 720 kilometers without amplification, and much further when used in conjunction with optical amplifiers. Customers for our high-speed transport products are manufacturers of communications equipment who sell to network services providers that operate long-distance communications networks.

Metropolitan. We sell optoelectronic components that are used in optical networks in metropolitan areas to carry information between central offices of network services providers or between large enterprises and central offices. The information transmitted within these networks is carried for shorter distances, generally 40 kilometers or less, and at lower speeds than those used in high-speed transport network applications. We sell products designed for metropolitan communications networks to manufacturers of communications equipment, which sell to service providers that operate local exchanges and to manufacturers of network equipment for enterprises.

Cable Television. Over the past ten years, cable system operators have upgraded their networks to add optical fiber to their networks. Our cable television optoelectronic components provide a high-speed return path from the consumer's home to the cable system operator. This return path allows cable system operators to offer Internet and telephone services, in direct competition with network services providers. Customers for our cable television optoelectronic components are manufacturers of cable television transmission equipment.

Data Communication. A local area network links data devices such as servers, computers and printers in the same localized area to facilitate Internet access and to share files and programs. As bandwidth and transmission distance requirements of enterprises have increased, it has become more practical to utilize the superior transmission capabilities of optical networks to build high-speed local area networks. These networks require transceivers to convert electronic signals into optical signals and back into electronic signals at high speeds. Customers for our data communication optoelectronic components are manufacturers of network equipment for enterprises.

Customers, Sales and Distribution

Customers

We have a globally diverse base of customers, consisting primarily of manufacturers of communications and computer equipment. We generally target as customers the leaders in the market segments in which our products are used as well as the companies we believe will be future leaders in these segments.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

In fiscal 2001, we sold our products directly to approximately 250 end customers and indirectly, through distributors, to approximately 1,000 end customers. For some end customers, we deliver the product to, and are paid by, a third party associated with the customer, such as their contract manufacturer. Our top 20 end customers in fiscal 2001, based on revenue, accounted for approximately 70% of our revenue and our top 10 end customers in fiscal 2001, based on revenue, accounted for approximately 53% of our revenue. Our top ten end customers in fiscal 2001 were:

Apple Computer, Inc.	Lucent Technologies Inc.
Alcatel	Maxtor Corp.
Avaya Inc.	Nortel Networks Corp.
Cisco Systems, Inc.	Seagate Technology, Inc.
Globespan Inc.	Tycom (US) Inc.

All of the customers listed above purchased integrated circuits from us. Alcatel, Avaya, Cisco Systems, Lucent, Nortel and Tycom also purchased optoelectronic components from us. Our sales to Lucent represented 14.9%, 21.3% and 25.7% of our revenue for fiscal 2001, 2000 and 1999, respectively. No other customer accounted for 10% or more of our revenue in fiscal 2001, 2000 or 1999.

Sales and Distribution

We have a worldwide sales organization with approximately 500 employees as of September 30, 2001, located in 24 domestic and 16 international sales offices. We sell our products globally primarily through our direct sales force. To complement our direct sales force, we also sell our products through distributors, which sales in fiscal 2001 represented approximately 8% of our revenue. During fiscal 2001, we discontinued our prior practice of using manufacturers' representatives as part of our selling effort.

When selling both our integrated circuits and optoelectronic components, we aim to have our customers

48

incorporate our products into the end products they design and develop. Typically, manufacturers of communications and computer equipment conduct a competitive process to select suppliers for the parts that they will include in their end products. Our sales, marketing and technical personnel work with customers to demonstrate our products' ability to satisfy any specific requirements. We call winning the competitive process a design win. A design win is important because it allows us to establish a long-term relationship with the customer, at least through the life-cycle of the product. We generally do not, however, enter into written agreements with our customers after achieving a design win. A customer could terminate our relationship or discontinue developing the product. Most of our revenue originates from sales that are the result of design wins.

After we achieve a design win and negotiate the terms of the sale, we deliver our products to our end customers in a number of ways. Our end customers typically have us ship our products to their facilities directly. In some instances, however, our customer uses a contract manufacturer to manufacture and assemble their end product. When our product is being

Edgar Filing: AGERE SYSTEMS INC - Form S-1

incorporated into an end product being manufactured by a contract manufacturer, we often ship our product directly to the contract manufacturer and receive payment from that contract manufacturer. To determine our sales to particular customers, however, we recognize this type of transaction as a sale to, and revenue from, the end customer. Sometimes a customer for which we have achieved a design win will have us sell that product to a distributor or trading company from which they buy our product. We recognize these transactions as indirect sales.

Manufacturing and Supplies

Manufacturing

Our manufacturing operations are organized in two distinct groups: integrated circuit and optoelectronic component manufacturing. Due to increasing overlap of our products and manufacturing processes, we have started to integrate our manufacturing operations, where appropriate, to improve operational efficiencies. As of September 30, 2001, we had approximately 7,600 employees devoted to manufacturing.

Integrated Circuit Manufacturing

We had seven facilities located in four countries devoted to manufacturing integrated circuits as of September 30, 2001. These sites utilized approximately 2.3 million square feet of space dedicated to manufacturing. During fiscal 2001, our company-owned and joint venture wafer fabrication was done in the United States and Singapore, while our assembly and test operations were in the United States, Singapore and Thailand. Since September 30, 2001, we have announced certain facilities consolidations as described in "Recent Developments--Facility Consolidation."

Currently, we manufacture most of our integrated circuits in facilities that we either own or operate through a joint venture. We also have third-party manufacturing relationships to improve our manufacturing efficiency and flexibility and to allow us to focus on manufacturing and developing leading products. We entered into a joint venture with Chartered Semiconductor Manufacturing Ltd. in December 1997 to open an integrated circuit manufacturing facility in Singapore. Under the terms of our agreement with Chartered Semiconductor, we agreed to purchase 51% of the production output from this facility and Chartered Semiconductor agreed to purchase the remaining 49% of the production output. For more information regarding our joint venture with Chartered Semiconductor, please see "--Strategic Relationships-- Manufacturing Relationship." In the future, we expect to increase the amount of integrated circuits we buy at market prices, whether through our relationship with Chartered Semiconductor or other strategic relationships.

We have implemented sophisticated logistics and planning systems and manufacturing processes that allow us to manufacture and deliver our integrated circuits more quickly and reliably. The sophisticated internal systems we are implementing allow us to start manufacturing a customer's specific order for some integrated circuits within hours of receipt. Today, we believe we are able to manufacture silicon wafers faster than most of our competitors. However, as we increase our percentage of wafer fabrication manufactured through strategic relationships, we may not be able to maintain our manufacturing cycle times. We assemble, test and ship our integrated circuits, on average, in approximately two and a half days. We intend to continue performing these activities for substantially all of our integrated circuits in the future and to maintain our industry-leading cycle time.

Optoelectronic Component Manufacturing

Edgar Filing: AGERE SYSTEMS INC - Form S-1

We had six facilities located in the United States and one facility located in Mexico devoted to manufacturing optoelectronic components as of September 30, 2001. These sites utilized approximately 700,000 square feet. Currently, we manufacture substantially all of our optoelectronic components internally. A small percentage of our components, however, are sent to sub-assembly manufacturers. These are manufacturers that add some pieces to the unfinished product and send the unfinished product back to us. In these cases, we complete the manufacturing of the final product and deliver the product to our customers. Since September 30, 2001, we have announced certain facilities consolidations as described in "Recent Developments--Facility Consolidation."

We have started to manufacture some of our silicon-wafer-based optoelectronic components in our integrated

49

circuit facilities to capture economies of scale. This allows us to apply our extensive experience in integrated circuit manufacturing to the high-volume manufacturing of optoelectronic components.

We have automated the manufacturing of core technologies used in our optoelectronic components. In particular, we have automated our optical sub-assembly manufacturing process, which is the core technology used in all of our laser-based optoelectronic products. The benefits of automation include:

- o greater volume;
- o improved quality and reliability;
- o reduced costs; and
- o improved speed in responding to customer demands.

Supplies

At times, the integrated circuits and optoelectronic components industries have been supply constrained, meaning that demand for components is greater than the ability of most manufacturers of integrated circuit and optoelectronic components products, including us and our competitors, to supply products. In early fiscal 2001, we experienced shortages in supplies of parts for our products and in the equipment needed to increase the capacity of our manufacturing plants, although by the end of fiscal 2001, we were not experiencing shortages. Also, there is a limited number of qualified engineers with the talent to develop and manufacture new products as quickly as desired. A significant price increase from our suppliers may cause our gross profit to decline if we could not pass the increase to our customers. The loss of a significant supplier or the inability of a supplier to meet performance and quality specifications or delivery schedules may cause our revenue to decline.

We currently purchase several different parts that are used in our optoelectronic components for which there is only one qualified manufacturer of each part. Some of these single source suppliers also are competitors of ours. These parts are included in our optical amplifiers, pump lasers used in submarine networks, lithium niobate modulators and PIN and APD receivers. The number of qualified alternative suppliers for our single source parts and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

processes is limited and the process of qualifying new suppliers requires a substantial lead time. Although we have not experienced any significant difficulties in obtaining the above parts or manufacturing processes, we are currently looking for alternative sources of these parts and processes, either through internal development or alternative suppliers.

Competition

We compete in the integrated circuit and optoelectronic component market segments within the communications component industry. These market segments are intensely competitive, and are characterized by:

- o rapid technological change;
- o evolving standards;
- o short product life cycles; and
- o price erosion.

The number of competitors has risen in the past few years. We expect the intensity of competition in the market segments we serve to continue to increase in the future as existing competitors enhance and expand their product offerings and as new participants enter these market segments. Increased competition may result in price reductions, reduced revenues and loss of market share. We cannot assure you that we will be able to compete successfully against existing or future competitors. Some of our customers and companies with which we have strategic relationships also are, or may be in the future, competitors of ours.

The size and number of our competitors vary across our product areas, as do the resources we have allocated to the segments we target. Therefore, many of our competitors have greater financial, personnel, capacity and other resources than we have in a particular market segment or overall. Competitors with greater financial resources may be able to offer lower prices, additional products or services or other incentives that we cannot match or offer. These competitors may be in a stronger position to respond quickly to new technologies and may be able to undertake more extensive marketing campaigns. They also may adopt more aggressive pricing policies and make more attractive offers to potential customers, employees and strategic partners. These competitors may make strategic acquisitions or establish cooperative relationships among themselves or with third parties to increase their ability to gain market share. Further, some of our competitors are currently selling commercial quantities of products that we are sampling to our customers, that are still in the initial stages of development or that we may develop in the future. By being able to offer these products in commercial quantities before

we do, our competitors can establish significant market share, acquire design wins in customer equipment programs and create a market position that we may be unable to overcome once we have completed development and testing of that product. Because we have a unionized workforce and many of our main competitors are not unionized to the same extent or at all, our product costs may be higher. As a result, our competitors may be more profitable or may be able to compete for customers more effectively based on price. In the event of

Edgar Filing: AGERE SYSTEMS INC - Form S-1

a union work stoppage at our facilities, we may be adversely affected.

Our primary competitors within our various product areas are listed in the table below.

Optoelectronic Components -----	Network Communications -----	Client Access and Network Connectivity -----	Wireless Products -----	Wireless Local Networks -----
Agilent Technologies, Inc.	Applied Micro Circuits Corp.	Broadcom Corp.	Fujitsu Ltd.	BreezeCO
Alcatel	Broadcom Corp.	Conexant Systems, Inc.	Infineon Technologies AG	Cisco Sy Inc.
Corning Inc.	Conexant Systems, Inc.	Infineon Technologies AG	Koninklijke Philips Electronics AG	Intel Co
Fujitsu Ltd.	IBM Corp.	LSI Logic Corp.	Motorola, Inc.	Intersil Holdings
Infineon Technologies AG	Infineon Technologies AG	Koninklijke Philips Electronics AG	NEC Corp.	Nokia Co
JDS Uniphase Corp.	PMC-Sierra, Inc.	NEC Corp.	QUALCOMM Inc.	Nortel Networks
NEC Corp.	TranSwitch Corp.	Texas Instruments Incorporated	STMicroelectronics N.V.	Proxim,
Nortel Networks Corp.	Vitesse Semiconductor		Texas Instruments Incorporated	Symbol Technolo Inc. 3Com Cor

While we are the world leader in sales of communications components, our competitive position varies depending on the market segment and product areas within these segments. For example, we are number one or two, based on revenue, in many of our product areas, including the analog modem, baseband integrated circuits for wireless infrastructure, SONET/SDH integrated circuits and wired communications integrated circuits. However, our competitive position is not as strong in the wireless terminal and passive optical component product areas. While improving our position in many of the product areas where our position is less well-established is an objective of ours, we cannot assure you that we will be able to accomplish this goal. Further, because we expect to face increasing competitive pressures from both current and future competitors in the product areas we serve, we may not be able to maintain our position in the product areas in which we are currently a leader.

We believe the following factors are the principal methods of

Edgar Filing: AGERE SYSTEMS INC - Form S-1

competition in our industry:

- o performance and reliability;
- o price;
- o compatibility of products with other products and communications standards used in communications networks;
- o product size;
- o ability to offer integrated solutions;
- o time to market;
- o breadth of product line;
- o logistics and planning systems; and

51

- o quality of manufacturing processes.

While we believe we are competitive on the basis of all the above listed factors, we believe some of our competitors compete more favorably on the basis of price and on delivering products to market more quickly. However, we feel we are particularly strong in offering integrated solutions, our broad product lines and our logistics and planning systems.

Research and Development

Our research and development personnel focus on product and manufacturing process development, which provides the technological basis for our commercial products, and on basic research, which helps provide the scientific advances which ultimately lead to new products and technology and manufacturing processes. Our product and process development team is comprised of approximately 2,700 development engineers and scientists. Approximately two-thirds of these development engineers and scientists work directly in our business units to design and implement product solutions. The remaining one-third work primarily on manufacturing and design technology that spans large segments of our business, such as the technology for system-on-a-chip and high-performance optical modules.

Our basic research effort is organized into three areas:

- o optoelectronics;
- o electronic devices; and
- o circuits and systems.

Our researchers perform application-focused research, primarily around optical communications, semiconductor technology and advanced circuit and systems development for future communications technologies. Across each of the areas, we also focus on products that seek to combine our integrated circuit and optoelectronic capabilities. We believe that the combination of

Edgar Filing: AGERE SYSTEMS INC - Form S-1

our integrated circuits and optoelectronic components may offer our customers several benefits, including improved product performance and reduced product size and costs. This combination also may allow our customers to decrease time-to-market and reduce the number of their suppliers.

In addition to our internal research and development team, we also work closely with universities around the world. We also have entered into joint research and development initiatives with a number of our customers.

Our research and development expenditures were \$951 million, \$827 million and \$683 million for fiscal years 2001, 2000 and 1999, respectively. We anticipate that we will continue to make significant research and development expenditures to maintain our competitive position with a continuing flow of innovative products, technology and manufacturing processes, although at lower levels than in fiscal 2001.

Strategic Relationships

As part of our manufacturing strategy, we have entered into joint ventures with various partners. We also have developed strategic relationships to augment our technological capabilities.

Manufacturing Relationship

In December 1997, we entered into a joint venture, called Silicon Manufacturing Partners, with Chartered Semiconductor Manufacturing Ltd., a leading manufacturing foundry for integrated circuits, to operate a 54,000 square foot integrated circuit manufacturing facility in Singapore. We have a 51% equity interest in this joint venture, and Chartered Semiconductor owns the remaining 49% equity interest. Under the terms of our agreement with Chartered Semiconductor and Silicon Manufacturing Partners, we agreed to purchase 51% of the production output from this facility and Chartered Semiconductor agreed to purchase the remaining 49% of the production output. If we do not purchase all the wafers allotted to us, we are obligated to reimburse the joint venture for the portion of fixed costs associated with the unpurchased wafers. Chartered Semiconductor is similarly obligated with respect to the wafers allotted to it. Chartered Semiconductor will also have the right of first refusal to the wafers produced in excess of our requirements. The joint manufacturing venture is currently operational.

The agreement may be terminated by either party upon two years written notice, but may not be terminated prior to February 2008. The agreement also may be terminated for material breach, bankruptcy or insolvency.

Technology Relationships

Our most important technology relationships are described below.

Integrated Circuit Manufacturing Process Technology

In July 2000, we entered into an agreement with Chartered Semiconductor committing us and Chartered Semiconductor to jointly develop manufacturing technologies for future generations of integrated circuits targeted at communications markets. We have agreed to invest up to \$350

Edgar Filing: AGERE SYSTEMS INC - Form S-1

million over a five year period. As part of the joint development activities, our two companies will staff a new research and development team at Chartered Semiconductor's Woodlands campus in Singapore. These scientists and engineers will work with our teams in Murray Hill, New Jersey, and Orlando, Florida, as well as with Chartered Semiconductor's technology development organization.

During the term of the agreement and for five years thereafter, we and Chartered Semiconductor will be required to update each other, without compensation, with technical information relating to any corrections or improvements made to the processes which we have jointly developed. All intellectual property jointly developed, other than patents, will be jointly owned by us and Chartered Semiconductor. Jointly made inventions and patents which issue from these inventions will be equally divided between us and Chartered Semiconductor, and the non-owning party will receive a nonexclusive, royalty-free and nontransferable license for each invention or patent. The agreement may be terminated for breach of material terms upon 30 days notice or for convenience upon six months notice prior to the planned successful completion of a development project, in which case the agreement will terminate upon the actual successful completion of such project.

StarCore

In June 1998, we entered into a Joint Design Center operating agreement with Motorola, Inc. to develop advanced digital signal processor technologies. We and Motorola develop these technologies in a joint design center called the StarCore Technology Center located in Atlanta, Georgia. We and Motorola equally share the funding of the costs and expenses of operating the center. The board of advisors comprised of ours and Motorola's representatives will determine, on a yearly basis, the annual budget for operating the center. The StarCore Technology Center designs digital signal processor cores and development tools that we can incorporate in our complete system-on-a-chip solutions for communications applications. StarCore focuses on digital signal processor technologies for cellular base stations and the transmission of wireless data and other applications. The StarCore SC-140 digital signal processor core, the first core developed by the StarCore Technology Center, was produced in April 1999. We are currently sampling integrated circuit solutions which include this digital signal processor core.

During the term of the agreement, the items developed within the joint design center, other than patents, may be licensed to third parties only upon mutual consent by Motorola and us. All joint patents, which are patents arising out of inventions made jointly by our employees or consultants and those of Motorola where such employees or consultants were assigned to the joint design center, will be jointly owned by us and Motorola. We and Motorola will be free to use these jointly owned patents for any purpose and to license third parties under these patents without approval from the other.

The initial term of the agreement will expire on May 1, 2008, and may be extended for successive two year periods by mutual agreement. We and Motorola will review the operations of the joint design center in June 2002 and every two years thereafter. After any such review either we or Motorola may terminate the agreement upon one year written notice. The agreement also may be terminated for breach of material terms, insolvency or bankruptcy.

MEMS

We have entered into a joint design center agreement with Lucent to develop technology for micro electro-mechanical systems, or MEMS, which are small mechanical devices that perform a variety of functions. The primary focus of the joint design center will be the development of optical MEMS. We and Lucent have both agreed to jointly fund, manage and staff the joint design center over the following three years to develop this technology. We and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Lucent each have a one-half interest in the MEMS technical information owned by Lucent as of February 1, 2001. We and Lucent have granted each other a perpetual, nonexclusive, royalty-free license in our respective patents which issue from applications having an effective first filing date prior to February 1, 2003 to make and sell MEMS products. All joint patents, which are patents issued from any application filed with respect to any invention made jointly by us and Lucent while working on a joint design center product and conceived or reduced to practice during performance under the agreement, will be jointly owned by us and Lucent. We and Lucent will be free to use these jointly owned patents for any purpose and to license third parties under these patents. Some of these products may be manufactured exclusively for Lucent, subject to some restrictions, for a limited period following the first commercial availability of a product, on a case by case basis. The initial term of the agreement will expire on January 31, 2004. The agreement may be terminated for breach of material terms or by prior written notice of either party for convenience.

Patents, Trademarks and Other Intellectual Property

We own or have rights to a number of patents, trademarks, copyrights, trade secrets and other intellectual property directly related to and important to our business. Under the intellectual property agreements we entered into with Lucent as part of the separation, Lucent has assigned or exclusively licensed to us approximately 6,000 U.S. patents and patent applications and their corresponding foreign patents and patent applications. These patents include patents related to the following technologies:

53

- o integrated circuit and optoelectronic manufacturing processes;
- o lasers;
- o optical modulators;
- o lithium niobate devices;
- o optoelectronic receivers; and
- o integrated circuits for use in products such as modems, digital signal processors, wireless communications, network processors and communication protocols.

In connection with these patents, we have entered into a cross license agreement with Lucent. In addition, we have received a joint ownership interest in patents and patent applications relating to optical micro electro-mechanical systems, or MEMS.

Lucent has also granted us rights and licenses to patents, trademarks, copyrights, trade secrets and other intellectual property that are not directly related to our business but help facilitate our business. We also have received non-exclusive licenses to all other patents retained by Lucent, including patents in areas such as optical fiber, audio and video coding and telecommunications systems. In addition, Lucent has conveyed to us numerous sublicenses under patents of third parties. We derive revenue from licensing our intellectual property.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

In addition, Lucent has assigned to us numerous trademarks, both in the United States and in foreign countries. The primary trademarks used in the sale of our products have been transferred to us, except for the Lucent name and logo and the Bell Laboratories name.

The patents described above include patents of all ages ranging from pending applications, which will have a duration of 20 years from their filing dates, through patents soon to expire. The agreements do not provide for termination.

We indemnify our customers for some of the costs and damages of patent infringement in circumstances where our product is the primary factor creating the customer's infringement exposure. We generally exclude coverage where infringement arises out of the combination of our products with products of others.

We expect to protect our products and processes by asserting our intellectual property rights where appropriate and prudent. We also will obtain patents, copyrights, and other intellectual property rights used in connection with our business when practicable and appropriate.

Government Regulation

Many of our customers' end products that include our integrated circuits or optoelectronic components are subject to extensive telecommunications-based regulation by the United States and foreign laws and international treaties. We must design and manufacture our products to ensure that our customers are able to satisfy a variety of regulatory requirements and protocols established to, among other things, avoid interference among users of radio frequencies and to permit interconnection of equipment. For example, disk drives that include our integrated circuits need to satisfy Federal Communications Commission emissions testing. Cellular base stations that include our integrated solutions must be qualified by the Federal Communications Commission that they meet radio frequency spectrum requirements. In addition, some of our equipment products, such as our wireless local area networking products, must be certified to safety, electrical noise and communications standards compliance.

Each country has different regulations and a different regulatory process. In order for our customers' products to be used in some jurisdictions, regulatory approval and, in some cases, specific country compliance testing and re-testing may be required. The delays inherent in this regulatory approval process may force our customers to reschedule, postpone or cancel the incorporation of our products into their products, which may result in significant reductions in our sales. The failure to comply with current or future regulations or changes in the interpretation of existing regulations in a particular country could result in the suspension or cessation of sales in that country by us or our customers. It also may require us to incur substantial costs to modify our products to aid our customers in complying with the regulations of that country.

We work with consultants, counsel and testing laboratories to support our compliance efforts as necessary. These individuals work to ensure that our products comply with the requirements of the Federal Communications Commission in the United States and with the requirements of the European Telecommunications Standards Institute in western Europe, as well as with the various individual regulations of other countries.

The regulatory environment in which we operate is subject to changes due to political, economic and technical

factors. In particular, as use of wireless technology expands and as national governments continue to develop regulations for this technology, we may need to comply with new regulatory standards applicable to our products. Changes in our regulatory environment that generally result from our expansion into new areas or changes in current regulations could increase the cost of manufacturing our products because we must continually modify our products to respond to these changes.

In addition, domestic and international authorities continue to regulate the allocation and auction of the radio frequency spectrum. These regulations have a direct impact on us because many of our customers' licensed products can be marketed only if permitted by suitable frequency allocations, auctions and regulations. The implementation of these regulations may delay our end-users in deploying their systems, which could, in turn, lead to delays in orders of our products by our customers and end users. Further, when we license hardware and software designs for mobile telephones that use our integrated circuits, we work with our customers to help them achieve full certification approval for their mobile telephones, which is a prerequisite for them to be able to sell their mobile telephones.

Employees

As of September 30, 2001, we employed approximately 14,400 full-time employees, including approximately 2,700 research and development employees and 7,600 manufacturing employees. During fiscal 2001, we announced a series of restructuring initiatives that included closing our Madrid manufacturing location by the end of the calendar year and reducing employment worldwide by approximately 6,000 positions, of which 4,300 had been eliminated by September 30, 2001. On January 23, 2002, we announced a number of additional initiatives that will result in further workforce reductions. See "Recent Developments--Facility Consolidation." Of our 14,400 employees at September 30, 2001, approximately 7,650 were management and non union-represented employees, and approximately 3,450 were U.S. union-represented employees covered by collective bargaining agreements. In addition, approximately 200 employees were union-represented employees located in Mexico and covered by a collective bargaining agreement.

On May 31, 1998, Lucent entered into a collective bargaining agreement with the Communications Workers of America and into a separate agreement with the International Brotherhood of Electrical Workers. In connection with our separation from Lucent, we will assume the obligations under these agreements with respect to our U.S. union-represented employees. These agreements will be effective until May 31, 2003, unless the parties to each agreement reach a mutual agreement to amend the terms. All of our unionized employees in Mexico are members of the Mexican National Union of Industrial Workers. We entered into a collective bargaining agreement with this union on January 10, 2000. As is typical in Mexico, wages are renegotiated every year, while other terms and conditions of employment are renegotiated every two years. We believe that we generally have a good relationship with our employees and the unions that represent them. We are subject from time to time to unfair labor charges filed by the unions with the National Labor Relations Board. If we are unsuccessful in resolving these charges, our operations may be disrupted or we may incur additional costs that may adversely affect our results of operations. If we experience any work stoppages by our union employees, we believe that we may be affected to a greater extent than our competitors.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Backlog

Our backlog, which represents the aggregate of the sales price of orders received from customers, but not yet recognized as revenue, was approximately \$769 million and \$1,900 million on September 30, 2001 and September 30, 2000, respectively. The majority of these orders are fulfilled within three months. All orders, however, are subject to possible rescheduling by customers. Our customers often change their order two or three times between initial order and delivery. Our customers' frequent changes usually relate to quantities or delivery dates, but sometimes relate to the specifications of the products we are shipping. Although we believe that the orders included in the backlog are firm, orders may generally be canceled by the customer without penalty. We also may elect to permit cancellation of orders without penalty where management believes it is in our best interests to do so. For these reasons, we believe that our backlog at any given date is not a meaningful indicator of future revenues.

Environmental, Health and Safety Matters

We are subject to a wide range of laws and regulations relating to protection of the environment and employee health and safety. Most of our manufacturing facilities have undergone regular internal audits relating to environmental, health and safety requirements. Most of those facilities also are regularly audited and certified by an independent and accredited third party registrar, such as Lloyd's Register Quality Assurance, as conforming to the internationally recognized ISO 14001 standard relating to environmental management. In addition, most of our non-U.S. manufacturing facilities conform to BS 8800, the British standard for occupational health and safety management systems. Based upon these reviews, we believe that our manufacturing facilities are in substantial compliance with all applicable environmental, health and safety requirements.

We are subject to environmental laws, including the Comprehensive Environmental Response, Compensation and Liability Act, also known as Superfund, that require the cleanup of soil and groundwater contamination at sites currently or formerly owned or operated by us, or at sites where we may have sent waste for disposal. These laws often require parties to

55

fund remedial action at sites regardless of fault. Lucent is a potentially responsible party at numerous Superfund sites and sites otherwise requiring cleanup action. With some limited exceptions, under the agreement governing our separation from Lucent, we have assumed all environmental liabilities resulting from our businesses, which include liabilities for the costs associated with eight of these sites -- five Superfund sites, two of our former facilities and one of our current manufacturing facilities.

Properties

As of September 30, 2001, we operated 13 manufacturing facilities and four warehouse locations in the United States and five other countries. We also operated an additional 65 facilities, including research and development facilities and design centers. We operate facilities in a total of 19 countries. Our principal owned manufacturing facilities were located in the United States, Mexico, Singapore, Spain and Thailand, although we have since

Edgar Filing: AGERE SYSTEMS INC - Form S-1

closed our facility in Spain. We also have a 51% interest in our Silicon Manufacturing Partners joint venture located in Singapore which is predominantly used as a manufacturing site. As of September 30, 2001, our facilities had an aggregate floor space of approximately 8.3 million square feet, of which approximately 5.5 million square feet was owned and approximately 2.8 million square feet was leased. Our lease terms range from monthly leases to 14 years. We believe that all of our facilities and equipment are in good condition and are well maintained and able to operate at present levels. Since September 30, 2001, we have announced certain facilities consolidations as described in "Recent Developments--Facility Consolidation."

56

RECENT DEVELOPMENTS

Earnings

On January 23, 2002, we reported that revenues for the first quarter of fiscal 2002, ending December 31, 2001, were \$537 million, down approximately 10% from the September quarter. Reported net loss for the December quarter was \$375 million, or \$0.23 per share. Reported net loss for the September quarter was \$3,354 million, or \$2.05 per share, which included \$2,735 million in impairment of goodwill and other acquired intangibles.

Results by Segment

The following is based on our new segments, Infrastructure Systems and Client Systems, which are described below.

Infrastructure Systems Group

The Infrastructure Systems Group reported revenues of \$263 million during the December quarter, down from \$298 million in the September quarter. The decline was due primarily to the continuing weakness in the optical networking market.

In the December quarter, the Infrastructure Systems Group:

- o introduced the industry's first single-chip 10 Gigabit Ethernet physical layer IC for devices compliant with the XENPAK industry standard;
- o announced a XENPAK-compliant 10 Gigabit Ethernet serial transceiver for metro access networks;
- o provided Astral Point with programmable 6.8 gigabit-per-second backplane transceiver chips and SONET overhead path processors for Astral Point's optical transport nodes;
- o announced that LG Electronics is using our switching and network processor chips to deliver a high-performance multi-service router for networking service providers in the Asia Pacific region; and
- o introduced a 10 gigabit software development environment for OC-192C PayloadPlus(TM) network processors.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Client Systems Group

The Client Systems Group reported revenues of \$274 million during the December quarter, down from \$302 million in the September quarter. The decline was across the business, except for the Storage product offerings, which posted sequential growth in revenues.

In the December quarter, the Client Systems Group:

- o expanded its motor controller product offerings with two new chips for PCs and consumer electronics hard-disk drives and high-end data storage applications;
- o announced that China's 9th National Games selected ORiNOCO(TM) products to provide wireless networking and Internet access;
- o provided its Sceptre(R) wireless platform to PTIC-Capitel in China, enabling the world's smallest and lightest commercially available GSM handsets; and
- o signed agreements with Compaq Computer, Actiontec Electronics, Multi-Tech Systems and Zoom Telephonics for enhanced modem chips.

Facility Consolidation

In the past year, we have implemented a number of actions to improve operating efficiency and accelerate time-to-market, while reducing fixed costs and lowering our cash flow breakeven level. Continuing these initiatives, on January 23, 2002, we announced a number of initiatives to create an operating model that will help us attain our targeted breakeven level. First, we announced our intention to sell our Orlando, Florida wafer fabrication facility. Second, we announced plans to consolidate nine existing manufacturing, research and development, business management and administrative facilities in Pennsylvania and New Jersey into our Allentown, Pennsylvania campus and one new research and development facility in central New Jersey. The Pennsylvania and New Jersey plans include the consolidation of:

57

- o all integrated circuit and optoelectronic wafer fabrication activities (currently located in Allentown, Breinigsville and Reading, Pennsylvania and Murray Hill, New Jersey) into our Allentown campus;
- o the majority of integrated circuit and optoelectronic assembly and test operations (currently located in Allentown, Breinigsville and Reading) to our facilities in Bangkok, Thailand; Matamoros, Mexico; and Singapore; all remaining assembly and test operations, primarily development operations, will be consolidated into our Allentown campus;
- o all research and development functions currently located in Pennsylvania into our Allentown campus; approximately one quarter of all research and development functions currently located in New Jersey will also be consolidated into our Allentown campus with the remaining New Jersey functions being consolidated into a new research and development facility in central New Jersey; and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- o all sales, administrative and other functions currently located in Pennsylvania and New Jersey into our Allentown campus.

The consolidation is expected to be completed in 12 to 18 months. When completed, the Pennsylvania and New Jersey consolidation actions will reduce floor space in the region by 50%, or approximately 2.0 million square feet, saving approximately \$100 million annually in cash. Total cash required for the consolidation actions is estimated to be between \$250 million and \$350 million. Non-cash charges associated with these activities have not yet been determined. Operations at our owned facilities in Breinigsville and Reading will be discontinued, and we will seek buyers for those properties. Five leased facilities will be vacated.

The Reading facility has 1,600 employees and manufactures a broad range of optoelectronics components as well as integrated circuits for communications systems. The Breinigsville plant has 1,100 employees and focuses on automated optoelectronic components manufacturing and optoelectronic research and development. We expect that our plans to combine operations from these facilities into Allentown will result in a net reduction of approximately 300 employees.

Our Orlando facility manufactures advanced CMOS-based integrated circuits for use in a variety of applications, ranging from computer disk drives to network communications systems. The site has a workforce of approximately 1,100 employees.

We expect that our facility consolidation initiatives, combined with the realignment of our business into the Infrastructure Systems and Client Systems segments, our exits from Test and Measurement and Infiniband product offerings, the sale of our FPGA business, the sale of our manufacturing facility and related equipment in Madrid, Spain and our workforce reductions, will allow us to reach our target cost and expense structure and achieve operating income breakeven at \$700 million of quarterly revenue by the end of the calendar year.

FPGA SALE

On January 18, 2002, we completed the sale of our Field-Programmable Gate Array, or FPGA, business to Lattice Semiconductor Corporation for \$250 million in cash. The transaction included our general-purpose ORCA(R) FPGA product portfolio, our field programmable system chip, or FPSC, product portfolio and all related software design tools. As part of the transaction, approximately 100 of our product development, marketing and technical sales employees joined Lattice.

ACCOUNTS RECEIVABLE SECURITIZATION

On January 24, 2002, we and certain of our subsidiaries entered into a securitization transaction relating to certain of our and their accounts receivable. As part of the transaction, we and certain of our subsidiaries irrevocably transfer accounts receivable on a daily basis to a wholly-owned, special purpose bankruptcy-remote subsidiary which will be consolidated in our results. The special purpose subsidiary has entered into a loan agreement with certain financial institutions, pursuant to which the financial institutions agreed to make loans to the special purpose subsidiary secured by the accounts receivable. The financial institutions have commitments under the loan agreement of up to \$200 million; however the amount that we can actually borrow at any time depends on the amount and nature of the accounts receivable that we have transferred to the special purpose subsidiary. The loan agreement expires on January 21, 2003.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

REALIGNMENT

Effective October 1, 2001, we realigned our business operations into two market-focused groups, Infrastructure Systems and Client Systems, that target the network equipment and consumer communications markets, respectively. Each of these two groups is a reportable operating segment.

The Infrastructure Systems segment is comprised of our former optoelectronics segment and portions of our former integrated circuits segment and facilitates the convergence of products from these businesses as we address markets in high-speed communications systems. We have consolidated research and development, as well as marketing, for optoelectronic and integrated circuit devices sold for use in communications systems. This more effectively allows us to design, develop

58

and deliver complete, interoperable solutions to equipment manufacturers for advanced enterprise, access, metropolitan, long-haul and undersea applications.

The Client Systems segment consists of the remainder of our former integrated circuits segment and includes our wireless data, computer communications, storage and wireless terminal solutions products. This segment delivers semiconductor solutions for a variety of end-user applications such as modems, Internet-enabled cellular terminals and hard-disk drives for computers as well as software, systems and wireless local area network solutions through the ORiNOCO product family.

The Infrastructure Systems and Client Systems segments each include revenue from the licensing of intellectual property related to that segment. There were no intersegment sales.

Each segment is managed separately. Disclosure of segment information is on the same basis as is used internally for evaluating segment performance and for deciding how to allocate resources. Performance measurement and resource allocation for the segments are based on many factors. The primary financial measure used is operating income (loss), exclusive of purchased in-process research and development costs, amortization of goodwill and other acquired intangibles, restructuring and separation expenses and impairment of goodwill and other acquired intangibles.

We do not identify or allocate assets by segment. In addition, we do not allocate interest income or expense, other income or expense, or income taxes to the segments. Management does not evaluate segments based on these criteria. We have centralized corporate functions and use shared service arrangements to realize economies of scale and efficient use of resources. The costs of shared services, and other corporate center operations managed on a common basis, are allocated to the segments based on usage or other factors based on the nature of the activity.

59

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Unaudited Segment Information

On January 16, 2002, we filed a Form 8-K with the Securities and Exchange Commission reporting unaudited segment information for fiscal 2001, 2000 and 1999 and each of the quarters in fiscal 2001, in each case restated for the new segments: Client Systems and Infrastructure Systems.

Unaudited Segment Information (dollars in millions)				
	Fiscal Yr 2001	Quarter Ended		
		Sep 30 2001	June 30 2001	Mar 31 2001

MANAGEMENT

Our Directors and Executive Officers

Our board of directors consists of a total of seven directors, one of whom is an executive officer of our company. Because of Lucent's level of ownership of our common stock, Lucent effectively has the ability to elect all of our Directors and may be deemed to be our parent. Henry B. Schacht, Chairman of Lucent, and Frank A. D'Amelio, Chief Financial Officer of Lucent, were appointed to the Board at Lucent's request, and they, along with John A. Young, are acting as representatives of Lucent.

The following table sets forth information as of December 31, 2001 as to persons who are our directors, executive officers or key employees.

Name	Age	Position
----	---	-----
Harold A. Wagner.....	66	Chairman of the Board
Frank A. D'Amelio.....	44	Director
John T. Dickson.....	55	President, Chief Executive Officer and Director
Rajiv L. Gupta.....	56	Director
Henry B. Schacht.....	67	Director
Rae F. Sedel.....	52	Director
John A. Young.....	69	Director
Ronald D. Black.....	37	Executive Vice President, Client Systems
Mark T. Greenquist.....	43	Executive Vice President and Chief Financial Officer
Peter Kelly.....	44	Executive Vice President, Operations
Sohail A. Khan.....	47	Executive Vice President, Infrastructure Systems
Ahmed Nawaz.....	52	Executive Vice President, Worldwide Sales
Jean F. Rankin.....	42	Senior Vice President, General Counsel and Secretary

Harold A. Wagner, Chairman of the Board since December 2001 and Director since March 2001. In December 2000, Mr. Wagner retired from his position as Chairman and Chief Executive Officer of Air Products and Chemicals, Inc., a position he held since 1998. From 1992 to 1998, Mr. Wagner served as Chairman, President and Chief Executive Officer of Air Products and Chemicals. Mr. Wagner is currently Chairman of the Dorothy Rider Pool Healthcare Trust. He is also a director of CIGNA Corporation, United Technologies Corporation, PACCAR and Arsenal Digital Solutions Worldwide, Inc. He is also a trustee of Lehigh University and the Eisenhower Exchange Fellowships, Inc.

Frank A. D'Amelio, Lucent-representative Director since December 2001. Mr. D'Amelio has been Chief Financial Officer of Lucent since May 2001.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

From November 1999 to May 2001, Mr. D'Amelio was group president of Lucent's Switching Solutions Group and Chairman of Lucent's joint venture with GTE, AG Communication Systems. From November 1997 to November 1999, Mr. D'Amelio was vice president for product management and marketing of Lucent's Switching and Access Group. Prior to that, Mr. D'Amelio had held a number of financial and management positions at Lucent and AT&T since 1979.

John T. Dickson, Director since March 2001. Mr. Dickson has been our President and Chief Executive Officer since August 2000. Previously, Mr. Dickson was Executive Vice President and Chief Executive Officer of Lucent's Microelectronics and Communications Technologies Group since October 1999. He joined AT&T in 1993 as Vice President of its Integrated Circuit business unit, moved to Lucent following its spin-off in 1996, and was named Chief Operating Officer of Lucent's Microelectronics Group in 1997. Before joining AT&T, Mr. Dickson was Chairman and Chief Executive Officer of Shographics from 1992 until 1993, was President and Chief Executive Officer of Headland Technology Incorporated from 1991 to 1992, held various management positions at ICL plc from 1983 until 1991 and held various management positions at Texas Instruments from 1969 until 1983. Mr. Dickson is currently a director of the Semiconductor Industry Association, or SIA, and Mettler-Toledo International Inc. and a member of the board of trustees of Lehigh Valley Health Network.

Rajiv L. Gupta, Director since March 2001. Mr. Gupta has been Chairman of the Board of Directors and Chief Executive Officer of Rohm and Haas Co., a specialty chemical company, since October 1999. From January 1999 to October 1999, he was Vice Chairman of Rohm and Haas. From 1996 to 1998, Mr. Gupta was a member of the Chairman's Committee at Rohm and Haas and oversaw the company's electronic materials business group. From 1993 to 1998, he served as a vice president of the company and director for the Asia-Pacific region. Mr. Gupta is currently a director of Rohm and Haas, Technitrol, Inc., Vanguard Group and the American Chemistry Council, formerly the Chemical Manufacturers Association. Mr. Gupta is also a member of the board of trustees of Drexel University.

61

Henry B. Schacht, Lucent-representative Director since December 2001. Mr. Schacht has been Chairman of the Board of Lucent since October 2000 and was Chief Executive Officer of Lucent from October 2000 through January 2002. He was also Lucent's Chairman from 1996 to 1998 and Chief Executive Officer from 1996 to 1997. Mr. Schacht was Director and Senior Advisor, Warburg, Pincus & Co., LLC in 1995 and from 1998 to 2000. Mr. Schacht was Chairman from 1977 to 1995 and Chief Executive Officer from 1973 to 1994 of Cummins Engine Company, Inc. Mr. Schacht is also currently a director of Alcoa Inc., Avaya Inc., Johnson & Johnson, Knoll, Inc. and The New York Times Co.

Rae F. Sedel, Director since March 2001. Ms. Sedel has been a Managing Director of Russell Reynolds Associates, Inc., an executive recruiting firm, since 1988. She has also been the head of the technology sector and the lead partner on sector verticals at Russell Reynolds Associates since 1991. Previously, Ms. Sedel spent fifteen years with Pacific Telesis where she was Vice President-Consumer Markets.

John A. Young, Director since March 2001, Chairman of the Board from March 2001 to December 2001 and Lucent-representative Director since December 2001. In 1992, Mr. Young retired from his position as President and Chief Executive Officer of Hewlett-Packard Company, a position he held since 1978.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Mr. Young is currently a director of Affymetrix Inc., ChevronTexaco Corp., CIPHERGEN Biosystems Inc., Fluidigm Corporation, Lucent, Perlegen Sciences Inc. and GlaxoSmithKline plc.

Ronald D. Black is our Executive Vice President, Client Systems. Previously, Mr. Black had been Senior Vice President, Strategy and Business Development at our company from March 2001 to October 2001. Before joining us, Mr. Black was Vice President and General Manager, Next-Generation Networks Business Unit of Gemplus from 1998 to 2001. Prior to Gemplus, Mr. Black was the General Manager of the Networking and Communications Systems Division of Motorola's Semiconductor Products Sector.

Mark T. Greenquist is our Executive Vice President and Chief Financial Officer. Prior to joining our company, Mr. Greenquist had been Chief Financial Officer of General Motors Europe from January 1999 to January 2001. From October 1998 to January 1999, he was Vice President and Corporate Treasurer of Delta Air Lines, Inc. Prior to joining Delta Air Lines, Mr. Greenquist was at General Motors from 1986 to 1998 where he held a variety of positions, including Assistant Treasurer of General Motors, Managing Director and Finance Director of General Motors Poland and Corporate Treasurer and Manager of Commercial Finance of Saab Automobile AB.

Peter Kelly is our Executive Vice President, Operations. Previously, Mr. Kelly had been our Vice President of Operations for Integrated Circuits from September 2000 to October 2001. Mr. Kelly joined Lucent Microelectronics in September 2000 from Fujitsu-ICL Systems Inc., a joint venture of ICL and Fujitsu, where he was Executive Vice President and Chief Operating Officer. Mr. Kelly had been with Fujitsu-ICL for six years.

Sohail A. Khan is our Executive Vice President of Infrastructure Systems. Previously, Mr. Kahn had been Executive Vice President of Integrated Circuits since March 2001. Mr. Khan had been President of the Integrated Circuits business of Lucent's Microelectronics and Communications Technologies Group from April 2000 to March 2001. Mr. Khan was the strategy and business development Vice President of Lucent's Microelectronics and Communications Technologies Group from September 1996 to April 2000. From April 1996 to September 1996, Mr. Khan was Vice President of Marketing for MMC Networks, a developer and supplier of network processing platforms and services. Mr. Khan joined AT&T in 1990 as the director of marketing and applications engineering for the digital signal processing product line and moved to Lucent following its spin-off in 1996. While at AT&T, he held a variety of positions, including Vice President and General Manager of the Wireless and Multimedia business unit of AT&T from February 1994 to April 1996. Mr. Khan is currently a director of Tripath Technology Inc.

Ahmed Nawaz is our Executive Vice President of Worldwide Sales. Mr. Nawaz has been President of Worldwide Sales, Strategy and Business Development of Lucent's Microelectronics and Communications Technologies Group since April 2000. He joined AT&T in 1992 and moved to Lucent following its spin-off in 1996. Mr. Nawaz was Vice President of Lucent's Network Communications business unit from January 1996 to July 1998. While at AT&T, he was Vice President of the Applications business unit from 1994 to 1995. Prior to joining AT&T, Mr. Nawaz was at Texas Instruments Incorporated, where he was responsible for the personal computer business unit from 1990 to 1992 and also held various marketing and product management positions.

Jean F. Rankin is our Senior Vice President, General Counsel and Secretary. Previously, Ms. Rankin was Vice President-Law of Lucent. Ms. Rankin joined AT&T in 1990 and moved to Lucent after its spin-off in 1996. While at AT&T, she held various legal positions. From 1986 to 1990, Ms. Rankin was with Cravath, Swaine & Moore.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Annual Meeting

Our first annual meeting of stockholders will be held on February 21, 2002. This will be an annual meeting of stockholders to elect one member of the board of directors, to approve an amendment to our Short Term Incentive Plan, as further discussed below under the caption "Agere Systems Inc. Short Term Incentive Plan," and to approve an

62

amendment to our Long Term Incentive Plan, as further discussed below under the caption "Agere Systems Inc. 2001 Long Term Incentive Plan."

Committees of the Board of Directors

We are managed under the direction of our board of directors. Our board of directors has established two committees: an audit and finance committee and a corporate governance and compensation committee.

Audit and Finance Committee

The audit and finance committee is comprised of Ms. Gupta, Mr. Wagner and Mr. Young, directors who are not our employees. Mr. Wagner is the chairperson of the audit and finance committee. The audit functions of this committee are focused on three areas:

- o the adequacy of our internal controls and financial reporting process and the reliability of our financial statements;
- o the independence and performance of our internal auditors and independent auditors; and
- o our compliance with legal and regulatory requirements.

This committee meets with management periodically to consider the adequacy of our internal controls and the objectivity of our financial reporting. This committee discusses these matters with our independent auditors and with appropriate company financial personnel.

This committee meets privately with the independent auditors who have unrestricted access to the committee. It also recommends to the Board the appointment of the independent auditors and reviews periodically their performance, fees and independence from management.

The Directors who serve on this committee are all "Independent" for purposes of the New York Stock Exchange listing standards. That is, the board of directors has determined that none of the committee members has a relationship to us that may interfere with the committee's independence from us and our management.

Management has primary responsibility for our financial statements and the overall reporting process, including our system of internal controls. The independent auditors audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present our financial position, results of operations and cash flows in conformity with generally accepted accounting principles and discuss with this committee any issues they believe should be raised with it.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Corporate Governance and Compensation Committee

Our corporate governance and compensation committee is comprised of Ms. Sedel, Mr. Wagner and Mr. Young, directors who are not our employees. Ms. Sedel is the chairperson of the corporate governance and compensation committee. The functions of this committee include:

- o recommending to our full board of directors nominees for election as directors;
- o making recommendations to our board of directors from time to time as to matters of corporate governance;
- o administering management incentive compensation plans;
- o establishing the compensation of executive officers; and
- o reviewing the compensation of directors.

This committee will consider qualified candidates for director suggested by stockholders in written submissions to our corporate secretary.

Director Compensation

All our directors, other than those who are employees of Lucent or us, receive an annual retainer of \$45,000. Directors do not receive separate meeting fees. Non-employee directors may defer all or a portion of their cash compensation to a deferred compensation account. Deferred compensation plan accounts have two components: an Agere stock portion and a cash portion. Directors can defer receipt of cash retainers to either portion of their accounts. The value of the stock portion of an account fluctuates based on changes in the price of our stock. The cash portion of

63

an account earns interest, compounded quarterly, at an annual rate equal to 120% of the average interest rate for 10-year U.S. Treasury notes for the previous quarter. Interest rates for deferrals to the cash account may be revised by the board. In the event of a potential change in control, as defined in the plan, the plan will be supported by a benefits protection grantor trust, the assets of which will be subject to the claims of our creditors. We also provide non-employee directors with travel accident insurance when traveling on our business.

At the time of our initial public offering, Messrs. Gupta and Wagner and Ms. Sedal received an option to purchase 50,000 shares of Class A common stock. At the same time, Mr. Young, who was then our chairman, received an option to purchase 90,000 shares of Class A common stock. In the future, each outside director that is appointed to our board of directors will receive an option to purchase 50,000 shares of our common stock. All outside directors other than our chairman will receive annually an option to purchase 30,000 shares of our common stock. Our chairman will receive an option to purchase a total of 55,000 shares of common stock annually. Options granted to directors will vest after one year and expire after seven years. The exercise price per share for options granted under the plan is the fair market value of a share on the date of grant. Options granted under the plan generally have a

Edgar Filing: AGERE SYSTEMS INC - Form S-1

seven-year term and become exercisable on the first anniversary of the date of grant. A total of 2,000,000 shares may be issued under the Non-Employee Director Stock Plan, either pursuant to stock options or to satisfy our obligation to deliver shares of common stock in respect of deferrals by non-employee directors of retainers and earnings on those deferrals under our Deferred Compensation Plan. The Non-Employee Director Stock Plan has a 10-year term.

Security Ownership of Directors and Executive Officers

To the extent our directors and officers own shares of Lucent common stock at the time of the distribution, they will participate in the distribution on the same terms as other holders of Lucent common stock. In addition, any Lucent stock-based awards held by our officers will be converted to our stock-based awards at the time of the distribution.

The following table sets forth information concerning the beneficial ownership of our Class A common stock and Lucent's common stock as of November 1, 2001 for: (a) each outside Director who is not a Lucent representative, (b) each current Director who is a Lucent representative, (c) our Chief Executive Officer, who is also a Director, and the four other most highly compensated executive officers in the fiscal year ended September 30, 2001 and (d) all of our current Directors and executive officers as a group. To our knowledge, except as otherwise noted, the named individual

64

or family members had sole voting and investment power with respect to these securities.

- (3) The shares of Agere's Class A common stock and Class B common stock beneficially owned by Lucent have not been included in the table as beneficially owned by these individuals. Messrs. D'Amelio, Schacht and Young all disclaim any beneficial ownership of such shares.

Executive Compensation

The following table sets forth compensation information for our chief executive officer and our four other executive officers for the fiscal year ended September 30, 2001. During fiscal 2001, there were five executive officers. All information set forth in this table reflects compensation earned by these individuals for service with Lucent for the fiscal year ended September 30, 2000 and, in the case of Mr. Dickson, the fiscal years ended September 30, 1999 and 1998.

-
- (1) Includes those who in fiscal 2001 were the Chief Executive Officer or one of the four other officers as measured by salary and bonus. The positions listed are those that the individual
 - (2) The amounts shown in this column reflect the value of Lucent restricted stock unit awards granted prior to our public offering. The awards have been valued for this table using the closing prices of Lucent common stock on the New York Stock Exchange Composite Transaction Tape on the grant dates of the awards. Based on the closing prices of Lucent common stock on September 30, 2001, the aggregate number and value of all restricted stock units held by the individuals whose grant date are as follows: Mr. Dickson (227,666--\$1,304,526); Mr. Greenquist (15,000--\$85,950); Mr. Nawaz (97,007--\$555,850); and Mr. DiLeo (50,000--\$286,500). The restricted stock units granted on the anniversary of the grant date, except for Mr. Greenquist's restricted stock units which vest on the anniversary of the grant date (except that 100% of his units vest upon termination of his employment by us or otherwise), the equivalent units will not be paid on these awards. If Lucent completes the spin-off of our company, the restricted stock units held by these individuals will be replaced with our restricted stock units.
 - (3) The amounts shown in this column include options to purchase both Lucent common stock and our Class A common stock of shares shown for fiscal 2001 that relate to options to purchase our Class A common stock held by Mr. Dickson--3,435,630; Mr. Greenquist--850,000; Mr. Khan--1,194,234; Mr. Nawaz--1,241,959; and Mr. DiLeo--1,391,000. Options granted before fiscal 2001 are options to purchase Lucent common stock. If Lucent completes the spin-off of our company, options to purchase Lucent common stock held by these individuals will be converted to options to purchase our Class A common stock.
 - (4) The amounts shown for fiscal 2001 include (a) company contributions to savings plans as follows: Mr. Dickson, Greenquist, Khan, Nawaz and DiLeo; (b) \$1,505 of premiums paid for term insurance for Mr. Greenquist; and (c) \$1,505 of relocation expenses for Mr. Greenquist.
 - (5) This amount was a hiring bonus paid to Mr. Greenquist when he joined us.

Grants of Stock Options

The following table shows all grants of options to acquire shares of our and Lucent's common stock granted to the executive officers named in the Summary Compensation Table in the "Executive Compensation" section above for the fiscal year ended September 30, 2001. Pursuant to the employee benefits agreement, Lucent stock options and restricted stock units held by our employees, including these executive officers, will be converted to our stock options and restricted stock units.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

-
- (1) As permitted by the rules of the Securities and Exchange Commission, we have used the Black-Scholes model to estimate the grant date present value of the options set forth in this table. Our use of this model does not constitute an endorsement of its accuracy at valuing options. All stock option valuation models, including the Black-Scholes model, require a prediction about the future movement of the stock price. The real value of the options will be determined by actual changes in the market price of our or Lucent's common stock, as applicable, during the term of the options.
- (2) Option to purchase Lucent common stock. This option vests 25% on the first anniversary of the grant date and thereafter in increments over a three-year period thereafter. We made the following assumptions when calculating the present value: the option will be exercised after 4 years, volatility of 64%, annual dividend yield of 4.7%, and a risk-free return of 4.7%. This option may be transferred to immediate family members and entities in which the employee has a direct or indirect interest.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- (3) Option to purchase Lucent common stock. This option vests 25% on the first anniversary of the increments over a three-year period thereafter. We made the following assumptions when calculating the present value: the option will be exercised after 4 years, volatility of 54%, annual dividend yield of 4.94%. This option may be transferred to immediate family members and entities in an interest.

67

- (4) Option to purchase our Class A common stock. This option vests 25% on the first anniversary of the monthly increments over a three-year period thereafter. We made the following assumptions when calculating the present value: the option will be exercised after 2.5 years, volatility of 65%, no annual dividend yield and a risk-free rate of return of 4.42%.
- (5) Option to purchase our Class A common stock. This option vests 25% on the first anniversary of the monthly increments over a three-year period thereafter, subject to acceleration if we have a dividend yield in the quarter ending September 30, 2002. We made the following assumptions when calculating the present value: the option will be exercised after 1.6 years, volatility of 65%, no annual dividend yield and a risk-free rate of return of 4.42%.
- (6) Option to purchase our Class A common stock. This option vests 25% on the first anniversary of the monthly increments over a three-year period thereafter. We made the following assumptions when calculating the present value: the option will be exercised after 2.5 years, volatility of 65%, no annual dividend yield and a risk-free rate of return of 3.97%.
- (7) Option to purchase Lucent common stock. This option vests on October 25, 2002. We made the following assumptions when calculating the grant date present value: the option will be exercised after 3.05 years, volatility of 54%, annual dividend yield of .006% and a risk-free rate of return of 4.76%.
- (8) Option to purchase Lucent common stock. This option vested on October 5, 2001. We made the following assumptions when calculating the grant date present value: the option will be exercised after 2 years, volatility of 54%, annual dividend yield of .006% and a risk-free rate of return of 4.81%.
- (9) Option to purchase Lucent common stock. This option vests on October 25, 2002. We made the following assumptions when calculating the grant date present value: the option will be exercised after 3 years, volatility of 54%, annual dividend yield of .006% and a risk-free rate of return of 4.76%.

Exercise of Stock Options

The following table shows aggregate exercises of options to purchase our and Lucent's common stock in the fiscal year ended September 30, 2001, by the executive officers named in the Summary Compensation Table in the "--Executive Compensation" section above.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION VALUES

Shares Acquired	Value	Number of Securities Underlying Unexercised Options at Fiscal Year-End

(1) Options to purchase Lucent common stock exercisable on September 30, 2001.

(2) Includes options to purchase 3,435,630 shares of our Class A common stock and 2,222,001 shares of our Class B common stock.

(3) Options to purchase our Class A common stock.

(4) Options to purchase 1,194,234 shares of our Class A common stock and 408,224 shares of our Class B common stock.

(5) Options to purchase 1,241,959 shares of our Class A common stock and 430,210 shares of our Class B common stock.

(6) Options to purchase 1,178,284 shares of our Class A common stock and 379,646 shares of our Class B common stock.

Pension Plans

Most of our U.S. management employees, including the individuals named in the Summary Compensation Table in the "--Executive Compensation" section above, participate in Lucent's non-contributory retirement income plan. Two programs are available under the Lucent retirement income plan: the service based program and the account balance program. Participants will be given full credit under our retirement income plan, which will be adopted at the time of the planned distribution, for service and compensation accrued under the Lucent retirement income plan.

The service based program generally covers most management employees hired prior to January 1, 1999. Pensions provided under this program are computed on an adjusted career average pay basis. A participant's adjusted career average pay is equal to 1.4% of the sum of the individual's:

- o average annual pay for the five years ending December 31, 1998, excluding the annual bonus award paid in December 1997, times the number of years of service prior to January 1, 1999;
- o pay subsequent to December 31, 1998; and
- o annual bonus award paid in December 1997.

Average annual pay includes base salary and annual bonus awards.

The account balance program generally covers management employees hired on or after January 1, 1999. Under this program, Lucent establishes an

Edgar Filing: AGERE SYSTEMS INC - Form S-1

account for each participating employee and makes annual contributions to that account based on the employee's age, salary and bonus, in accordance with the following schedule:

Age -----	Contributions as a percent of salary and bonus -----
less than 30.....	3.00%
30 - less than 35.....	3.75%
35 - less than 40.....	4.50%
40 - less than 45.....	5.50%
45 - less than 50.....	6.75%
50 - less than 55.....	8.25%
55+.....	10.00%

In addition, interest is credited on the last day of the year.

The normal retirement age under the service based program is 65. However, employees who are at least age 50 with at least 15 years of service can retire with reduced benefits. If an employee's age is at least 50 and, when added to the employee's years of service, is equal to or greater than 75, the employee may retire with unreduced pension benefits. A reduction equal to 3% is made for each year that age plus years of service is less than 75. Once vested, normally after five years of service, an employee participating in the account balance program is entitled to the amounts in his or her account when he or she leaves the company.

Federal laws place limitations on compensation amounts that may be included under this plan. In 2001, up to \$170,000 in eligible base salary and annual bonus could be included in the calculation under the retirement income plan.

Compensation and benefit amounts that exceed the applicable federal limitations are taken into account, and pension amounts related to annual bonus awards payable to executive officers are paid under a supplemental pension plan. This plan is a non-contributory plan and has the same two programs and uses the same adjusted career average pay formula and eligibility rules as the retirement income plan. Pension amounts under the retirement income and supplemental pension plans are not subject to reductions for social security benefits or other offset amounts.

The supplemental pension plan also provides executive officers with minimum pensions. Eligible retired executive officers and surviving spouses may receive an annual minimum pension equal to 15% of the sum of final base salary plus annual bonus awards. This minimum pension will be offset by amounts received by plan participants as pensions under the retirement income and supplemental pension plans.

In addition, Messrs. Dickson, Khan and Nawaz are entitled to a supplemental pension benefit under the supplemental pension plan. This benefit provides additional pension credits equal to the difference between age 35 and the maximum possible years of service attainable at age 65, but not to exceed actual net credited service, at one-half the rate in the management pension plan.

If Messrs. Dickson, Khan and Nawaz continue in the positions identified above and retire at the normal retirement age of 65, the estimated annual pension payable to them under the retirement income and supplemental pension plans would be \$546,000, \$369,000 and \$306,000, respectively. These amounts are single-life annuity amounts. Other optional forms of payment, which provide for actuarially reduced pensions, are available. Mr. Greenquist's estimated balance in the account

balance program at age 65 would be \$3,250,000. This represents a lump sum payment; other optional forms of payment are available.

Agere Systems Inc. Short Term Incentive Plan

The following description of our Agere Systems Inc. Short Term Incentive Plan is qualified by reference to the full text thereof, a copy of which is incorporated by reference. In order to ensure that compensation paid pursuant to the Agere Systems Inc. Short Term Incentive Plan can qualify as "performance-based compensation" not subject to the limitation on deductibility of executive compensation in excess of \$1 million, we are seeking stockholder approval of an amendment, as described below, to the Agere Systems Inc. Short Term Incentive Plan at the 2002 annual meeting of stockholders.

Awards

The Short Term Incentive Plan provides for the payment of cash bonuses for executive officers as determined at or following the end of performance periods selected by the Corporate Governance and Compensation Committee, in accordance with targets established at or near the beginning of the performance periods. Factors that may be considered in determining the amount of cash bonuses paid to executive officers will be, among others, the executive officer's individual performance, which may be measured by the quality of strategic plans, organizational and management development, special project leadership and similar indicators of individual performance or other measures, and our financial performance, which may be measured by cash flow, earnings per share, return on equity, total return to stockholders in the form of stock price appreciation and dividends, if paid, or other measures. The maximum amount that may be paid under the plan to an executive officer in any fiscal year is \$9 million. In fiscal 2001, there were 11 participants.

Plan Administration

The Corporate Governance and Compensation Committee administers the Short Term Incentive Plan. The committee can make award payments subject to our having a minimum level of net income (as defined) established by the committee at or near the beginning of each performance period, so that awards paid to "covered employees" within the meaning of Section 162(m) can be deducted by us for tax purposes. Subject to this limitation, the award amount with respect to an executive officer is determined in the sole discretion of the committee or, in the case of an award to an officer who is not a "covered employee", in the sole discretion of the committee or a person or committee to whom the committee has delegated that authority.

Other Provisions

The Board may modify or terminate the Short Term Incentive Plan at any time.

Material Changes in the Amendment

Prior to the amendment of the plan, participants were selected and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

performance targets were established for each fiscal year. Under the plan as amended, the Corporate Governance and Compensation Committee will select the periods that are used to measure performance and net income for purposes of the plan. We expect that, at least initially, the committee will select participants and performance targets for each fiscal quarter. The amendment also modifies the definition of net income that is used in determining whether "covered employees" are eligible to receive awards under the plan. Under the amendment, net income will be determined before taxes and excludes (a) extraordinary items; (b) cumulative effects of changes in accounting principles; (c) securities gains and losses; (d) amortization or write-off of goodwill, acquired intangibles and purchased in-process research and development; and (e) nonrecurring items including, but not limited to, gains or losses on asset dispositions and sales of divisions, business units or subsidiaries, restructuring and separation charges and gains and losses from qualified benefit plan curtailments and settlements.

Tax Rules

The following is a brief summary of the federal income tax consequences of payments made under the Short Term Incentive Plan based on current federal income tax laws. This summary is not intended to be exhaustive and does not describe state or local tax consequences. In general, ordinary income will be recognized by the executive officers that participate in the plan at the time that awards are paid or made available to them. At the time that an executive officer recognizes ordinary income, we will be entitled to a corresponding deduction if, among other things, (i) the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an "excess parachute payment" within the meaning of Section 280G of the Internal Revenue Code and is not disallowed by the \$1 million limitation on compensation paid to "covered employees" and (ii) any applicable reporting obligations are satisfied.

Awards made in the future to any executive officer will be based on the executive officer's individual performance and our future performance. Accordingly, the amount of cash bonuses to be paid in the future to current or future participating officers cannot be determined at this time. Actual amounts will depend on the individual's and our actual

70

performance. Because the Corporate Governance and Compensation Committee will select performance targets under the amended plan for each fiscal quarter rather than for the fiscal year and quarterly performance targets were not set in fiscal 2001, we cannot determine the bonuses that would have been paid in fiscal 2001 had this proposal been in effect.

Agere Systems Inc. 2001 Long Term Incentive Plan

The following description of our Agere Systems Inc. 2001 Long Term Incentive Plan is qualified by reference to the full text thereof, a copy of which is incorporated by reference. In order to ensure that compensation paid pursuant to the Agere Systems Inc. 2001 Long Term Incentive Plan can qualify as "performance-based compensation" not subject to the limitation on deductibility of executive compensation in excess of \$1 million, we are seeking stockholder approval of the Agere Systems Inc. 2001 Long Term Incentive Plan at the 2002 annual meeting of stockholders.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Awards

The Agere Systems Inc. 2001 Long Term Incentive Plan provides for the grant of incentive stock options that qualify under Section 422 of the Internal Revenue Code and non-statutory stock options, stock appreciation rights, restricted stock awards, performance awards and other stock unit awards, as such terms are defined in the Agere Systems Inc. 2001 Long Term Incentive Plan. All of our employees are eligible to participate in the Agere Systems Inc. 2001 Long Term Incentive Plan.

Shares Available

The total number of shares of our common stock available for awards granted under the Agere Systems Inc. 2001 Long Term Incentive Plan will be 180,000,000 shares. During the two-year term of the plan, no more than 40,000,000 shares of our common stock will be available for the grant of incentive stock options. No individual may be granted awards with respect to more than 10,000,000 shares of our common stock over the two-year term of the plan. Awards under the plan may be granted with respect to either Class A common stock or Class B common stock. We expect that prior to the distribution, all awards will be based on Class A common stock.

Any shares issued by us through the assumption of or substitution for outstanding grants from Lucent or an acquired company will not reduce the number of shares of our common stock available for grants under the Agere Systems Inc. 2001 Long Term Incentive Plan. Any shares of our common stock issued under the Agere Systems Inc. 2001 Long Term Incentive Plan may consist, in whole or in part, of authorized and unissued shares of our common stock, treasury shares of our common stock or shares of our common stock purchased in the open market or otherwise. If any shares of our common stock subject to any award are forfeited or such award otherwise terminates without the issuance of shares of our common stock, the shares of our common stock subject to such award, to the extent of any such forfeiture or termination, will again be available for grant under the Agere Systems Inc. 2001 Long Term Incentive Plan if the holder of the award shall not have received any benefits of ownership of the shares. In the event of any corporate event affecting the shares of our common stock, the corporate governance and compensation committee shall make such adjustments and other substitutions to the plan and awards under the plan as it deems equitable or appropriate in its sole discretion.

Plan Administration

The corporate governance and compensation committee of our board of directors administers the Agere Systems Inc. 2001 Long Term Incentive Plan.

Options; Stock Appreciation Rights

Options to purchase shares of our common stock may be granted under the Agere Systems Inc. 2001 Long Term Incentive Plan, either alone or in addition to other awards. The purchase price per share of our common stock purchasable under an option will be determined by our corporate governance and compensation committee, in its sole discretion; provided that such purchase price will not be less than the fair market value, as defined in the Agere Systems Inc. 2001 Long Term Incentive Plan, of a share of our Class A common stock or Class B common stock, as applicable on the date of the grant of the option. The term of each option will be fixed by our corporate governance and compensation committee in its sole discretion; provided that no incentive stock option will be exercisable after the expiration of 10 years from the date the option is granted. Options will be exercisable at such time or times as determined by our corporate governance and compensation committee at or subsequent to grant. Subject to the other provisions of the Agere Systems Inc. 2001 Long Term Incentive Plan and any applicable award agreement, any option

Edgar Filing: AGERE SYSTEMS INC - Form S-1

may be exercised by the participant in such form or forms, including, without limitation, payment by delivery of cash, shares of our common stock or other consideration including, where permitted by law and our corporate governance and compensation committee, awards having a fair market value on the exercise date equal to the total option price, or by any combination of cash, shares of our common stock and other consideration as our corporate governance and compensation committee may specify in the applicable award agreement. In general, options will be subject to the provisions of our Long Term Incentive Plan Nonstatutory Stock Option Agreement, a form of which is filed as an exhibit to the registration statement. Each agreement will set forth the terms of the option, including term, exercisability, number and type of shares subject to the option, vesting and purchase price. In

71

addition, each agreement will contain a non-solicit provision pursuant to which the option holder will agree not to solicit or hire any of our employees both while an employee and for a period of 12 months following the option holder's termination of employment with us.

The aggregate fair market value of the shares of our common stock with respect to which incentive stock options held by any participant may become exercisable for the first time by such participant during any calendar year under the Agere Systems Inc. 2001 Long Term Incentive Plan, including under any of our other benefit plans or under any benefit plans of our parent or subsidiary corporations, will not exceed \$100,000, determined at the time of grant, or, if different, the maximum limitation in effect at the time of grant under Section 422 of the Internal Revenue Code, or any successor provision, and any regulations promulgated thereunder. In its sole discretion, our corporate governance and compensation committee may provide, at the time of grant, that the shares of common stock to be issued upon an option's exercise will be in the form of restricted stock or other similar securities, or may reserve the right so to provide after the time of grant.

Upon termination of employment, other than for death, disability, retirement or specified actions initiated by us, a participant will generally forfeit all unexercisable options and may exercise all exercisable options within 90 days following such termination.

Stock appreciation rights may be granted to participants either alone or in addition to other awards and may, but need not, relate to a specific option. Any stock appreciation right related to an option other than an incentive stock option may be granted at the same time such option is granted or at any time thereafter before exercise or expiration of such option. Any stock appreciation right related to an incentive stock option must be granted at the same time such option is granted. In the case of any stock appreciation right related to any option, the stock appreciation right or applicable portion thereof will terminate and no longer be exercisable upon the termination or exercise of the related option, except that any stock appreciation right granted with respect to less than the full number of shares of our common stock covered by a related option will not be reduced except to the extent that the number of shares of our common stock affected by the exercise or termination of the related option exceeds the number of shares of our common stock not covered by the stock appreciation right. Any option related to any stock appreciation right will no longer be exercisable to the extent the related stock appreciation right has been exercised. Our corporate governance and compensation committee may impose such conditions or

Edgar Filing: AGERE SYSTEMS INC - Form S-1

restrictions on the exercise of any stock appreciation right as it may deem appropriate.

Performance Awards

Performance-based equity awards may be issued to participants, for no cash consideration or for such minimum consideration as may be required by applicable law, either alone or in addition to other awards granted under the Agere Systems Inc. 2001 Long Term Incentive Plan. The performance criteria to be achieved during any performance period under the Agere Systems Inc. 2001 Long Term Incentive Plan and the length of the performance period will be determined by our corporate governance and compensation committee. Performance awards will generally be paid only after the end of the relevant performance period. Performance awards may be paid in cash, shares of our common stock, other property or any combination thereof, in the sole discretion of our corporate governance and compensation committee at the time of payment. Performance awards may be paid in a lump sum or in installments following the close of the performance period.

Other Stock Unit Awards

Other awards of shares of common stock and other awards that are valued in whole or in part by reference to, or are otherwise based on, shares of our common stock or other property may be granted to participants, either alone or in addition to other awards. Other stock unit awards may be paid in shares of our common stock, other securities, cash or any other form of property as the corporate governance and compensation committee may determine.

Shares of our common stock, including securities convertible into shares of our common stock, subject to other stock unit awards may be issued for no cash consideration or for such minimum consideration as may be required by applicable law; shares of our common stock, including securities convertible into such shares of our common stock pursuant to such a conversion or purchase right may be purchased by participants for such consideration as our corporate governance and compensation committee may, in its sole discretion, determine, which will not be less than the fair market value of such shares of our common stock or other securities as of the date such purchase right is awarded.

Other stock unit awards include restricted stock unit awards which entitle the holder to receive a number of shares of common stock after a specified period of time if the holder remains our employee. In general, these awards will be granted pursuant to our Long Term Incentive Plan Restricted Stock Unit Award Agreement, a form of which is filed as an exhibit to the registration statement. Each agreement will specify, among other things, the number and type of shares of our common stock subject to the award and the vesting period.

Restricted Shares of Common Stock

Restricted stock awards may be issued to participants, for no cash consideration or for such minimum consideration as may be required by applicable law, either alone or in addition to other awards granted under the Agere Systems Inc. 2001

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Long Term Incentive Plan. Except as otherwise determined by our corporate governance and compensation committee at the time of grant, upon termination of employment for any reason during the restriction period, all restricted stock awards still subject to restriction will be forfeited by the participant and reacquired by us.

Change in Control

The Agere Systems Inc. 2001 Long Term Incentive Plan generally provides that, unless our corporate governance and compensation committee determines otherwise at the time of grant with respect to a particular award, in the event of a change in control:

- o any options and stock appreciation rights outstanding as of the date the change in control is determined to have occurred will become fully exercisable and vested;
- o the restrictions and deferral limitations applicable to any restricted stock awards will lapse;
- o all performance awards will be considered to be earned and payable in full, and any deferral or other restriction will lapse and such performance awards will be immediately settled or distributed; and
- o the restrictions and deferral limitations and other conditions applicable to any other stock unit awards or any other awards will lapse, and such other stock unit awards or other awards will become free of all restrictions, limitations or conditions and become fully vested and transferable.

The Agere Systems Inc. 2001 Long Term Incentive Plan defines change in control to mean, generally:

- o an acquisition by any individual, entity or group of beneficial ownership of 20% or more of either the then outstanding shares of our common stock or the combined voting power of our then outstanding voting securities entitled to vote generally in the election of directors;
- o a change in the composition of a majority of our board of directors which is not supported by the incumbent board of directors;
- o the approval by the stockholders of a merger, reorganization or consolidation or sale or other disposition of all or substantially all of our assets or, if consummation of such corporate transaction is subject, at the time of such approval by stockholders, to the consent of any government or governmental agency, the obtaining of such consent either explicitly or implicitly by consummation;
- o the approval of the stockholders of our complete liquidation or dissolution; or
- o prior to the distribution, a change in control of Lucent.

The distribution will not constitute a change in control under the Agere Systems Inc. 2001 Long Term Incentive Plan.

The Agere Systems Inc. 2001 Long Term Incentive Plan defines change in control price, generally, as the higher of the highest price of a share of common stock during the 60-day period prior to and including the date of a change in control or if the change in control is the result of a tender or exchange offer or a corporate transaction, the highest price per share paid in

Edgar Filing: AGERE SYSTEMS INC - Form S-1

such tender or exchange offer or corporate transaction.

Other Provisions

Our board of directors may amend, alter or discontinue the Agere Systems Inc. 2001 Long Term Incentive Plan, but no amendment, alteration or discontinuation may be made that would impair rights under an award previously granted without the participant's consent.

Our corporate governance and compensation committee is authorized to make adjustments in performance award criteria or in the terms and conditions of other awards in recognition of unusual or nonrecurring events affecting us or our financial statements or changes in applicable laws, regulations or accounting principles.

Subject to the provisions of the Agere Systems Inc. 2001 Long Term Incentive Plan and any award agreement, the recipient of an award, including, without limitation, any deferred award may, if so determined by our corporate governance and compensation committee, be entitled to receive, currently or on a deferred basis, interest or dividends, or interest or dividend equivalents, with respect to the number of shares of our common stock covered by the award, and our corporate governance and compensation committee may provide that such amounts, if any, will be deemed to have been reinvested in additional shares of our common stock or otherwise reinvested.

73

The Agere Systems Inc. 2001 Long Term Incentive Plan also provides that, if the corporate governance and compensation committee determines at the time a restricted stock award, a performance award or an other stock unit award is granted to an individual that the individual is, or may be as of the end of the tax year in which we would claim a tax deduction related to the award, a "covered employee" within the meaning of Section 162(m) of the Internal Revenue Code, then that committee may make the lapsing of restrictions thereon and the distribution of cash, stock or other property pursuant to the award subject to us having a level of net income, excluding specified nonrecurring items, determined by the committee. The committee will also have the discretion to reduce, but not increase, the final amount of any performance award or other stock unit award based on such criteria as individual and company performance.

Material Changes in the Amendment

The amendment of the plan to be voted upon at the 2002 annual meeting will:

- o increase the total number of shares of our common stock available for awards granted under the plan by 180 million shares;
- o in addition to the existing circumstances under which shares subject to awards under the plan may become available again for awards, cause shares of our common stock that are:
 - o subject to an award granted under the plan that are not issued because of the tender to pay all or part of the purchase price under the award, or tender or withholding to satisfy all or part of the tax

Edgar Filing: AGERE SYSTEMS INC - Form S-1

withholding obligations related to the award, or

- o purchased by us with cash received upon the exercise of options granted under the plan, to again be available for awards under the plan;
- o modify the treatment of awards granted under the plan after February 21, 2002 in the event of a change in control, so that awards will not always vest or accelerate upon a change in control;
- o change the term of the plan so that, rather than expiring at the end of a fixed term, the plan will expire, unless terminated earlier by the board, when no shares are available for grant, exercise or settlement of awards; and
- o modify the definition of net income that is used in determining whether "covered employees" are eligible to receive certain types of award payouts under the plan; the definition will specify that net income will be determined before taxes, and will exclude (a) extraordinary items; (b) cumulative effects of changes in accounting principles; (c) securities gains and losses; (d) amortization or write-off of goodwill, acquired intangibles and purchased in-process research and development; and (e) nonrecurring items including, but not limited to, gains or losses on asset dispositions and sales of divisions, business units or subsidiaries, restructuring and separation charges and gains and losses from qualified benefit plan curtailments and settlements; and provide that the Corporate Governance and Compensation Committee will select the periods that are used to measure net income.

The amount of the awards to be paid in the future to current or future participating officers will be decided at the time and cannot be determined at this time. Actual amounts will depend on a number of factors, including an individual's potential contribution to the business, compensation practices at the time, retention issues and the company's stock price. We believe that, had the amendment been in effect in fiscal 2001, the amount of awards granted under the plan would not have been materially different.

Tax Rules

The following is a brief summary of the federal income tax consequences of certain transactions under the Agere Systems Inc. 2001 Long Term Incentive Plan based on federal income tax laws in effect on the date hereof. This summary is not intended to be exhaustive and does not describe state or local tax consequences.

In general: (i) no income will be recognized by an optionee at the time a nonqualified option is granted; (ii) at the time of exercise of a nonqualified option, ordinary income will be recognized by the optionee in an amount equal to the difference between the purchase price paid for the shares and the fair market value of the shares if they are nonrestricted on the date of exercise; and (iii) at the time of sale of shares acquired pursuant to the exercise of a nonqualified option, any appreciation (or depreciation) in the value of the shares after the date of exercise will be treated as either short-term or long-term capital gain (or loss) depending on how long the shares have been held. No income generally will be recognized by an optionee upon the grant or qualifying exercise of an incentive stock option. However, for purposes of calculating the optionee's alternative minimum tax, if any, the difference between the fair market value of the shares of common stock at exercise and the purchase price constitutes an item of adjustment. If shares of common stock are issued to an optionee pursuant to the exercise of an incentive stock option and no disqualifying disposition of the shares is made

Edgar Filing: AGERE SYSTEMS INC - Form S-1

by the optionee within two years after the date of grant or within one year after the transfer of the shares to the optionee, then upon the sale of the shares any amount realized in excess of the purchase price will be taxed to the optionee as long-term capital gain and

74

any loss sustained will be a long-term capital loss. If shares of common stock acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an amount equal to any excess of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares in a sale or exchange) over the option price paid for the shares. Any further gain (or loss) realized by the optionee generally will be taxed as short-term or long-term gain (or loss) depending on the holding period.

No income will be recognized by a participant in connection with the grant of an appreciation right. When the appreciation right is exercised, the participant normally will be required to include as taxable ordinary income in the year of exercise an amount equal to the amount of any cash, and the fair market value of any nonrestricted shares of common stock, received pursuant to the exercise.

A recipient of a restricted stock award generally will be subject to tax at ordinary income rates on the fair market value of the restricted shares, reduced by any amount paid by the recipient, at such time as the shares are no longer subject to a substantial risk of forfeiture or restrictions on transfer for purposes of Section 83 of the Internal Revenue Code. However, a recipient who so elects under Section 83(b) of the Internal Revenue Code within 30 days of the date of transfer of the shares to the recipient will have taxable ordinary income on the date of transfer of the shares equal to the excess of the fair market value of the shares (determined without regard to the risk of forfeiture or restrictions on transfer) over any purchase price paid for the shares. If a Section 83(b) election has not been made, any dividends received with respect to restricted shares that are subject at that time to a substantial risk of forfeiture and restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the recipient.

Generally, no income will be recognized by a participant in connection with the grant of a performance award or other stock unit award. Subject to the specific terms of the award, when the award is paid to the participant, the participant normally will be required to include as taxable ordinary income in the year of payment an amount equal to the amount of any cash, and the fair market value of any nonrestricted shares of common stock, actually or constructively received.

To the extent that a participant recognizes ordinary income in the circumstances described above, we will be entitled to a corresponding deduction provided that, among other things, (i) the income meets the test of reasonableness, is an ordinary and necessary business expense and is not an "excess parachute payment" within the meaning of Section 2806 of the Internal Revenue Code and is not disallowed by the \$1 million limitation on compensation paid to "covered employees" and (ii) any applicable reporting obligations are satisfied.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Deferred Compensation Plan

We maintain a deferred compensation plan that permits our employees to defer receipt of part or all of their base salary, short-term incentive payments and long term incentive payments, and that permits directors to defer receipt of part or all of their retainers. Deferrals are credited to a cash account, which is credited with interest at a rate determined by the board of directors from time to time, or a share equivalent account, depending on the nature of the deferred payment. Balances under the plan are generally paid to a plan participant upon attainment of a specific age or after the individual retires from our company, as elected by the participant.

Executive Agreements

Daniel A. DiLeo

In August 2001, Mr. DiLeo announced he would retire from our company. In order to provide for management continuity and to allow us to continue benefitting from Mr. DiLeo's experience in the industry, we entered into an agreement with Mr. DiLeo, pursuant to which he will continue working for us through March 2002, at which time he would be entitled to receive benefits under the Officer Severance Plan, which is further described in the "--Officer Severance Plan" section below, plus an additional \$16,042 per month until April 1, 2004 and up to \$10,000 to furnish and equip a home office. Mr. DiLeo also agreed that, until April 1, 2004, he will not compete with us and will not solicit or employ any person who was an employee of our company in November 2001. Including the compensation that he will receive through April 2004 described above, Mr. DiLeo will be entitled to an estimated annual pension at age 65 of \$190,000, payable as a single-life annuity. Other optional forms of payment, which provide for actuarially reduced pensions, are available.

Mark T. Greenquist

Mr. Greenquist joined our company shortly before our initial public offering from a position at General Motors in Europe. When he joined us, we entered into a letter agreement with him.

Under the agreement, Mr. Greenquist is paid an initial base salary of \$400,000 per year and has a target bonus opportunity of 70% of his annual base salary.

75

We also agreed to provide Mr. Greenquist with a hiring incentive to encourage him to join us and to compensate him for incentives that he would forfeit by leaving his former employer. The hiring incentive included:

- o a stock option covering 300,000 shares of our stock granted at the time of our initial public offering;
- o an award of 15,000 Lucent restricted stock units that would vest over a five-year period; and
- o a cash payment of \$270,000.

To address Mr. Greenquist's concern that his responsibilities could

Edgar Filing: AGERE SYSTEMS INC - Form S-1

be significantly reduced if the spin-off from Lucent were not completed as planned, the agreement provides for a cash payment to Mr. Greenquist of \$680,000 on March 1, 2002, if the spin-off is not completed by that time.

Mr. Greenquist participates in the Officer Severance Plan. In addition, if the spin-off does not occur by March 1, 2002 and we do not offer Mr. Greenquist continued employment as an officer with at least the same salary and target bonus level, Mr. Greenquist will be entitled to a severance benefit equal to two times his base salary and target bonus.

Officer Severance Plan

We have adopted a severance policy that provides for a number of benefits for an officer who is terminated by us other than for cause or who chooses to leave following a change in control and within three months of one of the following events occurring after the change in control: either a diminution in job responsibility or a material negative change in employment terms, including a reduction in base salary or a material reduction in target bonus.

The benefits under this policy include continuation of salary and health and welfare benefits and payment of annual bonus at target levels for two years. These payments would be taken into account for purposes of computing pensions. During this two-year period, participation and vesting under our stock-based benefit plans would continue. An officer can accelerate the payment of the salary and target bonus, in which event participation in company plans would end upon payment of those amounts. Payment of any amount under these arrangements will be conditioned upon signing a release and will be offset by any individually negotiated arrangements.

Retention Plan

In order to encourage our senior leaders to remain with the company in the event that our spin-off from Lucent is further delayed, we have adopted a retention program. Under this program, participating senior managers, including our executive officers, will receive cash payments if the spin-off has not been completed by April 1, 2003 or October 1, 2003, with one half of the total amount becoming payable on each of those dates if the spin-off has not been completed. The total amount for each executive officer is a multiple of the individual's current target pay, which is base salary plus target bonus. The multiples are five times target pay for the Chief Executive Officer and four times target pay for the other executive officers.

2001 Employee Stock Purchase Plan

Adoption and Administration

We have adopted the 2001 Employee Stock Purchase Plan under which we may issue up to an aggregate of 85,000,000 shares of our common stock. The shares sold under the plan may be either Class A common stock or Class B common stock. The 2001 Employee Stock Purchase Plan is intended to qualify as an "employee stock purchase plan" within the meaning of Section 423 of the Internal Revenue Code. The 2001 Employee Stock Purchase Plan is administered by the corporate governance and compensation committee.

Eligibility

All employees in the United States and certain employees outside the United States may participate in the 2001 Employee Stock Purchase Plan. No employee will be eligible for the grant of any rights under the 2001 Employee Stock Purchase Plan if immediately after such rights are granted, such employee would own 5% or more of the total voting power or value of all

Edgar Filing: AGERE SYSTEMS INC - Form S-1

classes of our stock.

Purchase of Shares

We have implemented the 2001 Employee Stock Purchase Plan by offering eligible employees the option to purchase our common stock. To participate in the 2001 Employee Stock Purchase Plan, an employee must authorize us to deduct an amount not less than one percent nor more than ten percent of a participant's total cash compensation from his or her pay during each purchase period within a longer offering period. The first offering period and the first purchase period commenced on March 27, 2001. The first purchase period ended on October 31, 2001. Thereafter, the purchase periods will

76

commence on the first day of November or May and end on the last day of the following April or October, respectively, of each year. Participating employees will purchase our common stock at a price per share equal to 85% of the lesser of the fair market value of a share of our common stock at the beginning of the offering period and the fair market value of a share of our common stock at the end of the purchase period. Eligible employees may be granted rights only if the rights, together with any other rights granted under any other employee stock purchase plan of ours or of any parent or subsidiary of ours, do not permit such employee to purchase stock with a fair market value determined at the time of grant in excess of \$25,000 for each calendar year in which such rights are outstanding. Employees may not purchase more than 1,250 shares of our common stock per purchase period. For the first offering period, Class A common stock will be sold under the plan. Our board of directors may elect to switch between having Class A common stock and Class B common stock sold under the plan, effective at the beginning of any subsequent offering period.

Amendment and Termination

The 2001 Employee Stock Purchase Plan will terminate at the direction of our board of directors or when all of the shares reserved for issuance have been purchased. Our board of directors may amend the 2001 Employee Stock Purchase Plan at any time except that stockholder approval is required to amend the plan to increase the number of shares of our common stock that may be issued under the plan.

77

ARRANGEMENTS BETWEEN LUCENT AND OUR COMPANY

Our Separation from Lucent

Agere was formed as part of Lucent Technologies' plan to spin-off to its stockholders its microelectronics business, including its integrated circuits and optoelectronics divisions. Our Class A common stock began trading

Edgar Filing: AGERE SYSTEMS INC - Form S-1

on the New York Stock Exchange following our initial public offering in April 2001. The separation of our business from Lucent's other businesses was substantially completed, including the transfer of all assets and liabilities related to these divisions (other than pension and postretirement plan assets and liabilities, which have yet to be transferred) when we completed our initial public offering. As of December 1, 2001, Lucent owned 100% of our outstanding Class B common stock and 37 million shares of our Class A common stock, which together represented approximately 84.2% of the combined voting power of both classes of our voting stock with respect to the election and removal of directors and approximately 57.8% of the voting power of our outstanding common stock with respect to all other matters.

Lucent originally announced its intention to distribute all shares of our common stock it then owned to its stockholders in a tax-free distribution by September 30, 2001. On August 16, 2001, Lucent amended its credit facilities. The amended credit facilities modified the conditions that must be met before Lucent can distribute its Agere stock to its stockholders. Lucent has announced that the distribution of Agere stock can occur at Lucent's request if all the following terms and conditions as defined under its credit facilities are met:

- o no event of default exists under the credit facilities;
- o Lucent has generated positive EBITDA for the fiscal quarter immediately preceding the distribution;
- o Lucent meets a minimum current asset ratio;
- o Lucent has received \$5,000 million in cash from certain non-operating sources; and
- o Lucent's 364-day \$2,000 million credit facility has been terminated and its \$2,000 million credit facility, expiring in February 2003, has been reduced to \$1,750 million or less.

The current terms of Lucent's credit facilities will not allow the distribution unless, at the time of the distribution, it has generated \$5,000 million of additional funds or reduction in debt from specified non-operating sources. Lucent has announced that, as of November 16, 2001, it had generated \$4,800 million of funds to satisfy this requirement.

Lucent has announced that it remains committed to completing the process of separating Agere from Lucent, and that it intends to move forward with the distribution of the Agere stock it held in a tax-free spin-off to its stockholders. Because Lucent must meet a number of conditions before it can complete the spin-off and because Lucent alone will make the decision about whether to complete the spin-off, even if the conditions were met, we cannot assure you that Lucent will complete the spin-off by a particular date or at all.

Lucent has informed us that it has received a private letter ruling from the Internal Revenue Service holding that the distribution of its shares of Agere common stock to its stockholders in the spin-off will be tax free to Lucent and its stockholders. The effectiveness of the ruling is conditioned on completion of the spin-off by June 30, 2002.

Tax Limitations on Additional Issuance of Our Stock

We are limited in the amount of stock that we can issue because of potential adverse tax consequences.

First, in order for the distribution to be tax-free to Lucent and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

its stockholders, Lucent must distribute "control" of Agere, as defined in Section 368(c) of the Internal Revenue Code. Under Section 368(c), "control" means ownership of stock possessing at least 80% of the total combined voting power of all classes of stock entitled to vote for the election and removal of directors and at least 80% of the total number of shares of each other class of nonvoting stock. Because we will have only voting stock outstanding, Lucent must distribute stock representing at least 80% of the combined voting power of our common stock for the election and removal of directors to satisfy the Section 368(c) control test. We and Lucent have issued or transferred stock representing 16% of our voting power. Thus, before the distribution we may issue only a limited amount of our stock without violating the Section 368(c) "control" test.

Second, under Section 355(e) of the Internal Revenue Code, Lucent will recognize taxable gain on the distribution if there are one or more acquisitions of our stock representing 50% or more of our stock, measured by vote or value, and the stock acquisitions are part of a plan or series of related transactions that includes the distribution. Any shares of our common stock acquired within two years before or after the distribution are presumed to be part of such a plan unless we can rebut that presumption. Thus, Lucent will recognize taxable gain on the distribution if the shares issued in the offerings referred to above, together with any shares we issue to make acquisitions that are considered part of a plan that includes the distribution,

78

represent 50% or more, measured by vote or value, of our common stock outstanding after completion of that offering and such acquisitions. Under Treasury regulations, shares issued in acquisitions that occur or are negotiated less than six months after the distribution will generally be treated as part of the plan. Consequently, to avoid causing the distribution to be taxable to Lucent under Section 355(e), we are significantly limited in our ability to issue our shares in acquisitions that are negotiated or closed within six months after the distribution. We may continue to be subject to restrictions on the use of stock for acquisitions after this six-month period. As a practical matter, without a ruling by the Internal Revenue Service, we cannot issue any of our stock in acquisitions until six months after the distribution. If issuance of our stock causes the distribution to be taxable to Lucent under Section 355(e), we would be required to indemnify Lucent against that tax under the tax sharing agreement.

Agreements Providing for the Separation of Our Businesses from Lucent

We and Lucent and, in some cases, our respective subsidiaries, have entered into a number of agreements providing for the separation of our businesses from Lucent, including a separation and distribution agreement to which we and Lucent are parties and other ancillary agreements. These agreements generally provide for the transfer from Lucent to us of assets and the assumption by us of liabilities relating to our businesses, in each case to the extent agreed to by Lucent and us. We have entered into agreements with Lucent regarding the transfer and licensing to us of intellectual property relating to our businesses. We also have entered into agreements governing various interim and ongoing relationships between the parties including transitional services Lucent will provide to us.

The agreements relating to our separation from Lucent were made in

Edgar Filing: AGERE SYSTEMS INC - Form S-1

the context of a parent-subsidary relationship and were negotiated in the overall context of our separation from Lucent. The terms of these agreements may be more or less favorable to us than those we could have negotiated with unaffiliated third parties. These agreements govern the relationship between Lucent and us subsequent to the separation and provide for the allocation of employee benefit, tax and other liabilities and obligations attributable to periods prior to the separation. The ancillary agreements include:

- o Interim Services and Systems Replication Agreement;
- o Fiber Product Purchase Agreement;
- o Microelectronics Product Purchase Agreement;
- o ORiNOCO Product Purchase Agreement;
- o Employee Benefits Agreement;
- o Trademark License Agreement;
- o Trademark Assignment;
- o Trade Dress Assignment;
- o Patent and Technology License Agreement;
- o Patent Assignments;
- o Technology Assignment and Joint Ownership Agreement;
- o Development Project Agreement;
- o Joint Design Center Operating Agreement;
- o Tax Sharing Agreement; and
- o Real Estate Agreements.

In addition, the current federal Tax Allocation Agreement and the current State and Local Income Tax Allocation Agreement by and among Lucent and its subsidiaries governing the allocation of income taxes among Lucent and its subsidiaries will continue to apply to us for taxable periods prior to and including the distribution. Of the agreements summarized below, the material agreements have been filed as exhibits to the registration statement of which this prospectus forms a part. The summaries of these agreements are qualified in their entirety by reference to the full text of the agreements.

Separation and Distribution Agreement

The Separation and Distribution Agreement sets forth the agreements between us and Lucent regarding the

principal corporate transactions required to effect our separation from Lucent, our initial public offering and the distribution of our shares to Lucent's stockholders, and other agreements governing the relationship between Lucent and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

us.

The Separation

To effect the separation, Lucent has, or has caused its subsidiaries to, transfer or agree to transfer, all of the assets of the contributed businesses to us as described in this prospectus. We have assumed, or have agreed to assume, and have agreed to perform and fulfill all of the liabilities of the contributed businesses in accordance with their respective terms. Except as expressly set forth in the agreement or in any other ancillary agreement, neither we nor Lucent made any representation or warranty as to:

- o the assets, businesses or liabilities transferred or assumed as part of the separation;
- o any consents or approvals required in connection with the transfers;
- o the value or freedom from any security interests of any assets transferred;
- o the absence of any defenses or freedom from counterclaim with respect to any claim of either us or Lucent; or
- o the legal sufficiency of any assignment, document or instrument delivered to convey title to any asset transferred.

Except as expressly set forth in any ancillary agreement, all assets were transferred on an "as is," "where is" basis, and the respective transferees have agreed to bear the economic and legal risks that any conveyance was insufficient to vest in the transferee good and marketable title, free and clear of any security interest and that any necessary consents or approvals were not obtained or that requirements of laws or judgments were not complied with.

Conditions to Lucent's Obligation to Complete the Distribution

Lucent's agreement to complete the distribution of its shares of Agere stock to its stockholders is contingent on the satisfaction of the conditions described below, and the distribution may not occur by the contemplated time or at all. Subject to Lucent's rights to terminate its obligation described below, Lucent is obligated to consummate the distribution if the following conditions are met, any of which may be waived by Lucent:

- o a private letter ruling from the IRS shall have been obtained, and shall continue in effect, to the effect that, among other things, the distribution will qualify as a tax-free distribution for federal income tax purposes under Section 355 of the Internal Revenue Code and the transfer to us of the assets and the assumption by us of the liabilities in connection with the separation will not result in recognition of any gain or loss for federal income tax purposes to Lucent, us or Lucent's or our stockholders, and such ruling shall be in form and substance satisfactory to Lucent, in its sole discretion;
- o any material governmental approvals and consents necessary to consummate the distribution shall have been obtained and be in full force and effect; and
- o no order, injunction or decree issued by any court or agency of competent jurisdiction or other legal restraint or prohibition preventing the consummation of the distribution shall be in effect, and no other event outside the control of Lucent shall have occurred or failed to occur that prevents the consummation of the distribution.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Lucent has agreed to complete the distribution as promptly as practicable following the satisfaction or waiver of all conditions.

Notwithstanding Lucent's obligation described above, Lucent has the right to terminate its obligation to complete the distribution if, at any time, after consultation with our senior management, Lucent's board of directors determines, in its sole discretion, that the distribution is not in the best interests of Lucent or its stockholders or if, as of September 30, 2001, the consummation of the distribution is not permitted under Lucent's then existing indebtedness or would result in the acceleration of any payment under such indebtedness. Lucent also may terminate its obligations to complete the distribution if the distribution has not occurred by September 30, 2002.

Lucent has announced that it remains committed to completing the process of separating Agere from Lucent, and that it intends to move forward with the distribution of its shares of Agere stock in a tax-free spin-off to its stockholders. However, we cannot assure you that the conditions to Lucent's obligation to complete the distribution will be satisfied by a particular date or that the terms and conditions of Lucent's indebtedness will permit the distribution by a particular date or at all.

Releases and Indemnification

80

The Separation and Distribution Agreement provides for a full and complete release and discharge of all liabilities between Lucent and us, and our respective subsidiaries and affiliates, except as expressly set forth in the agreement. The liabilities released or discharged include liabilities arising under any contractual agreements or arrangements existing or alleged to exist between or among any such members on or before the completion of our initial public offering.

We have agreed to indemnify, hold harmless and defend Lucent, each of its affiliates and each of their respective directors, officers and employees, from and against all liabilities relating to, arising out of or resulting from:

- o the failure of us or any of our affiliates or any other person or entity to pay, perform or otherwise promptly discharge any liabilities associated with the contributed businesses, or any contracts associated with the contributed businesses, in accordance with their respective terms;
- o the contributed businesses, liabilities or contracts;
- o any material breach by us or any of our affiliates, of the agreement or any of the other ancillary agreements; and
- o as part of our initial public offering, any untrue statement or alleged untrue statement of a material fact or omission or alleged omission to state a material fact required to be stated in the registration statement or prospectus used as a part of our initial public offering or necessary to make the statements in the registration statement or prospectus used as part of our initial

Edgar Filing: AGERE SYSTEMS INC - Form S-1

public offering not misleading.

Also, we will indemnify Lucent and its affiliates, subject to limited exceptions, against any claims of patent, copyright or trademark infringement or trade secret misappropriation with respect to any product, software or other material provided by or ordered from the contributed businesses prior to the separation.

Lucent has agreed to indemnify, hold harmless and defend us, each of our affiliates and each of our respective directors, officers and employees from and against all liabilities relating to, arising out of or resulting from:

- o the failure of Lucent or any affiliate of Lucent or any other person or entity to pay, perform or otherwise promptly discharge any liabilities of Lucent or its affiliates other than liabilities associated with the contributed businesses;
- o the Lucent businesses or any liability of Lucent or its affiliates other than liabilities associated with the separation of the businesses; and
- o any material breach by Lucent or any of its affiliates of the agreement or any of the other ancillary agreements.

Also, Lucent will indemnify us and our affiliates, subject to limited exceptions, against any claims of patent, copyright or trademark infringement or trade secret misappropriation with respect to any product, software or other material provided by or ordered from Lucent's retained businesses prior to the separation.

The Separation and Distribution Agreement also specifies procedures with respect to claims subject to indemnification and related matters.

Contingent Liabilities and Contingent Gains

The Separation and Distribution Agreement provides that we and Lucent will indemnify each other with respect to contingent liabilities relating primarily to our respective businesses or otherwise assigned to each of us. We and Lucent will share some contingent liabilities based on agreed upon percentages.

The Separation and Distribution Agreement provides for the sharing of some contingent liabilities, including:

- o any contingent liabilities that do not primarily relate to any business of Lucent or contingent liabilities that do not primarily relate to any of our businesses;
- o some specifically identified liabilities, other than taxes; and
- o shared contingent liabilities within the meaning of the separation and distribution agreement among AT&T Corp., Lucent and NCR Corporation or the contribution and distribution agreement between Lucent and Avaya Inc.

Lucent will assume the defense of, and may seek to settle or compromise, any third party claim that is a shared contingent liability, and those costs and expenses will be included in the amount to be shared by us and Lucent.

The Separation and Distribution Agreement provides that we and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Lucent have the exclusive right to any benefit received with respect to any contingent gain that primarily relates to the business of, or that is expressly assigned to, us or Lucent, respectively.

81

The Separation and Distribution Agreement provides for the establishment of a contingent claims committee comprised of one representative designated from time to time by each of Lucent and us and sets forth procedures for the purpose of resolving disagreements among the parties as to contingent gains and contingent liabilities.

Dispute Resolution

The Separation and Distribution Agreement contains provisions that govern, except as otherwise provided in any ancillary agreement, the resolution of disputes, controversies or claims that may arise between us and Lucent. These provisions contemplate that efforts will be made to resolve disputes, controversies and claims by escalation of the matter to senior management or other mutually agreed representatives of us and Lucent. If such efforts are not successful, either we or Lucent may submit the dispute, controversy or claim to non-binding mediation. If the dispute is not resolved through mediation, an action may be brought before any court of competent jurisdiction.

Provisions Relating to Third-Party Intellectual Property License Agreements

The Separation and Distribution Agreement provides, generally, for the grant by Lucent to us of a sublicense under numerous third-party intellectual property license agreements. The Patent and Technology License Agreement provides similar grants to us from Lucent's subsidiary, Lucent Technologies GRL Corporation, with respect to third party patent license agreements executed by that subsidiary. The Separation and Distribution Agreement prohibits us from entering into any agreement to license patents to a third party if those patents are already licensed by Lucent to the third party and if the new agreement with us would result in a reduction of royalties paid or to be paid to Lucent by the third party.

Expenses

Pursuant to the Separation and Distribution Agreement, we paid, or will pay, the costs, fees and expenses relating to our initial public offering and the separation. Except as expressly set forth in the Separation and Distribution Agreement or in any other ancillary agreement, whether or not the distribution is consummated, all third-party fees, costs and expenses paid or incurred in connection with the distribution will be paid by Lucent.

Termination

The Separation and Distribution Agreement may be terminated and the distribution may be amended, modified or abandoned at any time prior to the distribution date by mutual consent of Lucent and us. Notwithstanding Lucent's obligation described above, Lucent has the right to terminate its obligation to complete the distribution if, at any time, after consultation with our senior management, Lucent's board of directors determines, in its sole discretion, that the distribution is not in the best interests of Lucent or its stockholders or if the consummation of the distribution is not permitted

Edgar Filing: AGERE SYSTEMS INC - Form S-1

under Lucent's then existing indebtedness or would result in the acceleration of any payment obligation under such indebtedness. In addition, the obligations of Lucent to complete the distribution may be terminated by Lucent if the distribution does not occur on or prior to September 30, 2002. In the event of a termination of the Separation and Distribution Agreement on or after the completion of our initial public offering, only the provisions of the Separation and Distribution Agreement that obligate the parties to pursue the distribution will terminate. The other provisions of the Separation and Distribution Agreement and the other agreements Lucent and we entered into will remain in full force and effect.

Waivers and Amendments

No provisions of the Separation and Distribution Agreement or any other ancillary agreement will be deemed waived, amended, supplemented or modified by any party, unless the following requirements are met. The waiver, amendment, supplement or modification must be in writing. Also, the writing must be signed by the authorized representative against whom it is sought to enforce such waiver, amendment, supplement or modification.

Interim Services and Systems Replication Agreement

We and Lucent have entered into an Interim Services and Systems Replication Agreement to provide each other, on an interim, transitional basis, with various data processing, telecommunications and corporate support services including:

- o accounting;
- o financial management;
- o information systems management;
- o tax;
- o payroll;

82

- o legal;
- o human resources administration;
- o procurement; and
- o other general support.

We also will provide each other, on an interim, transitional basis additional services that we and Lucent may identify from time to time after the separation.

The charges for these interim services are generally intended to allow the providing company to fully recover the allocated direct costs of providing the services, plus all out-of-pocket costs and expenses, without profit.

The Interim Services and Systems Replication Agreement also provides

Edgar Filing: AGERE SYSTEMS INC - Form S-1

for the replication and transfer of designated computer systems used for administrative support or used in our businesses or Lucent's businesses. The systems include hardware, software, data storage or maintenance and support components. The costs and expenses of separating or replicating a system are intended to be borne by the parties in proportion to their usage of the system prior to February 1, 2001. Costs and expenses of purchasing new hardware or obtaining new software licenses will be borne by the party purchasing the new hardware or licensing the new software.

In general, the services commenced on February 1, 2001 and expired on September 30, 2001 unless another termination date has been agreed upon by both parties with respect to a particular service. Most of the services to be provided under these agreements have been completed.

Fiber, Microelectronics and ORiNOCO Product Purchase Agreements

We and Lucent have entered into a Fiber Product Purchase Agreement, a Microelectronics Product Purchase Agreement and an ORiNOCO Product Purchase Agreement. The pricing terms for the products and services covered by these commercial agreements reflect negotiated prices, as is more fully described below.

The Fiber Product Purchase Agreement governs transactions pursuant to which Lucent will provide specialty fiber, fiber apparatus and premises cable products to us for the sole purpose of incorporating these products into finished products to be sold by us to our customers. Under this agreement, we will have an obligation to purchase all of our requirements of specified specialty fiber, fiber apparatus and premises cable products from Lucent. With respect to some specialty fiber products, we have agreed to provide Lucent with rolling forecasts of product requirements, some of which will constitute a binding commitment on our part. The Fiber Product Purchase Agreement commenced on February 1, 2001, and will expire on January 31, 2004. We and Lucent may extend this agreement for additional one-year periods with written mutual agreements. The agreement may be terminated for breach of material terms.

The Microelectronics Product Purchase Agreement governs purchases of goods and services by Lucent from us. Under the agreement, Lucent committed to purchase at least \$2,800 million of products from us over a three-year period beginning February 1, 2001. In limited circumstances, Lucent's purchase commitment may be reduced or the term may be extended. For the period February 1, 2001 through September 30, 2001, Lucent's purchases under this agreement were approximately \$325 million. In light of Lucent's purchases to date and adverse market conditions, we are discussing with Lucent ways to restructure Lucent's obligations under the agreement.

The ORiNOCO Product Purchase Agreement governs transactions in which we furnish our ORiNOCO products to Lucent for resale. The agreement does not grant to Lucent an exclusive right to resell the products, but does grant Lucent a right of first opportunity or refusal for some service provider customers in exchange for a minimum purchase commitment as may be agreed from time to time. The pricing in this agreement shall be determined by our list price in effect on the date of the receipt of an order less any applicable discounts. This agreement became effective as of February 1, 2001, and will expire on January 31, 2004. We and Lucent may extend this agreement for additional one year periods with written mutual agreement. The agreement may be terminated for breach of material terms.

The currently negotiated prices in the Microelectronics Product Purchase Agreement and the ORiNOCO Product Purchase Agreement take into account the volume and terms and conditions under which these products are sold to Lucent and reflect the prices at which these products are sold to

other like customers. As with all other customers, we negotiate volume discounts for Lucent on a product by product basis. Because Lucent is our largest customer, many, but not all, of the prices of products it purchases from us are as or more favorable to it than the prices charged to our other customers. In addition, for both Lucent and other customers, we negotiate changes to prices as purchasing volumes change. The Microelectronics Product Purchase Agreement has a most favored pricing provision for standard products, which are products offered by us to the general market, that generally provides that the prices at which we offer our standard products to Lucent will be no less favorable than the price we charge to other customers, other than distributors and value-added resellers. Many of the products sold to Lucent are custom products and there are no other customers for these custom

83

products.

The Fiber Product Purchase Agreement, the Microelectronics Product Purchase Agreement and the ORiNOCO Product Purchase Agreement also contain provisions governing:

- o orders and delivery;
- o payment terms;
- o intellectual property matters;
- o product warranties;
- o product support and documentation;
- o engineering, installation, maintenance and other services;
- o dispute resolution; and
- o limitations on liability.

Employee Benefits Agreement and Plans

We have adopted a variety of employee benefit plans in connection with the separation and distribution. Until the distribution, our employees and former employees will continue to participate in many of Lucent's pension and postretirement plans. During this period, we will bear our allocable share of the costs of the benefits and the administration of the plans. Generally, effective immediately after the distribution, we will establish our own pension and postretirement plans, which will be substantially comparable to Lucent's plans as in effect at that time.

Employee Benefits Agreement

We have entered into an employee benefits agreement with Lucent, pursuant to which we will establish independent pension plans, and have established other employee benefit plans, that are substantially similar to Lucent's existing pension plans and other employee benefit plans. This agreement provides for the transfer of assets and liabilities of various existing Lucent pension and other employee benefit plans covering Lucent employees who were transferred to us. Generally, following the distribution,

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Lucent will cease to have any liability or obligation to our employees who retire or terminate employment on or after our initial public offering or to their beneficiaries. Our benefit plans will assume and be responsible for, or have assumed and are responsible for, as the case may be, liabilities and obligations to those employees and former employees under all these benefit plans, programs and practices which we may adopt. The employee benefits agreement does not preclude us from discontinuing or changing such plans at any time thereafter, subject to the exceptions noted below.

Retirement Plans

We will establish and administer defined benefit pension plans for our employees who, immediately prior to our initial public offering, participated in Lucent's retirement plans. Lucent has agreed to transfer particular assets and liabilities, based on formulas set forth in the employee benefits agreement, from the trust for Lucent's defined benefit pension plans to the trust for our defined benefit pension plans. Each of our eligible employees will, for all purposes under our defined benefit pension plans, be credited with the service and any accrued benefit credited to him or her under the terms of the corresponding Lucent plans as of the distribution.

Savings Plans

We have established defined contribution savings/401(k) plans. Our savings/401(k) plans include all active employees who immediately prior to our initial public offering were participants in Lucent's savings/401(k) plans. Each employee who participates in savings/401(k) plans has been credited with the service and the account balance credited to him or her as of January 1, 2002 under the terms of Lucent's savings/401(k) plans.

Welfare Plans

We will adopt appropriate welfare benefit plans to provide welfare benefits, including retiree medical and life benefits, to our employees and retirees. The assets funding the liabilities under some of these plans, if any, will be transferred from trust and other funding vehicles associated with Lucent's plans to the corresponding trusts and other funding vehicles associated with our plans to the extent allocable to our employees and retirees according to formulas set forth in the employee benefits agreement.

Lucent Stock Options, Restricted Stock and Restricted Stock Units

Pursuant to the employee benefits agreement, Lucent stock-based awards held by our employees will be converted to our stock-based awards at the time of the distribution. These converted stock-based awards may relate to either our Class A common stock or our Class B common stock. As part of the conversion, we will multiply the number of shares purchasable under each converted stock option by a ratio determined at the time of the conversion and divide the exercise price per share of each option by the same ratio. The conversion ratio will be the closing price of Lucent common stock on the day of the distribution or if that day is not a trading day, the previous trading day, divided by the opening price of our common stock on the day after the distribution or if that day is not a trading day, on the next trading day.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

The number of shares of our common stock subject to each Lucent restricted stock award and Lucent restricted stock unit award will be determined by multiplying the number of shares of Lucent common stock subject to the original Lucent award by the same conversion ratio. The actual number of shares of our common stock subject to substituted awards will be determined at the time of the conversion. Based on the 42,467,215 Lucent stock options, 183,360 restricted shares of Lucent common stock, and 818,424 Lucent restricted stock units held by our employees on December 31, 2001, the following number of shares of our common stock would be subject to substituted awards after the conversion, assuming the prices for Agere and Lucent common stock shown below:

		Price of Lucent common stock	
		\$5	\$7
Price of Agere common stock	\$4	53,084,019 stock options 1,023,030 restricted stock units 229,200 restricted shares	74,317,626 stock options 1,432,242 restricted stock units 320,880 restricted shares
	\$5	42,467,215 options 818,424 restricted stock units 183,360 restricted shares	59,454,101 stock options 1,145,794 restricted stock units 256,704 restricted shares
	\$6	35,389,346 stock options 682,020 restricted stock units 152,800 restricted shares	49,545,084 stock options 954,828 restricted stock units 213,920 restricted shares

The number of shares of our common stock subject to substituted awards may vary significantly from the above number due to changes in the relative values of our common stock and Lucent common stock. Fractional shares will be rounded down to the nearest whole number of shares. The conversion will take place at the time of the distribution or, if earlier, at the time of a change of control of either Lucent or us. If the conversion takes place at the time of a change of control, the conversion ratio will be based on Lucent's stock price on the date of the final prospectus for our initial public offering and the initial public offering price for our Class A common stock. Generally, all other terms of the converted stock options, restricted stock and restricted stock units will remain the same as those in effect immediately prior to the conversion.

Trademark License Agreement, Trademark Assignment and Trade Dress Assignment

The primary trademarks used in the sale of our products and services were transferred to us, except for Lucent's name and logo and the Bell Laboratories name. We will retain the use of the Lucent name and logo, but not the Bell Laboratories name, on a royalty-free basis, for a transitional period and, after the expiration of the transitional period, only to the extent necessary to deplete pre-existing inventory. We may use the Lucent name together with the logo on:

- o products and packaging through April 1, 2002; and
- o advertising and promotion materials through April 1, 2002 in the United States and through July 1, 2002 outside the United States.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

We may use the Lucent name without the logo on:

- o products and packaging through September 30, 2002; and
- o advertising and promotional materials through July 1, 2002 in the United States and through January 1, 2003 outside the United States.

We and Lucent have entered into a Trademark License Agreement, Trademark Assignment and Trade Dress Assignment to effectuate the grant or transfer, as applicable, of such rights. Subject to conditions set forth in the agreements, we may also extend these rights to authorized dealers of our products.

Under the Trademark License Agreement, we have an obligation to comply with specified quality and customer care standards in connection with our use of the trademarks. Lucent may terminate the Trademark License Agreement in the

85

event of a change in control of our company.

Technology Assignment and Joint Ownership Agreement

We and Lucent have executed and delivered assignments and other agreements, including the technology assignment, related to technology currently owned or controlled by Lucent and its subsidiaries. Technology includes copyrights, mask works and other intellectual property other than trademarks, trade names, trade dress, service marks and patent rights. The technology assignment generally divides ownership of technology between us and Lucent, with each owning technology that was developed by or for, or purchased for, the respective businesses of each company. Other technology is owned jointly by us and Lucent.

Patent Assignments

We and Lucent have executed and delivered patent assignments and other agreements, related to patents currently owned or controlled by Lucent and its subsidiaries. The patent assignments divide ownership of patents, patent applications and foreign counterparts between us and Lucent. The ownership of patents was divided as follows. First, Agere Systems Guardian Corp. and Agere Systems Optoelectronics Guardian Corporation was each vested with ownership of and/or exclusive rights in patents previously held by Lucent that relate principally to our business. Then shares of Agere Systems Guardian Corp. and Agere Systems Optoelectronics Guardian Corporation were contributed to us under the Separation and Distribution Agreement. Lucent and its other subsidiaries retained ownership of all other patents and patent applications.

Patent and Technology License Agreement

We and some of our subsidiaries, and Lucent and some of its subsidiaries, have executed and delivered a Patent and Technology License Agreement, related to patents and technology currently owned or controlled by Lucent and its subsidiaries and us and our subsidiaries.

The Patent and Technology License Agreement provides for

Edgar Filing: AGERE SYSTEMS INC - Form S-1

cross-licenses to each company. We and Lucent, and our respective subsidiaries, granted to each other, under the patents that each of us has, a nonexclusive, personal, nontransferable license to make, have made, use, lease, import, offer to sell, and sell any and all products and services of the businesses in which the licensed company, including related companies, is now or hereafter engaged. The cross-licenses also permit each company, subject to limitations, to have third parties make items under the other company's patents, as well as to pass through to customers limited rights under the other company's patents with respect to products and services furnished to customers by the licensed company. Some patents were licensed exclusively to each party, including a right to grant sublicenses, subject to retention of a right to use these patents by the licensing party. Otherwise, the rights to sublicense to unaffiliated third parties were not granted under the cross-licenses, except for limited rights in connection with establishing second source suppliers performing joint development activities or rights to sublicense a divested business. The cross-licenses between us and Lucent cover all of each company's patents, including patents issued on patent applications with a filing date prior to February 1, 2003.

The Patent and Technology License Agreement also grants to us or our subsidiaries a joint ownership interest in some patents and patent applications, for example, patents and patent applications relating to MEMS technology.

The Patent and Technology License Agreement also provides for personal, worldwide, nonexclusive, and non-transferable cross-licenses to each company to designated technology existing as of the separation date. These rights include the right to copy, modify and improve any portion of the licensed technology. Subject to exceptions set forth in the agreement, no right was granted to sublicense any of the technology other than in connection with the sale or licensing of products. Subject to restrictions set forth in the agreement, this agreement further granted to us joint ownership rights in other designated technology. This agreement became effective as of January 31, 2001.

We believe that the intellectual property agreements between Lucent and us do not provide Lucent with sufficient intellectual property to compete with us. Specifically, the agreements assign to us the technology, which includes trade secrets, know-how, and copyrights, purchased or developed by or for our business. Except for limited exceptions, this technology is not licensed to Lucent. However, as indicated under "Risk Factors--Risks Related to Our Separation from Lucent--We may have potential business conflicts of interests with Lucent with respect to our past and ongoing relationships and, because of Lucent's controlling ownership, the resolution of these conflicts may not be on the most favorable terms to us," Lucent could either reestablish the competitive capability itself or work with a third party to establish a competitive capability. Thus, we believe that Lucent does not need access to our technology to become a competitor of ours.

Development Project Agreement

We and Lucent entered into a Development Project Agreement under which Bell Laboratories may perform some research and development activities on a contract basis for us. We will also perform some research and development activities for Lucent on a contingent basis. The fees paid under this agreement are expected to be comparable to those that would be agreed upon by unrelated parties. The agreement commenced on February 1, 2001, and will expire on

January 31, 2004. We and Lucent may extend this agreement for additional one-year periods with written mutual agreement. The agreement will terminate at any time if either we or Lucent materially breach the agreement, and fail to cure the default within 60 days after written notice has been given.

Joint Design Center Operating Agreement

We and Lucent entered into a Joint Design Center Operating agreement to develop technology for micro electro-mechanical systems, or MEMS. We and Lucent agreed to jointly fund, manage and staff the joint design center over the following three years. We and Lucent each have a one-half interest in the MEMS technical information owned by Lucent as of February 1, 2001. We and Lucent have granted each other a perpetual, nonexclusive, royalty-free license in our respective patents which issue from applications having an effective first filing date prior to February 1, 2003 to make and sell MEMS products. All joint patents, which are patents issued from any application filed with respect to any invention made jointly by us and Lucent while working on a joint design center product and conceived or reduced to practice during performance under the agreement, will be jointly owned by us and Lucent. We and Lucent will be free to use these jointly owned patents for any purpose and to license third parties under these patents. Some of these products may be manufactured exclusively for Lucent, subject to some restrictions, for a limited period following the first commercial availability of a product, on a case by case basis. The initial term of the agreement will expire on January 31, 2004. The agreement may be terminated for breach of material terms or by written notice of either party for convenience.

Tax Sharing Agreement

We and Lucent have entered into a Tax Sharing Agreement, effective February 1, 2001, which governs Lucent's and our respective rights, responsibilities and obligations after the distribution with respect to taxes for the periods ending on or before the distribution or, if earlier, the first date we are no longer a member of Lucent's consolidated group. Generally, pre-distribution taxes that are clearly attributable to the business of one party will be borne solely by that party, and other pre-distribution taxes will be shared by the parties based on a formula set forth in the Tax Sharing Agreement. In addition, the Tax Sharing Agreement addresses the allocation of liability for taxes that are incurred as a result of restructuring activities undertaken to implement the separation, the distribution or the exchange. Under the Tax Sharing Agreement, we are responsible for the first \$50 million of any taxes attributable to these restructuring activities, and for 14% of any amount of these taxes in excess of \$50 million. However, if the distribution fails to qualify as a tax-free distribution under Section 355 of the Internal Revenue Code because of an acquisition of our stock or assets, or some other actions of ours, then we will be solely liable for any resulting corporate taxes.

On March 14, 2001, Lucent received a private letter ruling from the Internal Revenue Service holding that the separation and distribution will generally be tax-free, based on the assumptions and representations set forth in the ruling. The ruling did not address some aspects of the separation, including actions undertaken to transfer the non-U.S. portions of our business to us. The effectiveness of the ruling is conditioned on

Edgar Filing: AGERE SYSTEMS INC - Form S-1

completion of the spin-off by June 30, 2002.

The amount of tax liability we expect to pay under the Tax Sharing Agreement with respect to taxes incurred as a result of restructuring activities, including taxes attributable to the restructuring of the non-U.S. portions of our business, is included in the costs, fees and expenses we will incur relating to our separation from Lucent and our initial public offering. For a discussion of these costs, fees and expenses, please see "Management's Discussion and Analysis of Financial Condition and Results of Operations--Overview--Restructuring and Separation Expenses and Inventory Provision."

Under U.S. federal income tax laws, we and Lucent are jointly and severally liable for Lucent's federal income taxes attributable to the periods prior to and including the most recent taxable year of Lucent, which ended on September 30, 2001. This means that if Lucent fails to pay the taxes attributable to it under the Tax Sharing Agreement for periods prior to and including the current taxable year of Lucent, we may be liable for any part of, including the whole amount of, these tax liabilities.

Real Estate Agreements

Lucent's real estate has been divided between Lucent and us. After the separation, we acquired outright approximately 80 of Lucent's real estate locations. These 80 locations comprised 7.8 million square feet. We and Lucent also continue to share some current work locations for our respective work forces. The shared locations are approximately 12 of Lucent's real estate locations. Approximately 50% of these shared locations continue to be owned by Lucent; the remaining 50% continue to be leased commercially. As a result of the announced consolidation of our Pennsylvania and New Jersey facilities and other activities, the majority of the locations currently shared with Lucent will no longer be occupied by Agere.

Generally, ownership of Lucent's buildings and assignment of commercially leased buildings was divided between Lucent and us based on which company was the primary user of the respective building. Based on that allocation method, Lucent was our landlord or sublandlord for approximately 541,000 square feet of space. The terms of our leases and subleases from Lucent ranged initially from one month to 36 months depending on the location. The initial total monthly cost of leasing these facilities from Lucent was approximately \$1.8 million.

A standard form of lease and a standard form of sublease based on commercial models and comparable to arm's-length agreements were employed. Subleases for space in commercially leased locations had varying terms generally to match the terms of the underlying leases. All commercial landlord charges, such as rent, additional rent, building services and taxes paid directly by Lucent as the sublandlord, were based on the proportionate share of space occupied by us as the subtenant and marked up by a management fee payable to Lucent intended to cover the costs of administering the sublease. Any other building services provided by Lucent to us were at cost plus an administrative fee, increased annually to match the consumer price index.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

The lease terms for space in owned buildings were determined on a case by case basis. In general, rent in owned buildings was at market price for comparable tenants. Real estate taxes were allocated proportionately to us as the tenant, subject to a management fee. Any building services provided by Lucent as the landlord were at cost plus an administrative fee, increased annually to match the consumer price index.

All necessary leases and subleases for transitional shared real estate became effective February 1, 2001. We were responsible for our proportionate share of the full lease obligation in both owned buildings and commercially leased buildings, except that:

- o for space occupied by us equal to or less than 5 percent of the total space, not to exceed 5,000 square feet, we could cancel the lease or sublease on 90-day written notice without further liability; and
- o for space occupied by us equal to or less than 5 percent of the total space, not to exceed 15,000 square feet, we or Lucent could cancel the lease or sublease on nine months' written notice without further liability.

Other Agreements

We and Lucent will continue the existing State and Local Income Tax Allocation Agreement and the existing federal Tax Allocation Agreement by and among Lucent and its subsidiaries. These tax agreements govern the allocation of state, local and federal income taxes for periods during which we were a member of Lucent's consolidated group. Aside from the Tax Allocation Agreement, under U.S. federal income tax laws, we are jointly and severally liable for Lucent's federal income tax liabilities relating to the taxable periods prior to and including the most recent taxable year of Lucent, which ended on September 30, 2001. In addition, after the separation, we became a party to Lucent's two existing collective bargaining agreements. See "Business--Employees" for a description of these collective bargaining agreements and how they will operate after the separation.

Historical Transactions

Revenue from products sold to Lucent was \$606 million, \$1,002 million and \$955 million, in fiscal 2001, 2000 and 1999, respectively. Included in these amounts are revenues of \$65 million and \$82 million in fiscal 2000 and 1999, respectively, from sales to Avaya, which was the enterprise networks business of Lucent until its spin-off from Lucent on September 30, 2000. Sales to Avaya after that date are not considered transactions with Lucent. Products purchased from Lucent were \$22 million, \$23 million and \$1 million for fiscal 2001, 2000 and 1999, respectively. In addition, Lucent billed us \$23 million, \$67 million and \$49 million for fiscal 2001, 2000 and 1999, respectively, for specific research and development projects related to our businesses.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

The following table sets forth information regarding the beneficial ownership of our common stock as of November 1, 2001 for:

- o each owner of more than 5% of any class of our common stock;
- o each of our directors and the named executive officers; and
- o all directors and executive officers as a group.

To our knowledge, each person, along with his or her spouse, has sole voting and investment power over the shares unless otherwise noted. Information in the table is as of the latest reports by those entities received by us. Each director and executive officer's address is c/o Agere Systems Inc., 555 Union Boulevard, Allentown, PA 18109, except the address for Lucent Technologies Inc., Mr. D'Amelio, Mr. Schacht, and Mr. Young is c/o Lucent Technologies Inc., 600 Mountain Avenue, Murray Hill, NJ 07974.

Name of Beneficial Owner	Class A Common Stock(1) (2)		Class B Common Stock	
	Percent of Class		Percent of Class	
-----	No. of Shares	Percent of Class	No. of Shares	Percent of Class
-----	-----	-----	-----	-----
Five Percent Stockholders:				
Lucent Technologies Inc. (3).....	37,000,000 (4)	5.1%	908,100,000	100%
Security ownership of management (6):				
Harold A. Wagner.....	5,000	*	0	*
Frank A. D'Amelio(7).....	0	*	0	*
John T. Dickson.....	100	*	0	*
Rajiv L. Gupta.....	2,000	*	0	*
Henry B. Schacht(7).....	0	*	0	*

All directors and executive officers as a group (12 persons).....	30,250	*	0	*

* Represents less than one percent.

(1) Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and generally includes voting or investment power with respect to securities. Shares of common stock subject to options that are exercisable or will become exercisable within 60 days of November 1, 2001 into shares of our common stock are deemed to be outstanding and to be beneficially owned by the person holding the options for the purpose of computing the percentage ownership of the person, but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

(2) Excludes an equal amount of Class A common stock into which Class B common stock are convertible. The Class B common stock held by Lucent represented on a converted basis 55.5% of the Class A common stock.

(3) As a result of the pledge of these shares under the Lucent credit

Edgar Filing: AGERE SYSTEMS INC - Form S-1

facilities, the lenders under those facilities might, in the event of a default under the facilities by Lucent, have a right to become beneficial owners, with voting and investment power, of the shares held by Lucent.

- (4) Excludes the Class A common stock into which the Class B common stock held by Lucent is convertible on a share-for-share basis. The Class B common stock held by Lucent represented on a converted basis 55.5% of the Class A common stock that would be outstanding after conversion.
- (5) Represents approximately 84.2% of the combined voting power of both classes of our common stock with respect to the election and removal of directors and approximately 57.8% of the voting power of our outstanding common stock with respect to all other matters.
- (6) Please see "Management--Lucent Stock Ownership of Directors and Executive Officers" for discussion of Lucent common stock and options beneficially owned by our executive officers and directors. We expect that stock options, restricted stock units and deferred shares of common stock will be converted to awards based on our common stock at the time of the distribution.
- (7) The shares of our Class A common stock and Class B common stock beneficially owned by Lucent have not been included in the table as beneficially owned by these individuals. Messrs. D'Amelio, Schacht and Young all disclaim any beneficial ownership of such shares.

89

CERTAIN INDEBTEDNESS

Lucent borrowed approximately \$2,500 million of short-term debt under a credit facility that we assumed on April 2, 2001, upon completion of our initial public offering. We did not receive any of the proceeds of this short-term debt. Upon the completion of our initial public offering, Lucent was relieved of all obligations related to this short-term debt. On October 4, 2001, we amended and restated the credit agreement governing the credit facility, and in connection therewith permanently repaid \$1,000 million of short-term debt under the facility.

In addition to the repayment made in connection with the October 4, 2001 amendment and restatement of our credit facility, during the three months ended December 31, 2001, we completed transactions as a result of which we permanently reduced our credit facility by \$123 million. The proceeds for the repayments were generated as follows: \$50 million from the sale of an available-for-sale investment, \$67 million from the sale of our manufacturing facility and related equipment located in Spain and \$6 million from various sale and leaseback transactions. These payments reduced the balance outstanding under the credit facility on December 31, 2001 to \$1,377 million. As of December 31, 2001, our net cash position, or the amount by which our cash and cash equivalents exceeded our short term debt, was \$388 million.

On January 18, 2002, we completed the sale of certain assets and liabilities related to our FPGA business to Lattice Semiconductor Corporation for \$250 million in cash, as described in "Recent Developments--FPGA Sale." The net cash proceeds from the sale were used to permanently reduce our credit facility in accordance with the terms of the credit facility agreement. As of

Edgar Filing: AGERE SYSTEMS INC - Form S-1

January 24, 2002, following this repayment and the repayment of \$24 million from additional sale and leaseback transactions, \$1,103 million was outstanding under our credit facility.

The facility is comprised of term loans and revolving credit loans and is secured by our principal domestic assets other than the proceeds of our initial public offering and, while Lucent remains a majority stockholder, real estate. The maturity date of the facility has been extended from February 22, 2002 to September 30, 2002. In addition, if we raise at least \$500 million in equity or debt capital markets transactions before September 30, 2002, or \$ million after giving effect to this offering, the maturity date of the facility will be extended to September 30, 2004, with the facility required to be reduced to \$750 million on September 30, 2002 and \$500 million on September 30, 2003. Under the credit agreement governing the credit facility, we must use proceeds of certain liquidity raising transactions, asset sales outside the ordinary course of business and capital markets transactions (including this offering) to reduce the size of the facility. If we complete the liquidity raising transactions or sell assets outside the ordinary course of business, we must apply 100% (50% if the size of the facility is \$500 million or less) of the net cash proceeds we receive from the transactions to reduce the size of the facility. The agreement also provides that 50% of the net cash proceeds of the first \$500 million and 75% (50% if the size of the facility is \$500 million or less) of the net cash proceeds greater than \$500 million from equity and debt capital markets transactions be applied to reduce the credit facility. Notwithstanding the foregoing, we must apply 100% of net cash proceeds over \$1,000 million from the issuance of debt securities that are secured equally with the credit facility to reduce the size of the credit facility. The debt is not convertible into any other Agere securities.

Interest rates on borrowings under the credit facility are based on the applicable LIBOR rate, or at our election the prime rate, in each case plus a spread that will vary depending on our credit rating and whether we make the additional \$ million repayment of the debt, as described below. For a balance of \$1,000 million outstanding under the credit facility for an entire year, a one percentage point increase in the average interest rate on the obligations, also effective for an entire year, would increase pre-tax interest expense, and reduce pre-tax income, by \$10 million. For our current rating of BB- from Standard & Poor's and Ba3 from Moody's, the interest rate under the credit facility is the applicable LIBOR rate plus 400 basis points. In addition, prior to the repayment and reduction of the facility to \$1,000 million (requiring an incremental repayment of \$ million after giving effect to the repayment described above), the interest rate increases 25 basis points every ninety days from February 22, 2001. Therefore, the current interest rate is the applicable LIBOR rate plus 475 basis points, with the next increase to take effect on February 17, 2002. The weighted average interest rate at September 30, 2001 was 7.11%. Upon repayment of and reduction of the facility to \$1,000 million, the interest rates on the borrowings, assuming our credit ratings remain the same, would return to the applicable LIBOR rate plus 400 basis points.

As discussed above, we are required from time to time to permanently repay portions of the credit facility, which we expect to replace with additional debt capital market transactions or other types of new financing. However, we cannot assure you that such additional financing will be available on acceptable terms, with lower interest rates than the credit facility, or at all.

The credit agreement governing the credit facility contains certain restrictions on our activities, including covenants limiting our

Edgar Filing: AGERE SYSTEMS INC - Form S-1

ability to:

- o incur indebtedness at the subsidiary or parent level;
- o incur or permit to exist liens or security interests on our assets;
- o merge or consolidate with another entity or sell all or substantially all of our assets;

90

- o make investments in non-affiliates and certain of our subsidiaries;
- o make or declare dividends on our capital stock;
- o consummate certain transactions with our affiliates; and
- o consummate certain sale and leaseback or collateralized mortgage obligation transactions.

In addition, we are required to satisfy certain financial covenants under the terms of the credit facility. These covenants specify minimum liquidity, minimum consolidated EBITDA, minimum consolidated net worth and maximum capital expenditures at given points in time.

91

DESCRIPTION OF INVESTMENT UNITS

Each investment unit consists of one note in the principal amount of \$500 and put rights. SHARCS Trust I, a newly created Delaware business trust, will purchase all the investment units from us. On July 15, 2007, or on an earlier date if accelerated, we will pay the trust for each put right it then holds the amount, if any, by which \$ exceeds the average closing or sale price of a share of Agere common stock during the 20-trading day period preceding such date. The put rights are not transferable and cannot be held or exercised by anyone other than SHARCS Trust I.

The trust has advised us that:

- o it will also purchase shares of our common stock in private transactions or in the open market;
- o it will issue "SHARCS," which are securities that represent all of the beneficial interest in the trust; and
- o holders of SHARCS will have the right upon the occurrence of certain events to exchange their SHARCS prior to the maturity of the notes for the underlying notes and shares of common stock.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

This prospectus is not an offer to sell the SHARCS. The trust has filed a registration statement with the SEC relating to the SHARCS.

92

DESCRIPTION OF NOTES

The following description sets forth certain terms of the notes. The notes, which form a part of the investment units, will be initially owned by SHARCS Trust I. In the event a SHARCS holder exchanges one or more SHARCS, the notes to be distributed to the holder of the SHARCS will be separated from the put rights. The notes will be issued under an indenture to be dated as of , 2002 between Agere and , as indenture trustee. The terms of the notes include those expressly set forth in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended.

This description of notes is intended to be a useful overview of the material provisions of the notes and the indenture. Since this description is only a summary, you should refer to the indenture for a complete description of the obligations of Agere and your rights.

You will find the definitions of capitalized terms used in this description under the heading "Certain Definitions." For purposes of this description, references to "Agere" refer only to Agere Systems Inc., and not to its subsidiaries.

General

The Notes

The notes will:

- o be general unsecured, senior subordinated obligations of Agere;
- o constitute a series of notes issued under the indenture and will be initially limited to an aggregate principal amount of \$200 million;
- o mature on July 15, 2007;
- o be issued in denominations of \$500 and whole multiples of \$500; and
- o be subordinate in right of payment to all existing and future Senior Indebtedness of Agere.

Interest

Interest on the notes will:

- o accrue at the rate of % per year;
- o accrue from the date of issuance or the most recent interest

Edgar Filing: AGERE SYSTEMS INC - Form S-1

payment date;

- o be payable in cash semi-annually in arrears on January 15 and July 15, commencing on July 15, 2002;
- o be payable to the holders of record on the January 1 and July 1 immediately preceding the related interest payment dates; and
- o be computed on the basis of a 360-day year comprised of twelve 30-day months.

Optional Redemption

The notes will be redeemable for cash, at Agere's option, at any time in whole, but not in part, at a price equal to the greater of:

- o 100% of the principal amount of the notes to be redeemed; and
- o the sum of the present values of the remaining scheduled payments on the notes to be redeemed consisting of principal and interest, exclusive of interest accrued to the date of redemption, discounted to the date of redemption on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the applicable Treasury Yield plus basis points plus accrued interest to the date of redemption.

The notes called for redemption become due on the date fixed for redemption. Notices of redemption will be mailed by first-class mail at least 30 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address. The notice of redemption for the notes will state the amount to be redeemed. On

93

and after the redemption date, interest will cease to accrue on any notes that are redeemed. If less than all the notes are redeemed at any time, the indenture trustee will select notes on a pro rata basis or by any other method the indenture trustee deems fair and appropriate.

For purposes of determining the optional redemption price, the following definitions are applicable:

"Comparable Treasury Issue" means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the notes that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining terms of the notes.

"Comparable Treasury Price" means, with respect to any redemption date:

- o the average of the bid and the asked prices for the Comparable Treasury Issue, expressed as a percentage of its

Edgar Filing: AGERE SYSTEMS INC - Form S-1

principal amount, at 4:00 p.m. on the third business day preceding that redemption date, as set forth on "Telerate Page 500," or such other page as may replace Telerate Page 500; or

- o if Telerate Page 500, or any successor page, is not displayed or does not contain bid and/or asked prices for the Comparable Treasury Issue at that time, the average of the Reference Treasury Dealer Quotations obtained by the indenture trustee for that redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or, if the indenture trustee is unable to obtain at least four such Reference Treasury Dealer Quotations, the average of all Reference Treasury Dealer Quotations obtained by the indenture trustee.

"Independent Investment Banker" means either Salomon Smith Barney Inc. or J.P. Morgan Securities Inc., as selected by Agere or, if both such firms are unwilling or unable to select the applicable Comparable Treasury Issue, an independent investment banking institution of national standing appointed by the indenture trustee and reasonably acceptable to Agere.

"Reference Treasury Dealer" means Salomon Smith Barney Inc. and J.P. Morgan Securities Inc. and their respective successors and three other primary U.S. government securities dealers in New York City selected by the Independent Investment Banker (each, a "Primary Treasury Dealer"); provided, however, that if any of the foregoing shall cease to be a Primary Treasury Dealer, Agere shall substitute therefore another Primary Treasury Dealer.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date for the notes, an average, as determined by the indenture trustee, of the bid and asked prices for the Comparable Treasury Issue for the notes, expressed in each case as a percentage of its principal amount, quoted in writing to the indenture trustee by the Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding the redemption date.

"Treasury Yield" means, with respect to any redemption date applicable to the notes, the rate per year equal to the semiannual equivalent yield to maturity, computed as of the third business day immediately preceding the redemption date, of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue, expressed as a percentage of its principal amount, equal to the applicable Comparable Treasury Price for the redemption date.

Except as set forth above, the notes will not be redeemable by Agere prior to maturity and will not be entitled to the benefit of any sinking fund.

Ranking and Subordination

The payment of the principal of, premium, if any, and interest on the notes and any other payment obligations in respect of the notes (including any obligation to repurchase the notes) will be subordinated to the prior payment in full in cash or Cash Equivalents when due of all Senior Indebtedness of Agere. However, payment from the money or the proceeds of U.S. Government Obligations held in any defeasance trust (as described under "Defeasance" below) is not subordinate to any Senior Indebtedness or subject to these restrictions.

As a result of the subordination provisions described below, in

Edgar Filing: AGERE SYSTEMS INC - Form S-1

the event of an insolvency, bankruptcy, reorganization, receivership or similar proceeding relating to Agere, the holders of all Senior Indebtedness will first be entitled to receive payment in full before the holders of the notes will be entitled to receive any payment upon the principal of or premium, if any, or interest on the notes. In addition, holders of Senior Indebtedness may receive more, ratably, and holders of the notes may receive less, ratably, than other creditors of Agere. Moreover, the notes will be structurally subordinated to the liabilities of the subsidiaries of Agere.

94

As of , 2002, after giving effect to this offering:

- o Agere would have had \$ in Senior Indebtedness, including the Indebtedness under the Existing Credit Facility;
- o Agere would have had no Senior Subordinated Indebtedness other than the notes; and
- o Agere's subsidiaries would have had \$ in Indebtedness, which would have been effectively senior to the notes.

Although the indenture will limit the amount of indebtedness that Agere and its Restricted Subsidiaries may incur, such indebtedness may be substantial and all of it may be Senior Indebtedness.

"Senior Indebtedness" means, with respect to any Person, whether outstanding on the Issue Date or thereafter Incurred, all Indebtedness of such Person, including accrued and unpaid interest (including interest accruing on or after the filing of any petition in bankruptcy or for reorganization relating to such Person at the rate specified in the documentation with respect thereto whether or not a claim for post filing interest is allowed in such proceeding) and fees relating thereto; provided, however, that Senior Indebtedness will not include:

- (1) any Indebtedness which, in the instrument creating or evidencing the same or pursuant to which the same is outstanding, it is provided that the obligations in respect of such Indebtedness are not superior in right of, or are subordinate to, payment of the notes;
- (2) any obligation of such Person to any Subsidiary;
- (3) any liability for federal, state, foreign, local or other taxes owed or owing by such Person;
- (4) any accounts payable or other liability to trade creditors arising in the ordinary course of business;
- (5) any Indebtedness, Guarantee or obligation of such Person that is expressly subordinate or junior in right of payment to any other Indebtedness, Guarantee or obligation of such Person, including, without limitation, any Senior Subordinated Indebtedness and any Subordinated Obligations;
or

Edgar Filing: AGERE SYSTEMS INC - Form S-1

(6) any Capital Stock.

Only Indebtedness of Agere that is Senior Indebtedness will rank senior to the notes. The notes will in all respects rank equally with all other Senior Subordinated Indebtedness of Agere, if any. As described under "Certain Covenants--Limitation on Layering," Agere may not incur any Indebtedness that is senior in right of payment to the notes, but junior in right of payment to Senior Indebtedness. Unsecured Indebtedness is not deemed to be subordinate or junior to Secured Indebtedness merely because it is unsecured.

Agere may not pay principal of, premium, if any, or interest on, or other payment obligations in respect of, the notes or make any deposit pursuant to the provisions described under "Defeasance" below and may not otherwise purchase, redeem or retire any notes (collectively, "pay the notes") if:

- (1) any Senior Indebtedness is not paid when due in cash or Cash Equivalents; or
- (2) any other default on Senior Indebtedness occurs and the maturity of such Senior Indebtedness is accelerated in accordance with its terms unless, in either case, the default has been cured or waived and any such acceleration has been rescinded or such Senior Indebtedness has been paid in full in cash or Cash Equivalents.

However, Agere may pay the notes if Agere and the indenture trustee receive written notice approving such payment from the Representative of the Senior Indebtedness with respect to which either of the events set forth in clause (1) or (2) of the immediately preceding sentence has occurred and is continuing.

Agere also will not be permitted to pay the notes for a Payment Blockage Period (as defined below) during the continuance of any default, other than a default described in clause (1) or (2) of the preceding paragraph, on any Designated Senior Indebtedness that permits the holders of the Designated Senior Indebtedness to accelerate its maturity immediately without either further notice (except such notice as may be required to effect such acceleration) or the expiration of any applicable grace periods.

A "Payment Blockage Period" commences on the receipt by the indenture trustee (with a copy to Agere) of written notice (a "Blockage Notice") of a default of the kind described in the immediately preceding paragraph from the

95

Representative of the holders of such Designated Senior Indebtedness specifying an election to effect a Payment Blockage Period and ends 179 days thereafter. The Payment Blockage Period will end earlier if such Payment Blockage Period is terminated:

- (1) by written notice to the indenture trustee and Agere from the Person or Persons who gave such Blockage Notice;

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- (2) because the default giving rise to such Blockage Notice is no longer continuing; or
- (3) because such Designated Senior Indebtedness has been repaid in full.

Agere may resume payments on the notes after the end of the Payment Blockage Period, unless the holders of such Designated Senior Indebtedness or the Representative of such holders have accelerated the maturity of such Designated Senior Indebtedness. Not more than one Blockage Notice may be given in any consecutive 360-day period, irrespective of the number of defaults with respect to Designated Senior Indebtedness during such period, except that if any Blockage Notice is delivered to the indenture trustee by or on behalf of holders of Designated Senior Indebtedness (other than holders of the Bank Indebtedness), a Representative of holders of Bank Indebtedness may give another Blockage Notice within such period. However, in no event may the total number of days during which any Payment Blockage Period or Periods is in effect exceed 179 days in the aggregate during any consecutive 360-day period, and there must be 181 days during any consecutive 360-day period during which no Payment Blockage Period is in effect.

In the event of:

- (1) a total or partial liquidation or a dissolution of Agere;
- (2) a reorganization, bankruptcy, insolvency, receivership or similar proceeding relating to Agere or its property; or
- (3) an assignment for the benefit of creditors or marshaling of Agere's assets and liabilities, then

the holders of Senior Indebtedness will be entitled to receive payment in full in cash or Cash Equivalents in respect of Senior Indebtedness (including interest accruing after, or which would accrue but for, the commencement of any proceeding at the rate specified in the applicable Senior Indebtedness, whether or not a claim for such interest would be allowed) before the holders of the notes will be entitled to receive any payment or distribution, in the event of any payment or distribution of the assets or securities of Agere. In addition, until the Senior Indebtedness is paid in full in cash or Cash Equivalents, any payment or distribution to which holders of the notes would be entitled but for the subordination provisions of the indenture will be made to holders of the Senior Indebtedness as their interests may appear. If a payment or distribution is made to holders of the notes that, due to the subordination provisions, should not have been made to them, such holders are required to hold it in trust for the holders of Senior Indebtedness and pay it over to them as their interests may appear.

If payment of the notes is accelerated because of an Event of Default, Agere or the indenture trustee will promptly notify the holders of the Designated Senior Indebtedness or the Representative of such holders of the acceleration. Agere may not pay the notes until five Business Days after such holders or the Representative of the Designated Senior Indebtedness receives notice of such acceleration and, thereafter, may pay the notes only if the subordination provisions of the indenture otherwise permit payment at that time.

Indenture May Be Used For Additional Issuances

If a trust other than SHARCS Trust I issues additional SHARCS,

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Agere may, without the consent of existing note holders, create and issue additional notes having the same terms and conditions as the notes in all respects, except for Issue Date and, if applicable, the first payment of interest thereon; provided, however, that Agere will be permitted to issue such additional notes only if at the time of, and after giving effect to, such issuance it is in compliance with the covenants contained in the indenture. Additional notes issued in this manner will be consolidated with and will form a single series with the previously outstanding notes. Notwithstanding the foregoing, if another trust issues SHARCS, such SHARCS will not be related to the SHARCS issued by the SHARCS Trust I.

Change Of Control

If a Change of Control occurs, each holder of a note will have the right to require Agere to repurchase all or any part (equal to \$500 or a whole multiple thereof) of such holder's notes at a purchase price in cash equal to 101% of the principal amount of the notes plus accrued and unpaid interest, if any, to, but not including, the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

96

Within 30 days following any Change of Control, Agere will mail a notice (the "Change of Control Offer") to each holder of a note with a copy to the indenture trustee stating:

- (1) that a Change of Control has occurred and that such holder has the right to require Agere to purchase such holder's notes at a purchase price in cash equal to 101% of the principal amount of such notes plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on a record date to receive interest on the relevant interest payment date) (the "Change of Control Payment");
- (2) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed) (the "Change of Control Payment Date"); and
- (3) the procedures determined by Agere, consistent with the indenture, that a holder must follow in order to have its notes repurchased.

On the Change of Control Payment Date, Agere will, to the extent lawful:

- (1) accept for payment all notes or portions of notes (in whole multiples of \$500) properly tendered under the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes so tendered; and
- (3) deliver or cause to be delivered to the indenture trustee the notes so accepted together with an Officers' Certificate

Edgar Filing: AGERE SYSTEMS INC - Form S-1

stating the aggregate principal amount of notes or portions of notes being purchased by Agere.

A holder of SHARCS who wishes to exercise the right to require Agere to repurchase upon the occurrence of a Change of Control must first exchange its SHARCS early. At the time the notes and common stock are distributed to such holder, such holder will surrender all rights under the put option agreement corresponding to such exchanged SHARCS, unless the put rights were previously accelerated.

The Change of Control provisions described above will be applicable whether or not any other provisions of the indenture are applicable. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the holders to require that Agere repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

Agere will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by Agere and purchases all notes validly tendered and not withdrawn under such Change of Control Offer.

Agere will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of the indenture, Agere will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations described in the indenture by virtue of the conflict.

Agere's ability to repurchase notes pursuant to a Change of Control Offer may be limited by a number of factors. The occurrence of an event that constitutes a Change of Control would constitute an event of default under the Existing Credit Facility. In addition, certain events that may constitute a change of control under the Existing Credit Facility and cause an event of default thereunder may not constitute a Change of Control under the indenture. Future Indebtedness of Agere and its subsidiaries may also contain prohibitions of certain events that would constitute a Change of Control or require such Indebtedness to be repurchased upon a Change of Control. Moreover, the exercise by the holders of their right to require Agere to repurchase the notes could cause a default under such Indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on Agere. Finally, Agere's ability to pay cash to the holders upon a repurchase may be limited by Agere's then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases.

The Change of Control provisions described above may deter certain mergers, tender offers and other takeover attempts involving Agere by increasing the capital required to effectuate such transactions. The definition of "Change of Control" includes a disposition of all or substantially all of the property and assets of Agere and its Restricted Subsidiaries taken as a whole to any Person. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of "all or substantially all" of the property or assets of a Person. As a result,

it may be unclear as to whether a Change of Control has occurred and whether a holder of notes may require Agere to make an offer to repurchase the notes as

97

described above.

Certain Covenants

The indenture contains covenants, including, among others, those summarized below. Following the first day (the "Suspension Date") that:

- (a) the notes have an Investment Grade Rating from both of the Rating Agencies, and
- (b) no Default has occurred and is continuing under the indenture,

Agere and its Restricted Subsidiaries will not be subject to the provisions of the indenture summarized below under:

- o "--Limitation on Indebtedness;"
- o "--Limitation on Restricted Payments;"
- o "--Limitation on Restrictions on Distributions from Restricted Subsidiaries;"
- o "--Limitation on Sales of Assets and Subsidiary Stock;"
- o "--clause (3) of the first paragraph under "-Merger and Consolidation;"
- o "--Limitation on Affiliate Transactions;"
- o "--Limitation on Lines of Business;"
- o "--Future Subsidiary Guarantors;" and
- o "--Events of Default" to the extent it relates to the covenants that are suspended

(collectively, the "Suspended Covenants"). In addition, the Subsidiary Guarantees, if any, will be suspended as of the Suspension Date. In the event that Agere and its Restricted Subsidiaries are not subject to the Suspended Covenants for any period of time as a result of the preceding sentence, and on any subsequent date (the "Reversion Date") one or both of the Rating Agencies withdraws its Investment Grade Rating or downgrades the rating assigned to the notes below an Investment Grade Rating, then Agere and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants with respect to events commencing on that date or thereafter and the Subsidiary Guarantees will be reinstated. The period of time between the Suspension Date and the Reversion Date is referred to in this description as the "Suspension Period." Notwithstanding that the Suspended Covenants may be reinstated, no Default will be deemed to have occurred as a result of any event that occurred during the Suspension

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Period.

On the Reversion Date, all Indebtedness Incurred during the Suspension Period will be classified to have been Incurred pursuant to paragraph (a) of "--Limitation on Indebtedness" or one of the clauses set forth in paragraph (b) of "--Limitation on Indebtedness" (to the extent such Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to Indebtedness Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness would not be so permitted to be Incurred pursuant to paragraph (a) or (b) of "--Limitation on Indebtedness," such Indebtedness will be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (3) of paragraph (b) of "--Limitation on Indebtedness."

Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under "--Limitation on Restricted Payments" will be made as though the covenant described under "--Limitation on Restricted Payments" had been in effect since the date the notes were originally issued and throughout the Suspension Period. Accordingly, Restricted Payments made during the Suspension Period will reduce the amount available to be made as Restricted Payments under the first paragraph of "--Limitation on Restricted Payments" and the items specified in subclauses (c) (i) through (c) (iv) of the first paragraph of "--Limitation on Restricted Payments" will increase the amount available to be made under the first paragraph.

For purposes of determining compliance with the first and second paragraphs of "--Limitation on Sales of Assets and Subsidiary Stock," on the Reversion Date, the Net Available Cash from all Asset Dispositions not applied in accordance with the covenant will be deemed to be reset to zero.

Limitation on Indebtedness

(a) Agere will not, and will not permit any of its Restricted Subsidiaries to, Incur any Indebtedness; provided, however, that Agere or any of its Restricted Subsidiaries that is a Subsidiary Guarantor may Incur Indebtedness if, on the date of such Incurrence and after giving effect thereto, the Consolidated Coverage Ratio for Agere and its Restricted

98

Subsidiaries would be at least (a) 1.75 to 1.00, if such Indebtedness is Incurred on or prior to the second anniversary of the Issue Date and (b) 2.00 to 1.00, if such Indebtedness is Incurred thereafter.

(b) Notwithstanding the forgoing paragraph (a), Agere and the Restricted Subsidiaries may incur the following Indebtedness:

- (1) Indebtedness of Agere and its Restricted Subsidiaries Incurred pursuant to (i) the Existing Credit Facility and (ii) a Bond Issuance (as defined in the Existing Credit Facility) (other than the notes), in an aggregate principal amount outstanding not to exceed \$1.5 billion less the aggregate principal amount of repayments of the Existing Credit Facility with the proceeds from Asset Dispositions; provided, that repayments of principal amount outstanding

Edgar Filing: AGERE SYSTEMS INC - Form S-1

under the Existing Credit Facility with the cash proceeds, if any, from the two dispositions described in clauses (12) and (13) of the definition of "Asset Disposition" shall be excluded for purposes of calculating the aggregate principal amount permitted to be outstanding for this clause (1);

- (2) Indebtedness of Agere owing to and held by any Restricted Subsidiary (other than a Securitization Entity) or Indebtedness of a Restricted Subsidiary owing to and held by Agere or any Restricted Subsidiary (other than a Securitization Entity); provided, however,
 - (a) any subsequent issuance or transfer of Capital Stock or any other event which results in any such Indebtedness being beneficially held by a Person other than Agere or a Restricted Subsidiary (other than a Securitization Entity); and
 - (b) any sale or other transfer of any such Indebtedness to a Person other than Agere or a Restricted Subsidiary (other than a Securitization Entity)

shall be deemed, in each case, to constitute an Incurrence of such Indebtedness by Agere or such Subsidiary, as the case may be;

- (3) Indebtedness (a) represented by the notes, (b) outstanding on the Issue Date (other than the Indebtedness described in clauses (1), (2), (6), (8), (9), (10) and (12)) or (c) consisting of Refinancing Indebtedness Incurred in respect of any Indebtedness described in this clause (3) or Incurred pursuant to paragraph (a) of this covenant;
- (4) (A) Indebtedness of a Restricted Subsidiary Incurred and outstanding on the date on which such Restricted Subsidiary was acquired by Agere (other than Indebtedness Incurred (a) to provide all or any portion of the funds utilized to consummate the transaction or series of related transactions pursuant to which such Restricted Subsidiary became a Restricted Subsidiary or was otherwise acquired by Agere or (b) otherwise in connection with, or in contemplation of, such acquisition); provided, however, that at the time such Restricted Subsidiary is acquired by Agere, Agere would have been able to Incur at least \$1.00 of additional Indebtedness under paragraph (a) of this covenant after giving effect to the Incurrence of such Indebtedness pursuant to this clause (4) and (B) Refinancing Indebtedness Incurred by a Restricted Subsidiary in respect of Indebtedness Incurred by such Restricted Subsidiary pursuant to this clause (4);
- (5) (A) Indebtedness under Hedging Obligations; provided, that in the case of (a) Currency Agreements, such Currency Agreements are related to business transactions of Agere or its Restricted Subsidiaries entered into in the ordinary course of business; and (b) Currency Agreements and Interest Rate Agreements, such Currency Agreements and Interest Rate Agreements are entered into for bona fide hedging purposes of Agere or its Restricted Subsidiaries (as determined in good faith by the Board of Directors or senior management of Agere) and substantially correspond in terms of notional amount, duration, currencies and interest rates, as applicable, to Indebtedness of Agere or its Restricted

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Subsidiaries Incurred without violation of the indenture;

- (6) the Incurrence by Agere or any of its Restricted Subsidiaries of Indebtedness represented by Capitalized Lease Obligations, mortgage financings or purchase money obligations with respect to assets other than Capital Stock or other Investments, in each case Incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvements of property used in the business of Agere or such Restricted Subsidiary, Attributable Indebtedness, Indebtedness represented by Capitalized Lease Obligations and Indebtedness pursuant to CMO Transactions, and any Refinancing Indebtedness in respect thereof, in an aggregate principal amount not to exceed 15% of Agere's Consolidated Net Tangible Assets at any time outstanding;
 - (7) Indebtedness incurred in respect of workers' compensation claims, trade letters of credit, standby letters of credit, self-insurance obligations, performance, surety and similar bonds and completion guarantees provided by Agere or a Restricted Subsidiary in the ordinary course of business;
- 99
- (8) Indebtedness arising from agreements of Agere or a Restricted Subsidiary providing for indemnification, adjustment of purchase price or similar obligations, in each case, Incurred or assumed in connection with the disposition of any business, assets or Capital Stock of a Restricted Subsidiary, provided, that the maximum aggregate liability in respect of all such Indebtedness shall at no time exceed the gross proceeds actually received by Agere and its Restricted Subsidiaries in connection with such disposition;
 - (9) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument (except in the case of daylight overdrafts) drawn against insufficient funds in the ordinary course of business, provided, however, that such Indebtedness is extinguished within five business days of Incurrence;
 - (10) the Incurrence by Agere or any of its Restricted Subsidiaries of Indebtedness constituting reimbursement obligations with respect to letters of credit issued in the ordinary course of business; provided, however, that upon the drawing of such letters of credit, such obligations are reimbursed within 30 days following such drawing;
 - (11) to the extent constituting Indebtedness, obligations arising from or representing deferred compensation to employees of Agere or its Subsidiaries and that are Incurred in the ordinary course of business;
 - (12) the Subsidiary Guarantees, if any, and other Guarantees by the Subsidiary Guarantors, if any, of Indebtedness Incurred

Edgar Filing: AGERE SYSTEMS INC - Form S-1

in accordance with the provisions of the indenture; provided, that in the event such Indebtedness that is being Guaranteed is a Subordinated Obligation, then the related Guarantee shall be subordinated in right of payment to the Subsidiary Guarantee;

- (13) to the extent constituting Indebtedness, obligations under take or pay or minimum purchase contracts;
- (14) (i) Indebtedness incurred pursuant to working capital facilities entered into by Foreign Subsidiaries of Agere and (ii) Indebtedness of Foreign Subsidiaries other than pursuant to working capital facilities in an aggregate principal amount not to exceed \$100.0 million at any time outstanding;
- (15) Guarantees of loans and advances to officers and employees of Agere and its Subsidiaries in the ordinary course of business;
- (16) Indebtedness Incurred pursuant to a Qualified Securitization Transaction; and
- (17) (i) Subordinated Obligations in an amount not to exceed \$300.0 million outstanding at any time and (ii) non-cash-interest Subordinated Obligations; provided, however, that, in each case, (A) such Subordinated Obligations shall have no scheduled principal payment prior to the 91st day after the Stated Maturity of the notes; and (B) such Subordinated Obligations shall have an Average Life greater than the remaining Average Life of the notes.

Agere will not Incur any Indebtedness under the preceding paragraph if the proceeds thereof are used, directly or indirectly, to refinance any Subordinated Obligations of Agere unless such Indebtedness will be subordinated to the notes to at least the same extent as such Subordinated Obligations. No Subsidiary Guarantor, if any, will incur any Indebtedness if the proceeds thereof are used, directly or indirectly, to refinance any Subordinated Obligations of such Subsidiary Guarantor unless such Indebtedness will be subordinated to the obligations of such Subsidiary Guarantor under its Subsidiary Guarantee to at least the same extent as such Subordinated Obligations. No Restricted Subsidiary may Incur any Indebtedness under the preceding paragraph if the proceeds are used to refinance Indebtedness of Agere.

(c) For purposes of determining compliance with, and the outstanding principal amount of any particular Indebtedness incurred pursuant to and in compliance with, this covenant:

- (1) in the event that Indebtedness meets the criteria of more than one of the types of Indebtedness described in paragraphs (a) and (b) of this covenant, Agere, in its sole discretion, will classify such item of Indebtedness on the date of Incurrence and only be required to include the amount and type of such Indebtedness in one of such clauses; provided, that an item of Indebtedness may be divided and classified in more than one of the types of Indebtedness described above; and
- (2) the amount of Indebtedness issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined in

Edgar Filing: AGERE SYSTEMS INC - Form S-1

accordance with GAAP.

Accrual of interest, accrual of dividends, the accretion of accreted value, the payment of interest in the form of

100

additional Indebtedness and the payment of dividends in the form of additional shares of Preferred Stock will not be deemed to be an Incurrence of Indebtedness for purposes of this covenant. The amount of any Indebtedness outstanding as of any date shall be (i) the accreted value of the Indebtedness in the case of any Indebtedness issued with original issue discount and (ii) the principal amount or liquidation preference thereof in the case of any other Indebtedness.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; provided, that if such Indebtedness is Incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-dominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-dominated restriction shall be deemed not to have been exceeded so long as the principal amount of such Refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that Agere may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Indebtedness incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

Limitation on Layering

Agere will not Incur any Indebtedness if such Indebtedness is subordinate or junior in ranking in any respect to any Senior Indebtedness unless such Indebtedness is Senior Subordinated Indebtedness or is contractually subordinated in right of payment to Senior Subordinated Indebtedness. A Subsidiary Guarantor, if any, will not Incur any Indebtedness if such Indebtedness is contractually subordinate or junior in ranking in any respect to any Senior Indebtedness of such Subsidiary Guarantor unless such Indebtedness is Senior Subordinated Indebtedness of such Subsidiary Guarantor or is contractually subordinated in right of payment to Senior Subordinated Indebtedness of such Subsidiary Guarantor.

Limitation on Restricted Payments

Agere will not, and will not permit any of its Restricted Subsidiaries, directly or indirectly, to:

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- (1) declare or pay any dividend or make any distribution on or in respect of its Capital Stock (including any payment in connection with any merger or consolidation involving Agere or any of its Restricted Subsidiaries) except:
 - (a) dividends or distributions payable in Capital Stock of Agere (other than Disqualified Stock) or in options, warrants or other rights to purchase such Capital Stock; and
 - (b) dividends or distributions payable to Agere or a Restricted Subsidiary (and if such Restricted Subsidiary is not a Wholly-Owned Subsidiary, to its other holders of common Capital Stock on a pro rata basis);
- (2) purchase, redeem, retire or otherwise acquire for value any Capital Stock of Agere held by Persons other than Agere or a Restricted Subsidiary (other than in exchange for Capital Stock of Agere (other than Disqualified Stock));
- (3) purchase, repurchase, redeem, defease or otherwise acquire or retire for value, prior to scheduled maturity, scheduled repayment or scheduled sinking fund payment, any Subordinated Obligations of such Person, if any (other than the purchase, repurchase or other acquisition of Subordinated Obligations purchased in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of purchase, repurchase or acquisition); or
- (4) make any Restricted Investment in any Person;

(any such dividend, distribution, purchase, redemption, repurchase, defeasance, other acquisition, retirement or Restricted Investment referred to in clauses (1) through (4) shall be referred to herein as a "Restricted Payment"), if at the time Agere or such Restricted Subsidiary makes such Restricted Payment:

- (a) a Default shall have occurred and be continuing (or would result therefrom);
- (b) Agere is not able to Incur at least \$1.00 of additional Indebtedness under paragraph (a) of the "Limitation on Indebtedness" covenant after giving effect, on a pro forma basis, to such Restricted Payment; or

101

- (c) the aggregate amount of such Restricted Payment and all other Restricted Payments declared or made subsequent to the Issue Date would exceed the sum of:
 - (i) 50% of Consolidated Net Income for the period (treated as one accounting period) from October 1, 2002 to the end of the most recent fiscal quarter ending prior to the date of such Restricted

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Payment for which financial statements are publicly available (or, in case such Consolidated Net Income is a deficit, minus 100% of such deficit);

- (ii) the aggregate Net Cash Proceeds received by Agere from the issue or sale of its Capital Stock (other than Disqualified Stock) or other capital contributions subsequent to the Issue Date (other than Net Cash Proceeds received from an issuance or sale of such Capital Stock to a Subsidiary of Agere or an employee stock ownership plan, option plan or similar trust to the extent such sale to an employee stock ownership plan, option plan or similar trust is financed by loans from or guaranteed by Agere or any Restricted Subsidiary unless such loans have been repaid with cash on or prior to the date of determination);
- (iii) the amount by which Indebtedness is reduced on Agere's consolidated balance sheet upon the conversion or exchange (other than by a Subsidiary of Agere) subsequent to the Issue Date of any Indebtedness convertible or exchangeable for Capital Stock (other than Disqualified Stock) of Agere (less the amount of any cash or the fair market value of other property distributed by Agere upon such conversion or exchange); and
- (iv) the amount equal to the net reduction in Restricted Investments made by Agere or any of its Restricted Subsidiaries in any Person resulting from:
 - (A) repurchases or redemptions of such Restricted Investments by such Person, proceeds realized upon the sale of such Restricted Investment to an unaffiliated purchaser, repayments of loans or advances or other transfers of assets (including by way of dividend or distribution) by such Person to Agere or any Restricted Subsidiary; or
 - (B) the redesignation of Unrestricted Subsidiaries as Restricted Subsidiaries (valued in each case as provided in the definition of "Investment") not to exceed, in the case of any Unrestricted Subsidiary, the amount of Investments previously made by Agere or any Restricted Subsidiary in such Unrestricted Subsidiary,

which amount in each case under this clause (iv) was included in the calculation of the amount of Restricted Payments; provided, however, that such amount will be excluded from Consolidated Net Income for the purposes of clause (c) (i) above.

The provisions of the preceding paragraph will not prohibit:

- (1) any purchase, repurchase, redemption, defeasance or other acquisition or retirement for value of Capital Stock or Subordinated Obligations of Agere made by

Edgar Filing: AGERE SYSTEMS INC - Form S-1

exchange for, or out of the proceeds of the substantially concurrent sale of, Capital Stock of Agere (other than Disqualified Stock and other than Capital Stock issued or sold to a Subsidiary or an employee stock ownership plan, option plan or similar trust to the extent such sale to an employee stock ownership plan, option plan or similar trust is financed by loans from or guaranteed by Agere or any Restricted Subsidiary unless such loans have been repaid with cash on or prior to the date of determination); provided, that (a) such purchase or redemption will be excluded in subsequent calculations of the amount of Restricted Payments and (b) the Net Cash Proceeds from such sale will be excluded from clause (c) (ii) of the preceding paragraph;

- (2) any purchase, repurchase, redemption, defeasance or other acquisition or retirement for value of Subordinated Obligations of Agere made by exchange for, or out of the proceeds of the substantially concurrent sale of, Subordinated Obligations of Agere that qualifies as Refinancing Indebtedness; provided, that such purchase or redemption will be excluded in subsequent calculations of the amount of Restricted Payments;
- (3) so long as no Default or Event of Default has occurred and is continuing, any purchase, repurchase, redemption, defeasance or other acquisition or retirement for value of Subordinated Obligations from Net Available Cash to the extent permitted under "--Limitation on Sales of Assets and Subsidiary Stock" below; provided, that such purchase or redemption will be excluded in subsequent calculations of the amount of Restricted Payments;
- (4) dividends paid within 60 days after the date of declaration if at such date of declaration such dividend would have complied with this provision; provided, that such dividends will be included in subsequent

102

calculations of the amount of Restricted Payments;

- (5) so long as no Default or Event of Default has occurred and is continuing,
 - (a) the purchase, redemption or other acquisition, cancellation or retirement for value of Capital Stock, or options, warrants, equity appreciation rights or other rights to purchase or acquire Capital Stock of Agere or any Restricted Subsidiary or any parent of Agere held by any existing or former employees, directors or management of Agere or any Subsidiary of Agere or

Edgar Filing: AGERE SYSTEMS INC - Form S-1

their assigns, estates or heirs, in each case in connection with the repurchase provisions under employee stock option or stock purchase agreements or other agreements to compensate employees; provided, that such purchases, redemptions or other acquisitions, cancellations or retirement for value pursuant to this clause will not exceed \$ million in the aggregate during any fiscal year; provided, that the amount of any such repurchase or redemption will be included in subsequent calculations of the amount of Restricted Payments;

- (b) loans or advances to employees or directors of Agere or any Subsidiary of Agere the proceeds of which are used to purchase Capital Stock of Agere, in an aggregate amount not in excess of \$ million at any one time outstanding; provided, that the amount of such loans and advances will be excluded in subsequent calculations of the amount of Restricted Payments; and
 - (c) the purchase or other acquisition of Capital Stock to fund an employee stock purchase plan, repurchases of forfeited restricted stock and payments made in accordance with the terms of any warrants to purchase shares of Lucent's common stock as in effect on the Issue Date; provided, that the amount of such purchases or other acquisitions will be excluded in subsequent calculations of the amount of Restricted Payments;
- (6) so long as no Default or Event of Default has occurred and is continuing, the declaration and payment of dividends to holders of any class or series of Disqualified Stock of Agere issued in accordance with the terms of the indenture to the extent such dividends are included in the definition of "Consolidated Interest Expense"; provided, that the payment of such dividends will be excluded from the calculation of Restricted Payments;
- (7) repurchases of Capital Stock deemed to occur upon the exercise of stock options if such Capital Stock represents a portion of the exercise price thereof; provided, that such repurchases will be excluded from subsequent calculations of the amount of Restricted Payments;
- (8) cash dividends or loans to Lucent in amounts equal to the amounts required for Lucent to pay any Federal, state, local or foreign taxes (and any related interest and penalties) to the extent that Agere is responsible for such taxes under the Tax Sharing Agreement; provided, that such dividends or loans will be excluded from subsequent calculations of the amount of Restricted Payments;
- (9) any purchase, repurchase, redemption, defeasance or other acquisition or retirement for value of Subordinated Obligations upon the occurrence of a Change of Control to the extent required by the agreement governing such Subordinated Obligations but

Edgar Filing: AGERE SYSTEMS INC - Form S-1

only if Agere shall have complied with the covenant described under "-Change of Control" and purchased all notes tendered pursuant to the offer to repurchase prior to purchasing or repaying such Subordinated Obligations; provided, however, that the purchase price (stated as a percentage of principal amount or issue price plus accrued original issue discount, if less) of such Subordinated Obligations shall not be greater than the price (stated as a percentage of principal amount) of the notes pursuant to any such offer to repurchase the notes in the event of a Change of Control; provided, further, that any such purchase, repurchase, redemption, defeasance or other acquisition or retirement for value will be included in subsequent calculations of the amount of Restricted Payments;

- (10) dividends or distributions on or in respect of Agere Preferred Stock (other than Disqualified Stock) that is convertible into Agere Common Stock issued after the Issue Date, in an aggregate amount not to exceed 35% of the proceeds of the issuances of such securities; provided, that the amount of any such dividends or distributions will be included in subsequent calculations of the amount of Restricted Payments; and
- (11) Restricted Payments in an amount not to exceed \$10.0 million in any 12 month period; provided, that the amount of such Restricted Payments will be included in the calculation of the amount of Restricted Payments.

The amount of all Restricted Payments (other than cash) shall be the fair market value on the date of such Restricted Payment of the asset(s) or securities proposed to be paid, transferred or issued by Agere or such Restricted

103

Subsidiary, as the case may be, pursuant to such Restricted Payment. The fair market value of any cash Restricted Payment shall be its face amount and any non-cash Restricted Payment shall be determined conclusively by the Board of Directors acting in good faith whose resolution with respect thereto shall be delivered to the indenture trustee, such determination to be based upon an opinion or appraisal issued by an accounting, appraisal or investment banking firm of national standing if such fair market value is estimated to exceed \$50.0 million.

Limitation on Liens

Agere will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur or suffer to exist any Lien (other than Permitted Liens) upon any of its property or assets (including Capital Stock), whether owned on the Issue Date or acquired after that date, securing any Senior Subordinated Indebtedness or Subordinated Obligations of such Person, unless, contemporaneously with the Incurrence of the Liens, effective provision is made to secure the Indebtedness due under the indenture and the notes, or, in respect of Liens on any Restricted Subsidiary's property or assets, the Subsidiary Guarantee

Edgar Filing: AGERE SYSTEMS INC - Form S-1

of such Restricted Subsidiary, if any, equally and ratably with (or prior to in the case of Liens with respect to Subordinated Obligations of such Person) the Indebtedness secured by such Lien for so long as such Indebtedness is so secured.

Limitation on Restrictions on Distributions from Restricted Subsidiaries

Agere will not, and will not permit any Restricted Subsidiary to, create or otherwise cause or permit to exist or become effective any consensual encumbrance or consensual restriction on the ability of any Restricted Subsidiary to:

- (1) pay dividends or make any other distributions on its Capital Stock or pay any Indebtedness or other obligations owed to Agere or any Restricted Subsidiary;
- (2) make any loans or advances to Agere; or
- (3) transfer any of its property or assets to Agere.

The preceding provisions will not prohibit:

- (i) any encumbrance or restriction pursuant to an agreement in effect at or entered into on the Issue Date, including, without limitation, the indenture and the Existing Credit Facility in effect on such date;
- (ii) any encumbrance or restriction with respect to a Restricted Subsidiary pursuant to an agreement to which such Restricted Subsidiary is a party on or before the date on which such Restricted Subsidiary was acquired by Agere (other than an agreement entered into in connection with, or with respect to, Indebtedness Incurred as consideration in, or to provide all or any portion of the funds utilized to consummate, the transaction or series of related transactions pursuant to which such Restricted Subsidiary became a Restricted Subsidiary or was acquired by Agere or in contemplation of the transaction) and outstanding on such date;
- (iii) any encumbrance or restriction with respect to a Restricted Subsidiary pursuant to an agreement effecting a refunding, replacement or refinancing of Indebtedness Incurred pursuant to an agreement referred to in clause (i) or (ii) of this paragraph or this clause (iii) or contained in any amendment to an agreement referred to in clause (i) or (ii) of this paragraph or this clause (iii); provided, however, that the encumbrances and restrictions with respect to such Restricted Subsidiary contained in any such agreement or amendment are no less favorable in any material respect to the holders of the notes than the encumbrances and restrictions contained in the agreements referred to in clauses (i) or (ii) of this paragraph on the Issue Date or the date such Restricted Subsidiary became a Restricted Subsidiary, as applicable;
- (iv) in the case of clause (3) of the first paragraph of this covenant, any encumbrance or restriction:
 - (a) that restricts in a customary manner the

Edgar Filing: AGERE SYSTEMS INC - Form S-1

subletting, assignment or transfer of any property or asset that is subject to a lease, license or similar contract, or the assignment or transfer of any such lease, license or other contract;

- (b) contained in mortgages, pledges or other security agreements permitted under the indenture securing Indebtedness of Agere or a Restricted Subsidiary to the extent such encumbrances or restrictions restrict the transfer of the property subject to such mortgages, pledges or other security agreements; or

104

- (c) pursuant to customary provisions restricting dispositions of real property interests set forth in any reciprocal easement agreements of Agere or any Restricted Subsidiary;
- (v) encumbrances or restrictions of the nature described in clause (3) of the first paragraph of this covenant imposed by purchase money obligations for property acquired in the ordinary course of business, to the extent they are limited to the property so acquired;
- (vi) encumbrances or restrictions imposed by any Purchase Money Note or other Indebtedness or contractual requirements incurred with respect to a Qualified Securitization Transaction that, in the good faith determination of the Board of Directors, are necessary to effect such Qualified Securitization Transaction or are reasonable or customary in securitization transactions;
- (vii) any restriction with respect to a Restricted Subsidiary (or any of its property or assets) imposed pursuant to an agreement entered into for the direct or indirect sale or disposition of all or substantially all the Capital Stock or assets of such Restricted Subsidiary (or the property or assets that are subject to such restriction) pending the closing of such sale or disposition;
- (viii) any restriction in any agreement that is not more restrictive than the restrictions under the terms of the Existing Credit Facility as in effect on the Issue Date;
- (ix) encumbrances or restrictions relating to the disposition or distribution of assets or property in joint venture agreements and other similar agreements entered into in the ordinary course of business;
- (x) any restriction contained in any agreement or instrument governing Capital Stock (other than Disqualified Stock) of any Restricted Subsidiary that

Edgar Filing: AGERE SYSTEMS INC - Form S-1

is in effect on the date the Restricted Subsidiary is acquired by Agere or a Restricted Subsidiary;

- (xi) any restriction on cash or other deposits imposed by customers under contracts entered into in the ordinary course of business; and
- (xii) encumbrances or restrictions arising or existing by reason of applicable law or any applicable rule, regulation or order.

Limitation on Sales of Assets and Subsidiary Stock

Agere will not, and will not permit any of its Restricted Subsidiaries to, make any Asset Disposition unless:

- (1) Agere or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Disposition at least equal to the fair market value, as determined in good faith by the Board of Directors of Agere or such Restricted Subsidiary, as the case may be (including as to the value of all non-cash consideration), of the shares and assets subject to such Asset Disposition;
- (2) at least 70% of the consideration from such Asset Disposition received by Agere or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; and
- (3) an amount equal to 100% of the Net Available Cash from such Asset Disposition is applied by Agere or such Restricted Subsidiary, as the case may be:
 - (a) first, to the extent Agere or any Restricted Subsidiary, as the case may be, elects (or is required by the terms of any Senior Indebtedness), to prepay, repay or purchase Senior Indebtedness of Agere or Indebtedness (other than any Preferred Stock) of a Restricted Subsidiary (in each case other than Indebtedness owed to Agere or an Affiliate of Agere) within 360 days from the later of the date of such Asset Disposition or the receipt of such Net Available Cash; provided, however, that, in connection with any prepayment, repayment or purchase of Senior Indebtedness pursuant to this clause (a), Agere or such Restricted Subsidiary will retire such Senior Indebtedness and will cause the related commitment, if any, to be permanently reduced in an amount equal to the principal amount so prepaid, repaid or purchased; and
 - (b) second, to the extent of the balance of such Net Available Cash after application in accordance with clause (a), to the extent Agere or such Restricted Subsidiary elects, to invest in Additional Assets within 360 days from the later of the date of such Asset Disposition or the receipt of such Net Available Cash.

Any Net Available Cash from Asset Dispositions that are not applied or invested as provided in the preceding

paragraph will be deemed to constitute "Excess Proceeds." On the 361st day after an Asset Disposition, if the aggregate amount of Excess Proceeds exceeds \$50.0 million, Agere will be required to make an offer ("Asset Disposition Offer") to all holders of notes and to the extent required by the terms thereof, to all holders of other Senior Subordinated Indebtedness outstanding with similar provisions requiring Agere to make an offer to purchase such Senior Subordinated Indebtedness with the proceeds from any Asset Disposition ("Pari Passu Notes"), to purchase the maximum principal amount of notes and any such Pari Passu Notes to which the Asset Disposition Offer applies that may be purchased out of the Excess Proceeds, at an offer price in cash in an amount equal to 100% of the principal amount of the notes and Pari Passu Notes (or, in the event such Pari Passu Notes were issued with original issue discount, 100% of the accreted value thereof) plus accrued and unpaid interest to, but not including, the date of purchase, if any, in accordance with the procedures set forth in the indenture or the agreements governing the Pari Passu Notes, as applicable (in the case of the notes, in whole multiples of \$500). To the extent that the aggregate amount of notes and Pari Passu Notes so validly tendered and not properly withdrawn pursuant to an Asset Disposition Offer is less than the Excess Proceeds, Agere may use any remaining Excess Proceeds for general corporate purposes, subject to the other covenants contained in the indenture. If the aggregate principal amount of notes surrendered by holders thereof and other Pari Passu Notes surrendered by holders or lenders, collectively, exceeds the amount of Excess Proceeds, the indenture trustee shall select the notes and Pari Passu Notes to be purchased on a pro rata basis on the basis of the aggregate principal amount of tendered notes and Pari Passu Notes. A holder of SHARCS who wishes to participate in an Asset Disposition Offer must exchange its SHARCS early to the extent such tendered notes are accepted. At the time the notes and common stock are distributed to such holder, such holder will surrender all rights under the put option agreement corresponding to such exchanged SHARCS, unless the put rights were previously accelerated. Upon completion of such Asset Disposition Offer, the amount of Excess Proceeds shall be reset at zero.

The Asset Disposition Offer will remain open for a period of 20 Business Days following its commencement, except to the extent that a longer period is required by applicable law (the "Asset Disposition Offer Period"). No later than five Business Days after the termination of the Asset Disposition Offer Period (the "Asset Disposition Purchase Date"), Agere will purchase the principal amount of notes and Pari Passu Notes required to be purchased pursuant to this covenant (the "Asset Disposition Offer Amount") or, if less than the Asset Disposition Offer Amount has been so validly tendered, all notes and Pari Passu Notes validly tendered in response to the Asset Disposition Offer.

On or before the Asset Disposition Purchase Date, Agere will, to the extent lawful, accept for payment, on a pro rata basis to the extent necessary, the Asset Disposition Offer Amount of notes and Pari Passu Notes or portions of notes and Pari Passu Notes so validly tendered and not properly withdrawn pursuant to the Asset Disposition Offer, or if less than the Asset Disposition Offer Amount has been validly tendered and not properly withdrawn, all notes and Pari Passu Notes so validly tendered and not properly withdrawn, in each case in whole multiples of \$500. Agere will deliver to the indenture trustee an Officers' Certificate stating that such notes or portions thereof were accepted for payment by Agere in accordance

Edgar Filing: AGERE SYSTEMS INC - Form S-1

with the terms of this covenant and, in addition, Agere will deliver all certificates and notes required, if any, by the agreements governing the Pari Passu Notes. Agere or the paying agent, as the case may be, will promptly (but in any case not later than five Business Days after termination of the Asset Disposition Offer Period) mail or deliver to each tendering holder of notes or holder or lender of Pari Passu Notes, as the case may be, an amount equal to the purchase price of the notes or Pari Passu Notes so validly tendered and not properly withdrawn by such holder or lender, as the case may be, and accepted by Agere for purchase, and Agere will promptly issue a new note, and the indenture trustee, upon delivery of an Officers' Certificate from Agere will authenticate and mail or deliver such new note to such holder, in a principal amount equal to any unpurchased portion of the note surrendered; provided, that, in the case of the notes, each such new note will be in a principal amount of \$500 or a whole multiple of \$500. In addition, Agere will take any and all other actions required by the agreements governing the Pari Passu Notes. Any note not so accepted will be promptly mailed or delivered by Agere to the holder thereof. Agere will publicly announce the results of the Asset Disposition Offer on the Asset Disposition Purchase Date.

For the purposes of this covenant, the following will be deemed to be cash:

- (1) the assumption by the transferee of Indebtedness of (i) Agere (other than obligations in respect of Disqualified Stock) or (ii) any Restricted Subsidiary (other than obligations, in respect of Preferred Stock) and the release of Agere or such Restricted Subsidiary from all liability on such Indebtedness in connection with such Asset Disposition (in which case Agere will, without further action, be deemed to have applied such deemed cash to Indebtedness in accordance with clause (3) (a) above); and
- (2) securities, notes or other obligations received by Agere or any Restricted Subsidiary from the transferee that are converted within 90 days by Agere or such Restricted Subsidiary into cash or Cash Equivalents.

Agere will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of notes pursuant to the indenture. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, Agere will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the indenture by virtue of any conflict.

106

Limitation on Affiliate Transactions

Agere will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into or conduct any transaction (including the purchase, sale, lease or exchange of any property or the rendering of any service) with any Affiliate of Agere (an "Affiliate Transaction") unless:

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- (1) the terms of such Affiliate Transaction are no less favorable to Agere or such Restricted Subsidiary, as the case may be, than those that could be obtained in a comparable transaction at the time of such transaction in arm's-length dealings with a Person who is not such an Affiliate;
- (2) in the event such Affiliate Transaction involves an aggregate amount in excess of \$25.0 million, the terms of such transaction have been approved by a majority of the Board of Directors of Agere having no personal stake in such transaction, if any (and such majority or majorities, as the case may be, determines that such Affiliate Transaction satisfies the criteria in clause (1) above); and
- (3) in the event such Affiliate Transaction involves an aggregate amount in excess of \$50.0 million, Agere has received a written opinion from an independent investment banking, accounting or appraisal firm of nationally recognized standing that such Affiliate Transaction is fair from a financial point of view to Agere and its Restricted Subsidiaries or is not materially less favorable than those that might reasonably have been obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate.

The preceding paragraph will not apply to:

- (1) any Restricted Payment (other than a Restricted Investment) permitted to be made pursuant to the covenant described under "Limitation on Restricted Payments";
- (2) (A) any issuance of securities, or other payments, awards or grants in cash, securities or otherwise pursuant to, or the funding of, employment arrangements, stock options and stock ownership plans and (B) other reasonable fees, compensation, benefits and indemnities paid or entered into by Agere or its Restricted Subsidiaries in the ordinary course of business to or with officers, directors or employees of Agere and its Restricted Subsidiaries;
- (3) loans or advances to employees in the ordinary course of business of Agere or any of its Restricted Subsidiaries;
- (4) the payment of reasonable and customary fees paid to, and indemnity provided on behalf of, officers, directors or employees of Agere or any Subsidiary;
- (5) any transaction between Agere and a Restricted Subsidiary or between Restricted Subsidiaries;
- (6) the performance of obligations of Agere or any of its Restricted Subsidiaries under the terms of any agreement to which Agere or any of its Restricted Subsidiaries is a party on the Issue Date, as these agreements may be renewed, extended, amended, modified or supplemented from time to time; provided, however, that any future renewal, extension, amendment, modification or supplement entered into after the Issue Date will be permitted to the extent that its terms are not materially more disadvantageous to the holders of the notes than the terms of the agreements in effect on the

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Issue Date (as determined in good faith by the Board of Directors or senior management of Agere); provided, further, however, that absent other negative changes, a decline, if any, in price alone shall not render the terms "materially more disadvantageous" so long as such decline is consistent with industry price erosion;

- (7) any Qualified Securitization Transaction, and the Incurrence of obligations and acquisitions of Permitted Investments and other rights or assets in connection with a Qualified Securitization Transaction;
- (8) any transaction with Lucent, provided, that:
 - (a) such transaction is entered into or conducted pursuant to agreements in effect on the Issue Date (the "Existing Agreements"); provided, however, that amendments of or supplements to the Existing Agreements which increase or decrease, as the case may be, the scheduled payments or fair market value of property or assets transferred under these agreements by an aggregate amount in excess of \$50.0 million must satisfy the approval requirements set forth in clause (8)(b) below; or
 - (b) such transaction is entered into or conducted pursuant to agreements entered into after the Issue Date and prior to the Distribution Date and, if such transaction involves an aggregate amount in excess of \$50.0 million, the terms of such transaction have been approved by a committee of the

107

Board of Directors of Agere consisting solely of members of such Board that are not designated by Lucent;

- (9) any transaction with a Subsidiary or joint venture entered into in the ordinary course of business (including, without limitation, pursuant to joint venture agreements) and that is in compliance with the terms of the indenture, which transaction is, in the reasonable determination of the senior management of Agere, fair to Agere or its Restricted Subsidiaries or on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party; and
- (10) the issuance and sale of any Capital Stock (other than Disqualified Stock) of Agere.

SEC Reports

Notwithstanding that Agere may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act with respect to the notes, to the extent permitted by the Exchange Act, Agere will file

Edgar Filing: AGERE SYSTEMS INC - Form S-1

with the SEC, and provide the indenture trustee and the registered holders of the notes with, the annual reports and the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may by rules and regulations prescribe) that are specified in Sections 13 and 15(d) of the Exchange Act within the time periods specified therein. In the event that Agere is not permitted to file such reports, documents and information with the SEC pursuant to the Exchange Act, Agere will nevertheless provide such Exchange Act information to the indenture trustee and the holders of the notes as if Agere were subject to the reporting requirements of Section) 13 or 15(d) of the Exchange Act within the time periods specified therein.

Merger and Consolidation

Agere will not consolidate with or merge with or into, or convey, transfer or lease all or substantially all its assets to, any Person, unless:

- (1) the resulting, surviving or transferee Person (the "Successor Company") will be a Person organized and existing under the laws of the United States of America, any State of the United States or the District of Columbia and the Successor Company (if not Agere) will expressly assume, by supplemental indenture, executed and delivered to the indenture trustee, in form satisfactory to the indenture trustee, all the obligations of Agere under the notes and the indenture;
- (2) immediately after giving effect to such transaction (and treating any Indebtedness that becomes an obligation of the Successor Company or any Subsidiary of the Successor Company as a result of such transaction as having been Incurred by the Successor Company or such Subsidiary at the time of such transaction), no Default or Event of Default shall have occurred and be continuing;
- (3) immediately after giving effect to such transaction, the Successor Company would be able to Incur at least \$1.00 of additional Indebtedness under paragraph (a) of the "Limitation on Indebtedness" covenant;
- (4) each Subsidiary Guarantor, if any (unless it is the other party to the transactions above, in which case clause (1) shall apply) shall have by supplemental indenture confirmed that its Subsidiary Guarantee shall apply to such Person's obligations in respect of the indenture and the notes; and
- (5) Agere shall have delivered to the indenture trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indenture, if any, comply with the indenture.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of Agere, which properties and assets, if held by Agere instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of Agere on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the properties and assets of Agere.

The Successor Company will succeed to, and be substituted for, and may exercise every right and power of, Agere under the indenture, and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Agere will be released from its obligations under the indenture, except that, in the case of a lease of all or substantially all its assets, Agere will not be released from the obligation to pay the principal of and interest on the notes.

Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve "all or substantially all" of the property or assets of a Person.

108

Notwithstanding the preceding clause (3), (x) any Restricted Subsidiary may consolidate with, merge into or transfer all or part of its properties and assets to Agere and (y) Agere may merge with an Affiliate incorporated solely for the purpose of reincorporating Agere in another jurisdiction.

Future Subsidiary Guarantors

(a) After the Issue Date, Agere will cause each Restricted Subsidiary (other than a Foreign Subsidiary) which (i) Guarantees any Indebtedness (other than Senior Indebtedness) of Agere or (ii) Incurs Indebtedness under paragraph (a) of the "Limitation on Indebtedness" covenant to execute and deliver to the indenture trustee a Subsidiary Guarantee pursuant to which such Subsidiary Guarantor will unconditionally Guarantee, on a joint and several basis, the full and prompt payment of the principal of, premium, if any and interest on the notes on a senior subordinated basis.

The obligations of each Subsidiary Guarantor will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Subsidiary Guarantor (including, without limitation, any Guarantees under the Existing Credit Facility) and after giving effect to any collections from or payments made by or on behalf of any other Subsidiary Guarantor in respect of the obligations of such other Subsidiary Guarantor under its Subsidiary Guarantee or pursuant to its contribution obligations under the indenture, result in the obligations of such Subsidiary Guarantor under its Subsidiary Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

(b) Notwithstanding the foregoing and the other provisions of the indenture, a Subsidiary Guarantor will be released from its obligations under its Subsidiary Guarantee if:

- (i) such Subsidiary Guarantor is sold or disposed of (whether by merger, consolidation, the sale of its Capital Stock or the sale of all or substantially all of its assets (other than by lease) and whether or not the Subsidiary Guarantor is the surviving corporation in such transaction) to a Person which is not Agere or a Restricted Subsidiary (other than a Securitization Entity) and the sale or other disposition is in compliance with the indenture, including the covenant "--Limitation on Sales of Assets and Subsidiary Stock"; or

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- (ii) the Guarantee which resulted in the creation of such Subsidiary Guarantee, if applicable, is released or discharged, except if such discharge or release is as a result of payment under such Guarantee.

Limitation on Lines of Business

Agere will not, and will not permit any Restricted Subsidiary to, engage in any business other than a Related Business.

Events of Default

Each of the following is an Event of Default:

- (1) default in any payment of interest on any note when due, continued for 30 days, whether or not such payment is prohibited by the provisions described under "Ranking and Subordination";
- (2) default in the payment of principal of or premium, if any, on any note when due at its Stated Maturity, upon optional redemption, upon required repurchase, upon declaration or otherwise, whether or not such payment is prohibited by the provisions described under "Ranking and Subordination";
- (3) failure by Agere or a Subsidiary Guarantor, if any, to comply with its obligations under "Certain Covenants-Merger and Consolidation";
- (4) failure by Agere to comply for 30 days after notice with any of its obligations under the covenants described under "Change of Control" or under the covenants described under "Certain Covenants" (in each case, other than a failure to purchase notes which will constitute an Event of Default under clause (2) of this paragraph and other than a failure to comply with "Certain Covenants-Merger and Consolidation" which is covered by clause (3) of this paragraph);
- (5) failure by Agere to comply for 60 days after notice with its other agreements contained in the indenture;
- (6) the failure by Agere or any Restricted Subsidiary to pay any Indebtedness within any applicable grace period after final maturity or the acceleration of any such Indebtedness by the holders thereof because of a default if the total amount of such Indebtedness unpaid or accelerated exceeds \$100.0 million or its

109

foreign currency equivalent (the "cross acceleration provision") and such failure continues for 30 days; provided, that this clause (6) shall not apply shall not apply to (A) any notice of wind-down or any comparable notice to be given in connection with a Qualified Securitization Transaction or (B) any wind-down, or comparable event, with respect to a Qualified Securitization

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Transaction;

- (7) certain events of bankruptcy, insolvency or reorganization of Agere or a Significant Subsidiary or group of Restricted Subsidiaries that, taken together (as of the latest audited consolidated financial statements for Agere and its Restricted Subsidiaries), would constitute a Significant Subsidiary (the "bankruptcy provisions");
- (8) failure by Agere or any Significant Subsidiary or group of Restricted Subsidiaries that, taken together (as of the latest audited consolidated financial statements for Agere and its Restricted Subsidiaries), would constitute a Significant Subsidiary to pay final judgments aggregating in excess of \$100.0 million (net of any amounts for which a reputable and creditworthy insurance company is liable, unless such insurance company has disclaimed such liability in writing), which judgments are not paid, discharged or stayed for a period of 60 consecutive days following such judgments and none of such judgments has been discharged, waived or stayed (the "judgment default provision"); and
- (9) a Subsidiary Guarantee, if any, of a Significant Subsidiary or group of Restricted Subsidiaries that, taken together (as of the latest audited consolidated financial statements for Agere and its Restricted Subsidiaries), would constitute a Significant Subsidiary ceases to be in full force and effect (except as contemplated by the terms of the indenture) or is declared null and void in a judicial proceeding or a Subsidiary Guarantor, if any, that is a Significant Subsidiary or group of Subsidiary Guarantors that, taken together (as of the latest audited consolidated financial statements for Agere and its Restricted Subsidiaries), would constitute a Significant Subsidiary denies or disaffirms its obligations under the indenture or its Subsidiary Guarantee.

However, a default under clauses (4) and (5) of this paragraph will not constitute an Event of Default until the indenture trustee or the holders of 25% in principal amount of the outstanding notes notify Agere of the default and Agere does not cure such default within the time specified in clauses (4) and (5) of this paragraph after receipt of such notice. An Event of Default described in clause (1) above, or in clause (2) above with respect to an optional redemption, is a "Payment Default."

If an Event of Default other than an Event of Default described in clause (7) above occurs and is continuing, the indenture trustee by notice to Agere, or the holders of at least 25% in principal amount of the outstanding notes by notice to Agere and the indenture trustee, may, and the indenture trustee at the request of such holders shall, declare the principal of, premium, if any, and accrued and unpaid interest, if any, on all the notes to be due and payable in cash (such event is referred to as an "Acceleration"). Upon such a declaration, such principal, premium and accrued and unpaid interest will be due and payable immediately in cash.

In the event of a declaration of acceleration of the notes because an Event of Default described in clause (6) above has occurred and is continuing, the declaration of acceleration of the notes shall be automatically annulled if the event of default or payment default triggering such Event of Default pursuant to clause (6) shall be remedied or cured by Agere or a Restricted Subsidiary or waived by the holders of the relevant Indebtedness within 20 days after the declaration of acceleration with respect thereto and if (i) the annulment of the

Edgar Filing: AGERE SYSTEMS INC - Form S-1

acceleration of the notes would not conflict with any judgment or decree of a court of competent jurisdiction and (ii) all existing Events of Default, except nonpayment of principal, premium or interest on the notes that became due solely because of the acceleration of the notes, have been cured or waived.

If an Event of Default described in clause (7) above occurs and is continuing, the principal of, premium, if any, and accrued and unpaid interest on all of the notes will become and be immediately due and payable in cash without any declaration or other act on the part of the indenture trustee or any holders. If a bankruptcy proceeding is commenced in respect of Agere, the claim of the holder of the notes will be, under the Bankruptcy Code, limited to the issue price of the notes plus the portion of the original issue discount that has accrued from the Issue Date to the commencement of the proceeding.

Waiver of Default

The holders of a majority in principal amount of the notes then outstanding may, on behalf of the holders of all notes, waive any past Default under the indenture with respect to the notes (except a Default in the payment of principal, premium or interest on the notes) and rescind any such acceleration with respect to the notes and its consequences if (i) rescission would not conflict with any judgment or decree of a court of competent jurisdiction and (ii) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the notes that have become due solely by such declaration of acceleration, have been cured or waived.

110

Procedures for Pursuing Remedies

Subject to the provisions of the indenture relating to the duties of the indenture trustee, if an Event of Default occurs and is continuing, the indenture trustee will be under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any of the holders unless such holders have offered to the indenture trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no holder may pursue any remedy with respect to the indenture or the notes unless:

- (1) such holder has previously given the indenture trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding notes have requested the indenture trustee to pursue the remedy;
- (3) such holders have offered the indenture trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the indenture trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- (5) the holders of a majority in principal amount of the outstanding notes have not given the indenture trustee a direction that, in the opinion of the indenture trustee, is inconsistent with such request within such 60-day period.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the indenture trustee or of exercising any trust or power conferred on the indenture trustee. The indenture provides that in the event an Event of Default has occurred and is continuing, the indenture trustee will be required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of its own affairs. The indenture trustee, however, may refuse to follow any direction that conflicts with law or the indenture or that the indenture trustee determines is unduly prejudicial to the rights of any other holder or that would involve the indenture trustee in personal liability. Prior to taking any action under the indenture, the indenture trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

Notices

The indenture provides that if a Default occurs and is continuing and is known to the indenture trustee, the indenture trustee must mail to each holder notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of, premium, if any, or interest on any note, the indenture trustee may withhold notice if and so long as a committee of trust officers of the indenture trustee in good faith determines that withholding notice is not opposed to the interests of the holders.

In addition, Agere is required to deliver to the indenture trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. Agere also is required to deliver to the indenture trustee, within 30 days after the occurrence thereof, written notice of any events which would constitute certain Defaults, their status and what action Agere is taking or proposes to take in respect thereof.

Amendments and Waivers

Subject to certain exceptions, the indenture may be amended with the consent of the holders of a majority in principal amount of the notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes) and, subject to certain exceptions, any past default or compliance with any provisions may be waived with the consent of the holders of a majority in principal amount of the notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes). However, without the consent of each holder of an outstanding note affected, no amendment may, among other things:

- (1) reduce the amount of notes whose holders must consent to an amendment;
- (2) reduce the stated rate of or extend the stated time for payment of interest on any note;
- (3) reduce the principal of or extend the Stated Maturity of any

Edgar Filing: AGERE SYSTEMS INC - Form S-1

note;

- (4) reduce the premium payable upon the redemption or repurchase of any note or change the time at which

111

any note may be redeemed or repurchased as described above under "Optional Redemption," "Change of Control" and "Certain Covenants--Limitation on Sales of Assets and Subsidiary Stock" or any similar provision, whether through an amendment or waiver of provisions in the covenants, definitions or otherwise;

- (5) make any note payable in money other than that stated in the note;
- (6) impair the right of any holder to receive payment of, premium, if any, principal of and interest on such holder's notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder's notes; or
- (7) make any change in the amendment provisions which require each holder's consent or in the waiver provisions.

Without the consent of any holder, Agere and the indenture trustee may amend the indenture to:

- (1) cure any ambiguity, omission, defect or inconsistency;
- (2) provide for the assumption by a successor corporation, partnership, trust or limited liability company of the obligations of Agere under the indenture;
- (3) provide for uncertificated notes in addition to or in place of certificated notes (provided that the uncertificated notes are issued in registered form for purposes of Section) 163(f) of the Code, or in a manner such that the uncertificated notes are described in Section) 163(f) (2) (B) of the Code);
- (4) add Guarantees with respect to the notes or release a Subsidiary Guarantee, if any, in accord with the applicable provisions of the indenture;
- (5) secure the notes;
- (6) add to the covenants of Agere for the benefit of the holders or surrender any right or power conferred upon Agere;
- (7) make any change that does not adversely affect the rights of any holder in any material respect; or
- (8) comply with any requirement of the SEC in connection with the qualification of the indenture under the Trust Indenture Act.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

However, no amendment may be made to the subordination provisions of the indenture that adversely affects the rights of any holder of Senior Indebtedness then outstanding unless the holders of such Senior Indebtedness (or any group or representative thereof authorized to give a consent) consent to such change.

The consent of the holders is not necessary under the indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment. After an amendment under the indenture becomes effective, Agere is required to mail to the holders a notice briefly describing such amendment. However, the failure to give such notice to all the holders, or any defect in the notice, will not impair or affect the validity of the amendment.

Defeasance

Agere at any time may terminate all of its obligations under the notes and the indenture ("legal defeasance"), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the notes, to replace mutilated, destroyed, lost or stolen notes and to maintain a registrar and paying agent in respect of the notes. If Agere exercises its legal defeasance option, the Subsidiary Guarantees, if any, in effect at such time will terminate.

Agere at any time may terminate its obligations under covenants described under "Change of Control" and "Certain Covenants" (other than "Merger and Consolidation"), the operation of the cross-default upon a payment default, cross acceleration provisions, the bankruptcy provisions with respect to Significant Subsidiaries, the judgment default provision and the Subsidiary Guarantee provision, if applicable, described under "Events of Default" and the limitations contained in clause (3) under "Certain Covenants-Merger and Consolidation" ("covenant defeasance").

Agere may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option. If Agere exercises its legal defeasance option, payment of the notes may not be accelerated because of an Event of Default with respect to the notes. If Agere exercises its covenant defeasance option, payment of the notes may not be

accelerated because of an Event of Default specified in clause (4), (5), (6), (7) (with respect only to Significant Subsidiaries or "groups" of Subsidiaries), (8) or (9) under "Events of Default" or because of the failure of Agere to comply with clause (3) under "Certain Covenants-Merger and Consolidation".

In order to exercise either defeasance option, Agere must irrevocably deposit in trust (the "defeasance trust") with the indenture trustee money or U.S. Government Obligations for the payment of principal, premium, if any, and interest on the notes to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the indenture trustee of an Opinion of Counsel (subject to customary exceptions and exclusions) to the effect that holders of the notes will not recognize income, gain or loss for Federal income tax

Edgar Filing: AGERE SYSTEMS INC - Form S-1

purposes as a result of such deposit and defeasance and will be subject to Federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred. In the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or other change in applicable Federal income tax law.

No Personal Liability Of Directors, Officers, Employees And Stockholders

No director, officer, employee, incorporator or stockholder of Agere or of any stockholder of Agere, as such, shall have any liability for any obligations of Agere under the notes, the indenture, the Subsidiary Guarantees, if any, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Concerning The Indenture Trustee

The indenture will contain certain limitations on the rights of the indenture trustee, should it become a creditor of Agere, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The indenture trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The holders of a majority in principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the indenture trustee, subject to certain exceptions. The indenture will provide that in case an Event of Default shall occur and be continuing, the indenture trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the indenture trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of notes, unless such holder shall have offered to the indenture trustee security and indemnity satisfactory to it against any loss, liability or expense.

is the indenture trustee under the indenture and has been appointed by Agere as registrar and paying agent with regard to the notes.

Payments On The Notes; Paying Agent And Registrar

Payments in respect of the notes held in global form, whether or not held by the trust, shall be made to The Depository Trust Company, which shall credit the relevant accounts at DTC on the applicable distribution dates, or if the notes are not represented by one or more global certificates, such payments shall be made by check mailed to holders of the notes at their registered address as it appears in the registrar's books. Agere has initially designated the corporate trust office of the indenture trustee in New York, New York to act as its paying agent and registrar. Agere may, however, change the paying agent or registrar without prior notice to the holders of the notes, and Agere or any of its Restricted Subsidiaries may act as paying agent or registrar.

Transfer And Exchange

Edgar Filing: AGERE SYSTEMS INC - Form S-1

A holder may transfer or exchange the notes in accordance with the indenture. The registrar and the indenture trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents. No service charge will be imposed by Agere, the indenture trustee or the registrar for any registration of transfer or exchange of notes, but Agere may require a holder to pay a sum sufficient to cover any transfer tax or other similar governmental charge required by law or permitted by the indenture. Agere is not required to transfer or exchange any note selected for redemption. Also, Agere is not required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

The registered holder of a note will be treated as the owner of it for all purposes.

113

Governing Law

The indenture provides that it and the notes will be governed by, and construed and interpreted in accordance with, the laws of the State of New York.

Certain Definitions

"Accounts" shall have the meaning given to such term in the Uniform Commercial Code as in effect in the State of New York; and, with respect to Agere and its Subsidiaries, all such Accounts of such Persons, whether now existing or existing in the future, including, without limitation, (i) all accounts receivable of such Person, including all accounts created by or arising from all of such Person's Intellectual Property licensing arrangements or sales of goods or rendition of services made under any of its trade names, or through any of its divisions, (ii) all unpaid rights of such Person (including rescission, replevin, reclamation and stopping in transit) relating to the foregoing or arising therefrom, (iii) all rights to any goods represented by any of the foregoing, including returned or repossessed goods, (iv) all reserves and credit balances held by such Person with respect to any such accounts receivable or any obligors thereon, (v) all letters of credit, guarantees or collateral for any of the foregoing, (vi) all rights to any Intellectual Property related to any of the foregoing clauses (i) through (v) and (vii) all insurance policies or other rights related to any of the foregoing.

"Additional Assets" means:

- (1) any property or assets (other than Indebtedness and Capital Stock) to be used by Agere or a Restricted Subsidiary in a Related Business;
- (2) the Capital Stock of a Person that becomes a Restricted Subsidiary as a result of the acquisition of such Capital Stock by Agere or a Restricted Subsidiary; or
- (3) the Capital Stock constituting a minority interest in any Person that at such time is a Restricted Subsidiary;

provided, however, that, in the case of clauses (2) and (3), such

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Restricted Subsidiary is primarily engaged in a Related Business.

"Affiliate" of any specified Person means any other Person, directly or indirectly, controlling or controlled by or under direct or indirect common control with such specified Person. For the purposes of this definition, "control" when used with respect to any Person means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise; and the terms "controlling" and "controlled" have meanings correlative to the foregoing; provided, that, for purposes of the covenants described under "--Certain Covenants--Limitation on Restricted Payments," "--Certain Covenants--Limitation on Affiliate Transactions" and "--Certain Covenants--Limitation on Sales of Assets and Subsidiary Stock" only, beneficial ownership of 10% or more of the total ordinary voting power of the Voting Stock on a fully diluted basis of a Person shall be deemed to be control.

"Asset Disposition" means any sale, lease (other than an operating lease entered into in the ordinary course of business), transfer, issuance or other disposition, or a series of related sales, leases, transfers, issuances or dispositions that are part of a common plan, of (i) shares of Capital Stock of a Subsidiary (other than directors' qualifying shares or shares required by applicable law to be held by a Person other than Agere or a Restricted Subsidiary), or (ii) property or other assets (each referred to for the purposes of this definition as a "disposition") by Agere or any of its Restricted Subsidiaries, including any disposition by means of a merger, consolidation or similar transaction.

Notwithstanding the preceding, the following items shall not be deemed to be Asset Dispositions:

- (1) a disposition by a Restricted Subsidiary to Agere or another Restricted Subsidiary (other than a Securitization Entity) or by Agere to a Restricted Subsidiary (other than a Securitization Entity);
- (2) the sale of Cash Equivalents in the ordinary course of business;
- (3) a disposition of inventory in the ordinary course of business;
- (4) a disposition of (i) obsolete or worn out equipment or other assets or (ii) equipment or other assets that are no longer needed or useful in the conduct of the business of Agere and its Restricted Subsidiaries; provided, that, in each case, such equipment or other assets are disposed of in the ordinary course of business;
- (5) transactions permitted under "Certain Covenants-Merger and Consolidation";

- (6) an issuance of Capital Stock by a Restricted Subsidiary to Agere or to another Restricted Subsidiary (other than a Securitization Entity);

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- (7) for purposes of "Certain Covenants--Limitation on Sales of Assets and Subsidiary Stock" only, the making of a Permitted Investment or a disposition that constitutes a Restricted Payment permitted under "Certain Covenants--Limitation on Restricted Payments";
- (8) sales, conveyances and other transfers pursuant to any Qualified Securitization Transaction;
- (9) dispositions of assets in a single transaction or series of related transactions with an aggregate fair market value in any fiscal year of less than \$25.0 million;
- (10) dispositions in connection with Permitted Liens;
- (11) the licensing or sublicensing of intellectual property or other general intangibles and licenses, leases or subleases of other property in the ordinary course of business which do not materially interfere with the business of Agere and its Restricted Subsidiaries;
- (12) to the extent the consideration received for the disposition of the Orlando, Florida facility and related assets (or Capital Stock of the Subsidiary that owns such facility and related assets) consists of securities of the Person acquiring such facility and related assets (or Capital Stock), the disposition of such facility and related assets; provided, however, that to the extent the consideration received for the disposition of such facility and related assets consists of cash and Cash Equivalents, such cash and Cash Equivalents shall be applied under the "Limitation on Sales of Assets and Subsidiary Stock" covenant;
- (13) to the extent the consideration received for the disposition of the Reading, Pennsylvania facility and related assets (or Capital Stock of the Subsidiary that owns such facility and related assets) consists of securities of the Person acquiring such facility and related assets (or Capital Stock), the disposition of such facility and related assets; provided, however, that to the extent the consideration received for the disposition of such facility and related assets consists of cash and Cash Equivalents, such cash and Cash Equivalents shall be applied under the "Limitation on Sales of Assets and Subsidiary Stock" covenant;
- (14) dispositions in connection with Hedging Obligations; and
- (15) foreclosure on assets.

"Attributable Indebtedness" in respect of a Sale/Leaseback Transaction means, as at the time of determination, the present value (discounted at the interest rate implicit in such transaction, compounded semi-annually) of the total obligations of the lessee for rental payments during the remaining term of the lease included in such Sale/Leaseback Transaction (including any period for which such lease has been extended). "Average Life" means, as of the date of determination, with respect to any Indebtedness or Preferred Stock, the quotient obtained by dividing (1) the sum of the products of the numbers of years from the date of determination to the dates of each successive scheduled principal payment of such Indebtedness or redemption or similar payment with respect to such Preferred Stock multiplied by the amount of such payment by (2) the sum of

Edgar Filing: AGERE SYSTEMS INC - Form S-1

all such payments.

"Bank Indebtedness" means any and all amounts, whether outstanding on the Issue Date or thereafter Incurred, payable by Agere under or in respect of the Existing Credit Facility and any related notes, collateral documents, letters of credit and guarantees and any Interest Rate Agreement entered into in connection with the Existing Credit Facility, including principal, premium, if any, interest, fees, charges, expenses, reimbursement obligations, guarantees and all other amounts payable thereunder or in respect thereof.

"Board of Directors" means, as to any Person, the board of directors of such Person or any duly authorized committee thereof.

"Business Day" means each day which is not a Saturday, Sunday or other day on which banking institutions are not required by law or regulation to be open in the State of New York.

"Capital Stock" of any Person means any and all shares, interests, rights to purchase, warrants, options, participation or other equivalents of or interests in (however designated) equity of such Person, including any Preferred Stock, but excluding any debt securities convertible into such equity.

"Capitalized Lease Obligations" means an obligation that is required to be classified and accounted for as a capital lease for financial reporting purposes in accordance with GAAP, and the amount of Indebtedness represented by

115

such obligation will be the capitalized amount of such obligation at the time any determination thereof is to be made as determined in accordance with GAAP, and the Stated Maturity thereof will be the date of the last payment of rent or any other amount due under such lease prior to the first date such lease may be terminated without penalty.

"Cash Equivalents" means:

- (1) securities issued or directly and fully guaranteed or insured by the United States Government or any agency or instrumentality of the United States (provided that the full faith and credit of the United States is pledged in support thereof), having maturities of not more than one year from the date of acquisition;
- (2) marketable general obligations issued by any state of the United States of America or any political subdivision of any such state or any public instrumentality thereof maturing within one year from the date of acquisition of the United States (provided that the full faith and credit of the United States is pledged in support thereof) and, at the time of acquisition, having a credit rating of "A" or better from either Standard & Poor's Ratings Services or Moody's Investors Service, Inc.;

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- (3) certificates of deposit, time deposits, Eurodollar time deposits, overnight bank deposits or bankers' acceptances having maturities of not more than one year from the date of acquisition thereof issued by any commercial bank the long-term debt of which is rated at the time of acquisition thereof at least "A" or the equivalent thereof by Standard & Poor's Ratings Services, or "A" or the equivalent thereof by Moody's Investors Service, Inc., and having combined capital and surplus in excess of \$500 million;
- (4) repurchase obligations with a term of not more than seven days for underlying securities of the types described in clauses (1), (2) and (3) entered into with any bank meeting the qualifications specified in clause (3) above;
- (5) commercial paper rated at the time of acquisition thereof at least "A-2" or the equivalent thereof by Standard & Poor's Ratings Services or "P-2" or the equivalent thereof by Moody's Investors Service, Inc., or carrying an equivalent rating by a nationally recognized rating agency, if both of the two named rating agencies cease publishing ratings of investments, and in any case maturing within one year after the date of acquisition thereof; and
- (6) interests in any investment company or money market fund which invests solely in instruments of the type specified in clauses (1) through (5) above.

"Change of Control" means:

- (1) any "person" or "group" of related persons (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act) (other than a Permitted Holder prior to the Distribution Date), is or becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that such person or group shall be deemed to have "beneficial ownership" of all shares that any such person or group has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of more than 35% of the total voting power of the Voting Stock of Agere (or its successor by merger, consolidation or purchase of all or substantially all of its assets); provided, however, that, if prior to the Distribution Date, the Permitted Holders beneficially own (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, in the aggregate a lesser percentage of the total voting power of the Voting Stock of Agere than such other person or group and do not have the right or ability by voting power, contract or otherwise to elect or designate for election a majority of the Board of Directors (for the purposes of this clause, such person or group shall be deemed to beneficially own any Voting Stock of Agere held by a parent entity, if such person or group "beneficially owns" (as defined above), directly or indirectly, more than 35% of the voting power of the Voting Stock of such parent entity and, if prior to the Distribution Date, the Permitted Holders beneficially own (as defined in this proviso), directly or indirectly, in the aggregate a lesser percentage of the voting power of the Voting Stock of such parent entity and do not have the right or ability by voting power, contract or otherwise to elect or designate for election a majority of the board of

Edgar Filing: AGERE SYSTEMS INC - Form S-1

directors of such parent entity);

- (2) the first day on which a majority of the members of the Board of Directors of Agere are not Continuing Directors;
- (3) the sale (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of Agere determined on a consolidated basis to another Person (other than, if prior to the Distribution Date, to a Person that is controlled by the Permitted Holders) unless the transferee Person becomes the obligor in respect of the notes and a Subsidiary of the transferor of such assets;
- (4) the consolidation or merger of Agere with or into another Person or the merger of another Person with or

116

into Agere (other than, in all such cases, if prior to the Distribution Date, a Person that is controlled by the Permitted Holders), and the securities of Agere that are outstanding immediately prior to such transaction and represent 100% of the aggregate voting power of the Voting Stock of Agere are changed into or exchanged for cash, securities or property, unless pursuant to such transaction such securities are changed into or exchanged for, in addition to any other consideration, securities of the surviving Person that represent immediately after such transaction, at least a majority of the aggregate voting power of the Voting Stock of the surviving Person; or

- (5) the adoption by the stockholders of Agere of a plan or proposal for the liquidation or dissolution of Agere.

"CMO Transaction" shall mean any financing arrangement involving the issuance of securities supported by Liens (or Indebtedness secured by Liens) on real estate owned by Agere or any Subsidiary.

"Code" means the Internal Revenue Code of 1986, as amended.

"Common Stock" means with respect to any Person, any and all shares, interest or other participations in, and other equivalents (however designated and whether voting or nonvoting) of such Person's common stock whether or not outstanding on the Issue Date, and includes, without limitation, all series and classes of such common stock.

"Consolidated Coverage Ratio" means as of any date of determination, with respect to any Person,

- (i) for any date of determination occurring prior to the date on which financial statements for the fiscal quarter ending March 31, 2003 are made publicly available, the ratio of (x) the aggregate amount of Consolidated EBITDA for the two fiscal quarters ending December 31, 2002 to (y) Consolidated Interest Expense for such two fiscal quarters;

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- (ii) for any date of determination occurring on or after the date on which financial statements for the fiscal quarter ending March 31, 2003 are made publicly available and prior to the date on which financial statements for the fiscal quarter ending June 30, 2003 are made publicly available, the ratio of (x) the aggregate amount of Consolidated EBITDA for the three fiscal quarters ending March 31, 2003 to (y) Consolidated Interest Expense for such three fiscal quarters; and
- (iii) for any date of determination on or after the date on which financial statements for the fiscal quarter ending June 30, 2003 are made publicly available, the ratio of (x) the aggregate amount of Consolidated EBITDA of such Person for the period of the most recent four consecutive fiscal quarters ending prior to the date of such determination for which financial statements are made publicly available to (y) Consolidated Interest Expense for such four fiscal quarters,

provided, however, that:

- (1) if Agere or any Restricted Subsidiary:
 - (a) has Incurred any Indebtedness since the beginning of any such period that remains outstanding on such date of determination or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio is an Incurrence of Indebtedness, Consolidated EBITDA and Consolidated Interest Expense for such period will be calculated after giving effect on a pro forma basis to (x) such Indebtedness as if such Indebtedness had been Incurred on the first day of such period (except that in making such computation, the amount of Indebtedness under any revolving credit facility outstanding on the date of such calculation will be computed based on (i) the average daily balance of such Indebtedness during such period or such shorter period for which such facility was outstanding or (ii) if such facility was created after the end of such period, the average daily balance of such Indebtedness during the period from the date of creation of such facility to the date of such calculation) and (y) the discharge of any other Indebtedness repaid, repurchased, defeased or otherwise discharged with the proceeds of such new Indebtedness as if such discharge had occurred on the first day of such period; or
 - (b) has repaid, repurchased, defeased or otherwise discharged any Indebtedness since the beginning of any such period that is no longer outstanding on such date of determination or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio involves a discharge of Indebtedness (in each case other than Indebtedness incurred under any revolving credit facility unless such Indebtedness has been permanently repaid and the related commitment terminated), Consolidated EBITDA and Consolidated Interest Expense for such period will be calculated after giving effect on a pro forma basis to such discharge of such Indebtedness, including with the proceeds of such new Indebtedness, as if such discharge

Edgar Filing: AGERE SYSTEMS INC - Form S-1

had occurred on the first day of such period;

117

- (2) if since the beginning of any such period Agere or any Restricted Subsidiary will have made any Asset Disposition or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio is an Asset Disposition:
- (a) the Consolidated EBITDA for such period will be reduced by an amount equal to the Consolidated EBITDA (if positive) directly attributable to the assets which are the subject of such Asset Disposition for such period or increased by an amount equal to the Consolidated EBITDA (if negative) directly attributable thereto for such period; and
 - (b) Consolidated Interest Expense for such period will be reduced by an amount equal to the Consolidated Interest Expense directly attributable to any Indebtedness of Agere or any Restricted Subsidiary repaid, repurchased, defeased or otherwise discharged with respect to Agere and its continuing Restricted Subsidiaries in connection with such Asset Disposition for such period (or, if the Capital Stock of any Restricted Subsidiary is sold, the Consolidated Interest Expense for such period directly attributable to the Indebtedness of such Restricted Subsidiary to the extent Agere and its continuing Restricted Subsidiaries are no longer liable for such Indebtedness after such sale);
- (3) if since the beginning of any such period Agere or any Restricted Subsidiary (by merger or otherwise) will have made an Investment in any Restricted Subsidiary (or any Person which becomes a Restricted Subsidiary or is merged with or into Agere) or an acquisition of assets, including any acquisition of assets occurring in connection with a transaction causing a calculation to be made hereunder, which constitutes all or substantially all of an operating unit, division or line of business, Consolidated EBITDA and Consolidated Interest Expense for such period will be calculated after giving pro forma effect thereto (including the Incurrence of any Indebtedness) as if such Investment or acquisition occurred on the first day of such period; and
- (4) if since the beginning of any such period any Person (that subsequently became a Restricted Subsidiary or was merged with or into Agere or any Restricted Subsidiary since the beginning of such period) will have made any Asset Disposition or any Investment or acquisition of assets that would have required an adjustment pursuant to clause (2) or (3) above if made by Agere or a Restricted Subsidiary during such period, Consolidated EBITDA and Consolidated Interest Expense for such period will be calculated after giving pro forma effect thereto as if such Asset Disposition or Investment or acquisition of assets occurred on the first day of such period.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

For purposes of this definition, whenever pro forma effect is to be given to any calculation under this definition, the pro forma calculations will be determined in good faith by a responsible financial or accounting officer of Agere (including pro forma expense and cost reductions calculated on a basis consistent with Regulation S-X under the Securities Act). If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest expense on such Indebtedness will be calculated as if the rate in effect on the date of determination had been the applicable rate for the entire period (taking into account any Interest Rate Agreement applicable to such Indebtedness if such Interest Rate Agreement has a remaining term in excess of 12 months).

"Consolidated EBITDA" (i) for any period prior to the fiscal quarter ending September 30, 2002 means zero and (ii) for any period thereafter, without duplication, the Consolidated Net Income for such period, plus Consolidated Interest Expense for such period plus the following to the extent deducted in calculating such Consolidated Net Income:

- (1) Consolidated Income Taxes;
- (2) consolidated depreciation expense;
- (3) consolidated amortization expense;
- (4) other non-cash charges reducing Consolidated Net Income (excluding any such non-cash charge to the extent it represents an accrual of or reserve for cash charges in any future period or amortization of a prepaid cash expense that was paid in a prior period not included in the calculation);
- (5) charges or expenses relating to purchased in-process research and development;
- (6) the after-tax effects of up to an aggregate amount after the Issue Date of \$775.0 million of pre-tax business restructuring charges and related charges and expenses taken after the Issue Date; and
- (7) the after-tax effects of up to an aggregate amount after the Issue Date of \$165.0 million of one-time expenses related to the distribution to Lucent's securityholders of all of the common stock of Agere held by Lucent after the initial public offering of Agere common stock (including employee relocation and

118

retention expenses related to the deferral of such distribution and facility consolidation).

Notwithstanding the preceding sentence, clauses (1) through (7) above relating to amounts of a Restricted Subsidiary of a Person will be added to Consolidated Net Income to compute Consolidated EBITDA of such Person (A) only to the extent (and in the same proportion, including by reason of minority interest) that the net income (loss) of such Restricted Subsidiary was included in calculating the

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Consolidated Net Income of such Person and (B) to the extent the amounts set forth in clauses (2) through (7) above are in excess of those necessary to offset a net loss of such Restricted Subsidiary or if such Restricted Subsidiary has net income for such period included in Consolidated Net Income, only if a corresponding amount would be permitted at the date of determination to be dividended to Agere by such Restricted Subsidiary without prior approval (that has not been obtained), pursuant to the terms of its charter and all agreements, instruments, judgments, decrees, orders, statutes, rules and governmental regulations applicable to that Restricted Subsidiary or its stockholders.

"Consolidated Income Taxes" means, with respect to any Person for any period, taxes imposed upon such Person or other payments required to be made by such Person by any governmental authority which taxes or other payments are calculated by reference to the income or profits of such Person or such Person and its Restricted Subsidiaries (to the extent such income or profits were included in computing Consolidated Net Income for such period), regardless of whether such taxes or payments are required to be remitted to any governmental authority.

"Consolidated Interest Expense" means, for any period, the total interest expense of Agere and its consolidated Restricted Subsidiaries, whether paid or accrued, plus, to the extent not included in such interest expense:

- (1) interest expense attributable to capital leases and the interest expense attributable to leases constituting part of a Sale/Leaseback Transaction;
- (2) amortization of debt discount and debt issuance cost;
- (3) capitalized interest;
- (4) non-cash interest expense;
- (5) commissions, discounts and other fees and charges owed with respect to letters of credit and bankers' acceptance financing;
- (6) interest actually paid by Agere or any such Restricted Subsidiary under any Guarantee of Indebtedness or other obligation of any other Person;
- (7) net costs associated with Hedging Obligations (including amortization of fees);
- (8) the product of (a) all dividends paid or payable in cash, Cash Equivalents or Indebtedness or accrued during such period on any series of Disqualified Stock of such Person or on Preferred Stock of its Restricted Subsidiaries payable to a party other than Agere or a Restricted Subsidiary, times (b) a fraction, the numerator of which is one and the denominator of which is one minus the then current combined federal, state, provincial and local statutory tax rate of such Person, expressed as a decimal, in each case, as estimated by the Chief Financial Officer of Agere in good faith;
- (9) interest Incurred in connection with Investments in discontinued operations; and
- (10) the cash contributions to any employee stock ownership plan or similar trust to the extent such contributions

Edgar Filing: AGERE SYSTEMS INC - Form S-1

are used by such plan or trust to pay interest or fees to any Person (other than Agere and its Restricted Subsidiaries) in connection with Indebtedness Incurred by such plan or trust; provided, however, that there will be excluded therefrom any such interest expense of any Unrestricted Subsidiary to the extent the related Indebtedness is not Guaranteed or paid by Agere or any Restricted Subsidiary.

For purposes of the foregoing, total interest expense will be determined after giving effect to any net payments made or received by Agere and its Subsidiaries with respect to Interest Rate Agreements.

"Consolidated Net Income" means, for any period, the net income (loss) of Agere and its consolidated Subsidiaries determined in accordance with GAAP; provided, however, that there will not be included in such Consolidated Net Income:

- (1) any net income (loss) of any Person (other than Agere) if such Person is not a Restricted Subsidiary, except that:

119

- (a) subject to the limitations contained in clauses (4), (5) and (6) below, Agere's equity in the net income of any such Person for such period will be included in such Consolidated Net Income up to the aggregate amount of cash actually distributed by such Person during such period to Agere or a Restricted Subsidiary as a dividend or other distribution (subject, in the case of a dividend or other distribution to a Restricted Subsidiary, to the limitations contained in clause (3) below); and
 - (b) Agere's equity in a net loss of any such Person (other than an Unrestricted Subsidiary) for such period will be included in determining such Consolidated Net Income to the extent such loss has been funded with cash from Agere or a Restricted Subsidiary;
- (2) any net income (loss) of any Person acquired by Agere or a Subsidiary in a pooling of interests transaction for any period prior to the date of such acquisition;
 - (3) any net income (but not loss) of any Restricted Subsidiary if such Subsidiary is subject to restrictions, directly or indirectly, on the payment of dividends or the making of distributions by such Restricted Subsidiary, directly or indirectly, to Agere, except that:
 - (a) subject to the limitations contained in clauses (4), (5) and (6) below, Agere's equity in the net income of any such Restricted Subsidiary for such period will be included in such Consolidated Net Income up to the aggregate amount of cash that could have been distributed by such Restricted Subsidiary during such period to Agere or another Restricted Subsidiary as a

Edgar Filing: AGERE SYSTEMS INC - Form S-1

dividend or other distribution (subject, in the case of a dividend or other distribution to another Restricted Subsidiary, to the limitation contained in this clause); and

- (b) Agere's equity in a net loss of any such Restricted Subsidiary for such period will be included in determining such Consolidated Net Income;
- (4) any gain (loss) realized upon the sale or other disposition of any property, plant or equipment of Agere or its consolidated Restricted Subsidiaries (including pursuant to any Sale/Leaseback Transaction) which is not sold or otherwise disposed of in the ordinary course of business and any gain (loss) realized upon the sale or other disposition of any Capital Stock of any Person;
- (5) any extraordinary gain or loss; and
- (6) the cumulative effect of a change in accounting principles.

"Consolidated Net Tangible Assets" means the total amount of assets (less applicable reserves and other properly deductible items) after deducting therefrom (a) all current liabilities (excluding any thereof which are by their terms extendible or renewable at the option of the obligor thereon to a time more than 12 months after the time as of which the amount thereof is being computed), and (b) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangible assets, all as set forth on the most recent consolidated balance sheet of Agere and its Subsidiaries and computed in accordance with GAAP.

"Continuing Directors" means, as of any date of determination, any member of the Board of Directors of Agere who: (1) was a member of such Board on the Issue Date; or (2) was nominated for election or elected to such Board with the approval of a majority of such Board still in office who were either members of such Board on the Issue Date or whose such nomination or election was so approved.

"Currency Agreement" means in respect of a Person any foreign exchange contract, currency swap agreement or other similar agreement as to which such Person is a party or a beneficiary.

"Default" means any event which is, or after notice or passage of time or both would be, an Event of Default.

"Designated Senior Indebtedness" means (1) the Bank Indebtedness (to the extent such Bank Indebtedness constitutes Senior Indebtedness) and (2) any other Senior Indebtedness which, at the date of determination, has an aggregate principal amount outstanding of, or under which, at the date of determination, the holders thereof are committed to lend up to, at least \$ million and is specifically designated in the instrument evidencing or governing such Senior Indebtedness as "Designated Senior Indebtedness" for purposes of the indenture.

"Disqualified Stock" means, with respect to any Person, any Capital Stock of such Person which by its terms (or by the terms of any security into which it is convertible or for which it is exchangeable at the option of the holder) or upon the happening of any event:

- (1) matures or is mandatorily redeemable (other than redeemable only for Capital Stock of such Person which

is not itself Disqualified Stock) pursuant to a sinking fund obligation or otherwise;

- (2) is convertible or exchangeable for Indebtedness or Disqualified Stock (excluding Capital Stock which is convertible or exchangeable solely at the option of Agere or a Restricted Subsidiary); or
- (3) is redeemable (other than redeemable only for Capital Stock of such Person which is not itself Disqualified Stock) at the option of the holder of the Capital Stock thereof, in whole or in part,

in each case on or prior to the date that is 91 days after the date (a) on which the notes mature or (b) on which there are no notes outstanding, provided, that only the portion of Capital Stock which so matures or is mandatorily redeemable, is so convertible or exchangeable or is so redeemable at the option of the holder thereof prior to such date will be deemed to be Disqualified Stock; provided, further, that any Capital Stock that would constitute Disqualified Stock solely because the holders thereof have the right to require Agere to repurchase such Capital Stock upon the occurrence of a change of control or asset sale shall not constitute Disqualified Stock if the terms of such Capital Stock (and all such securities into which it is convertible or for which it is exchangeable) provide that Agere may not repurchase or redeem any such Capital Stock (and all such securities into which it is convertible or for which it is exchangeable) pursuant to such provision prior to compliance by Agere with the provisions of the indenture described under the captions "Change of Control" and "Limitation on Sales of Assets and Subsidiary Stock" and such repurchase or redemption complies with "Certain Covenants--Restricted Payments."

"Distribution Date" means the first date on which Lucent shall own less than % of the outstanding common stock of Agere.

"Existing Credit Facility" means the \$1,500,000,000 Amended and Restated Revolving Credit and Term Loan Facility Agreement, dated as of February 22, 2001, as amended and restated as of October 4, 2001, among Agere, Salomon Smith Barney Inc., as syndication agent, and JPMorgan Chase Bank (formerly known as The Chase Manhattan Bank), as administrative agent and the other lenders parties thereto, including any related notes, collateral documents, letters of credit, guarantees, instruments, agreements and Interest Rate Agreements, executed in connection therewith, as amended, restated, supplemented, waived, extended, renewed, replaced (in whole or in part, whether or not upon termination, and whether with the original lenders or agents or otherwise), refinanced (in whole or in part), restructured, repaid, refunded or otherwise modified from time to time or any other credit agreement, indenture or other evidence of Indebtedness.

"Foreign Subsidiary" shall mean any Subsidiary of Agere that is not organized under the laws of any jurisdiction within the United States.

"GAAP" means generally accepted accounting principles in the United States of America as in effect as of the Issue Date, including those set forth in (1) the opinions and pronouncements of the Accounting

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Principles Board of the American Institute of Certified Public Accountants, (2) statements and pronouncements of the Financial Accounting Standards Board, (3) such other statements by such other entity as approved by a significant segment of the accounting profession and (4) the rules and regulations of the SEC governing the inclusion of financial statements (including pro forma financial statements) in periodic reports required to be filed pursuant to Section) 13 of the Exchange Act, including opinions and pronouncements in staff accounting bulletins and similar written statements from the accounting staff of the SEC. All ratios and computations based on GAAP contained in the indenture will be computed in conformity with GAAP.

"Guarantee" means any obligation, contingent or otherwise, of any Person directly or indirectly guaranteeing any Indebtedness of any other Person and any obligation, direct or indirect, contingent or otherwise, of such Person:

- (1) to purchase or pay (or advance or supply funds for the purchase or payment of) such Indebtedness of such other Person (whether arising by virtue of partnership arrangements, or by agreement to keep-well, to purchase assets, goods, securities or services, to take-or-pay, or to maintain financial statement conditions or otherwise); or
- (2) entered into for purposes of assuring in any other manner the obligee of such Indebtedness of the payment thereof or to protect such obligee against loss in respect thereof (in whole or in part);

provided, however, that the term "Guarantee" will not include endorsements for collection or deposit in the ordinary course of business. The term "Guarantee" used as a verb has a corresponding meaning.

"Hedging Obligations" of any Person means the obligations of such Person pursuant to any Interest Rate Agreement or Currency Agreement and in the case of Agere, the Put Option Agreement as well.

"Incur" means issue, create, assume, Guarantee, incur or otherwise become liable for; provided, however, that any Indebtedness or Capital Stock of a Person existing at the time such Person becomes a Restricted Subsidiary

121

(whether by merger, consolidation, acquisition or otherwise) will be deemed to be Incurred by such Restricted Subsidiary at the time it becomes a Restricted Subsidiary; and the terms "Incurred" and "Incurrence" have meanings correlative to the foregoing.

"Indebtedness" means, with respect to any Person on any date of determination (without duplication):

- (1) the principal of and premium (to the extent that such premium has become due and payable), if any, in respect of indebtedness of such Person for borrowed money;
- (2) the principal of and premium (to the extent that such

Edgar Filing: AGERE SYSTEMS INC - Form S-1

premium has become due and payable), if any, in respect of obligations of such Person evidenced by bonds, debentures, notes or other similar instruments;

- (3) the principal component of all obligations of such Person or the reimbursement of any obligor in respect of letters of credit, bankers' acceptances or other similar instruments (except to the extent such reimbursement obligation relates to letters of credit securing obligations (other than those referred to in clauses (1) or (2) above) entered into in the ordinary course of business and is not drawn or, if and to the extent drawn, such obligation is satisfied within 30 days of drawing);
- (4) the principal component of all obligations of such Person to pay the deferred and unpaid purchase price of property (except trade payables), which purchase price is due more than six months after the date of placing such property in service or taking delivery and title thereto;
- (5) Capitalized Lease Obligations and all Attributable Indebtedness of such Person;
- (6) the principal component or liquidation preference of all obligations of such Person with respect to the redemption, repayment or other repurchase of any Disqualified Stock or, with respect to any Subsidiary, any Preferred Stock (but excluding, in each case, any accrued dividends);
- (7) the principal component of all Indebtedness of other Persons secured by a Lien on any asset of such Person, whether or not such Indebtedness is assumed by such Person; provided, however, that the amount of such Indebtedness will be the lesser of (a) the fair market value of such asset at such date of determination and (b) the amount of such Indebtedness of such other Persons;
- (8) the principal component of Indebtedness of other Persons to the extent Guaranteed by such Person; and
- (9) to the extent not otherwise included in this definition, net obligations of such Person under (the amount of any such obligations to be equal at any time to the termination value of such agreement or arrangement giving rise to such obligation that would be payable by such Person at such time); provided, however, that an increase in the amount of such Indebtedness as a result of market fluctuations shall not be deemed an "Incurrence" of Indebtedness for purposes of the covenant described under "Limitations on Indebtedness".

Notwithstanding the foregoing, in connection with the purchase by Agere or any Restricted Subsidiary of any business, the term "Indebtedness" will exclude post-closing payment adjustments to which the seller may become entitled to the extent such payment is determined by a final closing balance sheet or such payment depends on the performance of such business after the closing; provided, however, that, at the time of closing, the amount of any such payment is not determinable and, to the extent such payment thereafter becomes fixed and determined, the amount is paid within 30 days thereafter. The amount of Indebtedness of any Person at any date will be the outstanding balance at such date of all unconditional obligations as described above and the maximum liability, upon the occurrence of the contingency giving rise to the obligation,

Edgar Filing: AGERE SYSTEMS INC - Form S-1

of any contingent obligations at such date.

In addition, "Indebtedness" of any Person shall include Indebtedness described in the preceding paragraph that would not appear as a liability on the balance sheet of such Person if:

- (1) such Indebtedness is the obligation of a partnership or joint venture that is not a Restricted Subsidiary (a "Joint Venture");
- (2) such Person or a Restricted Subsidiary of such Person is a general partner of the Joint Venture (a "General Partner"); and
- (3) there is recourse, by contract or operation of law, with respect to the payment of such Indebtedness to property or assets of such Person or a Restricted Subsidiary of such Person; and then such Indebtedness shall be treated as Indebtedness of such Person in an amount not to exceed:
 - (a) the lesser of (i) the net assets of the General Partner and (ii) the amount of such obligations to the extent that there is recourse, by contract or operation of law, to the property or assets of such

122

Person or a Restricted Subsidiary of such Person; or

- (b) if less than the amount determined pursuant to clause (a) immediately above, the actual amount of such Indebtedness that is recourse to such Person or a Restricted Subsidiary of such Person, if the Indebtedness is evidenced by a writing and is for a determinable amount and the related interest expense shall be included in Consolidated Interest Expense to the extent actually paid by Agere or its Restricted Subsidiaries.

"Intellectual Property" shall mean, collectively, all rights, priorities and privileges relating to intellectual property, whether arising under United States, multinational or foreign laws or otherwise, and all rights to sue at law or in equity for any infringement or impairment thereof, including the right to receive all proceeds and damages therefrom.

"Interest Rate Agreement" means with respect to any Person any interest rate protection agreement, interest rate future agreement, interest rate option agreement, interest rate swap agreement, interest rate cap agreement, interest rate collar agreement, interest rate hedge agreement or other similar agreement or arrangement as to which such Person is party or a beneficiary.

"Investment" means, with respect to any Person, all investments by such Person in other Persons (including Affiliates) in the form of any direct or indirect advance, loan (other than advances to customers in the

Edgar Filing: AGERE SYSTEMS INC - Form S-1

ordinary course of business) or other extension of credit (including by way of Guarantee or similar arrangement, but excluding any debt or extension of credit represented by a bank deposit other than a time deposit) or capital contribution to (by means of any transfer of cash or other property to others or any payment for property or services for the account or use of others), or any purchase or acquisition of Capital Stock, Indebtedness or other similar instruments issued by, such Person and all other items that are or would be classified as investments on a balance sheet prepared in accordance with GAAP; provided, that none of the following will be deemed to be an Investment:

- (1) Hedging Obligations entered into in the ordinary course of business and in compliance with the indenture;
- (2) endorsements of negotiable instruments and documents in the ordinary course of business; and
- (3) an acquisition of assets, Capital Stock or other securities by Agere or a Subsidiary for consideration to the extent such consideration consists of Common Stock of Agere.

For purposes of the definition of "Unrestricted Subsidiary," the definition of "Restricted Payment" and "Certain Covenants--Limitation on Restricted Payments",

- (1) "Investment" will include the portion (proportionate to Agere's equity interest in a Restricted Subsidiary to be designated as an Unrestricted Subsidiary) of the fair market value of the net assets of such Restricted Subsidiary at the time that such Restricted Subsidiary is designated an Unrestricted Subsidiary; provided, however, that upon a redesignation of such Subsidiary as a Restricted Subsidiary, Agere will be deemed to continue to have a permanent "Investment" in an Unrestricted Subsidiary in an amount (if positive) equal to (a) Agere's "Investment" in such Subsidiary at the time of such redesignation less (b) the portion (proportionate to Agere's equity interest in such Subsidiary) of the fair market value of the net assets (as conclusively determined by the Board of Directors of Agere in good faith) of such Subsidiary at the time that such Subsidiary is so re-designated a Restricted Subsidiary; and
- (2) any property transferred to or from an Unrestricted Subsidiary will be valued at its fair market value at the time of such transfer, in each case as determined in good faith by the Board of Directors of Agere or, in the case of property with a fair market value not in excess of \$25.0 million, an officer of Agere. If Agere or any Restricted Subsidiary sells or otherwise disposes of any Voting Stock of any Restricted Subsidiary such that, after giving effect to any such sale or disposition, such entity is no longer a Subsidiary of Agere, Agere shall be deemed to have made an Investment on the date of any such sale or disposition equal to the fair market value (as conclusively determined by the Board of Directors of Agere in good faith) of the Capital Stock of such Subsidiary not sold or disposed of.

"Investment Grade Rating" means a rating equal to or higher than Baa3 (or the equivalent) by Moody's Investors Service, Inc. and BBB- (or the equivalent) by Standard & Poor's Ratings Group, Inc., or an equivalent rating by any other Rating Agency.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

"Issue Date" means the date on which the notes (not including any additional notes, if any) are originally issued.

"Lien" means any mortgage, pledge, security interest, encumbrance, lien or charge of any kind (including any conditional sale or other title retention agreement or lease in the nature thereof).

123

"Lucent" means Lucent Technologies Inc., a Delaware corporation (or its successor by merger, consolidation, purchase of all or substantially all of its assets or otherwise).

"Net Available Cash" from an Asset Disposition means cash payments received (including any cash payments received by way of deferred payment of principal pursuant to a note or installment receivable or otherwise, but only as and when received, but excluding any other consideration received in the form of assumption by the acquiring Person of Indebtedness or other obligations relating to the properties or assets that are the subject of such Asset Disposition or received in any other noncash form) therefrom, in each case net of:

- (1) all legal, accounting, investment banking, title and recording tax expenses, commissions and other fees and expenses incurred, and all Federal, state, provincial, foreign and local taxes required to be paid or accrued as a liability under GAAP, as a consequence of such Asset Disposition;
- (2) all payments made on any Indebtedness which is secured by any assets subject to such Asset Disposition, in accordance with the terms of any Lien upon such assets, or which must by its terms, or in order to obtain a necessary consent to such Asset Disposition, or by applicable law be repaid out of the proceeds from such Asset Disposition;
- (3) all distributions and other payments required to be made to minority interest holders in Subsidiaries or joint ventures as a result of such Asset Disposition; and
- (4) the deduction of appropriate amounts to be provided by the seller as a reserve, in accordance with GAAP, against any liabilities associated with the assets disposed of in such Asset Disposition and retained by Agere or any Restricted Subsidiary after such Asset Disposition.

"Net Cash Proceeds", with respect to any issuance or sale of Capital Stock, means the cash proceeds of such issuance or sale net of attorneys' fees, accountants' fees, underwriters' or placement agents' fees, listing fees, discounts or commissions and brokerage, consultant and other fees and charges actually incurred in connection with such issuance or sale and net of taxes paid or payable as a result of such issuance or sale. "Officer" means the Chairman of the Board, the President, any Vice President, the Treasurer or the Secretary of Agere.

"Officers' Certificate" means a certificate signed by two Officers or by an Officer and either an Assistant Treasurer or an Assistant

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Secretary of Agere.

"Opinion of Counsel" means a written opinion from legal counsel who is acceptable to the indenture trustee. The counsel may be an employee of or counsel to Agere or the indenture trustee.

"Permitted Holders" means Lucent and any wholly-owned Subsidiary thereof.

"Permitted Investment" means an Investment by Agere or any Restricted Subsidiary in:

- (1) a Restricted Subsidiary (other than a Securitization Entity) or a Person which will, upon the making of such Investment, become a Restricted Subsidiary (other than a Securitization Entity); provided, however, that the primary business of such Restricted Subsidiary is a Related Business;
- (2) any Person if as a result of such Investment such other Person is merged or consolidated with or into, or transfers or conveys all or substantially all its assets to, Agere or a Restricted Subsidiary (other than a Securitization Entity); provided, however, that such Person's primary business is a Related Business;
- (3) cash and Cash Equivalents;
- (4) receivables owing to Agere or any Restricted Subsidiary created or acquired in the ordinary course of business and payable or dischargeable in accordance with customary trade terms; provided, however, that such trade terms may include such concessionary trade terms as Agere or any such Restricted Subsidiary deems reasonable under the circumstances;
- (5) payroll, travel and similar advances to cover matters that are expected at the time of such advances ultimately to be treated as expenses for accounting purposes and that are made in the ordinary course of business;
- (6) loans or advances to employees made in the ordinary course of business consistent with past practices of Agere or such Restricted Subsidiary;
- (7) stock, obligations or securities received in settlement of debts created in the ordinary course of business and owing to Agere or any Restricted Subsidiary or in satisfaction of judgments or pursuant to any plan of

124

reorganization or similar arrangement upon the bankruptcy or insolvency of a debtor;

- (8) existence on the Issue Date;
- (9) Currency Agreements, Interest Rate Agreements and related

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Hedging Obligations, which transactions or obligations are Incurred in compliance with "Certain Covenants--Limitation on Indebtedness";

- (10) aggregate amount at the time of such Investment, together with all other Investments pursuant to this clause (11), not to exceed \$ million outstanding at any one time;
- (11) Guarantees issued in accordance with "Certain Covenants--Limitations on Indebtedness";
- (12) a Securitization Entity or any Investment by a Securitization Entity in any other Person, in each case, in connection with a Qualified Securitization Transaction, provided, however, that any Investment in a Securitization Entity is in the form of (i) a Purchase Money Note; (ii) any equity interest; (iii) obligations of the Securitization Entity to pay the purchase price for assets transferred to it; or (iv) interests in Receivable, Intellectual Property and related assets generated by Agere or a Restricted Subsidiary and transferred to any Person in connection with a Qualified Securitization Transaction or any such Person owning such Receivables or Intellectual Property;
- (13) Unrestricted Subsidiaries or joint ventures, in an aggregate amount not to exceed \$40.0 million on or prior to September 30, 2002, and after September 30, 2002, in an aggregate amount not to exceed, in any fiscal year, the sum of (A) \$125.0 million, (B) up to \$25.0 million unutilized investment capacity from the immediately preceding fiscal year, and (C) up to \$15.0 million investment capacity from the immediately succeeding fiscal year; provided, that the baskets set forth above may be replenished with respect to any fiscal year, up to the sum of the limits set forth in clauses (A), (B) and (C), by the amount of Net Cash Proceeds realized from the sale of any interest in Unrestricted Subsidiaries or joint ventures (the Investment in which was permitted under this clause (13)) or distributions or loan repayments thereon, in each case, in such fiscal year;
- (14) any Person if made as a result of the receipt of non-cash consideration from an Asset Disposition that was made pursuant to and in compliance with "Certain Covenants--Limitation on Sales of Assets and Subsidiary Stock";
- (15) any Person if made as a result of the receipt of non-cash consideration from the disposition of the Orlando, Florida facility (or Capital Stock of the Subsidiary that owns such facility); provided, however, that such Investment shall not exceed the amount of securities of the Person acquiring such facility (or Capital Stock) received in such disposition;
- (16) any Person if made as a result of the receipt of non-cash consideration from the disposition of the Reading, Pennsylvania facility (or Capital Stock of the Subsidiary that owns such facility); provided, however, that such Investment shall not exceed the amount of securities of the Person acquiring such facility (or Capital Stock) received in such disposition;
- (17) Silicon Manufacturing Partners Pte Ltd in an aggregate

Edgar Filing: AGERE SYSTEMS INC - Form S-1

amount not to exceed \$ million;

- (18) Investments to the extent such Investments are acquired by contribution of Intellectual Property (together with Intellectual Property licensed prior to the Issue Date for use in joint development) for products not sold as of the Issue Date; and
- (19) any Person if such Investment was acquired in consideration for the proceeds of the issuance of Capital Stock (other than Disqualified Stock) of Agere; provided, that such Capital Stock was issued specifically to provide the consideration for such acquisition; provided, further, that such proceeds will be excluded from subsequent calculations of the amount of Restricted Payments; and provided, further, that such Person's primary business is a Related Business.

"Permitted Liens" means, with respect to any Person:

- (1) Liens securing Indebtedness and other obligations of Agere under the Existing Credit Facility and related Interest Rate Agreements and other Senior Indebtedness and Liens on assets of Restricted Subsidiaries that have Incurred Guarantees of Indebtedness and other obligations of Agere under the Existing Credit Facility and other Senior Indebtedness of such Person permitted to be Incurred under the indenture;
- (2) pledges or deposits by such Person under workmen's compensation laws, unemployment insurance laws or

125

similar legislation, or good faith deposits in connection with bids, tenders, contracts (other than for the payment of Indebtedness) or leases to which such Person is a party, or deposits to secure public or statutory obligations of such Person or deposits or cash or United States government bonds to secure surety or appeal bonds to which such Person is a party, or deposits as security for contested taxes or import or customs duties or for the payment of rent, in each case Incurred in the ordinary course of business;

- (3) Liens imposed by law, including carriers', warehousemen's and mechanics' Liens, in each case for sums not yet due or being contested in good faith by appropriate proceedings if a reserve or other appropriate provisions, if any, as shall be required by GAAP shall have been made in respect thereof;
- (4) Liens for taxes, assessments or other governmental charges not yet subject to penalties for non-payment or which are being contested in good faith by appropriate proceedings provided appropriate reserves required pursuant to GAAP have been made in respect thereof;
- (5) Liens in favor of issuers of surety or performance bonds or letters of credit or bankers' acceptances issued pursuant to

Edgar Filing: AGERE SYSTEMS INC - Form S-1

the request of and for the account of such Person in the ordinary course of its business; provided, however, that such letters of credit do not constitute Indebtedness;

- (6) encumbrances, easements or reservations of, or rights of others for, licenses, rights of way, sewers, electric lines, telegraph and telephone lines and other similar purposes, or zoning or other restrictions as to the use of real properties or Liens incidental to the conduct of the business of such Person or to the ownership of its properties which do not in the aggregate materially adversely affect the value of said properties or materially impair their use in the operation of the business of such Person;
- (7) Liens securing Hedging Obligations so long as the related Indebtedness is, and is permitted to be under the indenture, secured by a Lien on the same property securing such Hedging Obligation;
- (8) leases and subleases of real property which do not materially interfere with the ordinary conduct of the business of Agere or any of its Restricted Subsidiaries;
- (9) judgment Liens not giving rise to an Event of Default so long as such Lien is adequately bonded and any appropriate legal proceedings which may have been duly initiated for the review of such judgment have not been finally terminated or the period within which such proceedings may be initiated has not expired;
- (10) Liens for the purpose of securing the payment of all or a part of the purchase price of, or Capitalized Lease Obligations with respect to, assets or property acquired or constructed in the ordinary course of business, provided, that:
 - (a) the aggregate principal amount of Indebtedness secured by such Liens is otherwise permitted to be Incurred under the indenture and does not exceed the cost of the assets or property so acquired or constructed; and
 - (b) such Liens are created within 180 days of construction or acquisition of such assets or property and do not encumber any other assets or property of Agere or any Restricted Subsidiary other than such assets or property and assets affixed or appurtenant thereto;
- (11) Liens arising solely by virtue of any statutory or common law provisions relating to banker's Liens, rights of set-off or similar rights and remedies as to deposit accounts or other funds maintained with a depository institution; provided, that:
 - (a) such deposit account is not a dedicated cash collateral account and is not subject to restrictions against access by Agere in excess of those set forth by regulations promulgated by the Federal Reserve Board; and
 - (b) such deposit account is not intended by Agere or any Restricted Subsidiary to provide collateral to the

Edgar Filing: AGERE SYSTEMS INC - Form S-1

depository institution;

- (12) Liens arising from Uniform Commercial Code financing statement filings regarding operating leases entered into by Agere and its Restricted Subsidiaries in the ordinary course of business;
- (13) Liens existing on the Issue Date;
- (14) Liens on property or shares of stock of a Person at the time such Person becomes a Restricted Subsidiary; provided, however, that such Liens may not extend to any other property owned by Agere or any Restricted Subsidiary;

126

- (15) Liens on property at the time Agere or a Restricted Subsidiary acquired the property, including any acquisition by means of a merger or consolidation with or into Agere or any Restricted Subsidiary; provided, however, that such Liens may not extend to any other property owned by Agere or any Restricted Subsidiary;
- (16) Liens securing Indebtedness or other obligations of a Restricted Subsidiary owing to Agere or a Restricted Subsidiary (other than a Receivable Entity);
- (17) Liens securing the notes (and Subsidiary Guarantees, if any);
- (18) Liens securing Refinancing Indebtedness Incurred to Refinance Indebtedness that was previously so secured, provided that any such Lien is limited to all or part of the same property or assets (plus improvements, accessions, proceeds or dividends or distributions in respect thereof) that secured (or, under the written arrangements under which the original Lien arose, could secure) the Indebtedness being Refinanced or is in respect of property that is the security for a Permitted Lien hereunder;
- (19) Liens Incurred pursuant to Sale/Leaseback Transactions or CMO Transactions permitted by the covenant described under "--Limitations on Indebtedness;"
- (20) Liens on the new headquarters facility and related property of Agere located in Allentown and Hanover Township, Pennsylvania Incurred to facilitate the financing of this property in an aggregate amount not to exceed \$250.0 million so long as the proceeds of such financing are treated as proceeds from an Asset Disposition and applied in compliance with the covenant described under "--Limitation on Sale of Assets and Subsidiary Stock;"
- (21) Liens on any principal manufacturing property of Agere to facilitate the financing of such property so long as the proceeds of such financing are treated as proceeds from an

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Asset Disposition and applied in compliance with the covenant described under "--Limitation on Sale of Assets and Subsidiary Stock;" and

- (22) Liens incurred pursuant to Qualified Securitization Transactions and related assignments and sales of any income or revenues (including Receivables and Intellectual Property), including Liens on the assets of any Securitization Entity created pursuant to any Qualified Securitization Transaction and Liens Incurred by Agere and its other Subsidiaries on Receivables or Intellectual Property to secure obligations owing by them in respect of any such Qualified Securitization Transaction.

"Person" means any individual, corporation, partnership, joint venture, association, joint-stock company, trust, unincorporated organization, limited liability company, government or any agency or political subdivision thereof or any other entity.

"Preferred Stock", as applied to the Capital Stock of any Person, means Capital Stock of any class or classes (however designated) which is preferred as to the payment of dividends, or as to the distribution of assets upon any voluntary or involuntary liquidation or dissolution of such Person, over shares of Capital Stock of any other class of such Person.

"Put Option Agreement" means the put option agreement entered into on the date of the indenture between Agere and SHARCS Trust I.

"Purchase Money Note" means a promissory note of a Securitization Entity evidencing a line of credit or other extension of credit (including deferred purchase price), which may be irrevocable, from Agere or any Restricted Subsidiary in connection with a Qualified Securitization Transaction to a Securitization Entity, which note is repayable from cash available to the Securitization Entity, other than amounts required to be established as reserves pursuant to agreements, amounts paid to investors in respect of interest, principal and other amounts owing to such investors and amounts owing to such investors and amounts paid in connection with the purchase of newly generated Receivables or Intellectual Property.

"Qualified Securitization Transaction" means any transaction or series of transactions that may be entered into by Agere or any of its Restricted Subsidiaries pursuant to which Agere or any of its Restricted Subsidiaries may sell, convey or otherwise transfer to (1) a Securitization Entity (in the case of a transfer by Agere or any of its Restricted Subsidiaries) and (2) any other Person (in the case of a transfer by a Securitization Entity), or may grant a security interest in, any Receivables or Intellectual Property (whether now existing or arising in the future) of Agere or any of its Restricted Subsidiaries, and any assets related thereto including, without limitation, all collateral securing such Receivables or Intellectual Property, all contracts and all guarantees or other obligations in respect of such Receivables

or Intellectual Property, the proceeds of such Receivables or Intellectual Property and other assets which are customarily transferred, or in respect

Edgar Filing: AGERE SYSTEMS INC - Form S-1

of which security interests are customarily granted in connection with asset securitization involving Receivables or Intellectual Property.

"Rating Agencies" means Standard & Poor's Ratings Group, Inc. and Moody's Investors Service, Inc. or if Standard & Poor's Ratings Group, Inc. or Moody's Investors Service, Inc. or both shall not make a rating on the notes publicly available, a nationally recognized statistical rating agency or agencies, as the case may be, selected by Agere (as certified by a resolution of the Board of Directors) which shall be substituted for Standard & Poor's Ratings Group, Inc. or Moody's Investors Service, Inc. or both, as the case may be.

"Receivables" shall mean all Accounts and accounts receivable of Agere or any of its Subsidiaries (including any thereof constituting or evidenced by chattel paper, instruments or general intangibles), and all proceeds thereof and rights (contractual and other) and collateral related thereto.

"Refinance" means, in respect of any Indebtedness, to refinance, extend, refund, repay, prepay, redeem, defease, retire, replace, exchange or renew, or to issue other Indebtedness in exchange or replacement for such Indebtedness. "Refinance" or "Refinancing" shall have correlative meanings.

"Refinancing Indebtedness" means Indebtedness that is Incurred to Refinance any Indebtedness existing on the Issue Date or Incurred in compliance with the indenture (including Indebtedness that Refinances Refinancing Indebtedness), provided, however, that:

- (1) the Refinancing Indebtedness has a Stated Maturity no earlier than the Indebtedness being Refinanced;
- (2) the Refinancing Indebtedness has an Average Life at the time such Refinancing Indebtedness is Incurred that is equal to or greater than the Average Life of the Indebtedness being Refinanced;
- (3) such Refinancing Indebtedness is Incurred in an aggregate principal amount (or if issued with original issue discount, an aggregate issue price) that is equal to or less than the aggregate principal amount (or if issued with original issue discount, the aggregate accreted value) then outstanding or committed of Indebtedness being Refinanced; and
- (4) if the Indebtedness being Refinanced is subordinated in right of payment to the notes or a Subsidiary Guarantee, if any, such Refinancing Indebtedness is subordinated in right of payment to the notes or such Subsidiary Guarantee at least the same extent as the Indebtedness being Refinanced;

provided, however, that clauses (1) and (2) will not apply to any refunding or refinancing of any Senior Indebtedness; provided, further, however, that Refinancing Indebtedness shall not include Indebtedness of Agere or a Restricted Subsidiary that Refinances Indebtedness of an Unrestricted Subsidiary.

"Related Business" means any business that is the same as or related, ancillary or complementary to any of the businesses of Agere and its Restricted Subsidiaries on the date of the indenture.

"Representative" means any trustee, agent or representative, if any, of an issue of Indebtedness; provided that when used in connection with the Existing Credit Facility, the term "Representative" shall refer to

Edgar Filing: AGERE SYSTEMS INC - Form S-1

the administrative agent under the Existing Credit Facility.

"Restricted Investment" means any Investment other than a Permitted Investment.

"Restricted Subsidiary" means any Subsidiary of Agere other than an Unrestricted Subsidiary.

"Sale/Leaseback Transaction" means an arrangement relating to property now owned or hereafter acquired whereby Agere or a Restricted Subsidiary transfers such property to a Person and Agere or a Restricted Subsidiary leases it from such Person.

"Secured Indebtedness" means any Indebtedness of Agere secured by a Lien.

"Securitization Entity" means a Wholly-Owned Subsidiary of Agere (or another Person in which Agere or any Restricted Subsidiary makes an Investment and to which Agere or any Restricted Subsidiary transfers Receivables or Intellectual Property and related assets) which engages in no activities other than in connection with the acquisition and financing of Receivables or Intellectual Property and activities related thereto and which is designated by the Board of Directors of Agere (as provided below) as a Securitization Entity:

- (1) no portion of the Indebtedness or any other obligations (contingent or otherwise) of which:

128

- (a) is guaranteed by Agere or any Restricted Subsidiary (excluding guarantees of Obligations (other than the principal of, and interest on, Indebtedness) pursuant to Standard Securitization Undertakings);
 - (b) is recourse to or obligates Agere or any Restricted Subsidiary in any way other than pursuant to Standard Securitization Undertakings; or
 - (c) subjects any property or asset of Agere or any Restricted Subsidiary, directly or indirectly, contingently or otherwise, to the satisfaction thereof, other than pursuant to Standard Securitization Undertakings and Liens supporting such Standard Securitization Undertakings;
- (2) with which neither Agere nor any Restricted Subsidiary has any material contract, agreement, arrangement or understanding (except in connection with a Purchase Money Note or Qualified Securitization Transaction) other than on terms no less favorable to Agere or such Restricted Subsidiary than those that might be obtained at the time from Persons that are not Affiliates of Agere, other than fees payable in the ordinary course of business in connection with servicing accounts receivable; and
 - (3) to which neither Agere nor any Restricted Subsidiary has any

Edgar Filing: AGERE SYSTEMS INC - Form S-1

obligation to maintain or preserve such entity's financial condition or cause such entity to achieve certain levels of operating results.

Any such designation by the Board of Directors of Agere shall be evidenced to the indenture trustee by filing with the indenture trustee a certified copy of the resolution of the Board of Directors of Agere giving effect to such designation and an Officers' Certificate certifying that such designation complied with the foregoing conditions.

"Senior Subordinated Indebtedness" means the notes and any other Indebtedness of Agere that specifically provides that such Indebtedness is to rank equally with the notes in right of payment and is not subordinated by its terms in right of payment to any Indebtedness or other obligation of Agere which is not Senior Indebtedness.

"Significant Subsidiary" means any Restricted Subsidiary that would be a "Significant Subsidiary" of Agere within the meaning of Rule 1?02 under Regulation S-X promulgated by the SEC.

"Standard Securitization Undertakings" means representations, warranties, covenants and indemnities entered into by Agere or any Restricted Subsidiary which are reasonably customary in securitization transactions involving Receivables and/or Intellectual Property, including in connection with any servicing obligations assumed by Agere or any Restricted Subsidiary in respect of such Receivables or Intellectual Property.

"Stated Maturity" means, with respect to any security, the date specified in such security as the fixed date on which the payment of principal of such security is due and payable, including pursuant to any mandatory redemption provision, but shall not include any contingent obligations to repay, redeem or repurchase any such principal prior to the date originally scheduled for the payment thereof.

"Subordinated Obligation" of a Person means any Indebtedness of such Person (whether outstanding on the Issue Date or thereafter Incurred) which is subordinate or junior in right of payment to the notes pursuant to a written agreement.

"Subsidiary" of any Person means any corporation, association, partnership, joint venture, limited liability company or other business entity of which more than 50% of the total voting power of shares of Voting Stock or other interests (including partnership and joint venture interests) entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or indenture trustees thereof is at the time owned or controlled, directly or indirectly, by (1) such Person, (2) such Person and one or more Subsidiaries of such Person or (3) one or more Subsidiaries of such Person. Unless otherwise specified herein, each reference to a Subsidiary will refer to a Subsidiary of Agere.

"Subsidiary Guarantee" means, individually, any Guarantee of payment of the notes by a Subsidiary Guarantor pursuant to the terms of the indenture, and, collectively, all such Guarantees. Each such Subsidiary Guarantee will be in the form prescribed by the indenture. As of the Issue Date, there are no Subsidiary Guarantees.

"Subsidiary Guarantor" means any Restricted Subsidiary that executes and delivers a supplemental indenture to the indenture providing for a Subsidiary Guarantee. As of the Issue Date, there are no Subsidiary Guarantors.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

"Tax Sharing Agreement" means the Tax Sharing Agreement by and between Lucent and Agere, dated as of February 1, 2001.

"Unrestricted Subsidiary" means Silicon Manufacturing Partners Pte Ltd, LD Fiber Optics LLC, FiNET

129

Technologies, Lucent Technologies Semiconductor Marketing Japan and:

- (1) any Subsidiary of Agere that at the time of determination shall be designated an Unrestricted Subsidiary by the Board of Directors of Agere in the manner provided below; and
- (2) any Subsidiary of an Unrestricted Subsidiary.

The Board of Directors of Agere may designate any Subsidiary of Agere (including any newly acquired or newly formed Subsidiary or a Person becoming a Subsidiary through merger or consolidation or Investment therein) to be an Unrestricted Subsidiary only if:

- (1) such Subsidiary or any of its Subsidiaries does not own any Capital Stock or Indebtedness of, or have any Investment in, or own or hold any Lien on any property of, any other Subsidiary of Agere which is not a Subsidiary of the Subsidiary to be so designated or otherwise an Unrestricted Subsidiary; and
- (2) either such Subsidiary has total assets of \$1,000 or less or such designation and the Investment of Agere in such Subsidiary complies with "Certain Covenants--Limitation on Restricted Payments".

Any such designation by the Board of Directors of Agere shall be evidenced to the indenture trustee by filing with the indenture trustee a resolution of the Board of Directors of Agere giving effect to such designation and an Officers' Certificate certifying that such designation complies with the foregoing conditions.

The Board of Directors of Agere may designate any Unrestricted Subsidiary to be a Restricted Subsidiary; provided that immediately after giving effect to such designation, no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof and Agere could incur at least \$1.00 of additional Indebtedness under paragraph (a) of the "Limitation on Indebtedness" covenant on a pro forma basis taking into account such designation.

"U.S. Government Obligations" means direct obligations (or certificates representing an ownership interest in such obligations) of the United States of America (including any agency or instrumentality thereof) for the payment of which the full faith and credit of the United States of America is pledged and which are not callable at the issuer's option.

"Voting Stock" of a Person means all classes of Capital Stock or other interests of such Person then outstanding and normally entitled

Edgar Filing: AGERE SYSTEMS INC - Form S-1

(without regard to any contingency) to vote in the election of directors, managers or trustees thereof.

"Wholly-Owned Subsidiary" means a Restricted Subsidiary, all of the Capital Stock of which (other than directors' qualifying shares) is owned by Agere or one or more other Wholly-Owned Subsidiaries.

Book-Entry Issuance

The notes will be represented by one or more global notes that will be deposited with and registered in the name of DTC or its nominee. Initially, all of the notes will be beneficially owned by the trust. Under certain circumstances, notes will be distributed by the trust to one or more SHARCS holders. These notes will be beneficially owned by that holder or holders. Agere will not issue a certificated note or notes, except in the limited circumstances described below.

Each global note will be issued to DTC, which will keep a computerized record of its participants whose clients have purchased the notes. Each participant will then keep a record of its own clients. Unless it is exchanged in whole or in part for a certificated note, a global note may not be transferred. DTC, its nominees and their successors may, however, transfer a global note as a whole to one another, and these transfers are required to be recorded on our records or a register to be maintained by the indenture trustee.

Beneficial interests in a global note will be shown on, and transfers of beneficial interests in the global note will be made only through, records maintained by DTC and its participants. DTC has provided Agere with the following information: DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the provisions of Section) 17A of the Securities Exchange Act of 1934. DTC holds securities that its direct participants deposit with DTC. DTC also records the settlements among direct participants of securities transactions, such as transfers and pledges, in deposited securities through computerized records for direct participants' accounts. This book-entry system eliminates the need to exchange certificated securities. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations.

130

DTC's book-entry system is also used by other organizations such as securities brokers and dealers, banks and trust companies that work through a direct participant. The rules that apply to DTC and its participants are on file with the SEC.

DTC is owned by a number of its direct participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc.

When you purchase notes through the DTC system, the purchases must be made by or through a direct participant, which will receive credit for the notes on DTC's records. When you actually purchase the notes, you

Edgar Filing: AGERE SYSTEMS INC - Form S-1

will become their beneficial owner. Your ownership interest will be recorded only on the direct or indirect participants' records. DTC will have no knowledge of your individual ownership of the notes. DTC's records will show only the identity of the direct participants and the principal amount of the notes held by or through them. You will not receive a written confirmation of your purchase or sale or any periodic account statement directly from DTC. You should instead receive these from your direct or indirect participant. As a result, the direct or indirect participants are responsible for keeping accurate account of the holdings of their customers. The indenture trustee will wire payments on the notes to DTC's nominee. Agere and the indenture trustee will treat DTC's nominee as the owner of each global note for all purposes. Accordingly, Agere, the indenture trustee and any paying agent will have no direct responsibility or liability to pay amounts due on a global note to you or any other beneficial owners in that global note.

It is DTC's current practice, upon receipt of any payment of distributions or liquidation amounts, to proportionately credit direct participants' accounts on the payment date based on their holdings. In addition, it is DTC's current practice to pass through any consenting or voting rights to such participants by using an omnibus proxy. Those participants will, in turn, make payments to and solicit votes from you, the ultimate owner of the notes, based on their customary practices. Payments to you will be the responsibility of the participants and not of DTC, the indenture trustee or Agere.

Notes represented by one or more global notes will be exchangeable for certificated notes with the same terms in authorized denominations only if:

DTC is unwilling or unable to continue as a depository or ceases to be a clearing agency registered under applicable law, and a successor is not appointed to Agere within 90 days;

an event of default occurs and is continuing in respect of the notes; or

Agere decides to discontinue the book-entry system.

If a global note is exchanged for certificated notes, the indenture trustee will keep the registration books for the notes at its corporate office and follow customary practices and procedures regarding those certificated notes.

Euroclear and Clearstream

Links have been established among DTC, Clearstream Banking S.A. and Euroclear Bank S.A./N.V., which are two European book-entry depositories similar to DTC, to facilitate the cross-market transfers of the notes associated with secondary market trading.

Noteholders may hold their notes through the accounts maintained by Euroclear or Clearstream in DTC only if they are participants of those systems, or indirectly through organizations which are participants in those systems.

Euroclear and Clearstream will hold omnibus book-entry positions on behalf of their participants through customers' securities accounts in Euroclear's and Clearstream's names on the books of their respective depositories which in turn will hold such positions in customers' securities accounts in the names of the nominees of the depositories on the books of DTC. All securities in Euroclear and Clearstream are held on a

Edgar Filing: AGERE SYSTEMS INC - Form S-1

fungible basis without attribution of specific certificates to specific securities clearance accounts.

Transfers of notes by persons holding through Euroclear or Clearstream participants will be effected through DTC, in accordance with DTC rules, on behalf of the relevant European international clearing system by its depositaries; however, such transactions will require delivery of exercise instructions to the relevant European international clearing system by the participant in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the exercise meets its requirements, deliver instructions to its depositaries to take action to effect exercise of the notes on its behalf by delivering notes through DTC and receiving payment in accordance with its normal procedures for next-day funds settlement. Payments with respect to the notes held through Euroclear or Clearstream will be credited to the cash accounts of Euroclear participants or Clearstream participants in accordance with the relevant system's rules and procedures, to the extent received by its depositaries.

131

All information in this prospectus on Euroclear and Clearstream is derived from Euroclear or Clearstream, as the case may be, and reflects the policies of such organizations. These organizations may change these policies without notice.

132

DESCRIPTION OF PUT RIGHTS

The following description sets forth certain terms of the put rights. It does not purport to be complete and is qualified in its entirety by reference to the put option agreement, including the definitions therein of certain terms. A copy of the put option agreement will be filed as an exhibit to the registration statement of which this prospectus is a part. Capitalized terms used but not defined in this section have the meanings set forth under "Description of Notes."

General

The put rights will be issued pursuant to the put option agreement to be dated , 2002 between Agere and SHARCS Trust I. The put rights are not transferable and cannot be held or exercised by anyone other than SHARCS Trust I. The aggregate number of put rights to be issued is set forth on the cover page of this prospectus. Subject to certain anti-dilution adjustments, each put right relates to one share of Class A common stock of Agere (the "Common Stock").

The put option agreement is a contract between Agere and the trust for the benefit of the holders of the SHARCS. The put rights are prepaid "cash-settled" rights, whereby Agere will settle its obligations on the Exercise Date (as defined below) in cash rather than in securities. The

Edgar Filing: AGERE SYSTEMS INC - Form S-1

put rights will be deemed to be automatically exercised on the Exercise Date of the put rights.

The put rights constitute senior subordinated and unsecured obligations of Agere. Payment under the put option agreement will be subordinated to the prior payment in cash or Cash Equivalents when due of all Senior Indebtedness of Agere.

Exercise Date

The exercise date of the put rights is July 15, 2007 (or such earlier date upon which such exercise date is accelerated as discussed below) (the "Exercise Date").

Settlement Value

On the Exercise Date, Agere will pay the holder of the put rights an aggregate amount equal to the sum of:

- o The number of Cash Delivery Shares times the amount, if any, by which (A) the Put Price exceeds (B) the Average Sale Price; plus
- o The number of Physical Delivery Shares times the amount, if any, by which (A) the Put Price exceeds (B) the Average Closing Price.

The Bank of New York, as calculation agent for the put rights, will calculate the settlement value of the put rights.

"Average Closing Price" means the average of the Closing Prices of a share of the Common Stock over the 20 Trading Days immediately prior to, but not including, the Exercise Date; provided, however, that if there are not 20 Trading Days for the Common Stock occurring later than the 25th Business Day immediately prior to, but not including, such Exercise Date, the average Closing Price will be based on the number of Trading Days that there are in that period.

"Average Sale Price" means (a) the aggregate proceeds (net of reasonable and customary brokers' commissions) actually received in respect of the trust's sale of the Cash Delivery Shares, divided by (b) the total number of Cash Delivery Shares sold by the trust.

"Cash Delivery Shares" means the number of shares of Common Stock held by the trust as to which the holders of SHARCS have elected to receive cash settlement of such common stock. Holders of the SHARCS may make such election on or prior to the 25th Business Day prior to the maturity date of the trust by notification to the trust. Holders that do not make such election will receive the Common Stock on the maturity date of the trust. For such shares, the trust will sell, in the principal exchange or market for the Common Stock at that time, one-twentieth of the Cash Delivery Shares on each of the 20 Trading Days immediately preceding the Exercise Date, provided, however, that if there are not 20 Trading Days for the Common Stock occurring later than the 25th Business Day immediately prior to, but not including, the Exercise Date, the trust will sell the Common Stock over the number of Trading Days that there are in as nearly pro rata proportions as is practicable. The brokers will be selected by the trust to effect such sales in a manner permissible under the Investment Company Act.

"Closing Price" of a share of the Common Stock on any date of determination means:

- (1) the closing sale price (or, if no closing price is reported, the last reported sale price) of the Common Stock (regular way) on the New York Stock Exchange on such date,
- (2) if the Common Stock is not listed for trading on the New York Stock Exchange on any such date, the closing sale price (or, if no closing price is reported, the last reported sale price) of the Common Stock on the principal United States national or regional securities exchange on which the Common Stock is so listed or traded,
- (3) if the Common Stock is not so listed or traded on any United States national or regional securities exchange, the closing sale price (or, if no closing price is reported, the last reported sale price) of the Common Stock as reported by NASDAQ,
- (4) if the Common Stock is not so reported, the last quoted bid price for the Common Stock in the over-the-counter market as reported by the National Quotation Bureau or similar organization, or
- (5) if the Common Stock is not so quoted, the average of the mid-point of the last bid and ask prices for the Common Stock obtained from at least three nationally recognized investment banking firms that the Administrator selects for such purpose.

"Physical Delivery Shares" means the number of shares of Common Stock held by the trust as to which the holders of SHARCS have not elected to receive cash settlement of such Common Stock.

"Put Price" means \$ (subject to certain anti-dilution adjustments).

"Trading Day" means a day on which the Common Stock may be traded on the national or regional securities exchange or association or over-the-counter market that is the primary market for the trading of the Common Stock.

Notice

The put rights will be deemed to be automatically exercised on the Exercise Date of the put rights (or earlier if accelerated under certain circumstances discussed below). The calculation agent will notify Agere (1) not later than the 20th Business Day preceding the Exercise Date, of the number of Cash Delivery Shares and the number of Physical Delivery Shares; (2) not later than noon on the Business Day following each Trading Day that is used to calculate the Average Sale Price or the Average Closing Price, of the aggregate net proceeds to be received by the trust in respect of its sale of Cash Delivery Shares on such preceding Trading Day and the Closing Price of the Common Stock on such preceding Trading Day; and (c) not later than 6:00 p.m. (New York City time) on the Business Day immediately preceding the Exercise Date, of the amount of the settlement value of the put right and its calculation of each component thereof.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Settlement

On the Exercise Date, Agere will pay the settlement value of the put rights by wire transfer of immediately available funds to an account in New York City designated at least two Business Days prior to the Exercise Date by the trust.

Acceleration Upon Certain Cash Offers

In the event of a Change of Control (as described in the "Description of Notes") that results from the consummation of an offer for Common Stock in which (1) at least 25% of the total consideration per share of Common Stock is in cash, (2) the total consideration per share is less than the Put Price and (3) more than 50% of the voting power with respect to the election of directors of the Voting Stock and more than 50% of the outstanding shares of Agere common stock is acquired (a "Cash Offer Acceleration"), the Exercise Date will be accelerated to the date of the consummation of such sale and Agere's obligations, if any, under the Put Option will become due and payable. Within two Business Days after such Cash Offer Acceleration, the calculation agent will calculate the settlement value of the put rights for all of the Common Stock then held by the trust treating the date of the Cash Offer Acceleration as the Exercise Date and using the Average Closing Price based on such Exercise Date.

134

Acceleration Upon Default

Upon Acceleration as a result of a Payment Default with respect to the notes held by the trust, the Exercise Date will be accelerated to the date of such Acceleration and Agere's obligations, if any, under the put rights will become due and payable. Within two Business Days after such Acceleration, the calculation agent will calculate the settlement value of the put rights for all of the Common Stock then held by the trust treating the date of the occurrence of such Payment Default as the Exercise Date and using the Average Closing Price based on such Exercise Date.

Merger, Consolidation, Sale or Other Disposition

If at any time Agere consolidates with or merges with or into, or conveys, transfers, or leases all or substantially all of its assets to, any Person, then the resulting, surviving or transferee Person will succeed to the obligations of Agere under the put option agreement.

Listing

The put rights will not be listed on any exchange.

Governing Law

The put option agreement will be governed by New York law.
Expiration of Put Rights Prior to Exercise Date

Upon the occurrence of:

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- o an Event of Default, other than a Payment Default;
- o an Asset Disposition Offer;
- o a Change of Control; or
- o a Borrow Constraint Event (as defined below),

a holder of a SHARCS will have the right on any Business Day prior to the 25th Business Day before July 15, 2007, to deliver such holder's SHARCS to the trust in exchange for \$500 aggregate principal amount of notes held by the trust and shares of Common Stock held by the trust (or such other property as such Common Stock may have been converted into prior to the exercise of such right). Upon any such exchange, the put rights associated with such shares of Common Stock will expire (without payment by any party) and neither the trust nor any holder of a SHARCS will be entitled to any benefits of the put option agreement with respect to such put rights (unless there has been a Cash Offer Acceleration).

"Borrow Constraint Event" means that the amount of Common Stock available for borrow by investors executing short sales to maintain hedged positions in the SHARCS has become constrained, or the cost of maintaining such hedged positions has significantly increased, in the sole judgment of as determination agent of the trust, when compared to such amount available or such cost on the date of the offering of the SHARCS.

Anti-dilution Adjustments

The put rights are subject to adjustment if Agere:

1. pays a stock dividend or makes a distribution, in either case, to all holders of the Common Stock in shares of such stock,
2. subdivides or splits all of its outstanding shares of Common Stock into a greater number of shares of such stock,
3. combines all of its outstanding shares of Common Stock into a smaller number of shares of such stock,
4. pays or declares a cash dividend or distribution to all holders of its Common Stock,
5. issues rights or warrants that are immediately exercisable to all holders of Common Stock entitling them for a period of not more than 45 days to subscribe for or purchase shares of Common Stock at a price per share less than the Market Price (as defined below), or

6. pays or declares a dividend or distribution to all holders of its Common Stock in evidences of its indebtedness or other assets or issues to all holders of its Common Stock rights or warrants entitling them to subscribe for or purchase any of its securities (excluding any dividends or distributions referred to in clause (4) above or rights or warrants

Edgar Filing: AGERE SYSTEMS INC - Form S-1

referred to in clause (5) above).

In the case of the events referred to in clauses (1), (2) or (3) above:

(i) the number of shares of Common Stock subject to each put right will be adjusted by multiplying such number of shares immediately prior to such event by a fraction, the numerator of which will be the number of shares of Common Stock outstanding immediately after such event and the denominator of which will be the number of shares of Common Stock outstanding immediately prior to such event; and

(ii) the Put Price immediately prior to such event will be adjusted by multiplying such Put Price by a fraction, the numerator of which will be the number of shares of Common Stock outstanding immediately prior to such event and the denominator of which will be the number of shares of Common Stock outstanding immediately after such event.

Such adjustment will become effective at the opening of business on the Business Day following: (x) in the case of an event referred to in clause (1) above, the date fixed for determination of the stockholders entitled to receive the dividend or other distribution, or (y) in the case of an event referred to in clause (2) or (3) above, the date upon which the subdivision or combination becomes effective.

In the case of an event referred to in clauses (4), (5) or (6):

(i) the number of shares subject to each put right will not be adjusted; and

(ii) the Put Price will be adjusted by subtracting from such Put Price an amount equal to: (A) in the case of a cash dividend, the amount of such cash to be paid in respect of the number of shares of Common Stock subject to each put right, or (B) in the case of any other dividend, distribution or issuance, the Fair Market Value of the rights, warrants, evidence of its indebtedness or other assets to be distributed or issued in respect of the number of shares of Common Stock subject to each put right.

Such adjustment will be effective from and after the date fixed for determination of the stockholders entitled to receive the dividend, distribution or issuance.

"Fair Market Value" means:

(A) with respect to rights or warrants referred to in clause (5) above, the product of (i) the Market Price multiplied by (ii) one minus a fraction:

(x) the numerator of which will be the number of shares of Common Stock outstanding on the record date for the issuance of such rights or warrants plus the number of shares of Common Stock that the aggregate offering price of the total number of shares so offered for subscription would purchase at the Market Price; and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

(y) the denominator of which will be the number of shares of Common Stock outstanding on such record date plus the number of additional shares of Common Stock so offered for subscription.

For purposes of this paragraph, the issuance of rights or warrants to subscribe for or purchase securities convertible into Common Stock will be deemed to be the issuance of rights or warrants to purchase the Common Stock into which such securities are convertible at an aggregate offering price equal to the aggregate offering price of such securities plus the minimum aggregate amount (if any) payable upon conversion of such securities into Common Stock;

(B) with respect to Reported Securities, the Closing Price per share of such securities on the applicable record date; and

136

(C) with respect to evidences of indebtedness, rights, warrants or other assets (excluding Reported Securities and rights or warrants referred to in clause (5) above), the average fair market value of such evidences of indebtedness, rights, warrants or other assets as determined by at least three nationally recognized investment banking, accounting or appraisal firms.

"Reported Securities" means securities that are (1) listed on a United States national securities exchange, (2) reported on a United States securities system subject to last sale reporting, (3) traded in the over-the-counter market and reported on the National Quotation Bureau or similar organization or (4) for which bid and ask prices are available from at least three nationally recognized investment banking firms.

In the event of a consolidation or merger of Agere with or into another entity, or the sale or transfer of all or substantially all of Agere's assets to any Person, in which all the Common Stock held by the trust is changed into or exchanged for cash, capital stock of the continuing entity or another Person ("Surviving Capital Stock) or other securities or property:

(i) each put right will relate to the number of shares of such Surviving Capital Stock received by the trust in respect of the number of shares of Common Stock subject to such put right in such consolidation, merger or sale or transfer of assets;

(ii) the Put Price immediately prior to such merger, consolidation or sale or transfer of assets will be adjusted by multiplying such Put Price by a fraction, the numerator of which will be the number of shares of Common Stock subject to each put right immediately prior to such consolidation, merger or sale or transfer of assets and the denominator of which will be the number of shares of Surviving Capital Stock subject to each put right immediately after such consolidation, merger or sale or

Edgar Filing: AGERE SYSTEMS INC - Form S-1

transfer of assets;

(iii) such Surviving Capital Stock will be deemed to be Common Stock for purposes of determining the Average Sale Price or Average Closing Price; and

(iv) the Put Price (after giving effect to the adjustments described in clauses (i), (ii) and (iii) above) will be adjusted treating any cash, securities or property (other than Surviving Capital Stock) as a dividend or other distribution on the Surviving Capital Stock.

"Market Price" means, as of any date of determination, the Closing Price per share of Common Stock on the date fixed for determination of holders of Common Stock entitled to receive a distribution from Agere or, if such date is not a Trading Day, the next preceding Trading Day; provided, however, that if there is not a Trading Day for the Common Stock occurring later than the 10th calendar day immediately prior to, but not including, such date, the Market Price will be determined as the market value per share of the Common Stock as of such date as determined by a nationally recognized investment banking firm that the calculation agent retains for such purpose.

All adjustments to the put right will be calculated to the nearest 1/1,000th. No adjustment in the put right will be made unless such adjustment would require an increase or decrease of at least 1% therein; provided, however, that any adjustments which by reason of the foregoing are not required to be made will be carried forward and taken into account in any subsequent adjustment. In the case of the reclassification of any shares of Common Stock into any equity securities of Agere other than the Common Stock, such equity securities will be deemed shares of Common Stock for all purposes. Each such adjustment to the put right will be made successively.

Agere is required under the put option agreement to notify the trust promptly upon becoming aware that an event requiring an adjustment to the put right is publicly announced or has occurred.

137

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following is a general discussion of certain U.S. federal income tax considerations applicable to initial holders of the notes and put rights who purchase their notes and put rights at the initial offering price. This summary is based upon provisions of the Internal Revenue Code of 1986, as amended (the "Code"), treasury regulations, rulings and decisions currently in effect, all of which are subject to change (possibly with retroactive effect). The discussion does not purport to deal with all aspects of federal taxation that may be relevant to particular investors in light of their personal investment circumstances (for example, to persons whose functional currency is not the U.S. dollar, or to persons holding notes or put rights as part of a conversion transaction or as part of a hedge or hedging transaction), nor does it discuss federal income tax considerations applicable to certain types of investors subject to special treatment under the federal income tax laws (for example, banks, regulated investment companies, dealers in securities, traders in securities electing

Edgar Filing: AGERE SYSTEMS INC - Form S-1

to mark to market, insurance companies, tax-exempt organizations and financial institutions). In addition, the discussion does not consider the effect of any alternative minimum taxes or any foreign, state, local, gift, estate or other tax laws that may be applicable to a particular investor. The discussion assumes that investors will hold the notes and put rights as capital assets within the meaning of Section 1221 of the Code. A prospective purchaser is strongly urged to consult such prospective purchaser's tax advisor regarding the particular tax consequences to such prospective purchaser of purchasing, holding and disposing of the notes and put rights.

For purposes of this discussion, a U.S. holder means a beneficial owner of the notes and put rights that is (i) a citizen or resident of the U.S. for U.S. federal income tax purposes, (ii) a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the U.S. or any political subdivision thereof, (iii) an estate the income of which is subject to U.S. federal income tax regardless of its source or (iv) a trust if (A) a court within the U.S. is able to exercise primary supervision over the administration of the trust and (B) one or more U.S. persons have the authority to control all substantial decisions of the trust. A non-U.S. holder means a beneficial owner of the notes and put rights that is not a U.S. holder. The U.S. federal income tax treatment of a holder that holds a note or put rights through a partnership (including any entity treated as a partnership for U.S. federal income tax purposes) will generally depend on the status of the holder and the activities of the partnership. A holder who holds a note or put rights through a partnership should consult his, her or its tax advisor regarding the particular federal income tax consequences applicable to such holder.

Consequences to U.S. Holders

Tax Treatment of Notes

Interest and Original Issue Discount

The stated interest payable on the notes generally will be taxable to a U.S. holder of notes as ordinary income at the time that it is paid or accrued in accordance with the U.S. holder's regular method of accounting for U.S. federal income tax purposes.

The notes will be issued with original issue discount for U.S. federal income tax purposes. In general, original discount on the notes, defined as the excess of "stated redemption price at maturity" over "issue price," must be included in a U.S. holder's gross taxable income in advance of the receipt of cash representing that income, and such amounts will increase periodically over the life of the notes.

A debt instrument's stated redemption price at maturity is the sum of all payments provided by the instrument other than payments of "qualified stated interest," which is defined as stated interest that is unconditionally payable at least annually at a single fixed rate. The semiannual interest payments on the notes will be "qualified stated interest."

The "issue price" of the notes is determined by allocating the "issue price" of the investment unit (i.e., the notes and put rights) between the notes and put rights based on their relative fair market value. The issue price of the investment unit is the first price at which a substantial amount of the investment units are sold for money. Our allocation of the issue price of the investment unit to the notes and put rights is binding on each U.S. holder unless the holder discloses that the

Edgar Filing: AGERE SYSTEMS INC - Form S-1

holder's allocation differs from our allocation on a statement attached to the U.S. holder's timely filed federal income tax return for the year in which the holder acquires the investment unit. This allocation, however, is not binding on the Internal Revenue Service, and therefore, there can be no assurance that the Internal Revenue Service will respect such allocation.

Regardless of a holder's accounting method, a U.S. holder of a note will be required to include

138

in ordinary income the sum of the "daily portions" of original issue discount on the note for all days during the taxable year that the U.S. holder owns the note. The daily portions of original issue discount for a note are determined by allocating to each day in any accrual period a ratable portion of the original issue discount allocable to that period. Accrual periods may be any length and may vary in length over the term of a note, so long as no accrual period is longer than one year and each scheduled payment of principal or interest occurs on the first or last day of an accrual period. The amount of original issue discount on a note allocable to each accrual period is determined by (i) multiplying the "adjusted issue price" of the note at the beginning of the accrual period by a fraction, the numerator of which is the yield to maturity of the note and the denominator of which is the number of accrual periods in a year and (ii) subtracting from that product the amount of the semiannual current interest allocable to that accrual period. The "adjusted issue price" of a note at the beginning of any accrual period will generally be the sum of its issue price and the amount of original issue discount allocable to all prior accrual periods.

Sale or Redemption

A U.S. holder generally will recognize taxable gain or loss on the sale or redemption of a note equal to the difference between the amount realized from such sale or redemption and the holder's adjusted tax basis for such note. Such gain or loss generally will be capital gain or loss and will be long-term capital gain or loss if the holding period for such note is more than one year. A U.S. holder's adjusted tax basis in a note is generally equal to the amount paid for the note, increased by accrued original issue discount previously included in the holder's gross income with respect to the note, and decreased by payments on the note other than payments of qualified stated interest.

Tax Treatment of Put Rights

The put right premium allocated to a put right is a nondeductible capital expenditure. The tax treatment of the sale, disposition, expiration or exercise of a put right will vary depending on whether the put right is held as part of a straddle for U.S. federal income tax purposes. We expect the put rights to be held as a position in a straddle for U.S. federal income tax purposes as a result of the trust's ownership of our common stock.

Put Right Not Held as a Position in a Straddle

If a put right is not held as a position in a straddle, any gain or loss recognized on the sale or disposition of the put right will be

Edgar Filing: AGERE SYSTEMS INC - Form S-1

capital gain or loss and will be long-term capital gain or loss if the holding period for such put right is more than one year. If the put right expires without having been exercised, the expiration is treated as a sale or exchange of the put right on the expiration date, and the holder will recognize capital loss in an amount equal to the put right premium. Any cash received by a holder in respect of the put right on its maturity date will give rise to capital gain or loss equal to the difference (if any) between the amount of such cash and the amount of the put right premium.

Put Right Held as a Position in a Straddle

If the put right is held as a position in a straddle, any gain or loss recognized on the sale or disposition of the put right will be short-term capital gain or loss. If the put right expires without having been exercised, the expiration is treated as a sale or exchange of the put right, and the U.S. holder will realize short-term capital loss in an amount equal to the put right premium. Any cash received by a U.S. holder in respect of the put right on its maturity date will give rise to short-term capital gain or loss equal to the difference (if any) between the amount of such cash and the amount of the put right premium. All or a portion of any loss realized upon the exercise or lapse of a put right will be deferred until the U.S. holder that held the put right disposes of our common stock that constitutes an offsetting position in the holder's straddle.

Information Reporting and Backup Withholding

Under federal income tax law, a holder of notes or put rights may, under certain circumstances, be subject to "backup withholding" unless such holder (i) is a corporation, or is otherwise exempt and, when required, demonstrates this fact or (ii) provides a correct taxpayer identification number, certifies as to no loss of exemption from backup withholding and otherwise complies with applicable requirements of the backup withholding rules. Backup withholding is not an additional tax; any amounts withheld under the backup withholding rules will be allowed as a credit against a holder's U.S. federal income tax liability provided the required information is furnished to the Internal Revenue Service.

Consequences to Non-U.S. Holders

139

Interest and Original Issue Discount on the Notes

Generally, payments to a non-U.S. holder of principal, interest and original issue discount on the notes will be exempt from U.S. withholding taxes if (i) certain certification requirements are met and (ii) the non-U.S. holder does not actually or constructively own 10% or more of the total voting power of all our voting stock and is not a controlled foreign corporation that is related to us. Otherwise, payments on the notes may be subject to a gross withholding tax of 30% (or such lower rate as may be available to a non-U.S. holder under an applicable treaty), unless such income is effectively connected with a U.S. trade or business and appropriate documentation is filed, as described below.

Sale or Retirement of the Notes or Put Rights

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Upon a sale or cash redemption of a note or put right, a non-U.S. holder will not be subject to U.S. federal income tax on any gain unless (i) the gain is effectively connected with a trade or business that the non-U.S. holder conducts in the U.S., (ii) the non-U.S. holder is an individual who is present in the U.S. for at least 183 days during the taxable year in which such holder disposes of the note or put right, and certain other conditions are satisfied, or (iii) with respect to a note, a portion of the gain represents accrued interest or original issue discount, in which case the rules for interest would apply. An individual non-U.S. holder described in clause (ii) above will be subject to tax at a rate of 30% (or such reduced rate specified by an applicable income tax treaty) on the gain derived from the sale.

U.S. Trade or Business

If a non-U.S. holder holds a note or put right in connection with a trade or business that such holder is conducting in the U.S., any interest on the note and any gain from disposing of the note or put right generally will be subject to income tax as if such holder were a U.S. holder. In addition, a non-U.S. holder that is a corporation may be subject to the "branch profits tax" on its earnings that are connected with its U.S. trade or business. This tax is 30%, but may be reduced or eliminated by an applicable income tax treaty.

Estate Tax

The estate of a non-U.S. holder that is an individual will not be subject to U.S. federal estate tax on the notes owned by such holder at the time of death provided that (i) such non-U.S. holder does not own 10% or more of the total combined voting power of our voting stock and (ii) payments on the note were not effectively connected to a trade or business such holder was conducting in the U.S. A non-U.S. holder's estate may be subject to U.S. federal estate tax on the put right owned by such holder at the time of death, subject to an applicable estate tax treaty.

Information Reporting and Backup Withholding

In general, backup withholding and information reporting will not apply to payments made to a non-U.S. holder on the notes or put rights if the holder has provided the required certification that it is a non-U.S. holder and neither we nor our paying agent has actual knowledge that the holder is a U.S. person. Some shareholders, including all corporations, are exempt from these rules. Backup withholding is not an additional tax; any amounts withheld under backup withholding will be allowed as a credit against a holder's U.S. federal income tax liability provided the required information is furnished to the Internal Revenue Service.

140

PLAN OF DISTRIBUTION

Pursuant to a purchase agreement, SHARCS Trust I has agreed, subject to the terms and conditions set forth therein, to purchase from us a number of investment units equal to the total number of SHARCS to be purchased by the underwriters from the trust pursuant to an underwriting agreement among J.P. Morgan Securities Inc. and Salomon Smith Barney Inc., as representatives of the underwriters, the trust, and Agere.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

In connection with the SHARCS offering, the underwriters may engage in syndicate covering transactions, stabilizing transactions and penalty bids. Syndicate covering transactions involve purchases of the SHARCS in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of SHARCS made for the purpose of preventing or retarding a decline in the market price of the SHARCS while the offering is in progress. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the representatives, in covering syndicate short positions or making stabilizing purchases, repurchase SHARCS originally sold by the syndicate member. These activities may cause the price of SHARCS to be higher than the price that otherwise would exist in the open market in the absence of such transactions. These transactions, if commenced, may be discontinued at any time.

The underwriters of the SHARCS have performed certain investment banking and advisory services for us from time to time for which they have received customary fees and expenses. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of its business. Affiliates of the representatives are lenders under the short-term credit facility and will receive their pro rata repayments of principal thereunder from the proceeds of this offering. In addition, one or more of the representatives have served as agents under the credit facility and received customary fees and expenses in that capacity.

We have agreed to indemnify the underwriters in the SHARCS offering against certain liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the underwriters may be required to make in respect of any of those liabilities.

141

LEGAL MATTERS

The validity of our investment units offered hereby will be passed upon for us by Cravath, Swaine & Moore, New York, New York.

EXPERTS

The consolidated and combined financial statements of Agere Systems Inc. and its subsidiaries as of September 30, 2000 and 2001 and for each of the three years in the period ended September 30, 2001 have been included in this prospectus in reliance on the report of PricewaterhouseCoopers LLP, independent accountants, given on their authority as experts in accounting and auditing.

WHERE YOU CAN FIND MORE INFORMATION

The prospectus constitutes a part of the registration statement on Form S-1, together with all amendments, supplements, schedules and exhibits to the registration statement, referred to as the registration statement, which we have filed with the Securities and Exchange Commission with respect to the investment units offered in this prospectus. This prospectus does not contain all of the information in the registration statement. For further information about us and our securities, see the

Edgar Filing: AGERE SYSTEMS INC - Form S-1

registration statement and its exhibits. This prospectus contains a description of the material terms and features of some material contracts, reports or exhibits to the registration statement required to be disclosed. However, as the descriptions are summaries of the contracts, reports or exhibits, we urge you to refer to the copy of each material contract, report and exhibit attached to the registration statement. Copies of the registration statement and the exhibits to the registration statement, as well as the periodic reports, proxy statements and other information we file with the Securities and Exchange Commission, may be examined without charge in the Public Reference Section of the Securities and Exchange Commission, 450 Fifth Street, N.W. Room 1024, Washington, DC 20549, and the Securities and Exchange Commission's regional offices located at 500 West Madison Street, Suite 1400, Chicago, IL 60661, and 223 Broadway, New York, NY 10279 or on the Internet at <http://www.sec.gov>. You can get information about the operation of the Public Reference Section of the Securities and Exchange Commission at 1-800-SEC-0330. Copies of all or a portion of the registration statement can be obtained from the Public Reference Room of the Securities and Exchange Commission upon payment of prescribed fees. In addition, the Securities and Exchange Commission maintains a Web site which provides online access to periodic reports, proxy and information statements and Exchange Commission at the address <http://www.sec.gov>.

We also file annual, quarterly and current reports, proxy statements and other information with the Securities and Exchange Commission. You can also request copies of these documents, for a copying fee, by writing to the Securities and Exchange Commission. We furnish to our stockholders annual reports containing audited financial statements for each year.

REPORT OF INDEPENDENT ACCOUNTANTS

To the Board of Directors and
Stockholders of Agere Systems Inc.:

In our opinion, the consolidated and combined financial statements listed in the accompanying index present fairly, in all material respects, the financial position of Agere Systems Inc. and its subsidiaries at September 30, 2001 and 2000, and the results of their operations and their cash flows for each of the three years in the period ended September 30, 2001 in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statement schedule listed in the accompanying index presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated and combined financial statements. These financial statements and the financial statement schedule are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements and the financial statement schedule based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Prior to its separation from Lucent Technologies Inc. ("Lucent") on February 1, 2001 the Company was comprised of businesses which were integrated with the businesses of Lucent; consequently, as indicated in Note 1, the financial statement amounts prior to this date have been derived from the consolidated financial statements and accounting records of Lucent, and reflect significant assumptions and allocations. Moreover, as indicated in Note 1, the Company relied on Lucent and its other businesses for administrative, management, research and other services. Accordingly, these financial statements do not necessarily reflect the financial position, results of operations, and cash flows of the Company had it been a stand-alone company.

As discussed in Note 4 to the consolidated and combined financial statements, effective October 1, 2000, the Company changed its accounting method for derivative instruments and hedging activity. As discussed in Note 2, effective October 1, 1999, the Company changed its accounting method for computer software developed or obtained for internal use. As discussed in Note 16, effective October 1, 1998, the Company changed its method for calculating annual pension and postretirement benefit costs.

PRICEWATERHOUSECOOPERS LLP

Florham Park, New Jersey

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS
(DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

1. BACKGROUND AND BASIS OF PRESENTATION

BACKGROUND

On July 20, 2000, Lucent Technologies Inc. ("Lucent") announced its intention to spin off its integrated circuits and optoelectronic components businesses (collectively, the "Company's Businesses") that now comprise Agere Systems Inc. (the "Company" or "Agere"). At that time, Lucent announced it intended to distribute all shares of the Company's common stock it then owned to its stockholders in a tax free distribution (the "Distribution") by the end of Lucent's then current fiscal year, September 30, 2001, following the initial public offering ("IPO") of the Company's Class A common stock, which was completed in April 2001.

On August 1, 2000, the Company was incorporated in Delaware as a wholly owned subsidiary of Lucent. On this date, 1,000 shares of the Company's common stock, par value \$0.01 per share, were issued, authorized and outstanding. Effective February 1, 2001, Lucent transferred to the Company substantially all of the assets and liabilities of the Company's Businesses (the "Separation") except for short-term debt and related fees which were

Edgar Filing: AGERE SYSTEMS INC - Form S-1

transferred at the IPO closing date, and pension and postretirement plan assets and liabilities which will be transferred at a later date.

On March 14, 2001, the Company amended its certificate of incorporation to authorize shares of Class A and Class B common stock and changed and reclassified its 1,000 outstanding shares of common stock into 1,035,100,000 shares of Class B common stock (the "Recapitalization"). The ownership rights of Class A and Class B common stockholders are the same except that each share of Class B common stock has four votes for the election and removal of directors while each share of Class A common stock has one vote for such matters. All Company share and per share data has been retroactively adjusted to reflect the Recapitalization as if it had occurred at the beginning of the earliest period presented. On April 2, 2001, the Company issued 600,000,000 shares of Class A common stock in the IPO for \$6 per share less underwriting discounts and commissions of \$.23 per share. On April 4, 2001, Lucent converted 90,000,000 shares of Class B common stock into Class A common stock and exchanged those shares for outstanding Lucent debt with Morgan Stanley pursuant to the overallotment option granted in connection with the IPO. After completion of the IPO, inclusive of the overallotment option, Lucent owned approximately 58% of the aggregate number of outstanding shares of Class A and B common stock. Also, on April 2, 2001, the Company assumed from Lucent \$2,500 of short-term debt. On May 1, 2001, Lucent elected to convert 37,000,000 of its shares in the Company from Class B common stock to Class A common stock.

Agere is currently a majority-owned subsidiary of Lucent. On August 16, 2001, Lucent announced that it had entered into amendments with the lenders under its credit facilities that impose a number of conditions that Lucent must satisfy in order to spin off Agere. Lucent has stated that it remains committed to completing the process of separating Agere from Lucent, and that it intends to move forward with the distribution of the Agere stock it holds in a tax-free distribution. Because Lucent must meet a number of conditions before it can complete the spin off and because Lucent alone will make the decision about whether to complete the spin off, even if the conditions were met, we can not assure you that Lucent will complete the spin off by a particular date or at all.

The Company adopted a rights agreement prior to the completion of the IPO. The delivery of a share of the Company's common stock currently constitutes the delivery of a preferred stock purchase right associated with such share. These rights may have anti-takeover effects in that the existence of the rights may deter a potential acquiror from making a takeover proposal or a tender offer.

BASIS OF PRESENTATION

The consolidated and combined financial statements include amounts prior to February 1, 2001 that have been derived from the consolidated financial statements and accounting records of Lucent using the historical results of operations and historical basis of the assets and liabilities of the Company's Businesses.

F-7

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED)
(DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

Management believes the assumptions underlying the consolidated and combined financial statements are reasonable. However, the consolidated and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

combined financial statements included herein may not necessarily reflect the Company's results of operations, financial position and cash flows in the future or what its results of operations, financial position and cash flows would have been had the Company been a stand-alone company during the periods presented. Because a direct ownership relationship did not exist among all the various units comprising the Company, Lucent's net investment in the Company is shown in lieu of stockholders' equity in the combined financial statements prior to the Separation. The Company began accumulating retained earnings on February 1, 2001, the date on which Lucent began transferring to the Company the assets and liabilities of the Company's Businesses. The formation of the Company and the transfers of assets and liabilities from Lucent have been accounted for as a reorganization of entities under common control in a manner similar to a pooling of interests.

The consolidated and combined financial statements include allocations of certain Lucent expenses, assets and liabilities, including the items described below.

General Corporate Expenses

Lucent allocated general corporate expenses based on revenue prior to February 1, 2001. These allocations were reflected in the selling, general and administrative, costs and research and development line items in the consolidated and combined statements of operations. The general corporate expense allocations were primarily for cash management, legal, accounting, tax, insurance, public relations, advertising, human resources and data services. These allocations amounted to \$60, \$178 and \$194 for fiscal 2001, 2000 and 1999, respectively. Management believes the costs of these services charged to the Company are a reasonable representation of the costs that would have been incurred if the Company had performed these functions as a stand-alone company. Since the Separation, the Company has performed these functions using its own resources or through purchased services. The Company and Lucent entered into agreements for Lucent to provide certain general corporate services on a transition basis. See Note 19 "Transactions with Lucent."

Basic Research

Prior to February 1, 2001, research and development expenses included an allocation from Lucent to fund a portion of the costs of basic research conducted by Lucent's Bell Laboratories. This allocation was based on the number of individuals conducting basic research who were transferred from Lucent's Bell Laboratories to the Company as part of the Separation. This allocation amounted to \$23, \$66 and \$64 for fiscal 2001, 2000 and 1999, respectively. Management believes the costs of this research charged to the Company are a reasonable representation of the costs that would have been incurred if the Company had performed this research as a stand-alone company. The expenses for basic research currently conducted by the Company are included with all other research and development expenses in the consolidated statements of operations.

Interest Expense

Prior to the Separation, Lucent provided financing to the Company and incurred debt at the parent level. The combined balance sheets, prior to the IPO, do not include debt other than capitalized lease obligations. As a result of the Separation, there was no interest expense allocated to the Company from Lucent after January 31, 2001. The consolidated and combined statements of operations, however, include an allocation of interest expense totaling \$32, \$52 and \$38, for fiscal 2001, 2000 and 1999, respectively. This allocation was based on the ratio of the Company's net assets, excluding debt, to Lucent's total net assets, excluding debt. The Company's interest expense as a

Edgar Filing: AGERE SYSTEMS INC - Form S-1

stand-alone company is higher than that reflected in the combined statements of operations, primarily due to the \$2,500 credit facility assumed from Lucent following the IPO. Interest expense for all periods presented also includes interest expense related to the Company's capitalized lease obligation.

F-8

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

Pension and Postretirement Costs

The documents relating to the Separation provide that, until the Distribution, the Company's United States ("U.S.") employees will be participants in Lucent's pension plans. At the Distribution, the Company will become responsible for pension benefits for the active U.S. employees of the Company, as well as U.S. employees who retire or terminate after the IPO. Lucent will transfer to the Company the pension and postretirement assets and liabilities related to these employees at the Distribution. Obligations related to retired and terminated vested U.S. employees prior to the IPO will remain the responsibility of Lucent. Lucent has managed its U.S. pension and postretirement benefit plans on a consolidated basis and separate Company information is not readily available. The consolidated and combined statements of operations include, however, an allocation of the costs (benefits) of the U.S. employee pension and postretirement plans. These costs (benefits) were allocated based on the Company's U.S. active employee population for each of the years presented. In relation to the Lucent plans, the Company recorded pension (benefit) expense of \$(2), \$27 and \$38, for fiscal 2001, 2000 and 1999, respectively, and postretirement expense of \$10, \$15 and \$17, for fiscal 2001, 2000 and 1999, respectively. The Company is responsible for the pension and postretirement benefits of its non-U.S. employees. The liabilities of the various country-specific plans for these employees are reflected in the consolidated and combined financial statements and were not material for the periods presented. There are estimated prepaid pension assets of \$122 and postretirement liabilities of \$86 as of September 30, 2001 associated with various existing Lucent pension and other employee benefit plans related to the Company's employees. These assets and liabilities will not be reflected in the Company's financial statements until the plan assets and liabilities are transferred. The amounts transferred to the Company for prepaid pension assets and postretirement liabilities could be materially different than these amounts at the Distribution.

Income Taxes

The Company's income taxes have been calculated on a separate tax return basis prior to the IPO. This reflects Lucent's tax strategies, and is not necessarily reflective of the tax strategies that the Company would have followed or will follow as a stand-alone company.

Cash and Receivables

Prior to the Separation, cash deposits from the Company's Businesses were transferred to Lucent on a regular basis and were netted against the owner's net investment account as Lucent used a centralized approach to cash management and the financing of its operations. As a result, none of Lucent's cash, cash equivalents or debt was allocated to the Company in the combined financial statements. The receivable from Lucent reflected in the combined balance sheet included both accounts receivable related to non-U.S. sales to Lucent as well as an amount of receivables for sales to Lucent in the U.S.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

that were historically settled through owner's net investment. In order to better reflect the historic trends in working capital resulting from the sales to Lucent in the U.S. and provide a more meaningful basis of comparison in future periods, the Company had carved out of the owner's net investment account at September 30, 2000 an amount of receivables related to the sales to Lucent in the U.S. calculated using the Company's days sales outstanding for third party receivables. At September 30, 2000, such amounts included in receivables due from Lucent were \$90. Changes in invested equity represent any funding required from Lucent for working capital, acquisition or capital expenditure requirements after giving effect to the Company's transfers of cash to or from Lucent.

F-9

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PRINCIPLES OF COMBINATION AND CONSOLIDATION

Prior to the Separation, the combined financial statements included certain majority owned subsidiaries and assets and liabilities of the Company's Businesses not owned by the Company that were transferred to the Company from Lucent on February 1, 2001. Following the Separation, the Company's consolidated financial statements include the accounts of majority owned subsidiaries which it controls and assets and liabilities of the Company. Investments in which the Company exercises significant influence, but which it does not control are accounted for under the equity method of accounting. Investments in which the Company does not exercise significant influence are recorded at cost. All material inter-company transactions and balances between and among the Company's Businesses, subsidiaries and investees accounted for under the equity method of accounting have been eliminated.

USE OF ESTIMATES

The preparation of financial statements and related disclosures in conformity with accounting principles generally accepted in the U.S. requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenue and expenses during the period reported. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the period that they are determined to be necessary. These estimates include an allocation of costs by Lucent, assessing the collectability of accounts receivable, the use and recoverability of inventory, the realization of deferred tax assets, employee benefits, restructuring reserves, useful lives for depreciation and amortization periods of tangible and intangible assets, and long-lived asset impairments among others. The markets for the Company's products are characterized by intense competition, rapid technological development, evolving standards, short product life cycles and price erosion, all of which could impact the future realizability of the Company's assets. Actual results could differ from those estimates.

FOREIGN CURRENCY TRANSLATION

Balance sheet accounts of the Company's foreign operations for which the local currency is the functional currency are translated into U.S. dollars at

Edgar Filing: AGERE SYSTEMS INC - Form S-1

period-end exchange rates, while income, expenses and cash flows are translated at average exchange rates during the period. Translation gains or losses related to net assets of such operations are shown as a component of accumulated other comprehensive income (loss) in stockholders' equity/invested equity. Gains and losses resulting from foreign currency transactions, which are transactions denominated in a currency other than the entity's functional currency, are included in the consolidated and combined statements of operations.

REVENUE RECOGNITION

Revenue is derived from sales of products in the integrated circuits and optoelectronic segments and from intellectual property licensing. Revenue is recognized when contractual obligations have been satisfied, title and risk of loss have been transferred to the customer and collection of the resulting receivable is reasonably assured. The Company recognizes revenue from product sales to distributors when all obligations have been satisfied. The Company's distributor arrangements generally provide for limited product returns and price protection. A provision for estimated sales returns and other allowances is recognized as a reduction of revenue at the time of revenue recognition based upon historical experience. The Company has not historically entered into long-term contracts or service agreements. Revenue from intellectual property licensing revenue is recognized over the license term. Estimated sales allowances are provided as a reduction of revenue at the time of revenue recognition.

F-10

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

In December 1999, the staff of the Securities and Exchange Commission issued Staff Accounting Bulletin 101, "Revenue Recognition in Financial Statements" ("SAB 101"). SAB 101 provides guidance on the recognition, presentation and disclosure of revenue in financial statements. The Company adopted SAB 101 in the fourth quarter of fiscal 2001. The impact of adoption was not material to its consolidated financial position or results of operations.

RESEARCH AND DEVELOPMENT COSTS

Research and development costs are charged to expense as incurred.

CASH AND CASH EQUIVALENTS

The Company considers all liquid investments with original maturities of ninety days or less to be cash equivalents. Cash is reflected net of outstanding checks.

INVENTORIES

Inventories are stated at the lower of cost, determined on a first-in, first-out basis, or market.

PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at cost less accumulated depreciation. Depreciation and amortization is determined using a combination of either accelerated or straight-line methods over the estimated useful lives

Edgar Filing: AGERE SYSTEMS INC - Form S-1

of the various asset classes.

Estimated useful lives range from three to five years for machinery, electronic and other equipment, and up to forty years for buildings. Major renewals and improvements are capitalized and minor replacements, maintenance, and repairs are charged to current operations as incurred. Upon retirement or disposal of assets, the cost and related accumulated depreciation are removed from the consolidated and combined balance sheets and any gain or loss is reflected in the consolidated and combined statements of operations.

INTERNAL USE SOFTWARE

The Company adopted Statement of Position ("SOP") 98-1, "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use" on October 1, 1999. Certain costs of computer software developed or obtained for internal use, that were previously expensed as incurred, are capitalized and amortized on a straight-line basis over three years. Costs for general and administrative, overhead, maintenance and training, as well as the cost of software that does not add functionality to the existing system, are expensed as incurred.

GOODWILL AND OTHER ACQUIRED INTANGIBLES

Goodwill and other acquired intangibles are amortized on a straight-line basis over the periods benefited, principally in the range of four to nine years. Goodwill is the excess of the purchase price over the fair value of identifiable net assets acquired in business combinations accounted for as purchases.

IMPAIRMENT OF LONG-LIVED ASSETS

Long-lived assets, including goodwill and other acquired intangibles, are reviewed for impairment whenever events such as a significant industry downturn, product discontinuance, plant closures, product dispositions, technological obsolescence or other changes in circumstances indicate that the carrying amount may not be recoverable. When such events occur, the Company compares the carrying amount of the assets to undiscounted expected future cash flows. If this comparison indicates that there is an impairment, the amount of the impairment is typically calculated using discounted expected future cash flows.

F-11

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED)
(DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

FINANCIAL INSTRUMENTS

The Company uses various financial instruments, including foreign currency exchange forward contracts, to manage and reduce risk to the Company by generating cash flows which offset the cash flows of certain transactions in foreign currencies or underlying financial instruments in relation to their amount and timing. The Company's derivative financial instruments are for purposes other than trading. The Company's non-derivative financial instruments include letters of credit.

INVESTMENTS

Investments in marketable securities that are available for sale are

Edgar Filing: AGERE SYSTEMS INC - Form S-1

recorded at fair value. Unrealized gains and losses related to these securities are excluded from earnings and are included as a separate component of comprehensive income (loss) until such gains or losses are realized.

Minority equity investments in non-publicly traded companies are generally carried at cost. The Company monitors these investments for impairment and makes appropriate reductions in carrying values when necessary.

INCOME TAXES

Historically, certain of the Company's operations have been included in Lucent's consolidated income tax returns. Income tax expense in the Company's consolidated and combined statements of operations has been calculated on a separate tax return basis prior to the IPO. The asset and liability approach is used to recognize deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax bases of assets and liabilities. A valuation allowance is established, as needed, to reduce net deferred tax assets to the amount for which recovery is probable.

EARNINGS (LOSS) PER SHARE

Basic and diluted earnings (loss) per common share for all periods prior to the IPO is calculated by dividing net income (loss) by 1,035,000,000, which is the number of shares issued to Lucent on August 1, 2000 as retroactively adjusted for the Recapitalization. For periods following the IPO, basic earnings (loss) per common share is calculated by dividing net income (loss) by the weighted average number of common shares outstanding during the period and diluted earnings (loss) per common share is calculated by dividing net income (loss) by the sum of the weighted average number of common shares outstanding, plus all additional common shares that would have been outstanding if potentially dilutive securities or common stock equivalents had been issued. Because of the Company's net loss, the effect of dilutive securities for fiscal 2001 was not considered.

OTHER COMPREHENSIVE INCOME (LOSS)

Total comprehensive income (loss) includes, in addition to net income (loss), unrealized gains and losses excluded from the consolidated and combined statements of operations that are recorded directly into a separate section of stockholders' equity/invested equity on the consolidated and combined balance sheets. These unrealized gains and losses are referred to as other comprehensive income (loss). The Company's accumulated other comprehensive income (loss) shown on the consolidated and combined balance sheets consists of foreign currency translation adjustments which are not adjusted for income taxes because they relate to indefinite investments in non-U.S. subsidiaries, unrealized investment holding gains and losses which also are not adjusted for income taxes and unrealized losses on cash flow hedges which also are not adjusted for income taxes.

F-12

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED)
(DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

3. ACQUISITIONS

The following table presents information about certain acquisitions in fiscal 2000 and 1999. No significant acquisitions occurred during fiscal 2001.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

All the acquisitions were accounted for under the purchase method of accounting, and the acquired technology valuation included existing technology, purchased in-process research and development ("IPRD") and other intangibles. IPRD charges were recorded in the quarter in which the transaction was completed. The consolidated and combined financial statements include the results of operations and the estimated fair value of assets and liabilities assumed from the respective dates of acquisitions. The acquired entities are 100% owned.

	ACQUISITION DATE	PURCHASE PRICE	GOODWILL	EXISTING TECHNOLOGY	OTHER INTANGIBLES	PURCHASED IPRD
	-----	-----	-----	-----	-----	-----

Sybarus (6).....	2/99	41	33	n/a	n/a	8

AMORTIZATION PERIOD (IN YEARS)

	GOODWILL	EXISTING TECHNOLOGY	OTHER INTANGIBLES
	-----	-----	-----
2000			
Herrmann (1).....	8	7	7
Ortel (2).....	9	7.5	4-9
Agere, Inc.(3).....	7	n/a	n/a
Assets of VTC(4).....	7	5	7
1999			
Enable (5).....	6	7	n/a
Sybarus (6).....	4	n/a	n/a

-
- (1) Herrmann Technology, Inc. was a developer and manufacturer of passive optical filters that could be used in conjunction with active optoelectronic components. The purchase price was paid in Lucent common stock and options.
 - (2) Ortel Corporation was a developer and manufacturer of optoelectronic components used in fiber optic systems for cable television and data communications networks. The purchase price was paid in Lucent common stock and options.
 - (3) Agere, Inc. was a developer of network processor integrated circuits. The purchase price was paid in Lucent common stock and options.
 - (4) VTC Inc. was a supplier of integrated circuits to computer hard disk drive manufacturers. The purchase price was paid in cash.
 - (5) Enable Semiconductor, Inc. was a developer of integrated circuits for local area network equipment. The purchase price was paid in cash.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

(6) Sybarus Technologies, ULC was a developer of integrated circuits for communications networks. The purchase price was paid in cash.

In connection with the acquisition of Herrmann, certain former stockholders of Herrmann were entitled to receive up to a total of 677,019 additional shares of Lucent common stock. Of that amount, 150,000 shares are based on retention, which is recorded as compensation expense over the two-year period following the acquisition and 527,019 shares are based on the achievement of specified milestones which require the production of two products at improved manufacturing yields. As of September 30, 2001, 200,000 of the shares related to the achievement of milestones have been issued, resulting in additional goodwill. The remaining shares based on milestones, if distributed, will also be treated as additional goodwill.

In connection with the acquisition of substantially all the assets of VTC, stockholders of VTC are entitled to receive additional cash consideration of up to \$50 contingent on the delivery of product at specified manufacturing yields and the transfer and qualification of process technology to the Company's manufacturing facilities. As of September 30, 2001, \$30 of the additional cash consideration has been paid, resulting in additional goodwill. Any future cash consideration, if paid, will also be recorded as additional goodwill.

F-13

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

Included in the purchase price for the above acquisitions was IPRD, which was a non-cash charge to earnings for technology that had not reached technological feasibility and had no future alternative use. The remaining purchase price was allocated to tangible assets and intangible assets, including goodwill and other acquired intangibles, less liabilities assumed.

The value allocated to IPRD was determined utilizing an income approach that included an excess earnings analysis reflecting the appropriate cost of capital for the investment. Estimates of future cash flows related to the IPRD were made for each project based on Lucent's estimates of revenue, operating expenses and income taxes from the project. These estimates were consistent with historical pricing, gross margins and expense levels for similar products.

Revenue was estimated based on relevant market size and growth factors, expected industry trends, individual product sales cycles and the estimated life of each product's underlying technology. Estimated operating expenses, income taxes, and charges for the use of contributory assets for each project were deducted from estimated revenue to determine estimated after-tax cash flows for each project. Estimated operating expenses include costs, selling, general and administrative expenses and research and development expenses. The research and development expenses include estimated costs to maintain the products once they have been introduced into the market and generate revenue and costs to complete the IPRD.

The discount rates utilized to discount the projected cash flows for each project were based on consideration of Lucent's weighted average cost of capital, as well as other factors including the useful life of each project, the anticipated profitability of each project, the uncertainty of technology advances that were known at the time and the stage of completion of each project.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Management is primarily responsible for estimating the fair value of the assets and liabilities acquired, and has conducted due diligence in determining the fair value. Management has made estimates and assumptions that affect the reported amounts of assets, liabilities and expenses resulting from such acquisitions. Actual results could differ from those amounts.

During fiscal 2001, it was determined that there was an other than temporary impairment to some of the goodwill and other acquired intangibles related to the acquisitions of Ortel, Herrmann Technology, Agere, Inc. and Enable Semiconductor. See Note 7 "Impairment of Goodwill and Other Acquired Intangibles."

The following unaudited pro forma statement of income data for fiscal 2000 and 1999 give effect to the acquisition of Ortel as if it occurred on October 1, 1999 and 1998, respectively.

	YEAR ENDED SEPTEMBER 30,	
	2000	1999
	-----	-----
Revenue.....	\$4,760	\$3,783
Income (loss) before cumulative effect of accounting change.....	\$ 48	\$ 7

Pro forma adjustments to income (loss) before cumulative effect of accounting change include the impact of a full year of amortization of goodwill and other acquired intangibles but exclude the effect of IPRD of \$307 for fiscal 2000. This is presented for information purposes only and is not necessarily indicative of the results of future operations or results that would have been achieved had this acquisition taken place at the beginning of each fiscal year presented.

4. ACCOUNTING CHANGES

Effective October 1, 2000, the Company adopted Statement of Financial Accounting Standards ("SFAS") No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133"), and its corresponding amendments under SFAS No. 138. SFAS 133 requires the Company to measure all derivatives, including certain derivatives embedded in other contracts, at fair value and to recognize them in

F-14

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

the balance sheet as an asset or liability, depending on the Company's rights or obligations under the applicable derivative contract. For derivatives designated as fair value hedges, the changes in the fair value of both the derivative instrument and the hedged item are recorded in earnings. For derivatives designated as cash flow hedges, the effective portions of changes in fair value of the derivative are reported in other comprehensive income and are subsequently reclassified into earnings when the hedged item affects

Edgar Filing: AGERE SYSTEMS INC - Form S-1

earnings. Changes in fair value of derivative instruments not designated as hedging instruments and ineffective portions of hedges are recognized in earnings in the current period. The adoption of SFAS 133 as of October 1, 2000, resulted in a cumulative after-tax increase in net loss of \$4 (net of a tax benefit of \$2). The increase in net loss is primarily due to derivatives not designated as hedging instruments. For fiscal 2001, the change in fair market value of derivative instruments was recorded in other income-net and was not material.

5. RECENT PRONOUNCEMENTS

SFAS 142

In July 2001, the Financial Accounting Standards Board issued SFAS No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"). SFAS 142 provides guidance on the financial accounting and reporting for acquired goodwill and other intangible assets. Under SFAS 142, goodwill and indefinite lived intangible assets will no longer be amortized but will be reviewed for impairment at least annually and subject to new impairment tests. Intangible assets with finite lives will continue to be amortized over their useful lives but will no longer be limited to a maximum life of forty years. SFAS 142 is effective for Agere in fiscal year 2003, although earlier application is permitted. The Company plans to adopt SFAS 142 effective October 1, 2002 and is currently evaluating the potential effects of implementing this standard on its financial condition and results of operations.

SFAS 143

Also in July 2001, the Financial Accounting Standards Board issued SFAS No. 143, "Accounting for Asset Retirement Obligations" ("SFAS 143"). SFAS 143 addresses financial accounting and reporting for legal obligations associated with the retirement of tangible long-lived assets and their associated retirement costs. In accordance with SFAS 143, retirement obligations will be recognized at fair value in the period they are incurred. When the liability is initially recorded, the cost is capitalized by increasing the asset's carrying value, which is subsequently depreciated over its useful life. SFAS 143 is effective for Agere in fiscal year 2003, with earlier application encouraged. The Company is currently evaluating the potential effects, if any, on its financial condition and results of operations of adopting SFAS 143, as well as the timing of its adoption.

SFAS 144

In October 2001, the Financial Accounting Standards Board issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"). SFAS 144 primarily addresses financial accounting and reporting for the impairment or disposal of long-lived assets and also affects certain aspects of accounting for discontinued operations. SFAS 144 is effective for Agere in fiscal year 2003, with earlier application encouraged. The Company is currently evaluating the potential effects, if any, on its financial condition and results of operations of adopting SFAS 144, as well as the timing of its adoption.

6. RESTRUCTURING AND SEPARATION EXPENSES AND INVENTORY PROVISION

RESTRUCTURING EXPENSES

In fiscal 2001, the Company announced a series of restructuring initiatives to align the Company with market conditions. These initiatives were focused on improving gross profit, reducing expenses and streamlining operations. The Company recorded a restructuring charge of \$563 for the year ended September 30, 2001

Edgar Filing: AGERE SYSTEMS INC - Form S-1

F-15

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED)
(DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

classified within restructuring and separation expenses. These restructuring initiatives include a worldwide workforce reduction, rationalization of manufacturing capacity, and other activities.

Worldwide Workforce Reduction

The restructuring initiatives announced in fiscal 2001 will result in a workforce reduction of approximately 6,000 employees across various business functions, operating units and geographic regions, and includes management and occupational employees. The Company recorded a restructuring charge of \$177 for fiscal 2001 relating to approximately 5,500 employees, of which approximately 4,300 employees have been taken off-roll as of September 30, 2001, and expects to record a restructuring charge related to the additional 500 employees by the end of the first quarter of fiscal 2002. Of the \$177 charge, \$28 represents termination benefits to certain U.S. management employees that will be funded through Lucent's pension assets. Severance costs and other exit costs noted above were determined in accordance with Emerging Issues Task Force No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity."

Rationalization of Manufacturing Capacity and Other Charges

The Company recorded a restructuring charge of \$386 in fiscal 2001 relating to the rationalization of under-utilized manufacturing facilities and other restructuring-related activities. The Company has discontinued its manufacturing operations at its chip fabrication plant in Madrid, Spain. The Company is also rationalizing under-utilized manufacturing capacity at its facilities in Orlando, Florida, and in Allentown, Breiningsville, and Reading, Pennsylvania. In addition, the Company is consolidating several satellite-manufacturing sites as well as leased corporate offices. The restructuring charge for fiscal 2001 includes \$37, related to facility closings primarily for lease terminations, non-cancelable leases and related costs. It also includes an asset impairment charge of \$287 for fiscal 2001 related to property, plant, and equipment associated with the consolidation of manufacturing and other corporate facilities. This charge was recognized in accordance with the guidance on impairment of assets in SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of." The remaining restructuring charge of \$62 for fiscal 2001 relates primarily to contract terminations.

A summary of restructuring costs is outlined as follows:

	YEAR ENDED			SEPTEMBER 30, 2001
	SEPTEMBER 30, 2001			
	TOTAL CHARGES	NON CASH CHARGES	CASH PAYMENTS	RESTRUCTURING RESERVE
Workforce reduction.....	\$177	\$ (28)	\$ (57)	\$ 92
Rationalization of manufacturing				

Edgar Filing: AGERE SYSTEMS INC - Form S-1

capacity and other charges.....	386	(293)	(14)	79
	----	-----	----	----
Total.....	\$563	\$ (321)	\$ (71)	\$171
	=====	=====	=====	=====

We anticipate that the majority of the remaining cash expenditures relating to workforce reductions will be paid by the end of the calendar year and the majority of the contract terminations will be paid by the end of the second fiscal quarter of 2002. Amounts related to non-cancelable lease obligations due to the consolidation of facilities will be paid over the respective lease terms through fiscal 2005. We expect to substantially complete implementation of the announced restructuring program by December 31, 2001.

F-16

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED)
(DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

SEPARATION EXPENSES

The Company incurred costs, fees and expenses relating to the Separation. These costs, fees and expenses were primarily related to legal separation matters, designing and constructing the Company's computer infrastructure, information and data storage systems, marketing expenses relating to building a company brand identity and implementing treasury, real estate, pension and records retention management services. In fiscal 2001, the Company incurred \$99 of separation expenses included in restructuring and separation expenses.

INVENTORY PROVISION

The Company recorded inventory provisions, classified within cost of sales, of \$409 in fiscal 2001 compared to inventory provisions of \$29 in fiscal 2000. The fiscal 2001 amount, which includes purchase order cancellation charges, reflects significant decrease in forecasted revenue and was calculated in accordance with the Company's inventory valuation policy, which is based on a review of forecasted demand compared with existing inventory levels.

7. IMPAIRMENT OF GOODWILL AND OTHER ACQUIRED INTANGIBLES

The Company reviews its long-lived assets for impairment whenever events or changes in circumstances occur that indicate the carrying amount of the assets may not be fully recoverable. During fiscal 2001, the Company evaluated goodwill and other acquired intangibles associated with recent acquisitions for impairment. The assessment was performed in accordance with SFAS 121 as a result of weakening economic conditions and decreased current and expected future demand for products in the markets in which the Company operates. Fair value of the acquired entities was determined using a discounted cash flow model based on growth rates and margins reflective of lower demand for the Company's products, as well as anticipated future demand. Discount rates used were based upon the Company's weighted average cost of capital adjusted for business risks. These amounts are based on management's best estimate of future results.

As a result of the assessment, the Company determined that an other than temporary impairment existed related to the Company's acquisitions of Ortel, Herrmann Technology, Agere, Inc. and Enable Semiconductor. The Company

Edgar Filing: AGERE SYSTEMS INC - Form S-1

recorded a charge to reduce goodwill and other acquired intangibles of \$2,762 during fiscal 2001, consisting of \$2,220, \$275, \$240 and \$27 related to Ortel, Herrmann Technology, Agere, Inc. and Enable Semiconductor, respectively.

CASH FLOW INFORMATION

Prior to the Separation, interest and income taxes were paid by Lucent on behalf of the Company and do not necessarily reflect what the Company would have paid had it been a stand-alone company. Following the Separation, the Company began to pay interest and income tax expenses. Interest for fiscal 2001 is primarily related to the \$2,500 credit facility assumed from Lucent in connection with the IPO and the Company's capitalized lease obligation. The interest and income tax payments were \$84 and \$52, respectively, for fiscal 2001.

Transfers from Lucent include the following non-cash transactions: (1) a \$2,500 decrease to additional paid in capital to reflect the transfer of the credit facility; Agere did not receive any of the proceeds, (2) a \$3,807 increase in owner's net investment, to reflect the Ortel, Herrmann and Agere, Inc. acquisitions that

F-18

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

were made with Lucent common stock and options in fiscal 2000, and (3) a \$32 decrease in owner's net investment for a change in accounting related to pension and postretirement benefit costs reflected in fiscal 1999.

A capital lease obligation of \$83 was entered into in fiscal 1999, for the lease of semiconductor manufacturing equipment.

	=====	=====

F-20

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED)
(DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

The Company has not provided for U.S. deferred income taxes or foreign withholding taxes on \$423 undistributed earnings of its non-U.S. subsidiaries as of September 30, 2001, because these earnings are intended to be reinvested indefinitely.

10. AVAILABLE-FOR-SALE SECURITIES

The Company's investments in marketable securities are classified as "available-for-sale" in accordance with Statement of Financial Accounting Standards No. 115, "Accounting for Certain Investment in Debt and Equity

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Securities." These investments are carried at fair value with any unrealized gains and losses recorded as a separate component of other comprehensive income (loss). Fair value is based upon market prices quoted on the last day of the fiscal year. The fair market value of available-for-sale securities included in the consolidated and combined balance sheet was \$41 as of September 30, 2001 and the Company had no available-for-sale securities as of September 30, 2000. The unrealized gain recorded as a separate component of other comprehensive income (loss) for fiscal 2001 was \$30.

11. INVESTMENT IN SILICON MANUFACTURING PARTNERS

In December 1997, the Company entered into a joint venture, called Silicon Manufacturing Partners Pte Ltd. ("SMP"), with Chartered Semiconductor Manufacturing Ltd.'s ("Chartered Semiconductor"), a leading manufacturing foundry for integrated circuits, to operate a 54,000 square foot integrated circuit manufacturing facility in Singapore. The Company owns a 51% equity interest in this joint venture, and Chartered Semiconductor owns the remaining 49% equity interest. The Company's 51% interest in SMP is accounted for under the equity method due to Chartered Semiconductor's participatory rights under the joint venture agreement. Under the joint venture agreement, each partner is entitled to the margins from sales to customers directed to SMP by that partner, after deducting their respective share of the overhead costs of SMP. Accordingly, SMP's net income (loss) is not expected to be shared in the same ratio as equity ownership. The Company recognized equity earnings (losses) of \$54, \$0 and \$(24) in fiscal 2001, 2000 and 1999, respectively.

The following table shows the condensed balance sheets and statements of operations of SMP:

	SEPTEMBER 30,		
	2001	2000	
	-----	-----	
Assets			
Current assets.....	\$121	\$ 76	
Noncurrent assets.....	549	553	
Liabilities			
Current liabilities.....	\$ 61	\$ 92	
Noncurrent liabilities.....	406	355	
	YEAR ENDED SEPTEMBER 30,		
	2001	2000	1999
	-----	-----	-----
Revenue.....	\$234	\$169	\$ 14
Gross profits (loss).....	83	16	(23)
Income (loss) from continuing operations.....	47	(2)	(47)
Net income (loss).....	\$ 47	\$ (2)	\$ (47)

Effective January 1, 2001, SMP adopted SFAS 133. During the nine months ended September 30, 2001, SMP entered into cash flow hedges to manage interest rate risk due to its floating interest rate debt and recorded an unrealized loss of \$25 from these hedges as a separate component of other comprehensive

Edgar Filing: AGERE SYSTEMS INC - Form S-1

income

F-21

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

(loss) for the nine months ended September 30, 2001. As a result, the Company recorded an unrealized loss of \$13 in other comprehensive income (loss).

12. DEBT

On April 2, 2001, the Company assumed \$2,500 of short-term borrowings under a credit facility with financial institutions from Lucent. In addition, the Company assumed \$54 of prepaid financing fees, which will be amortized over the life of facility. The facility is comprised of term loans and revolving credit loans. The Company did not receive any of the proceeds of this short-term debt. The credit facility is secured by the Company's principal domestic assets other than the proceeds of the IPO and while Lucent remains a majority stockholder, real estate. Upon the repayment of \$1,500 of the debt, and if the Company has credit ratings of BBB- or better with a stable outlook from Standard & Poor's and Baa3 or better with a stable outlook from Moody's Investor Services, the debt will become uncollateralized. At September 30, 2001, Agere's ratings were BB- from Standard & Poor's with a stable outlook and Ba3 from Moody's Investor Services with a stable outlook. Upon the repayment of \$1,500, the remaining debt outstanding under this facility would consist of revolving credit loans. The credit facility will mature on February 21, 2002, which is 364 days from the date Lucent initially entered into the facility. The debt is not convertible into any other securities of the Company.

The only periodic debt service obligation under the credit facility is to make quarterly interest payments. Interest rates on borrowings under the credit facility are based on the applicable LIBOR rate, or at the Company's election the prime rate, in each case plus a spread that will vary depending on the Company's credit rating and whether or not \$1,500 of the debt is repaid, as described below. For ratings of BB- from Standard & Poor's and Ba3 from Moody's, the applicable interest rate at September 30, 2001 would be the applicable LIBOR rate plus 350 basis points. In addition, prior to any repayment of \$1,500 of the debt, the interest rate will increase 25 basis points every ninety days from February 22, 2001. The weighted average interest rate at September 30, 2001 was 7.11%. Upon any repayment of \$1,500 of the debt, the interest rates on the borrowings, assuming the credit rating remains the same, would return to the applicable LIBOR rate plus 350 basis points.

The credit facility contains customary restrictions, affirmative and negative covenants and events of default for this type of collateralized financing. These covenants include a maximum ratio of debt to earnings before interest, taxes, depreciation and amortization and a minimum ratio of earnings before interest, taxes, depreciation and amortization to interest expense.

On October 4, 2001, the Company amended its credit facility. See Note 22 "Subsequent Events."

13. TOTAL COMPREHENSIVE INCOME (LOSS)

Total comprehensive income (loss), which is displayed in the consolidated and combined statements of changes in stockholders' equity/invested equity and total comprehensive income (loss), represents net income (loss) plus the

Edgar Filing: AGERE SYSTEMS INC - Form S-1

results of certain equity changes not reflected in the consolidated and combined statements of operations.

F-22

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

The components of accumulated other comprehensive income (loss) are shown below.

	FOREIGN CURRENCY TRANSLATION -----	UNREALIZED HOLDING GAINS (LOSSES) -----	UNREALIZED LOSS ON CASH FLOW HEDGES -----	TOTAL ACCUMULATED OTHER COMPREHENSIVE INCOME (LOSS) -----
Beginning balance October 1, 1998.....	\$ (18)	\$ 2	\$ --	\$ (16)
Current-period change.....	1	(2)	--	(1)
	----	---	----	----
Ending balance September 30, 1999.....	(17)	--	--	(17)
Current-period change.....	(35)	--	--	(35)
	----	---	----	----
Ending balance September 30, 2000.....	(52)	--	--	(52)
Current-period change.....	26	30	(13)	43
	----	---	----	----
Ending balance September 30, 2001.....	\$ (26)	\$30	\$ (13)	\$ (9)
	====	===	====	====

The foreign currency translation adjustments are not currently adjusted for income taxes because they relate to indefinite investments in non-US subsidiaries. There were also no income taxes provided for the unrealized gain on investments. The unrealized loss on cash flow hedges was related to the SFAS 133 hedging activities by SMP, a joint venture with Chartered Semiconductor in Singapore and there were no income taxes provided for the unrealized loss.

14. STOCK COMPENSATION PLANS

Certain employees of the Company have been granted stock options and other equity-based awards under Lucent stock based compensation plans. At the time of the Distribution, awards outstanding under Lucent's stock-based compensation plans and held by Company employees will be converted to Company stock-based awards. The stock options and other awards, as converted or adjusted, will have the same vesting provisions, option periods, and other terms and conditions as the Lucent options and awards they replace. The number of shares and exercise price of each stock option will be adjusted so that following conversion, each option will have the same ratio of the exercise price per share to the market value per share, and the same aggregate difference between market value and exercise price as the Lucent stock options prior to the conversion. No new measurement date is expected to occur upon conversion of the stock options.

Agere has stock-based compensation plans under which employees and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

outside directors receive stock option and other equity-based awards. The plans provide for the granting of stock options, performance awards, restricted stock awards and other stock unit awards. During fiscal 2001, employees of the Company were granted stock options and other equity-based awards under Agere's 2001 Long-Term Incentive Plan. The Company has reserved 182 million shares for issuance under these plans.

Lucent stock options generally were granted with an exercise price equal to 100% of the market value of a share of common stock on the date of grant, have two to ten-year terms and vest no later than four years from the date of grant. Agere stock options are granted with an exercise price equal to 100% of the market value of a share of common stock on the date of the grant, have seven-year terms, and generally vest no later than four years from the date of grant.

In connection with certain of the Company's acquisitions, outstanding stock options held by employees of acquired companies became exercisable, according to their terms, for Lucent's common stock effective at the acquisition date. For acquisitions accounted for as purchases, the fair value of these options was included as part of the purchase price.

F-23

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED)
(DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

Agere maintains an Employee Stock Purchase Plan (the "ESPP") with consecutive offering periods, each consisting of four purchase periods of approximately six months in length. The first offering period commenced on March 27, 2001 and ends April 30, 2003. Subsequent offering periods will run generally for 24 months beginning May 1 of every other year. Under the terms of the ESPP, participating employees may have up to 10% of eligible compensation (subject to certain limitations) deducted from their pay to purchase the Company's common stock. The per share purchase price is equal to 85% of the lower of either the market price on the employee's entry date for the current offering period, or the last trading day of each purchase period. The amount that may be offered pursuant to this plan is 85 million shares. As of September 30, 2001, no shares were purchased under the ESPP.

Agere has adopted the disclosure requirements of SFAS No. 123, "Accounting for Stock-Based Compensation" and, as permitted under SFAS No. 123, applies Accounting Principles Board Opinion ("APB") No. 25 and related interpretations in accounting for its plans. Compensation expense recorded under APB No. 25, which uses the intrinsic value method, was \$4, \$1 and \$1 for the years ended September 30, 2001, 2000 and 1999, respectively. If Agere had elected to adopt the optional recognition provisions of SFAS No. 123, which uses the fair value-based method, for its stock option plans and ESPP, net income (loss) for the Company would have been changed to the pro forma amounts indicated below:

	YEAR ENDED SEPTEMBER 30,		
	2001	2000	1999
NET INCOME (LOSS)			
As reported.....	\$(4,616)	\$ (76)	\$351

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Pro forma*.....	\$ (4,752)	\$ (131)	\$326
EARNINGS (LOSS) PER SHARE -- BASIC AND DILUTED			
As reported.....	\$ (3.46)	\$ (.07)	\$.34
Pro forma*.....	\$ (3.56)	\$ (.13)	\$.32

* The pro forma amounts shown above include the fair values of both the Agere and Lucent stock options held by Agere employees. Also included is the fair value of Agere options under the ESPP.

The fair value of stock options used to compute pro forma net income (loss) disclosures is the estimated fair value at grant date using the Black-Scholes option-pricing model with the following assumptions:

	YEAR ENDED SEPTEMBER 30,

 * Includes options converted in acquisitions.

Effective with the spin-off of Avaya Inc. on September 30, 2000, the number of outstanding options was adjusted and all exercise prices were decreased immediately following the spin-off date to preserve the economic values of the options that existed prior to the spin-off.

The weighted average fair value of the Agere stock options and Lucent stock options held by Agere employees, is calculated using the Black-Scholes option-pricing model. The weighted average fair value of Agere stock options granted during fiscal 2001 was \$2.43 per share, and for those granted by Lucent during fiscal 2001, 2000 and 1999 was \$7.36, \$15.88 and \$14.46 per share, respectively.

15. EARNINGS (LOSS) PER COMMON SHARE

Basic and diluted earnings (loss) per common share is calculated by dividing net earnings (loss) by the weighted average number of common shares

Edgar Filing: AGERE SYSTEMS INC - Form S-1

outstanding during the period. As a result of the net loss reported for the year ended September 30, 2001, 1,170,969 of potential common shares have been excluded from the calculation of diluted loss per share because their effect would be anti-dilutive.

In addition, at September 30, 2001, Agere employees held stock-based awards covering approximately 46 million shares of Lucent common stock that may be converted to Agere stock-based awards at the time of

F-26

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

the Distribution, if the Distribution occurs. The number of shares of Agere common stock subject to substituted awards, if this conversion occurs, cannot be determined at this time since the conversion ratio will be determined at the Distribution based on the per share value of the Company's common stock in relation to that of Lucent's common stock.

16. BENEFIT OBLIGATIONS

The Company's financial statements reflect the cost experienced for its employees and retirees while included in the Lucent plans. Effective January 1, 2002, the Company will assume responsibility for all employee benefit plans other than pension benefits. Following the Distribution, the Company will assume responsibility for the pension benefits covering its active employees and employees who retired subsequent to the IPO.

PENSION AND POSTRETIREMENT BENEFITS

Several pension plans cover substantially all full-time employees. Retirement benefits under the plans are based on a career average or flat dollar formula. The domestic plans are non-contributory. A cash balance program was established for all companies acquired since October 1, 1996 that did not participate in a defined benefit pension plan and all management employees hired after January 1, 1999. The cash balance plan resembles a savings account. Amounts are credited based on age and a percentage of earnings. Following termination, the employee is entitled to receive the balance in the account in a lump sum. Under the cash balance program, future increases in earnings will not result in additional prior service costs. It is the Company's policy to fund the plans on a current basis to the extent deductible under existing Federal tax regulations. The employees in the cash balance pension plan are not eligible for the postretirement benefit plan.

Until the Distribution, the Company's U.S. employees will be participants in Lucent's pension plans. At the Distribution, the Company will become responsible for pension benefits for the active U.S. employees of the Company, as well as U.S. employees who retired or terminated employment subsequent to the IPO. Obligations related to employees who retired or terminated employment prior to the IPO will remain the responsibility of Lucent. Following the Distribution, Lucent will transfer to the Company the pension and postretirement assets and liabilities related to these employees. Lucent has managed its U.S. employee benefit plans on a consolidated basis and separate company information is not readily available. The consolidated and combined statements of operations include an allocation of the costs (benefits) of the U.S. pension and postretirement plans. These costs were allocated based on the Company's U.S. active employee population for each of the years presented.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Effective October 1, 1998, Lucent changed its method for calculating the market-related value of plan assets used in determining the expected return-on-plan-assets component of annual net pension and postretirement benefit costs. Under the previous accounting method, the calculation of the market-related value of plan assets included only interest and dividends immediately, while all other realized and unrealized gains and losses were amortized on a straight-line basis over a five-year period. The new method used to calculate market-related value includes recognizing immediately an amount based on Lucent's historical asset returns and amortizes the difference between that amount and the actual return on a straight-line basis over a five-year period.

The cumulative effect of this accounting change for Agere related to periods prior to fiscal 1999 of \$53 (\$32 after-tax) is a one-time, non-cash credit to fiscal 1999 earnings. This accounting change also resulted in a reduction in benefit costs in fiscal 1999 that increased income by \$10 (\$6 after-tax) as compared with the previous accounting method.

F-27

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

In fiscal 2001, Agere recorded non-cash charges totaling \$28 for termination benefits paid from pension assets to U.S. paid management employees in connection with involuntary terminations as part of business restructuring. See Note 6 "Restructuring and Separation Expenses and Inventory Provision."

In fiscal 2001, Lucent recorded final adjustments to the pension and postretirement assets and obligation amounts that were transferred to Avaya Inc. ("Avaya"), the former enterprise networks group of Lucent that was spun off on September 30, 2000.

The information that follows was provided by Lucent and relates to the entire Lucent pension and postretirement plans, including discontinued operations. The following table shows the funded status of the Lucent pension and postretirement plans:

Lucent has several non-pension postretirement benefit plans. For postretirement health care benefit plans, Lucent assumed an 8.6% weighted average annual health care cost trend rate for 2002 gradually declining to 4.9% (excluding postretirement dental benefits, the annual medical cost trend rate would be 9.1% in 2002 gradually declining to 5.0%). The assumed health care cost trend rate has a significant effect on the amounts reported. A one percentage-point change in the assumed Lucent health care cost trend rate would have the following effects, including discontinued operations:

	1 PERCENTAGE POINT	
	INCREASE	DECREASE
Effect on total of service and interest cost components.....	\$ 25	\$ 22
Effect on postretirement benefit obligation.....	\$360	\$321

SAVINGS PLANS

The majority of the Company's employees are eligible to participate in savings plans sponsored by Lucent. The plans allow employees to contribute a portion of their compensation on a pre-tax and/or after-tax basis in accordance with specified guidelines. Lucent matches a percentage of employee contributions up to certain limits. The Company's expense related to the Lucent savings plans was \$25, \$21 and \$25 in fiscal 2001, 2000 and 1999, respectively. The Company expects to establish corresponding plans effective January 1, 2002.

17. OPERATING SEGMENTS

The Company has two reportable segments: Integrated Circuits and Optoelectronics. Integrated circuits, or chips, are made using semiconductor wafers imprinted with a network of electronic components. They are designed to perform various functions such as processing electronic signals, controlling electronic system

F-30

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED)
(DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

functions and processing and storing data. The Integrated Circuits segment includes the Company's wireless local area networking products, which facilitate the transmission of data and voice signals within a localized area without cables or wires. The Optoelectronics segment represents the Company's optoelectronic components operations, including both active optoelectronic components and passive components. Optoelectronic components transmit, process, change, amplify and receive light that carries data and voice traffic over optical networks. Each of the Integrated Circuits and Optoelectronics segments include revenue from the licensing of intellectual property related to that segment. There were no inter-segment sales during the periods presented.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Each segment is managed separately. Disclosure of segment information is on the same basis used internally for evaluating segment performance and for deciding how to allocate resources.

The Company has centralized corporate functions and uses shared service arrangements to realize economies of scale and efficient use of resources. The costs of shared services, and other corporate center operations managed on a common basis, are allocated to the segments based on usage or other factors based on the nature of the activity. The accounting policies of the reportable operating segments are the same as those described in Note 2 "Summary of Significant Accounting Policies."

Performance measurement and resource allocation for the segments are based on many factors. The primary financial measure used is operating income (loss), exclusive of the amortization of goodwill and other acquired intangibles, IPRD, restructuring and separation expenses, and impairment of goodwill and other acquired intangibles.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

CONCENTRATIONS

Historically, the Company has relied on a limited number of customers for a substantial portion of its revenue. Lucent accounted for 14.9%, 21.3% and 25.7% of the Company's consolidated and combined revenue for fiscal 2001, 2000 and 1999, respectively. The Company expects that a significant portion of its future revenue will continue to be generated by current customers and a limited number of other customers. The

F-32

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

Company currently purchases some parts and processes used for its integrated circuits and several different parts that are used in its optoelectronic components, in each case for which there is only one qualified manufacturer. While the Company is currently seeking alternative internal or external sources of these parts and processes, disruption of its sole source could have a material adverse effect on sales and shipments of the affected products.

18. FINANCIAL INSTRUMENTS

FAIR VALUES

The carrying values and estimated fair values of cash and cash equivalents, investments, receivables, payables and debt maturing within one year contained in the consolidated and combined balance sheets approximate fair value.

The carrying values of foreign exchange forward contracts at September 30, 2001 equal their fair value. The carrying values and estimated fair values of foreign exchange forward contracts at September 30, 2000 was \$0 for assets, and \$5 and \$6, respectively for liabilities. The fair values of foreign exchange forward contracts are determined using quoted market rates.

CREDIT AND MARKET RISK

By their nature, all financial instruments involve risk, including credit risk for non-performance by counterparties. The Company seeks to reduce credit risk on financial instruments by dealing only with financially secure counterparties and reserves for losses are established when deemed necessary. The Company seeks to limit its exposure to credit risks in any single country or region.

All financial instruments inherently expose the holders to market risk, including changes in currency and interest rates. Agere manages its exposure to these market risks through its regular operating and financing activities and when appropriate, through the use of derivative financial instruments.

DERIVATIVE FINANCIAL INSTRUMENTS

The Company conducts its operations on a multinational basis in several foreign currencies. Generally, foreign currency forward exchange contracts are designated for firmly committed or forecasted sales and purchases that are expected to occur in less than one year. Agere enters into various foreign exchange forward contracts to manage its exposure to changes in those foreign exchange rates. The Company's derivative financial instruments are used as

Edgar Filing: AGERE SYSTEMS INC - Form S-1

risk management tools and are not for trading purposes.

The notional amounts for foreign currency forward exchange contracts represent the U.S. dollar equivalent of an amount exchanged. As of September 30, 2001, Agere had outstanding hedges for British Pounds Sterling and Singapore Dollars. The notional amounts for these contracts were \$12 and \$6, respectively. The asset and liability fair values of these instruments were \$0.

Agere engages in foreign currency hedging activities as a defensive strategy designed to protect the Company from adverse changes in foreign currency exchange rates that may affect the eventual net cash flows resulting from the sale of products to foreign customers and purchases from foreign suppliers. Agere expects to continue to hedge foreign currency risk to preserve the economic cash flows of the Company, but does not expect to designate related derivative instruments as hedges for cost/benefit reasons. Accordingly, the changes in fair value of these undesignated, freestanding foreign currency derivative instruments are recorded in other income-net in the period of change and have not been material to Agere.

Prior to the adoption of SFAS 133 on October 1, 2000, foreign exchange forward contracts were designated for firmly committed or forecast sales and purchases that were expected to occur in less than one year. Gains and losses on all hedged contracts for firmly committed transactions were deferred in other current

F-33

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

assets and liabilities, were recognized in other income-net when the transactions occurred or were no longer probable and were not material to the combined financial statements at September 30, 2000. All other gains and losses on foreign exchange forward contracts were recognized in other income-net as the exchange rates changed.

LETTERS OF CREDIT

The Company is a party to letters of credit that represent purchased guarantees ensuring the Company's performance or payment to third parties in accordance with specified terms and conditions which amounted to approximately \$17 and \$20 as of September 30, 2001 and 2000. The estimated fair value of these letters of credit were \$0 as of September 30, 2001 and 2000, which is based on fees paid to obtain the obligations.

19. TRANSACTIONS WITH LUCENT

Revenue from products sold to Lucent was \$606, \$1,002 and \$955, in fiscal 2001, 2000 and 1999, respectively. Included in these amounts are revenues of \$65 and \$82 in fiscal 2000 and 1999, respectively, from sales to Avaya, which was the enterprise networks business of Lucent until its spin off from Lucent on September 30, 2000. Sales to Avaya after that date are not considered transactions with Lucent. Products purchased from Lucent were \$22, \$23 and \$1 for fiscal 2001, 2000 and 1999, respectively. In addition, Lucent billed the Company \$23, \$67 and \$49 for fiscal 2001, 2000 and 1999, respectively, for specific research and development projects related to the Company's businesses.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

In connection with the Separation and Distribution, the Company and Lucent entered into a Separation and Distribution Agreement (the "Separation and Distribution Agreement") and related agreements, which are summarized below. This summary is qualified in all respects by the terms of the Separation and Distribution Agreement and the related agreements.

SEPARATION AND DISTRIBUTION AGREEMENT

The Separation and Distribution Agreement governs the transfer by Lucent to the Company of all the assets, liabilities and operations associated with the Company's Businesses.

The Separation and Distribution Agreement, among other things, provides that the Company will indemnify Lucent for all liabilities relating to the Company's Businesses and for all contingent liabilities primarily relating to the Company's Businesses. In addition, the Separation and Distribution Agreement provides that certain contingent liabilities will be shared by Lucent and the Company based on agreed upon percentages.

EMPLOYEE BENEFITS AGREEMENT

The Company and Lucent entered into an Employee Benefits Agreement, pursuant to which the Company will create independent pension and other employee benefit plans that are substantially similar to Lucent's existing pension and other employee benefit plans. This agreement provides that, from the Separation until the Distribution, the Company will be a "Participating Company" in Lucent's employee benefit plans, other than Lucent's employee stock purchase plan (after June 30, 2001), and will bear its allocable share of costs for benefits and administration under these plans. Under the agreement and effective immediately after the Distribution, Lucent will transfer the assets and liabilities of various existing Lucent pension and other employee benefit plans related to Agere employees. Generally, following the Distribution, Lucent will cease to have any liability or obligation to the Company's current employees and their beneficiaries under any of Lucent's benefit plans, programs or practices.

F-34

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

FEDERAL, STATE AND LOCAL TAX ALLOCATION AGREEMENT

The State and Local Income Tax Allocation Agreement and the Federal Tax Allocation Agreement govern the allocation of state, local and federal income taxes for periods prior to and including the date of the IPO, except that the state and local income tax allocation agreement will continue to apply in certain states until Lucent no longer owns at least 50% of the Company's stock.

TAX SHARING AGREEMENT

The Company and Lucent entered into a Tax Sharing Agreement, which governs the Company's and Lucent's respective rights, responsibilities and obligations after the Distribution with respect to taxes for the periods ending on or before the Distribution. Generally, pre-Distribution taxes that are clearly attributable to the business of one party will be borne solely by that party, and other pre-Distribution taxes will be shared by the parties based on a formula set forth in the Tax Sharing Agreement. In addition, the

Edgar Filing: AGERE SYSTEMS INC - Form S-1

Tax Sharing Agreement addresses the allocation of liability for taxes that are incurred as a result of restructuring activities undertaken to implement the Separation. If the Distribution fails to qualify as a tax-free distribution under Section 355 of the Internal Revenue Code because of an acquisition of the Company's stock or assets, or some other actions taken by the Company, then the Company will be solely liable for any resulting corporate taxes.

FIBER, MICROELECTRONICS AND ORINOCO PRODUCT PURCHASE AGREEMENTS

The Company and Lucent entered into a Fiber Product Purchase Agreement, a Microelectronics Product Purchase Agreement and an ORiNOCO Product Purchase Agreement. The pricing terms for the products and services covered by these commercial agreements reflect negotiated prices. Under the Fiber Product Purchase Agreement the Company has an obligation to purchase all of its requirements of specified specialty fiber, fiber apparatus and premises cable products from Lucent.

The Microelectronics Product Purchase Agreement governs purchases of goods and services by Lucent from the Company. Under the agreement, Lucent committed to purchase at least \$2,800 of products from the Company over a three-year period beginning February 1, 2001. In limited circumstances, Lucent's purchase commitment may be reduced or the term may be extended. For the period February 1, 2001 through September 30, 2001, Lucent's purchases under this agreement were \$325. In light of Lucent's purchases to date and adverse market conditions, the Company is discussing with Lucent ways to restructure Lucent's obligations under the agreement.

The ORiNOCO Product Purchase Agreement governs transactions in which the Company furnishes ORiNOCO products to Lucent for resale. The agreement does not grant to Lucent an exclusive right to resell the products, but does grant Lucent a right of first opportunity or refusal for certain specified service provider customers in exchange for a minimum purchase commitment. The pricing in the agreement is based on the Company's list price in effect on the date of the receipt of an order less any applicable discounts.

INTERIM SERVICES AND SYSTEMS REPLICATION AGREEMENT

The Company and Lucent entered into an Interim Service and Systems Replication Agreement to provide each other, on an interim, transitional basis, with various data processing services, telecommunications services and corporate support services, including: accounting, financial management, information systems management, tax, payroll, legal, human resources administration, procurement and other general support. This agreement also provides for the replication and transfer of designated computer systems used for administrative support or used in the Company's Businesses or Lucent's other businesses. The systems include specified hardware, software, data storage or maintenance and support components. Costs and expenses of purchasing hardware or obtaining software are borne by the party purchasing the hardware or licensing the software. The costs associated with this agreement amounted to \$73 for the year ended September 30, 2001.

F-35

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED)
(DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

REAL ESTATE AGREEMENTS

Lucent and the Company entered into various leases and sublease arrangements for the sharing of certain facilities for a transitional period

Edgar Filing: AGERE SYSTEMS INC - Form S-1

on commercial terms. The lease term for space in owned buildings was determined on a case-by-case basis. In the case of subleases or sub-subleases of property, the lease term generally coincides with the remaining term of the primary lease or sublease, respectively.

TRADEMARK LICENSE AGREEMENT, TRADEMARK ASSIGNMENT AND TRADE DRESS ASSIGNMENT

The primary trademarks used in the sale of the Company's products and services were transferred to the Company, except for Lucent's name and logo and the Bell Laboratories name. The Company may use the Lucent name and logo, but not the Bell Laboratories name, on a royalty-free basis, for a transitional period. Lucent and the Company entered into a Trademark License Agreement, Trademark Assignment and Trade Dress Assignment to effectuate the grant or transfer, as applicable, of such rights.

PATENT ASSIGNMENTS

The Company and Lucent executed patent assignments and other agreements related to patents owned or controlled by Lucent. The patent assignments divided ownership of patents, patent applications and foreign counterparts between the Company and Lucent. Lucent transferred to Agere ownership of or exclusive rights in certain patents and patent applications held by Lucent before the Separation that relate principally to the Company's Businesses. Lucent retained ownership of all other patents and patent applications.

TECHNOLOGY ASSIGNMENT AND JOINT OWNERSHIP AGREEMENT

The Company and Lucent executed assignments and other agreements, including the technology assignment, related to technology owned or controlled by Lucent and its subsidiaries. Technology included copyrights, mask works and other intellectual property other than trademarks, trade names, service marks and patent rights. The technology assignment generally divided ownership of technology between the Company and Lucent, with each owning technology that was developed by or for, or purchased for the respective businesses of each company. Certain specified technology is owned jointly by the Company and Lucent.

PATENT AND TECHNOLOGY LICENSE AGREEMENT

The Company and Lucent entered into a Patent and Technology License Agreement related to patents and technology owned or controlled by the Company and Lucent. The Patent and Technology License Agreement provides for cross-licenses to each company. The Company and Lucent granted to each other, under the patents that each company has, a nonexclusive, personal, nontransferable license to make, have made, use, lease, import, offer to sell, and sell any and all products and services of the businesses in which the licensed company, including related companies, is now or hereafter engaged. The cross-licenses also permit each company, subject to limitations, to have third parties make items under the other company's patents, as well as to pass through to customers limited rights under the other company's patents with respect to products and services furnished to customers by the licensed company. Certain patents are licensed exclusively to each party, including the right to grant sublicenses, subject to retention of a right to use those patents by the licensing party. Otherwise, the right to sublicense to unaffiliated third parties was not granted under the cross-licenses, except for limited rights in connection with establishing second source suppliers, performing joint development activities and rights to sublicense a divested business. The cross-licenses between the Company and Lucent cover all of each company's patents, including patents issued on patent applications with a filing date prior to February 1, 2003. The Patent and Technology License Agreement also grants to the Company a joint ownership interest to a limited number of patents and patent applications.

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED)
(DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

DEVELOPMENT PROJECT AGREEMENT

Lucent and the Company entered into a Development Project Agreement under which Bell Laboratories performs certain research and development activities for the Company on a contract basis. The Company also performs research and development activities for Lucent on a contract basis.

JOINT DESIGN CENTER OPERATING AGREEMENT

Lucent and the Company entered into a Joint Design Center Operating Agreement to develop technology for micro electro-mechanical systems, or MEMS.

20. COMMITMENTS AND CONTINGENCIES

In the normal course of business, the Company is involved in proceedings, lawsuits and other claims, including proceedings under laws and government regulations related to environmental, tax and other matters. The semiconductor industry is characterized by substantial litigation concerning patents and other intellectual property rights. From time to time, the Company may be party to various inquiries or claims in connection with these rights. These matters are subject to many uncertainties, and outcomes are not predictable with assurance. Consequently, the ultimate aggregate amount of monetary liability or financial impact with respect to these matters at September 30, 2001 cannot be ascertained. While these matters could affect the operating results of any one quarter when resolved in future periods and while there can be no assurance with respect thereto, management believes that after final disposition, any monetary liability or financial impact to the Company beyond that provided for at September 30, 2001, would not be material to the annual consolidated financial statements.

In December 1997, the Company entered into a joint venture, called SMP, with Chartered Semiconductor, a leading manufacturing foundry for integrated circuits, to operate a 54,000 square foot integrated circuit manufacturing facility in Singapore. The Company owns a 51% equity interest in this joint venture, and Chartered Semiconductor owns the remaining 49% equity interest. The Company has an agreement with SMP under which it has agreed to purchase 51% of the production output from this facility and Chartered Semiconductor agreed to purchase the remaining 49% of the production output. If the Company fails to purchase its required commitments, it will be required to pay SMP for the fixed costs associated with the unpurchased wafers. Chartered Semiconductor is similarly obligated with respect to the wafers allotted to it. The agreement also provides that Chartered Semiconductor will have the right of first refusal to purchase integrated circuits produced in excess of the Company's requirements. The agreement may be terminated by either party upon two years written notice, but may not be terminated prior to February 2008. The agreement may also be terminated for material breach, bankruptcy or insolvency.

In July 2000, the Company and Chartered Semiconductor entered into an agreement committing the Company and Chartered Semiconductor to jointly develop manufacturing technologies for future generations of integrated circuits targeted at high-growth communications markets. The Company has agreed to invest up to \$350 over a five-year period. As part of the joint

Edgar Filing: AGERE SYSTEMS INC - Form S-1

development activities, the two companies will staff a new research and development team at Chartered Semiconductor's Woodlands campus in Singapore. These scientists and engineers will work with Company teams in Murray Hill, New Jersey, and Orlando, Florida, as well as with Chartered Semiconductor's technology development organization, to create a 600-person research and development team. The agreement may be terminated for breach of material terms upon 30 days notice or for convenience upon six months notice prior to the planned successful completion of a development project, in which case the agreement will terminate upon the actual successful completion of that project.

RISKS AND UNCERTAINTIES

The Company has a limited history operating as a stand-alone company, and it may be unable to make the changes necessary to operate as a stand-alone company, or it may incur greater costs as a stand-alone

F-37

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

company. Until early 2001, the Company's businesses were operated by Lucent as a segment of its broader corporate organization rather than as a separate stand-alone company. Lucent assisted the Company by performing various corporate functions, including public relations, employee relations, investor relations, finance, legal and tax functions. Lucent continues to provide some of these functions to the Company on an interim basis pursuant to the Interim Services and Systems Replication Agreement.

As of September 30, 2001, the Company's primary source of liquidity was its cash and cash equivalents. The Company believes this cash, together with cash flow from operations, will be sufficient to meet its cash requirements at least through the end of fiscal 2002, including repayment of borrowings under the credit facility if its maturity is not extended. If the Company's revenues are materially lower than what is contemplated in its outlook, the Company will further reduce expenditures in an effort to meet its cash requirements. The Company also intends to seek additional funds from liquidity generating transactions and capital markets financings, although it cannot provide any assurance that any of these transactions or financings will be available to it on acceptable terms or at all.

LEGAL PROCEEDINGS

From time to time, the Company is involved in legal proceedings arising in the ordinary course of business, including unfair labor charges filed by its unions with the National Labor Relations Board, claims before the U.S. Equal Employment Opportunity Commission and other employee grievances. The Company also may be subject to intellectual property litigation and infringement claims, which could cause it to incur significant expenses or prevent it from selling its products.

On October 3, 2000, a patent infringement lawsuit was filed against Lucent, among other optoelectronic components manufacturers, by Litton Systems, Inc. and The Board of Trustees of the Leland Stanford Junior University in the United States District Court for the Central District of California (Western Division). The Company anticipates that it may be named a defendant in the suit. The complaint alleges that each of the defendants is infringing a patent related to the manufacture of erbium-doped optical amplifiers. The patent is owned by Stanford University and is exclusively

Edgar Filing: AGERE SYSTEMS INC - Form S-1

licensed to Litton. The complaint seeks, among other remedies, unspecified monetary damages, counsel fees and injunctive relief. This matter is in its early stages.

An investigation was commenced on April 4, 2001, by the U.S. International Trade Commission based on a request of Proxim, Inc. alleging patent infringement by 14 companies, including some of the Company's customers for wireless local area networking products. Proxim alleges infringement of three patents related to spread-spectrum coding techniques. Spread-spectrum coding techniques refers to a way of transmitting a signal for wireless communications by spreading the signal over a wide frequency band. The Company believes that it has valid defenses to Proxim's claims and has intervened in the investigation in order to defend its customers. Proxim seeks relief in the form of an exclusion order preventing the importation of specified wireless local area networking products, including some of the Company's products, into the United States. One of the Company's subsidiaries, Agere Systems Guardian Corp., filed a lawsuit on May 23, 2001, in the U.S. District Court in Delaware against Proxim alleging infringement of three patents used in Proxim's wireless local area networking products.

If the Company is unsuccessful in resolving these proceedings, as they relate to the Company, its operations may be disrupted or it may incur additional costs. Other than as described above, the Company does not believe there is any litigation pending that should have, individually or in the aggregate, a material adverse effect on its financial position, results of operations or cash flows.

ENVIRONMENTAL, HEALTH AND SAFETY

The Company is subject to a wide range of U.S. and non-U.S. governmental requirements relating to employee safety and health and to the handling and emission into the environment of various substances used in its operations. The Company also is subject to environmental laws, including the Comprehensive

F-38

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED) (DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

Environmental Response, Compensation and Liability Act, also known as Superfund, that require the cleanup of soil and groundwater contamination at sites currently or formerly owned or operated by the Company, or at sites where the Company may have sent waste for disposal. These laws often require parties to fund remedial action at sites regardless of fault. Lucent is a potentially responsible party at numerous Superfund sites and sites otherwise requiring cleanup action. With some limited exceptions, under the Separation and Distribution Agreement with Lucent, the Company has assumed all environmental liabilities resulting from the Company's Businesses, which include liabilities for the costs associated with eight of these sites -- five Superfund sites, two of the Company's former facilities and one of the Company's current manufacturing facilities.

It is often difficult to estimate the future impact of environmental matters, including potential liabilities. The Company has established financial reserves to cover environmental liabilities where they are probable and reasonably estimable. This practice is followed whether the claims are asserted or unasserted. Management expects that the amounts reserved will be paid out over the period of remediation for the applicable site, which typically ranges from five to thirty years. Reserves for estimated losses from environmental remediation are, depending upon the site, based primarily upon

Edgar Filing: AGERE SYSTEMS INC - Form S-1

internal or third party environmental studies, estimates as to the number, participation level and financial viability of all potentially responsible parties, the extent of the contamination and the nature of required remedial actions. Accruals will be adjusted as further information develops or circumstances change. The amounts provided for in the consolidated and combined financial statements for environmental reserves are the gross undiscounted amount of such reserves, without deductions for insurance or third party indemnity claims. Although the Company believes that its reserves are adequate, including those covering the Company's potential liabilities at Superfund sites, there can be no assurance that expenditures which will be required relating to remedial actions and compliance with applicable environmental laws will not exceed the amounts reflected in these reserves or will not have a material adverse effect on the Company's financial condition, results of operations or cash flows.

LEASES

The Company leases land, buildings and equipment under agreements that expire in various years through 2006. Rental expense under operating leases was \$133, \$97 and \$58 for the fiscal years ended September 30, 2001, 2000 and 1999, respectively. The table below shows the future minimum lease payments due under non-cancelable leases at September 30, 2001. Such payments total \$331 for operating leases. The net present value of such payments on the capital lease obligation was \$49 after deducting imputed interest of \$6.

22. SUBSEQUENT EVENTS (UNAUDITED)

AMENDMENT OF CREDIT FACILITY

On October 4, 2001, the Company and its lenders amended its credit facility. In connection with the amendment, the Company repaid \$1,000 of the \$2,500 then outstanding, reducing the facility to \$1,500. The facility is comprised of term loans and revolving credit loans and is secured by the Company's principal domestic assets other than the proceeds of the IPO and while Lucent remains a majority stockholder, real estate. The maturity date of the facility has been extended from February 22, 2002 to September 30, 2002. In addition, if the Company raises at least \$500 in equity or debt capital markets transactions before September 30, 2002, the maturity date of the facility will be extended to September 30, 2004, with the facility required to be reduced to \$750 on September 30, 2002 and \$500 on September 30, 2003. The debt is not convertible into any other securities of the Company.

The interest rates applicable to borrowings under the facility are based on a scale indexed to the Company's credit rating. Based upon ratings of BB- from Standard & Poor's and Ba3 from Moody's, the interest rate under the facility is currently the applicable LIBOR rate plus 475 basis points. In addition, until

F-40

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS -- (CONTINUED)
(DOLLARS IN MILLIONS EXCEPT PER SHARE AMOUNTS)

the Company permanently reduces the size of the facility to \$1,000, the applicable interest rate will increase by an additional 25 basis points every ninety days, with the next increase taking effect on February 17, 2002. If the Company permanently reduces the size of the facility to \$1,000, the interest rate for borrowings under the facility, assuming the Company's credit ratings remain the same, would drop to the applicable LIBOR rate plus 400 basis points. The only periodic debt service obligation under the amended credit

Edgar Filing: AGERE SYSTEMS INC - Form S-1

facility is to make quarterly interest payments.

Under the agreement, Agere must use proceeds of certain liquidity raising transactions, asset sales outside the ordinary course of business and capital markets transactions to reduce the size of the facility. If Agere completes the liquidity raising transactions or sells assets outside the ordinary course of business, it must apply 100% (50% if the size of the facility is \$500 or less) of the net cash proceeds it receives from the transaction to reduce the size of the facility. The agreement also provides that 50% of the net cash proceeds of the first \$500 and 75% (50% if the size of the facility is \$500 or less) of the net cash proceeds greater than \$500 from equity and debt capital markets transactions be applied to reduce the credit facility. Notwithstanding the foregoing, the Company must apply 100% of net cash proceeds over \$1,000 from the issuance of debt securities that are secured equally with the credit facility to reduce the size of the credit facility.

The financial covenants in the original agreement have been replaced with new covenants. The new covenants require Agere (1) to maintain a minimum level of liquidity, (2) to achieve a minimum level of earnings before interest, taxes, depreciation and amortization computed in accordance with the agreement each quarter, (3) to maintain a minimum level of net worth and (4) to limit its capital expenditures. Other covenants restrict the Company's ability to pay cash dividends, incur indebtedness and invest cash in its subsidiaries and other businesses.

BUSINESS RESTRUCTURING

On December 5, 2001, the Company announced its intention to further reduce its workforce by approximately 950 employees. The workforce reduction was undertaken to align the Company's business with current market conditions. The positions affected are primarily management positions within the Company's product groups, sales organizations and corporate support functions located in New Jersey and Pennsylvania. The Company expects to complete the workforce reduction and recognize a related charge by the end of fiscal 2002.

SALE OF FPGA BUSINESS

On December 7, 2001, the Company entered into an agreement to sell certain assets and liabilities related to the field-programmable gate array ("FPGA") business of the Integrated Circuits segment to Lattice Semiconductor Corporation ("Lattice") for \$250 in cash. The Company's FPGA business consists of its general-purpose ORCA(TM) FPGA product portfolio, field-programmable system chip product portfolio and related software design tools. As part of the sale, approximately 100 employees will transfer to Lattice. The sale is expected to close in the second quarter of fiscal 2002, subject to regulatory approval and other customary closing conditions.

Item 14. Indemnification of Directors and Officers.

Section 145 of the General Corporation Law of the State of Delaware provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses including attorneys' fees, judgments, fines and amounts paid in settlement in connection with various actions, suits or proceedings, whether civil, criminal, administrative or investigative other than an action by or in the right of the corporation, a derivative action if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, if they had no reasonable cause to believe their conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification only extends to expenses including attorneys' fees incurred in connection with the defense or settlement of such actions, and the statute requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation. The statute provides that it is not exclusive of other indemnification that may be granted by a corporation's by-laws, disinterested director vote, stockholder vote, agreement or otherwise.

Our certificate of incorporation provides that each person who was or is made a party or is threatened to be made a party to or is involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person, or a person of whom such person is the legal representative, is or was a director or officer of us or is or was serving at our request as a

Edgar Filing: AGERE SYSTEMS INC - Form S-1

director, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, whether the basis of such proceeding is the alleged action of such person in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, will be indemnified and held harmless by us to the fullest extent authorized by the General Corporation Law of the State of Delaware, as the same exists or may hereafter be amended against all expense, liability and loss reasonably incurred or suffered by such person in connection therewith. Our certificate of incorporation also provides that we will pay the expenses incurred in defending any such proceeding in advance of its final disposition, subject to the provisions of the General Corporation Law of the State of Delaware. Such rights are not exclusive of any other right which any person may have or thereafter acquire under any statute, provision of the certificate, by-law, agreement, vote of stockholders or disinterested directors or otherwise. No repeal or modification of such provision will in any way diminish or adversely affect the rights of any director, officer, employee or agent of us thereunder in respect of any occurrence or matter arising prior to any such repeal or modification. Our certificate of incorporation also specifically authorizes us to maintain insurance and to grant similar indemnification rights to our employees or agents.

The General Corporation Law of the State of Delaware permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or

II-1

its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability for:

- o any breach of the director's duty of loyalty to the corporation or its stockholders;
- o acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- o payments of unlawful dividends or unlawful stock repurchases or redemptions; or
- o any transaction from which the director derived an improper personal benefit.

Our certificate of incorporation provides that none of our directors will be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except, if required by the General Corporation Law of the State of Delaware as amended from time to time, for liability:

- o for any breach of the director's duty of loyalty to us or our stockholders;
- o for acts or omissions not in good faith or which involve

Edgar Filing: AGERE SYSTEMS INC - Form S-1

intentional misconduct or a knowing violation of law;

- o under Section 174 of the General Corporation Law of the State of Delaware, which concerns unlawful payments of dividends, stock purchases or redemptions; or
- o for any transaction from which the director derived an improper personal benefit. Neither the amendment nor repeal of such provision will eliminate or reduce the effect of such provision in respect of any matter occurring, or any cause of action, suit or claim that, but for such provision, would accrue or arise prior to such amendment or repeal.

The Separation and Distribution Agreement by and between us and Lucent dated as of February 1, 2001, provides for indemnification by us of Lucent and its directors, officers and employees for some liabilities, including liabilities under the Securities Act.

Item 15. Recent Sales of Unregistered Securities.

We were incorporated under the laws of the State of Delaware under the name Lucent ME Corp. on August 1, 2000 and changed our name to Agere Systems Inc. on December 5, 2000. We issued 1,000 shares of our common stock, par value \$0.01 per share, to Lucent in consideration of a capital contribution of \$10.00 by Lucent. That issuance was exempt from registration under the Securities Act of 1933, as amended, pursuant to Section 4(2) thereof because such issuance did not involve any public offering of securities.

Schedule II--Valuation and Qualification Accounts and Reserves

Item 17. Undertakings.

(a) The undersigned Registrant hereby undertakes to provide to the underwriter at the closing specified in the underwriting agreement, certificates in such denominations and registered in such names as required by the underwriter to permit prompt delivery to each purchaser.

(b) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate

Edgar Filing: AGERE SYSTEMS INC - Form S-1

jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(c) The undersigned Registrant hereby undertakes that:

(1) For purpose of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

CONFIDENTIAL SETTLEMENT AGREEMENT AND GENERAL RELEASE

THIS CONFIDENTIAL SETTLEMENT AGREEMENT AND GENERAL RELEASE (the "AGREEMENT") is entered into as of November 14, 2001 (the "EFFECTIVE DATE"), by and between Agere Systems Inc., a Delaware corporation (together with its predecessors, including Lucent Technologies Inc., and its successors and assigns, the "COMPANY" or "AGERE"), and Daniel A. DiLeo (the "EMPLOYEE").

W I T N E S S E T H:

WHEREAS, the Employee is currently employed by the Company;

WHEREAS, the Employee and the Company have decided (a) that beginning on April 1, 2002 the Employee will be placed on a paid leave of absence for 24 months as set forth in Section 1 below and (b) to terminate their employment relationship effective after such leave of absence;

WHEREAS, the Employee and the Company (the "PARTIES") have negotiated and agreed to a final confidential settlement of their respective rights, obligations and liabilities; and

Edgar Filing: AGERE SYSTEMS INC - Form S-1

WHEREAS, the Parties have agreed that the Company's Officer Severance Policy attached hereto as Exhibit A (the "OFFICER SEVERANCE POLICY") shall be applicable to the Employee.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Employee and the Company hereby agree as follows:

1. Employment; Leave of Absence and Payments. (a) Subject to the terms and conditions of this Agreement and in exchange for the Employee executing this Agreement on the Effective Date,

(i) From the date hereof until March 31, 2002, the Employee will continue his employment with the Company subject to all applicable Company rules and regulations governing employment;

(ii) From April 1, 2002 until April 1, 2004, the Company agrees to place the Employee on a leave of absence at the conclusion of which time the Employee will terminate from the Company's payroll; and

(iii) While on leave of absence, the Company shall pay the Employee a leave of absence payment based on the Employee's base salary (which commencing on April 1, 2002 shall be an amount equal to the Employee's monthly base salary as of September 30, 2001 plus a monthly amount of \$16,041.67) and target bonus as of September 30, 2001 (not taking into account the April 1, 2002 increase in base salary) (the "PAYMENTS") in accordance with the provisions set forth in the Officer Severance Policy. The Payments shall commence on the following regularly scheduled pay cycle after the commencement of the leave of absence.

(b) The Employee acknowledges and agrees that the Payments (i) represent the gross amount before all applicable federal, state and local withholding taxes that are required to, and will, be deducted by the Company, and (ii) except as set forth in Sections 2, 3 and 4 below, are in consideration of all amounts owed by the Company to the Employee, including without limitation any amounts that may be due to the Employee under any Company benefit or welfare plan or policies. The Employee will not accrue any vacation days while on leave of absence. Payment for accrued and

unused vacation (including prior year carry over of up to 25 days) and personal days will be paid concurrent with the first LOA Payment hereunder.

(c) In the event of the death of the Employee while on leave of absence, then all of the remaining unpaid amounts of any cash Payments not yet paid will be paid, in a lump sum, to the Employee's estate. Any unvested stock options and restricted stock units that would have otherwise vested during the remaining term of the leave of absence will vest immediately upon the death of the Employee and become exercisable by the Employee's estate. Company provided medical coverage will end upon the death of the Employee at which time any dependents covered at that time can continue coverage under the Consolidated Omnibus Budget Reconciliation Act (Cobra) of 1986.

2. Equity. All of the Employees vested and unvested stock options and restricted stock units will be treated as set forth in the Officer Severance Policy. Except for the vesting provisions set forth in the Officer Severance Policy, nothing herein shall be deemed to supercede or replace any provision of any applicable plan or agreement pursuant to which any stock option was granted to the Employee.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

3. Health and Welfare Benefits; Retirement Benefits. The Employee's health and welfare benefits will be treated as set forth in the Officer Severance Policy. Except for the continuation of coverage set forth in the Officer Severance Policy, nothing herein shall be deemed to supercede or replace any provision of any health or welfare plan applicable to the Employee. The Employee's retirement benefits will be treated as set forth in the Officer Severance Policy. Except as set forth in the Officer Severance Policy, nothing herein shall be deemed to supercede or replace any provision of any retirement plan applicable to the Employee.

4. Home Office. The Company shall provide the Employee with a one-time allowance in an amount of up to \$10,000 to furnish and equip a home office. Any furnishings or equipment shall be purchased by the Employee who shall submit any expenses to the Company for reimbursement.

5. Non-Solicitation; Non-Compete and Cooperation.

(a) Until April 1, 2004, the Employee shall not, without the prior written consent of the Company's Chief Executive Officer, (i) directly or indirectly solicit or employ (or encourage any company or business organization in which he is an officer, employee, partner, director, consultant or member of a technical advisory board to solicit or employ) or (ii) refer to any employee search firms, any person who was employed by the Company on the Effective Date.

(b) Until April 1, 2004, the Employee shall not, without the prior written consent of the Company's Chief Executive Officer, at any time or for any reason, anywhere in the world, directly or indirectly (i) engage in any business or activity, whether as an employee, consultant, partner, principal, agent, representative, stockholder (except as a holder of less than 5% of the combined voting power of the outstanding stock of a publicly held company) or in any other individual, corporate or representative capacity, or render any services or provide any advice to any entity listed on Exhibit B or their affiliates, or (ii) meaningfully assist, help or otherwise support any person, business, corporation, partnership or other entity or activity, whether as an employee, consultant, partner, principal, agent, representative, stockholder (other than in the capacity as a stockholder of less than 5% of the combined voting power of the outstanding shares of stock of a publicly held company) or in any other individual, corporate or representative capacity, to create, commence or otherwise initiate, or to develop, enhance or otherwise further, any business or activity of any entity listed on Exhibit B or their affiliates.

(c) If at any time the Employee violates the provisions of Sections 5(a) in any material manner or the provisions of Section 5(b) above, any amounts remaining unpaid under the terms of this Agreement as well as any benefits provided for in the Agreement (other than those from qualified retirement or welfare plans) and any continuing vesting of stock options or restricted stock units, if any, shall immediately be forfeited and terminated, and any amounts already paid by the Company to the Employee in accordance herewith, except for the sum of One Thousand Dollars (\$1,000) shall, at the sole discretion of the Company, be required to be repaid by the Employee to the Company within ten business days of the Company's request in writing therefore. This provision shall not affect the Company's right to otherwise specifically enforce any provision relating to non-solicitation or non-competition that is in this Agreement or in any other agreement, document or plan applicable to the Employee.

Edgar Filing: AGERE SYSTEMS INC - Form S-1

(d) Until April 1, 2004, the Employee hereby agrees that, from time to time upon the reasonable request of the Company, the Employee shall assist the Company in connection with any pending or future dispute, litigation, arbitration or similar proceeding or investigation or any regulatory requests or filings involving the Company, any of its employees or directors or the employees and directors of any subsidiary.

6. Publicity and Non-Disparagement.

(a) The Employee agrees that this Agreement and its terms are confidential, and he shall neither discuss the terms of this Agreement with, nor disclose this Agreement to, any person or organization, except as required by law or lawful court order. Notwithstanding the foregoing, the Employee may in any event discuss this Agreement with, and disclose all or any portion of this Agreement to, his spouse, and his legal and financial advisors. The Employee agrees to advise these individuals of the confidential nature of this Agreement and the facts giving rise to it as well as their obligation to maintain the confidentiality of this Agreement or the facts giving rise to it. If disclosure of this Agreement is requested or required (by oral question, interrogatory, request for information or documents, subpoena, civil investigative demand or similar process), the Employee will promptly notify the Company of such request or requirement and will cooperate with the Company such that the Company may seek an appropriate protective order or other appropriate remedy. Employee affirms that as of the Effective Date, he has not disclosed the nature or terms of this Agreement except as otherwise permitted hereby.

(b) The Employee agrees that he shall not (i) testify or otherwise provide testimony in any form at or for any legal or administrative proceeding, including testimony related to any matter involving the Company, unless legally compelled to do so or (ii) make statements to third parties, the public, the press or the media or any administrative agency, in either case that would portray the Company in an adverse light or disparage the Company, or cause material injury to the Company with respect to events occurring prior to or after the Effective Date.

7. Confidentiality. Employee hereby agrees and covenants, that:

(a) he shall not divulge to any person or entity other than the Company, without express written authorization of the Company's Chief Executive Officer, any proprietary or confidential information, whether written or oral, received or gained by him in the course of his employment by the Company or of his duties with the Company ("Confidential Information"), nor shall he make use of any such Confidential Information on his own behalf or on behalf of any other person or entity, for so long as such Confidential Information is not known to the general public; and

(b) he shall return or cause to be returned to the Company's Chief Executive Officer any and all property of the Company of any kind or description whatsoever, including, but not limited to, any Confidential Information, which has been furnished to him or is held by him, at his residence or elsewhere, and shall not retain any copies, duplicates, reproductions or excerpts thereof.

8. Release. In consideration of the Company's entering into this Agreement and the payments and benefits set forth herein, the Employee, on behalf of himself and his heirs, executors, administrators, successors and assigns, knowingly and voluntarily waives, releases and forever discharges the Company,

Edgar Filing: AGERE SYSTEMS INC - Form S-1

each of its subsidiaries or affiliated companies, their respective current and former officers, employees, agents and directors, and any successor or assign of any of the foregoing, from any claim, charge, action or cause of action any of them may have against any such released person, whether known or unknown, from the beginning of time through the date of this Agreement based upon any matter, cause or thing whatsoever related to or arising out of his employment by the Company or his termination other than claims arising out of a breach of this Agreement or any claim that cannot be waived by law. All such claims are forever barred by this Agreement.

This release and waiver includes, but is not limited to, any rights or claims under United States federal, state or local law, for wrongful or abusive discharge, for breach of any contract, or for discrimination based upon race, color, ethnicity, sex, age, national origin, religion, disability, sexual orientation, or any unlawful criterion or circumstance, including, but not limited to, rights or claims under the Family and Medical Leave Act, claims of discrimination under the Employee Retirement Income Security Act, the Equal Pay Act, the Occupational Safety and Health Act, the Workforce Adjustment Retraining Notification Act, Title VII of the Civil Rights Act of 1964, the Americans with Disabilities Act, Section 1981 through 1988 of the Civil Rights Act of 1866, the Civil Rights Act of 1991, the Age Discrimination in Employment Act, the Older Workers Benefit Protection Act, the Rehabilitation Act of 1973, Executive Order 11246 and any other executive order, the Fair Labor Standards Act and its state and local counterparts, the Uniform Services Employment and Reemployment Rights Act, and the Immigration Reform Control Act, all as amended. The Employee confirms that he has no claim or basis for a claim whatsoever against the Company with respect to any such matters related to or arising out of his employment by the Company or his termination.

The Employee affirms that he has been given at least 21 days within which to consider this release and its consequences, that he has seven days following his signing of this Agreement (the seventh day being the "Expiration Date") to revoke and cancel the terms and conditions contained herein and the terms and conditions of this Agreement shall not become effective or enforceable until the seven-day revocation and cancellation period has expired, and that, prior to the execution of this Agreement, he has been advised by the Company to consult with an attorney of his choice concerning the terms and conditions set forth herein. Any revocation or cancellation of this Agreement by the Employee pursuant to this paragraph shall be in writing delivered to the Company.

In consideration for the Payments, the Employee agrees to execute another release on March 31, 2002 in the form set forth in this Section 8.

9. Entire Agreement. This Agreement contains the entire agreement between the Parties concerning the subject matter hereof and supersedes all prior agreements, understandings, discussions, negotiations, and undertakings, whether written or oral, between the Parties with respect thereto. This Agreement may not be modified or amended except by a writing signed by both Parties.

10. No Admission. This Agreement is entered into in compromise of disputed claims. The parties acknowledge and agree that this Agreement does not constitute and should not be construed in any way as an admission by any other party of (a) any wrongdoing or liability whatsoever, (b) any

violation of the Employee's rights or those of any other person, or (c) any violation of any order, law, statute, duty or contract. The Company specifically disclaims any liability for any alleged wrongdoing or liability, for any alleged

Edgar Filing: AGERE SYSTEMS INC - Form S-1

violation of my rights or those of any other person, or for any alleged violation of any order, law, statute, duty or contract.

11. Severability. In the event that any provision or portion of this Agreement shall be determined to be invalid or unenforceable for any reason, the remaining provisions or portions of this Agreement shall be unaffected thereby and shall remain in full force and effect to the fullest extent permitted by law.

12. Survival; Termination. The respective rights and obligations of the Parties hereunder shall survive any termination of this Agreement to the extent necessary for the intended preservation of such rights and obligations. This Agreement may be terminated by the Company if the Employee breaches any provision hereof. In addition, the termination provisions set forth in the Officer Severance Policy shall apply.

13. Interpretation; Governing Law. This Agreement shall be interpreted in accordance with the plain meaning of its terms and not strictly for or against any person or entity. To the extent that federal law controls the interpretation or enforceability of any provision of this Agreement, this Agreement shall be construed and enforced in accordance with federal law. Otherwise, this Agreement shall be governed by and construed and interpreted in accordance with the laws of the State of Pennsylvania without reference to the principles of conflicts of law.

14. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original but all of which together shall constitute one and the same instrument. Signatures delivered by facsimile shall be effective for all purposes.

BY SIGNING AND DELIVERING THIS AGREEMENT, THE EMPLOYEE STATES:

(A) HE HAS READ IT AND UNDERSTANDS IT AND HAS AT LEAST 21 DAYS TO CONSIDER IT AND A PERIOD OF SEVEN DAYS AFTER EXECUTING IT TO REVOKE IT;

(B) HE AGREES WITH IT AND IS AWARE THAT HE IS GIVING UP IMPORTANT RIGHTS, INCLUDING RIGHTS PROVIDED BY THE OLDER WORKERS BENEFIT PROTECTION ACT, FOR CONSIDERATION TO WHICH HE WAS NOT ALREADY OTHERWISE ENTITLED;

(C) HE WAS ADVISED TO, AND IS AWARE OF HIS RIGHT TO CONSULT WITH AN ATTORNEY BEFORE SIGNING IT; AND

(D) HE HAS SIGNED IT KNOWINGLY AND VOLUNTARILY.

Exhibit 10.26

Agere Retention Program

- Rationale
- o To retain senior managers whose contributions to Agere's business are believed to be critical to the company's success, and
 - o To retain critical senior managers who are at risk of leaving the company if the spin-off of the company from Lucent Technologies is delayed or abandoned.
- Eligibility
- o Executive Committee members, Executives and selected other employees of Agere deemed critical to Agere are eligible to participate in the Program.
 - o Executive Committee members will be selected for participation and assigned to a payment tier by the Corporate Governance and Compensation Committee of Agere's Board of Directors (the "Compensation Committee").
 - o Employees below Executive Committee level will be selected for participation and assigned to a payment tier by Agere's Chief Executive Officer (the "CEO").
- Summary of Benefits
- o A participant selected to participate in the Program will be eligible for a payment if he or she remains employed by Agere during the period beginning on December 1, 2001 and ending on a "Payment Date."
 - o Payment Dates: April 1, 2003 and October 1, 2003.
 - o Fifty percent of the total payment shown below for each participant will be paid on each Payment Date if (i) the participant is an employee of Agere on such date and (ii) if the Spin-Off has not occurred prior to such date.
 - o Payments will not be benefits bearing.
- Payment Tiers
- o Payment amounts will be determined in accordance with the participant's payment tier and base salary plus annual incentive payment at target ("Pay") as in effect on October 1, 2001:
- | Payment Tier | Payment |
|--------------|-----------|
| Tier 1 | 5.0 X Pay |
| Tier 2 | 4.0 X Pay |
| Tier 3 | 3.0 X Pay |
| Tier 4 | 1.5 X Pay |
- o Payments will be made in cash on or about the Payment Date, less any applicable withholding.
- Certain Terminations
- o If the employment of a participant is terminated before a Payment Date
 - o by Agere without Cause,
 - o by reason of the participant's death or disability,

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- or
 - o by the participant within three months of an event constituting Good Reason, and, in each case, if a Spin-Off of Agere has not occurred by such Payment Date, the participant will be entitled to a pro rata payment based on the length of his or her service from December 1, 2001 to the date of termination. If the participant terminates his or her employment for any reason other than Good Reason before a Payment Date, the participant will not be entitled to any payment.
 - o Notwithstanding the foregoing, if, following a Change in Control, (a) the Spin-Off has not occurred and (b) the employment of a participant is terminated by Agere without Cause or by the participant within three months of an event constituting Good Reason, then the participant shall be entitled all unpaid payments, which amounts shall be paid within 30 days of the date of termination.
 - o If the employment of a participant is terminated by Agere for Cause (or if Cause exists) at any time before payments are made under the Program, the participant will not be entitled to any such payments.
- Impact on Retirement Benefits
 - Pension Plans
 - o Payments under the Program will not count toward service pensions or towards the cash balance plan.
 - 401(k)
 - o Payroll deduction elections will not apply to payments under the Program.
- Impact on Other Awards
 - o Participation in the Program will not have any impact on any pre-existing bonus awards, grants of restricted stock or stock options, or other compensation-related agreements.
- Administration
 - o The Compensation Committee will administer the Program as it applies to participants who are Executive Committee members.
 - o The CEO will administer the Program as it applies to participants who are below Executive Committee level.
 - o The Compensation Committee and the CEO, as applicable, will have the authority to interpret and construe the Program and to make all determinations with respect to participants.
- Change in Control
 - The Program will remain in effect upon and after a Change in Control (as defined below).
- Definitions
 - For purposes of the Program:
 - o "Cause" means any:
 - o violation of Agere's code of conduct;
 - o conviction of (or plea of guilty or nolo contendere to) a felony or any crime of theft, dishonesty or

Edgar Filing: AGERE SYSTEMS INC - Form S-1

- o moral turpitude; or
 - o gross omission or gross dereliction of any statutory or common law duty of loyalty to Agere.
- o "Change in Control" means:
 - o any Change in Control as defined in the 2001 Long Term Incentive Plan or its successor plan as in effect immediately before the Change in Control; or
 - o prior to the Spin-Off of Agere by Lucent, any Change in Control as defined in the Lucent Technologies Inc. 1996 Long Term Incentive Plan.
- o "Good Reason" means any:
 - o assignment to a participant by the Board of Directors or another representative of Agere of duties which represent a material decrease in responsibility and are materially inconsistent with the duties associated with the participant's position, any reduction in the participant's job title, or a material negative change in the level of Officer to whom the participant reports; or
 - o a material negative change in the terms and conditions of a participant's employment, including a reduction by Agere of the participant's annual base salary or a material decrease in the participant's target opportunity for a Short Term Incentive Award.
- o "Spin-Off" means (a) a tax-free distribution by Lucent to its stockholders of all Agere stock held by Lucent on December 1, 2001, or (b) an exchange offer by Lucent in which holders of Lucent's common stock would be invited to tender those shares to Lucent in exchange for all Agere stock held by Lucent on December 1, 2001.

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS, Agere Systems Inc., a Delaware corporation (the "Company"), proposes to file with the Securities and Exchange Commission, under the provisions of the Securities Act of 1933, as amended, a registration statement or registration statements on Form S-1 or other appropriate form, with respect to the issuance of investment units consisting of (a) senior, senior subordinated and/or subordinated notes and (b) put rights in respect of common stock of the Company; and

WHEREAS, the undersigned is a director and/or officer of the Company, as indicated below his or her signature:

NOW, THEREFORE, the undersigned hereby constitutes and appoints Mark. T. Greenquist as attorney for and in the name, place and stead of the undersigned, and in the capacity of the undersigned as a director and/or officer of the Company, to execute and file any such registration statement with respect to the above-described investment units and thereafter to execute and file any amended registration statement or statements with respect thereto or amendments or

Edgar Filing: AGERE SYSTEMS INC - Form S-1

supplements to any of the foregoing, hereby giving and granting to said attorney, full power and authority to do and perform each and every act and thing whatsoever requisite and necessary to be done in and about the premises, as fully, to all intents and purposes, as the undersigned might or could do if personally present at the doing thereof, hereby ratifying and confirming all that said attorney may or shall lawfully do, or cause to be done, by virtue hereof.

IN WITNESS WHEREOF, the undersigned have executed this Power of Attorney this 15th day of January, 2002.

SECRETARY'S CERTIFICATE

The undersigned, Jean F. Rankin, does hereby certify that she is the Secretary of Agere Systems Inc., a Delaware corporation (the "Company"), and in her capacity as Secretary of the Company, does hereby certify, on behalf of the Company, that:

1. Attached hereto as Exhibit A is a true and complete copy of the resolution authorizing the officers of the Company to execute a power of attorney for purposes of the execution and filing of, among other things, a registration statement and amendments thereto under the Securities Act of 1933 for the registration of investment units consisting of senior subordinated notes and put rights, duly adopted by the board of directors of the Company on January 15, 2002; such resolution has not been amended, rescinded, annulled, revoked or modified since its adoption and remains in full force and effect as of the date hereof.

WITNESS my hand this 18th day of January 2002.

Edgar Filing: AGERE SYSTEMS INC - Form S-1
