Item 3.02 Unregistered Sales of Equity Securities

On April 4, 2016, Teleflex Incorporated (the “Company”) completed its previously reported exchange of \$219.2 million aggregate principal amount of the Company’s 3.875% convertible senior subordinated notes due 2017 (the “Notes”) for cash and shares of the Company’s common stock pursuant to the terms of separate, privately negotiated agreements with certain holders (the “Holders”) of the Notes (the “Exchange Agreements”). Pursuant to the terms of the Exchange Agreements, the Company paid aggregate cash consideration of approximately \$220.7 million (which amount includes approximately \$1.5 million in accrued and unpaid interest) and issued and delivered approximately 2.17 million shares of the Company’s common stock to the Holders.

Following the exchanges, and after giving effect to the conversion notices the Company has received to date with respect to approximately \$44.7 million in aggregate principal amount of the Notes, approximately \$136.2 million aggregate principal amount of the Notes remain outstanding.

The issuance of the shares of the Company’s common stock to the Holders pursuant to the Exchange Agreements was made pursuant to the exemption from the registration requirements of the Securities Act of 1933, as amended, provided by Section 3(a)(9) thereof.

As previously reported, in connection with entering into the Exchange Agreements, the Company entered into agreements with dealers party to certain convertible note hedge transactions related to the Notes, in order to unwind a corresponding portion of such convertible note hedge transactions. The Company also entered into agreements with such dealer counterparties to unwind certain warrant transactions. On a net basis after giving effect to the agreements to unwind the convertible note hedge transactions and the agreements to unwind the warrant transactions, the Company received approximately 0.29 million shares of its common stock from such dealer counterparties.
